

## Chapter 38 Taken away by the police

The two people who were kicked out are now sitting on this side of the corridor.

There were also many nurses coming and going here, but these people did not pay attention to Elena and Raven.

The two were sitting on a bench next to each other, and they don't know how afraid to wait for Nicole and Shawn to come out.

Raven suddenly stretched out his hand to hold Elena's hand, and constantly rubbed the back of her hand, without being affected by the words Nicole said just now.

'That damn girl is really getting more and more arrogant now.'

Raven took her hand, and he was gritting his teeth here. When he thought that he wanted to give his daughter to Shawn two days ago, who knew that this dead girl would be with him in a blink of an eye.

They even got engaged.

Now that Shawn was by her side. Did she just want to show off?

'It doesn't matter if the company is against me in terms of decision-making. Well, now she must be against me on everything.'

The more Raven thought of this matter, the angrier he felt in his heart.

It's just that Elena was now more worried and angrier than him.

She suddenly stretched out her hand to hold his hand, she frowned slightly at him.

'Did you feel that she has been targeting you and me? Did

she just discover something?'

They had been together for so long in private, but they never thought that they would be discovered. But now when she thought that Nicole may already know what happened between them, she started to feel uneasy in her heart.

'Discovered?! How could she? We are hiding so well, how can she find anything? Don't think about these messy things here. She won't find anything.'

Although Raven was worried and nervous in his heart, he pretended to be very calm. In fact, he was already flustered in his heart.

'Then why does she always aim at us, no matter what she says, she must aim at us.'

Elena didn't doubt that Nicole knew something was a little impossible. She reached out and pressed her forehead.

'If this girl discovers something before Bob is dead, we will be dead.'

Elena took a deep breath, feeling extremely nervous in her heart.

She felt that based on Bob's attitude towards home and everything. If she and Raven's affairs were really discovered, as long as Bob was persuaded, he should not make much noise.

Just as Elena thought about this, there was a sudden rush of footsteps in the corridor.

She subconsciously looked at the source of the footsteps. When she saw that there were several policemen, her face turned pale for a while. And she even let go of the hand held with Raven.

She constricted her eyes and looked back, trying to pretend that she didn't know anything.

But the police had come to her.

And even stopped in front of them.

Raven knew about Elena's medicine for Bob. When these police comrades were stopped here, he stood up immediately, and asked with that white face in fear:

'Sir, I don't know what's going on you guys now .....

'You are Bob's wife, Elena, right? Please come with us now, we found the substance that caused Bob's current illness in the milk powder under your dresser.'

The police officer's words made Elena went pale for a moment.

She opened her mouth, and stood up from her chair in panic. Her eyes were hitting the policemen.

'I don't know what you guys are talking about.'

'You need to come back with us now to be investigated, you'll know everything when you get to the station.'

The movement in the corridor reached inside the hospital room, and the two people sitting next to Bob and accompanying him were now the ones who heard the movement outside.

Nicole subconsciously looked towards Shawn, she slightly opened her mouth, a trace of doubt passed over her eyes.

'Did you hear any movement outside?'

She could faintly hear Elena's voice.

As soon as Nicole finished asking, Shawn nodded. He heard that, there was indeed movement outside.

'There's a lot of noise outside, go take a look.'

He also wondered if something was happening outside. They could now hear the noise outside from inside.

The two of them suddenly got up and ran towards the door, but when they arrived at the door, the noise outside seemed to be gone.

When Nicole heard that it seemed to be quiet outside, a few doubts crossed her eyes, and she subconsciously turned her head to look at Shawn, trying to figure something out.

But Shawn also didn't seem to know what was going on now.

'Open the door.'

He suddenly pulled the door open.

Now suddenly Elena's voice came from outside again, and she had been calling out to the police comrade.

Their eyes went towards the front of the corridor, and there were indeed several policemen leaving with Elena.

Now it seemed that this matter really had something to do with this woman.

When Nicole thought that, she couldn't help but sneer.

'That was really her ah .....

Although Elena was taken away, Raven was still here, but he had been ignored by them.

He suddenly came up to Nicole and reached out his hand to take her hand.

'It's you, aren't it?! You made your aunt to be taken away by the police?!

However, his hands were stretched out by Shawn as quickly as possible.

In the meantime, Shawn stared at his current annoyed expression and asked: 'What are you nervous about here now, just mind your manners.'

'So what? She is also the member of this family. If she was caught in this way, the whole family would lose our reputation!'

Raven was anxious in his heart, and when he heard Shawn's words, a fire broke out under his eyes.

But Nicole stared at him and laughed, slowly narrowing her eyes: 'I made her to be taken away by the police?'

The sarcasm in her tone of voice became more and more obvious: 'I'm not so great that I can still cause her to be taken away by the police.'

'My father is now lying in a hospital bed, you can ask her what's going on, since she was able to be taken away by the police, that proves that this must have something to do with her!'

'If you're nervous, then prove that she has nothing to do with my father's fainting.'

## Chapter 39 Your hands are dirty.

'How could you!'

Raven couldn't help but point at Nicole, his face was filled with anger.

'If you say this now, if the police can't investigate anything and the news eventually gets out, our whole family will become the joke of the whole city!'

Raven was pointing at her, and he wished he could poke her eyes out right now.

But his finger hadn't been pointed at her for long before Shawn suddenly reached out his hand and gripped his hand tightly.

'How could you point at her like that?'

Shawn suddenly shifted his hand away and squeezed Raven's hand, trying to break it just like that!

Raven's eyelids jumped, and he could feel the strength of Shawn's hand deepen a lot, even feeling as if he wanted to break his fingers.

When he thought of this, his heart swelled with fear, and he desperately wanted to pull his hand back. His eyes were flashing.

'I just want her to know the seriousness of this matter.'

Raven forcefully pulled back his hand, and he stood in front of two of them, with a flickering look in his eyes.

'It's fine now, I'll see what's going on.'

Even though Raven was angry in his heart right now and wanted to argue with Nicole, he had to look at Shawn's face and suppress the anger in his heart.

Shawn stared at Raven's wimpy appearance and tugged at

the corner of his mouth to fall into a sneer.

'I feel like you still don't quite understand the truth that if she was taken away by the police, it's only her own fault if she has anything to suspect.'

'Then there's no way I'd have called the police and only arrested her and not us, huh?'

'I don't have anything to do with the police, do I?'

Nicole's eyes gradually became a lot sharper, she stared at Raven and sneered. Now she was just waiting for Elena to be taken to the police station had been locked up like this!

She tried to kill someone, which was a big crime. ....

Raven gritted his teeth, staring at her expression, his heart was annoyed, and he suddenly drew back his eyes hard, and the color of his eyes also sank.

After Raven turned around and left, only Nicole and Shawn were left here.

Nicole slightly turned to the side, and her sight was bump into Shawn's. But it wasn't for a while that the two looked at each other. Shawn suddenly reached out and pulled up the hand that Nicole was holding in Raven's hand, and even held it in his own.

She looked at his expression and asked back with a slightly raised eyebrow: 'What are you doing?'

'Your hands, they're dirty.'

Shawn seemed to really dislike the hands that had been touched by Raven, he suddenly pulled Nicole towards the front, and it was only after he had washed their hands that he withdrew his eyes and turned to bring Nicole back to the hospital room.

Bob was now lying alone in bed. He had woken up, but

had not yet recovered from those events.

Bob's eyes remained on the ceiling here, and his gaze always hit the top.

When they came back, they could just see the way Bob opened his eyes.

Seeing this, Nicole subconsciously took her hand out of Shawn's, and she went straight to the bed.

It wasn't until she reached this side that she stopped, her hand falling beside the bed, looking at Bob with a worried face.

'Dad, when did you wake up, is there anything uncomfortable now? I'll call a nurse over to check you out and see if there's anything wrong right now.'

Nicole wanted to turn around and went to the nurse just after saying that, but was stopped by Bob raising his hand.

Bob now had some difficulty lifting his hand, and he was fine except for his lack of strength.

'It's okay, I don't have any discomfort right now, just let me slow down a bit.'

When she saw that Bob was so weak now, especially when his voice also gave people a feeling of being very tired, she suddenly withdrew the idea of going out to call the nurse, she immediately nodded to compromise.

'Okay, I'll stay here with you and won't go anywhere, so if you're uncomfortable, just let me know.'

Nicole gently lifted his hand and put it back under the blanket.

Bob nodded, he still wasn't calm down, and even he was still thinking about their revised marriage.

Bob was remembered that he seemed to have been

stimulated by something, that's why he was like this .....

The conversation between Nicole and Raven gradually emerged in his mind .....

He had been with Elena for so many years, so how could he not be clear about what she would use at usual. The color of the lipstick on Raven's shirt collar, he just knew it when he glanced at it.

He had a jerk in his heart and remembered .....

Bob slowly closed his eyes, trying to calm himself down, not wanting to let his emotions get any more stimulated by this.

'Dad, what's wrong?'

Nicole's eyelids jumped, seeing Bob suddenly closed his eyes, and the look in his eyes flickered.

'If you have any discomfort, you must tell me. If you don't say that, what if something happens again?'

Bob had no way to say. Could he tell his daughter he feel painful in his heart?

He closed his eyes and shook his head. He was just an old man. Those things were so shameful.

'It's fine. I just woke up and did not cover up yet. Just let me take a rest for a while.'

Nicole was flabbergasted, why didn't she believe what he said at all in her heart? .....

But she didn't bother to ask Bob, she nodded after resting the look in her eyes.

'Okay, if you haven't calmed down yet, just close your eyes and take a rest for a while. I'll tell you something first.'

Nicole wanted to tell him about Elena, and the thought of

this made her unhappy in her heart.

'You know why Auntie has to give you milk every day, right? She said you were too tired from work, and wanted you to drink some milk before going to bed so you could fall asleep, the purpose was not simple. You didn't know that, did you?'

Her tone of voice suddenly cooled down quite a bit, her father since he could open such a big company, could develop and manage until now, should know what was going on.

When Bob, who had his eyes closed, heard this, he suddenly opened his eyes.

The color of his eyes flickered and trembled.

'What's going on? Why is the purpose not simple? Your aunt ..... is giving me milk because she wants me to go to bed early, so is there something wrong here?'
