

Chapter 63 - I'll continue do that

'Let you off the hook? I've just given you a chance, but you don't cherish this opportunity.'

Shawn's hand on his thigh suddenly moved away, and he placed his own hand directly on his neck, squeezing his neck and slowly narrowing the eyes with a light smile.

'It seems that Wong always feels that we have been working together for too long, so now you want to change your partner, right?'

When Mr. Wong heard these threats from Shawn, his heart was pounding in his chest.

'How I could have thought that way. Please don't angry with me Sheng. Don't get upset with us.'

'I am lascivious, I deserve that!'

President Wong suddenly raised his hand and slapped a slap on his face. When he hit, he paid attention to Shawn's eyes. When he noticed that his eyes were cold, President Wong hit himself again. He slapped the other side of the face with his hand.

Shawn just stared at him like this, and was not satisfied with the two slaps left by him.

'Mr. Shawn...'

Mr. Wong's eyelids twitched, and he looked at Shawn and asked carefully. He didn't know if these two slaps were enough, but when he looked at his current eyes, Mr. Wong felt that he was extremely guilty.

'If Mr. Shawn feels that I am not sincere yet, I will continue.'

He stretched out his hand again and slapped his face hard.

It's just that Shawn didn't tell him to stop, he couldn't stop.

President Wong had been slapping himself here, and the attention of other people was also here. These people didn't know why he had slapped himself so hard.

But when they saw Shawn carrying Wong's collar, these people probably had a few in their hearts. Mr. Wong probably had thoughts about Nicole, otherwise he wouldn't be targeted by him.

Nicole sat there looking at them. When she saw President Wong slapped himself with a bitter face, she felt a little bit happy and enjoyable in her heart.

Although Shawn's behavior seemed a bit bullish, but she liked that.

After Shawn finished and got the promise that he would no longer stare at Nicole, he got up and turned back to Nicole.

Wong had now beaten himself into a pig's head, and the swelling was a bit shameless.

'If you let him label himself like this, will he hate you and target you in the future?'

She glanced at the face of the man and saw that his face was black and red. She knew that he really took a bit of effort to beat himself.

'I don't care, but I don't think he can do anything to me.'

His words had come to this point, and he chuckled directly. If Wong dared to oppose him, the business between the two parties could no longer continue.

Nicole's eyes flickered when she heard his words.

'That's not necessarily. Do not want the heart with Lilliputian to spend the abdomen of gentleman. How do you know that he will definitely not do anything? You think he will not do anything to you, but maybe he could fight back.'

Nicole told him everything she knew.

After she finished speaking, she frowned suddenly, as if she felt that Shawn didn't believe in herself, and couldn't help adding another sentence: 'You must be defensive.'

'You think he dare not provoke you, but I can only tell you that there are many villains in the business field.'

Her remarks immediately made Shawn laugh again. Of course, he knew what her meant, and his understanding was much deeper than her, but he didn't panic at all.

'I have been here for so many years, do you really think I don't understand these principles?'

Chapter 64 - Why you came back?

Her eyes flickered, and seeing him telling herself these things so calmly, she couldn't help frowning, it seemed that he was really calm.

'Anyway, I had already told you.'

But it was Shawn's own business whether to listen or not.

She retracted her eyes and shifted her attention to other places.

'He didn't dare to provoke me, but if you remind me so, of course I will listen to you, be careful.'

Shawn took her hand and carried her into his arms.

She staggered in his arms, her eyelids twitched, and the expression in her eyes flickered. Now she was a bit at a loss when she was moved by Shawn

'They are all watching.'

Her eyes just turned inadvertently like this, and in an instant, he saw the eyes of those people shooting towards them, his eyes were stunned, as if he had never seen them.

'So what? Who doesn't know that you are engaged to me, not to mention that you are still my legal wife.'

Shawn continued to hold her hand, not wanting to let Nicole go.

Originally it was a social entertainment, and there were even many women who wanted to take this opportunity to get close to Shawn. But she didn't expect that such actions by Shawn would make those women who looked at him dared not to approach him anymore.

This entertainment became a large show of love between them.

Until the end of the entertainment, the two of them didn't even drink a glass of wine, perhaps because of Mr. Wong's affairs, so those who wanted to toast and made troubles dare not.

When they arrive to the door of Nicole's house, he stopped the car.

She hurriedly reached out to release the seat belt, anxious to get out of the car.

'Are you sure you don't take me in with me? If there is something, I can help you?'

Shawn stared at her unfastening seat belt and raised his brows slightly. He actually wanted to follow her in.

'Hey, I just told my dad about the spokesperson, lest my dad still has any illusions about this matter.'

'Just go back first.'

Nicole unfastened the seat belt quickly, and explained to him quickly. After hurriedly speaking, she immediately opened the door.

Shawn sat in the car and looked at her anxious look, his eyes darkened a lot.

Shawn started the car and left after seeing she really entering.

Nicole suddenly returned home, attracting the attention of those people.

Their eyes turned towards her.

She didn't expect them to eat so late, especially when she came out while she was eating. Now she felt like an outsider, without the feeling of Bob's daughter at all.

'Why are you back?'

Chapter 64 - Why you came back?

"That is funny, can't I come back?"
