

## Chapter 24 That's my daydreaming.

Lavinia didn't know that Chris would misunderstand her good intentions.

After all,Chris did not eat the meal.When Lavinia received the call again,Chris had been sent to the hospital.

"Miss.Lavinia,Manager Chris is in a terrible situation now.If you have time,come to the hospital to see him first."

Assistant Jonny called Lavinia himself,which seemed to be what he meant before Manager Chris fainted.

"He was fine when I delivered the meal.So why is he in the hospital now?What tricks is Chris playing?"

Since the cocktail party,Lavinia had been on guard against Chris,so that when Lavinia hears of his accident,she subconsciously thought that Chris was messing with her.

"He was always sent to the hospital.He didn't play tricks and suffered from acute stomach bleeding.If you don't believe it,you can ask the doctor."

Chris indeed had stomach upset and fainted,but he indeed had stomach bleeding.

Sure enough,after hearing the assistant's anxious tone,she finally chose to believe the assistant once.

Initially,the taxi back to the villa was almost home.Lavinia asked the driver to turn around and walked towards the hospital.

Lavinia kept telling herself that this was not a big deal.Chirs was just sick.Until she arrived at the hospital gate,she still couldn't help shaking her legs.

How could Chris be sent into the hospital? Although this man had a sharp mouth and was a little unkind, he treated Lavinia nicely. So why was he suddenly sent to the hospital when he was alone?

She walked to the door of Chris's ward in fear and trembling, tried to knock on the door, raised her hand, and put it down again.

She didn't know if she dared to face Chris. What would she do if something happened to Chris?

"Miss Lavinia, the young master just woke up, and now he still doesn't eat anything. Please go in and persuade him."

The speaker was Auntie. As soon as she received the call, Auntie came to the hospital. She arrived ten minutes before Lavinia and took advantage of these ten minutes to find out the situation in Chris.

"I heard Jonny say that the young master's work and rest in the company are not regular. Today, he didn't have lunch, and he was hungry and sick. Just now, I sent food again. Who knows that the meals were all driven out by the young master just now."

Auntie sighed, wondering when Chris had learned to make childish jokes about his body.

"He still didn't eat anything? Didn't I send the meal? I also especially reminded Jonny to remind him to finish the meal."

It was Lavinia who sent the lunch. So she also had a lot of responsibility if Chris got sick without eating.

"I don't know. Just go inside and have a look."

As a servant, Auntie worries about her master's life but can't interfere with it.

Instead of forcing Auntie, Lavinia took the tray in Auntie's hand and prepared to send it to him again.

"Manager Chris, I'm coming in."

Lavinia's voice was soft. Her voice could give people a feeling of limpness and numbness all over.

She pushed open the door, and the man in the hospital bed was holding a pen and intently reviewing the documents.

"I heard Auntie say that you didn't eat the food I sent at noon. This was made again by Auntie just now. You should eat a little. Even if you have a big opinion of me, your health is the most important thing. It's not worth it if you got angry with me."

Lavinia chatted like a family member, chatting and putting the stew in her hand in front of Chris.

It was the first time she had taken the initiative to coax a man, so she didn't know whether this was useful or not.

"Well, I thought you wouldn't see me again. I didn't expect that you can take the initiative to come to the hospital to see me?"

He was angry.

How many people would come to visit him in line? Who wanted Lavinia to come?

But he didn't say anything to Lavinia.

"Of course,we have to come and see you.We are the team,remember?If something happens to you,who will give me happiness for the rest of my life?"

Chris didn't see any sincerity in Lavinia's eyes but felt that this woman had something to make people happy.

"Are you talking about the sex life for the rest of your life?"

Chris didn't look at what Lavinia brought to eat.Instead,he was interested in what the woman said.

"The happiness for the rest of my life.If you have anything wrong,don't I have to find another man to support me in the future?"

Most of what Lavinia said was angry words.She didn't tell the man that she was mad,but now Chris was angry as well.

"Do you still want someone else to keep you?"

Chris endured a stomachache and reached for Lavinia's wrist.This time,he showed no mercy at all.

"Haven't I given you enough?How can other men satisfy you in the bed?Lavinia,How dare you to say that."

To let Lavinia saw him,Chris naively didn't eat anything,boiled out stomach trouble,and went to the hospital.

But how did Lavinia do it?

She was worried about Chris's poor health because she feared that he would not guarantee her future.

If it weren't for this reason,she wouldn't even say a word of concern.

He swung Lavinia's wrist and turned to sulk.

"Manager Chris, are you angry?"

Lavinia's problems were somewhat redundant.

"We are a simple employment relationship. You hire me to be your lover. I get the money I want from you. We all have our purposes. If you fall in love with me so early, it will hurt you, Manager Chris."

Lavinia was indifferent.

She was gentle like water before. But she lost patience right now. So even if the person lying in front of her was Chris Konev, so what?

Chris didn't speak anything. He just clenched his covered hand and didn't strike Lavinia.

"You will get married one day in the future, right? I know that occasionally I am delusional. I thought that even if I don't get married and can't become your woman in public, as long as we can get along well, I feel worthwhile in my life. But we are different, Chris. Women like me still yearn for love up to now. You are different. You need a marriage that can support your work."

As The Konev Family's heir, Chris was destined to sacrifice his love while enjoying money. Chris's family had been looking for a good match for him. Wouldn't Lavinia's existence at this time become a big joke?

"So, Manager Chris, the solution between you and me is doomed. None of us can change it. I can act to be happy, which is to cooperate with you as a job. Now I don't want to act anymore. I don't want to attend with you at any
