

His Insane Lust

Chapter 8 Making Love Legally

Shawn strode towards the elevator with Nicole in his arms. When they came into the elevator—the quiet little space, the atmosphere instantly became a bit ambiguous. Especially when Shawn held her, she kept teasing her with his hands on her chest. Nicole snorted. If it was the elevator or the car, she chose the latter.

She bit her lower lip intensely, and the hot and misty sight hit Shawn. After looking at Shawn's eyes, Nicole quickly shifted her sight and buried it between Shawn's chest.

Shawn didn't understand why Nicole bowed her head so quickly. He chuckled: Are you nervous when you look at me?'

Nicole leaned against Shawn's chest and was a little embarrassed. In fact, she was still afraid to keep looking like this, and so on. What might happen in the elevator, but Shawn asked, and Nicole took the opportunity to make a sound.

'You don't seem to be shy.' "Then you don't know me. I am shy.' 'Is it? Then I still like the way you look in bed, hot and wild—sexy.'

Just when he finished talking, the elevator door suddenly opened. He strode ahead with Nicole in his arms, and his pace gradually accelerated.

It seemed that he couldn't wait to take the next step with Nicole.

However, Shawn strode out of the company with a woman in her arms, which really attracted the attention of many employees, but no one dared to say anything.

Shawn held Nicole all the way and headed for the car outside.

After getting inside, Shawn leaned over and pressed Nicole beneath him, and his scorching heat was just at her entrance. Shawn gently stroked her entrance across the trousers and the gauze.

It was this layer of clothing that resisted, and then Shawn kept rubbing it, which made Nicole feel empty. She clutched Shawn by the collar with her misty eyes. 'Shawn, don't you know that you're so alluring and people might fall for that—even break the law?' 'Lust—one of the 7 sins ...' Shawn smiled, leaned over her thoughtfully, and nibbled at her earlobe. 'There is a way to save you from the name of crime.' 'What do you mean?' She suffered under her body, and Shawn kept rubbing on her pussy.

Nicole could even feel that the suit pants was getting thick and bigger, and the glans was smooth, constantly touching her entrance.

'Go to the Civil Affairs Bureau with me and become my wife. I will help you solve your work problems and your physical problems altogether.'

Shawn suddenly stopped when he said this, and his generous and powerful hand suddenly penetrated into her body. Her underwear had already been stripped off in the office, and Nicole now was empty except for the outside.

Shawn gently pinched her titties with both hands and rubbed them. 'What do you think of this deal?' Nicole snorted, and she immediately grabbed Shawn's wrist: 'Shawn, you did it on purpose!' 'The water seems to be flowing again ...'

Shawn laughed wickedly, and the hand holding her two pieces of meat suddenly let go, instead, he used two fingers to gently test inside.

Her body suddenly burst into a thrill, Nicole purred, and her hands clasped Shawn's neck tightened a lot, even without any face. She took the initiative to lift her ass, and her legs gradually rose, and she hung on Shawn's stout waist and clung tightly to it.

"UH-HUH

Under her trance, with a snort of groaning, warm breath was sprayed on Shawn's cochlea, even mixed with some moist breath.

Shawn closed his eyes and felt the warmth sprayed by Nicole in her ears. The fingers that had penetrated into her hole suddenly went deep inside, even faster.

'Do you want it?'

Shawn seduced Nicole step by step, and his hands never stopped for a bit. He didn't enter her body yet it kept rubbing her clitoris with its scorching heat.

The hardest thing was this feeling. The feeling of emptiness was getting stronger and stronger.

She stretched out her hand and touched his trouser chain without reason. Suddenly, when she stretched out her hand and opened the trouser chain, her soft hands were nimble and leaned in, pulling his dick out of his underwear directly

However, Shawn certainly wouldn't let Nicole succeed so easily.

He pressed Nicole's hand and looked at the woman who was breathing with her mouth open. Shawn suddenly felt that she was holding a lot of thick and tight.

'Don't you want to have sex with me?' Nicole was a little wronged, and insatiability looked at Shawn puzzled. Her hand movements, still wanted to let him into the body. Shawn was taken away by her red lips, and suddenly he bent over and bit her red lips hard.

Only when he leaned down, his glans directly touched the hole where she had been flooded. Shawn snorted and pulled it out in time when he was thick enough to slide into the hole.

His dick pressed down on the other side, not on the other side. Nicole purred, and with such a casual touch, she wanted it even more. 'Do you promise me or not?' 'If you want to have sex with me now, you are committing a crime.' Shawn recalled her chin, looked at her dissatisfied eyes, and spoke slowly.

'But if you get the certificate with me, we will be Legitimate couple. It is certainly not a problem to 'fight' with you for 300 rounds in one night.'

Shawn promised to seduce Nicole, even holding a thick hand and rubbing it gently at her mouth.

Nicole bit her lower lip and let out a charming hum again. She is probably a female goat. She wants to fuck a man like Shawn!

Nicole tried to twist his body and let his cock slip in directly. It's just that Shawn has already discovered Nicole's attempt to prevent him from succeeding. 'Do you agree or not?'

'We're adults, and we can make love. We both want it, it won't be any bad. If you don't involve money, there won't be any problems!'

Shawn....." Nicole reached into Shawn's shirt and gently whirled and rubbed on the one on his chest. 'No, I am mentally clean. If you have sex with me, you can only have sex with me.' 'If you want to save your company and ease the funding problem, you can only promise me.' 'You don't suffer in this matter, do you?' 'Have you ever seen a man who lives better than me and has better ability than me?' Shawn grunted, gently pushed forward, but didn't go in.

Nicole was in a hurry, not to mention the company's urgent situation. She hooked Shawn's neck and immediately put on her red lips, and the tip of her tongue gently hooked his upper jaw.

'I promise you ...

Her voice was vague, and Nicole satisfied with a stuffy hum when she felt a sudden surge of fullness under her body.

Shawn inserted and slowly pulled out. Nicole was anxious to hold his dick, whimpering. He smiled and sent dick under Nicole again. 'Comfortable?'
