

Chapter 7 I'm Feeling It

Shawn pulled Nicole directly into his arms when his words fell..

Nicole was scared, and her body was too soft. When she felt that Shawn's big hand suddenly reached into her waist, even vaguely going down, Nicole couldn't help but twist her butt, and hurriedly hooked her hands around Shawn's neck.

'Shawn, do you think I should change my clothes?'

Shawn pulled Nicole hard to the front, and he vigorously kneaded the fullness of her chest, kneading it with his fingertips at the fullness point for a while.

Nicole suddenly dropped a charming hum, and the painful body trembled.

'Nope, you're coming home with me ...'

Shawn gently clung to her ear and made a teasing sound in her ear.

Nicole didn't understand why she went home with Shawn. She struggled slightly in Shawn's arms.

'Shawn, why should I go home with you?'

'If you want the money, just behave and go home with me. Today is far from enough.'

Shawn's tone was very light. He stuck to Nicole's ear and smiled like a devil, but his big hands still stayed on her boobs.

'Shawn, is it the first time to end a meatless diet? And I am the object of the first time? '

Nicole turned around and was tickled by Shawn. She couldn't help turning around and wanted to escape from Shawn's magic hand, but Nicole was locked tighter by Shawn with a small move.

Shawn clasped Nicole tightly, and his thick body just stood against her entrance. His eyes sank, and he watched Nicole's red lips open slightly, as if inviting himself. Shawn's lust at the bottom

of his eyes grew stronger.

His dick stuck against her pussy, rubbing it gently.

Nicole couldn't help his friction. The entrance, which was about to dry up, was now showing a trace of viscosity.

Suddenly, he lowered his head, forcibly held her upper lip, stuck the tip of the tongue into her lips, and sucked her tongue hard, as if to swallow Nicole's whole tongue.

'Well ...'

Nicole snorted, and her hands couldn't help climbing Shawn's neck. She couldn't help but send a lot forward when she stuck it on Shawn. She wanted his dick, and slid in from her entrance ...

However, after Nicole entered the play, Shawn suddenly forced himself to withdraw from this passion.

Suddenly leaving the tip of the tongue, Nicole felt an obvious emptiness in her heart.

'Come home with me tonight?'

He looked down at Nicole and felt that she seemed a little insatiable. He raised his hand and landed on her lip corner, and his thumb gently rubbed on her lip corner. He chuckled: 'It seems to like you very much, let's make a deal?'

Nicole's lips were glittering and translucent, and it's impossible to tell whether it's Shawn's or hers, but it's because they kissed too hard.

Nicole looked down at Shawn's body, and saw his thick keeping standing upright, and Nicole's eyes flashed.

'Does it?'

'Can't you see? Do I need to take off my pants again to make you see more clearly?'

Shawn moved his hand to her chin, pinched it gently, and lifted Nicole's chin directly, so that Nicole and his eyes looked at each other.

Nicole came back, but the emptiness was still there. She looked at Shawn and immediately nodded: 'Well, I don't do business at a loss. Since it is good, why not?'

Shawn looked at Nicole's indifferent expression at the moment and laughed: 'After all, you still take advantage of me.'

She took advantage of him? Nicole opened her eyes wide and wanted to refute, but Shawn suddenly pulled her over.

'Wait for me here, I'll deal with something, and when we're done, we'll change the venue and have some excitement.'

He pulled Nicole aside to the sofa, and looked at Nicole's naked appearance, and his lust surged again.

His Adam's apple rolled slightly and looked away. 'Remember to wait for me here. If you miss me, you can recall the feeling just now.'

He didn't even forget to give Nicole a smile before he left.

Nicole was sitting here in a state of desperation, and Shawn just stared at the thing beneath him and went out?

Nicole sat on the sofa, thinking about his body, especially his dick, and her heart began to itch again. She couldn't help but twist her body, put one leg on the other leg, and clamped it hard.

This waiting process was a bit too long. Nicole shouldn't have such a strong desire when he was gone. But Nicole couldn't control some bad thoughts when she thought of Shawn.

Nicole didn't wait until Shawn came back until an hour later. When Nicole saw Shawn coming in from the office door, Nicole immediately ran to Shawn.

She stretched out her hand and hugged Shawn's waist, holding Shawn's body with a punitive hand, and gently pinched the soft genitals.

This pinch came a little off guard.

Shawn couldn't help Nicole's pinch, so he didn't watch out for

Nicole. For a moment, he let out a stuffy hum.

'I miss you so much after you have gone so long.'

Nicole gently knead the thick. She couldn't be the only one that was suffering.

It's just that the office door hasn't been closed yet, and there's a man standing outside. The man stood at the door and wanted to step in, but he couldn't walk fast. The whole person was frozen here, and he didn't know if he should go in.

'Shawn, do I still need to give you this document?'

The man stood at the door and asked tentatively.

'I have more important things to do now, and I will hand them in tomorrow!'

Shawn suddenly stretched out his hand and picked up Nicole, and turned and walked in the direction of coming in.

Nicole's heart sank. It seemed that she went too far again. She was still wearing the sexy lingerie Shawn prepared for her. Didn't everyone see her when she went out like this?

Nicole was buried in Shawn's arms and pressed her face tightly against Shawn's chest.

'Shawn, I was wrong, I just miss you too much ...'

She whined and begged.

Shawn sneered, if he believed this woman again, he would not be himself.

The swelling beneath drove all Shawn's thoughts into one--taking her back to the car and giving her a lesson first!

'So, your choice--A: the car; B: the elevator. Which one do you prefer to unleash your lust?'

Shawn strode to the elevator, his voice was light, and he was faintly talking and laughing.

Nicole still didn't dare to look up. She felt naked here now.

Except that she could block her face, the others were really ...

'Neither...'

'Have you tried?'

'Nope ...'

"Then let's try the car, it is more exciting than in the office, and then open the window, can you cum many times?'

Shawn's demonic voice wafted in Nicole's ears.

Nicole regretted it. She pulled Shawn's clothes weakly: 'I was so wrong ...'

'It's too late! I'm already feeling it. '
