

Chapter 52 Beauty Saved Beauty

"You don't know how to give up.I have already asked my classmates to call the police.They will be here in a minute to deal with this matter.Are you sure you still want to threaten a little girl here?"

What they said about her just now really touched Lavinia's heart.She was as miserable as these people described,but she also had the concept of right and wrong.Voluntary and forced were simply two concepts.

The guys saw Lavinia's mobile phone dangling in her hand and believed her words a little bit.

Honestly,the guys had to be careful with the police.But,they still had many chances to look for this little girl in the future.

As long as they didn't get caught by the police,they still had more chances.

"Girl,you won't be so lucky next time."

The man patted the girl's cheek with his hand and said menacingly.

After saying that,the guys left there as soon as possible.

Without the presence of the two men,that little girl suddenly squatted on the ground and burst into tears.

That girl didn't know whether to celebrate that she wasn't caught by those people or to wronged herself that she couldn't fight back when she encountered difficulties.

"Get up.The guys have already gone.Crying will never solve the problem.I can help you once.I can't stay by your side all the time.If I want not to be bullied,I must make

myself strong."

Lavinia had a good smell of jasmine flowers. When the breeze blew, her scent could make people feel relaxed and happy.

The girl looked at Lavinia with a touch of worship in her eyes.

"I thought you were a senior. I didn't expect that you are junior either. My name is Nicole. Thank you. If it weren't for you, I wouldn't have such good luck today."

Nicole, that's a nice name. Lavinia smiled and accepted her thanks.

"Lavinia, may I call you that?"

With little effort, Lavinia wanted to leave after helping people, but Nicole stopped her behind.

"Well, it's just a name."

As long as it was not someone she particularly disliked, Lavinia had no problem calling her that.

"Lavinia, can I invite you to have a meal? or let's leave a WeChat. If I can help in the future, I will be obliged."

Nicole and Lavinia got to know each other because of an accident. She didn't know what she could do to appreciate Lavinia's help. Nicole added her WeChat. If Lavinia needed her help one day, it could be easy to find her this way.

Seeing Nicole's enthusiasm, Lavinia had to take out her mobile phone and scan her QR code.

"We can have the meal next time. I have to go home now."

After saying that,Lavinia looked at the time on her mobile phone.

The driver was already waiting outside the school gate,and Chris should have returned home and waited for her to have dinner.

Nicole didn't recover until she saw Lavinia disappear in front of her.

She was ashamed of what she had said before and her previous misunderstanding of Lavinia.

Those men wanted to let her sleep with their master by giving her money.Nicole was dismissive and even vowed that she would never be a woman like Lavinia.She only heard a few things about Lavinia from other people,and those rumors were somewhat one-sided.Now,after getting along with the honest Lavinia for a short time,she felt that she had wronged Lavinia before

Lavinia was not that kind of person at all.

Lavinia didn't know that her little effort today would whitewash her reputation.Back at the villa in the north suburb,Chris,dressed in silver-gray home clothes,was sitting on the balcony,enjoying the sunset through the open location of the swimming pool.

"Master,Miss.Lavinia is back."

Auntie prepared some pre-meal fruits in advance,fearing that Lavinia would be hungry.However,as soon as she brought them out,Lavinia was back.

Sure enough, hearing Auntie's reminder, Chris finally came to his senses.

"We can have dinner now. Remember to prepare the soup without oil."

For Miss Lavinia's diet, the young master, was getting more and more attentive.

Auntie went into the kitchen to arrange food, while Lavinia put her satchel aside and went straight to Chris's room.

The man's recent performance was so excellent that Lavinia couldn't find anything wrong with it.

Such a man deserved to be cherished and rewarded.

While Chris was watching the scenery, she bent down and tilted her head to block the realization of the man's view of the scenery and kissed the man's lips by the way.

"Chris Konev, it's a good day."

Sunset and the man were waiting for her to come home. Such a day was an elusive dream for Lavinia before.

"But I always feel untrue. I am really afraid that one day, I will wake up and have nothing left."

I might even lose you one day.

Lavinia silently added those words to her heart.

She didn't want to say it, making Chris feel that she had already fallen in love with him.

"No, as long as you don't run away, this is your home forever. And everything you can see is yours, including me."

Chris patted Lavinia's buttocks and let Lavinia sit on his lap.

"I heard that you did good things at school.I remember that you used to be very timid.How did you think of being brave?"

Chris heard from the bodyguard that Lavinia looked like a hero at that time,but Chris didn't see this scene.

"How do you know that?Do you follow me?"

It happened to her only by chance,and Chris was not there at that time.How did he know?

"Since you became my girlfriend,you have been secretly protected by bodyguards.Under normal circumstances,they will not disturb your normal life.Only when you are really in danger will they appear."

At other times,their job was to tell Chris what Lavinia was doing in class and after school.

"I see.But when you put them beside me,I don't have any privacy at all about what I do every day.I don't like this feeling."

Being watched at any time and knowing her every move would make Lavinia feel depressed.

"I won't invade your privacy.The bodyguards only protect you.Think about it.If those two male students are not threatened,they will hurt you.Can you protect yourself or that female student?"

Chris asked,and Lavinia shook her head instinctively.

Chris was right.If those two boys didn't leave,she would get hurt.

Chris still had some prescience.

"It's very thoughtful of you,Chris.Thank you so much."

When Lavinia was happy, there would be a little starlight in her eyes.

Chris was fascinated by this scenery. He directly pulled the woman into his arms and kissed her deeply.
