

Chapter 16 So what if we broke up

Lavinia instinctively felt someone staring at her behind her,so she hung up quickly.

But when she found out,Chris was already standing in front of her.

"That's not the ring I rang you.It's the man who rang you last time?Evans?"

When Lavinia heard the word Evans pop out of Chris's mouth,she started to get nervous.

"Well,but we have already broken up.So you don't have to worry about that."

Lavinia was calm.She didn't do anything sorry for Evans before breaking up,and she didn't get involved with Evans during her relationship with Chris.

Unfortunately,Lavinia ignored Chris's possessiveness and jealousy as a man.

"So what if you break up?Why do you want to fall in love with such a man?Lavinia,I think you have something wrong with your eyes and brain."

Chris unexpectedly did not attack Lavinia,nor did he punish her in a humiliating way.Instead,he watched Lavinia frightened like a rabbit,not to mention how exciting it was.

"What about you?If you have no problems with your brain and eyes,how can you fall in love with me?"

Lavinia eloquently provoked Chris,and Chris

smiled, "Yes, so we were meant to be together."

Were they meant to be together? Lavinia laughed at herself.

"You are kidding me. I am only your mistress for a short time. So how can I be a perfect match for you?"

She had self-knowledge. She got together with Chris just because of money. Chris might get tired of Lavinia one day. Their relationship would come to an end one day. Later, Chris should also find his happiness.

Lavinia had no extravagant hopes in her life except to live a stable life.

She thought that her practical obedience could get high marks in Chris's heart and make Chris feel that she was not as clingy as other women.

When she took a glance at Chris again, Chris was furious.

"Yes, you are only my mistress. What qualifications do you have to pursue your love? Lavinia, I tell you, as long as I live, you will always be my mistress, and you will never have an affair with another man in your life."

After saying that, Chris slammed the door and left.

Lavinia was stunned. She didn't know why Chris became so angry with her.

When Chris went out, he suddenly remembered that this was his home. So why did he leave instead of her?

Chris didn't know where to go. He had to go back to the company first.

The employees in the company were afraid to breathe, including those executives who had a meeting with Chris.

Executives were carefully giving speeches to Chris for fear that they would lose their jobs if they said the wrong word.

At this time, they were also thinking in their hearts. When Manager Chris held high-level meetings before, he let the secretary give at least half a day's notice in advance.

One of the executives was directly transferred to a remote place to do projects because he came late.

Well, the unprecedented sense of crisis directly hung over the heads of people in the whole company.

"That's how Rayson's case was settled? People now want to take the land as real estate and contact their superiors through our channels. What did you do? Except for making money during the work, have you never thought about developing new projects? I pay you not to help outsiders earn money. Did you ever think of our company's interests?"

"Besides, several projects previously proposed by the branch are profitable. So why were they all in a loss state in the end? Did you think that I couldn't find those things out?"

Those executives began to scold secretly.

There must be someone who offended their boss so

that Chris couldn't do anything but scolded them. As long as Chris mentioned the problems, the company must follow up and deal with those problems.

But how could they fill the deficit after they spent the whole money?

After the meeting, Chris Konev felt a little comfortable after catching people scolding him.

"Jonny, call Jack and fire Lavinia immediately."

As an assistant to the president, Jonny was powerful.

Of course, Jonny knew who Lavinia was. Wasn't that Jack's gift to Chris?

Manager Chris liked her very much before. So what's wrong with them?

Jonny soon found a secret corner, with his back to the window, staring closely at the door, and found no one around, so he dialed Jack.

"Who is it? I'm busy. Jack's unique rugged voice sounded in the hotel room, and through the receiver, Jonny could hear the charming gasps of the woman beside Jack.

Jack was so indecent. Even now, Jack was still having sex with a woman?

Jonny sighed and then said faintly, "Manager Jack, this is Jonny. Manager Chris has a few words to mention you."

Jonny's non-emotional notice refreshed Jack, and his intuition told him that Jonny's words must not be that

simple.

"It turned out to be Jonny.I'm sorry."

To please Chris,Jack sent Lanivia to Chris.But wasn't Chris satisfied after that?Maybe there was something wrong with Lavinia?

Before Jonny spoke,Jack had already known what was going on.

"Jack,Manager Chris asked me to tell you that Lavinia is not fit to work in your sales department.So Lavinia was fired.If not,I don't think you will ever get a promotion again."

Before Jack asked Jonny why Manager Chris suddenly remembered to expel Lavinia,the phone had already rung up.
