

Chapter 53 It's my turn to be your underground lover

The servants were used to such master Chris.

After a kiss,he pulled the woman's hair behind her ears and then breathed to her,"Your mother's operation was very successful,and you should be relieved.However,I think it's time for you to take me to see your mother."

Chris was the heir to The Konev Family,the eldest of The Konev Group,and his burden was more significant than others have seen.

When The Konev Group successfully rose and stood firm,what The Konev Family was eyeing up was the position around Chris.

Too many people wanted to send women to him,which was annoying.Lavinia had already become his girlfriend.He didn't care to take her into the public and tell everyone that Lavinia was his woman.

"Will it be too fast?"

Lavinia was taken aback by Chris's sudden intention.

"Chris,I mean I have nothing,and I am not excellent.I can't even protect myself.How can your family accept me?"

Since childhood,she had never stopped feeling inferior.Even when she met Chris,she was swayed by considerations of gain and loss.So how could The Konev Family,a famous family think about her?

Feeling the complexity of a woman's heart,Chris was not surprised that women have such performance.

"The Konev Group was brought up by me.The Konev

Family branch is complicated, but the main vein is me alone. So even if they are dissatisfied with my choice, they can't have the chance to decide anything for me."

So, even if those people disagree, what could they do?

Chris made this plan because he wanted Lavinia to know that he was serious about this relationship and didn't want to develop an underground relationship.

Initially, Lavinia should be happy. Even Chris thought she would happily agree to come down. But, unexpectedly, after listening to that, Lavinia became more silent.

"I thought you'd be happy that I was willing to go public about our relationship."

Chris's smile was replaced by gloominess. There was no suspense in his eyes. Now it looked like a joke.

"No. I'm just afraid that my mother will not be able to accept you if you announced the relationship between us so early."

Lavinia's eyes also showed a touch of loss.

"My brother has the same concerns as me. But, as you know, my mother has always been very optimistic about Evans and me."

Before, Lavinia's mother Judy tried her best to persuade Lavinia to stay with Evans, hoping that Lavinia would not be as bitter as they are now for the rest of her life. Later, when Judy became ill, the number of mentions of Evans became less.

When Chris listened to Lavinia's words, he was

annoyed. He thought that the greatest difficulty was to shut up all the people in The Konev Family and not interfere with his freedom of love. As a result, it turned to be that he had to make his mother-in-law accept his existence.

"How can Evans compare with me? He had no money, no beauty, no morality. Your mother has always been obsessed with choosing Evans, definitely because she saw him first and never saw me before."

Chris smelly fart with unhappiness. How to conquer his mother-in-law suddenly became an urgent problem for him to consider.

"OK. To not irritate your mother and give her a buffer time, I can become your shady underground lover for the time being. But don't keep me waiting too long. Otherwise, I will be angry."

Lavinia subconsciously realized what Chris would do if he got angry. She shook her head hard. Then, she put her fingers together and said, "I swear, I won't let you wait too long. When the time comes, I will personally announce that Mr. Chris will become my boyfriend. Are you satisfied now?"

After they confirmed the relationship, the roles of Lavinia and Chris were switched, and the original estrangement became no longer necessary because of the progress of feelings.

"All right. I would love to be such a beauty lover, even if I was unknown. But Miss Lavinia, Your underground lover, is almost humble dust. Should you give him some

sweetness?"

The man said so many nice words, nothing more than just want to beg for some benefits. For the sake of his cooperation, Lavinia took the initiative to hold the man's shoulder and sucked his side head on the man's neck.

"Mr. Konev, this is your reward."

Only this?

Chris's desires were so apparent that if she thought that a kiss would make him obedient, would she not take Chris seriously?

Lavinia naturally didn't escape from Chris. So, of course, they missed the dinner. But, although they were drained, both of them enjoyed this pleasant process very much.

The next day Lavinia went to class as usual. However, when she arrived at the classroom, she found another classmate in the course.

To say that she didn't even know how many people there are in her class at ordinary times, how did she find one more person in her class?

Because the girl sat in a conspicuous position in the class, she quickly greeted her when she saw Lavinia enter the door.

"Lavinia, come and sit here. I'm here."

Nicole beckoned to Lavinia, and her books occupied the seat next to her. Just now, several boys asked if they could sit next to her, but she refused mercilessly.

Boys were guessing that Nicole, a new transfer

student,had just come to their class to help people occupy seats.Who could get the favor of this beauty?

It turned out that Nicole was helping Lavinia to occupy the seat.

"Lavinia,I applied to your class with the school.Although the process is a little troublesome,I am so happy as long as I think of being with you."

Nicole took a bag out of the drawer and looked intently,only to find that it was breakfast.

In addition to helping to occupy seats,Nicole also delivered her breakfast.So what kind of fairy welfare was this?

"You must not have breakfast yet.I specially brought it to you.My mother said that girls have to eat breakfast even they are busy.."

Nicole was straightforward.Since Lavinia saved her yesterday,she had been thinking about what she could do to repay Lavinia's favor.Unfortunately,it took a long time to decide to repay her kindness in this way.

Lavinia didn't refuse Nicole's kindness,even though she had already had breakfast before she went to school.

When Nicole talked about her mother,Lavinia remembered that her mother had said the same thing before.

All mothers in the world should care about their children so much,right?If her child had not dropped,she would also talk to her child with such earnest heart.
