

## Chapter 45 Seducing Chris Konev

Evans focused on telling Lavinia about Chris's bad and wanted to alienate their feelings. However, Evans failed and was caught by Chris.

"Chris, I thought you didn't intend to take responsibility."

Evans's embarrassment was only for a moment, but it was quickly replaced by hatred of Chris.

"That's our business. What qualifications do you have as an outsider?"

Chris looked at Evans like a worm.

His arrogant attitude made Evans panic.

"Manager Chris, forgetting about The Konev Family brought down The John Family, you knew Lavinia was in a relationship with me at that time. And you just take Lavinia away from me. Isn't it enough that you took the company? Do you still want to destroy my family before you are satisfied?"

Evans did not know how to congratulate Chris for confessing Lavinia's internal contradictions to The John Family. He thought he could make Lavinia trust him by saying so.

"Evans, I have nothing to do with you for a long time. This has nothing to do with Chris. Go ahead."

Chris didn't like the smell of other men around her, and Lavinia didn't like Evans.

Lavinia chose to take Chris's side. Has she trusted this man so much?

"Lavinia,our six-year relationship can't compare with this stranger you just met?"

"Lavinia,I have been sticking to the principle for six years for you.Have you forgotten our original oath?"

Lavinia changed her face when she said the first sentence,and Chris didn't look very well when Evans said the last sentence.

The couple just wanted to drive this crazy man out of the hospital.

"Evans,do you believe that if you don't leave,I will strip off the only shame skin left in The John Family?"

This was Chris's ultimatum to Evans.Evans was now in a difficult situation,and couldn't stand more pressure.After weighing the interests,Evans went out unwillingly.

Lavinia looked at Chris with some helplessness."Sorry,I didn't know he would come.I tried to avoid meeting him."

No wonder Evans appeared.Lavinia swore that when she went out,she couldn't wait to walk away from men,for fear that she would be stained with the smell of other men.

Chris shouldn't blame her this time,right?

Chris didn't blame this woman,but Lavinia looked scared.

In the meantime,Lavinia didn't know Chris had already met Erik.They had already met privately.

When the last fight didn't work out,Chris asked Erik to the martial arts school where he often practiced his

hands,so that Erik could have a good fight with him.

Erik was angered by the provocation method.No matter the identity of the man in front of him,he started to fight with Chris.But after all,he didn't practice too much before.Erik's ending was not very good,and he suffered many skin injuries.In order not to let his sister find the clue,he stopped going to the hospital under the pretext that the company was too busy to leave.

After Erik vented and was beaten,he became calm.

At least when Chris talked to him again,he would not be as repulsive as before and would be willing to listen to Chris.

Only Hawn,him,and Erik knew about Lavinia's amnesia.

That year's events were vigorous,but Lavinia was well protected.Until now,the mysterious figure has not been revealed.Erik also knew that if Lavinia could be well,he could only choose to trust Chris and don't block everything between Chris and Lavinia.

He must admit that Chris was the only man in Lavinia.

After Erik came out of the martial arts school,he asked for leave directly and was silent in his room all day.

People who never smoke have smoked the room to death.

Erik thought that his sister could live like a normal person long ago,including falling in love,getting married,and having children,but later he realized that it was just his extravagant hope.

Without Chris, his sister's life would have come to an end.

After learning the truth, Erik no longer rejected Chris as before and even made three agreements with Chris to make him promise to be good to Lavinia in his life.

Erik was very satisfied with Chris's performance, otherwise, he would not let his sister and Chris get along alone.

In return, Chris privately arranged some work surprises for Erik, which could only be discovered by Erik himself. He knew that Erik's face thought and self-esteem was heavier than anyone else.

Lavinia was taken back to the villa in the north suburb by Chris. Since the child lost, Lavinia had been forcing a smile a lot of times.

On the surface, it seemed that nothing matters. But in her heart, she still felt guilty and reluctant to give up on this child.

Auntie brought a bowl of soup, put it on Lavinia's bedside table, and looked at the woman lying in bed with empty eyes.

"Miss. Lavinia, drink the soup. If you don't raise yourself well, you will suffer if you get pregnant in the future."

Lavinia shook her head. Chris was not there. She couldn't drink anymore. She just wanted to lie in bed and stare at the ceiling.

"These are all prepared by the young master. Don't

ignore the young master's thoughts. As long as the body is well raised, you can have the baby at any time."

Auntie was also a woman. Of course, she knew what children mean to a woman. She was not very persuasive. She could only let Lavinia untie the shackles in her heart slowly.

Now, Lavinia finally moved. She slowly picked up the still-warm soup and gulped down a bowl of soup.

"Even if I didn't find it that day, the child is an ectopic pregnancy and can't be saved. I should thank this child to save my life. But I just didn't feel good."

Auntie picked up the empty bowl, while Lavinia pointed to the location of her heart and told Auntie how painful she was now.

"Auntie, go out first. I want to take a rest."

Lavinia closed her eyes, and the frustration that could only be felt when she was alone was coming in her direction.

On the other side, Chris became more serious.

In the whole secretary's office, there was no one who dared to show off the atmosphere.

Along with them, those who dared not make any noise, as well as Clara, who was naked, messy, and full of tears.

"How did she come up and why did she appear in my office? I spend so much money to pay you. What the hell are you doing!"

Chris threw the cup he was grasping at hand to the

ground, and the fragments of the cup suddenly splashed everywhere.
