

Chapter 73 agree to attend the party

Nicole was very satisfied when she heard that Shawn took the initiative to attack her. She smiled at the corner of her lips and fell into his arms.

'Turn on the speakerphone and let me also listen to what my dear sister says first.'

She suddenly stretched out his hand. The expression in her eyes flickered, and she did not control her volume at all. Nicole deliberately wanted Erin to hear her voice.

Erin did not expect that Nicole would be so excessive, and now she even asked Shawn to turn on the hands-free.

'sister.'

Erin yelled tentatively, her eyes flickered, and she needed to make sure that Shawn had used the hands-free before she spoke harshly.

He was open, but Nicole did not respond to her

She had gradually become impatient with waiting.

When she heard that there was no response, she violently suppressed the unhappiness in her heart.

'Did you listen to me? I'm inviting you to my birthday party.'

She couldn't help but emphasize.

When Nicole saw that Shawn seemed to be planning to speak, she suddenly reached out and took the phone in his hand.

'You invited me to your birthday party, doesn't it mean that I must attend it?'

She slowly narrowed her eyes, her tone just now made her feel a little unhappy.

Shawn put his hand on her hair and played with them lightly. He didn't worry about saying anything, so just let her do whatever she wanted.

'This is not about whether you participate or not. It has something to do with the reputation of our family. If you don't come, then if other people know about this, what would they say?'

'Others may want to say that the relationship between our family members is not good, then it will be spread out and let others joke.'

'Dad's health is already bad, you still want to anger him like this now.'

Nicole only said a word, but she returned a lot.

She listened to Erin's words, her eyebrows moved slightly, and a gleam of light flashed through the bottom of her eyes, 'What did this have to do with the reputation of the family?'

'But if you really want me to go, I can consider it.'

'That's it, I have nothing to tell you, I'll hang up first.'

She ended the call, and she hung up the call without waiting for any response there.

Her mobile phone fell aside, Nicole stretched out her hand to hold his waist, leaning on his body, and her voice was a bit muffled.

'What if I don't want to go there?'

'Then you just agreed, didn't you?'

Shawn looked down at her lying on his lap, the expression in his eyes gradually darkened.

'Then if you really don't want to agree, of course you don't have to agree.'

'It doesn't matter if you don't go.'

Shawn was indulging her. She could go whatever she wanted. If she wanted to, he would of course accompany her. If she didn't, he would either.

'That won't work, since I have agreed, then go.'

Nicole mainly wanted to see what Erin would do at this birthday party, but she had no other ideas.

Chapter 74 Dressed Up Too Much

She stood up and leaned on his thigh, watching his eyes flicker, 'What special present should I give her?'

'If I take her things and my dad's for a paternity test, will there be results tomorrow?'

She suddenly narrowed her eyes when she talked about this, and there was a glimmer of light in the depths of her eyes. If this birthday gift appears, it would definitely give her a big surprise, right?

'Don't, it's impossible to get results so quickly. And if you tell her about it now, it's a bit unclear.'

Shawn pinched her hand and shook his head.

'You want to give her a hard blow, but maybe this matter will not have any impact on her. But it may even stimulate Bob, so forget it.'

His words reminded her. Nicole's eyes flickered. Yes, if something happened to Erin and hurt Bob, she would definitely die of guilt.

She constricted her eyes and nodded in desperation.

'okay then.'

Originally, she wanted to use this paternity test to give Erin a surprise, but she didn't expect that she was rejected by Shawn.

'There are still many ways to strike her. This is too risky. Let's change to another.'

When Shawn saw that Nicole seemed disappointed, he suddenly stretched out his hand and pinched her face.

Both of them knew what she was going to do at this birthday party, but they didn't expect she to do something to them.

At noon the next day, when they went out, they both dressed as usual, and they did not wear too grandly to attend her birthday party.

'Would you like to change another one again? This red one may be even more stunning, and it will directly overwhelm the audience.'

Elena had been helping Erin to choose clothes, trying to make her the most outstanding person in the entire field.

But she couldn't help frowning when she saw these clothes.

'Mom, don't choose clothes like this for me. I don't feel comfortable wearing clothes like this.'

Although she wanted to show off the audience, she didn't want such tacky clothes.

'If you don't wear this suit, how can you compare her?'

Elena looked at her and asked, her brows frowned.

'Today is your home court. If you can't compare this person to your own home court, then everyone will think that Nicole is the protagonist!'

She strengthened her tone, and Erin who was talking about this suddenly shook her heart.

Her eyes flickered, yes, she was the protagonist today. But it would be too embarrassing to be suppressed by Nicole!

She suddenly reached out and brought the clothes recommended by Elena.

'I wear it. Today is my home court. No one can steal my limelight!'

After Erin dropped a cold snort, she turned and walked to the front. She went to change this outfit now.

Until she came out after the change, Elena looked at her red dress and automatically put a filter on her.

She stretched out her hand and pulled Erin to her side, and looked at her with joy.

'It's really not bad, my daughter is so beautiful. Shawn still looks down on you. How dare him! He was just a guy who had no taste.'

Erin took photos inside for a long time after she changed it. She didn't think so much. Who knew that Elena said that, she really believed it.
