

## Chapter 75 She Lost

'Mom, is it really good-looking?'

The smile at the corner of her mouth was obviously unable to hide.

She looked down at the gorgeous red palace dress on her body. She was wearing the same princess. Although it was gorgeous, it seemed a bit too tacky for her.

Erin still didn't know that. Under Elena's vigorous praise, she felt very good about herself.

It wasn't until she saw Nicole who came in the hotel that she felt regretful in her heart.

Her dress was not much different from normal, nor was she dressed very delicately because of this birthday party.

She thought she won after dressing up so carefully, who knew she had lost when she saw Nicole not caring...

'You looked so rich!'

When Nicole led Shawn to this side, she saw Erin in this gorgeous palace dress. Nicole suddenly covered her mouth and let out a laugh, she was pretty.

Nicole's eyes darkened a lot, she suddenly took a step forward, stopped in front of her under her stunned eyes. And she even reached out to help Erin tie her bow.

The two straps on the dress were suddenly tied into a bow by Nicole and hung over the neckline of Erin's dress, which seemed even more exaggerated.

'This will highlight your temperament more.'

She smiled and stretched out her hand and patted her clothes, her eyes deepened a lot.

'What are you doing.'

Erin slapped her hand away. When she saw Nicole, she felt angry in her heart. When she thought that she was still dressed up so flamboyantly now, especially in front of Shawn, her anger in her heart became more obvious.

'Don't move my clothes either.'

Erin wanted to vent the anger in her heart towards Nicole.

Her eyes darkened a lot when she heard her words. When she was about to refute, she was suddenly taken by Shawn.

'Go wash your hands, I don't like holding the hand you have touched other people's clothes.'

The disgust on Shawn's face really didn't hide anything.

Nicole originally thought that Shawn was just telling her to listen, but she was suddenly pulled forward by him.

Erin stood there and squeezed her hand abruptly. Was Shawn just despising her?

The anger in her eyes became obvious, and when she was about to follow, Elena stopped her.

'Are you going to follow? Forget it, let them go if they want to go now. Anyway, they will come back in a while. Don't worry.'

Elena stared at her hurriedly.

Erin stopped listening to her words. She moved her eyes to Elena, took her hand and looked displeased: 'Mom, look at Nicole. She grabbed my limelight as soon as she came!'

Although she didn't want to admit it, she still had to say it in her heart. Why could Nicole be able to attract the attention of others without dressing up!

Elena slowly narrowed her eyes. She didn't admit that Erin's scenery had been robbed. In her eyes, her daughter was the best!

'It's okay, if she steals your limelight, you are ready to steal her fiancé.'

## Chapter 76 Bob asked for Nicole

When Elena said this, her tone was faint, and she slowly narrowed her eyes and laughed.

Erin, who was not reconciled, breathed a sigh of relief when she heard her words. She took her hand and leaned against her arm.

'Mom, what you said seems to make sense.'

Elena hummed a smile: 'So, you have to seize this opportunity, don't let him go. And when everyone sits down to eat, I will let people do it.'

Her words became more mysterious.

'What are you talking about? Make people do what?'

Bob suddenly appeared behind them, which shocked them.

When the two turned around, they really saw Bob here.

Elena's eyes flickered, she pulled Erin, and answered his words without changing her face.

'Of course, the cake bought for Erin. It needs to be done. I have arranged it. Every table has people who cut the cake.'

At this point in Elena's words, his doubts disappeared, and he nodded slowly.

'If this is the case, it's fine. But did you see Nicole, why haven't I seen her all the time?'

When Bob said this, he glanced around again, and there was a burst of doubt in his eyes.

'You are late. Erin touched Nicole's hand just now, and she clamored to wash her hands. And I don't know where she is now.'

'Is it necessary to be so strange between the two sisters

now?'

It was obviously Shawn who took Nicole to wash her hands, but now it was Nicole who was making trouble to wash her hands.

If it was said who had the strongest ability to make up, Elena must be ranked first.

Bob's eyebrows slowly furrowed, he looked at Elena, and some doubts gradually emerged in his eyes: 'You said Nicole was arguing to wash her hands?'

When Elena heard his suspicious rhetorical question, she really nodded vigorously, and her eyes became serious.

'She doesn't think of us as a family too much. She always thought that we wanted something from her.'

'She hit Erin two days ago when she got home. And now she even acted like this. She's way too much...'

As soon as Elena seized the opportunity, she kept trying to say bad things about Nicole.

Bob was anxious when he heard Elena's words, and he hurriedly interrupted her words.

'Well, don't say anything. Since this matter has passed so long, you don't need to mention it again. We are the family, so why bother about these little things.'

Bob had this attitude not only on Nicole's side, but also on this side.

In his eyes, this family was the most important.

Elena's heart was choked by his words. She frowned when she looked at him, her eyes darkened a lot.

'Don't I feel sorry for Erin? It's not that I'm targeting Nicole. Don't think too much, it's nothing.'

She took his hand, trying to make him not be suspicious of this matter.

Bob gave a deep hum, he didn't think about anything.

'You ask Nicole to come here first. There are several people here who want to see her. If you ask her to come to me, I will go there first.'

After Bob patted her hand, he turned and left.

But after he left, Elena pulled her face down.

'Mom, whose birthday is this? Why do those people still see her?'
