

### Chapter 3 Is 100,000 Enough

Lavinia fell on the quilt, trying to suppress herself from crying.

The smell of cologne from the man was still on the quilt.

The other half of the bed was cold, so he should have left long ago or never stayed here for the night.

Lavinia wrapped herself in sheets, got up and opened the closet next to it. There were only a few men's shirts, which should belong to the man. The tags were all on them, and she took the thickest one and put it on.

Lavinia went downstairs to pick up the bag, quickly changed into jeans that were taken off yesterday. Glad that she still put it in her bag. And then she quickly left this place.

She made a hard call and took the taxi and went straight to the sales office. After entering the door, she ignored the looks of her colleagues and went directly to Manager Jack's office.

"JACK! WHAT HAVE YOU DONE!" Lavinia gave a kick to get the chair away at his desk, and she angrily stood there looking at him.

Manager Jack looked up and gave the stunned secretary a look to make her go, "Lavinia, congratulations! You succeeded in having sex with Manager Chris!"

WHAT THE..... Lavinia heard his name and her blood rushed through her vessels.

IT WAS ARRANGED BY HIM!

And the man was Manager Chris.

Chris Konev, a legendary figure in the city. He has been wanted to be approached by countless real estate developers. As a person in the same industry, Lavinia naturally knows the name of him.

After Jack finished, the smile on his face became even more wretched, "Lavinia, your moaning was...very nice."

"WHAT?"

Lavinia was electrified. Manager Jack heard them doing that???????

It occurred to her that one of the decorative rhinestones on her clothes seemed different.

"YOU PERVERT!"

"As a manager, I was just supervising your work." Manager Jack shrugged his shoulders indifferently, and then looked up and down at Lavinia in a flirting manner. "Look at your clothes, it shows that your work was very successful."

Lavinia took a deep breath and tried to calm herself down.

"Jack, you eavesdropped on Chris when he did that kind of thing. If he knows it, do you think he will let you go easily?"

He calmly took out his phone and made a call. There was a young man's voice.

It should be a voice message, "Jack, the villa has been cleaned up."

"You said that I installed a bug, but what's your evidence? Do you have the bug in your hand?"

Lavinia just understood that Manager Jack should've already got a person tidy up the room.

"I really think that it is better for you to go to the hospital to see your mother than arguing with me here. What do you say?" He continued.

"What happened to my mother?" Lavinia in the mind a panic.

Her mother was hospitalized with leukemia, and her family could not afford the high medical expenses.

Jack folded his arms in front of his chest, "Your brother came here yesterday to ask you for money, but you were not present. I lent him the money!"

Lavinia bit her lips.

"Since you want to be a filial daughter, affording your mother's expenses makes you one!" Manager Jack sneered.

Lavinia turned and left the office and went straight to the hospital.

Her mom lives in the cheapest multi-person ward. When Lavinia entered, her mother looked very uncomfortable. She just frowned and closed her eyes.

My brother was sitting by the bed with an apple in his hand.

"Brother." Lavinia walked over and called him gently.

Her brother stared at Lavinia and signaled for her to go out.

After going out, he angrily said, "What are you

wearing?A-a man's shirt?"

"Oh..."Lavinia was shocked.She didn't expect his brother to be this observant.In order to make him feel easier,Lavinia just found a casual excuse."I...went out to play yesterday,and my clothes got dirty by accident,so I borrowed the clothes from my colleagues."

"Go out to play?"Her brother's expression immediately changed into anger,"Mom is already like this,okay??You still went out to play?Do you have any self-esteem?Do you have any feelings for mom,huh?Doctors have issued a notice of critical illness for mom—do you know any of that!"

Lavinia lowered her head and said in a low voice,"I'm sorry,I..."

Her brother waved his hand and didn't listen to her explanation.He turned around and walked into the ward.

Lavinia went in with his brother and saw his phone charging on the table beside the bed,and the screen was still on.

On the screen,there was a chat dialog box of QQ.The last message sent by the other party,"80,000,that's all it is.The money will arrive immediately after the operation next weekend."

And her brother replied after that,"Can it be more?Like 120,000?"

After that,the other party didn't reply again,so her brother typed"80,000 is OK",which hasn't been sent yet.The time indicated that it should be when Lavinia came in.

Lavinia picked up the phone and flipped through. From that she just understood what the surgery the man said was about.

"Get your hands off my phone!" Her brother helped their mother fix the cushion, and their mother snorted but didn't open her eyes.

Lavinia signaled her brother to come out, "Do you want to sell your kidney?"

"None of your business." Brother shook his head impatiently.

"Erik! ARE YOU OUT OF YOUR MIND?" Lavinia tried to lower her voice. "It is ILLEGAL to sell kidneys, you know that!"

"Do you think I DON'T know about that????!" Erik also got angry, "What else can I do? Do you know how much money we have left? Thirty-six thousand eight hundred and forty-two! It will cost money to get mom dinner later, and the operation will cost at least 200,000! The imported medicine, the good ones, the expensive ones--they will cost 400,000! Where do you think I can get the money, you tell me?!"

"But you can't sell kidneys!" Lavinia said as if she was in tears, "you will soon graduate from college, there is a promising future waiting for you! What if the surgery fails in this kind of illegal place? Even if the operation is successful, what about your future health?"

"Then what do you want me to do!" The rims of Erik's eye were red, "It hasn't been easy for mom over these

years, otherwise she also wouldn't get this disease! In any case, I will cure mom no matter what!"

"Then I will borrow some!" Lavinia spoke before she could think it through. "There're big bosses in our company that swing money like water. I know some of them. I can ask them to borrow us some money."

"Really?" Erik looked at Lavinia with doubts in his eyes.

"Really, tell the doctor to prepare for surgery, and I can borrow some money tomorrow." After that, Lavinia grabbed his brother's mobile phone and deleted the kidney dealer. "Don't do anything stupid. Our mother is already sick like this, how can I live if anything happens to you?"

Brother nodded silently.

Lavinia also wanted to continue to say something, but her phone suddenly rang, Jack's name appeared on it.

"Hello?" Lavinia walked away to answer the phone.

"Lavinia, where are you?" Jack's voice was unexpectedly polite, and she even heard a trace of flattery.

"I'm in the hospital, what's wrong?" Lavinia saw her brother back to the ward, then she dared to speak loudly, "What else do you want to do? Do you think that yesterday wasn't enough for you??"

"Well...no no..." Jack's tone didn't show any arrogance like he did in the past, he just smiled, "Lavinia, don't be angry, there isn't anything that can't be solved with money? You come to the office first, come and get your
