

## Chapter 22 Erik Doubted

Growing up with the owner of this figure,Lavinia recognized who he was immediate.

Her first reaction was not to say hi but to leave in the opposite direction.

It's a pity that there were only two of them on this road.That man noticed her movement.

"Where are you going,Lavinia?"

Sure enough,Her brother was waiting here.How could she escape so easily?

"Brother,why are you here?"

Since her brother was so busy working overtime recently,she wondered why he came here.

Lavinia couldn't do anything but came over.When she saw his brother,she was a little afraid to look at him.

"I came here to find you,and I thought I wouldn't see you again today."

Had Erik been here for several days?

Lavinia was horrified.She didn't know what her brother knew or how to explain it to him.

Besides,she came back here so late,still wearing the dress from the cocktail party.

She didn't know how angry Erik will be when he saw her like this.

"Erick,just call me if you want to see me.It's dangerous for you to come out alone at night."

Lavinia was worried about Erik.She rushed to Erik in two steps and didn't continue to escape.

"Lavinia,I also accidentally know that you have lived here recently.I don't know what you are doing and what work you are doing now.Sis,promise me you won't do anything you regret,and don't let me worry about you."

Last time Lavinia said she was looking for someone to borrow money,but this time he saw her live in a mansion.Erik was not a fool.He wanted to ask Lavinia if she was doing something shady,but whenever he opened his mouth,he couldn't say it all the time.

"Erik,I am fine now.When the time is right,I will tell you what I am doing,but not now.So can you not ask some topics that I may not be able to answer?"

Erik nodded.Sure enough,he stopped asking what his sister wouldn't ask.

"Mum's birthday is coming soon.I think we should make a delicious meal for her.You must come then,do you hear me?"

Erik smiled,and tears came out of his eyes.

For the sake of his mother's body,he was reduced to the point of selling kidneys.Lavinia was doing the same thing.

In any case,they both wanted to save their mother.There was nothing wrong with them,so they should not blame each other.

Lavinia knew that Erik was not going to ask any more questions,and she relaxed a little.

"Well,I will come back early when the time comes,and let's prepare delicious food for mom together."

Lavinia replied.

Whenever Erik mentioned their mother, a satisfied smile would hang on her face.

"Then I will go back first. Good night."

Erik rode a bike-sharing, but the light was so dark that Lavinia didn't see it just now.

Saw his sister was living very well. He didn't have the reason to stay here for a long time to disturb Lavinia.

Lavinia watched Erik leave and then walked to the villa slowly.

Darkness hid a man out of her sight. When Evans found that Erik and Lavinia had left, he left angrily.

Evans finally knew that why Lavinia had to break up with him. It turned out that she had found a more affluent boyfriend.

**BITCH!**

Seeing Lavinia return to Chris's villa, Evans was angry with Lavinia but more humiliated by betrayal.

Why did she choose Chris?

It was this man who bankrupted The John Family. If Chris didn't do that, how could Evans and his family live a broken life?

Lavinia didn't know she was being followed. She had simple skincare after taking a shower and then went back to her bedroom in her bathrobe.

Chris hadn't come back yet. Was he happily chatting with other ladies, raising glasses, and even taking time to kiss them?

So many troubles filled her head that she didn't even pay attention to when she fell asleep.

When Evans called Erik, Erik happened to be delivering food to his mother in the hospital. So he didn't expect Evans called again.

"Bro, have you heard from Lavinia? Did you ask why she broke up with me?"

Evans pretended that nothing had happened yesterday.

Only he knew that Lavinia really hurt him this time, and now he only wanted to find this woman.

"No, Lavinia hasn't told me, but I think she doesn't want to talk about the love right now. So give her a little more time, and when she figures it out, she will naturally be with you."

Erik's words were far-fetched. He couldn't even convince himself.

"Bro, you have a good relationship with Lavinia, and you two will share everything. I just want to ask you a question, does Lavinia like other people?"

Evans's tears, which had been brewing for a long time, suddenly fell.

People always said that men couldn't cry.

Erik quickly comforted him, "How is it possible? You and Lavinia have had feelings for six years at least. You should also know how she treats you. It's just that there are occasional minor conflicts between you two. Just give her some time."

Fortunately,they were not chatting face to face.Otherwise,Erik's expression would be the first to tell the truth.

Erik was not good at cheating people,and he didn't have that talent.

Evans was so angry that he gnashed his teeth,but he didn't dare show his malice to Erik and Lavinia.

Later,he had to keep promising Erik that he would only be good to Lavinia in his life.He was sincere to Lavinia,which gave Erik gave him a chance to see Lavinia.

Chris wasn't around when Lavinia woke up.

Chris didn't come back last night.

She quickly stopped her lost mood and turned on her mobile phone.Wasn't it time to leave her job?

Ever since Chris told Lavinia to go to school instead of working as a salesman there,Lavinia would settle the rest of her salary.

It happened that Chris was away,so she went to find Jack first and settled the final formalities.
