

Insanity 2061

[Reverend Insanity](#)

Chapter 2061: Demon Judgment Board!

2061 Demon Judgment Board! “Dan... danger.” Lady White Rabbit’s expression turned pale.

“Quickly dodge it!!” Fairy Miao Yin screamed.

Demon Judgment Board became larger in the three immortals’ eyes, quickly filling up their field of vision. The intense winds made Lady White Rabbit’s breathing turn difficult.

Bam.

At the next moment, earth shook, rocks were sent flying.

Demon Judgment Board slammed into the tough ground with great intensity.

Bai Ning Bing and the rest split up and moved towards different directions, at the crucial moment, they evaded the attack.

Demon Judgment Board rose up, it charged again.

This time, it targeted Bai Ning Bing.

“So quick!” Bai Ning Bing’s pupils shrank, she focused herself to deal with the situation.

Demon Judgment Board was covered in a light red halo, granting it even more speed. It did not use killer moves, it only charged wildly with rapid attacks, Bai Ning Bing had to dodge continuously, spending her effort on evasion and having no chance to retaliate.

“What do we do?” Lady White Rabbit asked anxiously.

Fairy Miao Yin had an ashen expression, she replied: “Let’s go! This is their old grudge, let the two of them fight it out.”

Lady White Rabbit was dragged by Fairy Miao Yin as they tried to escape the battlefield.

“Where are you going?” Gu Yue Fang Zheng suddenly turned around.

Even though he hated Bai Ning Bing deeply, he did not forget Qin Ding Ling’s instructions. White Rabbit and Miao Yin were crucial clues to find Fang Yuan, how could they be allowed to escape?

Demon Judgment Board let out a wave of powerful blood red light, it radiated in the battlefield, Bai Ning Bing and the rest were enveloped by this blood red light, their expressions changed.

Under this blood red light, they felt the blood in their bodies drawn by a powerful force, it was as if the blood in their bodies was getting sucked into Demon Judgment Board, it was very uncomfortable.

“If we do not resolve this problem, we might get sucked dry of all our blood!” Fairy Miao Yin said solemnly.

Immortal killer move — Bai Xiang!

On the other hand, Bai Ning Bing successfully unleashed her killer move, she turned into a white ice giant.

The blood red light instantly became ineffective on her.

The killer move Bai Xiang was the famous trump card of the Southern Border rank eight Gu Immortal, it allowed the Gu Immortal to temporarily convert their body into another type of lifeform.

This move was incredibly powerful, it created the White Terror that once shook Southern Border, leaving its own mark in history.

Once Bai Ning Bing used it, she changed her circumstances. The ice giant did not have any blood in its body, Demon Judgment Board's killer move was useless against it.

Fairy Miao Yin's heart sank, with Bai Ning Bing's current condition, she could easily escape. But Bai Ning Bing did not do that, she attacked instead with great excitement and enthusiasm!

"This lunatic!" Fairy Miao Yin muttered, experiencing a complicated feeling.

However, when Bai Ning Bing's killer moves landed on Demon Judgment Board, they were like waves hitting the reef. No matter how Demon Judgment Board was attacked, it did not even move one bit against the currents.

Fairy Miao Yin frowned deeply as she called out: "White Rabbit, use that move!"

Lady White Rabbit nodded solemnly, she quickly used the killer move, protecting herself and Fairy Miao Yin.

Fairy Miao Yin took a risk and accepted her protection, using this chance, she unleashed her killer move, wondrous hand profound sound.

She grew five new arms, causing her to have a total of seven arms.

The seven hands moved by themselves, the smooth long fingers were moving in a dazzling motion.

Ding ding, dang dang...

Cling cling, clang clang...

With the movement of her fingers, sharp sounds could be heard whenever they touched.

The sounds even caused sound waves to start appearing in the surrounding air.

Sound waves moved like a storm, creating a huge commotion as the attacks landed on Demon Judgment Board!

"Fairy Miao Yin, thirty-seventh position on the Demon Judgment Board, she has rank seven cultivation level and the Profound Sound true inheritance. Among which, her wondrous hand profound sound killer move can be raised alongside the core Immortal Gu until it reaches rank eight." Fang Zheng muttered to himself.

On top of his head, countless texts in blood gathered to form a scarlet name list. Be they Fairy Miao Yin, Lady White Rabbit, or Bai Ning Bing, their names were present.

Fairy Miao Yin and Bai Ning Bing worked together, while Gu Yue Fang Zheng still had a calm expression. After all, he was inside Demon Judgment Board.

The rank eight Immortal Gu House Demon Judgment Board was extremely powerful.

Normally speaking, rank seven Immortal Gu Houses could resist rank eight, they were the foundation of super forces.

As for top tier rank eight Immortal Gu Houses, they could resist pseudo-Immortal Venerables!

During the fate war, Fang Yuan used Myriad Year Flying Warship and Dragon Palace to fight against Duke Long. In the earlier battle, he used three Immortal Gu Houses against Spectral Soul, they were all rank eight.

Demon Judgment Board was also rank eight, but it was specialized in investigation.

Against rank seven Gu Immortals like Bai Ning Bing, Demon Judgment Board's battle strength was far superior, it could not be matched.

Waves of blood red light shot out of Demon Judgment Board!

These blood red lights shot down like rain, targeting Bai Ning Bing with an unceasing quantity.

Bai Ning Bing turned into a white ice giant, even though it was large and bulky, the giant's movement was actually very agile and flexible.

She dodged continuously, none of the blood red lights managed to hit her once.

"But as long as I get hit once, I will suffer heavy injuries!" Bai Ning Bing knew this in her heart, she focused and fought, the dangerous situation was making her more excited and thrilled.

Suddenly, Demon Judgment Board shook lightly, Bai Ning Bing got immobilized.

Bai Ning Bing could not move, she was shot by tens of blood lights.

The white ice giant was punctured in many places, it was reduced to ice shards in a few moments.

Lady White Rabbit screamed while Fairy Miao Yin's heart sank, the difference in battle strength was too great, they could not claim victory with just an advantage in numbers.

As the ice shards fell to the ground, an intense light burst out.

Within the icy light, the white ice giant reappeared.

Bai Ning Bing recovered fully!

This was the strongest aspect of the killer move Bai Xiang, as long as one shard was left, it could fully recover rapidly.

Fang Zheng was not surprised, he knew a lot of information about Bai Ning Bing. Long ago, the two were already enemies, Bai Ning Bing had fought against them many times, why would Heavenly Court not collect her information?

Furthermore, Demon Judgment Board had investigative abilities, the board list did not only include blood path demonic immortals. It was just that blood relation Immortal Gu made almost all blood path demonic cultivators unable to hide from it.

Bai Ning Bing got up and fought against Fang Zheng again, Miao Yin assisted her, half the blood red light in the battlefield dissipated.

As their blood was no longer affected, Fairy Miao Yin and Lady White Rabbit flew out with preparation, they were about to escape.

Fang Zheng smiled lightly: "Not so fast!"

The dissipated blood red light turned into a ball that floated above the battlefield. Instantly, the blood suction force that vanished amplified by several times of before.

Bai Ning Bing shouted as she took action suddenly. Her ice path killer move hit the blood ball and caused it to scatter slightly.

"Surrender now!" Fang Zheng's lips curled up, he activated Demon Judgment Board, the formless pressure caused Fairy Miao Yin and Lady White Rabbit's expressions to change.

At the crucial moment, Lady White Rabbit suddenly became ruthless, black shadows surged around her, enveloping her body.

Instantly, Black Tigress appeared on the battlefield!

Her eyes were pure black, her pupils could not be seen, only a dark and cold light was moving around. The area around her eyes was dyed black, her entire disposition changed from pure and innocent to vicious and ruthless.

Black Tigress took action, her dark path killer move landed on the blood ball with greater intensity than Bai Ning Bing's attack, causing more than half of it to vanish.

Black Tigress and Miao Yin were almost killed by Demon Judgment Board, they managed to narrowly escape.

Fang Zheng was not flustered, he raised his hand, Demon Judgment Board's aura changed.

With a change of method, he moved fluidly, blood qi surged, countless sand-like specks moved like stars, enveloping the entire battlefield.

"This is the killer move, blood speck star mark!"

"When was it used? I did not sense anything at all."

Even if Qin Ding Ling saw this, she would call out in praise. After Fang Zheng became the Demon Judgment Board Lord, he had improved greatly, he already learned to use the various methods of Demon Judgment Board, he could use the methods while managing to display his own style.

This time, even Bai Xiang was not spared, it got hit.

As the blood sand entered the three immortals' bodies, red marks started to appear, causing their movements to be restricted, their thoughts became slower, their immortal essence could not be instilled smoothly, they felt like they were trapped in quicksand.

The difference between the two sides was just too big!

Normally speaking, when Gu Immortals fought, if one side wanted to escape, it would be hard to stop them unless a battlefield killer move was successfully used to trap the enemy.

But Demon Judgment Board was a top tier rank eight Immortal Gu House, it was initially created to hunt demonic path Gu Immortals. Thus, other than investigative methods, even though Demon Judgment Board could not create a battlefield, it had ways to stop demonic path Gu Immortals from escaping.

Bai Ning Bing and the rest were about to be captured by Fang Zheng, but the ground suddenly shook as earth qi spewed up from the lower layer, the currents actually managed to pierce through the tough layer of ground.

With a loud sound, the brown earth vein rushed up like a grand river.

"What is this?" Bai Ning Bing and the other two did not know what was happening, they were shocked.

Even though Fang Zheng knew, at this moment, he felt like he was seeing Evil Dragon Di Zang Sheng.

As earth qi surged and flooded this battlefield, the earth path dao marks took over everything here, they corroded the surroundings.

From the surging earth vein, Calamity Luck Altar and Demon Immortal Qi Jue suddenly emerged.

Xi Land was above Demon Immortal Qi Jue's head, even though this secluded domain of heaven and earth was extremely damaged now, it was still useful. It was used earlier to draw all of the earth qi upwards earlier.

Meanwhile, Calamity Luck Altar was in charge of changing the direction of the earth vein on top of that effect, eventually creating this scene where the earth vein surged upwards!

"Longevity Heaven actually worked together with Demon Immortal Qi Jue?!" Fang Zheng was internally shocked.

Originally, under Qin Ding Ling's deployment, Heavenly Court's Immortal Gu Houses encircled Calamity Luck Altar and Demon Immortal Qi Jue.

The two sides fought intensely, Heavenly Court was unable to defeat them, while Calamity Luck Altar and Demon Immortal Qi Jue could not escape either.

Bing Sai Chuan thus communicated with Demon Immortal Qi Jue, they knew the situation was not looking good.

The two were genuine experts with lots of experience, they were suspicious about Qin Ding Ling's attitude and felt deeply worried.

Thus, the two sides cooperated seamlessly.

[Reverend Insanity](#)

Chapter 2062: Insanity

2062 Insanity In order to break Heavenly Court's encirclement, Longevity Heaven and Demon Immortal Qi Jue collaborated, they made use of the earth vein to find a way out of Qin Ding Ling's arrangement.

After Calamity Luck Altar and Demon Immortal Qi Jue left the earth vein, they quickly split up as they ascended to the upper layers.

Heavenly Court's Immortal Gu Houses also appeared after them.

Qin Ding Ling transmitted her voice to Fang Zheng: "Stop them!"

Even before her order, Fang Zheng was already prepared to do so.

Boom!

Demon Judgment Board shook intensely, a huge blood red beam of light shot towards Demon Immortal Qi Jue and Calamity Luck Altar.

The terrifying power of the attack made Miao Yin and Black Tigress shake internally.

In order to capture the three of them alive, Fang Zheng had been quite restricted, its current attack displayed the true power of Demon Judgment Board!

The intense blood red light assaulted, Calamity Luck Altar and Demon Immortal Qi were obstructed for a moment, they swiftly blocked it, Qin Ding Ling quickly arrived and tangled with them.

"Good job, Fang Zheng! After you're done with those three immortals, come here and work together to deal with these people." Qin Ding Ling ordered again.

At this moment, Demon Immortal Qi Jue's battle strength had fallen greatly after the fight against Spectral Soul, but as long as he worked with Calamity Luck Altar, they were evenly matched with Heavenly Court. Where was Qin Ding Ling getting her confidence from?

"Yes." Fang Zheng had a serious expression, the moment he received his orders, Bai Ning Bing attacked abruptly.

In fact, Bai Ning Bing's ice path killer move had been prepared for some time, but Fang Zheng did not pay any attention to it. He had once controlled Demon Judgment Board to fight against rank eight ice path Gu Immortal Ice Crystal Immortal Monarch, he was attacked by the snowman race's immortal suppression coffin killer move. Fang Zheng still had a deep memory of that battle even now, compared to Ice Crystal Immortal Monarch, Bai Ning Bing was just rank seven, she was far inferior to him!

However, after Bai Ning Bing activated her killer move, Fang Zheng's expression changed.

Bai Ning Bing did not attack Demon Judgment Board, instead, she targeted Fairy Miao Yin and Black Tigress!

Gu Yue Fang Zheng could only change his tactic in a fluster, blood red fog enveloped Miao Yin and Black Tigress at the crucial moment, blocking Bai Ning Bing's attack.

“Bai Ning Bing, are you crazy! You actually attacked us!!” Fairy Miao Yin broke out in cold sweat as she screamed.

“No! This might be the best way.” Black Tigress’ expression was shaken but she quickly understood it.

Fairy Miao Yin was dazed, soon, she also got it.

Fairy Zi Wei was once the leader of Heavenly Court, she knew everything about Heavenly Court. She had informed Ying Wu Xie and the rest about the details of the Immortal Gu Houses, Miao Yin, Bai Ning Bing, and White Rabbit were naturally not kept in the dark.

Because earlier, even though Spectral Soul led them, Fairy Zi Wei and the rest did not have an Immortal Gu House, they were weaker compared to Longevity Heaven and Heavenly Court.

Thus, Fairy Zi Wei used information to make up for this gap.

Gu Yue Fang Zheng understood Bai Ning Bing and the rest quite well, but similarly, Bai Ning Bing and the rest also had a good understanding of Fang Zheng and Demon Judgment Board.

Especially the Immortal Gu House, its methods were difficult to change after creation, the more exceptional the Immortal Gu House, the more likely this was the case.

Why?

Taking Demon Judgment Board for an example, it was a top tier rank eight Immortal Gu House. Its abilities had reached the limit of a certain aspect, it was extremely hard to modify. Even if there were any good ideas, they might not be experimented on regarding this Immortal Gu House. Demon Judgment Board was extremely complex and was made of countless Gu worms. A single modification would change the entire structure, it would mean a complete makeover, that was as good as creating a new Immortal Gu House from scratch.

Fairy Miao Yin was not stupid, she had just failed to react at the first moment.

Now, she started to understand: “Southern Border’s Tie clan has Demon Suppression Tower, it most excels at imprisonment, but Heavenly Court’s Demon Judgment Board does not use such methods. Heavenly Court must have ordered Fang Zheng to capture us all alive. Thus, when fighting, Fang Zheng is very restricted, only against Demon Immortal Qi Jue and Calamity Luck Altar earlier, he used his full strength!”

As for why he wanted to capture them, the answer was obvious — to find Fang Yuan!

Fairy Zi Wei had constructed the wisdom path formation in front of all these Heavenly Court Gu Immortals, finally managing to deduce Fang Yuan’s location. Why would Qin Ding Ling not know about their value?

Using this as the starting point, Fairy Miao Yin soon guessed: “It seems that Fang Yuan escaped successfully, Heavenly Court wants to capture us and use us to find Fang Yuan in the future. Even though they lack a wisdom path great expert now, Central Continent’s ten great sects did not suffer losses, they have many wisdom path candidates. Furthermore, Fairy Zi Wei’s true inheritance has already been contributed to Heavenly Court, the wisdom path formation is likely part of the inheritance.”

Thinking of this, Fairy Miao Yin thought of Bai Ning Bing and gritted her teeth: “Bai Ning Bing, you lunatic!”

But at the next moment, Fairy Miao Yin stared with her eyes wide open.

Bai Ning Bing’s insanity was beyond what she had expected, she actually dispelled the killer move Bai Xiang, she returned to a body of flesh and blood!

“Come, Fang Zheng, attack me!” Bai Ning Bing shouted as she moved like a white light, circling around Demon Judgment Board as she shot out countless icicles.

The icicles landed on Demon Judgment Board but could not penetrate it, only leaving behind some icy marks.

“Hahaha!” Black Tigress laughed loudly, she did the same thing as Bai Ning Bing, dispelling her defense and joining the battle.

“She went insane too!” Miao Yin sighed.

Black Tigress was ruthless and vicious, her nature was the opposite of White Rabbit. When she resolved herself, she even disregarded her own life.

The three immortals attacked Demon Judgment Board, especially Bai Ning Bing and Black Tigress who gave up on defense, they invested all of their energy into attacking, Fang Zheng was actually feeling quite troubled.

He wanted to capture these three female immortals alive, he did not want to kill them. Qin Ding Ling had already informed him, it would be best to get more clues to deduce Fang Yuan’s location. If one of them was killed, it could lead to a failure in the deduction next time. Fang Zheng knew the heavy responsibility on him.

But the Immortal Gu House Demon Judgment Board’s weakest aspect was the lack of methods to capture others. When Demon Judgment Board was created, which person in Heavenly Court would consider this aspect?

Demon Judgment Board, naturally by looking at its name, it meant killing demonic path Gu cultivators. What was the point of capturing them?

In this aspect,, Qin Ding Ling seemed to have made a mistake in asking Demon Judgment Board to capture them, but she had no other choices at the moment.

Among Heavenly Court’s Immortal Gu Houses, Demon Judgment Board had the strongest investigative ability. Even though Fang Zheng’s cultivation level was low, Demon Judgment Board had an abundance of rank eight immortal essence and the wills of the past Demon Judgment Board Lords, it could display its full battle strength!

However, all Immortal Gu Houses had a fatal weakness, they were not flexible enough in terms of methods.

Demon Judgment Board was no exception, it was a final product that could not be altered. After it was created, its methods had always been the same until now, there had been no changes.

Fang Zheng fell into an awkward spot.

Using Demon Judgment Board, he had the upper hand, Bai Ning Bing and the rest were not his match. But just Demon Judgment Board alone could not capture them alive.

In terms of flexibility of methods, Gu Immortals far surpassed Immortal Gu Houses.

In the past, when facing this situation, the Demon Judgment Board Lords would take action personally. But Fang Zheng only had rank seven cultivation level, if he left Demon Judgment Board, Bai Ning Bing and the rest would be able to turn this around.

Right now, if Fang Zheng had a rank eight Gu Immortal helping him, it would be sufficient.

But why would he be given an assistant?

In the eyes of Qin Ding Ling and the rest, wasn't Demon Judgment Board enough? He still needed more help?

Heavenly Court's manpower was extremely lacking now, they could not deal with the situation easily.

"No, Lady Qin Ding Ling's arrangement was logical, but I actually encountered two lunatics! It made the logical deployment completely illogical." Fang Zheng thought.

Who would be so crazy as to give up on defense against a strong enemy and only choose to attack?

Wasn't that courting death?

But Bai Ning Bing and Black Tigress did that.

And amazingly, the results were quite favorable for them.

During the intense battle, Bai Ning Bing laughed loudly: "Gu Yue Fang Zheng, don't you want revenge? Kill me, don't you want to kill me? Come take action!"

Gu Yue Fang Zheng was silent.

Bai Ning Bing continued to provoke him: "This is why you are just a dog that Heavenly Court adopted. Your enemy is right in front of you but you do not even have the courage to try killing me. You are far inferior to your brother Fang Yuan!"

Hearing her provocative speech, not just Fairy Miao Yin, even Black Tigress was stunned.

She thought: "Hmph, I thought I was crazy enough to give up my defense. But looking at Bai Ning Bing, I pale in comparison."

Fairy Miao Yin and Black Tigress were very worried while Gu Yue Fang Zheng fell into silence.

Hearing Gu Yue Fang Yuan's name again, he could not help but raise his head, looking at the blood text above his head.

The blood text formed into a giant name list, the rankings and names on it changed constantly.

Not long ago, Spectral Soul, who stood at the top of the list, vanished, replacing him was the person at the second position —

Gu Yue Fang Yuan!

Defeated Heavenly Court, destroyed Fate, killed Spectral Soul!

The number one demon of the five regions and two heavens!!

Fang Zheng smiled bitterly.

Regardless of time and place, even though he was the great Demon Judgment Board Lord, Fang Yuan's name was still hanging above his head, Fang Yuan was still casting a shadow down on his life.

"Killing everyone on the Demon Judgment Board list is the grand ambition of the past generations of owners. But I know that I am not Fang Yuan's match. For all my life, I could only look at his shadow and hear about his legends. But..."

"Bai Ning Bing!"

"You are merely ranked twenty-seventh on this list."

"Do you really think I won't dare to kill you?"

"Where does your confidence come from?!"

Fang Zheng shouted loudly as Demon Judgment Board charged ahead as he spoke, in a breath of time, he arrived in front of Bai Ning Bing.

Intense winds blew towards her.

Bai Ning Bing had no time to dodge, at the next moment, Demon Judgment Board would crush her entire body to a pulp, she would die undoubtedly!

"No!" Fairy Miao Yin shouted in her head as her seven hands moved, shooting out profound sounds.

The profound sounds were multi-layered and attacked rapidly but they could not stop Demon Judgment Board.

Black Tigress spat out a mouthful of blood, she activated a method to block it but Demon Judgment Board still rampaged unhindered.

The two immortals could only watch in despair as Demon Judgment Board crashed into Bai Ning Bing and pressed down on her harshly!

[Reverend Insanity](#)

Chapter 2063: Number One Immortal Gu House In The World

2063 Number One Immortal Gu House In The World Earth Abyss battlefield.

Boom!

Hit by Heavenly Court's attack, Calamity Luck Altar shook intensely, Bing Sai Chuan had a cold expression inside it.

Legendary immemorial beast Mao Li Qiu exploded and shouted: "Let this Grandpa Mao go out and kill them all!"

Five Elements Grandmaster shouted: "Grandpa Mao, this place has a huge hole, we need to repair it together."

Mao Li Qiu snorted as it helped to repair Calamity Luck Altar, it mumbled: "Taking hits like this feels really terrible! Bing Sai Chuan, Calamity Luck Altar was given to you to control, don't ruin master's reputation and prestige."

Bing Sai Chuan frowned as he answered: "Mao Li Qiu, take a look outside, there is someone who is even worse than us."

Demon Immortal Qi Jue was the one that Bing Sai Chuan referred to.

He was indeed in a sorry state, Spectral Soul's self-detonation caused his Xi Land to suffer huge damage, but it was his greatest reliance since reviving. Even though he had many exceptional true inheritances, he did not have time to modify killer moves. Thus, his qi path methods were all old fashioned, only killer moves that used Xi Land as the core were strong enough to be used in the battlefield.

But now, Xi Land was heavily damaged, Demon Immortal Qi Jue's battle strength fell sharply.

"This cannot go on, Heavenly Court likely has strong reinforcements! Longevity Heaven, we need to work together again." Demon Immortal Qi Jue transmitted with great difficulty.

"Right now, Heavenly Court is at its weakest throughout history, why would they have reinforcements?" Mao Li Qiu mumbled.

"Don't be careless, nobody can truly assess Heavenly Court's foundation." After replying to Mao Li Qiu, Bing Sai Chuan agreed to Demon Immortal Qi Jue's request for cooperation.

He had also sensed something amiss.

Thus, Calamity Luck Altar first exploded with a strong attack and shielded Demon Immortal Qi Jue.

Next, Demon Immortal Qi Jue gritted his teeth and summoned Xi Land, drawing upon the endless earth qi.

Calamity Luck Altar took over again, pulling upon the gradually declining earth vein.

"Hmph, trying the same trick again, you all are simply looking down on me!" Qin Ding Ling suddenly left the Immortal Gu House, she came to the outside world and used a luck path killer move.

The killer move's golden light shined everywhere, Bing Sai Chuan's expression changed, he quickly withdrew his hand like it was bitten by a snake.

"So close! This killer move vaguely counters Calamity Luck Altar. If I was slow, Calamity Luck Altar would have to resist the pressure of the earth vein, it would be suppressed and unable to escape, becoming an easy target." Bing Sai Chuan sighed to himself, Qin Ding Ling's method was out of his expectations.

Without Calamity Luck Altar's guidance, the newly rising earth vein started to fall again.

But Demon Immortal Qi Jue's and Calamity Luck Altar's efforts were not in vain, giant pillars of earth vein tributaries spewed out randomly in all directions, towards the sky and ground.

An earth vein tributary that was like a yellow-brown river flowed across the battlefield of Demon Judgment Board and Bai Ning Bing's group.

The three immortals were sustaining the battle with difficulty, resisting Demon Judgment Board.

Bai Ning Bing was still alive.

Even though she was crushed by Demon Judgment Board earlier, at the crucial moment, she used Bai Xiang once again.

Demon Judgment Board dodged, unwilling to fall into the earth vein tributary.

"Even heaven is helping me!" Seeing this scene, Bai Ning Bing's eyes shined with bright light, she felt surprised and joyful.

Her body suddenly expanded from fifteen feet to over twenty feet instantly.

"The time to escape is now!" Bai Ning Bing stretched out her hands to Miao Yin and Black Tigress.

The two hesitated for a moment before allowing Bai Ning Bing to grab onto their hands.

Bai Ning Bing did not hesitate, she jumped into the earth vein tributary immediately!

"Don't think of leaving!" Fang Zheng gritted his teeth as he drove Demon Judgment Board into the tributary as well.

The earth vein was extremely large, even the tributary was huge, after Demon Judgment Board entered it, it was like a small fish had entered the river.

"No, we can't escape. Demon Judgment Board is a rank eight Immortal Gu House!" Fairy Miao Yin's expression was pale.

After a short while, Bai Ning Bing was already unable to hold on.

A vast amount of earth path dao marks corroded her body, Bai Xiang was on the verge of collapsing, even though Miao Yin and Black Tigress were doing their best in terms of defense.

Bai Ning Bing smiled coldly, she was not flustered: "Of course we cannot match Demon Judgment Board, but now, it will depend on how resolute Gu Yue Fang Zheng is. Hehe."

At the moment of life and death, Bai Ning Bing actually laughed.

She turned around and dispelled Bai Xiang, exposing her true body.

Fairy Miao Yin and Black Tigress had already resolved themselves, they charged towards Demon Judgment Board alongside Bai Ning Bing.

"You people?!" Gu Yue Fang Zheng was shocked to see that Bai Ning Bing and the rest dispelled their defenses, he had to use a rainbow of blood red light to envelop the three immortals.

After receiving Demon Judgment Board's help, the three immortals were saved from the outcome of getting crushed by the earth vein.

Gu Yue Fang Zheng felt a huge rock weighing on him internally!

What was this?

He actually became the one who helped Bai Ning Bing and the rest!

But Gu Yue Fang Zheng had to do this, he had to complete the mission given by Qin Ding Ling and capture them alive.

“Gu Yue Fang Zheng, do you have any method to capture us? If Demon Judgment Board had it, you would have used it already. In this situation, you will need to leave the Immortal Gu House and use your own methods! Come, let us take a chance.” Bai Ning Bing could not speak, she could only think internally.

If they lost, they would be captured and left helpless. Once their value was extracted, they would be killed, becoming the sacrifices to raise Heavenly Court’s reputation.

Gu Yue Fang Zheng stared with wide eyes, gritting his teeth tightly.

Bai Ning Bing had won this bet!

Fang Zheng did not have any special method to capture them.

Unless he took a chance and brought all three immortals into the Immortal Gu House.

But if Fang Zheng did that, he would be too stupid! Because that was simply letting the enemies into his territory. Just Fang Zheng alone could not deal with the three immortals.

“You are very crafty, but so what?” Fang Zheng said through the gaps between his teeth: “If I capture you, you will still live for some time. But now, you will die. Congratulations, your efforts in battle have reaped you such great rewards.”

Fang Zheng spoke sarcastically before abandoning Bai Ning Bing and the rest, leaving the earth vein using Demon Judgment Board.

The strong Demon Judgment Board could not stay in the earth vein for long. Just this short period destroyed most of Demon Judgment Board’s mortal Gu.

Without Demon Judgment Board’s protection, Bai Ning Bing felt an immense pressure, their lives were at stake, they struggled at death’s door.

“Maybe Fang Zheng was right after all.” Fairy Miao Yin smiled bitterly.

Bai Ning Bing snorted.

“What’s that?” Black Tigress suddenly shouted.

The three immortals were like tiny bugs flowing along the earth vein tributary. From the boundless brown color surrounding them, a dark hole suddenly appeared.

“Go!” The three immortals had no choice, at the crucial final moment, they went into the dark hole precariously.

At almost the same time.

In a dense and lush forest on the surface, Fairy Zi Wei, Ying Wu Xie, and Old Man Zheng Yuan were traveling.

“This distance is not safe enough, we will continue moving.” Fairy Zi Wei saw that Ying Wu Xie was moving slowly, she quickly reminded.

Ying Wu Xie gritted his teeth but his expression was dazed, he said dejectedly: “My main body has died, what do we...”

Fairy Zi Wei looked at Ying Wu Xie solemnly: “Even if the main body is dead, we still have you. Ying Wu Xie, you are his split soul, from today onwards, you are our master!”

“But...” Ying Wu Xie was not feeling happy at all, he was in low spirits: “Even my main body died in battle, this entire world is no longer in Spectral Soul’s era.”

Fairy Zi Wei frowned slightly, she was about to console him when Old Man Zheng Yuan suddenly spoke: “Something is up, don’t move, let me deal with it!”

At the next moment, he activated his killer move, his body shot out white light that enveloped the three immortals.

After a few breaths of time, heaven and earth shook, birds flew out of the forest, a loud collision could be heard from afar, resounding throughout the place.

The three immortals raised their heads, they saw that the sky was dyed green, a grand and majestic Immortal Gu House descended from the sky, it shrouded even the sun itself, moving rapidly even though it seemed slow.

This Immortal Gu House was so big, it was definitely the number one in the world in terms of size. Its rank eight aura was vast as the sea, intimidating all living beings. Within the Immortal Gu House, clamor could be heard, it was filled with human vitality, seemingly comprising all kinds of people.

“This is... Divine Emperor City?!” Ying Wu Xie was shocked.

“Divine Emperor City was created by combining Divine Bean Palace and Emperor City. Isn’t it stationary at the largest gathering point of Central Continent’s human vein? It could actually move?” Old Man Zheng Yuan was shocked as well.

Fairy Zi Wei pondered: “This Immortal Gu House was made by Genesis Lotus Immortal Venerable, there must be a reason for its movement. Strange, why didn’t Qin Ding Ling relocate this house into Heavenly Court during the battle earlier?”

“So that’s it.” Old Man Zheng Yuan used his human path methods to investigate, he found something.

“Too strong, this Immortal Gu House is too strong!” Old Man Zheng Yuan’s body shook, he was greatly shocked by his discovery.

“This Immortal Gu House contains countless people, it is filled with the profundity of human path. It can actually relocate the human vein gathering point with ease! Genesis Lotus Immortal Venerable’s method is too amazing, his goals were too farsighted, he only exposed it now. Divine Emperor City gathers the strength of all the people inside, be they Gu Immortal, Gu Master, or mortal, they are gathered together

and used in unison. Currently, this is likely the number one Immortal Gu House in the world!” Old Man Zheng Yuan praised, he sighed deeply.

“So that’s it, it was a pity that Genesis Lotus miscalculated, this Divine Emperor City did not make it to the fate war in time.” Ying Wu Xie said.

Fairy Zi Wei shook her head lightly: “How can a venerable fail his scheme so easily? There are extremely deep secrets behind all these, don’t come up with a conclusion so casually.”

The three immortals stopped in their tracks and hid in the forest, concealing their auras, as Divine Emperor City went past them and entered Earth Abyss, they finally let out sighs of relief.

“Let’s go.” Fairy Zi Wei was ready to move.

But Old Man Zheng Yuan stopped on the spot, smiling bitterly: “I cannot follow after the two of you anymore.”

Ying Wu Xie was surprised: “Why?”

Old Man Zheng Yuan sighed: “That Divine Emperor City has already become the gathering point of human path in the world, since I cultivate human path, I am restricted by it. Earlier, it probably sensed me but because there was something more important, it chose to ignore me. To play safe, I should part with master and Zi Wei.”

Ying Wu Xie’s expression was grim, they suffered a setback again. Before this battle, Shadow Sect was full of people and prospered for some time. Now, only him and Fairy Zi Wei were left.

It was truly pitiful!

“Maybe trying to kill Fang Yuan was a terrible mistake!” Ying Wu Xie gritted his teeth, he felt extremely bitter internally.

[Reverend Insanity](#)

Chapter 2064: Captured Alive

2064 Captured Alive

Divine Emperor City was filled with noise and commotion.

The hundreds of thousands of people living in the city were looking towards the sky.

Profound green light had covered the sky of Divine Emperor City. Not only this, the city gates were also closed and guarded heavily.

“What in the world is going on?”

“You don’t know? There were notices posted at the city gates, announcing the city will be closed for a period of time. During this time period, there will be abnormal phenomena and there is no need to panic.”

“I also heard of this notice, but I did not expect such a huge and grand phenomenon.”

The city residents discussed with relative calmness, no large scale chaos emerged.

Northern city area.

“Where did that fellow Hong Yi go?” Cao Yu sighed as he walked out of a dark alley.

Accompanying him was Xie Lan.

The two were Universal Life Academy’s disciples, who were ordered to search for Hong Yi after he disappeared.

Regretfully, they had been at Divine Emperor City for two to three months now and had yet to make any progress.

Xie Lan frowned: “We have almost finished combing through Divine Emperor City by now and have contacted a dozen or so information path Gu Masters, but have not gotten any news regarding Hong Yi. This is probably the worst case scenario.”

Cao Yu’s eyes opened wide: “Are you saying Hong Yi entered a painting world? How can that be?”

Xie Lan looked around in a hurry and lowered his voice: “Keep your voice down, such secret news have been circulating in the city recently. Painting worlds were arranged by Genesis Lotus Immortal Venerable, they can take in the city residents and return them safely after a period of time. Especially these days, how many Gu Masters have come to Divine Emperor City because they heard this rumor and wanted to find an immortal opportunity?”

Cao Yu was at a loss: “If Hong Yi really is inside a painting world, how are we going to find him?”

Xie Lan was silent for a while before saying with a sigh: “If that is the case, then we can only wait.”

Eastern city area.

“Master, please take care.” A female Gu Master sent her master off.

Most of the surrounding pedestrians were staring at the phenomenon in the sky, only a few were astonished at this sight.

The female Gu Master was a renowned refinement path master who was ranked among the top hundred in the Refinement Path Convention, and she was actually being so courteous to an unknown Gu Master.

This unknown Gu Master was wearing a long robe and a straw hat which hid his appearance under the shadows.

The unknown Gu Master moved cautiously and maintained his silence as he disappeared into the corner of the street.

“What exactly is going on? Such a phenomenon is definitely a Gu Immortal’s doing.” The unknown Gu Master moved along the empty alley and raised his head slightly to glance at the strange scene in the sky.

“Sigh, I did not expect to encounter such trouble in this trip to exchange Gu materials in the city. I just hope my identity won’t be exposed.”

“Just in case, I will choose a remote tavern to stay in until the city gates open again.”

The unknown Gu Master was worried.

This person was Ben Duo Yi, who was taught the nature Gu refinement technique by Gu Immortal Yu Mu Chun.

He cultivated day and night, making huge progress. However, the cost of cultivating refinement path was high, and with no one else to depend upon, he had to frequently sell the refined Gu to purchase cultivation resources.

He was a hairy man and was hiding his appearance by using Gu worms. He had to move with caution in this gathering area of humans.

All kinds of people lived in Divine Emperor City, there were even rank six Gu Immortals.

But no one could imagine that under the cover of the profound green light, Divine Emperor City had not only left its original spot, it even flew towards Ancient Soul Sect and entered Earth Abyss to fight Demon Immortal Qi Jue and Calamity Luck Altar!

Immortal killer move — Great Qi Cloud Explosion.

Demon Immortal Qi Jue’s killer move struck Divine Emperor City but it only raised slight ripples on the surface of the profound green light.

“This is probably the number one Immortal Gu House in the present age!” Even a person like Demon Immortal Qi Jue felt demoralized.

His current strength was simply unable to shake Divine Emperor City.

“So Qin Ding Ling’s trump card was this Divine Emperor City!” Inside Calamity Luck Altar, Bing Sai Chuan looked extremely serious.

Calamity Luck Altar was left behind by Giant Sun Immortal Venerable, while Divine Emperor City was created by Genesis Lotus Immortal Venerable. In this confrontation between the two, Divine Emperor City firmly won against Calamity Luck Altar and by a huge margin!

Calamity Luck Altar was not huge, and when compared to Divine Emperor City now, it looked even smaller.

The number one large size Immortal Gu House in history, Divine Emperor City, was like a colossal jade cloud that seemed to cover heaven and earth as it obstructed Demon Immortal Qi Jue and Calamity Luck Altar’s escape route.

And in the rear, Qin Ding Ling led the Heavenly Court Gu Immortals. Among the several Immortal Gu Houses, Demon Judgment Board was at the front, taking the position of the vanguard.

As the intense battle started, Divine Emperor City suddenly let out loud human voices, following which, the profound green light bubbled and formed a huge whirlpool.

The whirlpool blew out spiraling green wind that covered Demon Immortal Qi Jue.

Demon Immortal Qi Jue's expression changed greatly, he could only take out the damaged Xi Land. But Xi Land was also unable to block this move, and at the next moment, Demon Immortal Qi Jue was absorbed into Divine Emperor City!

"Divine Emperor City suppressed Demon Immortal Qi Jue!" Inside Calamity Luck Altar, Bing Sai Chuan and the rest were horrified.

Even if Demon Immortal Qi Jue only had the damaged Xi Land, he had pseudo venerable battle strength. They did not expect there to be no disturbance in Divine Emperor City after he was absorbed.

Divine Emperor City's might shook the minds of Longevity Heaven's immortals.

It was no wonder Qin Ding Ling confronted them resolutely and had such a huge ambition as well!

"This is an emergency!" Bing Sai Chuan exclaimed in fright and activated the strongest method of Calamity Luck Altar without hesitating any more.

Golden lights shot out from Calamity Luck Altar and covered the surroundings.

The lights formed a broken path. The path extended far away, passing through the surface layer without damaging a single rock.

"Longevity Heaven, where are you trying to go!" Qin Ding Ling was aware that it was the crucial moment, she resolutely attacked and disturbed Calamity Luck Altar.

She cultivated luck path and opposed Giant Sun Immortal Venerable her whole life, and being an immortal concubine of Giant Sun before, she had a deep understanding regarding Calamity Luck Altar.

Calamity Luck Altar's method was disturbed by Qin Ding Ling; the golden path started shaking immediately, unable to maintain stability.

At this moment, the profound green light around Divine Emperor City formed another whirlpool.

"Are we also going to be captured by Heavenly Court?" Hei Lou Lan's heart sank as she sensed the worsening situation.

At this crucial moment, Five Elements Grandmaster hesitated for a bit before coming forward: "Let me hold them back, you should all leave!"

"No, little fellow, you cultivate formation path which will be very useful in the future. I, Grandpa Mao, am most suitable for this." Mao Li Qiu pushed Five Elements Grandmaster aside.

"Grandpa Mao..." Five Elements Grandmaster was stunned. Mao Li Qiu's status in Longevity Heaven was much higher than his. He had thought that sacrificing himself was the most sensible arrangement in this situation, but did not expect Mao Li Qiu to stop him.

Under this situation, Heavenly Court would never go easy on them.

Mao Li Qiu would probably lose its life if it went!

Bing Sai Chuan took a deep look at Mao Li Qiu, Mao Li Qiu, however, said casually: "Bing Sai Chuan, I will leave Longevity Heaven to you. Don't bring shame to Grandpa Mao, you must escape. Don't disappoint master, otherwise I will haunt you even if I turned into a ghost."

Bing Sai Chuan gritted his teeth: "Hmph, so much nonsense. Even if you die, make sure you die in the most brilliant way."

He had fought alongside Mao Li Qiu many times before and had deep friendship although they were quite rude towards each other. It was the way of these Northern Plainsmen, they only knew to express themselves with rough language.

Mao Li Qiu laughed heartily: "Then you can rest assured, I am most proficient in this!"

Bing Sai Chuan quickly opened the Immortal Gu House and closed it immediately. In that single moment, Mao Li Qiu had charged out.

"Come fight me, little ones of Heavenly Court!" Mao Li Qiu charged forward bravely.

In an instant, Demon Judgment Board was sent flying by Mao Li Qiu.

Mao Li Qiu fought madly and was soon soaked in blood with many bone fractures.

Its laughter however became more resonant and its aura kept on rising.

Divine Emperor City activated the spiraling green wind towards Calamity Luck Altar again.

Mao Li Qiu clicked its tongue as it flew forward and blocked the spiraling green wind with its body. At the next moment, like Demon Immortal Qi Jue, it was locked onto by the green wind and absorbed into the profound green light.

Using this crucial time, Calamity Luck Altar turned into a lump of light that escaped through the golden path.

Divine Bean Palace, painting world.

Boom!

Boom!!

Within short intervals of time, two enormous explosions reverberated throughout the whole painting world.

"What's going on?" Fairy Bi Xia and the rest were shocked and bewildered. They were cultivating with all their efforts inside the painting world and were completely unaware of what was going on outside Divine Emperor City.

"Something big has happened, Fang Di Chang." Shen Shang went up to Fang Di Chang with an excited expression.

Fang Di Chang was curled up in the corner of the alley, he was dirty and messy and his clothes were ragged. There was a bamboo cane beside him and a broken bowl in front of him.

He raised his head to look at Shen Shang and begged: "Lord, please give me something to eat, I have not eaten for three days and three nights now."

While secretly, he transmitted his voice: "Brother Shen, what happened?"

Shen Shang transmitted his reply: "I am not sure about the exact details. But two large paintings have been added at the edges of the painting world. Qi currents are gathered in one painting with wind howling all the time. The other painting is mysterious with beastly roars resounding again and again."

Fang Di Chang's eyes shined with bright light, he felt deep interest.

He was schemed against by Genesis Lotus's will, and his will had to escape secretly. With Shen Shang's help, the situation was showing improvement.

Fang Di Chang did not know what happened outside the painting world. But this situation had appeared for the first time in the painting world. Maybe they could probe the deeper secrets of the painting world through this?

Some days later.

At some part of Southern Border.

The fog in the valley dissipated and two people walked out.

One had a handsome face with dragon horns on his head and imposing dragon pupils, he was rank eight enslavement path Gu Immortal Wu Shuai. The other was wearing white clothes, had black hair, deep pupils and fair skin, he was Gu Yue Fang Yuan.

"Over three thousand heaven path dao marks have been refined, what should we do next?" Wu Shuai asked, "Should we go meet up with Lu Wei Yin first?"

Fang Yuan, however, was staring at his palm with a complex expression, there was slight loss, some curiously, and some excitement on his face.

His lips curled up into a captivating smile as he gave an irrelevant answer: "These three thousand heaven path dao marks are really amazing!"

Chapter 2065: Compound Killer Moves

Divine Emperor City, painting world.

Three yellow leopards charged out of the dense shrubs that resembled a huge forest.

There were two female leopards and one male, they were growling at Ye Fan, while showing their sharp fangs that still had some bloody flesh hanging from them.

Ye Fan was surrounded, his heart shook slightly: "The concealment ability of these three leopards is so strong, I only sensed them when they moved. As for their battle strength, I will know after fighting them."

Thinking of this, Ye Fan immediately threw out several Gu worms.

Boom boom boom.

White smoke burst and spread, three valiant warriors appeared around Ye Fan.

Human path Gu worm — vagrant warrior Gu.

“Go.” With Ye Fan’s command, the three vagrant warriors immediately split up to deal with one leopard each.

Humans and beasts fought, after ten or so rounds, two of the vagrant warriors won while one lost.

Ye Fan slightly nodded his head as he appraised inwardly: “Vagrant warrior Gu is rank three and is specialized in fighting enemies on the move. These three leopards are also very nimble and have around rank three battle strength.”

Ever since the Refinement Path Convention, Ye Fan had been cultivating inside the painting world. He not only had rank five hero Gu and rank three vagrant warrior Gu, he also had corresponding killer moves as well as relevant cultivation methods, so his progress was great.

Even so, he was frowning slightly at this moment.

“I have just entered the outside periphery of this growling beast painting world and there are already rank three strength enemies, it seems the level of this painting is rather high.”

“I wonder what progress Hong Yi is making over there? It is time, I should return and join with him.”

Ye Fan only came to probe some information. He was in charge of the growling beast painting world while Hong Yi went to inspect the qi howling painting world.

Ye Fan turned around and met Hong Yi along the way.

The two were like heroes who admired each other and had already become sworn brothers. While cultivating in the painting world, the two relied on each other as well as competed, the feeling of brotherhood deepened even more.

After learning of the situation on the other’s side, the two brothers walked while pondering over it.

“There is more to this than meets the eye.”

“Why would two paintings appear all of a sudden? Could it be, the painting world can continue to grow?”

“Genesis Lotus Immortal Venerable’s methods are indeed unfathomable!”

“We cannot completely explore these two new worlds with just us two. The best thing is to borrow the strength of the residents of the painting world.”

“Yes, that makes sense.”

Soldiers guarded the city gates, people continued to move out of the city while a small portion entered from outside the city.

The two newly added paintings brought a huge impact to the painting world. The painting world had limited space, while these two new paintings had vast space which attracted attention from everyone in the city, thus giving rise to a large wave of crazed exploration.

Ye Fan and Hong Yi blended into the crowd and returned inconspicuously to the city. But the two were unaware that the moment they appeared in the city gate, they were noticed by some people.

Shen Shang was sitting on the second floor of a teahouse near the city gate and was watching Ye Fan and Hong Yi, while talking with Fang Di Chang through voice transmission.

“Look at these two, they have made a lot of progress again! Their bodies are emitting dense human qi, extraordinary, they will definitely have outstanding achievements in the future. Brother Fang Di Chang, if you return to your main body one day, you can inquire about these two. You might be able to make great use of them.”

Fang Di Chang was sitting near the entrance of the street in a beggar’s appearance. He replied secretly: “There is not much gap between immortal and mortal in the painting world. They have cultivated for so many days in here and are like fish in water, their strength can be said to be at the top level in here. Their exploration this time was quite short, if I had to deduce their journey, they probably only explored the periphery of the two paintings. From this, it can be deduced that these two painting worlds are very large, even Ye Fan and Hong Yi don’t want to enter the inner parts rashly.”

Shen Shang chuckled: “As expected of Brother Fang, the former wisdom immortal of Fang clan, you are able to see the overall situation from just a few clues. Ye Fan and Hong Yi want to borrow external force, we might as well save our energy for now. Look, the ten children of human path are here.”

In fact, even without Shen Shang’s reminder, there was already commotion at the other side of the street.

With Xiao Qi Xing at the front, Fairy Bi Xia, Sun Yuan Hua, Sun Yao, Ying Sheng Ji, Chen Da Jiang, and the rest appeared together, immediately causing a disturbance.

The passersby glanced at them and praised these ten people.

Fang Di Chang’s gaze concentrated slightly, Xiao Qi Xing’s group was the one that Shen Shang called the ‘ten children of human path’. Shen Shang had already explained this, saying these ten had abundant human qi. Although it was inferior to Hong Yi and Ye Fan, it far exceeded ordinary people and they would have their own unique splendor in the future.

This was only natural.

These ten were selected from Central Continent’s ten great ancient sects, they were Gu Immortal seeds Heavenly Court was cultivating. They were the ones who were specially supported to develop human path Gu Immortals.

Even a pig which obtained the full support of Heavenly Court and Central Continent’s ten great ancient sects would have great accomplishments in the future.

The ten children of human path showed their brilliance during the expedition against Fang Di Chang, their talents were showcased even more over this period of time and their progress was astonishing.

They had become famous people in the painting world and were recognized by the city's higher-ups, almost all the important tasks were entrusted to them.

The painting world was currently in an uproar with the addition of the two large paintings. The ten children of human path received the command to become the main force in exploring them.

"Besides the main culprit, Genesis Lotus's will, these ten were the ones who forced me to escape with my will, my soul being destroyed. Don't let me get any opportunity, otherwise I won't mind cutting down your numbers." Fang Di Chang snorted coldly.

Although only a will remained of him, his strength had recovered by a lot.

This was all thanks to the mysterious and mystical human path!

When Fang Di Chang was cultivating silently, he gained a much deeper understanding of human path. The most striking characteristic of human path was having a Gu worm transform into a human.

For example, Hong Yi's scholar Gu could transform into a scholar. Ye Fan's hero Gu could transform into a hero.

After transforming into humans, these scholar and hero Gu worms would have a common man's wisdom. Their disposition, thoughts, and way of doing things would become different depending on their types as well.

The most important thing was, when these Gu worms transformed into humans, they could use other Gu worms! Moreover their proficiency in using them originated from the Gu cultivator.

This was a terrifying thing.

Transforming the Gu worm into a human and giving them a group of Gu worms could instantly produce a Gu cultivator. Mortal level Gu worms that transformed into humans and could use other Gu worms were essentially regarded as Gu Masters. Immortal Gu transformed into humans were considered Gu Immortals!

Fang Di Chang could not help but think of his main body's sovereign immortal fetus Gu.

Sovereign immortal fetus Gu's effect and abilities were naturally not on the same level as these human path Gu worms, but they had a lot of similarities.

People crowded around the ten children of human path and moved out of the city gate.

This was the largest exploration scale.

After quietly looking at this scene, Fang Di Chang returned to the deserted alley and silently waved his hand: "Men."

Immediately, several beggars hurried towards him from their respective corners and greeted him with incomparable respect: "Sect leader, what instructions do you have for us?"

"Send some brothers to follow the crowd. They only have to probe for information." Fang Di Chang instructed.

Although the current him was formed from a beggar Gu, he was already a rank five five bags beggar[1].

This was not all, he borrowed Shen Shang's help to purchase large amounts of beggar Gu, and used a sect token Gu to form a killer move, establishing this Beggar Sect.

At present, most of the beggars in the whole city were already under his command!

...

Immortal killer move — Myriad Thought Sword Waterfall!

Rumble!

With a loud sound, a grand waterfall appeared. The silver waterfall was majestic and vast, it fell from the sky onto a hill.

Each drop of water in this waterfall was a thought, it had the appearance of a sword.

Within a few breaths of time, the hill was flattened.

Fang Yuan stopped the killer move. The hill was completely gone and a shallow pool appeared in its place. The gurgling water was made of flowing sword thoughts.

“Indeed, the killer move's power has been increased by several times and it activates even more smoothly!” Fang Yuan meticulously observed the effects of the heaven path dao marks.

After resolving the myriad tribulation, Fang Yuan was not in a hurry to meet Lu Wei Yin and instead searched for a place to rest and reorganize.

The reason he used myriad thought sword waterfall was because this was not an ordinary killer move.

Most killer moves were based on a single path and Gu worms of other paths could only be supplementary even if they were mixed in. For example, rule path's five restriction profound light qi and time path's time cutting edge.

And there were some exceptional killer moves. They were compound killer moves which used two or more paths primarily. For instance, this myriad thought sword waterfall which was formed from the combination of wisdom path and sword path.

Fang Yuan had a lot of such killer moves; myriad dragon, yama, great thief ghost hand, myriad ghost sword dragon, jade flow pearl, and so on. To go into details, myriad dragon was a compound killer move formed from enslavement path and transformation path, great thief ghost hand was formed from soul path and theft path, jade flow pearl was formed from refinement path and space path. Myriad ghost sword dragon was even more complex, it was formed from the merging of ancient sword dragon transformation, myriad self, yama child, emperor yama, and familiar face. Every usage of myriad ghost sword dragon expended four thousand soul path dao marks from Fang Yuan's body.

These compound killer moves were much more powerful than single path based killer moves. Enemies had to consider two or more paths to think of a countermeasure, so they were much more difficult to resist as well.

These compound killer moves were normally used by Gu Immortals who cultivated multiple paths. For instance, Qin Bai Sheng cultivated soul path and metal path, he had a killer move called burning soul supreme gold which was a compound killer move formed from soul path and metal path. Every Gu Immortal who cultivated two paths had such killer moves; Heavenly Court's Thunder Ghost True Monarch had them because she cultivated lightning path and soul path, Duke Long naturally had them as well.

Because of conflicting dao marks, Gu Immortals who successfully cultivated multiple paths were very rare, so compound killer moves were also very rare in Gu Immortal world.

Fang Yuan was able to cultivate many paths because of the sovereign immortal body, so he accumulated many compound killer moves.

But even so, these compound killer moves could hardly be used at the top level.

This was because although Fang Yuan's sovereign immortal body did not have conflicting dao marks, the compound killer moves themselves would have a large internal friction because of their own conflicting dao marks, resulting in wastage of power.

"But heaven path dao marks have greatly improved this situation." Fang Yuan was able to sense this acutely and even verified his guess.

Right now, when he used compound killer moves like myriad thought sword waterfall, because of the reduced internal friction, the power had increased by several times!

"According to my deduction, if I use myriad ghost sword dragon now, the previous consumption of four thousand soul path dao marks would be reduced by a lot. Because of the reduced internal friction, I don't need to expend so many soul path dao marks to balance the strength of various paths."

"Over three thousand heaven path dao marks still cannot remove this kind of internal friction completely, but what if the number increased even further?"

"In the future, can I use the help of heaven path dao marks to create a killer move that contains every path?"

At this point, besides the exception of certain unique methods, Fang Yuan no longer had interest in single path killer moves.

He had discovered a new and vast world ahead of him!

[Reverend Insanity](#)

Chapter 2066: Never Give Up Until My Road Ends

Fang Yuan was holding an information path Gu worm in his hand, the Gu worm had records of the previous battle of pursuit. Its contents were roughly: Heavenly Court had a huge victory, Spectral Soul was dead, Fang Yuan escaped, Demon Immortal Qi Jue and Mao Li Qiu were suppressed, Old Man Zheng Yuan was taken captive, Shadow Sect's Fairy Zi Wei and Ying Wu Xie were still on the run, Qi Sea Ancestor, Bai Ning Bing, Lady White Rabbit, and Fairy Miao Yin were missing, the probability of them being dead was high.

“In this current age, even if there is no ranking chart of Immortal Gu Houses, Divine Emperor City is worthy of being the number one Immortal Gu House.” Fang Yuan sighed.

In the five hundred years of his previous life, during the five regions chaotic war, information path great experts had jointly let out many ranking charts. There was fierce competition on every ranking chart, Immortal Gu House ranking was also the same.

But Divine Emperor City had not appeared back then.

Fang Yuan’s rebirth had led to all kinds of huge changes, now, even before the Immortal Gu House ranking was published, Divine Emperor City firmly held the position of number one.

“If this continues, even if there is an Immortal Gu House ranking in the future, Divine Emperor City’s number one position will be immovable.” Fang Yuan estimated.

Divine Emperor City could suppress Mao Li Qiu and Demon Immortal Qi Jue, Fang Yuan was not astonished by this.

Divine Emperor City was created by merging Divine Bean Palace and Emperor City, although it did not have a rank nine Immortal Gu and was not a rank nine Immortal Gu House, it contained painting worlds.

If you enjoy our content, please support our site by disabling your adblocker. We depend on ad revenue to keep creating quality content for you to enjoy for free. Ads are necessary to keep the platform free for all.

This was Genesis Lotus Immortal Venerable’s contented lifestyle killer move. It was a human path killer move with painting path effect that formed paintings of the lives of people. It was a rank nine level venerable killer move.

Against venerable methods, Duke Long was defeated and Di Zang Sheng was brought to its knees. Even if Demon Immortal Qi Jue’s Xi Land was not damaged, he would still only be at pseudo venerable level, and Mao Li Qiu was some distance away from being at pseudo venerable level.

“My Myriad Year Flying Warship and Dragon Palace are destroyed, even if they were still here, they would only be at peak rank eight level. Divine Emperor City can be considered to be half a rank nine Immortal Gu House. If Eighty-Eight True Yang Building had not been destroyed back then, it could contest for the number one position.”

Eighty-Eight True Yang Building was refined by Long Hair Ancestor and Giant Sun Immortal Venerable together. It was divided into countless small towers that gathered wild Gu worms. After combining into one, they would form the main building and could even dispel calamities and tribulations.

When Giant Sun Immortal Venerable passed away, he had left behind Eighty-Eight True Yang Building, which could control the whole of Northern Plains’ political situation even though Giant Sun had already died. Northern Plains held countless Imperial Court contests, and the Huang Jin bloodline was able to hold supreme status in Northern Plains’ immortal and mortal world mainly due to Eighty-Eight True Yang Building.

At present, Divine Emperor City was the largest gathering point of Central Continent's human veins. It was the largest storage and cultivation ground of Central Continent's geniuses, a sacred land of human path. Looking at the setup, it was similar to Eighty-Eight True Yang Building.

Even Fang Yuan felt wariness towards such an Immortal Gu House.

As for why Heavenly Court publicized this battle information, Fang Yuan understood it fully.

If you enjoy our content, please support our site by disabling your adblocker. We depend on ad revenue to keep creating quality content for you to enjoy for free. Ads are necessary to keep the platform free for all.

Heavenly Court was in dire need of a surge in morale.

Ever since their defeat in the fate war when Fang Yuan destroyed fate Gu in front of the whole world, Heavenly Court was simply stripped of its backbone. They lost their spiritual banner and it was even trampled on by Fang Yuan.

This outcome had enormous influence, the whole of Central Continent was covered in looming shadow. Heavenly Court's Gu Immortals were furious and filled with hatred but were already fearful. The morale of Central Continent's ten great ancient sects fell much more and most were dispirited.

Central Continent was facing four regions and its situation was truly dangerous. If they were thought to be weak and easily bullied, when the five regions chaotic war starts, they would be besieged by the other four regions. At that time, even if Central Continent was strong like a tiger, they would still be torn to pieces by the hyenas.

Releasing this information would stabilize the internal forces and also frighten external forces, and Qin Ding Ling had to do this! Hiding the battle results might have some tactical advantages, but Qin Ding Ling was the leader of Heavenly Court and had to consider the whole world. So, she chose to give up the tactical advantage to recover the declining situation.

"Heavenly Court is filled with talents, even without a great expert like Fairy Zi Wei, they have Qin Ding Ling to stabilize the overall situation. Heavenly Court's foundation is extremely deep, it is not just a front." Fang Yuan sighed, he approved of Qin Ding Ling's decisiveness. He would do the same if it were him.

At their level, the five regions and two heavens were a chessboard. Fighting each other without any plans or vision might let them show off their strength for some time but it would lead them to a disastrous defeat.

Looking back at the pursuit battle against Fang Yuan.

If you enjoy our content, please support our site by disabling your adblocker. We depend on ad revenue to keep creating quality content for you to enjoy for free. Ads are necessary to keep the platform free for all.

There was no doubt that the biggest loser was Shadow Sect. Spectral Soul with pseudo venerable battle strength died, while the members were dead, missing, fleeing, or captured.

Next was Fang Yuan.

Fang Yuan's losses were severe!

Currently, the whole sovereign immortal aperture was in a miserable state. The vibrant Mini Southern Border was turned into ruins with only a few resource points remaining. The other four mini regions and the mini nine heavens were also not much better.

Many variant humans and humans died despite receiving Fang Yuan's protection.

The previous Combat Beast King had fallen into a coma after blocking the myriad tribulation and had yet to wake up.

The loss in Immortal Gu was also the largest that Fang Yuan had ever experienced in his life.

First, two rank eight Immortal Gu Houses were destroyed. Dragon Palace's core Immortal Gu, Dream Token, was preserved, along with Myriad Year Flying Warship's Years Flow Like Water, but they were injured and needed to recuperate. Many other Immortal Gu were destroyed in the battle, including Precaution, Fight, and so on.

If you enjoy our content, please support our site by disabling your adblocker. We depend on ad revenue to keep creating quality content for you to enjoy for free. Ads are necessary to keep the platform free for all.

There were many losses to earth path Gu worms as well. Although Peaceful Soil Heavy Mountain Fortress still remained, Spectral Soul's self-detonation was terrifying. By blocking this attack, Fang Yuan had lost seven earth path Immortal Gu and countless mortal Gu.

Peaceful Soil Heavy Mountain Fortress was heavily weakened as a result.

Over this period of time, Fang Yuan had experienced the fate war, defended against myriad tribulations and the pursuit of others, his rank eight immortal essence was already close to drying up. He had almost finished all the immortal essence he had painstakingly accumulated before the fate war.

He had just made some progress in the Twelve Zodiac battle formation, but after the battle with Spectral Soul, he had to gather them again.

There was only a little of Reverse Flow River left, it could not be used.

Unlimited qi sea's strength had fallen to rock bottom and could no longer be considered a trump card.

Fang Yuan did not obtain any battle spoils from Spectral Soul. Spectral Soul's self-detonation had destroyed everything completely.

Undoubtedly, Spectral Soul was extremely hard to deal with, even in death, he did not leave behind any benefits to Fang Yuan.

If you enjoy our content, please support our site by disabling your adblocker. We depend on ad revenue to keep creating quality content for you to enjoy for free. Ads are necessary to keep the platform free for all.

After the chase, Fang Yuan's greatest gain was preserving his life, as well as over three thousand heaven path dao marks and the Qi Sea clone. He did not possess them originally, they were his gains from the fate war and from scheming against Heavenly Court. They had no association with Spectral Soul.

Even though Spectral Soul was dead, Fang Yuan also suffered in the aftermath.

Shadow Sect and Fang Yuan were losers, so was Longevity Heaven. They lost Mao Li Qiu, a legendary immemorial beast, and did not have any battle gains. It was just that when compared to Shadow Sect and Fang Yuan, their losses were much fewer.

After this was Demon Immortal Qi Jue, who lost a lot but also made a few gains. Demon Immortal Qi Jue had extorted many inheritances from Spectral Soul and Fang Yuan with no lack of venerable true inheritances. But his Xi Land was heavily damaged and he lost his freedom as well, imprisoned by Divine Emperor City.

So, this battle's biggest winner was Heavenly Court.

Spectral Soul died and Fang Yuan escaped with heavy losses. Heavenly Court then defeated Longevity Heaven, Calamity Luck Altar escaped Central Continent in a panic. Divine Emperor City suppressed Demon Immortal Qi Jue and Mao Li Qiu. Qin Ding Ling's group captured Old Man Zheng Yuan and put up a bounty for Fairy Zi Wei and Ying Wu Xie. Qi Sea Ancestor, Bai Ning Bing, White Rabbit, and Miao Yin were speculated to have died in battle.

Such a battle result was truly impressive. It was a huge surge of morale to everyone in Central Continent.

Heavenly Court's battle result was spread all over the world. It was not just Fang Yuan who analyzed wins and losses, all the Gu Immortals were analyzing the overall situation too.

If you enjoy our content, please support our site by disabling your adblocker. We depend on ad revenue to keep creating quality content for you to enjoy for free. Ads are necessary to keep the platform free for all.

Among them, one person was the happiest.

"Brilliant, brilliant!" On the main seat in the hall, this Gu Immortal was holding the information Gu while praising repeatedly with joy in his eyes.

He was a middle aged man with an ordinary appearance, he had a strong body and sharp eyebrows. His expression revealed tyranny and some hints of ruthlessness.

He was Wu clan's first supreme elder, rank eight wind path Gu Immortal, a formidable expert of the present age — Wu Yong!

Sitting on the first seat to the left was Wu clan's second supreme elder, Wu Ba Chong. His battle strength was not outstanding in Wu clan, but he had the highest seniority, was steady, and dared to take on responsibilities. Previously, when every large force was creating difficulties for Wu clan, he came forward to stabilize the situation. He was a core member of Wu clan.

Wu Ba Chong asked Wu Yong respectfully: "I am not sure what good there is in this? Please enlighten me, my lord."

Wu Yong put down the information path Gu worm and explained with a burning gaze: "In the five regions and two heavens, the strong are respected. The so-called general trend is nothing more than the fight between those peak experts. Only when the strong ones are in a stalemate, will the weaker ones and super forces have space to grow. If a venerable is born, they would be invincible and rule as the sole leader, and all the heroes would have to lower their heads."

"Currently, with no venerable, the general trend flows with four people; Spectral Soul, Gu Yue Fang Yuan, Demon Immortal Qi Jue, and Qi Sea Ancestor. Besides them, there are super forces like Heavenly Court and Longevity Heaven who can take part in the fight, with Immortal Gu Houses like Calamity Luck Altar and Divine Emperor City to influence the overall situation."

Wu Ba Chong felt puzzled and asked: "Divine Emperor City is publicly recognized to be the number one Immortal Gu House as it could suppress Demon Immortal Qi Jue. Calamity Luck Altar is slightly inferior but is also a very strong Immortal Gu House that showed its splendor in the fate war. Why put Heavenly Court and Longevity Heaven below those four people?"

Wu Yong replied with a smile: "These two Immortal Gu Houses are indeed strong, but they can only be strong for some time. The greatest flaw of Immortal Gu Houses is that their methods are fixed. Once those methods are known, they can be targeted and countered. Immortal Gu Houses are difficult to modify, they are far inferior to individuals with pseudo venerable battle strength who can adjust themselves depending on the situation."

"Divine Emperor City is very strong since it could suppress pseudo venerable Demon Immortal Qi Jue. But when its methods are known clearly, its threat will fall by a level. Heavenly Court lacks a pseudo venerable, it is their greatest weakness. If Qi Sea Ancestor had not stood by Heavenly Court's side in this battle, Qin Ding Ling would not have had such success."

"So it is like that." Wu Ba Chong realized, "I now understand lord's happiness. In this pursuit battle, Spectral Soul died, Fang Yuan fled in distress, Demon Immortal Qi Jue was suppressed, Qi Sea Ancestor is missing with a high probability of being dead. This means the four pseudo venerables are mostly gone, and it is the perfect opportunity for us to develop."

Wu Yong nodded: "Naturally, it is better if such experts are dead. The most regrettable thing is Fang Yuan managed to escape, sigh, this demon is unfathomable, he cannot be evaluated by common sense. Maybe, when he appears again, he would be even stronger than before!"

Wu Yong's expression turned heavy when he mentioned Fang Yuan.

Wu Ba Chong was also filled with worries.

Fang Yuan had deep conflicts with Wu clan, and now that Spectral Soul was dead, Fang Yuan was the number one demon in the world. If he recuperated and came to attack Wu clan, it would be an apocalyptic disaster.

Wu Yong continued: "We can do nothing about pseudo venerables. So we should take this chance to develop and strengthen ourselves, when Fang Yuan comes to trouble us in the future, we can at least have strength to fight back. If this situation doesn't happen in the future, it will be preparation for the five regions chaotic war."

"Central Continent and Northern Plains are guarded by Heavenly Court and Longevity Heaven. They have been operating for countless years and are like iron fortresses, let's not talk about them for the moment."

"As for the remaining three regions, Southern Border, Western Desert, and Eastern Sea are all disunited."

"The wave of the great era has already risen, Wu clan needs to ride this wave and rise up. Western Desert is filled with sand and countless oases, it is easy to defend but hard to attack. Eastern Sea has plenty of resources but has never produced a venerable, their nature is the most gentle. We should first integrate the whole of Southern Border's Gu Immortal world, then capture Eastern Sea and Western Desert. With resources of three regions to help me, I will pass my tribulation and become a pseudo venerable, then cultivate rank eight Gu Immortals and construct a peak level Immortal Gu House. Finally, we will attack Central Continent and Northern Plains!"

"Lord!" Wu Ba Chong was hearing this for the first time, his eyes opened wide in excitement but he felt nervous at the same time.

This was an aspiration to take over the world!

Can Wu Yong bring Wu clan to the peak? Or will they be turned into dregs by the tides of the era?

"There has never been a venerable in wind path. If there is a possibility, maybe I can fill this gap. Who can say for sure what will happen in the future?" Wu Yong only thought this inwardly and did not say it out loud.

If you enjoy our content, please support our site by disabling your adblocker. We depend on ad revenue to keep creating quality content for you to enjoy for free. Ads are necessary to keep the platform free for all.

He was sitting on the main seat but his gaze seemed to pierce through the hall and into the sky.

At the next moment, Wu Ba Chong heard Wu Yong's recital:

"The mirage of eternal life is not my pursuit, longevity without accomplishments is no less than shameful."

"Regional walls vanish as chaos ensues, the destruction of fate brings freedom to all."

"Eagle rules the sky and whale dominates the sea, without trying, who knows if I am a dragon or worm?"

"How can plain commoners ever understand why, I will never give up until my road ends!"

Wu Ba Chong was deeply moved as he stood up and knelt on the ground, swearing with a trembling voice: "This subordinate is willing to follow by lord's side, for the grand ambition of Wu clan, I will use every ounce of my strength and lay down my life!!"

[Reverend Insanity](#)

Chapter 2067: Seven-Seven Profound Soul Bird

Chapter 2067 Seven-Seven Profound Soul Bird "Wu Ba Chong, get up quickly." Wu Yong's laughter resounded in the hall. Wu Ba Chong immediately felt a formless wind lifting him up firmly and gently.

"With your help, I will have nothing to worry about." Wu Yong was satisfied.

"I am ashamed." Wu Ba Chong bowed his head and cupped his fists, "My cultivation level is not enough to bear lord's expectation. But from now on, as long as lord gives a command, I will stake my life to accomplish it!"

Wu Ba Chong was not acting, he had wholeheartedly pledged his allegiance.

Wu Yong was truly a formidable leader, the moment he took his position, he got rid of the spies inside Wu clan.

Although there was the matter of Fang Yuan disguising as Wu Yi Hai to make use of Wu clan as well as secretly stealing dream realms, Wu Yong put in vigorous effort and had taken back all the lost territories of Wu clan.

In the Southern Border giant dream realm event, Wu Yong and Heavenly Court had reached an agreement, they returned the super clans' Immortal Gu, allowing him to gain incomparable prestige. Later, he led the Southern Border immortals to hunt down Fang Yuan, forcing Fang Yuan to flee from Southern Border to Western Desert in a miserable state.

During the Five Regional Mountain Range battle, he suffered a slight setback due to the schemes of Fang Yuan and Lu Wei Yin. But after the event, Lu Wei Yin could not defeat him and Wu Yong became the Southern Alliance's leader in the end.

During the fate war, Wu Yong took the initiative to lead the Southern Alliance's champions in the battle, disregarding Fairy Zi Wei's threats. In this battle, Wu Yong led the immortals and attacked the nine-nine consecutive unceasing formation, he unhesitatingly used the killer move unlimited wind which

expended his wind path dao marks permanently. Be it his heroic bravery in the battle or the contributions he made, they were all deeply engraved in the minds of Southern Border's immortals.

After the fate war, Wu Yong returned to the clan to rest and recuperate. He modified and improved his killer moves as well as Immortal Gu House Clear Jade Dripping Wind Tiny Bamboo Building. At the same time, he handled Wu clan's affairs, ensuring there was order and stability in Wu clan, which was growing day by day.

Whether it was in terms of cultivation, talent, battle strength, or leadership, Wu Yong was a rare genius from Wu Ba Chong's perspective. Even his mother, Wu Du Xiu, was below Wu Yong in the current opinion of Wu Ba Chong and many other Southern Border Gu Immortals.

"I am getting old, this is all my life will amount to. It is my honor to be able to follow a person like Wu Yong. I am really looking forward to seeing how far Wu clan can grow under his leadership." These were the inner thoughts of Wu Ba Chong.

Swoosh.

With a soft whistle, an information path Immortal Gu flew into the hall from the outside and landed on Wu Yong's hand.

Wu Yong probed with his divine sense and immediately learned of the content.

Wu Ba Chong guessed: "It is definitely a huge matter if an information path Immortal Gu is sent to deliver the message. I wonder if it is good or bad news?"

Shortly after, he saw Wu Yong smile: "Good news keeps coming, take a look."

Wu Yong handed the information path Immortal Gu to Wu Ba Chong.

Wu Ba Chong received the Gu and inspected it carefully, he then understood Wu Yong had made a big accomplishment from his scheme, he had successfully lured the Fierce Gorge Seven Ghosts into the formation.

"The Fierce Gorge Seven Ghosts, they really are the Fierce Gorge Seven Ghosts!" Wu Ba Chong was excited.

The Fierce Gorge Seven Ghosts were a famous demonic path group in Southern Border's Gu Immortal world comprising seven members. Every generation of the Fierce Gorge Seven Ghosts brought a huge disturbance and many losses to Southern Border's righteous path.

The Fierce Gorge Seven Ghosts were arrogant and even infringed upon Wu clan's benefits many times. As the leader of Southern Border's righteous path, Wu clan naturally had to come forward to deal with this issue.

Thereupon, Wu clan and the Fierce Gorge Seven Ghosts could be said to be at odds.

Every generation's first supreme elder of Wu clan dedicated themselves to exterminating the Fierce Gorge Seven Ghosts. And every generation's Fierce Gorge Seven Ghosts provoked Wu clan, as long as the colossal force Wu clan showed any weakness, they would attack like dogs hiding in the darkness, biting off a piece of flesh of Wu clan and run away immediately.

Wu clan was a super force and stably held the throne in Southern Border. But the Fierce Gorge Seven Ghosts were not ordinary, there was much evidence that suggested their inheritance was very likely to be from Spectral Soul Demon Venerable. As long as there was one person living in every generation's Fierce Gorge Seven Ghosts, the inheritance would continue. And with time, there would be another six demonic immortals besides the survivor.

The life and death battles in every generation made it so that Wu clan and the Fierce Gorge Seven Ghosts had irreconcilable conflict. Wu clan became the biggest enemy of the Fierce Gorge Seven Ghosts, while the Fierce Gorge Seven Ghosts became a sore point of Wu clan that could not be gotten rid of. Every new member of the seven ghosts was committed to taking revenge against Wu clan.

Wu Du Xiu had mentioned three regrets in her last words, one of them was regarding the Fierce Gorge Seven Ghosts. In her life, Wu Du Xiu had commanded from behind the scenes and even personally attacked and killed over ten members of the Fierce Gorge Seven Ghosts, but had not been able to get rid of all of them at once.

As long as there was one survivor of the Fierce Gorge Seven Ghosts, they would bide their time patiently and fill the vacancies.

But now, according to the information in the Immortal Gu, all of the Fierce Gorge Seven Ghosts had ended up in Wu Yong's trap.

It was no wonder Wu Ba Chong was so excited.

Wu Yong took back the information path Immortal Gu and walked towards the outside while instructing: "The Fierce Gorge Seven Ghosts are a disaster that Wu clan must get rid of. If we ignore them, they will definitely cause trouble for us and drag us down in the future. To be on the safe side, I will personally make a move this time."

Wu Ba Chong followed closely behind and asked for permission to take part in the battle. If they could kill the Fierce Gorge Seven Ghosts completely, it would be extremely significant to Wu clan!

But Wu Yong refused him: "I will take Clear Jade Dripping Wind Tiny Bamboo Building with me, a lion uses its full strength even when hunting a rabbit. You need to guard the headquarters while I am gone."

"Yes." Wu Ba Chong could only helplessly accept the command.

Under his anticipating and respectful gaze, Wu Yong flew to the sky and disappeared into the horizon.

Wu clan's headquarters was located on Wu Yi Mountain and Wu Yi Mountain was located at the extreme southwest of Southern Border.

If you looked at the whole Southern Border from high above, you could roughly see: the intersection of yellow dragon river and red dragon river formed a 'X', and Wu clan's territory was at the lower part of this 'X'. Shang clan was on the right side.

Among all the Southern Border super forces, Wu clan was at the extreme south. Wu Yong was very satisfied with this location, as Wu clan would not be surrounded by enemies from all sides like Central Continent.

The surroundings of Wu clan's territories were isolated by yellow dragon river and red dragon river, the geography was highly beneficial to the clan's rise.

"The biggest weakness of Wu clan currently is insufficient Gu Immortals. Even if we annex the surrounding lands in the future, we won't have enough Gu Immortals to guard them."

As Wu Yong pondered over this, he thought of Fang Yuan.

It was Fang Yuan who created problems and havoc in Southern Border, making Southern Border go through many large battles. Not only Wu clan, the whole of Southern Border's Gu Immortal world lost many people!

Wu Yong was flying towards the northeast extremely quickly.

After some time, a corpse mountain was already in his sight.

This corpse mountain that was beside the river was thousands of feet tall and there were large numbers of zombies living in it. It was close to the whirlpool at the intersection of red dragon river and yellow dragon river.

More accurately speaking, this corpse mountain was called Corpse Emperor Yu Ding Tian. In the past, a rank eight Southern Border Gu Immortal turned into an immortal zombie, and fought against allied attacks of super forces in this peak, finally dying here. As time passed, on the mangled corpse of this rank eight immortal zombie, due to the nourishment of the natural essence from the river, along with the aquatic plants in the river that rooted themselves, this place turned into a corpse mountain.

The corpse mountain produced transformation path zombie Gu, as well as qi path zombie qi Gu.

Before the headquarters of Southern Border's Zombie Alliance was exposed, they had targeted this precious area and wanted to pay a high price to buy it from Wu clan to make it their headquarters, but Wu clan rejected them.

Later, Yao clan seized it from Wu clan. Wu Yong brought out Clear Jade Dripping Wind Tiny Bamboo Building and took back the corpse mountain.

Because this resource point had high productivity and was also located at a strategic position, Wu Yong had stationed rank seven Gu Immortal Wu Zhen here.

After the fate war, qi tides emerged in the five regions. Qi tides swept the whole world, not only forcing the five regions' Gu Immortals to recuperate, they even exposed many true inheritance secret areas and grotto heavens of the two heavens.

Blood qi Immortal Gu, which Demon Immortal Qi Jue had seized in Western Desert, was one of the Blood Sea true inheritances, its traces were exposed because of qi tides.

A true inheritance had appeared on Corpse Emperor Yu Ding Tian as well. All the traces revealed this true inheritance was left behind by that rank eight immortal zombie back then!

A true inheritance of this level might not catch the interest of Demon Immortal Qi Jue and Fang Yuan, but it was a rank eight great expert's inheritance after all. It was enough for any super force to give it attention, it was reasonable for the Fierce Gorge Seven Ghosts to be tempted.

Wu Yong thus arranged traps, and now, the Fierce Gorge Seven Ghosts were all drawn into the trap and were just waiting for him to catch them.

An intense battle had already continued for some time at the peak of the corpse mountain.

“Cardinal directional wind formation! Such a pity that we, the Fierce Gorge Seven Ghosts, have a deep understanding of your Wu clan, this large formation cannot trap us!”

“The moment the formation breaks will be the moment your life ends, Wu Zhen!”

“Wu Zhen, the Corpse Emperor true inheritance appeared on Corpse Emperor Yu Ding Tian, but you intentionally concealed the information. Even if Wu clan’s reinforcements arrive, you won’t face a good outcome. How about you betray Wu clan and join us.”

The Fierce Gorge Seven Ghosts started to attack the wind path formation in four directions.

They had a lot of understanding of this formation because the Fierce Gorge Seven Ghosts had tackled the cardinal directional wind formation many times over the generations.

The formation was already on the verge of collapse.

Wu Zhen, who was controlling the formation from the outside, was riddled with wounds.

Suddenly, he received Wu Yong’s voice transmission. His face immediately brightened as he activated some methods.

The cardinal directional wind formation changed immediately, a gentle wind blew in and turned into Wu Yong.

“What? This formation actually changed!”

“Wu Yong came! Wu clan’s reinforcements came so fast?”

“Damn it, this was a trap.”

The Fierce Gorge Seven Ghosts were shaken but after the shock, their ferocity was stimulated.

“Kill!”

“Even if we die, we will make Wu clan suffer disastrous losses.”

“If we kill Wu Yong, Wu clan will only be a joke!”

The Fierce Gorge Seven Ghosts charged towards Wu Yong, but they were secretly discussing on how to break through.

Since it was a trap by Wu clan, the longer they stayed, the more unfavorable it would be for them. Moreover, Wu Yong was a powerful expert in the present age, he was a person at a level that was just under pseudo venerable.

The present Gu Immortal world publicly recognized Wu Yong, Qin Ding Ling, Bing Sai Chuan, Thousand Transformations Ancestor, and other experts to be on the same level, they were all experts merely below pseudo venerable level.

The Fierce Gorge Seven Ghosts knew they were not Wu Yong's match, but they still had hope.

Wu Yong used this cardinal directional wind formation to lure these Gu Immortals, although there were some changes to it, it was still the original cardinal directional wind formation.

It was because this large formation was not a battlefield killer move that the Fierce Gorge Seven Ghosts let down their guard and attacked rashly.

Seeing the Fierce Gorge Seven Ghosts charging towards him, Wu Yong sneered: "Cowards putting up a strong front, you are nothing much."

At the next moment, strong winds appeared and frosty air blew.

Winds roared and snow started pouring down like a blizzard!

Three ghosts of the Fierce Gorge Seven Ghosts were frozen solid, and after two breaths of time, two of them died from the coldness.

"What killer move is this?"

"It is so cold!"

This was the killer move that Wu Yong had created during his recent closed cultivation session — Snowy Wind of No Return.

The Fierce Gorge Seven Ghosts' formation was in chaos, Wu Yong's eyes shone with sinister light: "Cowards, you are not qualified to be my enemies."

Green leaves emerged from the bodies of the Fierce Gorge Seven Ghosts, branches grew rapidly.

The remaining five ghosts screamed miserably as their life force was completely seized. Lush willow branches grew on the corpses.

It was another creation of Wu Yong — Willow Wind!

The seven ghosts died, but their souls flew out of the corpses and merged into one, becoming an immemorial soul beast.

The soul beast had the appearance of a bird, its whole body was completely black and it had seven heads.

Wu Yong's expression was uplifted: "So it was the Seven Ghosts true inheritance, it is the incomplete product of Spectral Soul when he attempted to create the immemorial soul beast — Seven-Seven Profound Soul Bird. Jade Building, come to me!"

Wu Yong waved his hand, Clear Jade Dripping Wind Tiny Bamboo Building crashed towards the seven-seven profound soul bird like a green meteor.

The seven-seven profound soul bird struggled with all its strength, using all kinds of killer moves. Unfortunately, its consciousness alternated between clear and chaotic, and was finally suppressed by Clear Jade Dripping Wind Tiny Bamboo Building in the end.

“Lu Wei Yin, I should not have trusted you!” The seven-seven profound soul bird let out an indignant cry at the last moment before falling unconscious.

Reverend Insanity

Chapter 2068: Two Choices

2068 Two Choices “Lord!” Wu Zhen put away the cardinal directional wind formation in excitement.

He personally witnessed Wu Yong sweeping away the Fierce Gorge Seven Ghosts with methods that were never heard of before and were also extremely powerful.

Everyone knew of the price Wu Yong paid to use unlimited wind in the fate war.

Wu Zhen had not expected Wu Yong’s strength to increase so much in this period of time! In the whole battle, the Fierce Gorge Seven Ghosts were unable to counterattack at all.

Sensing the reverential gaze of Wu Zhen, Wu Yong smiled: “The Fierce Gorge Seven Ghosts are rank seven at most, we could not deal with them properly because they rarely moved together. If they were not dealt with at once, our efforts would only be in vain.”

Wu Yong’s expression turned slightly heavy: “You heard what the seven-seven profound soul bird said just now, what do you think?”

Wu Zhen immediately revealed a serious expression as he analyzed: “From their dying words, all of the Fierce Gorge Seven Ghosts attacked Corpse Emperor Yu Ding Tian not only because of our scheme, Lu Wei Yin had been urging them from behind the scenes as well! Lu Wei Yin... he could actually influence the Fierce Gorge Seven Ghosts, maybe we can make use of this!”

Wu Yong laughed heartily: “Not bad, Wu Zhen, well said.”

Wu Zhen had already guessed Wu Yong’s next plan. In Wu Yong’s plan, the first step was to unite Southern Border.

And the greatest obstacle to do this was Lu Wei Yin.

Lu Wei Yin was the current inheritor of Paradise Earth in Southern Border. Because of Paradise Earth Immortal Venerable’s influence and his contributions to Southern Border’s righteous path, Wu Yong could not easily make a move against him.

But who could have expected that during the pursuit against Fang Yuan, Lu Wei Yin actually helped Fang Yuan. This gave Wu Yong the perfect reason to make a move. And this time, Lu Wei Yin was secretly involved with the seven-seven profound soul bird, this gave Wu Yong the perfect excuse to lead the Southern Alliance and destroy the Mushroomman Paradise in the name of justice!

“Take care of your injuries, next, we will make a move against Lu Wei Yin and destroy Mushroomman Paradise!” Wu Yong’s eyes shone with cold light and imposing battle intent.

Wu Zhen hesitated for a moment before speaking: “Lord, isn’t it too early now? When qi tides appeared, many inheritances emerged in Southern Border. The Corpse Emperor true inheritance is only one of them. Currently, the Southern Alliance’s super forces are all actively exploring and gathering these true

inheritances. If we hastily summon them, wouldn't only a few show up and the other super forces conceal their strength?"

Wu Yong smiled and nodded: "You are right. The things you mentioned are one of the difficulties in attacking Lu Wei Yin and the Mushroomman Paradise. Besides this, there are several other difficulties. Firstly, Lu Wei Yin is extremely shrewd, he has all kinds of plans and unique methods, he is definitely not an ordinary opponent. Secondly, Mushroomman Paradise obtained Paradise Earth Immortal Venerable's help, its foundation is deep and is not any inferior to the super forces. Thirdly, Lu Wei Yin helped Fang Yuan escape, if we attack him, we might have to fight Fang Yuan as well."

"Fight Fang Yuan?" Wu Zhen's face immediately turned pale.

The current Fang Yuan was the number one demon in the world. Just the possibility of having to fight him was enough to make a rank seven Gu Immortal like Wu Zhen feel uneasy.

Wu Yong laughed, his tone rising slightly: "But these difficulties are only difficulties, if we are afraid to take action because of difficulties, nothing can be accomplished. Farmers need to farm, but if they don't cultivate the land because they are afraid of drought, there would not even be a single grain of harvest. When fishermen fish, if they don't spread the net because they are afraid of drowning, their baskets will definitely be empty. Will our Wu clan retreat because of these difficulties?"

Wu Zhen's expression became solemn and he quickly cupped his hands: "Thank you for the guidance."

Wu Yong's gaze was deep as he continued to explain: "This is the best time to attack Lu Wei Yin. A person like Lu Wei Yin will only make more preparations if he has more time, and Mushroomman Paradise will be increasingly hard to attack. It is obvious that Fang Yuan escaped because he did not have strength to fight. If we miss this chance and he recovers, there will be no hope of destroying Mushroomman Paradise."

"As for those righteous path super forces concealing their strength? Hmph, do they think the Southern Alliance is so easy to join? As the alliance leader, I will gain the chance to reorganize the Southern Alliance once and for all."

Wu Zhen no longer had any worries and was completely persuaded by Wu Yong's plan: "I am willing to follow you, lord, and go on the expedition against the mushroommen."

Wu Yong nodded, saying a sentence before leaving: "Tend to your injuries first, the path of Wu clan's domination will require your contribution as well."

At the same time, Eastern Sea.

Xia clan headquarters.

The atmosphere was tense in the discussion hall.

Over ten variant human Gu Immortals were divided into two groups and were in a standoff.

On the left side, Chaotic Rock Grotto Lord, Rotten Egg Grotto Lord, and Hair Monster Grotto Lord were clustered around Ice Crystal Immortal Monarch.

On the right, Xiao He Jian led Green Forest Great Sage and Great Wisdom Immortal Mother.

There was also a third group formed from human Gu Immortals, having Crossing Heaven Immortal Monarch, Black Locust, and Rainbow Rock Immortal Concubine in it.

During the pursuit battle against Fang Yuan, these variant human Gu Immortals were abandoned by Fang Yuan. After they escaped Heavenly Court, they returned to Eastern Sea.

Without Wu Shuai controlling the situation, these grotto-heaven lords of the two heavens were feeling panicky. Over these days, they were still pondering over how to resolve the qi harvest fruit disaster in their grotto-heavens, but made no progress.

“Xiao He Jian, are you prepared for when Lord Wu Shuai returns? I want to see how you will explain to Lord Alliance Leader why you promoted Lady Cold Ash repeatedly before!” Ice Crystal Immortal Monarch took the lead to reprimand his political rival.

Xiao He Jian’s expression was dark. Back then, he had promoted Lady Cold Ash to gather Gu Immortals and grow his force in contesting with Ice Crystal Immortal Monarch’s group. He had never expected Lady Cold Ash to be Spectral Soul’s disguise! Not only this, at the crucial moment, Spectral Soul made his move and chased Wu Shuai and Fang Yuan, eventually destroying Dragon Palace.

Spectral Soul created such huge losses to the two heavens alliance and Xiao He Jian naturally had to be held responsible.

Xiao He Jian’s expression was ashen in face of the accusation, he stared at Ice Crystal Immortal Monarch: “It is not up to you to decide how much responsibility I bear. Ice Crystal Immortal Monarch, don’t forget, we are both vice alliance leaders, we have equal positions! I am aware of how big a mistake I made, I am willing to accept any punishments from Lord Wu Shuai. But this is not only my responsibility. Ice Crystal Immortal Monarch, could it be that you didn’t make any mistake? Think about it, who invited Lady Cold Ash into our alliance? Was it not you? You not only invited Spectral Soul, you even took in Heavenly Court’s spy, Night Heavenly Wolf Lord. Your responsibility is bigger than mine.”

“You!” Ice Crystal Immortal Monarch was furious.

After the defeat in the battle, Xiao He Jian had already realized his predicament. He had already made sufficient preparations for this meeting.

“Hehe. Speaking of which, isn’t it all caused by humans? Be they Lady Cold Ash or Night Heavenly Wolf Lord, they are both humans. Human Gu Immortals cannot be trusted!” Great Wisdom Immortal Mother added sinisterly.

She was an inkman Gu Immortal, her Great Wisdom grotto-heaven had been invaded by Heavenly Court and suffered heavy losses.

Later, the two heavens alliance organized a rescue, but Ice Crystal Immortal Monarch had been worried about his own Ice Crystal grotto-heaven back then and disregarded Great Wisdom grotto-heaven.

Thus, there was a crack in the relationship between Great Wisdom Immortal Mother and Ice Crystal Immortal Monarch, Xiao He Jian had sensed it and recruited her. Great Wisdom Immortal Mother, whose strength had greatly fallen, became a member supporting Xiao He Jian.

Green Forest Great Sage was also a miniman like Xiao He Jian, so he had a natural closeness to the latter.

With these two supporting Xiao He Jian with all their strength, Xiao He Jian was barely able to contend with Ice Crystal Immortal Monarch's group. But it was only barely.

This time, Spectral Soul's attack created a huge trouble for Xiao He Jian.

Thus, Great Wisdom Immortal Mother saw that the situation was bad and diverted the attention to the humans.

Her words immediately resonated with other variant human Gu Immortals.

"That's right, humans are crafty, they cannot be believed easily."

"In my opinion, our two heavens alliance should be a pure variant human alliance!"

"The performance of these human Gu Immortals in the battle was truly bad!"

Variant human Gu Immortals resonated with the words and looked at the human Gu Immortals in the hall with unfriendly gazes.

Crossing Heaven Immortal Monarch, Black Locust, and Rainbow Rock Immortal Concubine were pale, and were standing close to each other.

The two heavens alliance had been established not long ago, they had formed for an extremely short period of time. Now that they lost their powerful leader, they immediately showed signs of collapsing.

Right at this time, a majestic sound reverberated throughout the blessed land headquarters.

"Alright, stop fighting!"

Following which, a golden light shot down like a heavenly pillar.

The golden pillar of light dissipated, revealing two immortals.

One was wearing a white robe, with dark hair and deep pupils, while the other was tall and handsome, resembling a heroic champion. They were Gu Yue Fang Yuan and Wu Shuai.

All the immortals in the hall were shaken.

With Ice Crystal Immortal Monarch and Xiao He Jian taking the lead, everyone knelt down on one knee and greeted: "Greetings to Lord Alliance Leader!"

After hesitating for a moment, they greeted again: "Greetings to Lord Fang Yuan."

Wu Shuai raised his hand: "Get up."

He was standing beside Fang Yuan, and Fang Yuan was grandly sitting on the alliance leader's seat.

The immortals had different expressions seeing Wu Shuai's subordinate-like attitude towards Fang Yuan.

Wu Shuai directly said: "You don't need to guess, I am a dragonman, but it is a fact that I am Fang Yuan's clone."

The immortals were stunned for a bit before reacting, their expressions were even more complicated.

They were not overly shocked by this relationship. After Heavenly Court spread the battle results, the relationship of Wu Shuai and Fang Yuan was widely speculated. After all, Wu Shuai and Fang Yuan's cooperation was extremely close in the battle, they were too trustful of each other, this was not common among demonic immortals.

The two heavens alliance's Gu Immortals had already heard of these rumors, they appeared loyal and devoted on the surface but had many guesses inwardly.

So when Wu Shuai admitted it, the immortals did not find it hard to accept.

Wu Shuai continued: "The reason I gathered everyone is to rally our forces and vie for supremacy, while also to get rid of the qi harvest fruit disaster in your grotto-heavens."

The immortals' eyes shone, one of them asked: "Could it be that lord alliance leader has a way to resolve it?"

Wu Shuai smiled: "I naturally don't have a way to deal with it, but my main body has."

The immortals cautiously looked at Fang Yuan.

Fang Yuan wore no expression and his gaze was indifferent as he spoke for the first time: "Right now, you have two choices. One is to let me annex your grotto-heavens, only through this way can the qi harvest fruit calamity be resolved."

The immortals turned pale, some were furious but dared not to say anything.

At once, the hall fell into silence.

Rainbow Rock Immortal Concubine broke the silence and asked respectfully: "I wonder what the other choice is?"

Fang Yuan leaned back on the wide chair and narrowed his eyes: "The second choice is that you will all be killed by me, thereafter, I will annex your grotto-heavens."

All the immortals were deathly pale and it was a scene of complete silence.

[Reverend Insanity](#)

Chapter 2069: Eastern Seas Alliance Army

2069 Eastern Sea's Alliance Army Facing the extremely forceful Fang Yuan, the variant human Gu Immortals gritted their teeth and their gaze flickered with dark light. Many glanced around, hoping someone would speak up.

Unfortunately, Fang Yuan was currently the number one demon in the world, even Spectral Soul had died in his trap. His demonic prestige was increasing rapidly and the variant human Gu Immortals dared not to touch his nerve.

No one dared to resist Fang Yuan but no one surrendered and offered their headquarters either.

Anyone could see these Gu Immortals were not willing to!

Their grotto-heaven headquarters was the place where they lived day and night, it was their home and their sacred land. If they really offered their home to Fang Yuan, their friends and family would definitely blame them for the betrayal, and their own conscience did not allow it.

Back then, when Heavenly Court invaded Ice Crystal grotto-heaven, Ice Crystal Immortal Monarch directly staked his life and did not hesitate to expend his lifespan to activate the killer move extreme ice crystal light immortal suppression coffin. Great Wisdom Immortal Mother directly sold the racial inheritance regarding the Qian Kun Crystal Wall to Wu Shuai to save her Great Wisdom grotto-heaven. All these showed that the grotto-heavens of the two heavens had great significance to the variant human alliance's members and they held an important position in their hearts.

But what could they do?

Fang Yuan's power was known to the whole world. He was currently the number one demon, Heavenly Court was defeated by him, fate Gu was destroyed by him, and now, even Spectral Soul was killed by him!

After the pursuit battle, although Fang Yuan had only rested for a little over ten days, which was a brief time, the variant human Gu Immortals in the hall had no doubt that Fang Yuan could exterminate all of them!

Their only hope might be external reinforcements.

But where would these variant human Gu Immortals find external reinforcements?

Should they approach Heavenly Court or Longevity Heaven?

What a joke!

An even more crucial point was that almost all the two heavens' grotto-heavens were facing the qi harvest fruit disaster. If they did not surrender to Fang Yuan and let these qi harvest fruits grow, their grotto-heavens would be destroyed.

But if they surrendered to Fang Yuan, they would be giving their lives to Fang Yuan. After they joined his side, it would be easier said than done for them to leave him again.

Fang Yuan's ruthlessness was already known to all. Previously, he had dispatched many of his subordinates to attack Central Continent, but after the fate war, Fang Yuan only escaped by himself, these subordinates were still wandering around the five regions. And just recently in the pursuit battle, Fang Yuan and Wu Shuai had left Heavenly Court using Dragon Palace, leaving the variant human Gu Immortals behind in Heavenly Court.

Who could feel safe following such a leader?

"Have you all thought it through? My patience is limited." Fang Yuan's expression was indifferent as he gave an ultimatum.

The immortals' mind shook, many were pale and broke out in cold sweat.

Among them, the human Gu Immortals felt the most regret.

If they had known this, they would have directly surrendered to Heavenly Court.

In the present age, humanity was the ruler and they would not accept the surrender of variant human forces. But it was a different concept if humans were to surrender.

In fact, during the pursuit battle against Fang Yuan, when they were escaping Heavenly Court, it was not that they did not think of imitating Night Heavenly Wolf Lord and surrendering to Heavenly Court. But they simply did not have the chance with the variant human Gu Immortals watching them like hawks.

So, it was not without reason that these variant human Gu Immortals showed doubt and suspicion towards the human Gu Immortals.

The hall was still deathly silent, Fang Yuan's expression was indifferent, but the variant human alliance members felt increasing pressure.

Fang Yuan had not used any killer moves, but most of the Gu Immortals felt like they were suffocating and their thoughts were being suppressed.

Unable to endure such pressure, one of the alliance members, Golden Fur Immortal Monarch, clenched his teeth and agreed, offering his immortal aperture to Fang Yuan.

Golden Fur Immortal Monarch was a rank eight hairy man Gu Immortal, he had his own reasons for doing this.

He knew Fang Yuan had annexed Lang Ya blessed land and had rarely sent Lang Ya Sect's hairy man Gu Immortals into battle. Golden Fur Immortal Monarch surrendered to Fang Yuan, thinking he would receive similar treatment.

Hairy men were proficient in Gu refinement, this had an enormous value which might preserve the lives of the people of Golden Fur grotto-heaven and even give them high statuses. It was far better than being slaughtered by Fang Yuan and forcefully annexed.

With Golden Fur Immortal Monarch agreeing, the remaining people felt even more pressure and urge to follow suit. It was like a gap appearing on a large dam and causing the flood to gush out of it.

But right at this time, alarms rang — a large group of Eastern Sea Gu Immortals were approaching this place with several Immortal Gu Houses!

Wu Shuai glanced at Fang Yuan, Fang Yuan nodded lightly. Wu Shuai turned around to look at the immortals: "The enemies have arrived, we will talk after repelling them."

The immortals finally let out sighs of relief.

If it were normal times and Eastern Sea's righteous path had organized a joint attack on them, these people would be extremely worried and fearful. But right now, they felt the pressure on them going away and were actually grateful instead.

Immediately, Wu Shuai and Fang Yuan stayed behind the scenes, while Ice Crystal Immortal Monarch and Xiao He Jian led the variant human alliance to meet the Eastern Sea alliance army.

The Eastern Sea alliance army had many people. Shen clan's first supreme elder Shen Cong Sheng, along with Tang clan's first supreme elder and Xie clan's first supreme elder, were personally taking part in the battle.

There were many Immortal Gu Houses as well, over ten at least. Eastern Sea was rich and populous, and was the number one region in terms of resources, so it was also the number one in terms of the number of Immortal Gu Houses possessed, surpassing even Central Continent. Naturally, they had very few peak rank eight Immortal Gu Houses like Dragon Palace or Myriad Year Flying Warship.

Among the Immortal Gu Houses present, there was only one rank eight Immortal Gu House — Green Cloud Spark Warship, which belonged to Eastern Sea's Hua clan. Rank six Immortal Gu Houses were most numerous, after which was rank seven.

The two armies confronted each other in the sky, Xia clan's first supreme elder walked out of the Eastern Sea alliance army, it was rank seven Gu Immortal Xia Rui Zhi.

"Despicable variant humans, you disturbed Eastern Sea and invaded my home, your sin is too heinous. Today is the day you will all die!" Xia Rui Zhi shouted with a righteous aura.

Ice Crystal Immortal Monarch sneered: "Cowardly rat, you actually dared to come and court death."

Xiao He Jian also ridiculed: "Homeless dog, what gives you the confidence to challenge us?"

Xia Rui Zhi's face reddened with anger, he said through clenched teeth: "Variant humans, you deserve to die! I will fight first, who among you dares to face me alone?"

Xia clan's territory was seized by the variant human alliance; as the victim, Xia Rui Zhi naturally wanted to start the fight.

Ice Crystal Immortal Monarch immediately said: "A mere rank seven dares to start the fight. Never mind, my variant human alliance has no need to bully the weak, we will send someone with similar cultivation level to fight you."

Under Ice Crystal Immortal Monarch's instruction, a rank seven snowman Gu Immortal flew out and fought Xia Rui Zhi.

Both sides had just fought three rounds when Shen Cong Sheng stood up: "Who wants to fight me?"

Shen Cong Sheng was rank eight, his battle strength was also publicly recognized to be at the peak of Eastern Sea's Gu Immortal world. This time, Ice Crystal Immortal Monarch and Xiao He Jian did not dare to be overconfident. Under Fang Yuan's secret command, Xiao He Jian personally came out to fight.

Shen Cong Sheng and Xiao He Jian fought for a while, when another rank eight Gu Immortal from the Eastern Sea alliance army challenged, but he was not at Shen Cong Sheng's level.

The variant human alliance had many rank eight Gu Immortals, Ice Crystal Immortal Monarch thought for a while before sending a rank eight rockman Gu Immortal to meet the challenge.

Chapter 2070: Huge Victory in Battle

The two armies confronted each other, and the intense battles in the three battle circles attracted countless gazes. Xiao He Jian was a rank eight expert and in terms of strength, he was at the same level as a Heavenly Court member. And after returning from the blue dragon whale, Shen Cong Sheng also had a great improvement in his strength. The two were evenly matched.

But in the other two battle circles, the variant humans were at a disadvantage.

Chaotic Rock Grotto Lord was defending more than attacking, while the rank seven snowman Gu Immortal was already showing signs of defeat. His opponent was Xia Rui Zhi, who might be only at rank seven but was Xia clan's first supreme elder after all, he had abundant resources and many methods.

After several more rounds, Xia Rui Zhi suddenly shouted and used a fatal killer move to strike the snowman Gu Immortal.

The snowman Gu Immortal could not dodge it, his expression turned to despair.

Right at this time, Ice Crystal Immortal Monarch suddenly attacked Xia Rui Zhi with an ice path killer move.

Eastern Sea's alliance army was furious, they took actions to protect Xia Rui Zhi while blocking Ice Crystal Immortal Monarch's sudden attack.

Taking this chance, Ice Crystal Immortal Monarch pulled back that rank seven snowman to his side.

"Variant human Gu Immortals, you don't have any sense of honor indeed, losing the battle as well as disgracing yourselves!"

"It was a one on one fight and you actually interfered to save your people? Alright, since you don't respect rules, then we shall attack together."

"Kill! Slaughter these variant human Gu Immortals!"

The Eastern Sea alliance army was furious, the whole army charged towards the variant human alliance like a rushing tidal wave.

Ice Crystal Immortal Monarch and the rest had a change of expression..

Eastern Sea alliance army's offense was fierce, over ten Immortal Gu Houses took the lead and wreaked havoc. Comparatively, the variant human alliance had more rank eight Gu Immortals, but they lacked an Immortal Gu House and could only use their own bodies to fight.

Right at this crucial moment, an ant army suddenly appeared, forming a dazzling torrent that charged at the Eastern Sea alliance army.

The Eastern Sea alliance army was immediately obstructed by millions of ants. Many of the Immortal Gu Houses were infiltrated by the ants and could only use all their strength in defending, at once, the formation was in chaos.

Wu Shuai slowly showed himself, even without Dragon Palace, he was still a rank eight expert!

"Lord alliance leader!" The variant human alliance's morale soared immediately.

On the contrary, the Eastern Sea Gu Immortals were pale in shock.

“Why is Wu Shuai here?”

“Wasn’t he together with that demon Fang Yuan?”

“If he is here, what about Fang Yuan?”

As if answering the questions of the Eastern Sea immortals, Fang Yuan’s figure also appeared.

“You guys have a lot of guts.” Fang Yuan waved his hand with a slight smile, a five-colored ray of light shot out.

A rank seven Immortal Gu House was struck by the five-colored light; it started shaking violently for a few breaths of time before it was no longer able to resist and exploded violently.

The Gu Immortals inside were horrified as they exclaimed: “This is a compound killer move, it actually contains metal, wood, water, fire, and earth, a total of five paths!”

Fang Yuan snapped his fingers, countless butterflies made of light flew out.

The butterflies of light flew in the sky and charged upon all the Immortal Gu Houses like a rainstorm.

Immortal Gu Houses used their abilities and resisted with all their strength.

The light butterflies changed their colors and ingeniously dodged most of the attacks as they infiltrated the Immortal Gu Houses.

“This is also a compound killer move, it contains the profundities of transformation path and refinement path!”

“Don’t let these butterflies near the Immortal Gu Houses, they can forcefully refine Gu worms!”

The Eastern Sea alliance army shouted in chaos.

The variant human alliance’s immortals were dumbfounded.

With just his strength, Fang Yuan disrupted the whole Eastern Sea alliance army, this was pseudo venerable battle strength! This was the strength of the number one demon of the present age!

“Fang Yuan, how have you been?” At the crucial moment, qi currents surged like the roars of tidal waves, Qi Sea Ancestor appeared.

The Eastern Sea alliance army’s morale finally stabilized.

“Qi Sea Ancestor is making a move!”

“He also has pseudo venerable battle strength, only he can fight Fang Yuan.”

“Qi Sea Ancestor also returned? Wasn’t he missing?” The variant human Gu Immortals were astonished, their expressions turning heavy.

The reason that the Eastern Sea immortals organized this army to attack the variant human alliance, aside from Xia clan actively contacting other forces and taking the initiative to offer many resources, was because Qi Sea Ancestor had secretly returned and gathered these immortals.

“Fang Yuan, let’s go!” Qi Sea Ancestor broke the heavenly wind qi wall and entered immemorial white heaven.

Fang Yuan laughed: “Since you are in such a mood, then I shall accompany you.” Saying so, he also charged into immemorial white heaven.

No one dared to follow them, the sky over the Eastern Sea was already in chaos at this moment.

The fight between Fang Yuan and Qi Sea Ancestor in immemorial white heaven shattered the sky and caused darkness to loom over Eastern Sea.

Suddenly, Fang Yuan’s cold laughter could be heard: “Qi Sea, I am no longer the same as before. This is the killer move sword feather bladewing, let me see if you can block it.”

When his words ended, the immortals saw countless sword feathers in the sky that pierced the heavenly wind qi wall and floated down, shrouding the whole battlefield.

Shortly afterwards, countless sword feathers formed into bright bladewings which rapidly cut everything in their path. The Immortal Gu Houses appeared extremely fragile in front of these bladewings, only the rank eight Immortal Gu House Green Cloud Spark Warship was able to resist them.

Xia clan’s Immortal Gu House, Whale Fishing Boat, had its final layer of defense penetrated, over ten bladewings flew in and started a rampage.

“Ahh!” Xia Rui Zhi let out a mournful howl, he was actually killed inside the Immortal Gu House!

The immortals were horrified.

“Look at another move of mine, heartache crying blood.” After a while, Fang Yuan’s voice appeared again.

The Eastern Sea Gu Immortals immediately felt extreme heartache, and large amounts of blood flowed out of their mouth, eyes, and nose.

This was a compound killer move formed from blood path and wisdom path!

“There is also thunder note stream.” After another while, Fang Yuan’s voice resounded throughout the battlefield.

Countless formless qi currents slashed the sky.

Qi currents weaved into a net that covered all the Gu Immortals and Immortal Gu Houses, engraving lightning and qi path dao marks on their bodies.

“Too horrifying! This is a compound killer move of refinement path, lightning path, and qi path.”

“As long as we are trapped inside, we will constantly receive injuries.”

“Retreat, retreat!”

Both sides could not continue to fight, they started retreating madly without daring to stay even a second longer in the battlefield.

“Fang Yuan, you have actually progressed so much in just over ten days!” Qi Sea Ancestor’s voice finally spread, his voice vaguely contained shocked emotions.

The Eastern Sea Gu Immortals’ heart turned cold when they sensed his tone.

“Qi Sea, you are still injured, how can you be my match? Today will be the day your life ends.” Fang Yuan said, his voice was sonorous and resounded through the heavens, further horrifying the Gu Immortals.

Boom boom boom!

Loud explosions resounded like countless firecrackers were set off near the ears.

Both sides’ immortals looked up at the sky and saw qi waves fiercely moving around. The sky changed colors as if signifying the end of the world.

The enclosed heavenly wind qi wall fluctuated intensely. Right now, the thick qi wall gave people a feeling of fragile paper that was being torn by countless beasts.

Large amounts of powder scattered down.

This was the powder from splitting the heavens.

Qi Sea Ancestor and Fang Yuan had shattered the sky!

Shortly after, the immortals heard Qi Sea Ancestor’s exhausted voice: “Fang Yuan, it is easy for you to defeat me but you are dreaming if you think you can kill me.”

Fang Yuan laughed loudly: “Qi Sea, where are you going?”

The terrifying explosions in the sky seemed to be showing signs of slowing down.

Both sides let out sighs of relief. The aftermath of these two pseudo venerables’ fight were too terrifying. They shattered the heavenly wind qi wall, these immortals could not imagine what the consequences would be if they were in the range of this fight!

“What are you in a daze for, attack!” Wu Shuai suddenly shouted, waking up the stupefied immortals, “Qi Sea is defeated, we must trap these remaining people here, our victory is secured when Fang Yuan returns.”

“Attack!!!” The variant human alliance was roused, their morale rose to the peak from these words.

The immortals charged towards the Immortal Gu Houses.

They were attacking Immortal Gu Houses with their physical bodies, this battle tactic was obviously not sensible. But all the Eastern Sea Gu Immortals inside the Immortal Gu Houses were ashen and their hearts were cold.

If they said they were not afraid, they would be lying!

Even the Immortal Gu Houses were unable to give them any sense of safety.

“Retreat! Retreat!” Shen Cong Sheng shouted.

The Eastern Sea immortals fled without any hesitation.

The variant human Gu Immortals were most proficient in fighting these kinds of advantageous battles. They chased without resting and with imposing momentum.

After chasing for one hundred li, Fang Yuan returned and attacked.

The Eastern Sea alliance army looked extremely fragile in front of him, most of the Immortal Gu Houses were directly shattered.

“Obediently surrender now, offer up your Immortal Gu and you can still live.” Fang Yuan called out, “All members of the variant human alliance, listen to my command, no one is to attack those who surrender!”

The variant human alliance won a huge victory in this battle! The Eastern Sea alliance army suffered many casualties and even more were taken captive by Fang Yuan. Many Eastern Sea Gu Immortals chose to believe in Fang Yuan, seeing that this was a certain loss, they surrendered and gave up resisting.

Although Fang Yuan was the number one demon in the world and was extremely vicious, he had once captured Southern Border immortals, and as long as the ransom was received he released them alive.
