

Chapter 39 I heard that the sales have to sleep with people.

"Well,Lavinia,I heard you found a boyfriend?"

The monitor's question was very implicit.He heard that Lavinia became a mistress.He couldn't help but want to remind her for fear that Lavinia would be cheated of money outside at a young age.

"Well,It's just an ordinary relationship.I know what you are talking about.But those are rumors."

Lavinia lived a magnanimous life.Although she got close to Chris because of money before,now they are just a normal couple,aren't they?

"That's wonderful.You know I was freaking out when I first heard that you were in love with a man much older than you."

The monitor was really good for Lavinia.Since school started,he had always appreciated this woman.But he still had self-knowledge and knew that Lavinia would never be together with him.But,since they couldn't be the lover,it's not impossible to be good friends.

Since the mentality was correct,the monitor had taken good care of Lavinia in his life.Even now,he was not in the same class.Like a brother,he wanted to protect her so that she could live well.

"Monitor,thank you."

It was a long time since Lavinia had uttered a heartfelt appreciation to anyone.But,when these heartfelt words came out of her mouth,Lavinia didn't feel

uncomfortable anymore.

When the monitor saw Lavinia smiling,he opened his mouth unconsciously.

"To be honest,I didn't know if I was right or wrong when I asked you out to attend the reunion.I was afraid that you would listen to other people's words and take them to heart.But I felt that we were going to graduate soon.If we didn't find a chance to meet,it would be difficult to meet each other in the future."

The monitor didn't dare to say that he couldn't forget about her directly.Instead,he just told Lavinia frankly that it was time for them to get together.Fortunately,she didn't mind those who thought they would hurt.

"Monitor,thank you for taking care of me for so long.I am very happy to see you again today."

However,students started to talk about the gossip of Lavinia.

Some daring people have found Lavinia drinking privately with the monitor.

"You know I'm always wondering that why Lavinia agreed to attend this reunion this time.It turned out that she was hunting the hunky boy there."

"Our monitor is rich and famous.What kind of woman doesn't have it?So why does Lauren like this second-hand woman?"

Monitor Lauren has been low-key at school.But it was inevitable that some people knew the conditions of his family.

So people knew that the monitor was not as ordinary as they think.

Therefore,when they saw that the monitor had been totally single for so many years,just for the sake of Lavinia,they all got jealous.At the same time,they still had a slight sense of fighting injustice in it.

"She is not only a second-hand woman;several men may keep her at the same time.Don't you usually watch the news?"

Lavinia had felt the unkind eyes around her,but it would not affect her to be disturbed and talked in private.

It happened that those people came directly to Lavinia and Lauren as they talked.

"Lauren,you are not authentic.You have been the monitor of our class for so many years.The party has not started yet.You have not said a word to us.Just come to the corner to talk with the beauty.What about us?"

This speaker was Tommy,who was close to Brook and usually did terrible things.But,of course,he knew that Brook liked Lavinia and was biased against Lavinia.

So that Tommy didn't like Lavinia and blamed Lauren.

"The party has not started yet.Let's wait for other students.Anyway,the time hasn't arrived yet."

Lauren spoke gently,with an excellent temper to everyone,and even though he knew that people were malicious to him,he always smiled at them.

"So I'm sorry we disturbed the monitor's interest,but you don't mind us joining your bureau,do you?"

Tommy smiled at Lauren.

Everyone could see that there was a lot of malice in his smile.

"Well,we are friends.We have to contact more and help each other more in the future."

Lauren was still gentle as usual,and his eyes under a pair of Phnom Penh glasses were bright and clean,without any distractions.

When people heard Lauren said yes,Several men and women came over one after another.They looked at Lavinia as if they were looking at rare things.They said they were chatting with Lauren,but in fact,their eyes were glued to Lavinia.

Watched blatantly by a group of people,Lavinia made an excuse to go to the bathroom.

She thought she could escape these people in this way,but those who had just exchanged pleasantries with Lauren suddenly became interested in Lavinia.

"What's wrong,Lavinia?You're not interested in our subject and don't want to talk to us,are you?"

"Lavinia,we have been studying at school,and all we can get in touch with is these trivial topics.Why don't you tell us about your experience outside this year when you dropped out of school?"

Lavinia held her hands on both sides of the stool,thinking of getting up,but suddenly she didn't know how to exert herself.

People were all staring at her,which made Lavinia felt

nervous.

If she were prey, she believed that the group would eat her directly.

"Nothing special, just ordinary life."

After brewing, the lovely voice became low and pleasant, and it was not difficult for people to hear that she was pulling away from these people.

Ordinary life? I heard that you sell houses in the sales department to earn money. So did you achieve your goal?

Sales department, making money?

A series of eye-catching words immediately attracted the attention of countless people.

Ordinary life? I heard that to sell houses. Many women have to sleep with gold owners. Was this true?

Lavinia's heart was scratched. She thought all kinds of poisons had invaded her. No matter what others said, those couldn't hurt her. But the acquaintance with Chris was a deal at first, which no one could change.

"Jane, do you girls talk so directly? Please respect the employees in every industry."

Lauren saw Lavinia's face pale, and he became serious.

"What are you talking about! I'm talking about a small number of people. If you don't like to listen to it, then I won't say it. Do you need to be upset with me?"

Jane found that what she had just said annoyed Lauren, and she stopped talking.
