

## Chapter 91 Son of the bitch!

Nicole was still at peace in his arms. Now when she heard this, she subconsciously struggled from his arms.

'What did you say my dad found? Is it true this time?'

She would be just looking angry, she didn't know if things were like this, and didn't pay attention to what Raven was doing.

When Shawn saw that Nicole had already sat up, he moved his eyebrows and stretched out his hand again to directly pull her down.

'Of course, what I observed should be like this. Sit down first. We'll talk about this later.'

'When we left, Raven had disappeared.'

After Shawn pulled her down again, he reminded her of this.

She froze completely. When they left, Raven was gone?

So he went to see Elena, right?

What an asshole...

Nicole frowned and leaned in Shawn's arms. She was thinking about how to deal with these two people.

If possible, she would find Raven tomorrow. Maybe she could find a surprise...

It was impossible for her to think that she would look for them there.

Shawn listened to her silence and couldn't help but increase the strength in his hand, holding her tightly in his arms.

'What you are thinking? Why haven't you answered me?'

Her eyes rolled, she closed her eyes and answered him, 'I

wonder when will I find Raven tomorrow to catch the rape.'

Hearing that, Shawn let go of her, staring at her and asked, 'Do you really plan to solve this matter now?'

'Of course, otherwise I will keep them together for the New Year? This matter must be resolved during this period of time. It can't be late anymore.'

What's more, Bob had already knew that. If she didn't handle this matter properly, he would definitely be killed by Elena one day.

Shawn patted her back lightly, his chin rested on the top of her head, and his voice also seemed much lower.

'You can do whatever you want. I don't care.'

Anyway, Shawn was on her side. If something really happened later, he could help her withstand it.

Her eyes flickered, and she raised her eyes slightly.

'Then what if I get into trouble with this thing in the end?'

She stared at his chin. She couldn't help but poked his chin with her hand deep down just after asking.

'It's okay. Just do it. If there is something, I will help you solve it.'

His tone was extraordinarily relaxed, and he didn't mean to be joking at all. As if he really wanted to help Nicole solve all the problems.

She heard his words, her eyes flickered. And the hand poking on his chin gradually stopped.

She admitted that listening to his words, she was really happy in her heart.

Nicole suddenly released him.

'President Shawn is heroic, that's fine, if something

happens, I will...'

'Of course I do have many conditions.'

Shawn suddenly stretched his hand over the quilt and directly covered the two of them.

Inside the quilt would be another long sex.

## Chapter 92 He had no response

The next morning, when they left the room door, they happened to meet Erin. Seeing her face now sleepy and innocent, Nicole couldn't help but frowned.

They had lived together for so many years. Why had she never seen her like this when she slept?

Every time she got up was like full of anger.

'Sis... Mr. Shawn..'

Erin suddenly said something like this when she wanted to pass her.

Nicole did not stop because of her words.

She continued to pull Shawn towards the front.

Erin was stunned in the same place, her sleepy eyes had disappeared completely. Her eyes sank, and she gritted her teeth with a straight face.

It's really arrogant enough, now she really ignored her...

But Erin couldn't get angry either. The time was a little special, she had to be patient...

She turned around abruptly, and the thought of going back to her room disappeared. Erin turned and followed them downstairs together.

Shawn went to work, Nicole was still at the house.

Even after Erin came down, she still looked at her back.

She was irritated just looking at Erin's eyes.

'Don't stare at the back of my fiancé there. Even you look twice, the person is still not yours. Don't waste time there.'

After she reminded this, Erin was forced to withdraw her eyes. She turned her gaze to Bob, stomping her foot and complaining unconvinced.

'Dad! I don't mean that! Nicole always wrongs me!'

Erin pointed her finger at Nicole, her expression was unwilling.

'Well, let's sit down and eat first. What was the noise all morning.'

Bob had just seen that Erin was indeed too obvious. Her attention to Shawn was too obvious, Bob could now understand why Erin had always said that they were unworthy.

Nicole slowly narrowed her eyes, staring at her and pointing to her hand. Her eyes sank, and she faintly warned: 'If you let me see you pointing at me with this finger again, I'll cut them down.'

Erin heard her words, and was frightened by Nicole in an instant. She pointed at her finger and pulled it back, taking good care of her finger.

Under the double attack of Bob and Nicole, Erin could only sit down here. She was still very dissatisfied now.

After sitting down, Erin picked up her bowl.

'Dad, are you really not going to find mom?'

'If you don't find her back now. Mom still didn't know when she could come back.'

Erin began to induce him to retrieve Elena.

But after speaking this time, she didn't seem to see much change in his expression.

Bob still sits here motionless.

'Dad, do you really want to leave her alone?'

Erin saw Bob was indifferent and couldn't help but ask.

After she asked, Nicole chuckled directly at the corner of

her mouth.

'So what? she may be so happy now. Do you have to worry about what will happen to her outside?'

Nicole moved her eyebrows and stared at her with full irony.

'So anxious. Don't you find it yourself?'

## Chapter 93 He knew about Elena and Raven

Nicole was once again confused by her remarks and didn't know how to respond to her.

The chopsticks she held in her hand suddenly tightened, and Nicole, why did she have to do it right with her?

Erin gritted her teeth for a while, and was about to lose her temper, who knew that Bob would speak here.

'Okay, didn't I just say everything? Just have your meal. Stop talking about it?'

Bob's tone was slightly displeased, his gaze shifted to Erin's side. Staring at Erin's now unwilling expression, Bob spoke again.

'When your mother will come back, the decision is in her hands. If she wants to come back, she will come back naturally. If she doesn't want to come back this time, I won't force her, as long as she likes it. '

Bob's words suddenly became calm, as if he didn't care much about Elena.

Erin suddenly felt her heart when she heard Bob's words. The chopsticks she held in her hand tightened a lot. Why did she suddenly seem to care about her mother?

Erin's doubts in her eyes were obvious, but she didn't dare to continue asking questions at this time.

This meal was extremely depressing.

It wasn't until after the meal that Erin looked at Bob and said, 'Dad, if you don't go find your mother back, I will go.'

Erin said this deliberately, trying to make him stimulated by herself and go with her.

But who knew that Bob didn't have much feeling in his heart after hearing Erin's words, Bob just nodded to her.

'If you want to, you can go.'

Nicole sat opposite Bob. She had not yet gone to the company because she wanted to tell Bob about Elena.

She was already married to Shawn. Although everyone didn't know it yet, it would definitely be made public in a short time. And she won't be able to come back to this home as often as she did now.

Nicole's gaze stayed on Bob, and she was very satisfied with what he said now.

Erin had an ugly expression on her face. She gritted her teeth, and under the sight of Nicole and Bob, she suddenly stamped her foot and ran directly outside.

It wasn't until Erin ran out that Nicole's eyes stayed on him.

She stretched out a hand and wiped the corner of her mouth with a tissue.

'Dad, do you know something?'

If Bob didn't know what happened, how could he be so unfeeling towards Elena and Erin.

'What is the difference between knowing something and not knowing.'

Bob suddenly shook his head and smiled. He slowly put down his chopsticks, and his eyes shifted to Nicole.

'Fortunately, I have a daughter like you, and I'm already very satisfied if you can take me to heart. I used to be confused, always struggling with some things. But now that I realized that, I'm at this age. What's so entangled.'

Bob's smile was full of helplessness, his eyes darkened a lot, and he said to Nicole again: 'Just go for work. Now I stay at home alone and nothing will happen, don't worry.'

Chapter 93 He knew about Elena and Raven

'Dad, so you know something about Auntie?'

## Chapter 94 Go find Raven

Nicole didn't expect Bob to actually admit it. Listening to his words, a trace of light passed deep in her eyes, and she couldn't help asking rhetorically.

Bob didn't know what to answer to her, but he was somewhat embarrassed to say it.

She frowned when he was hesitating and not speaking, and she said again: 'Dad, it doesn't matter if you tell me. I won't dislike you or anything else, I just Help you solve the problem together.'

'No matter how bad, we still have Shawn, right? He can also help solve the problem together.'

'You and Shawn always knew it a long time ago, didn't you?'

Bob pursed the corner of his mouth and suddenly asked Nicole about this.

He thought that she should have known about this a long time ago, so her attitude towards Raven was also particularly targeted.

Nicole listened to his words, and a faint color passed through her eyes quietly. She paused for a few seconds before she said: 'I found it at the engagement ceremony.'

'Dad, if you really can't accept this matter, you'd better solve those two people as soon as possible, otherwise it would be too rampant to allow them to do such a thing in front of you.'

She suddenly gritted her teeth at the end, did those people treat him like a coward? That's why they treated Bob like this?

'Hey, what can I do at my age?'

With these words again, when Nicole heard him saying

this, she felt unhappy in her heart.

She frowned and looked at him and emphasized: 'Can you really stand someone cheated on you? Dad. Let's solve this matter first, don't keep her by your side and don't treat them too well. It's not good for you either.'

'They will only be more unscrupulous because you are too kind to them.'

Nicole suddenly stood up when she said here. Now that Bob knew about them, she didn't plan to let him look at the dirty photos she took on the engagement ceremony. But Nicole would use these to let Elena get out of this house.

'Dad, if you really don't want to solve it, then I will solve it.'

She walked directly outside, her eyes sinking.

Bob looked at her back and opened his mouth slightly, but it was dumb for a while. He didn't know what to say to her.

Bob reluctantly constricted his eyes, retracted his eyes and leaned over here to ease his emotions.

After Nicole left her home, she drove directly to Raven.

She guessed that Elena must be in Raven's place.

When Nicole was halfway through, Shawn called her.

'Have you not gone to the company?'

As soon as he answered the phone, a doubt came from Shawn.

A dark trace of Nicole's eyes flickered, she frowned and drove while answering his words.

'No, I'm going to Raven's place now and find Elena.'

'My dad told me everything. He told me that he knew everything.'

Nicole frowned, and when she thought of this, her heart burst into flames.

When Shawn heard her words, he was still a little surprised. He asked in shock: 'Really? Did he already know everything?'

'I am worried that you will not be able to cope with it if you stay there alone. Send me the address. I am free right now.'

## Chapter 95 Still having sex in the Room

Nicole was shocked by his words, and she hadn't thought that he would want to accompany her.

She didn't know that Shawn still had work to deal with, but he wanted to rush over to accompany her now.

After hanging up the phone, Shawn turned and left. He was out of the office door before giving orders to the assistant group outside.

'Change my schedule this afternoon and insert it into other free time during the week.'

Shawn just said this, and the people standing here all bent over and bowed to him.

When Nicole arrived at the entrance of Raven's villa, he and Elena were still had no ideas.

The two were still having sex in the room now.

'Oh, Stop it!'

Elena had just put on her clothes, but Raven pulled her over again, even pressing her under him.

When the two people were playing and making love in the room, Nicole was already inside.

When the servants in that house saw her coming, the expressions of each individual changed, as if they had seen something extraordinary coming.

'Miss!'

'Where is my uncle?'

Nicole rolled her eyes, staring at the servant and raised her eyebrows slightly. After she said this, she ran upstairs without waiting for any answer from the servant.

Only by catching the rape on the spot could give Elena a

surprise.

When the servant saw she rushing upstairs, her face paled in shock. She was anxious to catch up with the servant. When Nicole had just walked up the stairs, the servant reached out and pulled her hand tightly.

'Miss, where are you going?'

Nicole's eyes rolled and moved to the hand where the servant was holding her. There was a gleam of light in the depths of her eyes, staring at the servant's nervous look and suddenly laughed sarcastically.

'You are blocking me? Can't you see where I am going, can you? I am going to the top to find my uncle. Why are you stopping me so nervously?'

She suddenly stretched out her hand and pulled the servant's hand directly.

The servant's heart slammed for a while, and if she went up, she would be fine. She knew what was going on there.

'Miss, if you want to see the master, wait here for a while. And I will go up and let him know. The master should be busy with something up there, and there is no time yet.'

The servant quickly stabilized her mind, and was not frightened by her words.

But when the servant was just getting ready to go up, Nicole stared at the servant and chuckled.

'You said uncle is doing other work on it?'

'Is he busy doing something shameful? Can't I go up and find him?'

'If you go one step further, you will be fired by me. Don't say you are a servant here. If I take care of these things, I can also fire you.'

Nicole's dismissal was really frightening the servant. She stood here and now she didn't even dare to raise her head. She just stood here with her head down, her eyes flickering.

'Okay, Miss, I see.'

Nicole stared at her now scared expression, and she let out a chuckle. she withdrew her eyes from the bottom of her eyes, turned around and continued walking upstairs.

Nicole walked up step by step, and there was an intense movement on it.

The closer to Raven's room, the more clearly she could hear Elena's slutty groan, zooming in a little bit, until it became clearer and clearer.

Her eyes sank. Elena really didn't feel shame at her age.
