

Chapter 36 Greed the man's body

'You help me wear it? I guess... I'll do it again. And thank you for your kindness'

Shawn's eyes gradually scorched.

His eyes always stayed on Nicole's lips. To Nicole, Shawn always had a feeling of inexplicability and really hard to figure out what he was really thinking of. This feeling really made Shawn quite crazy.

The expression in his eyes darkened and the feeling of bulging and hardening under him is really unbearable. If it is not for Nicole to see Bob, it is impossible for Shawn to let Nicole go so soon.

He suddenly pulled Nicole's hand away and pulled on and zipped up his pants.

Shawn's move caused Nicole's heart to beat again.

He was obviously worried that his actions would make him more uncomfortable, which at least proved that Shawn still had feelings for her.

When Nicole was distracted, Shawn had already picked up Nicole's underwear. Her underwear had just been torn off by Shawn and landed on the other side.

When Shawn squatted down and even touched Nicole's foot, Nicole's eyelids twitched. She subconsciously looked at Shawn, her eyes flickering.

'You.....'

'Raise up your leg and just put on your underwear.'

He patted Nicole's ankle lightly, and shook the black underwear in front of Nicole.

Nicole's eyes flashed and she suddenly coughed. Under Shawn's explanation, she raised her foot obediently, and it was

the first time that a man held his underwear in front of her like this.

But when the underwear was put on, Shawn did not get up immediately, but continued to put his hand under Nicole's body and stroked it.

His hand deliberately stayed in the area that Nicole had just wetted.

Shawn rubbed gently there.

'Didn't you need to wear your underwear? It's time to get up!'

Nicole worries about being touched like this by Shawn, and how does it feel?

She has also found out now that she is also pretty lustful to Shawn, indeed she is surely greedy for this man's body.

'What were you thinking just now, don't you even know what would happen when I squatted down?'

Shawn slowly rubbed Nicole's sensitive area, trying to use this method to make Nicole answer her own questions honestly-wetting herself.

Nicole was so frustrated by Shawn, she couldn't help struggling, she stretched out her hand and held Shawn's arm, blushing and hurriedly explained:

'Aren't we thinking about when we can go back? That's why I am so engaged...'

Nicole could not tell Shawn, she was just because Shawn is interested in herself, and feel complacent!

She forcibly took Shawn's hand and pulled Shawn up from her feet.

'We have to go back to see my father's situation, let's go now.'

After Shawn was pulled up by Nicole, her gaze fell on Nicole. Seeing Nicole's anxious appearance now, he was seriously skeptical of what she said just now.

Only seeing that Nicole was about to leave in such a hurry, Shawn did not continue to question.

When he was about to leave, he even stretched out his hand to pull Nicole's skirt better, to make sure that Nicole wouldn't have any problems, and he was relieved to leave here with Nicole.

The two went to the ward where Bob was now.

After finding the ward, Nicole was standing at the door, and she could see Elena and Raven sitting by the bed, and Elena was even holding Bob's hand and crying. She probably wouldn't until the end of the day.

Nicole frowned subconsciously, she went inside.

When Nicole and Shawn came in, Elena and Raven also knew that Nicole was entering.

Elena has already been crying here, don't know for how long, just waiting for Nicole to come back. And the crying was just an act for Nicole to see.

When Nicole who she had been waiting for has now shown up. Elena immediately shifted her eyes to Nicole, looking at Nicole with eyes widely opened and said:

'You two are back. Fortunately, thank God, you two are back.'

Nicole frowned when she heard Elena's words, she stared at Elena smiled disdainly:

'Auntie, my dad hasn't died yet. Why are you crying here now? No one is okay. If you cry like this, everyone else outside could hear it. And they would think that something was wrong

here!'

When Nicole came in, she sneered at Elena.

She and Shawn could hear Elena's terrible cry outside just now, for fear that others might not know what happened.

Acting so exaggerated and stiff!

'You, Get out of here!.'

When Nicole saw Elena panic trying to explain something, she pointed to the outside to explain.

'Do not stay here anymore! If you still want to cry, if you can't help it, fuck off and cry whatever loud you want and find a place where no one can hear it.'

Nicole spoke again to Elena.

When Elena heard this, the expression in her eyes tightened a lot. What kind of tone was Nicole talking to herself now? !

Why is Nicole being so mean at herself like this today? !

She looked at Nicole and subconsciously wanted to ask Nicole what she meant.

Little did she know that Nicole smiled at this time, and that smile made Elena look terrifying.

'Does Auntie have anything to inform me? Or still doesn't want to go out?'

'I want to take care of your dad here...your dad hasn't woke up yet...'

Elena's eyes reddened again, and she was a bit sad when she talked about it.

'Do you still want to cry?'

When Nicole stared at Elena who was about to cry again, she raised her voice and her tone was sharp.

'Nicole, that's enough! Whatever she said, she is still your aunt, is this the propitiate attitude you should have towards your aunt now?'

When Raven saw his mistress being bullied like this by Nicole, he couldn't help but speak.

But Nicole chuckled indifferently here.

Nicole stared at Raven sideways, squinting her eyes and asked, 'Why does my uncle care about my aunt so much? My dad hasn't said anything while lying on the bed, but my uncle is worrying about her.'

Nicole's tone was very meaningful at that moment, and even a bit aggressive.

Raven's face turned red immediately.

Raven stared at Nicole's face, and the expression in his eyes flickered. This Nicole is really difficult to deal with... Now that she is with Shawn again, Raven suddenly felt a sense of danger.

'What are you thinking about? We are family. What did you mean with two sentences you said? There is no other meaning.'

Raven suddenly looked at Nicole and retorted.

'Then you are rude to your aunt now. As a family, can't we say anything?'

Raven stared at Nicole and frowned. He seemed much calmer, not as panicked as Elena.

'I'm impolite? Don't give me such a bad reputation and don't judge me. How impolite I was?'

Chapter 37 Do you still need to experience how str

Nicole directly retorted at Raven, she pointed at the door.

'My second-uncle should take the aunt out if you think I was being impolite. I don't think I am impolite.'

'If you really feel sorry for Auntie, you can take her out to apologize to her right now. You feel bad here, and I am annoyed by your behaviour!'

Nicole didn't want to quarrel with them here even more. Bob hasn't woken up yet. If these unpleasant things happen, it will be no good for Dad to see such situation if he woke up.

Raven stood here stiffly, but he didn't expect Nicole to embarrass himself without changing her face!

He was at least Nicole's uncle, her elder uncle!

Raven wanted to refute Nicole and ask Nicole to take respect to herself.

But when he was about to speak and criticized Nicoel, Elena suddenly took Raven's hand.

'You go out first, don't quarrel with Nicole. Wait here if Bob is woken up...'

'Auntie, you probably understood it incorrectly. I didn't mean to let him go out alone, I mean let the two of you both go out together!'

Nicole moved her eyebrows, and pointed her finger at the door again. She put a soft tone and didn't want to quarrel with these people again.

'Go out now, don't let me wait to rush you out, I don't want to disturb my dad.'

Nicole's words changed the expressions of these two people again.

Elena subconsciously wanted to speak, but after seeing Nicole's eyes, she had no choice but to shut up and retreated what she was going to say.

If you continue to talk to Nicole now, it cause some unexpected consequences to them.

Elena pulled the corners of her mouth and nodded with a smile, still with an aggrieved expression.

'Okay, then I'll go out. If there was anything happened, just call me. I will be waiting outside.'

Elena didn't dare to say anything to Raven anymore. If he talked to Raven, he might be insulted by Nicole again.

When she went out, she glanced at Bob who was lying on the bed pretending to be worried, as if she was reluctant to leave and wanted to take care of him.

But her face looked funny from Nicole.

Nicole didn't answer Elena's answer, until the two 'troubles" in the room had gone out, Nicole took back her eyes.

She turned and walked towards the door, and even locked the door back, making sure Elena had no chance to come in.

Standing here, Shawn watched Nicole's every move now, and felt a sense of satisfaction about what Nicole just did . She really did not hide her feelings towards Elena.

After Nicole returned to Shawn's side, she shifted her eyes to Shawn.

She looked at Shawn for a moment and then opened her mouth.

'Will Elena and the others hate me and do something harmful to me about the words I said?'

Who knows if Elena and the others will against her in private because of this incident.

'Are you scared?'

Shawn didn't answer her question, but chose to ask her instead.

Hearing that, Nicole hesitated for a moment. She didn't know how far the two disgusting guys Elena and Raven could become could be perverted, but Nicole was really afraid of what might happen to her.

She looked at Shawn and nodded: 'I'm afraid of death.'

She was not very afraid of other things. She was mainly afraid that a lot of trouble will be left after she died. Her father has not been protected well, and it was impossible to leave by herself, leaving Bob here alone being bullied by people like Elena. It was unbearable.

Shawn didn't expect that Nicole would give himself such an answer, and he laughed.

'Who dares to let you die, don't worry, you won't die without my permission.'

Shawn suddenly reached out and patted Nicole's shoulder. When Nicole looked at him, the smile at the corner of Shawn's mouth suddenly became quite meaningful.

'Unless you died beneath me.'

He suddenly raised Nicole's chin, staring at Nicole with a meaningful smile.

Nicole's heart beat fiercely for a while when Shawn said like that, she directly raised her hand and patted Shawn's hand away and gave Shawn a despite glance.

'How is it possible, you are not so good to fuck me to die.'

She turned around and looked at Bob who was lying on the hospital bed. She just turned around and was pulled back by Shawn.

Shawn's hand was circled with Nicole, he pressed it to Nicole's ear, and directly bit Nicole with a trace of punishment.

'Have you forgotten what we have done at the hospital that day?'

'What the 'monster" said, can I still think of it now? If we can't remember, let's take a time to do what we did another day?'

When Nicole gasped in pain, Shawn pressed her ear to remind him in a low voice, with a slight threat in his voice.

Nicole was scared, of course she knew how good Shawn was, and she hadn't experienced it before. And she just not wanted to admit that he was so good.

I said that just now because I said it casually.

'No more, that's enough...'

She trembled, she couldn't help shaking her head, and went for another sexual activity. Her body couldn't stand it, and her ears couldn't stand it. Her whole body started to tremble when she thought of what they did at the staircase.

'I was wrong. I just said it casually. My dad is still here.....'

Nicole thought of waiting for Bob to wake up, she shuddered again in an instant, she was really worried that Bob would wake up, seeing that if the two of them do these things here, the influence was sure wouldn't be good. Of course it was not good!

Shawn heard the worry and concern in Nicole's tone, and he continued to stick to Nicole's neck, biting Nicole's neck lightly.

'I will let you go this time, and wait until the evening is finished. And then go back and FUCK with you.'

Just hearing the F words he said, She felt that her heart lost one beat when she thought of the sexual circumstances. She frowned and subconsciously wanted to clamp her legs.

But when he thought that Bob was still here, Nicole suddenly didn't dare, and forced herself to relax.

She closed her eyes and tried to sober herself.

It wasn't until a while later that Nicole calmed down.

When Nicole opened her eyes again, she looked at the person lying on the bed, and she was worried.

'I don't know when my dad would wake up. Why is there still nothing happening now. Could he wake up again?'

'Don't worry about it, Trust me your Dad will wake up later, just be patient.'

Shawn, who had 'threatened" Nicole, still did not forget to comfort her beside Nicole.

His hand held Nicole's hand and gently rubbed the back of Nicole's hand.

'When the two of them were here just now, they should not dare to do anything. After all, there are nurses here.'

'Now the police should also have finished the investigation at the house, wait for the news, there should be something we supposed to know soon.'

Shawn was by Nicole's side. Nicole seemed to be able to feel at ease a lot, and relaxed a lot.
