

Chapter 63 shopping on birthday

"Your boyfriend,he asked me where we were.I couldn't bear the pressure from him,so I told him."

Arguably,for the safety of good sisters,even if they were under tremendous pressure,they should not say it.

"It's OK.Even if he doesn't ask you,he will ask others."

Others may not be able to resist Chris's majesty.

"Will it affect you if he comes now?"

It was Lavinia's birthday,and Chris would have disturbed her if she had brought that woman.Nicole didn't want Lavinia to be unhappy.

"This is beyond my control.Let's see what he said to me."

Lavinia sighed,just as Chris happened to be standing at the door of their dessert shop.

Lavinia thought he would see two people,but Chris was the only one standing at the door.

"Happy birthday.It's my fault.I'm sorry."

Before Chris came,he didn't prepare a gift.After he arrived,he didn't know what to say.

At this time,he stood empty-handed in front of Lavinia,and everyone else felt that this man was stingy again.

"Thank you.I am thrilled."

But she was delighted.Since Chris appeared in front of her with other women,Lavinia was not happy.

"I don't know what gift to give you or what do you like.To buy anything you want."

Shopping was a woman's favorite thing to do. As long as Men met women's needs, all contradictions would not become contradictions, and money would become the catalyst of their feelings, which made people throb.

"That's what I thought. Thank you, Chris."

Lavinia no longer called Chris Honey because that was not her proper term. What Lavinia wanted to be unique has long been destroyed by the unknown woman.

If Lavinia wanted to use Chris's money, she would feel a sense of accomplishment. But Chris couldn't see the happy appearance on her face at all. He knew that what a woman says was all superficial.

"The appearance of my classmate was an accident. I didn't know it would be like this. However, I will pay attention to it and keep a distance from other women in the future."

It was usual for a man like Chris to be attracted by other women, which proved that he was attractive and capable.

Lavinia was jealous because she hasn't seen a woman in front of Chris before. So when she suddenly saw one, she felt unaccustomed.

"It's my fault to be jealous. I won't do it next time."

This time Lavinia was smiling from the bottom of her heart. She took out Chris's black card and shook it in front of him.

Although it had been stuck on her for a long time, Lavinia had never used it once, and her cheeks

burned a little when she remembered the scene where Chris gave her the card.

"Manager Chris,Lavinia,it suddenly occurred to me that I have something to do.Why don't you have your birthday first?Let's make an appointment at another time,and then I will make up for your birthday?"

Nicole couldn't stand this anymore.

For the sake of her safety,she thought she'd better leave early.

"Well,I'll invite you to dinner next time."

Chris was glad that Lavinia's new friends were so sensible that he suddenly thought of Frank's entrustment.He felt that he might as well be a good person and do something good to lead a red line for them.

"By the way,Frank said he really likes you.So you should think about it when you have time."

Nicole was about to walk to the door when he heard Chris utter such words and leaned so that she almost put herself down in the dessert shop on the spot.

"Thank you,Manager Chris for your concern.I'll go first."

Nicole walked in a mess.

"Chris,does that Frank like Nicole?When I saw Frank's guys that day,they didn't look like good people.I was worried that Such people would cheat Nicole."

Nicole was not here,and Lavinia was still talking about Nicole.Chris picked up a spoon and fed a cake to Lavinia's mouth,hoping to stop Lavinia's mouth.

"When we are alone,I hope that only I can be mentioned in your mouth and only I can be seen in your eyes."

Chris wiped the cream off the corners of her mouth and put them into his mouth.It was good and tasted great.

He just wanted to try what Lavinia's mouth cream tasted like,and when he did,he found that it tasted better than Chris's eating it directly into her mouth with a spoon.

"I'll go shopping with you later.You can buy whatever you want."

Just now,Chris told his assistant that all the meetings in the afternoon would be pushed back or handled by other bosses.So instead,he would try his best to spare some time and spend a happy birthday with Lavinia.

After shopping all afternoon,Lavinia didn't buy anything.When Lavinia met the shop in Penny before,Lavinia deliberately avoided it.She didn't think Chris was really having an affair with that woman but only felt that she should do that.

"Don't you buy more?Don't girls like to buy it?"

Chris could carry those paper bags with one hand and repeatedly asked Lavinia if anything else to buy.Finally,after getting a negative answer,he paid the bill and left Century Square.

Penny returned alone to the hotel she had already booked.There was her luggage in the hotel.She didn't bring anything back,so she said it was just for Chris to listen to.All her luggage was checked back,and the housekeeper

took the lead and put it here. She went all the way with Chris, which made Chris misunderstand.

Seeing the luggage piled up there and the clothes that she had to take Chris to buy with her, she suddenly felt that all this was boring.

Damn it. Only when she returned to the hotel did she dare to expose her true face. Before she came back, she had never heard of Chris having a girlfriend. She thought she was sure to win that man, but she didn't expect Lavinia showed up, which almost made her plan fall short.

"Help me find out what the woman came from. Yes, I want all her information."

Penny dialed a phone while the other party quoted a price, and they talked about it before hanging up.

She thought Chris would call her again, but she turned on her cell phone, and there was no message on it.

He should still be shopping with Lavinia, or maybe talking in bed?

Either way, Penny was crazy with jealousy.

In the beginning, she shouldn't have found an American man to get married casually in a fit of anger. But, Chris was the man she had had a crush on since she was in college. Penny tried to show her heart, but Chris refused without thinking about it.
