

## Chapter 27 This time,I want you!

Lavinia couldn't believe Chris could say that.

Maybe he just stated the facts.Lavinia was just overthinking.

Lavinia needed to be careful when faced with a dangerous man who would lose his temper at any time.

"I know that the bankruptcy of Evans's family has something to do with you.They have nothing now.I also broke up with him.It is normal for Evans to do something radical.I don't blame him."

Lavinia hoped that Evans could forget about everything after he hit her.

She didn't want to hurt the man who grew up together with her.

Chris was furious after hearing that Lavinia was defending Evans.

It was best that Chris was the only one that Lavinia knew in the world.

Chris's possessiveness of Lavinia was getting stronger and stronger.

"You trust Evans even if he was an asshole,don't you?"

Chris was getting angrier.

"Do you know why The John Family went bankrupt?It's not that The Konev Family bullies them.It's that they ignore market rules by making profits by improper means.If The Konev Family hadn't done that to them,everyone in The John Family would be in prison now,and thousands of employees in The John Group

declared unemployment. Evans only told you that we caused everything in The John Family, but have you ever thought about what The John Family would face if The John Group went on like this step by step?"

Chris didn't want to bring Lavinia into those troubles.

In his view, women only needed to be responsible for dressing themselves beautifully every day, and other trivial things were the scope that men should worry about.

If she hadn't tried her best to defend Evans, Chris wouldn't have explained so much to Lavinia.

"I don't know, but Evans is not like that. He has never been like that before."

Lavinia didn't observe Chris's expression. So, naturally, she didn't notice that Chris became angrier whenever she called Evans.

"If you call Evans again, I'll keep your mouth speechless for a week."

Lavinia was pretty sure that Chris could do such a thing to her.

"Also, you can only smell like me. If you get the smell of other men next time, I won't be so nice to you again."

Lavinia hadn't taken a bath since she fainted.

The doctor said that she had wounds on her body, and she was easily infected when taking a bath, so Chris always simply wiped Lavinia's body.

The smell left by other men on her body couldn't be wiped clean just by tapping.

This smell was enough to make Chris angry for

several days.

"Thank you for saving my life, but I have to go back, Chris. I don't belong here, thank you and goodbye."

With the infusion bottle hanging from her hand, Lavinia got up and prepared to take the needle out of the back of her hand.

Hearing that Lavinia was leaving, Chris did not hesitate to trap people in his arms.

"I never said that I would listen to my family's arrangement for a blind date. You are the only woman that I have, Lavinia. If you don't believe me, just be my girlfriend. I will give you the identity and never let people look down on you again."

On the day Lavinia left, Chris thought for a long time before he thought of why Lavinia had to go, which was the most likely.

"To be my girlfriend, I can make you have a wonderful life. We will have a relationship like normal couples. What do you think about that?"

Lavinia was just a plaything sent by Jack. But Chris didn't expect that he fell in love with this woman and he didn't hate this feeling at all.

"Regardless of what you think, The Konev Family will never agree with that. You are the celebrity, while I'm nothing but an ordinary woman. We are different. How can we be together?"

Even Lavinia didn't believe they could be together, and no one in the outside world could look after

them. So, where did she get the courage to fight for everything?

But what would happen to her without Chris?

Just thinking that she might lose Chris in the future, Lavinia couldn't help but cry.

Her tears fell down her face. Now she was like the purest angel.

But the angel shed tears, and Chris, who watched her cry, suddenly couldn't make up his mind.

"Chris, do you know how determined I was to tell you that I don't want to be with you anymore? I don't want to get involved with people like you because I know I don't belong here. I don't deserve any other status except to be your lover. You are so excellent, and I don't want to be a stain on you. I don't want you to be laughed at. I don't want you to be ashamed. Do you know about that?"

Lavinia spoke out all her grievances for many days.

She gave up on Chris with regret.

Men like Chris would have so many women if they wanted. Even if there was no Lavinia, there were other people around Chris one day.

She thought Chris could find a new one to play with, but who knew that this man came to her again.

All the courage and determination that Lavinia had before fell apart immediately because of Chris's words.

Lavinia took the initiative to hook Chris's neck and kissed him on the lips.

A woman had no experience in seducing men and had

never learned these skills from other places. Lavinia only gnawed with her thoughts and the most primitive impulses and kissed Chris's lips and tongue.

Chris didn't assert Lavinia's initiative and sometimes even catered to it. She took the initiative to stick out the tip of her tongue and twisted with the man's tongue. At the same time, Chris put on his big hand the woman's tight ass.

"Lavinia, watch out for your wounds."

Chris found the time for Lavinia to take a breath and successfully changed from passively letting women seduce him to taking the initiative.

The temptation of being seduced by the woman was fatal. However, being lured without getting to the point, Chris felt his body was about to explode.

The swelling below made him urgently need a place to explore his feelings. The woman under him kept writhing, and the body in his pajamas began to exude charming taste.

"Chris Konev, I gave up on you once. So this time, I want you!"
