

Chapter 67 You could find a good man by your own

'Now she works in the company. She can manage the company. Then I am your daughter too. Why do you treat us so differently?'

Erin was still unwilling to express her dissatisfaction, deliberately using such words to stimulate Bob, making him feel guilty for herself.

When Bob heard this, the expression in his eyes flickered, and he frowned for a while.

'You don't need to say this here to force him.'

While Bob was still struggling, Nicole suddenly stated her purpose.

She hugged her arm and suddenly chuckled: 'Saying about this, don't you think about the reason for yourself? Isn't not because you are stupid?'

'If the company is handed over to you, it will probably go bankrupt within two days.'

Nicole just said this, Erin suddenly turned to her and asked: 'How do you know that I am in charge of the company will go bankrupt? You still rely on Shawn. If he doesn't help you, I guess the problem has not been solved yet. What are you proud of!'

'Oh, then I am also proud that the man I am looking for has the power. so as long as he has the ability, then I can rely on him.'

Nicole narrowed her eyes and stared at Erin. Her tone became a little provocative: 'There's nothing to be proud of. You can find someone if you have the ability.'

Had it not been for Erin's design to frame her, she would not have found such a treasure as Shawn.

Now when she thought about that, she really wanted to thank Erin for her frame-up.

'But think about it, you are not completely without any credit, I would like to thank you a lot...'

'Shut up!'

Erin suddenly stretched out her hand and splashed the soup on the table directly onto Nicole's face. She brought a lot of anger on her face, staring at Nicole and gritting her teeth.

She closed her eyes tightly and frowned when she felt that a bowl of soup was splashed on her face. Nicole suddenly reached out and wiped her face, the anger in her heart was constantly rubbing upwards.

'Erin!'

Bob was frightened by her move and subconsciously called her with a straight face.

But what made Bob even more unexpected was that Nicole raised her hands and splashed Erin's face directly in front of them.

The crisp sound brought by the fall of that slap directly stunned everyone at the table. Who would have thought that Nicole would fight back?

Bob looked at the two sisters, frowning and gritting his teeth, he took a deep breath: 'I think you two just don't think there are enough trouble, right?'

'How can you do this kind of thing to your sister. You are really getting too much!'

Elena suddenly stood up, she walked to Erin's side and stretched out her hand to protect her, turning her head to criticize Nicole.

Before, Nicole might still show some respect to Elena for the

sake of Bob. But since knowing about the scandals of Elena and Raven. She really didn't want to say something kind to her!

She stared at Elena's present expression, and sneered directly at the corner of her mouth: 'I have been tolerant of her without giving her a pot of soup on this table.'

Elena stared at Nicole's indifferent expression, her eyelids twitched, she really believed that she could do such a thing.

Elena continued to protect Erin, but didn't want to just give up the opportunity to scold her.

'If you really did that, you would be too much. Your dad is not in good health now. Do you still do such things to anger him?'

'I'm too much? Why don't you say too much when your daughter splashes me soup?'

'I don't want to hear you talking nonsense here now. If you let me hear you talking nonsense here again, be careful that I even fight with you.'

Nicole pulled up the paper towel on the table with one hand and wiped it on her face.

Her voice was still so indifferent, and she didn't want to give Elena a good face.

'It's been a long time since I taught people. And it's a bit blunt, but it's okay to give you a few slaps.'

Nicole stood up with that face black.

She shifted her gaze and moved to Bob, and she could see that he was also frustrated.

But Nicole now had no intention of comforting Bob. He was also protecting Erin at this moment.

'I have made it clear here. If you want a contemporary speaker, you have to get my consent. It's useless if you ask Shawn.'

'If I don't agree, don't think of some messy methods here. Do you think you have changed someone to persuade me, I will let this rubbish go to the company?'

Nicole turned around with a calm face. She stopped waiting for Bob's answer, and ran straight ahead.

After She left, Erin covered her face and turned to look at Bob. She even cried in front of him.

'Dad.....'

Bob was very upset and annoyed now. But as soon as he raised his eyes to see Erin's dim look with tears, his eyes flickered. And he squeezed the anger in his heart.

'Okay, let's have dinner, don't mention this matter anymore.'

Nicole's attitude was so firm, Bob also knew that it was impossible to change her.

In addition, Raven mentioned by Nicole just now made him feel lost again.

A large part of the company's problems was really because of Raven. If he disregarded the actual situation and developed so many projects at will, but did not take care of it, the company would not have any problems.

Bob's sudden frown made Erin and Elena dare not say anything.

It's just that Erin had always been aggrieved in front of him.

The meal was extremely unpleasant.

When Nicole returned to the apartment where Shawn lived, he was taking a bath.

Nicole stood outside the bathroom, her eyes glaring at the bathroom door. She frowned, retracted her eyes, and went straight to the bed and lay down.

She didn't have any mood to talk at all now, and she felt depressed by the bowl of soup.

When Shawn was taking a bath in the bathroom, he heard the sound outside.

After a few minutes, the man finally came out of it. He wrapped in a bath towel, and slowly rushed to her.

After sitting down by the bed, he stretched out his hand to force her to his side.

He asked her to lie on her lap. As soon as he lowered his head, he could smell her body, which was an obvious and strong taste of rib soup.

'Why do you smell like rib soup?'

Did he smell it wrong?

Just after Shawn finished speaking, Nicole suddenly got up from him.

'I'll take a shower!'
