

His Insane Lust By Jenny Chapter 33 - 35

Chapter 33 Discovering Elena's Things

Elena' was clever enough to detect what was going on here, knowing that she could not talk to Nicole now.

But only when Elena had just finished speaking, Raven appeared, and the anxiety on his face was been acted in a vivid way.

But when Nicole thought of the things Elena and Raven did at the scene of her engagement ceremony, she felt sick and nauseous.

She closed her eyes, didn't want to see Raven.

Although Nicole didn't want to see Raven, it didn't mean that Raven doesn't want to ask Nicole and express his So-called 'concern' for her father.

Raven hurriedly reached out and pulled Nicole's arm. 'Nicole, are you alright, how's your father?'

Raven was just as hypocritical and stupid as Elena, and when she was asked by these stupid words here, Nicole was full of irritability when she heard it!

Suddenly she stretched out her hand to pull Raven's arm down, and despised on him.

'Could it be that the Raven made an appointment with aunt? The first sentence when he came here is exactly as the same as aunt.'

The expression on Raven's face changed abruptly after hearing Nicole's words. He stood here looking at Nicole's indifference expression, his eyes were flickering.

'What are you talking about? I am asking how is your dad's condition, I can offer help if needed. Why are you speaking like that?'

'My dad is still in the hospital. How the hell I know what's going on? Are you talking bullshit when you asked me this?'

Nicole felt really speechless for what Raven said. She stretched out her hand and pressed her forehead, and did not intend to continue talking bullshipts with Raven.

I have already said to Elena once, and now I am saying it to him again, Nicole's tone was full of impatience. After Shawn knew that Nicole was a person who would not bear sufferings, he turned away.

He hasn't forgotten the incident of calling the police. Now he can just go to the police station and ask the police to come to Su's home and investigate first.

Raven stepped back and was very close to Elena. When Nicole turned to look at the operating room again, Raven turned around immediately, looking at Elena.

Elena only shook her head slightly, and Raven understood what Elena meant, and the two quickly acted as that there was nothing happened.

How did they know that Shawn has called the police now, and the police were going to Su's house to investigate.

At the moment, only the servant and Erin were in Su's family, and Erin ran back before Bob encountered the incident.

She eagerly to glance at Nicole's room.

Erin sneaked into Nicole's room secretly. After gently pushing the door, she went in again and closed the door quietly.

Erin now completely relaxed herself, her scorching gaze stayed on the beige big bed. Erin could still remember that the last time Shawn and Nicole had sex in this room. Shawn's panting sexy voice suddenly echoing in her ears.

Erin's eyes flickered, and she suddenly walked to the big bed with a bit of obsession, even took off her clothes and lay on the big bed.

Erin imagined in her mind that Shawn was fucking herself, and the figure of Shawn appeared in her mind. The look in her eyes gradually became a lot sexier. Erin kept touching her breasts, jerking herself on the bed where Nicole and Shawn once lay.

This behavior probably lasted for about ten minutes, Erin, who had been indulging in self-comforting, was suddenly disturbed by the voice downstairs.

She trembled under her body, opened her eyes instantly, and sat up from the bed. 'What are those voice?'

Erin frowned and hurriedly pick up the clothes she threw on the bed and picked it up. After putung on on her body, she rushed forward.

But at this time someone came up. The servant was about to go to Erin's room to talk about the situation. Who knew Erin had just opened the door and saw the servant.

The servant's pace suddenly stopped. Seeing Erin was in Nicole's room, her eyelids twitched and showed a sense of suspicious.

'Why you this second miss is in the eldest lady's room?'

Erin's eyes sank when she was asked by the servant, and a little guilty of conscience showed on her face. She stared at the servant and immediately retorted: 'None of your business.'

Erin yelled so, the servant didn't dare to continue to be curious about what was going on. 'What's going on below, why there seem to be so many people in the house, who are the people below?'

Just after Erin asked, the servant suddenly remembered what she wanted to tell her, and she nodded. immediately.

"That's it. The police came to the house, so someone reported it and wanted to investigate whether there was anything suspicious in it. Master is lying in the hospital now.'

The servant's words made Erin's face suddenly turned to pale. "The police are here?! My dad is still in the hospital?!"

Erin was shocked. She also had no idea why she was nervous, but she always feels a little insecure in her heart. The reason why her father fainted this time should not be simple...

anxious at the thought of this incident. She frowned and bit her lip, wanting to leave now. Only after Erin took a few steps, she saw the police in front of her appear. She froze here. Looking at the policemen who had entered Bob and Elena's room, Erin's heart beat fiercely again.

Who reported it! And caused so many trouble here?!

Erin panicked now, but she didn't feel like she was concerning for the conditions of Bob, but she was nervous about whether the police would search out something from the house.

She hurried to walk to the front. When she came to the door of Bob's room, Erin was stopped by a policeman and she could not enter.

'This place is under searching. You ought to wait here first, you can only come in after finishing searching inside.'

Erin was blocked by the policeman, and she paused, wondering what could they find out.

"There shouldn't be any problems in it. This is my dad and my mom's room. If something happened to my dad, how could it be related to my mom.'

Erin was already defending for her mother. These policemen were still investigating inside, and didn't plan to let Erin in. 'No matter what their relationship is, there are all suspects now, including you.' The policeman frowned slightly, blocking Erin here. There was also a doctor in a white coat inside. He approached to Elena's dressing table and searched for it. The doctor knelt down and found that a cabinet was locked, his eyes showed a sense of suspicious. 'This cabinet is locked. Is there anything in it?' 'Open it first, you can't ignore any details.'

When the police finished their words, the doctor forcibly opened the cabinet as the cabinet was like some kind of rubbish.

When he saw a jar of milk powder in the cupboard, the doctor couldn't help but wonder why there was milk powder in the cupboard under the dressing table?

Chapter 34 What to do when someone comes

Erin saw that the doctor took out a can of milk powder from Elena's cabinet and became so nervous. She couldn't help herself and reminded to the police:

'I won't suggest you to investigate that. That's the milk powder my mother bought for my dad. My dad wants to drink it.'

Erin's words immediately attracted the attention of others. Now everyone turned their face and listened to what Erin was going to say next.

Erin's expression stagnated for a while, being stared at by so many people, she didn't know what to say for a while.

'Why are you guys looking at me?' And there were still so many policemen staring, she felt so frightened to look at them. Erin lowered her eyes, trying to constrict her eyes and make herself look so helpless and innocent.

'You said that your mother bought this milk powder for your dad? Then why do you put this in such a private place and also lock them up?'

The policeman stood in front of Erin and stared at Erin suspiciously. Erin faced the police's questioning and didn't know what to say.

She was also asked by them and she felt a little guilty. Yeah, why a can of milk powder had to be put in a drawer and locked up? She also felt funny for herself. Erin suddenly felt her strong heartbeat when she thought of it.

She twisted her eyebrows, and while she was still thinking about this issue, the policeman's voice suddenly strengthened.

'I am asking you a question. If you answer in a suspicious way, we can take you back as a suspect and question.'

The police's words forced Erin to stop being silent. She immediately raised her head, her eyes fell on these people and said:

'If you ask me about this, I can tell you that I don't know anything. And there is nothing I could tell you about it.' Erin's expression was flustered. She didn't look like she was lying.

And the doctor opened the milk powder can now and glanced at the milk powder inside, you can see that the milk powder inside didn't use much, and there was a lot more here.

'How long has your father been drinking these things?'

The doctor stared at Erin and asked.

Erin's brain turned blank, and she didn't know whether to tell the truth to this person now. When she was hesitating whether to tell the truth, the policeman's face suddenly became more serious. Erin didn't dare to hesitate anymore.

'It's been almost a month...'

The more Erin was forced to ask by them like this, the more she felt a panic, wondering if this matter was really related to her mother.

But if it was really found that there was something related with her mother, her mother would gain a bad reputation, and it would not be good to spread!

Erin became scared.

'But my mother gave my dad dairy product because he wanted my dad to sleep better. Does this have anything to do with my dad's accident... Don't make a joke at the end...

Erin suddenly felt her words were so weak and vain when she said this. 'Does it matter? Just check it. Of course you won't know if it matters if you say this here.' The police looked at Erin and laughed. 'We have to take this thing away for investigation.' 'You have to follow us back and cooperate with our investigation.'

Erin's face turned pale. She looked at these police officers, subconsciously wanting to resist, not wanting to leave with them.

'Why should I leave with you, ...' "This is a cooperation with our work. You know this can of milk powder, you have to come with us.' The police's words carried a sense of authority and you could not easily reject them. Even if Erin wanted to resist, there was no way for her to do that. .

The Su family was investigated, and Bob came out of the emergency room. Bob had high blood pressure, and because Elena added some poisons in Bob's milk powder, Bob fainted at the engagement ceremony days ago.

But now, fortunately, he was in good condition and had no big problems.

When Bob came out, Nicole breathed out a sigh of relief.

Standing here, she finally felt a sense of relaxation. She had been in a state of high tension just now. Nicole couldn't get used to this feeling for now. She had to adapt it for a while. And she suddenly lost her consciousness and fainted down.

Fortunately, there was Shawn beside Nicole. The moment

she fell down, Shawn immediately reached out to stabilize Nicole to ensure that Nicole would not fall.

"Be careful." Shawn twisted his eyebrows and held Nicole firmly, until Nicole stood up again, and then relaxed a little. "Do you want to go over and check Dad now?" Just now when Bob was pushed to the ward, there was a nurse by his side. Although Elena and Raven followed, they would not dare to do anything in a hospital like this. She shook her head, still resting her hand on Shawn's wrist. "I'll take it slow first, and then I'll go to there later."

When Nicole panted, her lips opened slightly, and she didn't make how attractive and sexually-hinted expressions she was right now, but Shawn still felt that this woman was very attractive and sexy.

He suddenly pulled Nicole and walked towards the front, until he reached the front, he opened the door, and the two entered the staircase walkway.

No one would show up here at all. Shawn directly pressed Nicole who was in a trance on the wall, and his hand stroked Nicole's face. "I have a better way to slow you down." Shawn's voice was low and deep, and his larynx suddenly rolled up and down.

When Nicole looked at Shawn's current expression, Nicole seemed to understand what Shawn was talking about.

Her lips were suddenly bitten by Shawn.

When she felt that the man's lips were close to her lips and the tips of her tongue were entwined, Nicole's consciousness gradually faded.

Her thoughts were disrupted by Shawn's kiss, and her mind was full of Shawn's figure. His hand slowly stroked the fullness of Nicole's breasts.

After an afternoon of nervousness, there was such a stimulus suddenly occurred on her body that Nicole couldn't stop it, and even shivered under Shawn's teasing.

Her hand gradually moved down, one hand moved to his penis, gently rubbing, even tentatively pulling Shawn's trouser zip, while the other hand was hanging around his neck.

Nicole snorted, his kiss was too passionate. When she felt Shawn suck the tip of her tongue with her lips, Nicole let out a faint groan, with a bit of ecstasy.

She took the initiative to press her body against Shawn's body, and her other hand gradually hung on Shawn's neck.

After a while, Shawn suddenly turned Nicole around, and directly turned Nicole back.

He asked Nicole's two hands to rest on the railing, and then stroked in from under her skirt with a big hand, rubbing lightly on her underwear.

When she noticed that Shawn was about to pull off her underwear, Nicole immediately twisted her buttocks and pressed Shawn's hand.

Her tone was somewhat unbearable: 'What if someone comes...'

Chapter 35 It's Hard Again

'Trust me, it wouldn't.' Shawn's voice was low and hoarse. He had been suppressed for a long time.

Shawn's hand that was pulling Nicole's panties suddenly exerted a lot of force when he was saying this, and he directly pulled Nicole's panties down, and Nicole's beneath body suddenly came out.

Nicole was even a little flustered when she felt the cool sensation coming from under her body, especially with the moist feeling.

Her ass was lifted by Shawn. When Shawn pulled off the trousers slightly, the penis suddenly bounced out of the trousers and directly touched Nicole's ass.

His body squatted down slightly, rubbing it gently against Nicole's seam. Nicole groaned subconsciously due to the irritation from the scorching heat behind him. Her hand gripped the railing tightly, her teeth biting her lower lip.

Under the stimulation of Shawn, Nicole also began to cooperate with Shawn. She turned blush and twisted her hip, and lifted it up again, facing Shawn's penis, as if she was inviting him to insert now.

Shawn looked at Nicole's plump buttocks, his eyes gradually became hot, he snorted, and he held Nicole's ass with both hands.

After Nicole was in position and ready, Shawn stretched out his hand to hold his penis, and gently rubbed the area where Nicole was so wet with his glans, and the lust in his eyes became more intense and savage.

His glans was also stained with the water that dripped from under Nicole's body.

The more he rubbed on the wet flower stamen, the stronger the feeling of emptiness under Nicole's body. 'Hurry up

She couldn't help it anymore, her voice was particularly charming, and she suddenly shouted at Shawn, Nicole bit her lower lip dissatisfied.

When Shawn heard that Nicole seemed to be too late to wait, he held his penis against the entrance of her hole and suddenly insert deep in, holding Nicole's hand with one hand, and supporting her waist with one hand. , Began to thrust quickly. .

Nicole's groan was also suppressed. She couldn't help but panting. After feeling a burst of scorching heat under her body, Nicole felt a moment of satisfaction, and she let out a cry.

With her voice, Shawn's body stiffened again, and it was stimulated in her body. He suddenly reached out and turned Nicole's head slightly, making Nicole look at him.

Even when he saw Nicole's blurred eyes, slightly opened red lips, and the tip of her tongue exposed inside her lips, Shawn gasped and forced Nicole sucked her lips tightly, sucking on the tip of her tongue, teasing Nicole as if . sucking jelly

Shawn speeds up underneath her body, and Nicole's expression is full of satisfaction. He suddenly let go of Nicole's lips, and when she left, the corners of her lips still left traces of his saliva.

Shawn's ear was pressed against Nicole's lips. He listened to Nicole's moaning, and Shawn couldn't help shaking.

He hugged Nicole and suddenly turned around, letting Nicole face him, he pressed Nicole against the wall on the side of the corridor, raised one of her legs, and let her slender and well-proportioned legs hang. On his arm, he inserted under her from the front.

'Ah-hmm-'

Nicole's face flushed, she put her arms around Shawn's neck and couldn't help closing her eyes tightly. She couldn't help but want to make this moan.

'You like it?'

When Shawn was in a daze, he didn't forget to ask Nicole how she felt. He speeded up again, trying to push Nicole to the point where she couldn't help herself.

Nicole put her arms around Shawn's neck tightly. Hearing Shawn's words, she suddenly felt triggered, and there was even a tingling sensation on her body that made her want to stop.

She hugged Shawn's neck tightly and closed her eyes with a hum. 'Call me my love, Nicole.' Shawn wanted to hear Nicole's sexy voice to call him my love. His voice was a bit hoarse with suppressed lust. Leaning against Nicole's ear, there was another low-pitched gasp.

She couldn't stand the man's gasping sound. As long as he gasped in her ears, Nicole felt as if there was a slight current in her body.

She leaned against Shawn's ear, biting her lower lip, still shy and unable to speak.

'Huh? Are you going to call?' Hearing her rapid breathing, Shawn speeded up again, he even wanted to hear Nicole call out in a cry 'Want to fuck her until she can't get out of bed!' 'Um-oh, you are so good my love!'

Nicole's body was tight, feeling the stout top into the deepest, but wanted to clamp Shawn's penis tightly, and even wanted to hold Shawn tightly with her legs

Shawn groaned when she felt one of her legs pressed against her, and bit Nicole's lips again, even using the tip of her tongue to hook Nicole's tongue continuously.

Shawn stoutly and continuously pushed into the deepest part of her womb. He is going to cum! When Shawn held her waist hard, a burst of heat sprayed deep into Nicole's uterus.

Nicole trembled, and when the climax came, she was so comfortable that she didn't want to get out of that feeling, even her body was still trembling.

Nicole was exhausted, and she was so tired that she stuck to Shawn's body, so she could only let Shawn support herself.

Shawn hugged Nicole and pushed her against the wall, and the two of them had been resting here leaning against each other.

About a few minutes later, Shawn slowly released Nicole. His trousers have not been worn yet, they are falling loose, but they are not completely loose.

When Shawn wanted to pull off his pants, Nicole suddenly stretched out her hand, she took the initiative to hold Shawn's hand, and she looked at Shawn's eyes with a touch of lust. Seemed that she hasn't pulled out from that battle.

Shawn looked at her, stopped her hand movement, but wanted to see what Nicole was going to do. Suddenly she squatted down under Shawn's sight, her eyes rested on Shawn's thick penis.

After staring at it for a long time, Nicole withdrew her eyes. She stretched out her hand and pulled up his underwear to help Shawn put it on.

When Nicole's soft little hand touched Shawn's penis, just a little rubbing could reawaken the thing under Shawn's body.

When Nicole touched it, she could feel it, it seemed to be hard again

Nicole hurriedly withdrew her hand and pulled Shawn's trousers again. It was not until Nicole stood up that she reached out and wanted to pull up Shawn's trousers chain, but it was nothing but He was held down by Shawn.

'It's hardening again.' Shawn's voice was low, and when he said this, his eyes still stayed on Nicole's face. Nicole bit her lower lip and raised her eyes slightly. When she saw Shawn's eyes were dark, she blushed.
