Chapter 1541: Fang Yuan's Love

"Invaders of Lang Ya blessed land, die!" Lang Ya land spirit shouted as he attacked using Heavenly Giant Solor along with the band of hairy man Gu Immortals.

Retreat!

Seeing the approaching silver giant, Central Continent's Gu Immortals rapidly retreated in all directions.

Even Feng Jiu Ge was retreating.

But he was moving slowly, it was not that he was slower than the rest, but he was purposely lagging behind.

Undeniably, Feng Jiu Ge had the greatest battle strength among the Central Continent Gu Immortals, he was the leader of this expedition, victory greatly depended on him, he needed to control the situation at all times.

"This is Feng Jiu Ge of Central Continent's Spirit Affinity House!" Lang Ya land spirit controlled Heavenly Giant Solor, seeing Feng Jiu Ge, his pupils shrank, he had a grim expression.

The enemies had ill intent, Lang Ya land spirit felt great pressure.

Because Feng Jiu Ge appeared, it meant that Central Continent's ten great ancient sects, and thus Heavenly Court, were the enemies of Lang Ya blessed land!

Heavenly Court was the number one force in human history, it was also the number one grotto-heaven in the world!

How could Lang Ya land spirit not feel pressure facing such an opponent?

"Little Five!" Lang Ya land spirit shouted.

Gu Immortal Fifth Hair nodded: "Watch this!"

Saying so, he used an immortal killer move.

The killer move took effect immediately, appearing on Heavenly Giant Solor, the silver giant opened its mouth as a beam of light burst out.

The beam was very threatening, appearing before Feng Jiu Ge in an instant.

"Such speed!" Feng Jiu Ge was slightly stunned, the white light was right in front of his face but he suddenly smiled.

Swoosh.

He vanished in an instant, the light went through his former location and shot far away, creating huge ripples of distortion in the air.

Feng Jiu Ge appeared again, he advanced instead, arriving in front of the silver giant.

“He is above us.” Within the silver giant, the investigative hairy man Gu Immortal called out.

The hairy man Gu Immortals were flustered.

“Tit-for-tat, take my move as well.” Feng Jiu Ge laughed heartily, waving his sleeves as a grand aura burst out of his body.

Immortal killer move — Triple Extreme Sound!

Feng Jiu Ge punched with one hand, creating a drumming sound. He struck with his other palm and created the chiming of bells. He pointed with his finger and created a sharp whistle.

These were the signature methods of the Three Sounds true inheritance, drum fist, bell palm, and whistle finger.

Earlier, Feng Jiu Ge could only use the first two moves to supplement his methods. But after Fang Yuan escaped his pursuit, Feng Jiu Ge returned to Central Continent and thought about his own insufficiencies, he cultivated hard and learned the third move.

Thereafter, he learned all three methods, forming the triple extreme sound killer move.

Fist, palm, finger, fist palm, finger, using this fluid sequence, Feng Jiu Ge attacked and expended little immortal essence with each attack, the power even increased slightly with each use.

Even though the amplification was not high, Feng Jiu Ge attacked rapidly, alternating between fist, palm, and finger, he attacked for a hundred times in a short time! This way, as the number of attacks increased, triple extreme sound became even stronger!

The sound waves landed on the silver giant as it stumbled backwards, the hairy man Gu Immortals felt dizzy.

The silver giant waved its arms and scattered the clouds and winds, wanting to slam down on Feng Jiu Ge.

But Feng Jiu Ge’s methods were too tough, he moved agilely in the air, even though the giant’s arms were huge and moved fast, they could not hit Feng Jiu Ge.

“It seems that we need immortal methods against this person!” Lang Ya land spirit shouted with a serious expression: “Third Hair! Fourth Hair!”

The two hairy man Gu Immortals responded rapidly and used their immortal killer moves.

Third Hair used a killer move that created a dark green layer of wooden armor on the silver giant’s body.

Feng Jiu Ge’s triple extreme sound landed on the wooden armor and the sound waves were completely absorbed.

Fourth Hair’s killer move created a golden qi spiral above the silver giant’s head, these qi currents shot towards Feng Jiu Ge.

Feng Jiu Ge’s situation became dangerous all of a sudden.

His attacks were no longer effective, no matter how he flew, the golden spiraling qi currents gathered around his body, he could not shrug them off.

Not far away, Central Continent's Gu Immortal Fang Yun Hua saw this and thought: "According to the information, defeating this silver giant will decide our victory. Since Feng Jiu Ge is in trouble, I can help him."

Thinking of this, Fang Yun Hua was about to use a killer move when he heard his companion's warning: "Brother Fang, dodge!"

"What?!" At the next moment, Fang Yun Hua saw that the silver giant opened its mouth, shooting out a huge beam of light.

This beam of light was aimed at Fang Yun Hua, he quickly used his defensive methods.

But Heavenly Giant Solor had rank eight battle strength, even though Fang Yun Hua was a rank seven expert, he was not like Feng Jiu Ge or Fang Yuan, his defensive methods only lasted for three breaths of time.

But that was enough for Fang Yun Hua to turn into a white cloudy light and scatter, before gathering and forming high up in the sky.

Blood dripped out of Fang Yun Hua's mouth, he had a pale face and shock was in his eyes.

"I was distracted earlier and wanted to use a killer move, exposing a flaw, they were able to sense it immediately, what investigative method is that?"

Lang Ya blessed land had deep foundations, but it mainly focused on refinement path, the previous Lang Ya land spirit had no interest in anything but Gu refinement.

Thus, this investigative method came from Shadow Sect.

Fang Yuan exchanged true inheritances with Lang Ya land spirit back then, one on hand, he wanted the inheritances, and on the other hand, he wanted to increase Lang Ya Sect's battle strength!

Lang Ya Sect had many Immortal Gu, they only lacked useful killer moves.

And now, Fang Yuan's action finally saw some results.

Feng Jiu Ge's heart also sank.

This investigative killer move could sense the weakness exposed by enemies, it was very useful in landing crucial attacks.

With such a killer move, Central Continent's Gu Immortals were greatly disrupted when attacking the silver giant together.

Because these people were from different sects, they rarely worked together, once they attacked the silver giant, their cooperation would have flaws. And these flaws would immediately be targeted by the silver giant.

“The more people here, the more problems there are. I will stall Heavenly Giant Solor myself then.”
Feng Jiu Ge fought as he thought.

He quickly changed his battle tactic, instructing the other Gu Immortals: “Split up and set up the immortal Gu formation so that our reinforcements can come.”

“Such guts!” Lang Ya land spirit heard such words and shouted in anger.

Feng Jiu Ge smiled lightly.

He purposely said that, it was an open scheme that left Lang Ya land spirit no option but to face it.

Even though the silver giant had rank eight battle strength, it was only one entity while Central Continent had seven Gu Immortals, the silver giant could not deal with all of them, but if it sent out hairy man Gu Immortals to deal with them, they would fall into Feng Jiu Ge’s scheme.

The battle strength of these hairy man Gu Immortals had risen sharply, but they were not a match for these Central Continent Gu Immortal experts in one-on-one battles.

Thus, Lang Ya land spirit was in a difficult spot, he could neither split up his forces nor stay together!

While Lang Ya blessed land was in an intense battle, far away in Southern Border, in the fetus earth maze, there was serenity.

“Where am I?” Fang Yuan opened his eyes, realizing he was on a bed.

He wanted to get up but found that he was heavily injured.

He had a dazed expression as he muttered: “Who am I? I seem to have... forgotten some important matters.”

“Oh son, you are finally awake!” At this moment, an old lady heard the commotion and entered the house, tearing up after seeing Fang Yuan, who had woken up.

“You are?” Fang Yuan questioned.

The old lady was stunned for a second before crying loudly: “Son, did you hit your head and become stupid? I am your mother, you are Shen San, a few days ago, young master Shu sent a Gu Master of his family to beat you up because he did not want you and Xiu Niang to be together. Oh son, listen to mother’s advice, even though you and Xiu Niang are close, we are a small family, even though there were Gu Masters in our ancestry, we have already fallen from grace. You cannot beat young master Shu in fighting over Xiu Niang, give up, you should give up!”

“Xiu Niang...” Fang Yuan muttered: “Is this true, I have forgotten all these?”

Some days later, he gradually understood his identity.

He and Xiu Niang were betrothed from birth, but his father died when he was young, losing their only Gu Master in the family, thus they fell from grace. Originally, they matched Xiu Niang’s family, but now they were inferior. Xiu Niang’s family preferred that young master Shu instead. He had a huge clan and was influential and rich, there were dozens of Gu Masters in Shu clan, if the external Gu Masters were included, they numbered over a hundred!

Later, Xiu Niang came to see Fang Yuan.

“Darling San, how are your injuries? I’ve been thinking of you day and night, but my parents stopped me from coming, I could only come here today because I lied that I was cultivating with a Gu Master. Oh my darling San, my poor darling San...” Xiu Niang saw that Fang Yuan was lying down in bed weakly, she started sobbing, love was deeply etched in her eyes.

Fang Yuan looked at Xiu Niang, he felt like this was the first time he was seeing her, he assessed her closely. Xiu Niang was young and beautiful, her skin was pure and white, her green hair was long like a waterfall, she wore a white dress and had a slim figure, she was pure and innocent. With tears in her eyes, she was very alluring, she was truly a peerless beauty.

“No wonder that young master Shu likes Xiu Niang.” Fang Yuan sighed, he did not speak.

Xiu Niang was upset, but the old lady sighed and told her the reason.

Xiu Niang cried out in agony, she quickly held onto Fang Yuan’s hands and talked about the past, attempting to get him to remember who she was.

She talked of scenes of the past, they were ordinary and insignificant, but these were reflections of their love.

Fang Yuan’s love was slowly awakened, he looked at Xiu Niang’s eyes as he extended his hand, caressing her tender face, he said softly: “Xiu Niang...”

“Yes.” Xiu Niang quickly answered as she grabbed his hand, placing it closely on her face.

She looked at Fang Yuan’s eyes with deep emotion, saying: “My darling San, oh my dear Shen San.”

Outside fetus earth maze, in the immortal battlefield, Lu Wei Yin smiled as he spoke to himself: “I was right after all, how can anyone be so emotionless? This Fang Yuan is not an emotionless person, he still has love and affection in him.”

Lu Wei Yin looked around, since some time ago, be it the Gu Immortals like Tie Mian Shen, or the mortals like Shang Xin Ci, they were all floating in the air with their eyes shut.

Among them, Shang Xin Ci’s eyes were shut but her pupils were moving around, her face was rosy, as if she was in a beautiful dream that she could not wake up from.

Lu Wei Yin sighed deeply: “The mortal world reflects normal life. To reform this demon, you will all have to forget yourselves in this fetus earth maze and live as another person to experience life again. This is an opportunity, as long as you have sufficient comprehension, you will definitely gain something useful.”

Chapter 1542: Merely Amounted To This

Within Lang Ya blessed land, intense battle was occurring.

The Central Continent Gu Immortals received orders and scattered, setting up the immortal formation. As long as it was created, they would be able to bring Central Continent Gu Immortals into Lang Ya blessed land and reinforce Feng Jiu Ge and the rest.

For Lang Ya land spirit, this was horrible news! They had to be stopped.

“This Feng Jiu Ge is truly devious! Our hairy man Gu Immortals have to work together to assemble ancient battle formation Heavenly Giant Solor and have rank eight battle strength. He wants me to divert my forces, how can I do that?” Lang Ya land spirit snickered in his mind.

If this was the previous land spirit, he would panic and experience complete chaos now.

But this black haired land spirit was adept at fighting, he saw through Feng Jiu Ge’s schemes.

“I cannot split up my forces! In that case, I will kill some Central Continent Gu Immortals first, we will compete in speed. Let’s see who’s faster, your immortal formation setup or my slaughtering of you Gu Immortals!”

Lang Ya land spirit’s eyes shined with determination.

Roar!

The silver giant suddenly shouted as sound waves spread out in all directions, pushing Feng Jiu Ge away.

Next, the silver giant raised its right foot, taking a step forward.

It moved very slowly, as if there was a mountain below its foot.

“Oh no!” Feng Jiu Ge’s expression changed, because he sensed the strong aura of space path from this silver giant.

It was using a space path killer move!

Feng Jiu Ge wanted to stop it as he activated triple extreme sound, but the silver giant was unobliging and took these attacks head-on, in order to complete the space path killer move.

The silver giant finally stepped forward.

When the right foot landed on the ground, space below it shrunk by countless times, it moved over a hundred li instantly!

A Central Continent Gu Immortal was flying on a cloud, suddenly, the air around him was pushed away as he was completely shrouded by a huge shadow.

He turned to look, his pupils shrunk to pin size as the silver giant stood before him, its arms were grabbing towards him from his left and right.

The Central Continent Gu Immortal became alert, he gritted his teeth and tried to use a method to escape.

But a profound light emerged from each of the silver giant’s hands, the two profound lights landed on the Central Continent Gu Immortal as his killer move activation was broken!

“Quickly save me!” The Central Continent Gu Immortal was locked on by the two lights and could not move, he screamed and sought help from his companions.

At the next moment, he was completely surrounded by the two hands.

The silver giant grabbed as the two hands formed into a silver cage.

An immeasurable pressure assaulted the Central Continent Gu Immortal from all directions, his bones were creaking.

The Central Continent Gu Immortal's expression changed, he could see his defensive methods crumbling, he could not resist the might of the silver cage!

"Save me!!" He could not keep calm anymore, he screamed.

Guh.

At the next moment, he turned into a pile of bloody flesh, he was completely squashed to death inside the silver cage!

This Central Continent rank seven expert from the ten great ancient sects had died pitifully in the silver giant's hands.

"Good! Gu Immortals from Central Continent's ten great sects are merely so." Within the silver giant, Lang Ya land spirit laughed heartily: "We will continue! That Feng Jiu Ge had rank eight battle strength, he is a tough nut to crack, we will ignore him. Let's kill all these weaklings first, I want to see if anyone will still dare to invade my hairy man sanctuary after this!"

Heavenly Giant Solor was the number two ancient battle formation in the world, it was the peak essence of ancient Gu cultivation. It had rank eight battle strength, but the hairy man Gu Immortals were too weak earlier, including the white haired land spirit, thus, when Shadow Sect attacked, they did poorly, Shadow Sect managed to damage Refinement Cauldron and leave unharmed.

But now was different, after the black haired land spirit's reforms, Lang Ya Sect was created and with Fang Yuan's guidance, the hairy man Gu Immortals' fighting standards had gone up greatly. This way, after assembling ancient battle formation Heavenly Giant Solor, it could truly display rank eight battle strength, and because the black haired land spirit had always made the hairy man Gu Immortals practise the use of this ancient battle formation, even Central Continent rank seven Gu Immortal experts had to die!

Southern Border, fetus earth maze.

The mortal life continued to unfold.

"It seems that I really lost my memories." Under the moonlight, Fang Yuan sighed.

He wore a thin shirt as he walked around the small garden made with piled up soil. There was a well in it, and half of the bricks around the well had broken, there was also a fruit tree with no leaves, it was dry and wilted.

"This is my home." Fang Yuan looked around and sighed.

He looked at the room that the old lady slept in, it was even more torn than his room, the windows had lots of holes in it, seeing this, a sense of shame and embarrassment assaulted Fang Yuan.

Thinking of Xiu Niang, love emerged from Fang Yuan's heart.

Undoubtedly, these two were the most important women in his life.

After resting for some months, his injuries had mostly healed, he could walk again.

At the moment, countless thoughts were in his mind, the pure moonlight shone down on his frowned brows, he had been thinking about his situation while lying on bed.

“Xiu Niang is truly in love with me, I must marry her, I cannot let her down!”

“Mother really likes Xiu Niang, but because of the situation, she had to painfully give up.”

“To marry Xiu Niang, there are two obstacles. One is Shu clan, it has a huge force and many people. The second are Xiu Niang’s parents, they are Gu Masters and they look down on a mortal like me.”

“The root cause is still my low aptitude, I cannot become a Gu Master. If I could cultivate to rank three, her parents would accept me.”

“Sigh!”

Thinking of this, Fang Yuan sighed deeply.

This was a problem that he could not solve.

Even though in rumors there were Gu that could change aptitude, Fang Yuan was a poor lad, who would spend effort to help him to such an extent?

Even though Xiu Niang had Gu Master aptitude, she was only C grade and had low potential. If she had a bright future and could become a rank three Gu Master, she might be able to decide her own fate, she would not need to be so helpless.

“Then what should I do?”

Fang Yuan sighed as he looked at the moon, he was very troubled.

But at this time, he heard the sound of a zither playing.

“Oh? Why is there music?” Fang Yuan listened closely, the music was not just from a zither, there were also bells, flutes, and so on.

He listened closely, trying to find the source of the music, gradually approaching the well.

“Strange, this music is coming from my well, why is that?” Fang Yuan looked into the well, he only saw the reflection of the moon, it was bright and clear.

Fang Yuan looked at the walls of this well, there were dozens of bricks that formed into the shape of a door, it was shining with a white-jade luster, it was extraordinary.

He was very curious, he tied the rope of the water bucket to the fruit tree and climbed down the well.

When he was lowered to half of the well’s depth, he hung onto the rope as he pushed the bricks that looked like a jade door.

He used a small force, but the jade door vanished when he touched it, a form of suction dragged the helpless Fang Yuan into it.

A night later.

Fang Yuan got out of bed, his eyes shining brightly. He was completely different from before mentally.

It turned out that this well had the inheritance of a Gu Immortal, it was known as the Virtue true inheritance. Because of its long history, it was very incomplete.

Fang Yuan inherited this incomplete true inheritance, he awakened his aperture that night and became a rank one Gu Master, he obtained several mortal Gu and gained a huge burst in strength, his life had completely changed.

“Heaven pitied me, I obtained such an unparalleled fortuitous encounter! There is great hope in marrying Xiu Niang now!”

Fang Yuan was extremely joyous.

But he controlled himself, knowing that he could not expose this. The fortuitous encounter was too great, if he exposed it, he would get killed!

“I want to cultivate hard, I will accumulate my foundation and only expose my strength after being sufficiently strong enough.”

Cultivate this Virtue true inheritance!

Fang Yuan made up his mind but he frowned.

“But this true inheritance has a weird requirement. It needs the inheritor to maintain a heart of justice, to be a virtuous person. The greater my virtues, the easier it is when cultivating.”

“Virtue?” Fang Yuan hesitated.

He had a vague feeling of disdain towards this word in his heart, but after getting this true inheritance, the disdain vanished subtly.

In the following days, Fang Yuan worked hard on cultivation, accumulating strength.

The old lady advised him not to get close to Xiu Niang, he agreed but made up his mind internally.

Xiu Niang approached him and talked about their tough relationship, but Fang Yuan urged her to endure it, he would find a way around this.

What made Fang Yuan extremely glad was that Xiu Niang believed his words without doubt.

As he cultivated, one day, the old lady got sick and could not recover.

Fang Yuan was extremely anguished, normal medicine had no effect, Fang Yuan’s heart was burning with anxiety.

He found a Gu Master to heal her, but the rank two Gu Master looked down on his pitiful fees and did not want to help.

Fang Yuan heard that this Gu Master liked to eat fish, he walked for a dozen li to arrive at a lake.

Fang Yuan started a fire and melted the ice, entering the cold water to capture a fish before giving it to the Gu Master.

The Gu Master was extremely moved by Fang Yuan's filial piety, he decided to heal this old lady.

The old lady was healed and Fang Yuan was extremely happy. His joy only increased when he found that there was a rank two accumulate virtue Gu in his aperture.

According to the true inheritance, this accumulate virtue Gu would refine and appear on its own when Fang Yuan did good deeds and acted kindly. The greater the accumulation of kindness, the higher the rank of the accumulate virtue Gu that is refined. This Gu had many uses, it was one of the core foundations of Virtue true inheritance, its greatest use was to change Fang Yuan's cultivation aptitude, to turn him into the Righteous Virtue Physique¹.

According to the vague description of the true inheritance, the Righteous Virtue Physique was only inferior to the ten extreme physiques, but it did not have any of the ten extreme physiques' flaws, it represented an unparalleled future and potential!

Henceforth, Fang Yuan did good deeds and accumulated his virtues, he did not give up any opportunity to refine accumulate virtue Gu.

Soon, his kind reputation of committing good deeds spread.

Fang Yuan's aptitude became better and better, his cultivation speed rapidly rose. Two years later, he became a rank two Gu Master.

During an incident, in order to save a child who had fallen into water, he exposed his Gu Master identity.

Coincidentally, an elder from Shu clan saw this, Fang Yuan's secret was exposed.

The Shu clan elder thought, a mere mortal like Fang Yuan could actually improve his aptitude to become rank two, he definitely had a huge secret, thus, he attacked Fang Yuan.

Fang Yuan fought with him in an intense battle, eventually, he surpassed his limit and used a mortal killer move — Virtuous Submission!

This move used up all of his accumulate virtue Gu.

Shu clan elder was hit by this move but he suffered no injuries, he started to cry as he knelt on the ground, slapping his own face as he cried: "I am not human, I am not human, I actually had such evil thoughts, I dare to attack someone as virtuous as you! I am a beast, I am not human. Please forgive me, please give me a chance to redeem myself!"

Fang Yuan was dazed on the spot, he did not think this move would be so powerful.

Henceforth, he subdued this Shu clan elder, and gained a lot of crucial information about the Shu clan young master.

Meanwhile, he worked hard to do good deeds as his reputation spread among the mortals, even Gu Masters heard of his name.

Several years later, the truth could no longer be concealed, Fang Yuan's Gu Master identity was exposed.

But he used other Gu worms to conceal his greatest secret. Xiu Niang's parents changed their opinion of him, but they did not want their daughter to marry someone as poor as Fang Yuan.

Compared to Fang Yuan, the Shu clan young master was simply much superior.

But Xiu Niang loved Fang Yuan alone, this made the Shu clan young master upset as he found trouble with Fang Yuan.

Fang Yuan's life was filled with hurdles, he was constantly framed and accused, but as long as Xiu Niang was around, he looked forward to each day with hope.

Eventually, when their conflict reached its max, Shu clan young master requested for Fang Yuan to fight him in a battle to the death.

Fang Yuan agreed to his request, this matter escalated and the surrounding forces and Gu Masters heard about it.

Right before the day of the fight, late at night, Fang Yuan was attacked by the joint assault of Shu clan's Gu Masters.

Fang Yuan escaped to the mountains with heavy injuries, he was filled with rage and hatred.

Because he knew that he was heavily injured, he could not be Shu clan young master's match. If he went to fight, he would die. But if he did not, he would lose the match and Xiu Niang would have no choice but to marry Shu clan's young master.

"How can I allow Xiu Niang to marry this scoundrel? Even if I die, I will... what sound is that?" Fang Yuan was shocked, he turned around to see a huge beast tide approaching.

"Good! Heaven is not blind, let this beast tide destroy the city, Shu clan would not be prepared for it, they would lose terribly, I would be avenged!"

Fang Yuan was overjoyed, but his smile faded instantly.

He thought of his mother, he thought of Xiu Niang, he thought of his friends and neighbors. The cherished faces of these people surfaced in his mind and lingered.

If he allowed the beast tide to reach the city, how many people would die?

Even if he tried to save them, with his strength, how many people could he save?

"Even if I save Xiu Niang and my mother, what about these people? Don't they have children? They have their own parents too! Not helping them when I know of this disaster, I am also an accomplice."

"Also, no matter how bad the Shu clan young master is, not everyone in Shu clan is like him. There are also admirable people among them, why must I implicate them? Do they deserve to die?"

“Furthermore, I have already lived in this city for twenty years, I am indebted to it, without its protection, I would have been killed by wild beasts. Should I let the beast tide destroy this city? No, this is my home!”

Thinking of this, Fang Yuan’s gaze firmed as he turned around, running to the city.

Even though he knew that in returning now, he would likely meet those Shu clan Gu Masters and get killed by them.

But he had to go!

Because having inherited Virtue true inheritance, these last few years, virtues were ingrained in him, his own mindset was changed, he felt that he had the obligation and responsibility to do this!

Fang Yuan returned to the city and informed everyone of the beast tide, it drew a lot of attention.

The beast tide was too sudden and concealed, but thanks to Fang Yuan, the Gu Masters in the city were prepared for it and managed to defend themselves.

The city lord heard of Fang Yuan’s circumstances, knowing that he had taken a huge risk to inform them, he praised Fang Yuan greatly.

With the city lord’s backing, Fang Yuan no longer feared Shu clan, his battle with the Shu clan young master was also postponed indefinitely.

Next, in the year-long defensive battle, Fang Yuan performed well and saved countless mortals and Gu Masters. He loved to help people and did not seek rewards, his strength grew drastically as he refined countless accumulated virtue Gu, people also praised him greatly and his reputation soared.

When the beast tide ended, Fang Yuan had undergone a qualitative transformation.

He fought with Shu clan’s young master fair and square.

And in this life and death battle, Fang Yuan obtained absolute victory.

But he spared the life of Shu clan’s young master.

“Oh Shen San, you repaid hatred with kindness, I am in deep admiration, from today onwards, I will follow your lead! Please accept my submission!” Saying so, Shu clan’s young master knelt down.

The people in the city were in deep admiration towards Fang Yuan.

Three years later, the city lord felt old and passed his position to Fang Yuan.

Fang Yuan was already a rank five Gu Master, he was the new city lord. The day that he took over the role was also the day of his marriage with Xiu Niang.

Auspicious red characters, lively guests, delicious food and wine, and a comfortable wedding room.

Xiu Niang was dressed up and sat by the bed, looking at Fang Yuan with deep love: “Darling San, we are finally married. I knew I did not love the wrong person.”

Fang Yuan laughed heartily: “Of course, but...”

He held his chest.

Xiu Niang was worried: "But what? Are you feeling unwell?"

Fang Yuan shook his head: "I feel a little empty inside."

Xiu Niang smiled, she smiled like a blooming flower, looking truly beautiful: "Why do you feel empty? Darling San, do you know how many people admire you?"

Fang Yuan's expression turned stiff: "They admire me? They merely admire my fortune, authority, strength, and love life."

Saying this, his tone turned cold, a sharp light flashed in his eyes.

Xiu Niang's expression changed: "Darling San, what's wrong? Your words are making me uneasy."

Fang Yuan looked at her seriously, he looked at this face that he thought about day and night, he could not stop loving this beautiful woman.

His gaze was so serious, but Xiu Niang felt more and more uneasy.

Afterwards, Xiu Niang saw Fang Yuan shaking his head as he sighed: "Everything that happened... merely amounted to this."

At the next moment, everything collapsed!

Chapter 1543: Humanity's Righteous Path

Northern Plains, Lang Ya blessed land.

"You want to kill me, you will have to pay a price!" A rank seven Central Continent Gu Immortal shouted, he knew he could not escape, facing the silver giant, he retaliated with a final struggle.

The immortal killer move was grand and powerful, the silver giant took several steps back.

But that was it.

Snap.

The silver giant slapped with both palms as he turned into meat paste.

"Hahaha, the third Central Continent Gu Immortal is dead!" Lang Ya land spirit laughed heartily.

The silver giant turned around, looking at Feng Jiu Ge as it taunted: "Oh Feng Jiu Ge, even if you have rank eight battle strength, so what? Can you stop me from killing your companions? They dared to invade Lang Ya blessed land, I will turn this into their final resting place!"

Feng Jiu Ge's gaze was spewing fire, he was furious, within Lang Ya blessed land, Lang Ya land spirit had the territorial advantage. Heavenly Giant Solor had true rank eight battle strength, even if he used his signature killer moves, he could not stop the silver giant from killing other Central Continent Gu Immortals.

“In that case, I can only do this now.” Feng Jiu Ge’s gaze became eerie and profound.

Lang Ya land spirit had a bad feeling in his heart: “What are you trying to do?”

Feng Jiu Ge smiled: “Nothing special, I am just imitating you.”

He flew down and rapidly went below Cloud Cover Continent, arriving at one of the three continents, Black Hair Continent.

Below Feng Jiu Ge, a hairy man city with countless hairy men living in it had no idea that disaster was about to strike.

“Stop!” Lang Ya land spirit moved the silver giant and quickly approached Feng Jiu Ge.

But Feng Jiu Ge used his immortal killer move forcefully, with a loud sound, this hairy man city instantly destroyed, countless hairy men were buried, tens of thousands of hairy men died instantly.

Lang Ya land spirit’s eyes turned red, screaming: “Feng Jiu Ge! You are a righteous path Gu Immortal, how can you act so viciously?”

Feng Jiu Ge smiled coldly: “My righteous path is the righteous path of humans, not variant humans. Since when did you variant humans consider yourselves equal to us humans?”

Feng Jiu Ge said this as he flew to another city.

Lang Ya land spirit tried to stop him but like how Feng Jiu Ge could not stop him from killing Central Continent Gu Immortals, he could not stop Feng Jiu Ge from killing these hairy men.

Feng Jiu Ge did not care much about the lives of the Central Continent Gu Immortals, they came from different sects and the ten great ancient sects were in constant conflict as well.

But Lang Ya land spirit cared about his hairy men, he had a grand ambition for the hairy men, it was his weakness!

Feng Jiu Ge’s attacks were all met with Lang Ya land spirit’s resistance, the other Central Continent Gu Immortals became safe as a result.

The situation turned bad for Lang Ya Sect.

Southern Border, inside the battlefield killer move.

“Hmm? Strange, very strange!” Lu Wei Yin had a look of shock and uncertainty.

“My killer move mimics reincarnation battlefield, it uses fetus earth maze as the base to create a dream realm. There are many participants in this dream realm, they are all elites, the dream is so powerful I can only influence and not control it.”

“This Fang Yuan had love and kinship in his heart, he also has desire towards fortune, authority, and strength, but why did the dream realm fail to restrain him in the end?”

This dream realm’s Virtue true inheritance was not fictional, it was a crucial setup by Lu Wei Yin.

His main objective was to direct Fang Yuan to commit good deeds and muster the virtues and righteousness in his heart, turning him from a demonic to righteous path Gu Immortal.

The entire process was very successful from its start to the middle. But right when Lu Wei Yin thought that he was going to succeed, Fang Yuan suddenly broke free of the dream's route.

This situation confused Lu Wei Yin greatly.

He thought about it but could not understand why.

"Forget it. Even though one lifetime is over, there are two lives left. I will reform you once more." Lu Wei Yin breathed in deeply, his expression turning austere.

During the second life's dream realm, Fang Yuan became a young master.

His clan was a super force and dominated a territory, his grandpa was the first supreme elder and his parents were both Gu Immortals, they had supreme authority.

As the only child of his family, Fang Yuan was doted on from birth.

He enjoyed great fortune and luxury since he was young, when he was a teenager, he unavoidably became a good-for-nothing young master.

Even though he was very lazy and did not cultivate, with his family's support, they expended a huge amount of resources to raise his cultivation level.

Thus, when Fang Yuan was sixteen years old, even though all he did was play and fool around, he had rank five peak stage cultivation level.

Fang Yuan forgot himself, he forgot the previous dream's life, he lived happily and without worries.

Just when he thought that his life could carry on like this forever, his family was attacked by a demonic overlord.

This unparalleled demon had quasi-rank nine battle strength, he had immense might and a vicious heart, Fang Yuan's clan was not his match.

The clan expended a huge amount of resources, they hired a lot of help and joined up with many righteous path forces to attack the demon.

In this battle, his grandpa and father died, the demon eventually lost and went missing, news that he died spread.

However, Fang Yuan's life took a drastically downturn, his mother could not hold the fort, soon, both of them were ostracized by other forces in the clan.

But survival was not an issue, he had his mother to protect him.

However, a few years later, the demon appeared again. The first thing he did was to approach Fang Yuan's clan and murder all of the clansmen in it.

The scene was very pitiful, their blessed land base that was safe from harm became ruins, corpses were everywhere.

Fang Yuan was lucky to be the sole surviving Gu Master.

“Demon, I will kill you!!” He was resolved to die, he attacked that demon without hesitation.

But the demon snickered and easily blew Fang Yuan to the ground with one breath.

He stepped on Fang Yuan’s head as he laughed: “Little rascal, do you hate me? I can feel how much hatred you have, because your encounter today was the same as me back then. I was only a mortal living with my family back then, even though life was hard, we lived in bliss. But a Gu Master from your clan killed my entire family over a tiny Gu worm. I managed to survive and swore to take revenge, thankfully, heaven was not blind, I had a fortuitous encounter and became a Gu Immortal, I could finally take revenge today! Hahaha.”

Fang Yuan struggled intensely, but the demon laughed happily. Eventually, he stepped on Fang Yuan’s skull and burst it.

Three days later, in a secluded cave, Fang Yuan opened his eyes.

“Didn’t I die?” When he found that he was alive, he was extremely shocked.

But soon, a scene of the past surfaced in his mind.

His mother had used an immortal killer move on him with utmost secrecy, nobody knew about it.

“Son, this killer move can protect your soul and let you revive once. In the future, if this move activates, I want you to live well, do not take revenge for us.” His mother instructed warmly.

Thinking of this, Fang Yuan was filled with tears.

He understood that he had revived because of his mother.

He revived but his mother did not, she had used her only chance of revival on Fang Yuan.

This was the noble love of a mother!

Fang Yuan sobbed in anguish, the hatred in his heart accumulated like the tidal waves raging in a vast sea.

The amount of love he had for his clansmen and family was equal to how much he hated that demon.

After crying for a while, Fang Yuan knelt on the ground, he swore to spend his life, regardless of what price he had to pay, to kill that demon and take revenge for his parents, clansmen, and for himself!!

Fang Yuan started to cultivate with great effort from this day on.

He worked very hard, he only slept the minimum amount each day, he even ate food with a very strict timer.

After reviving, even though his body had changed, his aptitude was still unparalleled, he could conceal his identity.

He had his clan’s inheritance and the full foundation of a super force.

Even though there were no Immortal Gu left, at this place where he revived, his mother had left him a lot of mortal Gu.

Just like this, he cultivated in the cave in seclusion. Eight years later, he successfully became a rank six Gu Immortal, obtaining a high grade blessed land.

But rank six was not enough against the demon.

Fang Yuan's desire for revenge only grew firmer as time passed.

He had already expended the cultivation resources that his mother left, Fang Yuan ventured out of the cave and roamed the world.

At this time, almost the entire world had submitted to that demon's authority. In the absence of rank nine, he was the number one person in the world!

Fang Yuan cultivated as he actively joined the forces that resisted the demon.

But the demon was too powerful, no matter how many forces resisted, they vanished from his immense might.

Gradually, the situation became worse, many Gu Immortals submitted to the demon and became his lackeys.

Fang Yuan's strength grew, but even at rank seven, he was not the demon's match.

He still had to face the assault of those lackeys. His cultivation journey was getting tougher, he got injured so many times he could not remember anymore. In many situations, he relied on luck and managed to survive. He had gone through so much hardship and pain, all the suffering was buried in his heart, hatred grew deeper in his heart.

He became experienced.

He started to talk less.

"I have little lifespan left." Fang Yuan looked at his old face in the water's reflection as he said anxiously.

"Please sell your lifespan Gu to me, I will pay you three rank seven Immortal Gu!" He found a Gu Immortal, this person has saved his life, he was also an enemy of the demon.

But this Gu Immortal shook his head: "Lifespan Gu is hard to get, I have little lifespan too, no matter how many Immortal Gu you offer, how can I use them if I am dead? Please go back."

Chapter 1544: Boring

"I really need them, I have a reason to live!" Fang Yuan shouted, he persevered.

"In this world, everyone has their own reason to live, why must I die in order for you to live?" This Gu Immortal smiled: "Of course, I understand your reason. That demon is your mortal enemy and you want to take revenge. But he is also my enemy, I need to take revenge too. Why must I be sacrificed for you? Go find other lifespan Gu, I need these for myself."

Fang Yuan could not rebuke him, this Gu Immortal made great sense. His begging ended in failure.

Fang Yuan had to go out and find lifespan Gu, in fact, during his cultivation journey, he had been paying attention to getting lifespan Gu. But his luck was bad, the demon scavenged for lifespan Gu and the number of lifespan Gu in the outside world became very few.

Fang Yuan had no alternatives, he knelt in front of his parents' grave for an entire night. He first wailed, before he sobbed, and by daybreak, he stood up with a dangerous gaze in his eyes.

In order to get lifespan Gu, he took a risk and killed his benefactor, taking the lifespan Gu that he had.

Using the lifespan Gu, he lengthened his life and continued to cultivate, finding a chance for revenge.

He started to lose his bottom line, he became unscrupulous. Thus, he started to be branded as a dangerous person, he became part of the demonic path.

“Even if I become a demon, so what? I will do anything for revenge!”

The demon exterminated all the forces that opposed him, he had supreme authority, nobody could remove his status.

Fang Yuan could not find any chance to kill the demon, he started to lose his patience, his hatred was like a monster in the darkness of his heart, if this monster's thirst for revenge could not be fulfilled, this monster would devour Fang Yuan himself.

Thus, Fang Yuan shifted his attention to the people around the demon.

The demon was human too, even though his family was murdered in the past, in recent years, he started a family, he had wives, subordinates, and many children.

Among his children, a young girl was doted on the most, she was turned into a Gu Immortal at the age of sixteen by the demon after paying a shocking price.

Fang Yuan started a deep scheme, he intentionally created a coincidence to get close to this female immortal.

“You can call me Little Shang, thank you for saving me.” The female immortal was very innocent, because Fang Yuan had saved her life, he soon gained her trust.

Fang Yuan started to act, after such a long time, his acting had improved drastically, he was very familiar with the human heart.

Initially, he got close to Little Shang to kill her and make the demon feel the pain of losing his family. But gradually, as he spent time with Little Shang, Fang Yuan's emotions started to awaken from the deep darkness of his heart.

But when Little Shang confessed to him about her affection, Fang Yuan was panicked and quickly ran away.

He vanished from Little Shang.

He hid his traces and went back to his parents' graves, kneeling with a face overflowing with tears.

Because he had understood his own feelings from this shock — unknowingly, he had fallen in love with Little Shang.

How could he fall in love with the daughter of the enemy that killed his entire family?

Fang Yuan was extremely anguished, while feeling deeply conflicted.

Eventually, he let Little Shang off, he only went after the demon for revenge.

He changed his appearance and did some robberies, after collecting enough cultivation resources, he cultivated by the grave and pushed to rank eight.

He succeeded in reaching rank eight but suffered heavy injuries too.

When he was recuperating, Little Shang appeared, she had found him.

She questioned him on why he ran away when she confessed. This was the first time she was confessing, but he acted like this. She was indignant, she needed to get an answer.

Fang Yuan could not explain himself, he brought her to his parents' graves as he said: "This is the grave of my former lover."

Little Shang's expression paled, she apologized to Fang Yuan, asking: "Why are there no words on this grave?"

Of course there were no words, Fang Yuan was not going to leave this flaw that could expose his identity behind.

Thus, he sighed: "Because I did not know her name from start to end."

Next, he spoke of a pitiful but beautiful love story.

Little Shang was crying profusely, she was deeply immersed in this story, she felt sympathy and sadness towards Fang Yuan.

She decided to accompany Fang Yuan and live together, to get out of this trauma. She was very firm on her reason: "What's wrong with helping the person I love?"

Even though Fang Yuan loved Little Shang too, he did not want to stay with her.

He was afraid.

He was afraid that after his revenge succeeds, it would cause even greater harm to Little Shang.

He was also afraid that if he stayed with her, his determination for revenge would be eroded.

The night that Little Shang stayed with him, Fang Yuan saw the demon again.

His eternal enemy!

The demon used a method to make Little Shang fall asleep as he brought Fang Yuan over by force.

Fang Yuan concealed himself deeply, the demon did not find out his true identity.

The demon spoke with a forceful tone, but what surprised Fang Yuan was that he did not separate the two of them.

From the demon's words, Fang Yuan could acutely sense the fatherly love that he had, he wanted them to live in happiness.

"You have rank eight cultivation level, you are somewhat worthy of my daughter. Treat Little Shang well, she really loves you." The demon said before leaving.

Fang Yuan thought about it, continuing to ponder over the situation, he felt that the demon's actions had deeper reasons.

Indeed, after some subtle probing, Little Shang exposed a shocking secret, the demon wanted to charge to rank nine realm, but he had little confidence in it.

Fang Yuan was overjoyed when he heard this.

He understood the demon more than he understood himself.

The demon was definitely going to try advancing to rank nine, but he had little confidence. Once he failed, if he did not die, he would be heavily injured. By then, Fang Yuan would be able to exact revenge!

At once, the thirst for revenge overwhelmed him.

The unprecedented hope made Fang Yuan extremely logical and calm. He decided to stay close to Little Shang to get closer to the demon.

The demon failed in his advancement to rank nine indeed, he hid in a valley to recuperate.

Before Fang Yuan found out his location, the information was exposed by his most trusted aide.

The demon had always ruled with an iron fist, he was very strict with his subordinates, it was understandable why his subordinates betrayed him.

Most Gu Immortals had not truly submitted to the demon, when they heard news of this, the five regions stirred and a large number of Gu Immortals ganged up and surrounded the valley.

The demon was in danger, Little Shang was worried about her father, she wanted to help him, Fang Yuan went with her during this trip, Little Shang was deeply moved.

Fang Yuan managed to get close to the demon and as battle started, the demon managed to kill many Gu Immortals even though it was evident that he was weakened.

The Gu Immortals saw hope and refused to leave even in death, Fang Yuan schemed and plotted against the demon, exposing precious information and making him land in a dangerous situation.

In the final battle, both sides exhausted their resources, due to luck, Fang Yuan obtained control of the immortal formation that would decide victory.

There was only one attack left in the immortal formation, it could decide the battle.

The Gu Immortals shouted at Fang Yuan: "Quickly kill this demon, uphold justice and save this world!!"

Little Shang was in a desperate situation, Fang Yuan was her only hope.

The demon said to Fang Yuan: "Quickly kill these Gu Immortals! I will let you become the second strongest person in this world, you will have an unlimited amount of riches and prosperity, my daughter will be yours for a lifetime."

Fang Yuan hesitated and struggled.

The images of his parents appeared in his mind, they screamed: "Kill him, kill this demon, take revenge for our clan!"

Countless eyes were staring at Fang Yuan.

Fang Yuan controlled the immortal formation, whichever side he hit would be exterminated, the other would win.

If he attacked the righteous path Gu Immortals, the demon would win, Fang Yuan did not want this, but if he did not, Little Shang would die.

Or maybe he should save Little Shang now, there would be another chance to kill the demon in the future. After this matter, Fang Yuan would gain the demon's trust, but that was not assured, and Fang Yuan did not have the confidence to kill the demon alone.

The demon was too powerful, as long as he had time to recover, he would become more vigilant and stronger, Fang Yuan's hope of revenge would dwindle.

If he attacked the demon, that was the safest option, he would definitely die. Fang Yuan would be able to take revenge, it was the most correct answer.

But that would cause Little Shang to die, Fang Yuan was unwilling to see that happen.

Fang Yuan's gaze flickered, he felt love and hatred conflicting in him, he was in immense pain and contradiction, due to the time limit, he had to make up his mind now.

Whichever decision he made, it would decide the fate of the world, and furthermore, it would enormously affect the rest of his life!

This final hit, would he attack or not?

If he attacked, where would he hit?

All of the Gu Immortals stared at Fang Yuan, many were cheering and urging Fang Yuan to make the most important decision.

Under everyone's watch, the hesitation and struggle on Fang Yuan's face suddenly vanished.

His lips curled up as he showed a mocking smile.

Next, he started to laugh lightly, he sighed deeply as his body relaxed entirely.

"Why are you laughing? Make up your mind!" The demon shouted, rushing him.

"I am laughing at myself, I am also laughing at all of you." Fang Yuan looked at them with a calm gaze, it swept around as his eyes drooped down: "Love and friendship, killing and slaughtering, don't you all find this very boring?"

At the next moment, the dream realm collapsed once again.

Chapter 1545: Fang Yuan Schemes Ahead, Feng Jiu Ge Faces Danger

Boom—!

With a loud explosion, another city in Black Hair Continent collapsed, countless hairy men died or got injured.

"Feng Jiu Ge, you deserve death!" Lang Ya land spirit screamed manically, intense pain could be heard from his voice.

Feng Jiu Ge smiled coldly, flying away again.

The silver giant continued to pursue him under the land spirit's control. Profound lights were scattered before it left, the hairy men that were still alive in the city quickly healed after being bathed in this light, their lives were saved.

But this was pointless for the overall fight.

Both the silver giant and Feng Jiu Ge had rank eight battle strength, neither could stop the other party's assaults.

Unless their battle strength differed greatly.

"Fang Yuan has not responded yet?" Lang Ya land spirit's eyes were red, he shouted.

The hairy man Gu Immortals in charge of contacting him shook their heads.

"Damn it!" Lang Ya land spirit gritted his teeth, clenching his fists as he growled: "Uncontactable at the crucial moment! Is he trying to escape? No, he is not a person who lacks courage, as long as we join forces, these Central Continent Gu Immortals will die here. This means... he is being targeted by Heavenly Court now!"

Even though Lang Ya land spirit was furious, he still had a clear head.

"First supreme elder, what do we do? We cannot chase after Feng Jiu Ge like this!" Sixth Hair asked.

The hairy man Gu Immortals were not Lang Ya land spirit, even though they were born and lived here, after becoming immortal, their mindsets had changed, mortals and immortals had different statuses.

Even if all these mortal hairy men died, more could be nurtured as time passed. But if these Central Continent Gu Immortals were allowed to complete their formation, the entire Lang Ya blessed land would be in trouble.

The hairy man Gu Immortals wanted to urge Lang Ya land spirit but they lacked courage, only Sixth Hair who was Spectral Soul's split soul could stand up now at this critical moment.

But out of their expectations, Lang Ya land spirit listened to Sixth Hair's suggestion without rampaging or getting angry.

He smiled sinisterly: "Don't worry! How can I forget about the Central Continent Gu Immortals? Even without Fang Yuan, we have reinforcements, hahaha! This Feng Jiu Ge thinks his scheme succeeded, but it is a futile struggle, these people will die, they will all die!!"

"Don't tell me?" Sixth Hair's eyes shone when he heard this.

The other hairy man Gu Immortals also reacted.

"That's right, we are not alone."

"Indeed, indeed! Our Lang Ya Sect is part of the four races alliance, Central Continent's Gu Immortals have reinforcements, but so do we!"

In the past, Fang Yuan played a role in setting up the four races alliance, he had considered a situation like this.

Fang Yuan knew the importance of Lang Ya blessed land, the alliance was a safety net for Lang Ya blessed land.

Lang Ya land spirit and the hairy man Gu Immortals were all lured away by Feng Jiu Ge. Most of the blessed land's battle strength was inside the silver giant.

The Central Continent Gu Immortals thought that they were safe and sound, but in reality, Lang Ya Sect had reinforcements.

The truth was, the inkman, rockman, and snowman reinforcements had already arrived, they were just hidden.

"Is it finally time for us to strike?" Rank seven rule path rockman Gu Immortal Shi Xiong received Lang Ya land spirit's transmission as he muttered.

"Let's strike! What are we waiting for?" The rank seven snowman Gu Immortal Bing Feng could not wait any longer.

"It is a shame that I cannot fight in this battle." The other rank seven close combat Gu Immortal Bing Zhuo said regretfully.

"We have such a grand formation, why would we need to fight?" An inkman Gu Immortal from Inkman City laughed.

Other than having four rank sevens here, there were also many rank six Gu Immortals.

Lang Ya Sect was attacked, according to their alliance agreement, the other three races had to help them and unite as one to resist the enemy. If they violated it, the punishment would be severe.

When Fang Yuan set the alliance agreement, he had emphasized on the speediness of reinforcements, he did not leave any loopholes behind.

But these three races did not come forcefully, they willingly came. These variant humans naturally did not favor humans, their only concern was the lives of their Gu Immortals.

But Lang Ya blessed land had a hidden immortal formation that completely alleviated their worries.

Ever since the rank eight Immortal Gu House Refinement Cauldron was destroyed by Shadow Sect and had its core Immortal Gu taken, Lang Ya blessed land could only sustain an incomplete Refinement Cauldron.

Lang Ya blessed land's defenses were greatly weakened, with Fang Yuan's wisdom, he had already noticed it. Thus, long ago, he exchanged a lot of inheritances with Lang Ya land spirit, there were a lot of formations inside that could replace Refinement Cauldron to defend the blessed land.

Lang Ya blessed land did not lack Immortal Gu, Fang Yuan, who had sufficient attainment level, modified some immortal formations, secretly setting up a super Gu formation encompassing the entire blessed land. It was hidden normally, but when enemies attacked, the Gu Immortals could use it to unleash great power!

Fang Yuan did this purposely.

He had deeply considered the hairy man Gu Immortals' battle strength, as well as the reinforcements' mindsets, this immortal formation was the most suitable.

And there was one more thing, this immortal formation could not be moved after it was created. Even though Lang Ya blessed land was strong, if something happened in the future and the sect turned on Fang Yuan, this immortal formation would be useless. In fact, within the immortal formation, Fang Yuan had already set a few back-doors...

After these variant human Gu Immortals arrived, Lang Ya land spirit sent them into the immortal formation. After getting familiar with the formation, they worked together, instilling immortal essence as this super Gu formation activated.

"What is going on?!"

"There, there is a hidden super Gu formation?"

"Impossible, how can Lang Ya still have manpower?"

The immortal formation activated with tremendous force, it was unstoppable, the immortal formation that the Central Continent Gu Immortals created broke apart at once, many of the immortals were heavily injured.

Bing Zhuo and the rest used the chance to target them without holding back, the formless force of the immortal formation was like a huge grindstone, under its pressure, two Central Continent Gu Immortals died.

Feng Jiu Ge's expression changed.

"Lang Ya land spirit, I actually fell for your scheme!"

The cruel truth was like a slap on Feng Jiu Ge's face.

This legendary person of the current era showed anger on his face.

In this situation, Feng Jiu Ge could no longer continue his tactic, he had to return and save the rest of the Central Continent Gu Immortals.

But the silver giant did not let him go, the entire blessed land still had another super Gu formation that exerted pressure on him.

Even though Feng Jiu Ge tried his best, he could only watch as the final Central Continent Gu Immortal died in vain.

“Our intel is severely lacking! Lang Ya blessed land has such a huge force, this is unbelievable!” Feng Jiu Ge had a grim expression, he was attacked by the silver giant and the super Gu formation.

Immortal killer move — Green Jade Song!

In this situation, Feng Jiu Ge, who was left alone, finally went all out, he started to use his signature methods.

Green jade song was clear and crisp, sounding like countless pearls landing on a jade plate.

The music spread out as a layer of green color appeared on the silver giant, before rapidly turning into solid jade.

As the music continued, wherever it spread, white clouds, yellow soil, and flowing water all turned into jade. As everything got converted, the surrounding hundred li became a frozen world made of jade.

Even the silver giant was frozen into a jade statue.

“This green jade song is truly extraordinary.” Within the jade statue, Lang Ya land spirit spoke.

Crack crack, the jade statue started to surface with cracks all over, the silver giant broke free as the jade was flung away, it attacked Feng Jiu Ge again.

Feng Jiu Ge was not surprised, this green jade song had rank eight power, but against the silver giant, it could only temporarily obstruct it.

But he had already obtained enough time for his second immortal killer move — Submission Song!

This move encompassed wisdom path, enslavement path, sound path, and soul path, it affected the mind. It was created by Feng Jiu Ge using five finger fist heart sword as inspiration. It could temporarily cause desolate beasts and ancient desolate beasts to change sides, becoming subordinates of the singer.

The song soon spread throughout Lang Ya blessed land.

However, it was in vain!

Lang Ya land spirit laughed: “Feng Jiu Ge, do you think we would not prepare against it? Fang Yuan had already given me information of your submission song. In the battle earlier, I had already sent all our desolate beasts and ancient desolate beasts into our immortals’ immortal apertures.”

Know yourself and your enemy, and you will never be defeated.

Heavenly Court tried to obtain intel about Lang Ya blessed land, Lang Ya land spirit naturally did the same thing. Fang Yuan had warned Lang Ya land spirit regarding Feng Jiu Ge, he was something to guard against!

Feng Jiu Ge breathed in deeply, using immortal killer move heaven and earth song!

The song was loud and clear, it resonated with heaven and earth, drawing out its might and was able to exert pressure on people's minds, it could weaken enemy attacks.

But this move was even weaker here.

This was the heaven and earth of Lang Ya blessed land, the base of Feng Jiu Ge's enemy carrying deep animosity against him, how could Feng Jiu Ge resonate and use its power?

Immortal killer move — Separation Song!

Feng Jiu Ge dodged left and right and unleashed his trump card.

This song was extraordinary, it was the best method to break apart immortal formations and Immortal Gu Houses. Back then, against the rank eight Immortal Gu House Clear Jade Dripping Wind Tiny Bamboo Building, it had greatly shocked Wu Yong by nearly dismantling it!

The silver giant was an ancient battle formation, Bing Zhuo and the rest were controlling an immortal Gu formation now, they were also affected.

Once it was dismantled, these variant human Gu Immortals would need to fight individually, how could they be Feng Jiu Ge's match?

Originally, Feng Jiu Ge could not move while using separation song. But after this period of time, he had improved greatly, he could move freely now while using separation song.

Once this song started, it was very weak like a low murmur or like soft sleep-talking in a quiet night.

Next, a sudden emotion emerged in all of the variant human Gu Immortals' hearts.

The song gradually became louder, it was not an instant rise, but a gradual and gentle one, alternating between low and high pitch as it rose.

The Gu Immortals felt sadness and pain in their hearts.

The song suddenly dropped to a low pitch, an incomparable gloominess and sentimental feelings attacked the variant human Gu Immortals' hearts, making them have an urge to cry!

The pain of separation, the sadness of separation, the gloominess of separation, and the reluctance of separation.

Splitting up with your lover, never seeing your friends again, and the death of your loved ones.

Separated, but the past remains the same.

Separated, as old friends bid farewell.

Separated, like the setting of the sun.

Separated, like falling flowers that convey deep sadness.

“I’ll separate your mother!!” Suddenly, Lang Ya land spirit screamed in a thunderous tone, resounding in the entire blessed land.

At this moment, his immortal killer move was ready.

Immortal killer move — Complete Silence!

The silver giant shone with boundless brilliance.

The silver light was extremely glaring, like a fragment of the sun, wherever it shone, the song faded into silence.

Feng Jiu Ge’s face finally expressed shock.

This move had rank eight power, it directly countered him!

“Feng Jiu Ge, your death anniversary will be in exactly a year’s time!” Lang Ya land spirit roared smugly, the silver giant stomped on Feng Jiu Ge.

Feng Jiu Ge rapidly retreated, but he could only dodge for now.

His gaze flickered, the battle strength of Lang Ya’s forces greatly shocked him multiple times.

This complete silence killer move was extremely effective, but Lang Ya land spirit had kept it in reserve until the end. This move was too crucial, it threw Feng Jiu Ge into an absolute disadvantage.

This legendary figure of Central Continent finally felt the intense aura of death!

Chapter 1546: Assimilation Wind of Central Feng

Northern Plains.

A boundless grassland extended into the horizons.

The clear skies had no clouds, it looked empty but three Gu Immortals were actually concealing themselves, floating in the air.

“According to Lady Fairy Zi Wei’s deductions, this place is the closest to Lang Ya blessed land.” The leader, a male Gu Immortal, thought to himself.

If Northern Plains’ Gu Immortals saw his appearance, they would gasp: “Prince Feng Xian!”

Indeed, he was one of the five openly known rank eight Gu Immortals in Northern Plains — Prince Feng Xian.

As times changed, the number one rank eight expert Old Ancestor Xue Hu had gone missing with his wife after the destruction of Snowy Mountain blessed land.

The first supreme elder of Yao tribe, Yao Huang, was chosen by Longevity Heaven and left his tribe, becoming the next generation South Desolation Immortal of Longevity Heaven.

Heavenly Lord Bai Zu was once a lone immortal, but he now occupied Hei tribe's territory and created the super force Bai Zu tribe, becoming a righteous path member.

Five Elements Grandmaster was still trapped within Longevity Heaven's Immortal Gu House, Calamity Luck Altar.

Because of Heavenly Court's invasion, the reappearance of Longevity Heaven, the conversion of Heavenly Lord Bai Zu to the righteous path, and the disappearance of Old Ancestor Xue Hu, almost the whole of Northern Plains had turned into the world of the righteous path, the demonic path Gu Immortals had to lay low and keep out of the spotlight.

Out of the five rank eight Gu Immortals, only Prince Feng Xian was still intact without any changes in his circumstances.

This person had a special status, on the surface, he was an external rank eight supreme elder of Gong tribe and the husband of Gong Wan Ting, but he had a hidden identity, he was a spy sent into Northern Plains' Gu Immortal world by Spirit Affinity House long ago, and was now the most influential spy that Central Continent had in Northern Plains!

Fairy Zi Wei had been planning for a long time, she sent Feng Jiu Ge and the rest to attack Lang Ya blessed land, other than Chen Yi who was openly waiting to reinforce him, she also sent the hidden piece, Prince Feng Xian, secretly.

"Lord, one of Northern Plains' ten great fierce areas, Loose Tail Ridge, is nearby, Lang Ya blessed land is likely hiding here." Beside Prince Feng Xian, a rank six female immortal spoke.

Beside Prince Feng Xian, there were two servants of high status, because of his reputation, they also became famous in Northern Plains.

They were Le Yao and Swordmaster You Lan, these two were Gu Immortals from Spirit Affinity House, it was Le Yao who spoke this time, she wore a yellow dress and was extremely beautiful.

Swordmaster You Lan had stayed in the base this time, she did not follow Prince Feng Xian.

Prince Feng Xian nodded slightly, he guessed the same.

His gaze turned around and focused on the Gu Immortal beside him, there was a rank six hairy man Gu Immortal standing right beside him!

This hairy man Gu Immortal was dazed and not moving, like a statue, he was controlled by Prince Feng Xian's supreme methods.

If Lang Ya land spirit or any Lang Ya Sect hairy man Gu Immortals saw this person, they would know of his identity.

Because this hairy man Gu Immortal was from Lang Ya blessed land.

Back then, after the Battle of Yi Tian Mountain, Lang Ya land spirit helped Fang Yuan to relocate his assets from Hu Immortal blessed land.

Fang Yuan obtained the sovereign immortal body and wanted to return to Northern Plains but he was chased down.

In order to help Fang Yuan, Lang Ya land spirit sent two hairy man Gu Immortals to receive him, but one of them died and the other went missing.

It turned out that the missing hairy man Gu Immortal met with some other situation, but he was recently captured by Prince Feng Xian alive, he obtained a lot of information from this hairy man Gu Immortal and that led to the crucial clues for Fairy Zi Wei to make her deduction on Lang Ya blessed land.

Because he knew of Lang Ya blessed land's terrain, the Central Continent ten great ancient sects could use the immortal killer move to directly teleport Feng Jiu Ge and the rest inside.

Le Yao frowned slightly, she asked worriedly: "Looking at the time, Feng Jiu Ge and the rest have gone inside for some time already, why are they not sending out any information? Are they in trouble?"

Prince Feng Xian pondered: "There would be problems for sure, even if we have Lang Ya blessed land's information and took the initiative, this is still the number one blessed land in the world originating from Long Hair Ancestor, it had unfathomable foundations, they would definitely possess certain trump cards."

Le Yao frowned even more deeply now: "Central Continent only sent a number of rank seven Gu Immortals into Lang Ya blessed land, isn't that too... overconfident?"

Prince Feng Xian laughed: "That is because you are unfamiliar with Feng Jiu Ge."

"Oh?" Le Yao was surprised.

Prince Feng Xian looked afar as he sighed deeply: "I am a person considered to be enormously blessed with talent, I started cultivating when I was thirteen, I became rank four when I was sixteen, I reached rank five peak stage at eighteen. After accepting the sect mission, I went to Northern Plains to develop. After spending three years, I became a rank six Gu Immortal and all my tribulations after that were successful. I roamed Northern Plains and joined Gong tribe, after a hundred years, I became rank eight, even though I was treading on thin ice, who in Northern Plains' Gu Immortal world could expose my true identity?"

"I had once been extremely prideful and arrogant, because I did not depend on the sect's support, I worked hard and made use of opportunities and different forces to reach rank eight! Until one day, I met Feng Jiu Ge, I realized I was deeply inferior. Compared to me, he is the true supreme genius, his talent is so great it dominates this entire era!"

Le Yao was extremely astounded.

Among the higher-ups of Spirit Affinity House, there was the saying of 'Northern Feng and Central Feng, both soar in the sky as Spirit Affinity's pride', they were talking about the rank eight Gu Immortal Prince Feng Xian and the rank seven Gu Immortal Feng Jiu Ge.

Spirit Affinity House knew about Prince Feng Xian's supreme elder status, they felt that Spirit Affinity House would be in the hands of Feng Jiu Ge and Prince Feng Xian in the future.

They placed these two on the same level, but Prince Feng Xian was a rank eight with great strength, while Feng Jiu Ge was famous due to his potential.

Placing a rank seven Gu Immortal on the same level as their rank eight master, Le Yao and Swordmaster You Lan were once indignant about it, even Prince Feng Xian was not happy, he sent a letter and questioned the top supreme elders of Spirit Affinity House.

But as time passed, Le Yao and Swordmaster You Lan gradually reached a new opinion regarding this matter.

As for Prince Feng Xian's change in mentality, it was because he had fought with Feng Jiu Ge.

A number of years ago, when Eighty-Eight True Yang Building had just collapsed, Feng Jiu Ge led the Central Continent Gu Immortals to find out the truth in Northern Plains. As the biggest card of Spirit Affinity House in Northern Plains, Prince Feng Xian secretly met with Feng Jiu Ge.

Because of this meeting, both of them sparred. The results were shocking, even though Prince Feng Xian did not use his full strength, he only ended with a draw against Feng Jiu Ge!

Thinking about that scene where they fought, Prince Feng Xian sighed deeply: "Feng Jiu Ge having rank eight battle strength isn't the thing that shocked me, what truly moved me was that immortal killer move that he used! This is an unprecedented creation, nobody in history has ever achieved such a feat."

"What immortal killer move?" Le Yao asked.

Prince Feng Xian had a solemn expression, he said slowly: "Feng Jiu Ge named it — Assimilation Wind Song."

Northern Plains, Lang Ya blessed land.

Feng Jiu Ge took a deep breath, separation song was useless, at this point, he only had one method left.

He would not use this move unless necessary.

Because once activated, not only would the risks be huge, the process would be dangerous and cause immense damage, there would be reduced gains after battle, Feng Jiu Ge had always used it cautiously.

But now, he had to admit this, he was forced into a corner.

He had obtained a lot of intel about Lang Ya blessed land from Fairy Zi Wei. But after fighting, he realized that Lang Ya blessed land's strength greatly exceeded his expectations!

Not just this super Gu formation, but also those Gu Immortals hidden inside the immortal formation, as well as the killer move complete silence.

Feng Jiu Ge knew that Lang Ya Sect had an immortal killer move that countered sound path, it was called silent world.

But he did not know that Fang Yuan had specially modified this move into an even stronger version, complete silence!

Feng Jiu Ge had defensive methods against silent world, but against complete silence which was many times stronger, he was left without options.

Immortal killer move — Assimilation Wind Song!

Feng Jiu Ge dodged left and right, fighting for an opportunity to use the strongest offensive method that he had ever created in his life.

Whoosh whoosh whoosh!

Intense winds blew, the world went through a transformation!

This was not golden wind, Luo Po wind, willow wind, immortal wind, profound eerie wind, star galaxy wind, or fan door wind.

Once this wind appeared, Lang Ya land spirit's expression changed, the hairy man Gu Immortals were also deeply shocked, while the other variant human Gu Immortals were tongue-tied!

These were the winds of assimilation!

The number one wind in the world capable of assimilating everything, few methods could counter it.

When immortal apertures were destroyed, this wind would blow.

"How can this be the winds of assimilation? This is impossible!" Some hairy man Gu Immortals lost their composure and screamed.

"Unbelievable, a person can actually control the winds of assimilation?!" Bing Zhuo was so shocked his eyes were about to pop out, his cold demeanor had completely melted.

In human historical records, nobody had ever been able to manipulate the winds of assimilation personally. But now, this record was broken, Feng Jiu Ge became the first person throughout history to do so!

He could actually unleash the winds of assimilation!!

Feng Jiu Ge had seven songs currently, obtain treasure song and towards heaven song were used to assist his cultivation; green jade song, heaven and earth song, submission song, and separation song were his trump cards that he reserved for major fights. The final one was assimilation wind song, he would not use it unless necessary.

If he failed to activate this move, Feng Jiu Ge would be the first one to be destroyed by the winds of assimilation, it was extremely vicious.

Many of his songs could be turned into clones through song warrior, but this assimilation wind song could not, it was the most special one!

This move was too powerful, it turned the battle around instantly.

The variant human Gu Immortals were helpless, they were flustered.

Because ordinary methods would be assimilated by the winds of assimilation and turned into fuel to make it even stronger and larger.

“Lang Ya blessed land is the number one blessed land in the world, but against this wind, it will likely be destroyed!” A rockman Gu Immortal said in despair.

“It will not!!” Lang Ya land spirit screamed, he knew he had to stabilize the morale of his side.

He screamed: “These really are the winds of assimilation, assimilation wind song! I did not believe it when Fang Yuan told me about it, but the truth is in front of me, I need to trust him!”

“Everyone, don’t worry, we have a way to deal with the wind!”

“What? Fang Yuan could even have information about such a secret?” The other Gu Immortals heard this and felt hopeful.

At this moment, Fang Yuan, who also had rank eight battle strength, played a crucial role despite being away, he stabilized the morale of Lang Ya land spirit’s forces.

Fang Yuan had memories of the future, he knew about the ferocity of this move, during the five regions chaotic war, Feng Jiu Ge had used this move to slaughter countless beings and it was deeply feared, thus he had already told Lang Ya land spirit about it. Even when he fought against Feng Jiu Ge earlier, he was deeply cautious of this move.

This move was very powerful but it also had major flaws, for example, Fang Yuan could dodge it if he used it in the five regions’ world.

But in this situation, the winds of assimilation had started blowing in Lang Ya blessed land, the land spirit had to resolve it as soon as possible.

What method could actually resist the winds of assimilation?

Chapter 1547: Lang Ya is Helpless, Jiu Ge Dominates

“Come, true stability branch transformation!” Against the winds of assimilation, Lang Ya land spirit growled as he used an immortal killer move.

Once this move was used, the silver giant underwent a huge transformation.

The huge human shaped body turned into a huge heavenly tree, its trunk was silvery-white, it had countless branches and leaves that resembled silver carvings, it was extremely dazzling as the leaves clashed with each other and created sharp sounds.

The branches and leaves grew rapidly and faced the winds of assimilation.

The winds of assimilation which were rampaging everywhere were obstructed by the huge tree, their speed of growth shrunk by half!

“This?!”

“The winds of assimilation were actually stopped!”

“Unbelievable! Lang Ya blessed land’s foundation is truly unfathomable!”

The snowman, inkman, and rockman Gu Immortals saw this and felt overjoyed.

“Oh? This is... true stability tree?” The flash of red and white light that shot out of the winds of assimilation was Feng Jiu Ge.

Even though he created assimilation wind song and could create the winds of assimilation, once it was used, Feng Jiu Ge would need to leave the center. Otherwise, when it spreads and fills up the space, Feng Jiu Ge would die.

Feng Jiu Ge could only summon the winds of assimilation, he could not manipulate it. He had tried to control it, but any method used on the winds of assimilation would cause it to become stronger as they get assimilated.

Feng Jiu Ge had immortal killer move song warrior, he could turn heaven and earth song, separation song, and the others into clones, but assimilation wind song could not be turned into a clone.

Feng Jiu Ge was far away from the battlefield, Lang Ya land spirit and the rest were busy dealing with the winds of assimilation, they could not bother with him.

“This is indeed true stability tree, to think that they could really counter the winds of assimilation.” Feng Jiu Ge watched from afar as bright light shone in his eyes.

This true stability tree was a legendary immemorial desolate plant, it was famous in history. It had existed since before Ren Zu’s birth, the Immemorial Antiquity Era, it lived through the Remote Antiquity Era, Olden Antiquity Era, and died in the hands of Genesis Lotus Immortal Venerable during the Medieval Antiquity Era.

This tree had many wild Immortal Gu, among which were several rank eight Immortal Gu. Genesis Lotus Immortal Venerable was only rank eight back then, when he was traveling in Eastern Sea, there was a huge tsunami that caused great harm to the world, Genesis Lotus Immortal Venerable’s Immortal Gu could not stop this flood, he had to borrow two rank eight Immortal Gu, Peaceful Wind and Silent Wave, from the true stability tree.

But this legendary immemorial desolate plant had great status and strength, it refused to lend them to Genesis Lotus Immortal Venerable. In Genesis Lotus’ rage, he fought against the true stability tree and killed it, retrieving the Gu to stop the flood and saving countless lives in the end.

Even though Genesis Lotus killed the true stability tree, he praised it immensely. After becoming venerable, he sighed occasionally: it was a pity that he had to kill the tree back then. This tree was unique in the world, it had the latent ability to counter the winds of assimilation!

Fang Yuan was reborn and knew of Feng Jiu Ge’s assimilation wind song. This move was shocking in the five regions chaotic war and killed countless Gu Immortals. Thus, many Gu Immortals tried to find ways to expose its weakness and stop it.

There was no unstoppable move in this world, there were only unstoppable people.

Even though assimilation wind song was powerful, it was just a move, it could be countered.

Western Desert’s rank eight Gu Immortal Thousand Transformations Ancestor tried to find its fundamental flaw and sought help from a rank eight time path great expert, they saw the power of the

true stability tree in the River of Time, after returning, he created the transformation path killer move, true stability transformation!

This move could restrict the winds of assimilation.

At that time, Feng Jiu Ge was only rank seven, but he could make rank eight Gu Immortals research on how to deal with his move, it showed how powerful assimilation wind song was.

Fang Yuan remembered this matter, he prepared in advance thinking about how Feng Jiu Ge attacked Lang Ya blessed land in his previous life, to deal with this strongest move, he used the light of wisdom and his transformation path attainment level to deduce true stability branch transformation.

This move was the simplified version of true stability transformation, but the current assimilation wind song that Feng Jiu Ge had was not the complete version that he used during the five regions chaotic war.

Thus, after using this move, Lang Ya land spirit turned the silver giant into a branch of the true stability tree, it managed to block the winds of assimilation.

“Go deal with Feng Jiu Ge, don’t let him act freely. After I deal with the winds of assimilation, I will go and help you to kill him!” Lang Ya land spirit instructed, ordering the Gu Immortals of the three variant human races.

The variant human Gu Immortals responded as they used the super Gu formation to attack Feng Jiu Ge.

Lang Ya land spirit was covered in sweat, he spent all his effort to sustain the killer move and deal with the winds of assimilation.

He sighed bitterly to himself: “Fang Yuan taught me this move, but I found it too troublesome and did not practise much. To think that Feng Jiu Ge would really attack and use it against me! Sigh, if I knew this, I would have practised this move even more.”

Lang Ya land spirit was completely restricted by the winds of assimilation, he was barely holding on. Countless branches were destroyed when they interacted with the wind, but at the same time, new branches grew.

This move that could stop the winds of assimilation had a huge price to use, it expended a lot of immortal essence and the mental energy of the Gu Immortals sustaining it.

Soon, many hairy man Gu Immortals inside the giant silver tree became weak and mentally exhausted.

“Persevere, we must persevere!” Lang Ya land spirit shouted in encouragement.

“Lord, why can’t we give up a piece of the blessed land?” A hairy man Gu Immortal asked.

Lang Ya land spirit could naturally give up a portion of Lang Ya blessed land, that would prevent the winds of assimilation from affecting them.

Compared to the entire Lang Ya blessed land, that small piece of land was really nothing.

“No!” Lang Ya land spirit rejected immediately, he thought of Fang Yuan’s words as he explained: “If we do that, we will fall into their trap. Cutting off a piece of the blessed land means we will have to connect

to the outside world, we would need to open the blessed land's entrance, that would allow the enemies to find out our location! We cannot do that!!"

"Hmm? This Lang Ya land spirit would rather pay this huge price to deal with the winds of assimilation than give up a piece of the blessed land?" Feng Jiu Ge was surprised.

If Lang Ya land spirit did that, clues would be leaked, Prince Feng Xian, who was outside, would be able to notice it. The situation would be stabilized then.

With the rank eight Gu Immortal Prince Feng Xian's help, these hairy man Gu Immortals could not stop them.

But Lang Ya land spirit desperately held on and refused to do that, Feng Jiu Ge's plan could not succeed.

Crack.

An intense lightning appeared out of nowhere, landing on Feng Jiu Ge.

Feng Jiu Ge moved like a trail of smoke, he vanished on the spot, evading the attack.

He looked at the sky as he thought rapidly: "Heavenly Giant Solor is restricted by the winds of assimilation, only the super immortal formation is left. It is easier to deal with than the silver giant."

Immortal killer move — Separation Song!

Feng Jiu Ge activated separation song as the immortal formation started to break apart.

Even though separation song had no offensive power, it had an incredible effect, it could break up any Gu formation.

But thankfully, when Fang Yuan designed it, he had considered it and created many layers in the immortal formation.

Feng Jiu Ge's separation song only broke up the outermost layer of this super Gu formation, the variant human Gu Immortals were at the center of the formation, they were safe.

Feng Jiu Ge had to use separation song again and broke up the second layer.

But the third layer appeared after that.

"Oh? I want to see how many layers this immortal formation has!" Bright light shone in Feng Jiu Ge's eyes, he activated separation song continuously, after breaking up six layers, he stopped.

Even the powerful Feng Jiu Ge wanted to vomit blood now.

"How many layers are there?!"

Separation song expended a lot of immortal essence, after several uses, Feng Jiu Ge's immortal essence storage was less than thirty percent.

Of course, his greatest expenditure was in assimilation wind song.

"Assimilation wind song can match the effect of countless separation songs, but the risk is too high..." Feng Jiu Ge shook his head, he dispelled the notion of using this move again.

Even though it was powerful, it was risky, Feng Jiu Ge rarely used it.

Back then, when he fought against Prince Feng Xian, even though he used it, that was in a spar. Prince Feng Xian had written to Spirit Affinity House that he was unhappy to be placed at the same level as Feng Jiu Ge, it created huge political pressure on Feng Jiu Ge. When Feng Jiu Ge went to Northern Plains, he met with Prince Feng Xian and suggested a single-move spar. In that battle, he had sufficient time to slowly activate his Gu worms without any outside interference, the risk was very low.

But right now, Feng Jiu Ge was in the middle of battle, there were many interferences, he needed to use his killer moves rapidly, earlier, he had taken the risk because there was no other choice. Against the super immortal formation now, he felt less pressure and necessity to use it.

Feng Jiu Ge did not use assimilation wind song, he looked around, the giant silver tree was still dealing with the winds of assimilation, it had already been reduced by half its size.

After some time, Lang Ya's side would be able to dispel the wind and find time to deal with Feng Jiu Ge.

"There is little time." Feng Jiu Ge sighed.

Heavenly Giant Solor had both offense and defense, even the winds of assimilation could not affect it, if Feng Jiu Ge attacked the giant tree now, it would be futile.

Lang Ya blessed land had shown great strength in this battle, far out of Heavenly Court's expectations, Feng Jiu Ge already had the intention to retreat.

"Before leaving, there is something I must do."

He smiled as he activated an investigative immortal killer move, moving rapidly like light. In the blink of an eye, he crossed a huge distance, appearing in front of Gu Yue Fang Zheng.

"Come with me." Before Gu Yue Fang Zheng responded, Feng Jiu Ge suppressed and sent him into his immortal aperture.

"And this place too!" Feng Jiu Ge flew in the air, seeing Dang Hun Mountain at a certain area of Cloud Cover Continent.

"Come!" He activated his immortal killer move that had been prepared, he kept this secluded domain of heaven and earth in his own immortal aperture.

"These cloud cities are all mortal Gu Houses, but there are many hairy man elites living in them, they are all Gu Immortal seeds of Lang Ya Sect. Good, good, they are all mine!" Next, Feng Jiu Ge struck and stored a lot of Cloud Cover Continent's cloud cities.

While he was doing this, he was attacked by the super immortal formation, but this formation had lost many layers due to Feng Jiu Ge, its power was greatly reduced.

As for Heavenly Giant Solor, it was restricted by the winds of assimilation, if it tried to leave, the winds of assimilation would grow stronger instantly, Lang Ya land spirit's hard work would be completely wasted, it could not stop him.

“What aura is this?!” While moving unhindered, Feng Jiu Ge found the aura of wisdom Gu as he felt immensely shocked.

He soon arrived in front of wisdom Gu, Feng Jiu Ge’s pupils shrunk from shock: “If I was not seeing this personally, I would not believe it. This is a rank nine wisdom Gu?!”

Chapter 1548: Paradise Earth Inheritor

Even Feng Jiu Ge was dazed when he saw wisdom Gu.

This was wisdom Gu!

It was written in <<The Legends of Ren Zu>>, it was the vital Immortal Gu of Star Constellation Immortal Venerable, it was known to nearly every living person, to think that in this time and place, it would appear before Feng Jiu Ge!

“Lang Ya blessed land actually has wisdom Gu!” Feng Jiu Ge was deeply shocked, he could not control himself.

But soon, he forced himself to calm down.

His eyes burst with bright light, he closely inspected the wisdom Gu before him, finding out that this rank nine wisdom Gu was actually wild!

A thought completely engulfed Feng Jiu Ge’s mind, that was — take this rank nine wisdom Gu away!

Immortal killer move — Obtain Treasure Song.

He activated this killer move with unprecedented force, erupting with rank eight might.

Obtain treasure song was able to help Feng Jiu Ge refine wild Immortal Gu directly, the song was warm and kind, filled with a peaceful aura.

As he sang, the wisdom Gu that was fluttering between the tree branches became still.

“Rank nine wisdom Gu?!” The variant human Gu Immortals who were controlling the super Gu formation were shocked.

Wisdom Gu was originally hidden in this valley by Lang Ya land spirit, the variant human Gu Immortals of the three races were outsiders, they were not informed of it.

But now, Feng Jiu Ge destroyed this area, wisdom Gu was exposed, they noticed it.

“We cannot let him obtain wisdom Gu! Quickly disrupt him!” Lang Ya land spirit screamed as he ordered in anxiety.

Next, he added: “But be careful, don’t destroy wisdom Gu!”

Even without his reminder, the variant human Gu Immortals from the three races knew how important this rank nine Immortal Gu was.

But now, to disrupt Feng Jiu Ge while not affecting the wisdom Gu close by, they needed intense control and it was quite difficult for these variant human Gu Immortals who had just started using this immortal formation.

The variant human Gu Immortals had to forcefully manipulate the immortal formation as they attacked Feng Jiu Ge.

Feng Jiu Ge grunted as he used song warrior.

The obtain treasure song warrior flew towards wisdom Gu, while the other song warriors helped Feng Jiu Ge to block the attacks of the immortal formation.

The variant human Gu Immortals attacked with excessive force that implicated wisdom Gu, but Feng Jiu Ge would block them and defend wisdom Gu.

Wisdom Gu sensed danger, its survival instinct made it fly away.

Obtain treasure song warrior followed behind it but could not produce any effects.

Feng Jiu Ge saw this, his heart sank. Wisdom Gu was rank nine, even though obtain treasure song was good, it was only rank eight, it could not affect wisdom Gu.

“If I cannot get it, should I destroy it?” This thought emerged in Feng Jiu Ge’s mind before he denied it.

This was rank nine wisdom Gu, destroying it was a big waste.

And this Immortal Gu was formally the vital Gu of Star Constellation Immortal Venerable, if he could get it, it would greatly benefit Feng Jiu Ge, the Central Continent ten great ancient sects, as well as Heavenly Court.

Feng Jiu Ge was unresigned, he did not want to give up.

“Don’t go.” Feng Jiu Ge pounced at wisdom Gu.

Wisdom Gu flew rapidly, but Feng Jiu Ge pursued it endlessly.

Wisdom Gu felt the threat of Feng Jiu Ge as it buzzed, emitting a strong light.

The light of wisdom.

Feng Jiu Ge was unavoidably covered by this light of wisdom, instantly, countless thoughts appeared in his mind and collided, his intelligence surged, his gaze became incredibly sharp.

All of the questions and difficulties he had in cultivation were all resolving, even though he did not get immediate answers, many crucial bottlenecks were easily broken through.

“Oh no!” Feng Jiu Ge was a legendary figure after all, after several breaths of time in the light of wisdom, he sensed something amiss. He bit his tongue as he forced himself to snap out of it and retreated.

After leaving the light of wisdom, he watched the escaping wisdom Gu with lingering fear.

“What an amazing wisdom Gu, after this short period, I already lost so much lifespan!” A strand of Feng Jiu Ge’s hair had turned white.

“My mission here is to capture Gu Yue Fang Zheng and reclaim Dang Hun Mountain, these were all instructed by Fairy Zi Wei. But to think that the rank nine wisdom Gu was hiding here! I already tried my best, but I cannot bring this Gu away. Lang Ya blessed land is also incapable of refining this wisdom Gu, otherwise, they would have done that already!”

Feng Jiu Ge’s thoughts moved rapidly.

Immortal Gu were unique.

A wild Immortal Gu had deep attraction to any Gu Immortal.

And it was a rank nine wild Immortal Gu in front of Feng Jiu Ge.

And most importantly, this Immortal Gu was actually wisdom Gu!

“If they refined wisdom Gu, I would not be able to snatch it. But now, it is wild. I need to go back and inform Heavenly Court and the sect about this. The next time we attack Lang Ya blessed land, we must get this Gu!”

Feng Jiu Ge breathed in deeply, he looked at wisdom Gu which was already at the edge of his vision with lingering desire as he used an immortal killer move.

This immortal killer move that used rank seven Fixed Immortal Travel as the core was called, ‘human come human go’, it was created by the space path great expert Liang Liang. Feng Jiu Ge was not familiar with this move, but it had an incredible effect.

Once activated, not only could it transport people to anywhere in the world, they could also return the same way back. The first half was hard, but the second half was extremely easy.

Liang Liang had already activated this successfully, Feng Jiu Ge was only completing the second half with ease.

Swoosh.

With a soft sound, Feng Jiu Ge vanished.

After a few breaths of time, Lang Ya land spirit mobilized the silver giant and arrived.

“Damn it, Feng Jiu Ge, you actually ran away! Central Continent’s ten great ancient sects, I won’t let you off!” Lang Ya land spirit looked at the tattered Lang Ya blessed land as he shouted angrily, roaring.

Southern Border, inside the immortal battlefield killer move.

Lu Wei Yin sighed deeply.

Three lifetimes were over, but Fang Yuan was not reformed.

“I was wrong!”

“I thought that this Fang Yuan was a heartless person or was filled with hatred and rage, that was the reason for his evil actions.”

“But the truth is, he has abundant emotions, he does not lack anything. Even though he pursues strength, he is not obsessed with it.”

“What drives him to do this is his goal. This goal is deeply ingrained in his heart, not only three lifetimes, even after a hundred lifetimes, it cannot be eradicated.”

“This person cannot be reformed.”

“Master...” Ye Fan muttered lightly.

At this time, not just him, even Shang Xin Ci and the rest, including Tie Mian Shen and the other Gu Immortals had woken up.

Everyone was in a daze after three lifetimes, they were savoring the mystical feeling behind it.

Lu Wei Yin looked around as his gaze paused on Shang Xin Ci for a moment.

Her eyes were red, she almost cried, her sadness was evident. She had been emotionally connected to Fang Yuan during the three lifetimes.

Lu Wei Yin nodded secretly, saying to everyone: “I failed, this demon cannot be stopped, he is about to break out of the killer move and escape, let’s go.”

Ye Fan was shocked: “Master, we have the clear advantage.”

Lu Wei Yin smiled bitterly: “I’ve already tried my best, let’s go.”

The mortal Gu Masters were confused, but Tie Mian Shen and the two Yi clan Gu Immortals had their suspicions.

Tie Mian Shen asked directly: “Senior’s surname is Lu, and you are skilled in earth path, are you the inheritor of Paradise Earth’s true inheritance?”

Lu Wei Yin nodded: “That’s me.”

“So it was like that.” Yi clan’s Gu Immortals sighed, they paid their respects and greeted Lu Wei Yin.

At the same time, they no longer had any suspicions towards Lu Wei Yin’s words.

Paradise Earth Immortal Venerable did not have a single offensive method, his Paradise Earth true inheritance was the same. Lu Wei Yin was skilled at trapping and reforming enemies, this was the specialty of Paradise Earth true inheritance.

Among the ten venerables, Paradise Earth Immortal Venerable was the kindest and most merciful, he singlehandedly healed the world and stopped the chaos after Spectral Soul Demon Venerable’s rule.

But for some reason, this Immortal Venerable did not choose to go to Heavenly Court, he stayed in Southern Border and even left his Paradise Earth true inheritance here.

Chapter 1549: Soul Explosion!

Central Continent, Heavenly Court.

In the silver sky, amidst countless buildings.

Jade light shone, Feng Jiu Ge appeared in Zi Wei's palace.

"Greetings to Lady Zi Wei." Feng Jiu Ge instantly regained awareness of his surroundings, he cupped his fists.

In the grand palace, Fairy Zi Wei sat on her cloud bed as she turned to look at Feng Jiu Ge, slowly opening her eyes.

At an instant, boundless starlight shot out of her pupils, dazzling light filled the entire hall.

Feng Jiu Ge did not speak, an information path Gu worm flew out as Fairy Zi Wei received it, she understood what happened after looking into it.

"Feng Jiu Ge, you are indeed the Dao Guardian of Great Dream Immortal Venerable. You did well." Fairy Zi Wei praised.

Feng Jiu Ge smiled: "This is Gu Yue Fang Zheng."

Saying so, he opened his immortal aperture's entrance, taking out the captive.

Gu Yue Fang Zheng's eyes were shut, he was affected by Feng Jiu Ge's method and had fallen asleep. as for the will of Fang Yuan that was in him, Feng Jiu Ge suppressed it.

Feng Jiu Ge placed Fang Zheng on the ground as he sighed: "I already searched his soul, that Fang Yuan is a demon indeed, he is completely heartless and cruel, he wants to refine his own brother into Blood Deity. But I do not understand, he is only a mortal, even though he is related to Fang Yuan, why do you place so much importance in him?"

Fairy Zi Wei said slowly: "The way of heaven is to be balanced, yin and yang intertwine, the area around the cave of poisonous animals usually has plants that can act as antidotes to the poison. This Gu Yue Fang Zheng was born together with Fang Yuan, he is an obstacle specially set by heaven against Fang Yuan. If he is nurtured well, he will be useful in dealing with Fang Yuan in the future."

"I see." Feng Jiu Ge nodded.

"It is a pity." Fairy Zi Wei said as she searched Fang Zheng's soul, she sighed: "Fang Yuan actually did not refine Blood Deity and continue his blood path cultivation. Otherwise, I would be able to use the Demon Judgment Board to find his location. In my opinion, Fang Yuan has not noticed that his blood path cultivation in his previous life was a trap by heaven's will. He did not cultivate blood path now probably due to the protection of his luck."

"Fate Gu has not been repaired, the power of luck path is greatly amplified, it is very obvious. You were able to succeed and return this time because of your status as a Dao Guardian, your luck is strong and is not suppressed by Fang Yuan."

Feng Jiu Ge nodded: "How will we deal with Dang Hun Mountain? What about the wisdom Gu inside Lang Ya blessed land?"

"Take it out." Fairy Zi Wei smiled.

Feng Jiu Ge was dazed, he took out Dang Hun Mountain from his immortal aperture.

This pink crystal mountain was originally huge, but after entering Zi Wei Palace, it was suppressed into palm-size and was tiny and delicate looking.

Spectral Soul Demon Venerable rampaged in the world and slaughtered countless beings, he created soul path. Heavenly Court was the leader of the righteous path, before Spectral Soul became venerable, they sensed his threat and fought against him, they understood each other well.

After Spectral Soul died, soul path continued developing, even though Paradise Earth Immortal Venerable suppressed it, Heavenly Court still had an incredibly profound grasp of soul path methods. In fact, Heavenly Court had many soul path Gu Immortals.

There were a vast number of soul path dao marks on Dang Hun Mountain, it was the soul path secluded domain of heaven and earth. Since Fairy Zi Wei could give Feng Jiu Ge the method to retrieve it, she naturally had an even more profound method to shrink it entirely.

Fairy Zi Wei stretched her arm out as Dang Hun Mountain floated towards her lightly.

“Amazing, amazing.” Fairy Zi Wei looked at it in amazement, she nodded happily: “With this mountain, we will have an endless supply of guts Gu, Jin Huang will benefit from it, her dream realm exploration will go very smoothly.”

Feng Jiu Ge smiled, he was very happy that he could help his daughter.

“As for wisdom Gu...” Fairy Zi Wei thought about it: “I must obtain this Gu, Jiu Ge, you can go and rest, I will need to plan this thoroughly.”

If they attacked Lang Ya blessed land again, the other party would be very alert, they would prepare amply, Fang Yuan might even have returned already, Fairy Zi Wei needed to plan.

“Yes.” Feng Jiu Ge took his leave, getting out of Zi Wei Palace and out of Heavenly Court, going back to Spirit Affinity House.

Fairy Zi Wei also left Zi Wei Palace, she held onto Dang Hun Mountain as she moved all the way into a dark hall.

Three large words were carved on the plaque on the door of this hall — Soul Suppression Hall!

It was the rank eight Immortal Gu House that imprisoned Spectral Soul Demon Venerable.

Fairy Zi Wei smiled as she carried Dang Hun Mountain and went in front of Spectral Soul.

“Oh Demon Venerable, look what this is?” Fairy Zi Wei smiled lightly, she asked.

Spectral Soul was completely silent.

Fairy Zi Wei nodded: “Truly stubborn and incorrigible! However... I did not bring this mountain here to stir your determination. I know you have used this mountain before, you had cultivated on it in the past. I have this move that can stir your mind as long as I have something closely related to you, I can draw out all your related memories.”

Spectral Soul was still silent.

Fairy Zi Wei's smile faded, lightning flashed in her eyes.

All along, she had been troubled by Spectral Soul's stubbornness, she wanted to excavate his precious memories, but there was little progress.

Now that she had Dang Hun Mountain, Fairy Zi Wei found a great opportunity, she wanted to use it on Spectral Soul now!

At the next moment, the immortal killer move activated, the whole of Soul Suppression Hall buzzed as intense lights shone.

The light shone on Dang Hun Mountain as they also shrouded over Spectral Soul.

Spectral Soul resisted but this move was very powerful, his memories related to Dang Hun Mountain were drawn out and shown before Fairy Zi Wei.

When young Spectral Soul found Dang Hun Mountain by chance, he was shocked and intensely happy...

After many hurdles, he finally obtained Dang Hun Mountain, he cultivated in secrecy...

Spectral Soul thought about it hard and finally found a way to move Dang Hun Mountain, after some more hurdles, he stored this mountain for his own use...

Spectral Soul created soul path and gradually found more use for Dang Hun Mountain, it was no longer used for guts Gu creation solely. He created Dang Hun formation, he could use the vast amount of soul path dao marks on this mountain to give the immortal Gu formation incredible might...

"Oh? There is a Dang Hun immortal formation, why didn't Fang Yuan set it up? Did he think it is safe inside Lang Ya blessed land or did this formation require too many Immortal Gu?" Fairy Zi Wei saw this and felt suspicious.

But soon, her suspicions were answered, it turned out that after using Dang Hun Mountain as part of the formation, it could no longer create guts Gu.

Fairy Zi Wei continued to watch.

Scenes concerning Dang Hun Mountain were shown, displaying Spectral Soul's cultivation journey. Even though most were useless, some contained important cultivation information, even Heavenly Court could gain greatly from them.

When Spectral Soul became venerable, he placed Dang Hun Mountain inside City Well and used an immortal killer move to modify Dang Hun Mountain.

This memory made Fairy Zi Wei's heart shake.

"This orderly well killer move is amazing! City Well is a rule path secluded domain of heaven and earth, using it, he could actually remove the conflict between Dang Hun Mountain's soul path dao marks and external time path dao marks. This must be the profundity that led to the origin of sovereign immortal fetus Gu."

Fairy Zi Wei had already deduced some special effects of sovereign immortal fetus Gu. After all, Fang Yuan fought many times, he exposed many precious clues.

She was not wrong!

The reason why sovereign immortal fetus Gu could have non-conflicting dao marks was because of City Well, and the killer move orderly well.

Spectral Soul Demon Venerable paid a huge price to modify Dang Hun Mountain, but it was worth it. After that, he could use time path immortal killer moves to restore the mountain easily.

The following memories were the immortal killer moves that Spectral Soul Demon Venerable deduced using Dang Hun Mountain.

These immortal killer moves were very terrifying and powerful, but they would damage the mountain itself. Once in a while, Spectral Soul would use time path methods to restore Dang Hun Mountain back to normal.

“These methods are truly amazing, someone who was able to become a Demon Venerable truly had heaven-shaking talent!” Fairy Zi Wei’s eyes were shining with bright light, she praised continuously.

These immortal killer moves were precious cultivation information that could greatly help Heavenly Court.

Especially when they had just obtained Dang Hun Mountain, these immortal killer moves were all usable.

Among these killer moves, there was one move that Fairy Zi Wei placed great attention on.

“This move can actually ignite Dang Hun Mountain and create a terrifying soul explosion. Any living being’s soul can be ignited and create a soul explosion. The soul explosion of soul beasts usually have incredible might, but the soul explosion of Dang Hun Mountain would surpass limits, using this mountain’s soul path dao marks to ignite the mountain is truly ingenious. Hmm! Wait...”

Fairy Zi Wei’s pupils shrunk, she noticed something amiss!

Boom!!!

At the next moment, a shocking explosion occurred, the entirety of Dang Hun Mountain was blown to smithereens.

Be it Fairy Zi Wei or Spectral Soul Demon Venerable, they were both within range of this terrifying explosion!

Chapter 1550: Discussing Compensation

Southern Border.

Myriad dragon!

Dragon roars reverberated throughout the air, the whole immortal battlefield was destroyed, silver scales shone as Fang Yuan shot out like lightning.

The moment he escaped, he received large numbers of messages requesting aid.

“What? Lang Ya blessed land was attacked by Heavenly Court? It was led by Feng Jiu Ge?” Fang Yuan was stunned.

He was trapped by Lu Wei Yin temporarily, but at the same time, Lang Ya blessed land was suddenly attacked by Heavenly Court; if one said that there was no connection between the two, even ghosts would not believe it!

“Oh? They have already been defeated? Many Central Continent Gu Immortals died, while only Feng Jiu Ge returned alive?” Fang Yuan looked at the message sent by Lang Ya land spirit, then looked at Sixth Hair’s message.

Sixth Hair was a spy placed in Lang Ya Sect by Shadow Sect. He was on Fang Yuan’s side and his message was the most trustworthy.

From Sixth Hair’s message, Fang Yuan quickly understood the whole matter.

“So Feng Jiu Ge saw the situation not going in his favor and retreated on his own initiative...”

Fang Yuan’s eyes shined sharply, but this was not the place for him to ponder about this. Rank eight Gu Immortals of Southern Border’s righteous path forces might even be rushing towards here now.

Fang Yuan immediately retreated and on the way, he directly activated his prearranged methods and flagrantly detonated Dang Hun Mountain!

“Hehe, Heavenly Court attacked Lang Ya blessed land, they clearly planned a long time for this. Methods like pulling mountain are not common, but Feng Jiu Ge could directly take away Dang Hun Mountain, this is a scheme to cripple my foundation. But unfortunately... how could my Dang Hun Mountain be seized so easily?”

Fang Yuan put Dang Hun Mountain in Lang Ya blessed land. On one hand, it was to show his sincerity in their collaboration and make Lang Ya Sect actively manage guts Gu business, saving him time and effort, on the other hand, it was also because Fang Yuan had left behind preventive measures and was not afraid of Lang Ya Sect or any other Gu Immortals taking Dang Hun Mountain.

While flying rapidly, Fang Yuan put his attention into his immortal aperture.

Landscape as Before!

He activated the rank six Immortal Gu on a large piece of mountain rock.

This mountain rock was a piece of Dang Hun Mountain, it was stored by Fang Yuan long ago.

Right now, Dang Hun Mountain’s main body had already self-detonated, this mountain rock was the only remaining piece of Dang Hun Mountain in the world.

As Fang Yuan used Landscape as Before, this mountain rock started to slowly expand, beginning to grow towards the complete Dang Hun Mountain.

“Secluded domains of heaven and earth are like Immortal Gu, unique in their existence. Dang Hun Mountain was modified by Spectral Soul Demon Venerable in the past, now, under the illumination of Landscape as Before, this Dang Hun Mountain rock can definitely restore the complete Dang Hun Mountain.”

Fang Yuan was extremely confident.

Dang Hun Mountain might have been seized, but he had not lost it, in time, Dang Hun Mountain will be back in his hands.

But this process was going to take a long time.

Landscape as Before was only rank six after all, while Dang Hun Mountain was a secluded domain of heaven and earth that was akin to a rank nine Immortal Gu. And the size of this mountain rock that Fang Yuan had left behind was countless times smaller than the whole of Dang Hun Mountain.

Heavenly Court had plotted for a long time with Feng Jiu Ge personally leading the attack, Fang Yuan’s overall losses were significant.

First of all, he was not able to take back the upper extreme heavenly eagle, secondly, Dang Hun Mountain was destroyed for the moment and restoring it would take time and a huge amount of immortal essence, finally, Gu Yue Fang Zheng was captured, which means Fang Yuan’s blood deity cultivation plan was halted.

Fortunately, wisdom Gu was neither captured nor destroyed.

The situation was actually dangerous at that time.

If Feng Jiu Ge was set on destroying wisdom Gu, it had little hope of surviving on its own.

But Feng Jiu Ge did not strike a fatal move the entire time.

This made Fang Yuan feel a sense of joy, but at the same time, it also meant Heavenly Court’s following attacks would be incessant. Feng Jiu Ge retreated on his own accord, which also signified Heavenly Court was definitely going to make another attack!

But when were they going to attack? During the next attack, who would Heavenly Court send? What kind of method would they use?

These were all issues to think about.

Fang Yuan landed in an ordinary valley.

He was already far away from the battlefield, and had been very careful on his way. He should be safe for now.

Fang Yuan concealed his aura and hid himself, he then set up warning Gu formations before sitting cross-legged and shutting his eyes as he started making deductions.

After a while, he opened his eyes, he was already aware of the whole matter as if he had personally experienced the battle between Lang Ya Sect and Feng Jiu Ge.

“It is certain that Fixed Immortal Travel is with Heavenly Court, it seems to have been raised to rank seven. It even has a set of immortal killer moves...”

Any changes in Lang Ya blessed land could not escape Lang Ya land spirit’s observation. The scene of Feng Jiu Ge’s group suddenly appearing was engraved in Lang Ya land spirit’s mind, this along with similar clues were all sent to Fang Yuan.

With sufficient clues along with his wisdom path attainment, Fang Yuan immediately understood how Feng Jiu Ge suddenly attacked Lang Ya blessed land.

“To prevent Fixed Immortal Travel, I had already modified Dang Hun Mountain’s appearance but Feng Jiu Ge’s group appeared above the three continents. This information leak is probably related to the missing hairy man Gu Immortal.”

“It would take some effort in changing the terrain of the three continents. Even if this is done, it might not obstruct Heavenly Court’s invasions.”

“If I am not wrong, although the Heavenly Court Gu Immortals did not succeed in setting up an Immortal Gu formation, just seeing how Feng Jiu Ge escaped so easily, they definitely have some measures left behind in Lang Ya blessed land.”

All kinds of thoughts flashed rapidly in Fang Yuan’s mind.

Heavenly Court was inactive most of the time, but when they made a move, it was earth shattering! If not for Fang Yuan arranging multiple precautionary methods against this, Lang Ya blessed land, which had lost the complete Refinement Cauldron, might have already been subdued by Feng Jiu Ge.

Fang Yuan had already made many preparations but Heavenly Court’s foundation was too abundant. Like this time, by relying on the method left by space path great expert Liang Liang, Feng Jiu Ge’s group was able to sneak in abruptly.

An opponent like Heavenly Court was the most difficult to fight against. Because nobody knew how many more trump cards they had!

Fang Yuan heaved a sigh, contacting Lang Ya land spirit.

He informed Lang Ya land spirit of his situation, also mentioning his guess that Lu Wei Yin was very likely Paradise Earth Immortal Venerable’s inheritor.

Lang Ya land spirit might still be discontented that Fang Yuan had not shown up to protect Lang Ya blessed land, but what Fang Yuan said were all truths, so Lang Ya land spirit could not easily pursue this matter.

“Heavenly Court did not succeed this time, but they have discovered wisdom Gu, they will definitely return. Fang Yuan, you are a supreme elder of Lang Ya Sect, the sect needs your strength, you should return to guard the sect.” Lang Ya land spirit said.

Fang Yuan smiled.

That was impossible!

Lang Ya blessed land had indeed helped Fang Yuan a lot, it could also be considered as his base, but it was impossible to bind him because of this.

The current Heavenly Court was powerful, and as long as they restored fate Immortal Gu, they would become invincible.

If Fang Yuan stayed to guard Lang Ya blessed land, Heavenly Court's side would definitely have a good laugh. This was what they wanted.

Fang Yuan would not be able to advance further if he stayed in Lang Ya blessed land. He had to go out and roam to search for cultivation resources to grow rapidly.

Once he grew to a certain extent, Fang Yuan could then go take the Red Lotus true inheritances, no matter how much help the true inheritances provided, he had to destroy Heavenly Court's plan of restoring fate Gu within ten years.

Only by doing this would he not die, this was also his only way out.

Otherwise, if he waited for fate Gu to be restored completely, almost all Gu Immortals in the world would be subjected to fate's arrangements. How many otherworldly demons like Fang Yuan were there? Heavenly Court would once again reach the summit, at that time, Fang Yuan would have no hope of being its opponent.

"Even if Lang Ya blessed land is breached, even if wisdom Gu is destroyed, they won't interrupt my cultivation plan."

A ruthless light flashed in Fang Yuan's eyes.

Naturally, he would not say these words to Lang Ya land spirit.

Right now, his body was bound by alliance agreements. But he had been keeping the self cleansing immortal formation activated, it was not just for show.

"We still need to talk about compensation, right?" Fang Yuan continued with some useless banter before saying this to Lang Ya land spirit.

"Ah!" Lang Ya land spirit's expression immediately sank, he had made an agreement with Fang Yuan back then. If Dang Hun Mountain or wisdom Gu were lost or destroyed, he would have to compensate ten times the value.

Wisdom Gu was not destroyed, Lang Ya land spirit let out a sigh of relief at this, but Dang Hun Mountain...

At least for now, it was really lost!

"You also know that if Heavenly Court obtains Dang Hun Mountain, they will have an endless supply of guts Gu, this is a huge boost to them." Fang Yuan added pressure as he saw Lang Ya land spirit keeping silent.

"You... no need to say this. I will compensate you, don't worry." Lang Ya land spirit replied.

"I believe you, how could first supreme elder possibly go back on his words?" Fang Yuan chuckled.

“What kind of compensation do you want?” Lang Ya land spirit asked.

Fang Yuan’s gaze moved, there was a lot he wanted!
