

Chapter 75 Honeymoon

"Mr.Chris,will you marry the woman in front of you,and accompany her,love her,care for her and take care of her in life and death?"

"I do!"

"Miss Lavinia,will you marry the man in front of you,and accompany him,love him,care for him and take care of him in life and death?"

"I do!"

.....

There were many wedding guests.After the ceremony,Lavinia returned to the specially prepared room of the hotel.

She was still pregnant.Although it had not been announced,for the time being,The Konev Family paid more attention to security than anyone else.

It was at the wedding that Lavinia met Chris's father for the first time,while Chris's mother moved herself to tears when she saw that her son finally got married and was no longer an old bachelor.

"Lavinia,you were wonderful just now.I saw those photos posted on the Internet.Each one is my favorite.I saved them all and sent them to you."

Nicole was a dedicated bridesmaid all day,and after the ceremony,she was also exhausted.

"Nicole changed the subject.I haven't had time to ask you.what is the situation between you and Frank now?"

This question had been on Nicole's mind since Frank

grabbed the bouquet for Nicole and gave it to her on the spot.

"There is nothing wrong.I am still in contact.If it is suitable,they will be together.If it is not suitable,it will be good to break up."

Nicole,who still held a bouquet in his hand,really had an indescribable feeling about Frank.

"Bullshit,who wants to break up with you.I have taken all the things I have.You must get together with me!"

The lounge door was not closed,and Lavinia didn't notice anyone outside when talking to Nicole.But he was worried that they would starve.Frank,who specially delivered food,just heard the conversation between the two women.

When Nicole hadn't said it would be good to get together if he couldn't,he couldn't help rushing in from the outside.

"What do you mean?What do you mean you have taken out everything you have?"

Nicole,seeing Frank come in furiously and say something incomprehensible,naturally asked to see what he meant.

"Chris bullied me that I was young.He threatened me to buy bouquets with private money and buy the groomsman position with private money.If I didn't pay,I would give this position to others and let you go with others.I have done everything.I think I can get you.Who knows that you still want to escape?"

The rhythm of Waterloo when chasing people for the first time?

As Frank spoke, both Lavinia and Nicole's mouths became o-shaped.

Could it still be like this? Was Chris still short of this money?

"Why are you so stupid? Chris didn't lack that money. Why don't I go to find him and return the money to you?"

Frank wouldn't have taken out all his family foundation if it weren't for Nicole, would he?

"No way. If the money is gone, I can earn it again. If you don't follow me, who will I look for?"

"I don't think Chris is like that. Why don't I ask for you later?"

As the other half of the initiator, Lavinia felt obliged to help ask.

"This is not my fault. He is willing to pay for that. Just go to ask him."

Chris stood behind Frank and was caught Frank who was blaming him now.

"Did I blackmail you?"

Frank could not dare to speak ill of Chris. He must have had a tough time if he messed up with Chris.

"Chris, you must be very busy on this big day. I will pick up Nicole. Bye."

Nicole didn't say she was leaving. So how could she rest assured that Lavinia was alone?

"No,I didn't say I was leaving.I promised to accompany Lavinia."

Frank didn't give Nicole a chance and had already pulled her away.

"Our parents can handle the wedding,I set a travel route for my mother-in-law,and I also consulted her opinion.They are all accompanied by Hawn.My mother-in-law is old,let her go out to travel around with Erik.So don't worry about that."

Lavinia had no idea what kind of life she would live after marriage.Instead,Chris took care of it and arranged it for her very carefully.Even Judy was within the scope of Chris's arrangement.

The man who said he was willing to marry her at present really regarded her whole family as one of his own.

Lavinia subconsciously put her hand on her lower abdomen and silently said in her heart.

Son,this was your father.Wasn't your father excellent?

Judy and Erik went on a trip.Chris took Lavinia away from the wedding scene.Before she could even remove her makeup,she changed into casual clothes and dragged Chris to the airport.

"Where we are going,Chris.When you booked the air ticket?I don't know about that."

Lavinia thought it would be good for her mother and brother to go out.She was pregnant now,and it was inconvenient to go anywhere.Chris would definitely not

take her out because of those. But she didn't expect Chris to prepare her honeymoon early.

"You have been sleepy recently. I asked my assistant to arrange it."

While speaking, Chris had already taken the air ticket and checked it in.

VIP channel security check was speedy, and they didn't use unique relationships when traveling, just like ordinary little couples.

When they got on the plane, Lavinia suddenly remembered that they had never told Nicole when they left. What if Nicole couldn't find her?

"Pregnant woman can't play with mobile phones!"

This was their private trip, and Chris had arranged a little surprise for the two people Lavinia was worried about, ensuring that Frank and Nicole wouldn't have time to find them these days.

When they arrived, the private butler made enough preparations for them. Their romantic trip was starting from here.

Nicole and Frank, on the other hand, were having a hard time.

Frank was forced to work all day to get the cooperation with the Konev Group. The Joy family was optimistic about Frank and placed great hopes on him. However, Nicole gradually changed her mind about Frank and began to grieve for her boyfriend.

As Chris said, they didn't have time to contact Lavinia

at all. Occasionally, Nicole's phone call to Lavinia were all picked up by Chris. He told Nicole that the pregnant woman needed enough sleep to let Nicole bother less.

Then, Nicole moved in with Frank and found out she was pregnant a month later.

When Lavinia heard the good news, she also told Chris that Frank was too unrestrained. But that's all right. Their children were not much different from Nicole's children, and they may become good friends in the future.

"Chris, when are we going back?"

The honeymoon was too long. Why wasn't Chris in a hurry to go back to work?

She was dying to go back to see Nicole.

"Soon, when the child is born, we will go home!"

Wouldn't it be half a year, but now she didn't want to talk to Chris anymore. It seemed that she needed to find time to plan her wife's escape!
