

Chapter 19 Invitation to Dinner

"The villa room is soundproof. So you can do whatever you want."

Chris liked to make Lavinia come with his finger first. Then, after Lavinia couldn't stand it, he would make her come again with other ways.

They were under the shower, with Chris standing and Lavinia wrapping her legs around the man like a koala.

Her legs have so trembled that she couldn't stand for a long time. However, after being picked up, her legs couldn't get together.

That's a little troublesome.

But that's what Chris wanted.

Seeing that his finger had already make Lavinia come so quickly, Chris withdrew his finger from her body and put his hot thing into her secret jungle, and then slowly explored.

That SCORCHING HEAVINESS was so hot, and Lavinia still couldn't bear his vast size. She wanted to beg him to stop, but she was blocked by Chirs's kissing every time before she could open her mouth.

One of the most significant advantages of having sex in the bath was that Chirs didn't have to see Lavinia's tears.

The way she begged for mercy wouldn't hurt Chris.

Lavinia was no longer duplicitous as before. Her expression of enjoyment pleased the man very well.

Chris turned off the water flow in the shower and carried Lavinia into the double bathtub with just the right temperature.

The bathtub has the function of massage. As soon as Lavinia was put in it, she felt the comfort of the current impacting her body.

Chris squeezed Lavinia's body with his hands, and his teeth left hickey marks on her neck before asking, "Feeling good?"

One of his favorite questions was to ask Lavinia if he felt more fulfilled when she said yes.

Lavinia didn't say anything but enjoyed his touch. Seeing her being like that, Chris was satisfied and kissed her harder.

With the help of grasping the handrails on both sides of the bathtub, Chris lifted Lavinia's legs while the woman was too shy to open her eyes.

"Oh, after so many times we had sex, why still couldn't you look at me, Lavinia? Coward."

Chris buried his head between Lavinia's legs, and a fine kiss came down from the root of her thigh.

Her calves, her toes, her instep.

Lavinia was so ashamed that she wanted to move her legs, but she failed. Instead, she writhed her body awkwardly, and the feeling of being at a loss became

stronger when Chris's kiss went up again.

"Stop!"

After saying that,Lavinia only felt a soft thing rubbing against her clitoris.

Chris was a serious cleanliness freak.He would never touch the things that he felt dirty in his heart.But now,he couldn't control himself to kiss every part of Lavinia's body.

No one touched her before,and this woman only belonged to him.So he must be Lavinia's first man and the last man.When Chris thought about that,he kissed the girl harder and harder.

When Lavinia woke up again,she found that she was already lying in bed.

She clearly remembered What was happening between them in the bathroom.But now she couldn't find Chris,and it has already five o'clock in the afternoon when she woke up.

Lavinia only found a message on her phone,which Chris sent.

"Someone will come to pose for you later.Just accompany me to a dinner party tonight."

Lavinia's hands trembled with fear,and her mobile phone almost fell to the ground.

Lavinia's present status was not qualified to appear in public with Chris.What if she did something wrong and made Chris embarrassed.

Lavinia looked at the time. There's still time if she called Chris to let him change the date now.

She called Chris, but no one answered the first time. Before she could call him the second time, several people came into this villa.

Lavinia knew that those outsiders should be the people Chris ordered to come.

Auntie asked them to wait downstairs for a moment. Then, she came up and knocked on the door to remind Lavinia, "Miss. Lavinia, the person ordered by the young master, has arrived. Come down directly if you get ready."

Auntie's voice was very kind, and she never treated her unkindly, which made Lavinia significantly moved. Lavinia quickly packed up and went out.

Several people wore fashionable downstairs for waiting. But, unfortunately, none of them dare to have a sit-in in this villa.

Chris was so powerful that those people were all scared of him. Then, for the first time, Chris asked the assistant to call them and make an appointment for modeling.

That's an appointment from Manager Chris. So even if they were busy today, they must come here first.

Several people are standing there even thought about the stars who might appear in front of them.

But unexpectedly, a young girl who wore a white

chiffon dress walked downstairs.

No one knew who she was, and they were pretty sure that they have never seen this girl before in public.

No, it shouldn't be. How could an ordinary girl get together with Chirs? If she were just a common woman, Chirs would never let them come home to serve her in person.

"Miss Lavinia, these are the stylists who provide modeling for your dinner."

Stylists all know who Auntie was. They were respectful when facing Auntie for fear that they did something wrong to offend Auntie and Chirs. However, they didn't expect that Auntie respected this Lavinia so much. It seemed that Lavinia's identity was unusual.

And Lavinia just came out of Chris's room. So they must have a very close relationship.

The stylists quickly withdrew their thoughts, They set up a temporary dressing table and arranged all the fill lights in place. Lavinia sat on the sofa with her beautiful hair behind her back, pure and clean.

After seeing Lavinia's face, they were all puzzled.

First of all, this woman was too beautiful. Her skin was so excellent that they even couldn't see the pores on her face without makeup. Even the best brand-name cosmetics globally were used on Lavinia's face, which

also seemed blasphemy against Lavinia.

"Miss.Lavinia,your skin is perfect.You don't even have to use the liquid makeup."

The makeup artist was a little girl who was also very young.However,she was very talented in makeup.
