

Chapter 42 - Never Try to Seduce Her Husband

Erin came to the hospital with a lot of anger.

After she learned what ward Bob was in, she rushed directly to that ward.

But she didn't expect to see Shawn again.

When she saw him sitting on a chair outside the hospital room, her pace suddenly stopped.

She stood frozen, looking at Shawn, the color of her eyes quietly deepened, and the anger from earlier suddenly disappeared, and what came to mind was how to seduce this man.

She thought a little bit and pulled her clothes down a bit.

When pulling down the clothes, the black straps on the shoulders were exposed.

Erin's eyes swept a glance towards the black shoulder straps on her shoulders, making sure that she could let Shawn see that straps. Her lips suddenly raised a smile with a bit of pride.

Nicole was not be with Shawn right now. It was her perfect time to do this. She couldn't believe that she would not seduce him with her beauty.

She pulled her clothes and exposed her underwear shoulder. The chest of the trench was also looming. After ensuring that she was now very attractive, Erin walked towards to the man over there.

Her foot stepped up a lot. Until soon to the side of Shawn, her eyes instantly with a few tears.

She was at least an actress, and her ability to cry when she said she would was not something to brag about. But this kind of crying was a bit fake, and it's the same as when Elena cried

beside Bob.

Shawn was so engrossed in his work on the phone that he didn't notice that someone was approaching.

When an additional person suddenly sat beside him, his eyes tightened considerably, subconsciously shifting his eyes to the person next to him.

When he saw who this woman was, a trace of displeasure spread across the depths of his eyes.

'Can I sit here?'

When Erin looked at him, the tears in her eyes suddenly snapped and fell on the back of her hand.

He looked at the woman who suddenly cried out in front of him, and a trace of displeasure spread over the depths of his eyes. why did She cry in front of him? It even reminded him of the way Elena cried in the hospital.

'No.'

Shawn hid the unhappiness under his eyes, his voice was much colder, and the appearance that was revealed in front of Nicole was completely inconsistent with the appearance that was revealed in front of Erin.

'I'm in a bit of a bad mood right now, I want to sit here, can I lean on you?'

As if she didn't understand his words, Erin even shamelessly offered to lean on his shoulders.

Shawn's eyes looked a lot cooler, staring at her shameless appearance. He subconsciously wanted to get up.

But in the next moment, he put his thoughts away.

Shawn looked at Nicole, who was standing behind Erin, and his eyes suddenly swept over some of the interest. He could now clearly feel that Nicole was upset, he wanted to see

how she was going to do.

Erin reached out and pulled his hand, wanting to talk to him, but not long after she reached out and touched his hand, she was suddenly grabbed.

The moment her hand was grabbed, her eyelids jumped and her eyes followed the flicker.

'Why are you sitting next to my fiancée when your clothes aren't on properly?'

Nicole tugged her wrist, and her tone gradually took on some sharpness. She suddenly reached out and tugged on Erin's clothes, pulling up the clothes that she had deliberately dragged down.

It's not just about pulling clothes, but also about pulling Erin's entire body up with her.

Her eyelids jumped, forced to meet eyes with Nicole. When she saw the sharpness in Nicole's eyes, she couldn't help but open her mouth to retort.

'Can't I just sit here and rest a bit? Sister, there's no need for you to be so nervous. We're all family, if you're so nervous, it's like I'm doing something bad. I'm not doing anything.'

Erin gritted her teeth and still looked unhappy after saying that. She reached out and tried to pull her hand back, but Nicole was so tight that she couldn't even try to pull her hand back now.

'As for the clothes. It just fell down by itself.'

Erin left the corner of her mouth, and looked as if she had really been wronged.

Nicole under the eyes of the look pulled down. She let go of Erin's hand, suddenly reached out and tugged her clothes. But in the case of Nicole so tug, her clothes still did not fall off.

'Your clothes probably didn't fall off under natural circumstances, right? You did this on purpose, right?'

Nicole also did not conceal the sarcasm in her eyes, she stared at her and sneered.

When she finished speaking, she reached out again, directly pulling Erin away from Shawn's face. And she turned to stand beside him, even reached out to take the man's arm.

'Shouldn't you be inside the police station with your mommy at this time?'

'After what Auntie did, you still have the presence of mind to talk to my fiancée here now?'

Nicole smiled at her, and her words became sharper and sharper.

She didn't expect to see Erin seducing her husband, who was already married, after she came back from a trip to the bathroom.

She didn't believe her bullshit explanation. Only a fool would believe Erin's words like that.

'You!'

'Sister, you're really getting nastier. I'm in the middle of grieving right now, my mother was being victimized by you to go to the police station. Now you're just saying these sarcastic things here.'

Erin bit her lower lip, looking aggrieved.

If she hadn't seen Shawn here, she would never have spoken to Nicole in such a tone.

She was completely trying to maintain her good image in front of Shawn.

It's just that Shawn had no feeling for this person.

'Sarcasm? What sarcastic words did I say, I'm telling the truth.'

Nicole looked at Erin's aggrieved expression. She sneered again. Pretending to be pitiful in front of Shawn and her was not going to work.

'What if your mother is like this now, you should blame her yourself for doing something unethical. That's why she was arrested to the police station.'

Nicole was not going to save any more patience for this woman.

Shawn stayed by Nicole's side and listened to this conversation between the two women, and was quite satisfied.

He knew that Nicole was not someone who would easily suffer.

He placed his hand on the back of Nicole's buttocks and gave it a gentle squeeze.

When Erin said this, the expression on her face darkened quite a bit again. And she took a deep breath and suddenly turned around with the anger in her heart.

'Where are you going?'

When Raven saw that Erin was now leaving, he asked.

'I'm going to the hospital to get Nicole to come over, I can't let her hurt my mother like this! I think she did it on purpose!'

The more she talked, the more obvious the burst of anger in her voice became.

Raven opened his mouth, thinking of the expression and tone of Nicole's voice when he left, and wanted to tell Erin not to go over there.

But when Raven wanted to speak, Erin was already gone.

He was dumbfounded, looking at Erin walking so fast, he couldn't help but frown and sigh.

Now if Nicole didn't let go, things would be worst!

Chapter 43 - Showing Affection in Front of Erin

Nicole's buttocks were stiff, and she couldn't control herself for a while after being grabbed by Shawn.

She subconsciously shifted her eyes to the man and raised her eyebrows at him, indicating that he should not touch her.

But his hand on her buttocks still didn't move away.

She reached out and tried to pull away his hand, but as she reached out, she noticed that his hand moved directly to the back of her waist.

Nicole's eyes flickered and settled down, but she was able to let his hand fall on her waist.

'Sister, you're really too much

'There might be some kind of misunderstanding here, and it's really unfair to my mom that you're so sure it's her who did it.'

When Erin saw that they were exchanging glances, she couldn't help but interject with a full sense of reluctance in her eyes.

But this reluctance was ignored by them.

'Look at the results of the investigation, don't you dare talk to me about fairness here.'

'If they don't arrest and investigate my dad might die

When Nicole said this, she slowly narrowed her eyes. Her gaze rested on Erin, and stared at her with a chuckle.

'That's also my father! I don't want anything to happen to Dad, either.'

'So if you didn't want anything to happen to Dad, why didn't I see you when he came to the hospital? What time is it now before you come to the hospital?'

Nicole once again forced Erin to ask her.

Erin's eyelids jumped, and her eyes were full of grievance. She started to cry. When she was crying, her eyes even swept towards Shawn's side intentionally, as if she was deliberately expressing to him that she was now very grieving.

'Then I didn't know at that time well. If I knew, how could I not come to see Dad.'

Erin bit her lower lip as she spoke, the aggravation under her eyes obvious.

When Bob came to the hospital, Erin was fantasizing about having sex with Shawn in Nicole's room. So how could she have the time to come to the hospital?

'No matter how much you explain now, it's all unnecessary nonsense!'

Nicole looked at her grievances and felt annoying in the heart. She really wanted to get the tape to seal her mouth if she could.

Nicole withdrew her eyes and her gaze fell on Shawn, tugging at the corners of her mouth with a very perfunctory smile.

'I'm so tired right now.'

Shawn suddenly bent over slightly and picked her up from the ground.

He turned to the inside of the ward with her, and came out just now because Bob had fallen asleep. They could not disturb him.

Now Shawn was aware that Nicole was a little tired, and he just carried her in.

The tears in Erin's eyes stopped when Shawn turned around with Nicole in his arms, and she bit her teeth to look at

'How's your mom doing? The cops didn't give her a hard time, did they? It's so late and they're still not releasing her?'

As if Bob didn't hear what Nicole said, he put his other hand on Erin's hand, patted her hand and spoke : 'If they don't release her now, let's pack up and go get your mother.'

Nicole listened to his words, the whole person stiffened to one side.

Her eyes also followed Bob. Now he was totally forgetting what he promised herself just now?

Did he still take her words for air?

When Bob really wanted to get up from the bed, Nicole reached out and pressed his hand: 'Dad, do you really want to go? You forgot what you just promised me, didn't you?'

She held his hand tightly. Bob wanted to follow her over, just see if she agreed here.

'You didn't even ask my opinion and you just want to follow her now?'

Nicole's sharp eyes swept over Erin's body. When her gaze fell on Erin, she saw the hint of smugness under her eyes. Her heart thudded, this person was doing it on purpose, wasn't she!

'Nicole, don't be like this. No matter what, she's your aunt, and she'll feel bad if she can't get out of the police station all the time now.'

'She stayed inside the police station alone, how can she be comfortable?'

Bob took his hand out of Nicole's and continued to try to get out of bed.

But Nicole laughed at this point.

'Dad, how could she be alone in the police station? There's

probably someone else with her now, right?'

Her words made Bob and Erin's faces change. Erin always felt that her words had some other meaning. She couldn't help but explain.

'Yes, Raven is at the police station to accompany Mom, but I can't let my Mom be alone over there!'

'My mom didn't do anything. If she's alone over there, it's so lonely, and it's the first time she's experienced something like this.'

Erin had been here to speak for Elena.

When Bob heard that Raven was at the police station with Elena, his heart thudded.
