

His Insane Lust

Chapter 4 The sofa is wet

Shawn!

Nicole was ashamed and resentful to death, and her lower body clamped involuntarily, but the man just stabbed her, hitting her sensitive spot.

“Don’t you think it’s quite nice?????? I think it’s quite nice. Tearing off the thong, Shawn took Nicole’s leg and pulled her outward from her desk.

The legs were hung on the shoulders of man, who was in the suit and tie, and the broken thong was hanging on the knee of one leg. The woman lying on her back at the desk had her eyes blurred, and her mouth emitted involuntary moaning.

Shawn just unzipped his trousers, his tie was neat, his cuffs were intact, and even his expression was not messy.

‘No, I don’t want it ... Nicole twisted into tears and tried to escape, but the final effect was only to make the man more emotional, ‘turn that off ...’

‘Then—moan, yourself.’ Shawn asked. ‘Well ... Nicole raised one hand to cover her eyes, which was simply too shameful. Shawn turned off the speaker from the good, but the lower body moved faster: ‘Louder.’ ‘Well, no, I, um ...’

Nicole didn’t know what she was talking about at all. She only knew that the pleasure of water accumulates one after another, and she would soon climb to the top...

The telephone on his desk suddenly rang. ‘AH! Nicole’s whole body trembled, but she was scared and let out. Shawn’s thick dick was still in her body. He directly pressed on the hands-free button: ‘What.’ After that, he moved slowly again. The passion that has not yet faded quickly climbed, and Nicole clenched her lips to contain the cry.

‘President, Mr. Raven has arrived and wanted to talk with you about financing.’ The assistant said. ‘I know, call them in.’ Shawn said. Nicole shivered with fear and wondered would they come in like this.

Fortunately, Shawn was being a human once in his lifetime. He picked up Nicole and put her on the sofa. After that, he took off his suit jacket and wrapped it around her.

Finally, he handed her a paper towel: ‘Wipe your face.’ Nicole finally recovered.

Quitting in the middle of it. Nicole kept her head straight, even though her lower body was still ‘begging’ for more.

Raven was here. The second uncle who has separated from his family,

Clearly, his company is running smoothly, but he has to fight with his family for financing. He has been fighting with his father for three months. Now it seems that he is going to succeed.

Nicole bit her teeth. Shawn! Hi there!' Raven nodded and laughed, followed by a girl in a yellow jumpsuit. 'This is my daughter, Eve!'

Nicole couldn't recognize her cousin. She looked like the nightclub girl with that makeup and thought she was the hooker brought by Raven to Shawn.

Unexpectedly, after Raven and Shawn shook hands, he actually grabbed Shawn's hand and took the initiative to put Eve's hand into his: 'Thank you for your financing, this is my gift to you!'

Eve wore a bright yellow veil, and the V-shaped neckline was wide open, revealing half of her breasts without underwear, but it was too drooping to look good.

And the skirt was pitifully short, let alone bending over, even if you walk, you can almost see the edge of her underwear

And she twisted and enchanting: 'Shawn is so handsome and elegant, and I am just a small gift that has not been opened yet.'

Nicole gushed out with a poof smile. At this time, they saw Nicole sitting on the sofa, and Raven's face suddenly changed: 'Why are you here? 'This is my girlfriend.' Shawn drew back his hand quickly to avoid being touched by Eve. Nicole was stunned and almost gushed out again. When did she become Shawn's girlfriend?

However, if this was one of the 'compensations', she was very happy to participate in this performance pretending to be a couple, which made Raven angry!

Nicole said with a charming smile, 'Yes, Shawn has already has a girlfriend, so don't be so disappointed and send out your daughter to us.'

'It's none of your business... We're not family a long time ago.'

'So I called you Raven, not uncle. After all, you don't deserve it,' Nicole said and turned to Eve. 'Hey, I mean, you didn't inherit the beauty in our family! Look at your legs, how dare you say it's a gift? If I were you, I would definitely wear long-legged trousers for a lifetime and never show them!

'YOU ...' Eve's eyes got red. Her legs couldn't be thicker! She will be stared at by countless people even if just walking in the street, but

ty! 'Shawn, you may not know her, she is just the daughter of a bitch, a bastard, she's not worthy of your ...'

'You just said that you and I are not family, and you seem to know a lot about my life. Why do you care so much about my family?? Wanna come back, huh?' Nicole asked airily.

Raven's face was red with anger: 'You SHUT UP!

'You take out your daughter to sell, that made you no better than a bastard. Moreover, you dare to get the good of such disgusting quality in front of Shawn, don't you find yourself ridiculous????' Nicole laughed scornfully.

Eve's tears came crashing down. She was only 19 years old. She did what her father asked her to do. She didn't expect to be compared to 'good', and being said she was of poor quality!

'Shawn!' Raven quarreled with Nicole and simply turned to Shawn. 'I'm here to sign a contract with you. Look at this ...'

Shawn was leisurely leaning on his desk and admiring Nicole. Calling her second uncle Raven and her cousin nothing. She's really something. 'What did I tell you last time?' Shawn asked Raven.

Raven immediately squeezed out a flattering smile: 'You said last time, let me take the audit data to make the final check with you ...'

Generally speaking, when it comes to this point, reviewing data is just a formality, and the financing contract can be signed on the same day.

However, Shawn said: 'Don't look at it, the audit will not pass, and the financing will be canceled.'

It was like a lightening from the clear sky. Raven froze for half a minute before he reacted: 'You, what did you say? Why did the audit fail!'

'Because the quality of the prospective partners is—too bad.' Shawn said,

Raven was stunned. It seemed that it was impossible for Shawn to scold him for his low quality. He immediately turned to Nicole and said, 'Is it you? YOU BITCH! You provoke my relationship with Shawn, right? So Shawn wants to raise money for you? Not for me?'

'Why don't you look at yourself in the mirror ...'

Before Nicole opened the office door, Shawn called the security guard: 'Within a hundred years, X-beats will no longer cooperate with your company. Get them out of here.'

After that, the two were held by security guards and quickly disappeared into Nicole's sight. When the gate closed again, Nicole said, 'Thank you, Shawn, just now ... Before she finished speaking, Shawn came over, grabbed her leg with both hands and lifted it.

"AHHHH!" Nicole screamed aloud, and her wet lower body was suddenly met with cold air, and she shivered and contracted unconsciously. .

'You got the sofa wet.' Shawn commented and unzipped his trousers.
