

Chapter 53 He often prepares surprises for me

People who were sitting here were all stunned for her words.

Was she talking about Erin the trash?

Although everyone here knew that Erin was useless, but when they heard from Nicole about this, everyone was quite astonished.

Raven kept back, looking at her and frowned slightly, couldn't help but stared at her and asked, "That's what you said about your sister?"

Nicole laughed and knocked on the table. Her eyes fell on him. Seeing Raven frowning, she spoke again.

'I think it is necessary to make it clear to everyone.'

'Since I'm in charge of the company, then you must abide by my rules. At work, don't engage in these obscure ones. Public and private are separate! I hate those who are mixed with personal feelings at work.'

When she said this, she glanced at Raven again, seeming to remind everyone that she was pointing to him.

'As for my uncle just now, I said that I targeted Erin and said that my sister was rubbish. Oh, I'm just telling everyone, don't look for rubbish.'

'The company finally got into formality with great difficulty, and if you come to these jerks and engage in these useless operations, I think the company will lose out to you guys!'

Her tone suddenly became tougher, and when a word fell, the office suddenly became silent.

Especially Raven dare not say anything anymore.

Nicole's mind was better than Erin, otherwise Bob would

not hand over the company to Nicole to manage...

But this was not good for him, Raven...

He quietly squeezed his hand, it seemed that he had to let Elena to persuade Bob, and never let Nicole sit in the top position.

This meeting was frightened.

Nicole was the most relaxed person. After the meeting, she followed the assistant back to the office.

Who knew that there was a bouquet of roses on the desk, and there were very exquisite afternoon desserts? But to the surprise, Erin was standing there, even trying to manipulate the roses on her desk.

'What are you doing in my office.'

Her voice suddenly fell, and Erin's face paled for a while. She pulled her hand back subconsciously. She turned and stared at Nicole. Seeing she coming back so soon, Erin's eyes flashed with anger.

'Aren't you still in a meeting? Why did you end it so soon.'

'I am here, of course I am looking for you to talk about the project!'

Nicole didn't pay attention to what Erin said, her attention was now on the roses on the table and the cakes.

When she got here, Nicole saw the little card on the table.

'To my love.'

When Nicole looked at this string of words, she was still a little surprised. Was Shawn sent it? She was not sure if this word was written by Shawn.

When Nicole was puzzled, someone suddenly came in outside the door. It was another assistant of her. She went to

the bathroom just now, and didn't notice that Erin sneaked into her boss's office.

She stood at the door and hurriedly said, 'Manager, this was delivered by President Shawn half an hour ago.'

The assistant's words made Nicole surprised again in her heart. Her eyes fell on the assistant, and she asked in shock: 'Did he send it personally?'

She had just finished asking, and the assistant immediately looked at her and nodded. It was indeed Shawn who sent it personally.

'He also said, he hopes you will be happy to see this flower and dessert.'

'President Shawn is really attentive, so considerate to you.'

When the assistant said this, she still looked envious.

her eyes turned, and her gaze shifted to Erin. With such a casual glance, she saw her anger on her face.

Nicole suddenly laughed, and she reached out her hand to pick up the roses on the table, and she looked at this bouquet of roses with joy in her eyes.

'My dear sent it to me. Of course, I am happy, but he often prepares these surprises for me. I have already got used to it now, but one day if there is no surprise prepared by him, I will lose a little bit in my heart.'

Nicole smiled, and when she smiled, her eyes turned inadvertently and fell on Erin.

Chapter 54 I want to be the spokesperson

'I saw you want to touch my flowers just now, sister, do you want it too?'

Erin's face suddenly became ugly again when Nicole was talking about it. She gritted her teeth and stared at her and denied a word.

'Why do I want it? Do you think I'm just like you, like I've never seen flowers? I'm not rare!'

Erin was full of disdain.

When she listened to her words, she just smiled and said, 'Since you are not rare, then don't let me see what you touched them next time.'

'I have a cleanliness habit, especially the behavior that you have touched my things is very annoying. If you touch my things next time, don't think about getting better.'

She held the rose in a casual tone, and when she spoke, she held the rose to her nose and sniffed it gently, closing her eyes with a happy smile.

Erin stood here listening to her words, and the anger in her heart continued to rise.

She closed her eyes and forced the anger in her heart down.

Until Nicole's assistant went out, Erin stared at her and gritted her teeth: 'Don't pretend to be here. You and Shawn have only known each other not long. How could he send you the gifts every day? Who do you lie to? You can only be proud in front of those fools!'

As long as the person was not there, Erin immediately reveals her original form. The anger in her eyes was obvious, staring at her and gritting her teeth.

Nicole looked at the anger on her face, she couldn't help but shook her head.

'Couldn't he give me gifts since we didn't know each other for a long time? My fiancé really gives me gifts every day, and sometimes I can't push back. It's really sad.'

Nicole shook her head and sighed. She slowly returned to her office chair and sat down.

Erin's eyes sank again, staring at her proud look, the jealousy in her heart became stronger and stronger.

'I want that contemporary speaker.'

Erin did not want to continue to talk to her about Shawn, she was worried that she would be dazzled by jealousy.

'You have amnesia, or did not understand what I said, how did I tell you at Shawn Industry?'

She listened to Erin's natural tone and raised her eyebrows slightly. She faintly stared at her, raising her chin, and asked, 'I need to tell you the exact reason again now?'

Erin's eyelids twitched and she stood here pretending to be calm. She gritted her teeth and said: 'If you don't give it to me, I will go back and talk to my dad about this.'
