

## Chapter 62 Frank's Emotional Crisis

Did she still expect Chris to leave his college classmates and chase her again?

Lavinia, you were foolish. When facing your rival in love, you let others get together directly. What were you doing so quickly?

Silly, really silly.

She couldn't wait to slap herself so that she could wake up.

"Lavinia, in fact, just now, I watched that woman come in with your boyfriend. That woman may like your boyfriend. Do you want them to say together?"

Although Nicole was simple, she was not blind, and she could still see the feelings of men and women. Lavinia finally found true love, and she didn't want her best friend to suffer and get hurt in the senses.

"I don't know, and I don't want to think about it. Forget it. Today is the day for us to go shopping. Don't be messed up by others."

Lavinia gathered up her emotions and reluctantly said to Nicole.

Chris, who was left behind, only thought about one thing in his mind.

Today was Lavinia's birthday. Damn it. He didn't know it at all. He let Lavinia go to school alone while he put down his girlfriend and went to pick up his female college classmates.

"Chris, did I just let your girlfriend

misunderstand?Why don't I explain it to her?If I hadn't divorced my ex-husband,I wouldn't have come back.There are not many friends still in contact in China.I can only contact you.I didn't expect to bring you so much trouble.It's all my fault.I would buy clothes alone if I knew."

Just now,people covered in the sunshine were depressed and thought she was going to cry soon.

"It has nothing to do with you.The assistant brought the shoes.You should try them first."

Chris just did blame Penny for letting him accompany her to buy clothes here.Otherwise,it wouldn't be misunderstood.But after seeing Penny's remorse on her face,he suddenly didn't know how to say it.

He thought to himself that Penny didn't mean it.Even he didn't know Lavinia would be here.

"Chris,you don't blame me,thank you."

After saying that,Penny went barefoot to the assistant's shoes with her skirt.She got rid of her high heels,put on a band-aid,and put on flat shoes.

Initially,a woman with a strong aura stood beside Chris again,and the innocent girl got up.

A gentlewoman and a tall man with a lot of gold come together,and anyone who saw it thought it was a perfect match.

Even Penny looked at the man in the mirror and felt that only she and Chris were made in heaven.

"Let me ask my assistant to take you to the hotel

first. Today is Lavinia's birthday, and I will invite you to dinner tomorrow."

Every second after Lavinia left, Chris felt tormented. Yet, he was mature and steady on the battlefield, and at this time, he was like a boy in love.

"Nothing, I'll just take a taxi to the hotel. Anyway, I'm used to being alone. You should go to your business first. Don't let your girlfriend wait for a long time. It's not easy for girls to be jealous."

Penny told Chris about the experience reasonably, talking about it for the good of Chris. Still, she wanted Chris to feel that a girl like Lavinia, who was not sensible, must have a bad temper, and it was troublesome to coax her.

Penny was too good at doing that.

"Thank you, I see, then pay attention to your safety."

Chris asked the assistant to help Penny carry something and send her to the car, but it was only caring for her classmates and had no other meaning.

On the first day of the meeting, Penny didn't expect to win this excellent man in one fell swoop. It took time and energy to get Chris. She didn't believe that Chris liked the kind of little girl.

When Chris went out of the store, he immediately took out his mobile phone and called Lavinia. As a result, he was prompted with a busy tone. He called again after some time, and the same was true.

Before calling, it wouldn't be like this. So the only

explanation was that Lavinia was still jealous and deliberately didn't answer his phone.

But who else knew where Lavinia was?

Chris discovered that he knew nothing about Lavinia's friends.

By the way,should the woman standing beside Lavinia just now be the one recently chased by Frank?

Chris suddenly thought of a way to find Lavinia.

When Frank received a phone call from Chris himself,he was scared.He didn't know what the master meant when Chris called.

"Chris,I haven't had a problem with anyone recently,and I haven't been outside.However,you called my grandfather last time to complain.Don't you want to warn me in person this time?"

In the face of Chris's phone call,Frank was too scared.

He now felt like facing the death penalty.

"No.I just want you to give me Nicole's phone number."

Chris wanted Nicole's phone number?

The alarm rang in Frank's mind,thinking that Chris also had a crush on Nicole.

If that's the case,he will lose completely.

"Chris,what do you mean?I don't have a phone call from Nicole.Is there anything urgent for you to find her?"

Frank finally fell in love with a woman.He almost scared Nicole away before.It was hard enough to pursue Nicole.Now he had to face the threat of Chris.Why did he think it was so tricky?

"Really? Frank, I'm not in the mood to rob a woman with you. Just ask her some questions."

Chris didn't bother talking nonsense with Frank, but the man on the other end of the phone calmed down instantly.

That would be excellent!

"Let me send you a text message. By the way, if you call her, just give her a message that I love her."

Frank didn't miss any chance to confess.

Chris didn't answer. Soon, a text message came, and Chris dialed the phone number directly.

Nicole's cell phone rang, and when she saw several eight phone numbers at the end, she was stunned. She didn't seem to have such local tyrants, did she?

"Hello."

Nicole said hello politely.

"Nicole, it's Chris Konev. Is Lavinia by your side? Where are you?"

A man who spoke fewer words to a stranger directly broke the record for what he said to Nicole.

Hearing the magnetic voice on the other end of the phone, Nicole had no resistance and quickly said they were eating dessert on the third floor of Century Plaza.

Chris was here, too. So he only needed to get on the elevator to find them.

He thought Lavinia and them were gone, but fortunately!

"Nicole, who called you?"

Lavinia didn't notice that Nicole's face changed because she felt that she had done something wrong to Lavinia by accident.
