

Chapter 86 It was me who locked her up

'Uncle, you can't blame anyone for yelling now. How dare you try to beat me here?'

Nicole listened to his wailing, and there was no sympathy or guilt in her heart. He deserved it!

Raven's hand covering his back loosened. When he stood up from here, his eyes fell on Nicole and then he turned his gaze to Bob.

Now that he couldn't deal with her. He wanted to focus his attention on Bob, forcing him to give himself a satisfactory explanation.

'Bro, is this the good daughter you taught?!

'If she can't respect the elders, how can she be like in the future?'

When Raven was angry, he even pointed his finger at her, almost putting his finger on her face.

Bob stood here frowning, and did not respond to his words.

Bob had all noticed what Elena was doing just now.

He was skeptical at first, and has been deceiving himself. He kept saying that he just thought too much, but after noticing her attitude towards Raven, he knew that they did have something...

Whenever he thought of this, Bob felt angry.

He couldn't help closing his eyes and lowering the pressure in his heart.

'She didn't do anything wrong, and you don't have to blame her.'

Bob's sudden answer made Raven stunned. Nicole and

Shawn, who were on the side, were also somewhat stunned.

This was the first time Bob did not blame her, but stood on her side.

She couldn't help but turn her eyes to Bob. When he was closing his eyes, Nicole felt a little bit abnormal.

She suddenly rushed to him and walked to his side. Nicole stretched out her hand to support Bob after she came here.

'Dad, are you okay?'

Her tone lightened a lot, and asked him in a low voice.

Bob opened his eyes when he felt that Nicole was supporting herself now.

His eyelids twitched and he looked at the daughter standing next to him. Suddenly he felt tears in his eyes. Only this daughter really cared about him.

His eyes were already wet, he cried and shook his head.

'I was wrong. That's why you are wronged.'

His voice was a little choked

'What she said is not wrong, this matter must be investigated clearly.'

'Nicole was locked up, what exactly did people want to do? It had to be found out'

Bob's words made Elena's heart tremble, and she suddenly raised her head and shifted her eyes to Bob.

In the past, Bob would be on her side. No matter what happened, it would turn into peace in the end. Why was it so abnormal today?

But if she really wanted to adjust the surveillance, she should admit it herself!

Elena stared at Bob and shook her head.

Chapter 86 It was me who locked her up

'You don't need to check it, I kept her in it.'

'you!'

When Bob saw her really confessed, he pointed at her with a blank face, 'You really didn't listen to my words!'

'If you don't want to stay at home here, get out now!'

Chapter 87 Bob found out

Bob yelled at Elena. This was the first time.

Nicole stood beside Bob to support him, and could even feel how angry he was when he said this, his whole body was shaking.

She held him tightly, fearing that he would be too excited, and fell straight down.

'Dad, how can you tell Mom to go away? Are we not a family? If you are like this...'

Erin began to panic. Seeing Bob's words to Elena so harshly, she worried that things would become more and more serious in the end.

Obviously her wish was not like this today, who knew that it was the ending.

'Okay, Erin, stop talking.'

Elena interrupted her, clutching her hand tightly, she looked at her and shook her head.

'Since he wants me to go so much, I will go. It doesn't make sense to stay anyway, right?'

Elena was now deliberately using this trick again to stimulate Bob.

'The feelings for more than two decades are nothing more than this.'

She pulled the corners of her mouth and laughed. She shook her head and narrowed her eyes. After saying this, she also let go of Erin's hand.

She even thought in her heart that when she left, Bob came up and pulled herself to reject him.

Only after she turned and left, there was only Erin's voice

behind her. She walked all the way to the front, even faster and faster, without hearing Bob's voice. Elena did not hear his voice until she left the hotel door. She knew that she did something wrong...

Nicole stared at the back of her departure. In her memory, Elena did leave by herself, but every time was because of the quarrel. Nicole did not expect that she would walk by herself this time.

Her heart jumped a little, and she turned her attention to Bob. She was still worried that he would find her back.

Who knew that Bob's face turned pale when he came over, and even his breathing was a little short.

'Put him down and have a rest.'

Nicole's hand was suddenly pulled by Shawn. She looked sideways at the chair that he had moved. Her eyes flashed, and she sat down with Bob in the chair that Shawn had brought.

'Dad, don't get excited. Take a good rest first, don't worry.'

She calmed his emotions.

Bob closed his eyes and shook his head. He just didn't get over for a while. It's okay to slow down.

'Dad, Mom is gone now. Are you really not going to get Mom back? If Mom is really angry and doesn't come back, what should our family do?'

Erin has already asked Bob anxiously about Elena's departure.

Nicole was annoyed when she heard her. She turned her head and stared at Erin, and suddenly gave a cold voice warning: 'Shut up!'

Her tone was sharp, and her eyes were threatening.

Erin originally wanted to urge Bob. Who knew that when

Bob was staring at her like this, she now dare not speak anymore. She was aggrieved in her eyes and curled her lips slightly.

'How about your mother. If you are really worried, go out and look for it yourself now. Don't talk nonsense here. If you let me hear you talk nonsense here, don't blame me for driving you out of the house too!'

After Nicole narrowed her eyes and stared at her for a warning, she shifted her gaze to Bob.

He seemed to be getting more and more uncomfortable. She continued to help Bob follow his breath.

Chapter 88 He has to beg me to go back

Raven didn't know when he was gone, but she had no thoughts about where he went.

She pacified Bob for a while, and after confirming that he was not serious now, she released her hand on his back.

'Dad, let's take you to the hospital for an examination first. If something happens to you, I will be very worried.'

He shook his head. Now he opened his eyes. When he saw that Raven was really not here, He couldn't help frowning.

'It's okay, take me home. Just go home and lie down for a while.'

When she heard this, she frowned again. She didn't know how to persuade Bob. But now that he insisted on going back, she had no choice but to agree.

'Well, I'll take you back first. If you feel uncomfortable, you must remember to tell me, don't hide it from me.'

Nicole reached out and helped Bob up from the chair.

Shawn had been waiting next to him, observing his situation. He probably knew something in his heart. When Bob was supported by Nicole to stand, he also supported him on the other side.

'dad.....'

Seeing that Bob was about to leave, Erin couldn't help but yelled anxiously. Her tone was a little flustered. Now she didn't know where Elena ran, even if she wanted to find her back, it would be a little difficult.

'Don't you dare say another word?'

Nicole turned sideways, staring at her eyes, her eyes were warned.

Erin originally wanted to say. But when she heard Nicole's words, she did not dare to speak anymore. She was stretched here, her eyes flickered.

They left together without looking at her expression.

Erin leaned sideways, her eyes hitting them again, seeing that they were really gone now. She squeezed her hand abruptly, and there was a moment of unwillingness passing deep in her eyes.

'Nicole...'

She gritted her teeth abruptly. If Bob didn't take her mother back this time, Elena would definitely not go back on her own initiative.

Erin stood there and hurriedly made a phone call to her.

'Mom, where are you now?'

Listening to her daughter's voice, Elena's eyes flickered. Her eyes shot Raven who was driving ahead.

'I'm outside. Your dad is gone now, right?'

Her tone had cooled a lot now, she squinted her eyebrows. If Bob did not invite her back personally this time, she would not be able to go back.

Erin nodded: 'Yes, he was taken away by Nicole. Mom, you are not by my side. She dared to bully me casually. When will you come back?'

She asked anxiously, if there was no one to help her in this house, her life would be difficult.

'When will I go back? Wait for your dad to come and beg me to go back. This time your dad really broke my heart. If he doesn't come to me, I won't be able to go back.'

Erin was stunned. Seeing Bob just now, she probably wouldn't go to find her easily..

Chapter 89 He's so disappointing.

'Mom, don't say this. Now Nicole and Shawn were back with dad, if I don't have you by my side, then Nicole can really bully me casually. Are you really so relieved? ?'

Erin asked her anxiously. She wanted Elena to be by her side now. So she would have a little confidence when she went back so that she would not be bullied.

But how could she went back now? She was by Raven's side. Even if she heard Erin say these things, she didn't feel any distress at all.

'If you are afraid of being bullied by that girl, just go find your dad!'

Elena suddenly gave a vicious cry. She didn't believe that Bob would let Nicole bully her like this.

'Anyway, don't worry. If your father stays by your side, no one will dare to do something to you.'

A gleam of light flashed through the depths of Elena's eyes and directly hung up the phone.

She retracted her gaze and turned to look at Raven. Seeing his expression quite relaxed, she suddenly stretched out her hand directly towards his crotch.

Raven parked the car on the side of the road, then shook her hand back.

These two people started in the car again...

Nicole and Shawn took Bob home all the way. Until they returned home and helped him to lie down in the room, he then told Nicole to leave.

'You go back first, it's already late today. And it would be dangerous if you go back later.'

'Dad, it's okay for me to accompany you here. It's OK for

me to sleep here, it was originally my home.'

She couldn't help frowning when Bob drove her away so quickly.

But his worried eyes slowly shifted to Shawn. He opened his mouth slightly as he watched him, mainly because he was worried that Shawn might have something wrong.

'It's okay for you to live here, but what about Shawn.'

'President Shawn is definitely not used to living here.'

Bob pursed the corner of his mouth slightly. He stretched out his hand to hold her hand, and wanted to persuade her to go back first.

'No, I'm OK with that.'

'I won't have any problems living here.'

Shawn said something like this after Nicole said that.

The expression in his eyes darkened a lot, and he even pulled a chair and sat beside her.

Bob was stunned, seeing they both sitting here, a trace of stuntedness gradually appeared in his eyes.

'Well! It's so late. If you go back, it will definitely be inconvenient. It's very dangerous. It's better to stay here and stay for one night before leaving.'

After Bob returned his eyes after saying this, his face was hurt again.

Nicole clearly saw the loss in his eyes, she pressed the corner of her mouth slightly, took his hand and patted it.

'Are you still thinking about that woman?'

Bob frowned, speaking of this, he had no face to face her anymore. Elena did something like that to them, which really made him feel guilty for Nicole in his heart.

'Your aunt really disappointed me this time.'

Bob's eyes were still falling on the back of his hand. He had been looking at his hand, but he had no face to look directly at Nicole.

She nodded when she heard his words. After thinking for a moment, she said and laughed: 'Dad, you think like this tonight. It is very likely that you will not think that way tomorrow.'

'Get a good rest, anyway. Things have already happened and passed, but they didn't succeed.'

She was very clear about Elena's intention to prescribe Shawn!

Chapter 90 I have some conditions

Hearing this, Bob immediately looked at her, his eyebrows furrowed, this time he was really not joking with her.

'If your aunt wants to come back this time, then come back. If she doesn't want to come back, then forget it. She can go wherever she likes to go, but I won't call her back!'

His tone was firm, and he would never forget Elena's small gestures when he went to see Raven. Although he felt that his family was the most important thing, he was a man anyway. And he also had the dignity of a man!

She looked at his firm expression, and she was shocked. She didn't know whether she should believe his words or not.

She narrowed her eyes and nodded to him with a smile: 'Dad, let's not talk about this now. If there is anything to say, you will talk about it tomorrow. Just have a rest.'

Today Bob was so excited at the hotel. she didn't dare to let him continue to speak. Nicole directly helped him to lie down and gave him a relieved look.

'After you rest, Dad, I will leave with him.'

Bob originally wanted to say something. But after hearing her words, He had no choice but to suppress what he wanted to say.

He looked at her and nodded: 'Okay, I will rest now, you should go back first.'

'Go back to the room and take a good rest. I'll talk to you tomorrow.'

After Bob finished speaking, he really closed his eyes.

They didn't know if he really intended to sleep or pretended to sleep. They had been waiting here for almost half an hour before leaving his room.

After Nicole took Shawn back to her room, she immediately lay on the bed.

Shawn saw her lying on the bed so freely, and lay down with him. He leaned behind Nicole, pressed against her back, and held her tightly all the time.

'Why my dad was so abnormal tonight, and he really said something like that to Elena. If he changed his previous words, it would be impossible for him to say something like that to her.'

Shawn felt a moment of doubt when she said this, she suddenly turned around and put her eyes on his face, looking at him with a slight frown.

'You really want to know?'

When Shawn saw her look curious, he couldn't help but smiled and raised his eyebrows at her.

Nicole nodded naturally. Of course she wanted to know.

'Just tell me, what did you find?'

Nicole asked him. Her tone was full of anxious.

'It's fine to tell you. But I also have the condition.'

When he just said this, she suddenly approached him and kissed his lips.

'Is this enough?'

Shawn smiled again. Was she asking him it was enough? Of course he wouldn't say enough.

However, Shawn did not intend to continue. He stretched out his hand to pull her in front of him, holding her and replied: 'Perhaps your dad found out something from Elena when you argued with Raven.'
