

Chapter 71 Invitation

They looked at each other suddenly, and they saw the look in each other's eyes.

Erin knew what Elena meant, and she didn't feel scared at all. Now she even started to look forward to what might happen on her birthday.

She bit her lower lip, her eyes looked a little worried. She was expecting and nervous.

She stretched out Elena's hand and asked tentatively again: 'Can it really be successful?'

Now that Elena knew how to get Shawn, her attitude towards Elena was much better.

'Of course. As long as this person faints or we do something, do you think it might be unsuccessful?'

Elena squinted her eyes. Now she must help her get Shawn.

As long as she got Shawn, everything in the future would not be a problem.

Then in case he was taken down and still unwilling to do anything to Erin, it was okay to take pictures...

Wasn't it all about how good their relationship is? She didn't believe that after this happened, those who said that they were in a good relationship would continue to say.

'As long as you are not afraid.'

Elena suddenly looked at her and said that if this matter was not successful, except for Shawn, it would also affect Erin.

But she still underestimated Erin's thoughts about what happened to Shawn.

She was anxious that they could have some scandal.

She leaned against her arm and rubbed it: 'Mom, let's do that to Shawn. If he was distracted and there was no way to worry about Nicole. We could do it to Nicole at that time, right?'

Upon hearing this, Elena nodded thoughtfully. Erin was right. The most important thing now was to solve this problem first.

'You, in these two days, choose the clothes you want to wear that night, both inside and outside.'

She leaned and looked at Erin who was leaning on her arm, and suddenly smiled trivially.

'How can this man escape the temptation of a woman, especially when my daughter is still so beautiful.'

Elena was going to praise her to heaven. The key was that Erin really believed it and was complacent here because of her praise.

Two days later, Nicole really received an invitation to her birthday party.

She looked at an invitation letter that suddenly appeared on the desk, her eyes darkened quietly.

She suddenly reached out and picked up the invitation letter on the table. It just opened it like this. At first glance, she snapped the invitation letter directly to the trash can.

'Don't let people come into my office casually in the future, neither will my family.'

She stared sideways at the assistant at the door, and her tone gradually became a little unpleasant.

What kind of people were really coming here? It was just one birthday. They were really going to contract the hotel.

Erin was happy, but all the expenses had to be borne by

the whole family. Now Nicole was really unwilling to let Erin organize such a so-called birthday party.

The invitation letter was thrown into the trash can, and her attitude was obvious. She didn't want to attend this birthday party.

But she didn't expect that the invitation letter would reach her, and of course Shawn would also have it...

Chapter 72 Will you only use Bob to threaten me?

She didn't know that Erin had sent an invitation letter to Shawn until she returned home after finishing work in the evening.

Even the invitation letter was brought back by Shawn.

She stood here, looking at the invitation letter on the bedside table. Her eyes sank, Erin had to take her husband for everything now, right?

'Why are you bringing this thing back?'

Nicole's eyes shifted and moved to Shawn. She really didn't want to see this invitation letter.

'It turns out she gave back two copies.'

He suddenly realized her faintly unhappy voice.

He glanced at the invitation letter casually, but after looking like that, Shawn withdrew his eyes.

'If you don't want to see it, then lose it.'

He suddenly reached out and picked up the invitation letter, and was about to throw it into the trash can. Who knew that Nicole came directly here, and even grabbed his hand?

'When you got it back, were you planning to go?'

She curled her lips and tore off the invitation letter from his repair hand. She didn't want to see this thing now.

However, she didn't lose it either, and threw the invitation letter aside.

'I brought it back to ask your opinion. If you want to go, I will accompany you. If you don't want to go, then of course we cannot go.'

Shawn was aware of her displeasure, he suddenly stretched out his hand and directly pulled her over.

'Are you angry now?'

She was angry that Erin came to him again and again. Her thoughts on Shawn were really obvious, and everyone knew it!

Nicole cast her eyes on him, only to glance at him like this, and her mobile phone suddenly rang.

She was about to reach out and pick up the phone, but Shawn took a step forward. Her phone was now in his hands.

'I'll pick it up for you.'

As soon as Shawn finished speaking, she glanced at the phone. When she saw who was calling, she didn't plan to grab the phone.

Erin called, just let him pick it up.

'Behave well.'

She suddenly bowed her head and kissed his lips directly.

His expression deepened a lot, if it weren't for the call now, he would directly fuck her here.

The sentiment in his eyes grew stronger. His hands began to restlessly knead her chest, feeling a little dissatisfied through the clothes. He even wrapped his hands underneath and went straight into her inside the clothes.

'Tomorrow for my birthday, you must come back to participate. If you don't participate, Dad will definitely call you.'

When he heard her threatening tone, he suddenly sneered. Did they now only know to use Bob to threaten Nicole?

He narrowed his eyes slightly, and his tone gradually cooled a lot.

'I originally said to think about it, but your tone now

makes me feel very unhappy.'

'Do you think you can only threaten people with Bob?'

After he paused for a few seconds, her eyes deepened a lot, but now he wanted to wait for her answer.

When his voice was heard over there, there was an instant silence.
