

His Insane Lust

Chapter 26 French kiss by the door

Nicole walked forward, reaching for Shawn's waist in front of all the people.

Whether you have feelings or not, you should display enough love, so that others can get a glimpse of your relationship.

Nicole posted on Shawn and let out a sweet smile. 'Honey, you are so handsome today.'

Shawn didn't expect Nicole to suddenly do such a trick. He looked at Nicole's smile at the corner of her mouth. and he was still a little confused, but when he saw Nicole's eyes, Shawn suddenly understood.

This woman was born an actress, and the PDA wasn't a bad move at all! He also stretched out his hand to hug Nicole's waist, and watched Nicole with the spoiled smile. 'So you mean, only today?'

According to outsiders, Shawn's smile is never easily given to others, but now she looked at Nicole with a full face of smile, even his looks were full of love.

Nicole looked at Shawn's affection, and her eyes flashed. She almost fell for it. '

This man was not bad at acting either. So Nicole would not be worried about being found that their marriage was a fake.

Nicole and Shawn left after they got their dresses and make-up done.. Nicole didn't talk about what just happened until she got in the car.

Nicole leaned sideways and looked at Shawn and suddenly laughed: 'I didn't expect you're this 'acting' type. I almost fell for it several times.'

Shawn raised his eyebrows slightly, and there was a trace of shadow in the bottom of his eyes. He also looked sideways at Nicole and saw her teasing smile. Shawn replied:

'You are not bad either, but still, I'm better.' Nicole gave him a cold hum after hearing it. He took the complement for granted! But...why she was still a bit annoyed by the 'fake truth'? She turned her eyes to the front, and her smile faded away, urging: 'Then please send me home.' Shawn was confused a little but didn't say too much. 'Take you home? Aren't we going home together?'

Nicole doesn't trust Elena and Erin. She wanted to go back now, especially when the engagement party was around the corner. She wanted to stay at home with Bob for two days.

'You should send me home first. I will go back to deal with some things. I don't trust my dad to be alone at home.'

Nicole finally told the truth. Shawn got it. He nodded slightly and gave her a subtle smile. 'Let's go, I'll send you home. Shawn started the car as he said this.

Almost half an hour later, Nicole got home. To make the 'truth' truer, Shawn even helped Nicole open the door when she got off the car.

What a gentleman!

Nicole was once again stunned by Shawn's action. She narrowed her eyes seeing him being a decent person like this.

Shawn's image was totally different from before—the fitting room. He was literally a gentle rascal back then ... Now, he was like another man ... Nicole flickered her eyes, and she hesitated for a moment. Shawn would seize every chance to tease her. 'What are you waiting for—you want me to carry you out?' Shawn's tone changed into a playful one.

Nicole's eyes twinkled at the bottom. She didn't think of this. She just walked away, but after hearing his words, she shook her head subconsciously and came out of the car directly.

'No, I'll walk. Totally fine.' Nicole got out of the car by herself but in a limp way. She could finally be relieved afterwards. "Can I get a hug before I leave? Shawn suddenly opened his hand to Nicole and watched her brow move.

He was about to embrace Nicole. But she frowned a bit. Nicole was a little surprised by Shawn's actions. Her eyes flashed and she couldn't help but ask:

"You really want a hug? Shawn, seriously, save it, or I really think that you fall in love with me, the actual me. instead of the feeling of making love to me.'

Nicole was not joking with Shawn either. She actually felt this way and didn't want to be baffled by this. They got married for show. No feelings. Just a win-win situation. Nothing more.

Shawn suddenly dropped a laugh and was amused by Nicole's words. He suddenly stretched out his hand, pulled Nicole to his side. His smile was enchanting.

'Your sister is watching you at the door. Are you sure you don't want to give me a hug?' Shawn clasped Nicole's waist tightly, and he whispered to Nicole's ear.

After hearing that, Nicole glanced over. When she saw Erin standing there, Nicole suddenly hugged Shawn's neck tightly.

She hung her hands around him and smiled happily. 'Dear, when you go back, you must be safe, alright?' She gave Shawn a fervent French kiss before they parted. However, when Nicole tried to leave his lips, Shawn pressed her to himself tightly. Shawn held the back of her head and gradually deepened the kiss. At the moment, Erin, who was standing at the door and watching them, suddenly squeezed her hand into a fist,

med it hard against the door, and her looks were somewhat unwilling 'Ewww disgusting!!'

Erin couldn't wait to go up and drag Nicole away. What a shameless woman! How could she do all of these with a man she only knew for a week??!!

She was MAD with jealousy! When Nicole and Shawn finished, Nicole blushed, just trying to annoy Erin. But she didn't expect Shawn to deepen this kiss so suddenly. This could really tick Erin off. 'Go home. Remember to miss me. Shawn suddenly reached out and touched Nicole's head, showing love in his behavior. Nicole was tickled by all Shawn's actions, and she wasn't wrong about this man ...

Chapter 27 What's your quirk has anything to do wi

Nicole turned around after seeing Shawn off. Just when she turned around, she saw Erin staring at herself with a pair of vicious eyes. Nicole put up a bright smile. She suddenly ran ahead, until she reached the door, Nicole stopped, and Erin just stood in front of Nicole. 'Well, this is public? Aren't you afraid of being seen by others?'

Erin's tone suddenly became sharp, and she stared at Nicole's eyes with burning jealousy. Just now, she almost went up and pulled Shawn and Nicole away.

Nicole smiled and screamed. She stared at Erin's envious look and asked with a little ponder: 'Public?' 'This ISN'T public. Got it? Nobody sees us.'

'And you—you stood here and peeked at us, and you are still asking me that whether I am afraid of others or not. Ridiculous.'

Erin suddenly pinched her palm and stared at Nicole's smile at the corner of her mouth. There was a sudden anger in her heart again.

'As a member of Family Miller, you should not do such a thing on this occasion. You're causing trouble for our family!!

'It's really shameless to seduce Shawn and do these things here.' Erin was incredibly eager to use ALL her vicious vocabularies on Nicole. . When she suddenly raised her hand, she was about to go at Nicole, but she was caught by Nicole directly. Nicole flung Erin's hand away. Her actions caused Erin to lose control at once, and involuntarily stepped back. 'Are you afraid? Of me?' Nicole stared at Erin's stumbling stupidity and copied her move. She suddenly approached Erin step by step. 'I guess that someone hasn't learned her lesson huh? Still thinking about doing something BAD to your sister?'

Nicole approached Erin step by step. When Nicole got around her, Erin's face turned pale with fear, and she couldn't help retreating.

"This is HOME. You'd better mind yourself. If you really set me up and Dad knows about it, he won't make it easy for you!

Erin was jealous and unwilling, but she knew Nicole's character well. Now, if she fought with Nicole here, the one who would lose must be herself.

Nicole gave her a disdainful look and smiled even brighter.

"As you said, this is home. And you wouldn't let me. But what if I tell you that home is the very reason that I SHOULD give you a hard slap, huh??"

Nicole looked at Erin's face and raised her eyebrows slightly. 'Aww, poor thing! Who can back you up at home? Even if you cry, no one will come wipe your tears.' 'Gee...also, are you gonna cry? Oh, come on! You're a ADULT! Don't make a fool of yourself anymore.' Nicole's tone gradually took on some sarcasm. Erin's eyes twinkled, and now she was so powerless and weak in front of Nicole! 'Fine! Whatever!'

Erin gritted her teeth and still pretended to be cocky. She turned and ran ahead, and didn't want to talk to Nicole again.

When Nicole saw Erin running so fast, she dropped a hissing at the corners of her mouth. She knew Erin couldn't beat herself on the surface, and she was supposed to be cheating on herself in private. However, Nicole was not afraid either. If Erin really had some tricks, she still got various ways to break them. Nicole lowered her eyes and looked at her hand. She really found the hand that just touched Erin nasty. She turned and washed her hands in the bathroom on the first floor before she came out.. However, after she came out, Nicole met Elena with a cup in her hand. Nicole's eyes sank, and her eyes hit Elena's cup. When she was at home, Elena could be seen going upstairs with this cup. Those are the milk for Bob. But Nicole knew that there was probably something wrong with that cup of milk. Nicole changed her eyesight and snorted at Elena. 'What are you doing now?' Nicole stared at Elena and smiled in a coy tone.

Elena originally thought that there were few people on the first floor. Now the servants have gone to rest, but suddenly she heard Nicole's voice, so Elena was startled.

Elena subconsciously turned her attention to Nicole, and she looked a little guilty.

She forced herself to be calm, stared at Nicole and laughed, holding the cup in her hand directly and shaking it in a calm manner.

“This is your dad’s cup of milk. He just finished it up, so here I am.’ ‘T’ll wash the cup

Elena quickly gathered away the guilty look of her eyes. There was something wrong with this cup, which cannot be found by Nicole.

After she finished speaking, she went straight to the kitchen, and her pace was a little hasty. Elena felt relieved after passing Nicole.

But the more she was like this, the stranger Nicole found Elena to be. Her eyes shifted to Elena’s back, keeping a close eye on Elena’s back. Wash the cup...well. What to say—virtuous or guilty, huh? Nicole suddenly smiled again when Elena was ‘dedicated’ to washing the cup. This smile made Elena nervous. The guilt was aroused in no time.

‘It seems that you send milk to my dad every night. I remember that my dad didn’t have the habit of drinking milk before.

Nicole narrowed her eyes slowly. Although she asked Elena with a smile, it still made Elena feel worried! Her hands were shaking. She didn’t question her before! Was she over doing it??? Elena did not forget to respond to Nicole’s questions when she was worried.

‘No, your dad didn’t have the habit of drinking milk before, but he couldn’t sleep because of work pressure. There are so many troubles in the company, of course, and they need to be handled.’

‘This is nothing, mainly because drinking milk can help your dad sleep.’ Elena said it without feeling guilty at all. After Nicole heard Elena say this, she gave a thoughtful smile. This sound of hers made Elena feel more guilty. Elena couldn’t help gnashing her teeth. YOU DEADLY BITCH, just ask what you want! Stop your creepy noise!!!!

Chapter 28 ‘Amores Perros’

Nicole stood behind Elena and observed for a while, then turned and ran upstairs.

She knew there was something fishy about it, but Nicole didn’t point it out. Nicole could bear it as long as Elena didn’t go too far, but if Elena did, things would probably be different.

When Nicole got to the second floor, she went to the front, so she could pass Bob’s room.

His door was still open. Nicole stopped subconsciously when she walked over here and saw that it hadn't closed yet. Her eyes swept toward it. When she saw Bob lying in bed reading a newspaper, Nicole's eyes flickered.

'Dad.' When Bob heard this, his eyes went out and the newspaper in his hand was put down.

She didn't know why, but Nicole felt that Bob seemed exhausted right now, and she just had this feeling inexplicably when she saw his face.

'Aww, reading newspaper again? Why can't you turn on the lights first? It's not good for your eyes if you turn off the lights like this.'

Nicole stood at the door directly, touched the switch of the light on this side of the door, and immediately turned on the light.

'Nothing, I just read it for a while, and I didn't plan to do it for a long time. Now that you are here, then I'll stop.' Bob smiled and loved Nicole very much. 'You and Shawn went out to try on clothes. How is it? Why are you back today?' Bob asked about Nicole. After listening to Bob's question, Nicole pinched her mouth and smiled. 'Why can't I come back and live? You don't want me to??'

She was worried about ELENA of course!! If she didn't keep a close eye on this family, she still didn't know what would happen.

'Of course not. There is not much time for you to be here. Dad really hopes that you can come back every day.' Bob couldn't help with it. 'Dad, why do you look so weak?' Nicole still couldn't resist, and showed her doubts. Bob's face looked really haggard and tired. 'Is it?'

Bob reached out and touched his face subconsciously, but he was really a little tired, probably because he wanted to go to sleep.

Bob smiled, but his tone was still light: 'Nothing, I'm just too tired. Don't worry about me.' Nicole was still a little skeptical, but seeing Bob say so, she chose to believe in him. 'Then you should rest first and sleep well. After you get up tomorrow morning, you'll feel much better.' Nicole and Bob chatted for a while and then turned to leave, when they saw Elena coming up again. Nicole stared sideways at Elena, and gave her a significant look. 'Still awake, huh?'

Elena didn't know what Nicole said to Bob, but now Nicole stared at her in such a skeptical way, which made her uneasy.

'Well, you don't have to worry about me. I'll take care of myself' She passed Elena without looking back.

Elena's anger rubbed up again because of Nicole's words. She suddenly pinched her hand and stared at Nicole's back eyes, looking sharp.

Two days later, Nicole and Shawn's engagement party came as promised.

The grand ceremony Shawn promised is indeed GRAND! The largest five-star hotel in the city is at their disposal on the very day.

The invited people are also famous, powerful and rich people. Shawn's love for Nicole made everyone jealous. However, Shawn's parents didn't come on the day of the engagement party! Only his grandparents were there, and Nicole didn't know about the rest of his family. When Nicole got the news, she wanted to go to Shawn and ask about the situation. But when Nicole walked all the way to the front, Shawn didn't see it, but saw other people.

Her footsteps suddenly stopped, looking at the two people who were hugging and doing some shady actions not far away. Nicole's eyes suddenly tightened.

Oh, behave. This is the engagement ceremony of that damn girl. If you do something here, what if we get caught

Elena refused the man, but her body was very honest. She kept rubbing her butt against Raven's brawniness. Even Raven's hand was pressed on her boob.

Raven leaned against Elena's ear and smiled. He catered to Elena's movements. vigorously kneading Elena's chest, and his eyes were full of lust.

'Afraid of what ah, now someone will come here? I haven't seen you for a long time. Now that the company financing problem has been solved, I don't have to bother. Let me fuck you well!'

His hand suddenly moved down, touched Elena's pussy, and even stretched out his hand to touch her skirt. He held Elena's lower body tightly.

Elena is over forty, but she is still very coquettish. Behind Bob's back, with Raven, shameless cheating for so many years!!!! Nicole now knew EVERYTHING!!!

The seed of anger buried in Nicole's heart—Elena having an affair with Raven! Nicole watched their every move, and there was a twinge of disgust in her heart,

She subconsciously wanted to walk over there, so she could scare Raven into impotence. What an ancient ass! REPULSIVE!

But when Nicole was about to go forward, she suddenly got pulled over.. Nicole wanted to scream, but someone covered her mouth, so she didn't even have a chance.

Nicole gritted her teeth, and the hand covering her mouth smelled familiar to her, which lessened Nicole's inner panic.

Nicole instantly quieted down, at least not so flustered. He whispered in Nicole's ear: 'Don't scream, I will let you go now.' The low voice in my ear made Nicole confirm that it was Shawn. She nodded at once.

Shawn looked at Nicole, and then let go of the hand covering her mouth. His eyes shifted to Nicole, and he looked at Nicole and sipped her mouth slightly.

'Did you want to go up and scold them just now?' Shawn has a deep voice, and when he said this, his eyes swept over the disgusting scene in front of him. Now that they were riding high, how could they know that they were here?

Chapter 29 Photographed their cheating.

'Do I have to watch them do those disgusting thing! Nicole's tone was somewhat angry, and she twisted her eyebrows and took a deep breath. It has long been known that Elena was not a decent woman, but she didn't expect her to be this basebred. Especially with her second uncle, Nicole now thought about this matter and felt nausea. UNACCEPTABLE!!!!

Seeing Shawn paying attention to the movement over there, Nicole immediately reached out and held Shawn's face, forcing Shawn to turn his head to look in her eyes.

'Don't look over there, just look at me!' Her eyes sank, and she was very dissatisfied with Shawn's move to look over there. Shawn was turned around by Nicole, and his eyes deepened a lot.

He suddenly let go of Nicole's hand on his face, looked at Nicole's brow, and suddenly raised a meaningful smile at his mouth.

'Don't worry, I think they're waiting for us to photograph this! Shawn released Nicole's hand and took out his phone. Despite Nicole's appalled look, he turned on the camera directly and took pictures over there.

Especially Shawn's mobile phone was very good, so it's a cinch to photograph the scene, and it's clear what two people look like and how many teeth can be seen in their open mouths.

'Are you going to send it out?' Nicole looked at Shawn in consternation. She didn't know why Shawn took this scene. But after Nicole asked this question, Shawn shook his head directly. He stretched out his hand and pulled Nicole's hand up, and took Nicole directly to the front..

Shawn didn't release Nicole's hand until they arrived in a deserted room. He turned around and pressed Nicole against the door against Nicole's ass.

'I'm not going to send out the photo just now.'

Suddenly there was a burning sensation behind her ass, which made Nicole's eyes flash. Nicole couldn't help but frown and twisted her ass. She wanted Shawn to loosen herself.

But this twist made it even more impossible for Shawn to loosen her up. He put one hand on Nicole's ass, smacked it hard, and reached for a pat.

Nicole couldn't help moaning. She didn't expect Shawn to do such a trick. She twisted it again with dissatisfaction. After this, it was obvious that the place facing behind her was slowly getting bigger.

Nicole could feel it clearly. Beneath him, he hardened again.

Shawn's eyes got harder. He looked at Nicole's slender waist and hips, which became more and more attractive against the backdrop of this dress.

Shawn gently put his hand on Nicole's hip and gently rubbed it, with his lips touching her ear.

'I took this photo now so that I can hit them hard in the future. You are angry now, but it is not the time to expose them.'

Shawn stroked Nicole's hips and reminded Nicole of the usefulness of the photos. Shawn's words made Nicole suddenly understand the purpose of taking pictures. Think about Shawn just pulling his picture, Nicole suddenly got wet under her body. She could feel the moisture herself.

Nicole reached out and took Shawn's hand in dissatisfaction. She turned around slightly, stretched out her hand and hugged Shawn's neck, and her eyes were misty.

'Husband ~ Nicole's voice was so charming that she hugged Shawn's neck and suddenly let out a hum. 'Eh? Want it?'

Shawn's smile at the corner of his mouth was somewhat meaningful. His hand suddenly moved towards Nicole's body, reaching out and gently lifting Nicole's dress.

Shawn slowly reached in to test the wetness under her body when she pulled her skirt up to her waist. Just touching it, his fingertips were already wet.

Nicole couldn't help hugging Shawn's shoulder, and gave a shudder throughout the body, which was completely uncontrollable.

She was leaning on Shawn.

'But when can we send out their photos and tear them down?'

When Nicole's consciousness was blurred and her lust gradually increased, she was still thinking about what she would do if Bob knew about it.

Bob was so tolerant of Elena, if he knows it, he will definitely choose to forgive. And when this thing got out, it wouldn't do any good to the family, Nicole began to hesitate and worry about this. When she was absent-minded, she had already dried up before she knew it. Shawn sensed Nicole's inattention. Suddenly, his fingers went under her body and inserted directly into it.

When Shawn's finger was inserted, Nicole pulled away from her thoughts. She held Shawn's neck and snorted, and couldn't help biting her lower lip.

Shawn stuck to Nicole's neck and sprayed a gust of hot air on her neck. 'Still absent-minded? When you are with me, don't think about other people.'

Shawn's hand continued to test under Nicole, and his fingers were inserted several times, which stimulated the water under Nicole again.

Nicole's groan was out of control for a while. She held Shawn's hand with a lot of force, and even swayed gently against Shawn. She doesn't satisfy her fingers, and wants more.

Shawn suddenly let go of Nicole, and he squatted down directly under Nicole's sight, squatting between her legs.

When Shawn gently separated her sides with her hands, Nicole felt a chill beneath her, which made her shudder and feel comfortable.

But what made Nicole feel more comfortable was that when Shawn's tip of the tongue came rushing, her body can't help shivering.

She held Shawn's head tightly and put her fingers through his hair. When Shawn's tongue teased her lower body for a while, Nicole now felt powerless.

The man slowly moved away from her stamens, his fingers caressed her wet area again, and his fingers kept rubbing on it.

There was a strong emptiness under Nicole, and now she just wanted to go further with Shawn!

Nicole couldn't help reaching out and pulling Shawn up when Shawn kept caressing her body, causing a burst of water to flow out.

She held Shawn back and even kissed Shawn on his hot lips. There was even the breath of her pussy in his lips. Nicole's eyes gradually grew misty. Until she forced Shawn back to the sofa, she and Shawn fell down on the sofa together. 'Want to be fucked by me here?' Shawn pulled Nicole up slightly and changed his position. Now Nicole was under him. He just stuck it to Nicole's ear when Nicole put his arm around his neck. Even took a deep suck on Shawn's neck.

Chapter 30 Scream louder if you want to.

Shawn snorted stuffily, and the limp and numb feeling from his neck made him want to strip Nicole off and press against her body hard right now.

But Shawn just thought of this, and Nicole reached out and moved under him. He could feel the soft hand touching his lower body. Shawn's eyes twinkled at the bottom. He closed his eyes and gasped faintly. He couldn't help it.

Originally, he just wanted to take Nicole back to flirt and explain the photo to Nicole, but he didn't expect Nicole to lure him in. Now he has lost his mind, and just wanted to press Nicole under his body and have fun fucking her.

Shawn reached out and pressed Nicole's hand, while the other hand began to untie Nicole's dress.

But it's too much trouble to take off this dress. Shawn couldn't take it off at all. He was so anxious that he directly tore the underwear open.

Shawn followed and took off his pants.

The two had sex in the lounge, but the guests outside, including Family Miller and Shawn's family, were now looking for these two protagonists.

Someone came outside Shawn's lounge. She came here to call Shawn according to the orders of Shawn's grandparents.

The staff did not think that there was a desirable sex going on inside. She was now ready to call the people inside out. 'Shawn, Miss Miller, are you there? Please come out now.' 'People outside are waiting for you.' The tone of the staff was calm, and when they said this, they stood here waiting for the response inside.

Nicole's face flushed, and she bit her lower lip tightly. She heard the outside voice, otherwise she wouldn't bite so tightly, for fear that she might make a noise when she waited carelessly.

But Shawn just didn't want Nicole to get what she wanted, so he suddenly accelerated his frequency. Even Nicole couldn't help it. Under Shawn's torture, Nicole lost control and groaned.

Only when this sound came down, Nicole began to regret it. She couldn't help reaching out and covering her mouth, trying to keep her mouth shut.

But Shawn still wanted Nicole to scream. He reached out and pulled Nicole's hand down again, leaning over Nicole's ear. 'If you want to scream, just do it.' 'I like your noise.' Shawn stepped forward again and hit Nicole's womb. She couldn't help humming, and Shawn couldn't help moaning, so she couldn't help crying out. And Nicole's groan was heard by people standing outside the door. The worker pestle here eyes flashing, at that time standing here don't know what to react. Now, according to the situation inside, they should not be finished for a while. Just how to explain it to them.

When the staff was thinking about the solution, there was a groan again. Just listening to the groan inside, she was embarrassed to stand here.

The staff turned and left.

After the staff left, Erin, who was not far away, suddenly came to this side. She just saw the performance of the

staff.

What made the staff so shy?

She came to the door in a hurry, and just stood here. Erin suddenly heard a groan from inside, and she was frozen to the ground. She stood here twisting her eyebrows and couldn't help gnashing her teeth.

It's no wonder that these two couldn't be found anywhere. They were having a hell of a time... Erin was green-eyed.

She suddenly turned and left—Nicole was seemingly loved by him for now. When Shawn got tired of her, she would be abandoned like she's nothing!

About ten minutes later, Shawn and Nicole stopped. Nicole was sitting on the sofa with her legs apart. Shawn gently wiped her lower body with a wet towel, and his look at her stamens became deeper and deeper,

Nicole didn't have to do anything. Just sitting here, Shawn could even feel that there was a sign of hardening under her body.

Damn. She's a diviner of hotness.

Shawn suddenly threw away the paper towel in his hand, picked up the underwear he tore on the ground, and put it on Nicole directly.

But Shawn's movements were quite gentle, Nicole watched Shawn put on her underwear. 'Okay.' Nicole looked at her underwear and subconsciously tried to stand up, but Shawn stopped her. He reached out and held Nicole, then slowly moved to his lower body and put Nicole's hand on it. "Let it calm down first.'

Nicole's hand was pressed on it, but she didn't feel that there was calmness under him. Instead, she felt that under her touch, his body seemed to be harder ...

'Are you sure it can calm down? I think I should let go of my hand first.' Nicole subconsciously tried to pull her hand back, but Shawn held it down. Shawn didn't give Nicole a chance to move her hands. "That's it.' 'It will calm itself later.' Shawn closed his eyes and kept Nicole's hand on it all the time. Nicole couldn't believe it, not any of it.

But after playing it for a while, about five or six minutes, Nicole really felt the brawniness that she was pressing slowly softened.

Nicole was surprised, and looked down at his dick again, but Shawn forcibly raised his head. 'Stop staring.' 'Otherwise, it will get hard again, and I'm gonna fuck you hard. Shawn's tone gradually took on a hint of threat.

Nicole believed Shawn. Maybe it was really hard to see. She took her eyes back, and even her hand was pulled back

'We should go out now, they've been waiting for us.' Nicole stretched out her hand and pulled the dress slightly to make sure that her dress was still fine. 'Yes, don't even think about it. They came to find us, didn't they.' Shawn was extremely calm and his tone was even a bit playful. 'But can you hold your fire and not to quarrel with Elena?' Shawn said this, and raised his eyebrows slightly at Nicole, and he looked somewhat suspicious. Indeed, Shawn asked Nicole again. Nicole was really not sure whether she could do it without going after Elena. But they couldn't stay here forever. 'I have to go out anyway, let's go out first. You're gonna stop me if I can't control myself."
