

## Chapter 60 Honey,Honey!

In the past few days,Lavinia wasn't at home.Chris always liked to look at the time on his watch subconsciously.And then he could find that time flew so slowly.

"I'm fast enough.You have no idea the way my mother and my brother look at me.They can't wait to kill me."

Lavinia didn't exaggerate,and Judy and Erik wondered whether Lavinia really went back to school or to meet Chris,and both carefully observed Lavinia's every move.

"Then aren't you afraid I'll kill you?"

Chri's hand had already touched Lavinia's thigh improperly.

It was this familiar touch and tenderness,which made Chris got addicted."Behave yourself.You are driving."

Lavinia was not without desire for Chris,but she was reserved and could hold back.She also felt too unbearable that she couldn't touch the man's body.It happened that Chris's hand still dared to be dishonest on her.Lavinia,no matter how strong her self-control was,couldn't help being teased by this hot guy.

"Lavinia,is your thigh cramping?Why is it shaking all the time?"

Chris's finger slid on Lavinia's leg and pressed it in the tender place for a while.No one could stand such obvious code words of courtship and flirt physically and psychologically.

Lavinia almost hummed,but fortunately,she was restrained by herself.

She deliberately turned away from looking at men,and when she arrived at the door of the villa in the north suburbs,Lavinia saw no one around and said to Chris.

"Honey,wait a minute."

The man who was called Honey felt as if something was going to burst out of his heart.

"Honey,since we are all home and there is no car around,it is safe."

Lavinia's words were incoherent,and other people would certainly not understand what she wanted to say.As a qualified boyfriend,Chris was simply understood what she was thinking right now.

"Do you want to do it in the car,or do you want to go to the bedroom?"

It's nothing more than a less spacious car and a bed that couldn't be rolled off at will.See what kind of feeling Lavinia liked.

"It was nice looking at the stars in the car last time,Honey,don't you think?"

The little goblin kept calling Chris the honey,which really killed Chris.

If Chris could still be indifferent and waited in the face of such a stunner as Lavinia,what was the difference between him and waste?

When the seatback was adjusted with one button,the

car suddenly became a big mobile bed.Lavinia's seat belt was unfastened.She was laid off by Chris and waited for his next move.

The moonlight blushed,and Auntie left from work by the back door sensibly.In the whole suburban north villa,Lavinia and Chris were panting,and they were all the sound sources of the whole villa.

Lavinia was fast asleep after having sex.Chris took a thin blanket from the drawer of the car,wrapped her body tightly,and then took the woman off the car.

When Lavinia woke up again,all her clothes had been changed,and Chris had already given her a bath.

Every time after having sex,Chris was the most tired person.His body was hollowed out,and he had to serve the girl and cleaned her up.

It happened that Lavinia still felt that all this was Chris's job,and she just needed to enjoy it with peace of mind.

"I really owe you."

No sooner had Chris finished speaking than Lavinia woke up.

She looked at Chris cunningly like a little fox,and a"Honey"overflowed from her mouth.

"Thank you,Honey.You are the best man in the world."

When Lavinia wanted to use these adjectives,Lavinia felt for the first time that she was still a little poor when she went to college.

"Don't ever call me Honey!"

Chris stared at her with gnashing teeth.He was trying to fuck her again and afraid that Lavinia would not be able to bear it.

For the sake of their bodies,he had to cut off this symptom completely.

"Honey,are you not fond of me,or are you afraid that if we are getting closer,people will know about my relationship with you?"

Watching Chris with watery eyes,it was like Chris had done something sorry to her so that she accused him.Chris just wanted to refute those words.

"Lavinia,do you want me to call the public relations department now and ask them to send a piece of news in the name of the group to tell the world about our love affair?Is this enough to show how serious I am about you?"

If Lavinia really wanted to,Chris did it without saying anything.

"Come on,Chris.I'm joking with you.How can you take it seriously?"

Lavinia suddenly enjoyed the feeling of underground love,which was much more exciting than the feeling that everyone knew.

"I thought you liked to go public about our relationship,but you're still a coward."

Chris looked at the time on his watch.It seemed that it was not enough.

"If you still have something to do,go to work first.I will

go to school by myself later."

What a sweet person!

Lavinia almost moved.

Chris nodded,seeing that time was really running out,and then stamped a chapter on Lavinia's forehead.

"I'll pick up a friend.I won't have dinner at home today.Let Auntie prepare what you want to eat later."

Lavinia didn't think what Chris meant by picking up friends and didn't ask much.

She nodded and watched Chris drive downstairs.Soon,the car drove out of the gate of the villa in the north suburb.

When Lavinia got to school,Nicole was already waiting at the door.

"Lavinia,we obviously have no class today.Why did you let me wait for you at school?"

Nicole was curious about Lavinia's sudden invitation.It was inconvenient to ask on the phone.It was ok to ask in person.

"I am afraid that the driver will make a small report.The place we are going to take a taxi will arrive soon.We are going to celebrate my birthday,only you and me.Ok?I think Miss Nicole can satisfy my wish."

Lavinia folded her hands,and the fawn looked at Nicole.Even the hardest heart melted when she saw this scene.

"You didn't say it was a birthday earlier,so I didn't even give you a birthday present.If you do that next time,I

will never talk to you anymore."

Nicole was already wondering what she could give Lavinia for his birthday later.

Because it was not a weekend,when Lavinia and Nicole took a taxi to Century Square,there were not many people.

In the past,they wouldn't visit the shopping malls here in Lavinia at all.They were too expensive to buy,and they didn't even dare to look at them.

It's different now.Lavinia always had the confidence to take a look at Chris's card.
