

Chapter 18 Don't Kick Me Away

"You mean to let me finish my studies? You know I'm still out of school."

Lavinia was thinking about Chris's words. She didn't find that he was climbing on her body and kissing her.

"I almost wronged you, Chris. I'm a jerk."

Lavinia didn't pretend to be as mature and sophisticated as she used to be. She was now an inexperienced little girl in her early twenties, and now she was delighted. Maybe that's why Chris liked her.

Chris lifted Lavinia's skirt, her milk-like skin shone in the light, and her delicate skin made people fondle admiringly.

"If I continue to study, no one can take care of my mum. My brother just started his career. Maybe I should wait for my mother to be in good health before going to college."

She was just a little girl, but she considered everything very well.

Chris gave Lavinia a punitive pinch on the inside of her thigh. "Those are not questions you should think about, Lavinia. Can you take it a little seriously when you are with me?"

The inner thigh was a sensitive area for Lavinia. After being punished, she became quiet.

"Chris, we have known each other for more than

two months. We also signed an agreement at the beginning. Can you tell me when our agreement ends?"

In the past, they should have had sex with each other. But today, Lavinia and Chris were more like friends, exploring each other and chatting.

However, Lavinia always liked to talk about sensitive topics when Chris was in a good mood, just like now.

"You just want to leave me alone?"

Chris discovered that Lavinia wanted to put aside her relationship with Chris all the time, even when Chris pleased her in bed.

"You can have a perfect life if you stay with me. Do you still think about your ex-boyfriend?"

Lavinia could see that Chris was angry now.

She stroked Chris's back twice.

"I'm just asking. If you don't want me to mention it, I won't mention it in the future. I just feel very insecure, and I always feel that you may kick me away at all times."

When Lavinia decided to get together with Chris, she had nothing.

She was just a mistress without any threatening.

After being together with this man, Lavinia started to forget that if she left Chris in the future, she would become a person with nothing.

After hearing Lavinia's words, Chris's heart

suddenly twitched.

Some so many women wanted to be with Chris and tried every means to get close to him. Some women were for love. Some were for fame and money.

All of the women had the purpose to get close to Chris except Lavinia. Even if she had something, Chris would trust her.

"As long as you don't think about running away at any time, you will always be my woman."

That meant Chris would never leave her alone and would never set her free.

"What if...what if you get married?"

OOPS! Lavinia shouldn't have asked this question.

Would Chris get married? What did it have to do with Lavinia? Maybe if he got married, Lavinia thought that she would be free. Wouldn't it be better? However, she didn't know why. She just felt distressed when she thought that Chris might get married.

That kind of feeling was like someone suddenly taken away your toys.

"You don't need to worry about that now."

Sure enough, Lavinia should not regard Chris as her boyfriend.

They were just friends with benefits. They were only for sex.

She closed her eyes wisely.

If Chris didn't want her to ask, She wouldn't ask again.

"But if you can serve me well, I will tell you what you will do if I get married..."

His seductive tone was like a strange man who kidnapped children, which made Lavinia want to know more. But she didn't want to ask him this question forwardly.

"Chris, if I knew how to serve people well, I wouldn't be the worst one in the sales department. But, unfortunately, I'm not very good at what you said."

However, Lavinia still tried her best to please Chris with the skills that she learned from Chris.

Her little hands climbed on Chris's back and kept moving up to let their bodies get closer. Finally, her breasts fitted closely with Chris's chest as if they had grown together.

"If I did something wrong, please forgive me."

Lavinia duly added.

What's wrong with her? She had something!

Chris was delighted with Lavinia's touch. He built this woman by himself, and he was the first man for Lavinia to know about sex. Even some of her current movements were guided by him imperceptibly.

She was a woman specially tailored for Chris, which suited his appetite and fitted him best.

However,they were both stained with a lot of sweat.The wet feeling made them feel uncomfortable.

Chris grabbed the girl's body and took her to the bathroom.

"Go to the bath first.I want you to know what does it feel if we have sex in the bathtub."

This villa had several bathrooms,and the bathroom in his room was the largest one.

He stripped off Lavinia's clothes,and the water from the shower fell directly on her skin,which made Chris couldn't help touching her.

The water was slowly running down their skin.

Chris put one of his legs between Lavinia and easily opened her legs.The water ran down the thick hair between Lavinia's legs and fell to the floor.Some tiny drops of water seemed to hide and seek and disappeared as soon as they dropped.

Water was a natural lubricant.With the aid of hot water,his fingers rubbed back and forth on the vulva only slightly twice and then slipped in her body quickly.

When Chris did that,Lavinia still had an uncomfortable feeling at first.As his movements accelerated,this feeling made Lavinia want more impulses.
