

Chapter 44: Is she my father's daughter?

'Dad, did you hear that, Uncle Raven is at the police station with Auntie. Do you still want to go now, since Raven is at the police station with her. You don't have to worry about her being scared over there alone.'

Nicole emphasized that someone was accompanying her.

She looked at Bob's stunned appearance, and didn't know whether Bob would go or not.

Just when Nicole thought he would drop the idea, he still managed to get up from the bed.

She stared at his movement to get out of bed, and the look in her eyes tightened once again. He had already known that someone was by Elena's side, why would he be so stubborn about going over now?

Nicole's eyes tightened violently for a while, looking at him couldn't help but ask rhetorically, 'Dad, do you really want to go over there?'

He also did not joke with her.

Bob also did not joke with her.

'The family being together is the most important thing. Let's take your aunt home first.'

He didn't look at her eyes, he followed Erin towards the door.

When Nicole saw Bob really went out, she subconsciously wanted to follow along, but was held back by Shawn.

She didn't understand what he meant by pulling herself now.

'My father is going to find that woman, why are you still pulling me now!'

Seeing that the man was about to disappear before her eyes, Nicole tugged on her hand again , but still couldn't pull it out of his hand

'Even if you were to catch up now, do you think you could bring someone back?'

Shawn pulled her back to prevent from catching up again. In this case Bob still thought of catching up. Even if Nicole went up to look for him, she would not be able to find his way back.

Nicole got angry. She dragged her hand hard and stared at Shawn to emphasize the sentence: 'Then you didn't even let me try, the person hasn't caught up yet, how do you know if it works or not?!'

She got a burst of anger. She did not need to go back tonight. Bob would definitely under the compulsion of Elena and Erin to bring Elena back. She was now even worried about returning home to see Elena, she would not be able to resist to do something to her.

'Can't you see your father's attitude now? Even if you go after them, you really think you can bring him back, right?'

Shawn looked at her face with anger, and asked a question back at her.

He suddenly reached out his hand, pulling her towards him with force, and the look in his eyes tightened.

'Also, you were talking to me very loudly just now, weren't you?'

Shawn forcefully squeezed her chin.

When she was about to deny it, his hand suddenly loosened again.

He shifted his targets and moved directly to her chest, and

suddenly squeezed her breast vigorously for a while.

'You think you're very angry and dissatisfied right now, so you're using Shawn said one thing and then squeezed her breast once.

Nicole was angry at the same time. She reached out her hand and pulled his hand, wanting to pull his hand down from her breast.

But when her hand touched his hand, suddenly, Shawn lowered his head again and bit her lower lip directly.

Even her tongue was sucked hard by him, and she couldn't help but moaned.

He closed his eyes, the other hand was still on her breast. He couldn't help but put some punishing force on it, tightly kneading her crispy breast.

When the kiss ended, Shawn released her, the look under his eyes followed by a lot of tightening, reaching out and gently hooking her chin.

'Next time, do you dare to talk to me like this?'

Nicole subconsciously wanted to retort to him, but when she thought of the hot kiss just now, and his kneading just now. Nicole suddenly wimped out.

She looked at him and muttered with resentment in her eyes.

'I was just furious. Who can control it.'

She was never a muffled bag that didn't say anything.

'Didn't I just tell you, since your father has made up his mind to go, do you think it's you who can stop him? It's impossible.'

He hooked her chin, and his index finger lightly hit her chin.

When Nicole heard this, the color of her eyes flickered. In fact, she knew it all in her heart, but she didn't want to admit it.

Now, listening to his words, it seemed that she was a bit powerless to deceive herself any longer.

She fell into his arms with irritation.

'I'm going to stay in your house for one night. If I'm going back alone, I'm worried that I won't be able to help but hit Elena'

She had just finished speaking, just planted herself in his arms, and was picked up by him.

Nicole subconsciously hooked both of her hands around Shawn's neck and looked at him surprisingly.

'Did you forget about our relationship? We're already got married. There's no need to say about that.'

When he said this, he suddenly held Nicole in his arms and strode towards the outside.

Her head was still a little dizzy after hearing what he said.

She hooked her hand around his neck and understood what he said, but her mind started to think about Elena and Erin again.

She suddenly fidgeted.

'There's something else I'm suspicious about now.'

Eventually, she looked at him and frowned.

This man was carrying her out like this. He even did not even gasp his breath and didn't seem tired at all.

In the meantime, Nicole looked at him and wondered if he really wasn't tired.

'Say it. Let me know what you're suspecting.'

'Since Elena was so shamelessly hooking up with Raven. They must have been like this for a long time. And she was extremely close to Raven when she wasn't married to my father before.'

'Then in that case, is Erin my father's daughter or not?'

She stared at Shawn and asked back with a frown.

Shawn nodded thoughtfully when he heard this.

'What you suspect is indeed somewhat reasonable.'

'If you really doubt whether that person is your father's daughter or not, then go and do a test. It's not even a big deal to check this now.'

'I'm sure with your skills, it's easy to get Erin's stuff, right?'

Even if she went to the bathroom to get her used toothbrush.

Nicole stared at the tip of Shawn's eyebrows, and when she saw that he was still so indifferent, she hummed.

'Do you think so highly of me, and believe in my abilities so much?'

After she finished speaking, she paused for two seconds, and suddenly struggled twice in his arms in bad taste, deliberately pushing down.

'Are you really not tired, or just fake not tired. if you are tired I'll come down.'

'According to the number of times I've had sex with you at night, do you think I'll be tired?'

Chapter 45 - They Died of a Guilty Heart First

Now Nicole was really honest in his arms.

She hugged Shawn's neck tightly, and let him hug her to go ahead.

But she kept thinking about Bob and Elena and the others, and she actually still wanted to go see them.

It wasn't until she reached the car that Shawn stared at her, 'What have you been thinking about?'

Her eyes looked a little hesitant, and she turned to him.

'I still want to go over to the police station.'

'Aren't you afraid of being pissed off?'

Shawn stared at her serious expression and fell into a laugh, which was a bit playful.

'It's them who will die first, even if they have to die, their hearts are guilty!'

Nicole snorted, the look in her eyes sharpened, and turned her eyes to move to the driver sitting in front of her.

'Go to the police station.'

If she wanted to go, he didn't object.

Only after the car started did he move his attention to his cell phone. He was watching his work, and didn't care if Nicole peeked at her cell phone.

But Nicole was definitely not taking a peek. Just when her eyes shifted, she happened to see the content on his phone, and even the content was related to his company's important projects, and one of them was linked to her company.

She couldn't help but take a second look at it.

'This is a project that you specifically made up, right?'

The project that was linked to the her family was launched

in the last few days. Nicole thought that Shawn should have made the project for her, right?

When she finished speaking, Shawn suddenly shifted his eyes to her.

'Of course, otherwise, how can your company be brought back to life?'

He suddenly turned off the phone, and used his free hand to gently pat Nicole's chin.

She gritted her teeth and subconsciously opened his hand, her eyes were shining.

In the meantime, after patting down his hand, and seeing his sudden frown. Nicole's eyelids jumped a bit, and she immediately leaned on his arm, hugging him and rubbing against him.

'Honey, you're the best, if it wasn't for you helping the company, I wouldn't know what to do now!'

Although there was a compliment in her tone, Shawn had to admit that he enjoyed the compliment.

The tip of his eyebrows moved, he hummed in a deep voice, and directly reached out and touched her hair.

'Of course, isn't it the right thing to do to help your wife out of her troubles?'

He once again patted her head lightly.

Nicole always felt like Shawn was touching his pet, but seeing that he had helped him solve her company's problems, she endured it.

The two of them ran all the way to the police station.

Coincidentally, when they arrived here, they just got off the bus and saw a few people coming out of it.

who don't know, they think you, Raven and your daughter are the whole family.'

Her words were getting sharper and sharper.

And now Elena's face had been completely pale by her words.

In the next moment, her slutty operation suddenly made the speechlessness in Nicole's heart even stronger. She saw her directly come to this side after being disqualified by herself.

Elena hurriedly reached out and held Bob's arm, standing on the other side of Nicole.

'Bob, it's really not like what she said, didn't you know everything just now?'

Elena was now guilty of not being able to speak to Nicole, so she came here to find Bob to explain.

She gritted her teeth and reached out to pull down Elena's hand, but was blocked by Bob when she just reached out her hand.

She looked at his outstretched hand, her heart thumped for a moment. Fine, he was going to help this person speak again, she knew.

She paused and nodded, pulling her hand back from Bob's side.

'What your aunt said is really right, you don't always have to be so radical. Nicole, Dad is fine.'

Paranoid?

In the meantime, she stared at his appearance, and she took a deep breath.

'Yes, it's all my fault, I've wrongly blamed her. All right.'

In the meantime, Nicole was not able to talk to Elena in

this way. She would like to rip her face off, and if she had any guilty conscience, she would come to Bob at the first time.

She had already known this woman too well, everytime woule be like this.

But the point was, every time she went to Bob to cover up, he just believed her.

Nicole didn't know if he really believed it or if it was just for the sake of the family.

She withdrew her eyes and turned around.

'Nicole, come home with us. Where are you going now?'

Bob looked at the way she turned her back on them and headed over to Shawn and the color in his eyes flickered.

'I'm not going back, I'm going back to my fiancé's house.'

Nicole returned to Shawn, and he even pulled her into his arms in front of them.

'Sister, you're not even married yet. You go to someone else's place every day, it's not good for our family.'
