

## Chapter 80 It was you who did this

The expression in her eyes flashed, and she suddenly laughed.

'You are asking me? How do I know that it takes a long time for this woman to go to the bathroom? I don't know why she hasn't come back for so long.'

They were still happy for a second, but couldn't laugh the next time.

Shawn was coming here...

Just seeing Shawn's expression, the two of them knew that he was here to ask...

The eyes of the two of them flickered, and there was a burst of anxiety in their hearts.

'President Shawn?'

Bob was originally thinking about why he didn't have a table with them. He was about to call him. Who knew that he came here now?

Bob suddenly stood up from his chair.

'Since you came here, sit down here.'

Shawn didn't come here for dinner. He came to find Nicole. It had been a while since Elena took her away. No one was seen here, and Bob did not have Nicole here. And she hadn't even responded to the message. This was impossible!

'I came to look for her, how about her? Didn't you say you are looking for her?'

Shawn's eyes fell on Bob, his eyebrows slowly furrowed, but he wanted to hear what he would answer to himself.

Bob's eyelids twitched, and he couldn't help but let out a cry.

'She went to the bathroom, but I don't know how to go for so long.'

'Did you see her go to the bathroom?'

Shawn continued to ask, but this question made him stunned. Bob shifted the expression in his eyes to Elena. She told him about this. Should she know?

Only at the moment Bob turned his head to look at Elena, Shawn probably knew what was going on. His expression deepened a lot, and he turned his attention to Elena.

'It was you who did this, right? So how about her?'

Shawn narrowed his eyes, staring at her and asked.

Elena originally thought that she could be calm when facing Shawn's questioning. After all, she had already figured out how to answer him in advance. But she didn't expect that when he really asked her, her heart started to feel panic.

Elena smiled far-fetched: 'You are asking what I did to her. She said she went to the bathroom, but why hasn't she come back now? How do I know.'

Sitting at this table were all relatives of the family.

When Elena was questioned by Shawn, Raven's eyes couldn't help but looked towards him. He wanted to help Elena, but he couldn't do that because of Bob and Shawn. He depressed the strangeness in his heart.

'Do you want me to force you to say it? If you can't find anyone, none of the people in this hotel today will want to leave!'

## Chapter 81 None of you could leave here

Shawn's words frightened them again. They didn't expect that Shawn could say such harsh words. Seeing his face sank, Elena opened her mouth.

'There must be some misunderstanding. Don't say that for now.'

'Let's just wait her for a while. She would come back by herself.'

Bob wanted to take two steps forward and pat Shawn's shoulder to comfort him, but who knew that he had just walked over and was avoided by Shawn.

His face was so dark that he couldn't do it. If he waited any longer, he wouldn't know how serious the matter would be!

A gleam of light flashed from the depths of his eyes and suddenly turned around.

'Before I find her, None of you don't even think of leaving here!'

He strengthened his tone and ran forward all the way.

After saying that, and everyone else just sat in their original positions and froze here, dared not move anymore.

Now everyone knew that Nicole was gone and Shawn was anxious to find her.

If he didn't find her, everyone would be dead.

Elena was sitting here unreliable. If Nicole was really found, what should she do...

Erin's panic was not much less than Elena's. She suddenly stretched out her hand to hold her hand, her eyes flashed.

'mom.....'

Erin didn't know. Just when she looked at Elena, Bob's gaze

came to this side.

Bob suddenly took Elena's shoulder, staring at her and asked, 'You did it? Does it matter to you?'

When he asked like this, Elena started to feel guilty in her heart. She struggled immediately and pulled her own hand: 'Now you start to wrong me after seeing Shawn got angry, right? I don't know anything. Why I have to be so wronged by you like this?'

A strong unwillingness surged in her heart.

When Bob heard her words, his eyes darkened a lot. So where did she go?

He let go of her, frowning and explaining: 'Nicole is gone now, and Mr. Shawn is anxious. I just asked you about that, not thinking about wronging you.'

'Then if you are really curious, you should find her by yourself. It's useless for you to tell me this here.'

Elena gritted her teeth. If people were found out, she would die!

When they were talking, a footstep suddenly came, it was the hotel security and staff.

Elena's eyes swept towards the security guards instantly. When they saw the security guard, only Elena got panic. As if she was worrying about something.

Damn it! She must be found out.

Elena retracted her eyes and lowered her head to try to make herself look calmer.

Erin suddenly stretched out her hand and squeezed her hand. What should they do now? They're going to be discovered. If Shawn found that Nicole was locked in the room, they would definitely dead.

Her eyes shifted to Erin. Seeing that she was nervous now, Elena slowly shook her head to her. If she panicked, she would lose.

## Chapter 82 What's wrong with you

Shawn led people to find Nicole's figure from room to room on the first floor.

It wasn't until they got to the room where the staff rested in front and found the last one, only then did they find that a door was locked.

Standing here, Shawn frowned, he suddenly kicked the door hard, and the expression in his eyes sank.

This kick was of no use at all, and the door still did not open.

"You guys come here. Open the door. If you don't have the key, just kick the door open!"

The people in the room were already asleep on the sofa. Nicole didn't know anything about the movement outside.

She leaned on the sofa and slept quite securely.

Until she heard someone kicking the door.

Her eyelashes moved vaguely. She frowned slightly, and when she opened her eyes in a daze, she just heard the movement from outside.

Her eyes suddenly flashed a faint color, and she was quite awake. She stood up from the sofa hard, and walked directly to the door. It should be Shawn who found that she was missing, so he came here to find her.

'Shawn?'

Nicole screamed tentatively while standing at the door.

'You take two steps back. The door will be kicked off, don't hurt yourself.'

Shawn listened to her voice and confirmed that she was inside. He lowered his voice to remind her to move back.

Nicole immediately responded, and then took a step back.

She originally thought she was going to wait here for a long time. But she didn't expect that Shawn found her so quickly, which was a bit of a surprise.

Several people outside kicked the door here. Shawn suddenly lifted up and kicked the door hard. The door was open.

He looked at her who was standing in the room, his eyes darkened a lot, and he took a few steps towards her.

'I thought I was going to be trapped in this room all day.'

Just after she finished speaking, she was hugged by Shawn. Her voice stopped abruptly, feeling his embrace, her heart immediately followed.

She closed her eyes and smiled. Fortunately, Shawn was here. Otherwise she really didn't know what to do.

'I knew you were gone a long time ago, but I've been enduring and waiting.'

'It was Elena who locked you here, right?'

When Shawn said this, he suddenly narrowed her eyes.

He suddenly felt anxious, and the moment he hugged her. He had a reaction under his body, and now he wanted to hug her in his arms and wantonly ravage...

Shawn suddenly let go of her and looked at her face, his eyes even more involuntarily staying on her lips.

'Let's go first!'

There must something wrong in his food and wine, otherwise, how could he have such a reaction!

The moment Nicole was pulled by him, she felt a little off guard. She followed him and could even feel how hot his arm

was.

Nicole couldn't help but pulled his hand, her eyebrows frowned slightly.

'Why do I feel you are so hot? Is there anything wrong with you?'

Shawn gritted his teeth. Elena and her daughter really got something. They really dare to do those things to him and Nicole.

Shawn forced down the anger in his heart, and continued to lead her forward.

'There's something wrong with my wine.'

## Chapter 83 Can't control himself

Nicole heard his words, and she was stunned. She thought he was uncomfortable, but it was because that someone changed his wine.

Thinking about Elena shutting herself in this room, and Shawn being drugged, her heart suddenly became tight.

There was a trace of hostility in the depths of her eyes. When the matter was over, she would come back to find them to settle the account.

Shawn pulled her towards the front all the way, and the people who had been waiting here were all surprised when they suddenly saw Shawn taking Nicole out.

Bob's face suddenly turned pale. Nicole was found by Shawn, so this must be done by Elena.

Bob suddenly stretched out his hand and grabbed Elena's hand, forcing her to turn her head, his face was already ugly.

He didn't expect that Elena would actually do something to Nicole, especially hiding her.

'Now you can still say that people are not hidden by you?'

'If you didn't hide this person, why is Mr. Shawn found out now?'

Bob's face was disappointed. When he said this, he suddenly took the initiative to throw away her hand. Looking at Elena, he was helpless and angry but he couldn't say anything about her.

'I really don't know what to say about you. When Mr. Shawn comes over, you will know that you are wrong.'

Now Shawn was in love with Nicole, and even he had to call him Mr. Shawn. Everyone could imagine how powerful this person was.

Elena heard his reminder, her heart beating for a while. She stood here awkwardly, and didn't know what to do.

'Bob, I...'

Elena stretched out her hand anxiously. She had just pulled Bob's hand, but they were thrown away.

'Okay! If you ask me about this matter, I don't know what answer I should give you. If you are really scared, you should think of the consequences of doing this in advance.'

'I don't think you can think about the consequences of anything you do now.'

Bob was full of anger when he said this.

He didn't know how to face them now. Although the two had gone out, Bob always felt that the two of them would definitely come back.

Her eyes flickered. Originally, the plan was to let Shawn and Erin sleep together first, but who knew that now Shawn found her.

Elena didn't know what to do now, and now that the effect of the medicine had almost begun...

If these two go out, it must be...

Elena couldn't help frowning at the thought of this place. A gleam of light flashed in the depths of her eyes. That really let Nicole take advantage of it!

Nicole was taken all the way by Shawn, until she returned to the car and the doors were closed, he couldn't restrain his inner lust.

He was now hot and dry, just wanting to press her under him.

## Chapter 84 What did you want from my fiancé

Nicole was hugged and sat on his thigh by Shawn, her eyes flashed, her hands were hooked on his neck, and her clothes had been pulled up by him and even taken off.

When her chest was exposed in front of his eyes, his breathing had begun to become a lot quicker.

He was buried in front of her chest, gnawing at the fullness of her chest.

Nicole couldn't help biting her lower lip to restrain her thoughts of groaning. She closed her eyes tightly and enjoyed his movement.

Every place he kissed brought a tingling electric current.

'Ah~'

When he suddenly bit down with gravity, Nicole trembled lightly, and she opened her lips slightly and groaned.

Shawn's body was already hard and unbearable. He hugged her waist and gently twisted it, causing her lower body to collide with his dick.

But this kind of rubbing made Nicole more and more feel a burst of emptiness in her heart, followed by a burst of emptiness under her body.

She really wanted to be filled by him.

She suddenly lowered her head and bit on his lips with a bit of dissatisfaction. Her teeth gnawed gently on his lips, and the tip of her tongue was flexibly rolled into her mouth.

Shawn pulled down and hugged Nicole and moved back a bit, then suddenly pulled out the pants under him, and the stout jumped out.

He gently pulled her lower body skirt, when her underwear was torn off, Shawn just reached out to touch, and

felt a moist underneath her.

He gasped in a low voice and pulled her up. When she sat down on him, the stoutness also pierced into the depth of her stamens, directly to the end.

The sudden feeling of being filled made her feel satisfied.

As Shawn twitched faster and faster, Nicole also became more and more satisfied.

The two stayed in the car for half an hour before leaving.

When the two returned to the hotel again, the people who were invited to join Erin's birthday also left. Now only the family and some staff were here.

When Bob saw her coming, his eyes brightened a lot, and he was about to leave here.

'Nicole!'

After Bob called her, Elena and the others also looked at her.

They walked toward that side together, until they came to Bob's side, the two stopped. All the people were standing here.

They couldn't see that they were just having sex in the car just now.

She glanced at him first, but did not respond to Bob's enthusiasm, and then turned her eyes to Elena.

Nicole stared at her dodging eyes, and suddenly pulled the corner of her mouth and chuckled.

'Auntie locked me in the room. I didn't expect that I would be released, especially because I didn't expect to be released so soon, right?'

When Elena was asked by her, there was indeed a clear sense of guilty conscience in her heart. The expression in her

eyes flickered, and she opened her mouth as she watched her, trying to explain something.

'Do you still want to quibble? This hotel is all monitored. If you say what I said is wrong, let's take a look at the monitoring now?'

Elena's face paled for a while, and when she looked at Nicole as if she didn't intend to let this matter go. She frowned and gritted her teeth.

'What do you want?'

'You are the one who did the wrong thing. Now, are you talking to me in such a natural tone?'

'Do you think there is nothing wrong with you keeping me closed?'

The smile at the corner of her mouth gradually closed, and there was a gleam in the depths of her eyes.

'You kept me locked away. What did you want to do to my fiancé?'

## Chapter 85 Stop Sophistry

'Did you just confuse about this. This was my fiancé? Did you want to introduce it to your daughter or to yourself?'

Nicole questioned her sentence by sentence, every word she said scared her. Elena's face also turned pale because of her repeated questions.

'Stop talk nonsense here, it's obviously not mine!'

In a hurry, Elena hurriedly said such a sentence to Nicole.

She knew she couldn't escape now, but she still had to argue.

'Do you still want to quibble now? Who could believe you when you say this? I just told you before. Anyway, there is monitoring in it. We can check it.'

Nicole heard her defense so much, she felt anxious in her heart. Her eyes sank, and she frowned at Elena.

'Nicole, that's how you treat your auntie?!'

Bob didn't say anything this time, but Raven spoke out. He suddenly yelled at Nicole, his tone sharp.

'You are so ignorant, so rude to people, who taught you that?'

Raven couldn't see her mistress being attacked by Nicole in this way. He couldn't help the anger in his heart, and shouted at her.

But when his words fell, everyone's eyes shifted to him.

Raven didn't seem to realize how abrupt what he said just now. Bob didn't say anything at this time, but he stood up to help Elena.

Raven realized that something was wrong when everyone looked at him.

He opened his mouth slightly, looking at these people turning around. His eyes flickered, and even a little panic. How should he explain to these people...

'Uncle, what am I talking about? I'm just stating a fact, saying that a fact has become wrong now?'

Nicole stared at his slightly stunned expression, and suddenly walked a few steps forward.

'My dad hasn't said anything about me yet, but you are scolding me here. Where does your courage come from?'

'If you really feel that you have a lot of time, I advise you to take care of your own home affairs first. My affairs have nothing to do with you.'

Nicole had just approached him a few steps. After saying this, she saw his face sank and suddenly raised his hand.

He gritted his teeth and stared at her. A trace of hostility quickly faded from the bottom of his eyes, but at the moment he raised his hand to beat her, his hand was grabbed.

'If you want to beat her, you have to see if I agree!'

Shawn jerked his hand.

When Raven heard his voice, his heart trembled suddenly. He raised his eyes, and his gaze also fell on Shawn's body.

When he saw his darkened face, Raven wanted to explain, but he was suddenly pushed back by him.

When Raven fell back, Elena was obviously nervous, and her eyes flickered with a clear guilty conscience.

She forcibly suppressed the strangeness in her heart. She must hold back now. If she helped him, she would definitely be exposed.

When Raven fell over, he slammed into the chair behind him. A pain in his spine, which made him unable to control his

wailing.

He stretched out his hand to cover his back, frowned his eyebrows, and his eyes sank.
