

Chapter 40 - He Probably Knew Elena Was Cheating o

Bob originally didn't have much doubt about this matter, but after being reminded by Nicole, he seemed to realize something.

But he didn't want to believe in such a thing, and what he was thinking about was always family harmony and prosperity.

Now that his brother hooked up with his wife and Elena seemed to have done something to him. Now he didn't know what to do.

He looked at her, waiting for Nicole's answer.

When Nicole saw that he seemed to be very nervous, she felt particularly helpless in her heart at the moment, only he could tolerate the person like Elena. But she only felt Elena was not worthy for her Dad!

A shameless and ruthless person like Elena didn't deserve to be with Bob!

'She's at the police station now, so I guess she's found something at home.'

Nicole's expression was quite calm when she said that.

In the meantime, Bob stared at her because of this, and he couldn't help but say, 'How did this happen? Why is she still in the police station now?'

His current expression made Nicole have a vague feeling of foreboding in her heart. There was always a feeling that Bob was going to help those two people.

'That's what she deserved, if she hadn't done anything to you, Dad, you wouldn't be lying here. And, if she really hadn't done anything, she wouldn't have been able to go to the police station!'

Nicole still felt annoyed in her heart when she spoke of this matter.

'How could you do that! Even if there is something you should negotiate it in private. You suddenly did these things like this, the family is scattered. This family is still better to be stable.'

Although Bob was a wise man, his failure was that he was soft and had never wanted the family to quarrel.

Nicole was so patient with Elena and her two daughters because of Bob, and now she wanted her to continue to be patient, she would not do it!

'Now that you're saying this for them. what if she really did something to you? what about you? what about me? You're the only father I have!'

Nicole suddenly strengthened her tone and retorted at him.

'You don't have to interfere to this thing. I will not do that. Anyway, now the person has gone to the police station over there. You don't have to worry about this anymore.'

Nicole no longer wanted to be like Bob, who had been patient on those two people.

Now she was even questioning whether Erin was Bob's or not!

Or was this sister actually the child of Elena and Raven?

When she thought about this, she felt a nausea in the heart. The color of her eyes sank, she reached out and wiped her arm. She felt sick when she thought about that kind of thing.

'Nicole

Bob weakly called out to her, he also knew that she was

worried about himself, but Elena was also his wife.

'No matter what she said, she is still your aunt and my wife, and you are'

Bob was still trying to persuade her to help Elena out.

But Nicole's face suddenly pulled down: 'That kind of person is not worthy to be your wife at all, you know':

'It's time to eat something. He hasn't eaten anything yet since he woke up.'

Just when Nicole was so impulsive that she wanted to tell Elena and Raven what they had done. Shawn, who had been standing on the side in silence, finally spoke up.

Shawn even held her hand.

If he let her speak any further, they might have an accident.

It was only after his reminder that Nicole suddenly reacted, and she almost told him about Elena's affair with Raven, which would have made Bob angry again.

After Nicole regained consciousness, she hurriedly restrained the look in her eyes.

He looked at Nicole and opened his mouth, wanting to ask if she knew something. But if he did so, the family's relationship would be even more strained, and he would lose even the most basic dignity of a man.

Bob thought about it, but he pushed down the thoughts in his heart.

He opened his mouth and laughed for a while: 'Yes, I'm already a little hungry and want to eat something. Just go buy something to eat. I guess none of you should have eaten anything.'

After Bob said that, he even waved his hand at the two of

them.

Shawn's gaze fell on Su Yongkang, he is also a man, he now knows exactly how Bob felt.

Shawn always felt whether Bob already knew something in his heart.

'Let's go, let's go buy something first and come back, or else we'll be hungry later.'

Shawn took Nicole's hand and tugged on her again.

She had no choice but to withdraw her gaze.

'Dad, then I'll go out with him to buy something first. You just lie here and don't move yet. Resting well is the most important thing.'

She instructed him, and then ran outside.

It wasn't until after reaching the outside, when they had walked a distance, that Shawn spoke up and reminded: 'Your father should know something. Men's awareness of this area was not much worse than women.'

In the meantime, he could see that Bob still cared about Elena.

Nicole stared at him, 'So he knew all of these and he still has to endure, right? He can put up with people cheating on him, right?'

'Your father can endure it, I can't.'

Seeing that Nicole now looked like she was gnashing her teeth, his eyes looked a lot deeper. He reached out and took her hand and squeezed it in his hand.

'Go buy something first, and when you go back later, don't say anything about Elena again. No matter what, you must endure and not say it.'

'When he gets well, you can say it again, it's not too late.'

But Bob was not ready to hear these things right now, and the words of someone who said them would have the greatest impact on him.

'He may be clear in his own heart, but it's different if this matter is to come from someone else's mouth. Especially from his own daughter.'

Nicole gradually understood what his words meant.

She looked at him and nodded.

'Alright then, I'll bear with it now and not say anything.'

She closed her eyes and forcefully pushed down the anger in her heart.

Shawn was right. She couldn't let her dad's body get hurt any more, nor could he be mentally stimulated.

Chapter 41 - Bob Was Trying to Escape

Bob struggled up from his bed after the two left.

He looked at the syringe on the back of his hand and suddenly reached out to pull it off.

He couldn't let this kind of thing happen in the house, even if he knew something in his heart, he couldn't let anything happen to Elena.

He left the room early, but didn't talk to Nicole and Shawn in advance.

He thought that they two were going out to buy something, but who knew that they were buying it downstairs in the hospital.

When Bob was leaving the hospital, Shawn turned around just in time, and his eyes fell on the man.

He looked at Bob, who was still wearing a hospital gown, and sank his eyes, but also reached out and pulled Nicole's clothes.

Bob should still need an infusion, and if he left now, it would somewhat affect his health.

'Your Dad, I guess he's going to the police station to find someone, right?'

Just after Shawn finished speaking, Nicole's heart thudded violently. The color in her eyes flickered, and she couldn't help but look towards where Shawn was looking over.

When she saw that it was really Bob, she suddenly gritted her teeth.

'How could he do that!'

In the meantime, Shawn saw that Nicole was in such a hurry that he reached for his things and caught up with her at once.

Bob was so weak and couldn't walk fast enough that he didn't even realize that Nicole and Shawn had spotted him.

He was about to walk to the side of the road to get a taxi when Nicole caught up with him.

Her sight stayed on him. She stared at him and shouted.

'Dad!'

At the sound of the voice, Bob's pace dropped, and his face also changed after being called by Nicole.

'Where are you going? Do you have to go to the police station to find someone?'

When she saw that Bob had stopped and was suddenly chasing after her toward the front, she reached out her hand and pulled his hand over.

'Is it that I didn't notice you and you just took the car?'

Bob's eyes trembled, and when he lifted his eyes, he just saw her frowning face.

In the meantime, he couldn't help but pull his hand back and even sighed in front of his daughter, as he weakly opened his mouth to see her face looking so ugly.

'It's not good if these things were heard by others. Nicole, I want to go to the police station to bring your aunt back first. No matter what, there must be some misunderstanding, your aunt can't harm me!'

Bob was still comforting himself now, with a moment of disbelief in his tone.

On hearing this, Nicole looked at his current expression, and couldn't help but sneer. Only her stupid daddy would think like this.

'Whether it hurts you or not, you know in your heart, and I don't want to say anything more to you.'

'But if you want to go to the police station and bring the person back, no, I won't agree to that.'

Her eyes sank and shook her head at him.

'What's more, you're not unaware that you'll need an infusion later. You're not even physically stable right now, so what are you running around for.'

She forcefully reached out and pulled him, not wanting Bob to be fooled by those women and Raven, that disgusting guy.

Bob weakly opened his mouth, wanting to talk to her properly.

But when he saw the expression on her face, he didn't know what he should say. Her attitude was obvious, and it was clear that she wouldn't let him go.

He restrained the look in his eyes and took Nicole's hand.

'We're family, there's really no need for this.'

She stayed in place, listening to his unnecessary words. She was disappointing. Her father was perfect except his weakness. He did everything like this, for the sake of the family!

'Go back to the infusion first, your own health is most important now.'

When Shawn caught up with him, he just happened to hear his words, and he couldn't help but advise Bob.

Now Bob's body didn't allow him to run to the police station so capriciously.

'After you get better, it's not too late for you to go over to the police station, and nothing will happen to her in these two days.'

Shawn's words caused the worry under Bob's eyes to

flicker for a few seconds.

He looked at Shawn's expression, and seeing that he had said so, he had no choice but to put away the look in his own eyes.

'Then in that case, okay

Bob nodded helplessly. He really wanted to go to the police station to check on Elena, who was his wife and the mother of his daughters.

If anything happened, it would not be good for a family.

It's just that now, because of Nicole, he had no way to go to the police station over there noisily anymore.

'Let's go, since we've promised to go back and have a good transfusion, you just take a rest and don't make any thoughts.'

What's more, it's also dark now, so it's inconvenient to go anywhere.

Nicole looked at Shawn. This man really got something. He just said a few words to persuade Bob down. If that was her, Bob should not even agree now.

The two of them collided with each other, and Shawn's eyebrows moved, but he didn't say anything.

The two of them and Bob went towards the hospital gate together.

Now on this side of the police station, Erin and Raven were waiting here, wanting to wait for Nicole to come over, who knew that after waiting for so long, there was still no sign of her arrival.

Erin bit her teeth, she suddenly stood up.

'Why doesn't Nicole come over now to explain. If Dad didn't wake up, only her words will be useful. Is she really going to let Mom get into trouble!'
