

Chapter 2 It's too thick

"Mmm!" Lavinia subconsciously grabbed the man's hand.

The unfamiliar sensation made Lavinia wriggle uneasily, and her pussy leaked more liquid, but...IT WAS NOT ENOUGH!

SHE WANTED MORE!

"Raise your hand and touch your boob." The man commanded.

Lavinia's eyes blurred, she raised her trembling hands, gently touched her plump chest.

"The other one."

The right hand has been holding the railing, and the joints have turned white. After the other hand is lifted, she was locked in her arms by the man.

If the man let go, she would fall.

Fortunately, the man seemed to be finally satisfied.

The fingers in the honey cave changed from one to two, and they twirled leisurely, "Where is the sensitive point? Have you touched yourself?"

"No..." With a man's finger in her mouth, the voice of Lavinia's answer was very vague.

"Then why is it so wet?" The man asked, the movements of his hands suddenly became more violent!

"Well! It was the DRUG..."

"Really?"

He accurately poked the sensitive points with two fingers, and then grinded them back and forth.

A feeling that Lavinia had never been experienced rose from there, went up along the spine, and Lavinia couldn't help but let out a series of whimpers uncontrollably.

She still wanted it, but the man's hands stopped, "Answer me."

"I...I...I want it..." Lavinia vaguely uttered a few words.

"What do you want?" The man's fingers twirled between her legs.

"I...want...you..." Lavinia sobbed.

"Want me to do what?" A finger slowly stroked in.

"Fuu...fuck me..." Lavinia began to cry. She has always been pure and clean. She never said such a thing even if she was joking with her friends!

She said it at THAT moment on THAT occasion, and to a strange man!

"Well." The man let out a hiss as if being pleased, with some satisfaction in his look.

After that, his three fingers suddenly went deep and poked the sensitive points of Lavinia accurately!

The speed of his hands was so fast that Lavinia let out an unsyllabic cry, "It's...too...too thick...slow—oww down."

"After a while, it will be thicker and faster." The man

chuckled,then turned his wrist with a jerk.

Suddenly,Lavinia suddenly spewed some hot liquid,like a light rain,which spilled all over the villa downstairs.

"AHHHHHHHHH..."She groaned into tears.

Was she incontinent?

At present,she was almost ashamed to faint,but the man smiled and said,"That's called squirting."

As he said,he picked up Lavinia and walked back to the bedroom.

The drug effect has passed,and Lavinia thought it was finally over.Her whole body was soft and lack of strength.After being thrown into the big bed by the man,she struggled to get up,"Sir,I have to go..."

"Go?"The man untied his belt and approached Lavinia in the bed,"I said that there will be something thicker and faster."

Looking at the huge object popping out in the man's underwear,Lavinia was almost scared to death.She cried and got out of bed,trying to escape,but the man dragged her ankles back.

His dick was sooooo big--HOW CAN SHE EVEN HANDLE IT!

"I was wrong,I-I don't want it,please leave me alone...I thought it was already over..."Lavinia sobbed but she was pressed on the bed by the man.

"You were satisfied just now,but I wasn't

yet."Lavinia knelt on the soft silk sheets,and the man lifted her waist up."Put your ass up."

"L...AHHHHHHHHHHHHHHHHH!"

Instead of letting Lavinia finish speaking,the SCORCHING HEAVINESS ran through her!

The man pinched her beautiful waist relentlessly and stabbed his dick directly to the end!

At that moment,Lavinia seemed to feel that her body was split in half,and the severe pain came from her lower body.She was feeling like being torn apart.

The blood slowly gushed out from her pussy along with the flooded liquid.

The man was surprised,"Are you a virgin?"

"Well..."It was almost impossible for Lavinia to speak in pain.She clenched the sheets,and her knees couldn't keep her up.But the man pinched her fine waist tightly,and every time the big hand kneaded her buttock flap,it caused an unbearable pain between her legs.

"You're really acting like it."The man said again.

Lavinia cried'til her eyes got blurred.It was really the first time for her!She hasn't even kissed a man yet!

The huge cock of the man moved slowly in her body.

"It's quite tight.The selling product is really of high quality."The man made the comment of her.

"I'm not...ummmmm..."

The man's action was not fast.She sobbed in a low

voice while trying to hold on to the sheets and crawl forward.

With her movement,the man stayed in her body less and less,and when there was only a little of his dick left inside,the man SUDDENLY stepped forward!

There was a loud sound,"PAH!"It was the sound of his lower abdomen and her hip impacting on each other.

Lavinia let out a stuffy hum.It didn't hurt as much as the time when he first came in,but still she had a strong feeling of being torn apart,"Please,be gentle..."

"Huh."

Probably on purpose,the man held down the back of Lavinia,and thrust himself into the depths AGAIN!

Sensitive points have been touched and the whole body trembled and the lower abdomen swelled.She groaned irrepressibly.The man suddenly reached over and grabbed her hand.

Two fingers clasped together,and Lavinia suddenly felt a kind of bizarre feeling,but the next second,the man grabbed her hand and pressed it on her own stomach.

"Do you feel it?"The man chuckled and moved maliciously in her body.

Lavinia was frightened and she really wanted to cry.Was she poked through????How could it be like this!

"Please,sir,leave me alone..."

The man acted like he didn't hear it. He pulled Lavinia's hand behind her back, making her unable to lie prone on the bed with her own strength.

After that, he slowly pumped her ass up, grinding his cock on the sensitive point of Lavinia.

The pain went down and the pleasure was aroused, just like being inserted by finger--that kind of comfortable and exciting feeling.

Lavinia shivered all over, whimpered and groaned, "Oh please, no--don't, don't..."

"Do you want it or not?"

Saying that, the man gave her a hard stroke!

Her pleasure climbed to the peak. Lavinia was trembling. She once again felt the hot liquid gushing out from her lower body.

"You're really made of water." The man's ponder voice came out, and then he leaned down and approached Lavinia's ear. "You just had an orgasm again."

Lavinia gritted her teeth in shame, "Are you done?"

He gave it to her first on the terrace and then on the bed, she was going to be RUINED!

But the man's heating cock moved inside her again, "You had an orgasm, but I didn't." He took off his suit and shirt and showed his strong eight-pack ABS. "There is still a long time to go."

He rolled Lavinia over and pressed on her again.

The pink petals had become red and swollen, but the man did not care for that yet continued to fuck her like crazy until Lavinia was blacked out and finally lost consciousness...

When she woke up again, Lavinia could only feel her body aching all over.

Especially the "unspeakable" place.

Uncovering the quilt, there were bruises all over the body, and the unbearable pain was the very evidence to prove that it was not a "bad dream" last night, it was all real...
