

Chapter 61 - Are you jealous?

Why she had to refuse? It's not like she hasn't had a drink or a social life.

Nicole was just about to ask Shawn, when she was pulled over there by him.

This was the first time Shawn brought a woman who was actively attached to him except for social occasions. After all, Nicole was actively brought by him.

'Mr. Shawn and his fiancé are indeed a natural pair.'

'The two of them are sitting together, and they're really matched!'

The person who said this to Shawn was a middle-aged bald man, and although the words were directed at him, the look in his eyes was directed at Nicole.

He hated to have his eyes glued to her body.

Shawn's eyebrows moved, and when he saw that the man's eyes kept lingering on Nicole, Shawn suddenly dropped a laugh, with some faint displeasure.

'It seems that Mr. Wong is always not too happy with the two women by your side, so now you are thinking about my fiancé, right?'

Shawn suddenly reached out his hand and directly pulled her towards him, his hand landing on her shoulder.

Usually, if Shawn was following a woman, and their eyes were always on the woman, he won't say anything.

But now it was only a few stares, and then they heard such a sentence from Shawn.

'Oh, you just misunderstood. I was just curious, that's why I took an extra look. Don't be misunderstood.'

The company's CEO Wong raised a smirk on his face, and if the partnership between him and Shawn was ruined because of a woman, it's certainly not worth it.

He averted his eyes with a guilty conscience, but in his heart, he was still thinking of Nicole.

Nicole sideways, looking at the hint of displeasure in Shawn's eyes, she seemed to be in a much better mood at that moment.

'Are you jealous?'

Nicole asked a tentative question, but it was only just finished, and all she got was a cold look from Shawn.

'Do you think you would be in a good mood if a woman was staring at me?'

Nicole smiled again, the tips of her eyebrows moved, and she directly took her attention back.

'You're just jealous. Stop talking another thing. Jealousy is not something that cannot be told to others.'

After she finished saying this, she suddenly reached out, wanting to take the wine glass in front of her. But it was only just an extension of her hand, and was suddenly pulled by Shawn.

Eventually, he stared at her and asked, 'Have you forgotten all the things I just told you?'

'Didn't I say you can't drink, even if someone wants you to drink.'

He pulled her hand right back.

Couldn't drink? She just thought that Shawn said to drink less, but didn't thought she would not drink. She subconsciously wanted to ask why.

'If you drink and get drunk, who will drive the car?'

This seemed to be a good reason.

But she frowned again: 'I'm driving? Why do you want me to drive, don't you have a driver, and if you don't have a driver, don't you have a chauffeur, and now you're worried that I'm drunk?'

Nicole was in a good mood. She just wanted a drink.

She reached out again and tried to take a glass of wine, but was still blocked by Shawn.

'I help you drink, you help me drive, is there anything wrong with that?'

The two of them were pushing and shoving here, but in the eyes of others, it's like a show of affection.

Mr. Wong, who was stunned by Shawn just now, was now looking at them.

The more he looked at her, the more he wanted to get closer to her. And the more he was threatened by Shawn, the more he dared to look at her now.

And Nicole could also feel that someone was staring at her. Her insight was still very keen, but she didn't know if Shawn knew that.

Nicole looked at Shawn subconsciously, and wanted to ask if he knew about it, but after seeing his eyes suddenly shifted again, Nicole followed to the place where Shawn was looking at.

President Wong didn't expect to be discovered by Shawn again. At the moment he was staring at him, he trembled and retracted his eyes, and the expression in his eyes gradually became guilty.

'You sit here first, I'll go over there.'

Chapter 62 - Let go of me

If he didn't talk to him, it's likely that this Wong would not know what it meant to be afraid.

Shawn suddenly got up and walked directly towards his side.

Nicole's eyelids jumped, confused by his operation. She didn't expect Shawn to dare to go to this CEO Wong's. She always felt that he wanted to talk to him about his own business.

She sat here and kept following Shawn with her eyes.

Until he arrived beside Mr. Wong, Shawn sat down, and his palm fell on the man's thigh.

He couldn't help but frown, but only for a few seconds, then immediately released his frown, acting as if he hadn't noticed anything.

'You are not over there with your fiancé, so why did you come over here to chat with a rough guy like me?'

Shawn stared at the accosting smile at the corner of Mr. Wong's mouth, he narrowed his eyes to stare at him and smiled with interest, 'What do you think I came here to talk to you about?'

'Did you just keep your eyes on my fiancé because she's so attractive?'

Shawn chuckled, and his hand on Wong's thigh suddenly lifted again and patted his thigh again.

When Shawn was deliberately patted like this, Mr. Wong couldn't help but draw a cold breath.

It's really painful, and Shawn really didn't show any mercy at all.

'Mr. Wong is so horny, aren't you afraid that your wife will

know?'

Shawn listened to him, the color of his eyes sank, and his threats never stopped.

'I don't have any ill intent. I just took a second look at it this way.'

'And I don't dare to do anything yet, Shawn, don't bother with me.'

Mr. Wong's tone took on a bit of a pleading tone, now starting to worry that he really ran off to tell his wife. If she knew, he wouldn't have a good time!

Shawn smiled: 'Don't bother with you? Don't you know that I love to hold grudges? Don't even start with you? What courage do you have to say that?'

The company's CEO, Mr. Wong, had a thumping heartbeat and was busy compensating with a smile: 'Mr. Shawn, please let me off the hook for the sake that we have been working together for so long.'
