#### Chapter 2091: Clear and Bright Eyes

“Kill, kill him!”

“Don’t let him bring the Immortal Gu away!”

“That Immortal belongs to me, Gu Diao Gui Men, don’t think of leaving.”

The pursuing group was closing in, Feng Jin Huang had two paths ahead of her to choose from.

Only one could allow her to escape, the other path would lead to Diao Gui Men’s blessed land headquarters.

Feng Jin Huang did not hesitate, she chose the left path and rushed out.

With a loud sound, the view before her shined brightly.

Feng Jin Huang was slightly dazed, she soon found that her soul had returned to the outside world. The dream realm from earlier had already vanished.

“I passed the dream realm, as expected, that wild soul path Immortal Gu is the key!” After her soul returned to her body, Feng Jin Huang showed an excited expression: “This time, my soul path attainment level rose. Dream path master attainment level is really helpful when exploring dream realms.”

Ever since that dangerous situation in the Gu refinement secret room, Feng Jin Huang benefited from the ordeal instead and advanced to dream path master.

The last scene of the dream realm earlier was also Feng Jin Huang’s first attempt, she did not know which way was the right one. But at the crucial moment, her dream path master instincts told her which was the correct route to take.

“It is a pity that I cannot control the instinct gained by becoming a dream path master, it works at times but does not have effect at other times.”

“If I can become a dream path grandmaster, this instinct will be many times stronger, I can even use dream path Gu worms to form killer moves that mimic other paths as well.”

Feng Jin Huang sighed internally.

This advancement to dream path master was already an incredible experience to her, she had been fortunate to succeed after facing immense danger and the threat of death.

Feng Jin Huang could clearly feel that her understanding and accumulated knowledge of dream path had been used up, she barely became a dream path master. To raise her attainment level again, she would need to accumulate more foundation next, this would take a long time.

After packing up, Feng Jin Huang stood up and pushed the door of the cultivation secret room open.

Passing the long walkway, she arrived in the living room.

Fairy Bai Qing had already cooked food, the table was full of delicacies.

Seeing Feng Jin Huang, Fairy Bai Qing smiled: "Huang Er, has your cultivation for today ended? Looking at your expression, you must have succeeded."

"Indeed, mother. Dream path master attainment level is truly phenomenal, it is so helpful for my dream realm explorations!" Feng Jin Huang sat down and described the final scene of the dream realm: "If not for my instincts, my soul would have gotten heavily injured now."

Fairy Bai Qing's smile faded away: "I've already looked into it, that situation is quite clear now. The ones plotting against you are Li Jun Ying and Xu Hao. Li Jun Ying secretly became a shadow path great grandmaster but kept a low profile, allowing her to tamper with the Gu materials. But eventually, Zhao Lian Yun did not harm you but saved you instead. I am truly seeing this otherworldly demon in another light. No wonder she could become the current generation fairy, it was not just because she was the lucky person who received love Gu's recognition."

Feng Jin Huang had a complex expression on her face.

She recalled the scene in the secret room, fear still lingering in her heart.

Back then, she was completely defenseless, she was fish on the chopping block, Zhao Lian Yun could decide her life and death.

Even though Feng Jin Huang survived without any danger in the end, this situation still stirred her inner heart greatly!

Fairy Bai Qing continued to speak: "Huang Er, I have already inspected your body, there are no problems. Did Zhao Lian Yun really just save you, she did not list any requests?"

Feng Jin Huang shook her head: "Even though she did not say it, I have already guessed her plan. After all, her eventual goal is very obvious. Mother, forget about this, let's eat! After eating, I need to continue exploring dream realms."

Fairy Bai Qing nodded: "As long as you know what you are doing. But cultivating day and night all the time is no good, cultivation has its own pace to follow."

"Mother!" Feng Jin Huang interrupted Fairy Bai Qing: "I know about the concept of pacing myself, but I also know that I need to be stronger. I can only protect you when I am stronger, I do not want to be the one who is constantly protected. Only by getting stronger can I fulfill master's dying wish and become a dream path Gu Immortal. Only by getting stronger can I make people like Zhao Lian Yun and Fang Yuan unable to bully and plot against me. Only by getting stronger can I face my father directly and engage with him in a fight to show him my true goals!"

Fairy Bai Qing was dazed for a moment.

Feng Jin Huang's eyes were seemingly emitting bright light, two rays of light shot into Fairy Bai Qing's heart.

Fairy Bai Qing held down her worries as she smiled: "Huang Er, since you have made your decision, go ahead and do it. I will support you all the way! If you have any needs, I will do my best to help you."

Feng Jin Huang left her seat and came to Fairy Bai Qing, she held her mother's hands: "Mother, I know you love me. Do you have any method to get guts Gu? I need guts Gu the most now."

Fairy Bai Qing smiled bitterly: "Oh Huang Er, this request is too much for me. You know that guts Gu is only produced on Dang Hun Mountain, and this mountain is in the hands of that demon Gu Yue Fang Yuan, he has already stopped selling guts Gu publicly for a long time now. All of the guts Gu in the market are just the remaining stock that he sold in the past, with the quantity dwindling, the price is also getting higher."

Feng Jin Huang sighed: "Mother, you know that many methods can heal my soul but they will have certain side effects, nothing can match guts Gu. I must become a dream path Gu Immortal, if my soul has too many varying dao marks at that time, it will limit my future potential."

Fairy Bai Qing patted Feng Jin Huang's hands: "I will do my best, sigh, if only your father was here..."

Feng Jin Huang's expression changed as she said in displeasure: "Mother, don't mention him in front of me!"

"Alright, alright, I won't talk about him."

At the same time, Affection Peak.

"To think that the sect sent you to convince me." The owner of Affection Peak, Zhao Lian Yun, looked at the person with a smile.

Bu Zhen Zi smiled bitterly: "Fairy, please don't take offense. This was a task given to me, I had no choice but to come here and talk to you."

Zhao Lian Yun's smile widened: "You are too polite. Back then, when we went to Northern Plains and fought on Snowy Mountain, if not for your protection, I would have died already, please come in, I have prepared some tea for you."

Bu Zhen Zi was a rank seven Gu Immortal who cultivated phantom path, back then, he was ordered by the sect to protect Zhao Lian Yun, he showed a good performance in Reverse Flow River and was heavily nurtured after returning to the sect.

Spirit Affinity House's higher-ups also considered this point, they sent Bu Zhen Zi here to convince Zhao Lian Yun to stop her actions.

Bu Zhen Zi arrived in the evening, when the tea ceremony ended, the moon had already appeared into the sky.

"Fairy, there is no need to send me off, I will take my leave now." Bu Zhen Zi cupped his fists, his expression was joyful, this discussion was quite successful, Zhao Lian Yun was far more magnanimous and easy-going than he had expected.

Zhao Lian Yun nodded: "Goodbye."

Bu Zhen Zi said sincerely: "Fairy, I have already understood your circumstances and problem, I will go and inform first supreme elder, please do not worry."

Zhao Lian Yun smiled: "I will have to trouble you then."

Zhao Lian Yun watched as Bu Zhen Zi left, even after his figure vanished into the clouds, she still remained standing at the top of Affection Peak.

Night winds howled, the surrounding mountains were covered in dense fog, nearly concealing even the bright moon in the sky.

This was Spirit Affinity House's main headquarters, the moon in the sky was just an immortal formation in essence.

Zhao Lian Yun was dressed in white, her clothes moved along with the wind, she had long black silky hair and clear skin, her eyes were furrowed as she looked at the night sky.

She was Spirit Affinity House's current generation fairy, her status was very high, even a rank seven expert like Bu Zhen Zi had to speak to her politely.

She had the Thieving Heaven true inheritance of divine concealment, she controlled love Gu, she could command people at will, it was really not easy for an otherworldly demon like her to reach this stage.

However, none of these made Zhao Lian Yun happy.

"Right now, I have become an immortal but you are not by my side. Sigh, being an immortal is no better than a mortal..."

The huge five regions and two heavens were still not her homeland, she could not truly feel at ease.

She was once favored by fortune, she encountered Ma Hong Yun, whom she entrusted her heart to.

But destiny was also cruel, she got separated from Ma Hong Yun, getting sold publicly as Feng Jiu Ge bought her, she participated in the Reverse Flow River battle but watched as Fang Yuan killed Ma Hong Yun in front of her.

She was used by Xu Hao and Li Jun Ying as a pawn, she had once knelt on the ground and begged, she tried all ways possible to become the current generation fairy.

She was given trouble at the secret inheritance peak, at that time, Spirit Affinity House's Gu Immortals were very cold to her.

After hearing of Fang Zheng's successful immortal ascension, she went to visit him and even brought gifts.

She helped Fang Zheng train his blood turns cold killer move.

With the help of Xu Hao and Li Jun Ying, she became the Affection Peak Lord. She knew about this couple's scheme, but she had to agree to deal with Feng Jin Huang for them.

But not only did Feng Jin Huang not die, Zhao Lian Yun saved her instead.

This was Zhao Lian Yun's scheme.

"Xu Hao and Li Jun Ying made use of me, but I can also make use of their hatred towards Feng Jiu Ge to manipulate them! If they want to deal with Feng Jiu Ge, they will need to rely on me. I can also use them

to cultivate and grow faster. Thankfully, I have divine concealment, it allows me to face wisdom path Gu Immortals with ease.”

“Bu Zhen Zi and I have some history of fighting together, we can become allies for benefits.”

“Fang Zheng has already become the Demon Judgment Board Lord, my investment was truly worth it.”

“And Feng Jin Huang also owes me this favor, maybe we can join hands to deal with Fang Yuan. After all, he snatched her Hu Immortal blessed land.”

Zhao Lian Yun schemed with all her strength, a vague web that connected several forces was already forming around her.

She only had one goal, that was to retrieve Ma Hong Yun’s soul from Fang Yuan and revive her lover!

“Fang Yuan...” Zhao Lian Yun muttered, the worry on her face deepened immediately.

Fang Yuan was like the fog that covered this sky, he was grand and vast, compared to him, Zhao Lian Yun was insignificant and weak.

Her goal was like the moon in the sky, clouds covered it and hid everything from her, almost completely obscured.

She could not see the path ahead, she could not find a destination.

Zhao Lian Yun gritted her teeth, her body was like a weak white flower that would be blown away by the wind at any time.

But her eyes were still shining brightly.

“I need to persevere!”

“I cannot give up.”

“If even I fail, then who can still save Hong Yun?”

“In this world, he can only rely on me. And I can only rely on myself!”

“Tomorrow, I will head to Sorrowful Wind Mountain Range. The traces of their fight can still be found there, I can gain first-hand information and deduce Fang Yuan’s current strength.”

#### **Chapter 2092: Wang Xiao Ers Amnesia**

Sorrowful Wind Mountain Range.

In an ordinary and common cave, the four great obscenities of Central Continent chose to rest in this place.

Eastern Obscenity Chen Yin Dao, Western Thief Yu Ba Guang, Southern Disturbance Shi Bao and Northern Squandering Fan Chun Yao, they all had rank four cultivation level, they were infamous in Central Continent’s Gu Master world, they had taken the chastity and lives of many innocent girls.

At this time, these four men were standing in a circle, they stared at a young man who was unconscious, observing him.

“Why hasn’t he woken up yet?”

“He has been sleeping these last days, he has not even eaten anything but he is still full of vitality.”

“Do you guys think he is an immortal?”

The four Gu Masters were talking about Wang Xiao Er.

Wang Xiao Er was an ordinary shepherd, but life was extremely cruel to him. During the battle to pursue Fang Yuan, the aftermath caused the mountain he lived on to be destroyed, all of his family members were dead.

But for some reason, Wang Xiao Er did not die, he even fell into this peculiar state.

“Think about it, when we first met him, the grass and flowers around him were blooming and dying constantly. He might be a Gu Immortal who joined that battle, he got injured and his enemies thought he was dead, but he used some method to preserve his life, except he fell into a coma afterwards.” Yu Ba Guang tried to connect the events.

They were just Gu Masters after all, they did not have the information that Heavenly Court was spreading around in treasure yellow heaven.

“But if he is an immortal, why would an immortal dress like this?” Shi Bao pointed at Wang Xiao Er’s clothes as he showed a strange expression.

Wang Xiao Er’s clothes were tattered and patched up, he obviously had the lowest status in society, he was not even qualified to become a Gu Master.

Fan Chun Yao rubbed his chin: “If only we can soul search him, we would know the truth. But these days, even though we used all our soul searching methods, there was no effect. This is definitely something a Gu Master cannot do.”

Soul searching methods had been widely spread ever since Spectral Soul created them, it was simply too convenient after all.

Any demonic path Gu Master who did not know a single soul searching method would be too ashamed to call themselves demonic.

The four Gu Masters gritted their teeth, they had never seen such a peculiar situation, they did not know what to do now.

Eight eyes stared at Wang Xiao Er fixedly.

Chen Yin Dao spoke: “Sigh, look at his motionless state, if only this were a female immortal.”

The other three looked at each other.

“Hehehe.” At the next moment, they chuckled knowingly.

After some silence, Shi Bao suddenly shouted: "Screw it, waiting like this will have no progress! I am going to take action."

"What are you thinking of doing?" Fan Chun Yao asked.

Shi Bao snickered: "This!"

Before finishing his words, he attacked abruptly, he activated an offensive Gu worm and shot out a red light at Wang Xiao Er.

"You are crazy!" The others were shocked.

But soon, all of their attention was drawn by the phenomenon around Wang Xiao Er.

They saw that traces of silver threads glowing around Wang Xiao Er, these threads easily blocked the red light, it weakened and dissipated instantly.

Shi Bao was dumbfounded, the others showed the same expression. They all knew that this was Shi Bao's strongest method, but it was easily dispelled by this Wang Xiao Er.

"Looking at his aura alone, this is clearly just a mortal."

"But he managed to block Shi Bao's attack in his sleep, this is something that even a rank five Gu Master has to block carefully."

"If he is not an immortal, what can he be? This is not something a Gu Master can do."

"Wait, his eyelids are moving!!!"

The four were shocked, the cave fell into dead silence.

Wang Xiao Er slowly opened his eyes, his vision was still blurred, his mind was in a mess.

He sat up.

Plop, plop... the four Gu Masters knelt down on the ground, shouting: "Immortal, spare us!"

Wang Xiao Er was shocked: "Who are you guys? Where am I? Wait, who am I?"

Wang Xiao Er hugged his head as pain could be seen on his face.

The four demonic path Gu Master looked at each other, a similar thought appeared in all their minds.

"Don't tell me, the immortal... lost his memories?!"

Several days later.

In a valley at night, a raging bonfire was burning.

"Come, drink wine!" Chen Yin Dao placed his arm around Wang Xiao Er's shoulder as he took out the precious wine that was kept for years, offering it to him.

Wang Xiao Er's face was already red, he was covered in the odor of alcohol.

Once he took the bowl, Shi Bao smiled as he handed the fragrant barbecued meat to Wang Xiao Er.

“Come, eat, little brother.” Shi Bao’s tone was so mushy he even felt like vomiting, this evil individual had never been so nice to anyone.

Wang Xiao Er was not only looking rosy, even his clothes had changed, the quality was much better than before.

He drank wine and ate meat as he said: “Brothers, you are really nice people, not only did you save me, you are treating me so well.”

“Don’t mention it!” Chen Yin Dao patted Wang Xiao Er’s shoulder: “It was fate that we met.”

At the same time, his heart was bleeding internally: “My wine that has been kept for more than ten years, I couldn’t even bear to drink it myself!”

“We are all people in the same situation, this is nothing.” Yu Ba Guang returned, he had just arranged some investigative Gu worms in the surroundings, he showed an honest and dependable smile.

“Rely on family when at home, rely on friends when outside. As long as everyone helps each other, I believe this world will become a better place!” Seeing the other three’s performances, Fan Chun Yao did not want to fall behind as well.

They were all shocked by the scene in the cave earlier. After confirming that Wang Xiao Er was a Gu Immortal who had lost his memories, they decided to treat him like their own ancestor.

After all, if Wang Xiao Er regains his memories in the future, seeing how well the four of them treated him, he would not do anything bad to them.

Wang Xiao Er drank wine and ate meat, after filling his stomach, he went to sleep on the comfortable and large bed that the four of them prepared.

He had truly gotten amnesiac.

Even though he did not lose his ability to function as a person, he could not remember any of the details of his past.

During this period, the four Gu Masters had brought him back to the ruins but his memories did not return.

All that happened was that Wang Xiao Er remembered his own name, he told the four great obscenities.

Wang Xiao Er felt that life was very blissful.

But the other four Gu Masters felt like life was currently torture.

Since when did these four demonic path Gu Masters act so subserviently before? They were ruthless and cruel, they did things without worry, why would they put up this groveling attitude?

Thus, a few days later, these four Gu Masters could not take it anymore.

“Guys, even though I want to know the immortal ascension method from this immortal, this life is really too hard to live.”

“I know, we have to be careful all the time, it is really stifling.”

“My worry is, if this Gu Immortal recovers his memories, will he really reward us?”

“If he is a righteous path Gu Immortal, he will easily learn of our past deeds. What will he do to demonic path members like us?”

“If he is a demonic path Gu Immortal, if he recalls the scene of us attacking him, will he rip out our tendons and skin?”

The four of them had deep chemistry after years of living together, their thoughts were quite similar.

The four of them discussed for a while, they decided to get away from Wang Xiao Er.

Life was too painful while reward was nowhere in sight, in fact, they might be awaiting death instead.

“How can we get free from Wang Xiao Er?”

“We can’t leave too directly, if he regains his memories, wouldn’t he come after us for trouble?”

“I have a good idea.”

“Tell us, tell us.”

“We are currently here, there is slaughter soul crater nearby, we will enter this place and get free from this problematic person!”

The next day.

The four Gu Masters brought Wang Xiao Er deep into slaughter soul crater.

Slaughter soul crater had a plain terrain, but the actual environment was very complicated.

This place was part of Sorrowful Wind Mountain Range, it was originally an ordinary mountain that had nothing special in it. But after the huge battle involving Fang Yuan, this place was implicated.

At that time, Black Heaven Temple’s Gu Immortals witnessed themselves how this slaughter soul sunken land formed.

Spectral Soul shot out a black soul ball but Dragon Palace dodged it.

This soul ball shot into the mountain valley.

There was no sound, at the instance, with the valley as the core, the surrounding thousand li of mountains and valleys turned into black dust that flew away with the wind. The originally bountiful mountains vanished soundlessly, only a huge crater was left.

The crater was formed by Spectral Soul’s killer move, it was filled with soul path dao marks.

The living beings who had once lived here were wiped out, but their souls remained.

Soul path dao marks, wind path dao marks, earth path dao marks, and others converged to form a dense fog, all sorts of soul beasts started to live in the fog.

The surrounding living beings either entered by mistake or were attacked by the soul beasts, either way, the more living beings that died here, the more souls that remained, this slaughter soul crater's fog became increasingly denser.

The five of them carefully avoided many strong soul beasts, they went to the center of slaughter soul crater.

Yu Ba Guang made an excuse of scouting the area as he left, the other four did not move away.

Wang Xiao Er did not understand the situation, he asked: "Brothers, why are we here?"

"Clearly, we want to leave you here. Of course, we won't do it directly, we will lure some soul beasts here and pretend to be outmatched, in order to protect you, we will lure these soul beasts away while risking our lives." Chen Yin Dao smiled to himself as he thought.

Other than putting up a show, the four great obscenities also had another thought.

In the event that this immortal died at the hands of the soul beasts, would he leave any inheritance behind?

Those who were in the demonic path were normally people with extraordinary guts.

The four great obscenities were outstanding members in this aspect.

Chen Yin Dao did not speak the truth of course, he patted Wang Xiao Er's shoulder: "Brother, we came to Sorrowful Wind Mountain Range to collect some Gu materials. This slaughter soul crater was created by the fight between immortals, before it calms down completely, we have a lot of opportunities to get rich here."

### [Reverend Insanity](#)

#### **Chapter 2093: Chaotic Battle of Five People**

Slaughter soul crater was still forming now, during the process of conflicting with the surroundings, many gaps would naturally appear. After it stabilizes and reaches balance with the surroundings, the living beings would return inside, beast groups and beast kings would guard their own territories and expand the crater. By then, outsiders would not be able to enter easily.

Right at this time, the howling of soul beasts could suddenly be heard.

Chen Yin Dao was slightly surprised: "Yu Ba Guang's ability to lure beasts has increased."

But soon, they found something amiss.

What lured the soul beasts here was not Yu Ba Guang, but a group of Central Continent righteous path Gu Masters.

These people passed the soul fog and arrived in front of Chen Yin Dao, they were at first happy to see reinforcements but soon, their expressions changed.

Someone shouted: "Oh no, the four great obscenities!"

After observing the situation, Chen Yin Dao relaxed and smiled coldly as a sharp gaze flashed in his eyes:  
“This is my lucky day.”

An intense battle ensued.

The Central Continent four great obscenities obtained great victory.

Not only did they kill some soul beasts, they even captured some righteous path Gu Masters alive.

“What a coincidence, these five remaining ones are all girls.”

“Look at this one, she looks really cute.”

“This one is not bad too.”

“My favorite is this one, look at her tiny mouth and big eyes!”

The four demonic path Gu Masters assessed the girls with increasing fondness.

As their captives, the female Gu Masters were extremely fearful.

“What are you trying to do!”

“I’m warning you, don’t have any evil thoughts, otherwise, even if I die, I won’t let you succeed!”

“Hmph, I am a Gu Master of Spirit Affinity House, consider the consequences before you act.”

Facing the threats of the girls, the four great obscenities laughed wildly instead.

“Yes, this is what I like, I love this expression.”

“Go on and scream, shout louder, nobody is going to save you!”

“So what if you are from Spirit Affinity House? Back then, we even targeted Heavenly Lotus Sect’s Fairy Bi Xia. It was a pity that guy called Fang Zheng ruined it. Hmph, we will find him and settle the score eventually.”

The four great obscenities slowly approached the female captives as they chuckled lewdly to themselves.

“Brothers, what are you guys doing?” Wang Xiao Er spoke from behind them, he was completely muddled.

The other nine people were all stunned.

Chen Yin Dao frowned.

The atmosphere from earlier was completely ruined by Wang Xiao Er’s words.

Shi Bao directly walked towards Wang Xiao Er and wrapped his arm around his neck, bringing him to the female Gu Masters as he chuckled: “Brother Wang Xiao Er, we will give you an eye opener today. You will learn what the true joy of the mortal world is!”

The other three obscenities looked at each other, they communicated with each other subtly and nodded.

All of them were daring people who had been on the righteous path's arrest warrants for years, they lived lives of worry and danger, they were used to maximizing their happiness regardless of consequences.

Wang Xiao Er was going to be dealt with later anyway, in fact, dragging an immortal through the mud was also quite fun!

Let's do that!

Thus, the four great obscenities surrounded Wang Xiao Er.

"Oh, so little brother does not know this. Don't worry, us elder brothers will teach you!"

"Come on, this is a really fun thing to do."

"After one attempt, you will be hooked."

"Half the fulfillment of life lies here."

Wang Xiao Er nodded repeatedly as he asked with interest: "What should I do?"

Shi Bao had a muscular body and impatient nature, he immediately dropped his pants: "Do this!"

The female Gu Masters shouted in unison, some had their eyes shut.

"Hehe." Yu Ba Guang had a slim body, he also removed his pants.

There was another wave of screaming.

Fan Chun Yao was slightly chubbier, he pouted as he removed his pants, pointing downwards: "Look!"

The female captives screamed even louder now.

Shi Bao and Yu Ba Guang stared with wide eyes, they showed an indignant expression but the fact was right here, it made them feel helpless.

Chen Yin Dao quietly pulled down his pants.

The female Gu Masters' screams reached an unprecedented peak.

The other three obscenities raised their thumbs in unison, saying: "As expected of our boss!"

"Let me do it too." Wang Xiao Er was excited, he quickly removed his pants.

"Eh?" The female captives gasped at the same time.

The four great obscenities cast their gaze at the same time.

The surroundings fell into a state of awkwardness.

Shi Bao was the most straightforward person, he walked towards Wang Xiao Er and patted his shoulders in sympathy.

"This is not your fault, you should blame your parents instead!" Fan Chun Yao consoled.

“Don’t worry, even though you have a poor foundation, this also proves that you have a lot of room for improvement. I have many Gu worms, I can help you.” Yu Ba Guang encouraged.

Chen Yin Dao did not speak, he only thought to himself: “This Wang Xiao Er really lives up to his name[1]!”

“Let’s go, I can’t wait anymore!” Shi Bao walked towards the female Gu Masters.

“No, don’t come here!” The female Gu Masters quickly shuffled backwards, some had pale expressions, some had bright red faces.

“Let’s go together, together.” Fan Chun Yao clapped.

“But they don’t seem too willing, this isn’t appropriate?” Wang Xiao Er asked softly.

“Don’t worry, don’t worry, just follow what we do.” Chen Yin Dao encouraged Wang Xiao Er.

Just as the five were about to take action, they heard a cold snort.

Instantly, the four great obscenities and Wang Xiao Er turned into motionless statues.

The female captives were extremely shocked.

Next, Zhao Lian Yun walked out of the dense fog.

She came here to try and deduce Fang Yuan’s strength through the traces he left behind, but now, her mood was very heavy.

While she was about to return, she found that a female Gu Master of Spirit Affinity House had gotten into danger, she immediately took action.

Thus, the Central Continent four great obscenities were taken down easily.

After expressing her identity, Zhao Lian Yun saved these female Gu Masters.

The female Gu Masters thanked her profusely, the Spirit Affinity House Gu Master was even filled with admiration and excitement: “Fairy Lian Yun, these four great obscenities have committed many atrocious acts, this is their retribution! These people have sinned greatly, even killing them is too cheap of a punishment.”

Zhao Lian Yun smiled: “Taking their life is really too good for them. How can we uphold justice for those women they harmed? I have a good method, just watch.”

Zhao Lian Yun waved her sleeves as the five guys started to move again.

Despite being so close in proximity, they could not see Zhao Lian Yun and the rest, they were stuck in some illusion.

“Beauty, here I come!” Shi Bao pounced at Fan Chun Yao.

After Fan Chun Yao was pushed to the ground, he continued smiling: “Ah, you are really rough.”

The five men were stuck in a physical brawl, engaging in a chaotic ‘battle’.

The female Gu Masters watched with dumbfounded expressions, they quickly turned red.

“Oh heaven.” A girl covered her eyes but continued to peek through the gap between her fingers.

“This hurts my eyes!” Someone gasped.

“This position is possible?” A mature female Gu Master recorded this knowledge in her mind.

“Alright.” Zhao Lian Yun waved her sleeve: “Leave with me, these people will continue with this until the soul beasts eat them or when they die of exhaustion.”

The female Gu Masters were shocked by Zhao Lian Yun’s method, they obediently followed her and left the place.

But even Zhao Lian Yun could not have anticipated this, after a few minutes, silver threads started to shine around Wang Xiao Er’s body.

These silver threads radiated the surroundings, causing the five who were locked in intense physical engagement to awaken, they remembered everything that happened.

There was dead silence!

“We were so unlucky, a female immortal actually came!!” Fan Chun Yao was internally shocked.

“This female immortal is too vicious, that was more cruel than just killing us.” There were tears in Yu Ba Guang’s eyes as he grabbed his hair and screamed internally.

“I actually, I actually...” Chen Yin Dao no longer had the disposition of a leader, his eyes were hollow, he muttered as he thought of suicide.

“Urgh!” Shi Bao started to vomit profusely.

“What happened guys?” Amidst the silence, Wang Xiao Er spoke with a confused expression: “Why did we stop?”

The four of them were shocked!

They turned around to look at the naked Wang Xiao Er, they were frozen like statues.

Wang Xiao Er scratched his head: “Brothers, why are you looking at me? Oh right, those female Gu Masters were all brought away. I thought they were going to play a game with us?”

Shi Bao stopped vomiting, the four of them looked at each other with complete silence.

“Erm...” After some time, Chen Yin Dao spoke with a trembling voice: “Brother Wang Xiao Er, you are really smart. Those women that we invited were... audiences. Didn’t you see their expressions? Think about it, they were all excited, very excited and focused, they were watching in amazement. We were helping these people feel joy and pleasure, isn’t this how us men should act?”

“As expected of our boss!” The other three obscenities raised their thumbs in approval.

Wang Xiao Er clapped with his fist and palm as he realized: “So that’s it, brothers, you are all good people.”

Chen Yin Dao laughed loudly: "Of course we are."

Saying so, he wiped his tears away.

Next, he said to the other three: "So be it that this happened, don't tell anyone about it. We are doing a good deed but we will not publicize it, this is how true gentlemen act."

The other three nodded rapidly.

Of course!

If they spoke about this, it would be too humiliating, what would everyone think of them?

Wang Xiao Er asked again: "Brothers, are we still going to play?"

The atmosphere froze once again!

Shi Bao cursed: "Play my ass! Play what?"

"They, they have all left, nobody is here to see it." Yu Ba Guang added in with a meek voice.

After getting scolded, Wang Xiao Er felt quite happy as he smiled innocently: "Oh, it is great that we're stopping. Brother Shi Bao is right, my butt still hurts a lot now."

The scene fell into silence again!

Shi Bao slammed his fists on the ground repeatedly.

Yu Ba Guang lowered his head, biting his lips as blood started to appear.

Fan Chun Yao slammed his own head with his fists, trying to send himself into a coma.

Chen Yin Dao stared at Wang Xiao Er with wide eyes, his lips were shaking.

Wang Xiao Er looked at Chen Yin Dao as he asked in confusion: "Brother Chen, do you have anything to say to me?"

At the next moment, Wang Xiao Er realized: "Oh, I get it, does your butt hurt too?"

Cough!

Chen Yin Dao spat out a mouthful of blood as he fell down on the ground.

"Boss!"

"Boss!"

"Boss!"

The others who were still naked quickly ran over to him, trying to help Chen Yin Dao.

Chen Yin Dao was very feeble now, he barely managed to open his eyes as he said weakly, in an almost sobbing voice: "Go away... don't touch me."

[1] In certain slangs his name sounds like 'small little brother'.

Days later.

Sunlight pierced through the darkness, radiating on the world.

In a certain valley near the periphery of Sorrowful Wind Mountain Range, Eastern Obscenity Chen Yin Dao, Western Thief Yu Ba Guang, Southern Disturbance Shi Bao and Northern Squandering Fan Chun Yao had already woken up, they were sitting on an icy rock, looking at the sky as they laid spread eagled, their eyes were hollow, there was no life in them.

Ever since that terrible ordeal in slaughter soul crater, every night, the four great obscenities and Wang Xiao Er would lose control of their bodies, they would engage in the indescribable activity together.

The four great obscenities would lose their senses each time, by the time they wake up, they would realize that they had done some horrifying act once again.

Even though Wang Xiao Er got rid of a portion of Zhao Lian Yun's method, some of it still lingered.

"This is a curse! The most vicious curse in this world!"

"That fairy from Spirit Affinity House looks so kind and delicate but she is truly too vicious, she is evil to the core!"

"I don't believe it, I don't believe it, maybe I am just dreaming now. I will wake up from my nightmare one day, right?"

"I am a great man, how can I do something so shameful, I have let down heaven and earth, I have let down my parents, I have let down myself!"

The four great obscenities were silent on the outside but they were all crying out in their hearts, feeling sadness and anger, regret and pain.

Wang Xiao Er walked out of the Gu House at this moment.

He had just woken up, he rubbed his eyes and looked at them, asking in concern: "Brothers, why are you up so early, you are all naked outside, you might catch a cold."

The four great obscenities' bodies shook intensely.

They turned around and looked at Wang Xiao Er, showing a complex emotion on their faces.

On one hand, they revered Wang Xiao Er, because of Zhao Lian Yun's method, if not for him, they would have died of exhaustion already. They believed in Wang Xiao Er's identity now, only an immortal could dispel another immortal's method!

But on the other hand, they hated Wang Xiao Er. Ever since they saved him, nothing good had happened. Not only did they return from Sorrowful Wind Mountain Range empty handed, they even received the greatest humiliation of their lives!

After a long silence, their boss Chen Yin Dao spoke bitterly: "Brother, you woke up."

“Yes, our exercise last night was too intense, I slept very soundly.” Wang Xiao Er smiled innocently: “Recently, I’ve started to feel pleasure from this, brothers, what you told me earlier makes sense after all.”

The four great obscenities’ bodies shook again.

The four of them looked at each other, sensing the fear and horror in each others’ eyes.

“Don’t tell me this immortal was like this to begin with?!”

“What sort of person did we actually save!”

“Maybe he has the ability to lift our curse but he purposely chose not to, this is something we should think about.”

“Is he really amnesiac, or is he pretending? If I like men too, as an immortal, I might want to play around in the mortal world as well...”

The four felt more terror as they thought about it.

They wanted to get away from Wang Xiao Er but they could not do that anymore.

Each time the curse activated, they needed Wang Xiao Er to dispel it. If they left, they might die the following night.

Thus, the four of them had to keep Wang Xiao Er happy, so that he would get rid of this fatal danger for them.

“Seriously, what is this situation!” Chen Yin Dao wanted to cry but he had to smile forcefully: “Xiao Er, this is nothing much, we enjoy blessings and endure misfortune together, we are brothers after all!”

After finishing his words, Chen Yin Dao stared at the other three.

They had to resist the disgusting feeling as they spoke in agreement as well.

“Indeed, this is our brotherhood!”

“Otherwise, why would there be a saying about brotherly relationships?”

“We were destined to meet, as your elder brothers, we need to take care of you.”

Wang Xiao Er smiled and nodded: “It was really my fortune to have met you brothers.”

“No, this is the greatest misfortune of my life!” The four of them screamed internally.

Wang Xiao Er added: “Let’s continue to play tonight!”

“Don’t remind me, you scumbag!!” The four of them cried out in anguish in their minds.

While Wang Xiao Er was away, the four of them gathered during the day.

“We cannot let this go on!”

“We cannot live life like this.”

“Guys, do you think Wang Xiao Er really lost his memories or is he pretending?”

“We need to test it. Go capture a few mortal women tonight, no matter what, we need to let Wang Xiao Er know we are normal people. If he really lost his memories, we will turn him back to normal, if he is pretending, we will make sure he cannot put up with the act anymore!”

The four great obscenities shouted in unison, they were going crazy these last days.

This method was risky, but even if they angered the immortal Wang Xiao Er, death was still a good reward at this point!

At night time, the four great obscenities captured over a dozen mortal women.

The women were all brought into the Gu House.

Wang Xiao Er was a little excited: “Brothers, you have worked hard to invite such a large audience tonight.”

“Brother, let us teach you something tonight.” Chen Yin Dao patted Wang Xiao Er’s shoulder as he said solemnly.

“Alright, I will do my best to learn it, I will listen with my heart!” Wang Xiao Er clenched his fists, showing an excited expression.

But reality was still cruel to them.

When their activity reached the climax stage, the four great obscenities were shocked to find out — they could not do it!

“Quick, turn hard now.”

“Oh, why, why did this happen?”

“I actually, I actually don’t feel anything towards women. Waaaaaaaaa...”

“Why do I feel more excited and pleased when I look at men now?”

The four men wanted to struggle but the curse activated at the next moment.

The female captives were shocked to see the battle of five men, it was a climactic fight, some of them were very excited while the others felt disappointment.

Some even wanted to join in but were sent flying with one slap.

This incident was a huge blow to the four great obscenities.

“Let’s suicide, this is not a life that we can lead.”

“Living is worse than death, I’d rather die now.”

“Can anyone kill me, please come out now!”

The four of them were sick of life, they were listless and dejected all the time.

Seemingly granting their wishes, not long after, righteous path Gu Masters came to pursue them.

“We finally found you! You dared to target our Spirit Affinity House’s disciple, did you really think we would let you off?” Qin Juan said with anger, attacking the four great obscenities.

The four great obscenities were in despair and felt life was not worth living, after leaving Sorrowful Wind Mountain Range, they did not bother to conceal their traces, they were no longer as vigilant as usual.

After hearing that they were alive, Zhao Lian Yun felt a little interested, she passed down a sect mission to kill these people and investigate the truth.

Qin Juan was close to Feng Jin Huang, but she did not know that this mission which carried a huge reward was listed by Zhao Lian Yun. The Spirit Affinity House Gu Master who got captured in slaughterer soul crater earlier was close to her, thus, she took on this mission.

The four great obscenities screamed about not wanting to live every day, but at the moment of crisis, they erupted with an intense will to survive.

For half a month, they fought nearly ten times.

Qin Juan had rank five cultivation level, she suppressed the five of them.

Even though the four great obscenities were famous demonic path Gu Masters in Central Continent, they were just demonic cultivators that the ten great ancient sects allowed to live. These demonic cultivators were useful in training their sect disciples, thus, they made use of these people to act as a trial for their members.

The ten great ancient sects did not mind minor characters like the four great obscenities, thus they were allowed to cause chaos in Central Continent and hide successfully from arrests.

But the situation was different now, the Gu Immortal Zhao Lian Yun had sent a mission, the force pursuing them was different from usual.

The four great obscenities escaped with Wang Xiao Er as they tried to come up with a plan.

“We can’t live in Central Continent anymore!”

“What do we do?”

“We can only go elsewhere, boss, you can decide for us.”

Chen Yin Dao pondered: “Northern Plains is dangerous and lacks resources, we can’t go there. Even though Eastern Sea is rich, the righteous path is fighting against those variant humans, it is too dangerous. Western Desert is full of deserts, and the environment is bad. Let’s go to Southern Border instead.”

“Alright, we will go to Southern Border!”

Southern Border.

Underground.

“According to Lu Wei Yin, it should be here. Mm, found it.” Fang Yuan went deep underground, suddenly, his eyes shined as he found his target.

He saw that at the walls of this small Earth Trench, there was a field of pink grassland.

Each ‘grass’ was pink, moving without any wind.

Looking at the ‘grass’, each was thin and long, resembling fur.

“This is the earth dream fetus hair, Meng Qiu Zhen, come out.” Fang Yuan opened his immortal aperture door as the pure dream clone came out.

Meng Qiu Zhen took a glance and praised it as he took action, using dream path methods to carefully store the earth dream fetus hair away.

After Fang Yuan obtained Southern Border’s Paradise Earth true inheritance, he gained many earth path Immortal Gu, he also had methods to search for immortal materials underground and the ability to control Flying Earth.

The Mushroomman Paradise had existed in Southern Border for a long time, after tens of generations of accumulation, they found a lot of treasures deep under Southern Border.

Among the treasures, Fang Yuan found some locations with dream path immortal materials.

The earth dream fetus hair was just one of them.

Dream path Gu materials and Gu worms had appeared in the world long ago, for example, Fang Yuan’s Dream Token and the spring dream fruit tree that Bo Qing and Mo Yao found.

This was like how water path Gu worms and materials existed during Ren Zu’s era, but water path was only created by Central Continent’s Shui Ni, the founder of Spirit Affinity House, during the Medieval Antiquity Era.

Dream path was similar.

Even though dream path had not been formally created, the dream path Gu worms and materials that existed in history had already appeared.

But dream path was different from water path, it would have an explosive growth in the future.

By then, the five regions and two heavens would be full of dream realms.

Because dream path Gu materials would be too easily obtainable, and because a vast number of Gu cultivators could use them, dream path would quickly progress as a path.

Countless dream path Gu Masters would cultivate more dream path Gu materials to refine more dream path Gu worms, pushing the progress of dream path to an unprecedented level!

If Great Dream Immortal Venerable truly appears, then dream path would reach its peak popularity in history.

Thus, Fang Yuan was not surprised that some dream path immortal materials were hidden away.

Meng Qiu Zhen successfully took the earth dream fetus hair, he went back inside Fang Yuan's sovereign immortal aperture.

Next, Fang Yuan went to another location, there were many nine tune dream flowers there.

Meng Qiu Zhen had a lot of things to do.

On one hand, he had to organize dream path killer moves, on the other hand, he had to plant resources and develop his immortal aperture.

According to Fang Yuan's plan, after these dream path immortal materials were successfully retrieved, Meng Qiu Zhen would have a complete set of dream path methods.

At that time, he would take the place of Fang Yuan's main body and invest himself into exploring dream realms.

To play safe, Meng Qiu Zhen would first use up Spectral Soul's dream realms before moving onto Paradise Earth's dream realms, just in case there was a trap.

Even though this was highly unlikely, Fang Yuan was still a vigilant person.

Meng Qiu Zhen was controlled by a Gu worm, his eyes were shut, he was brought into a secret location by someone.

"Alright, number three, you can open your eyes now." A shrill voice could be heard beside him.

The Gu worm suppressing Meng Qiu Zhen had been kept away, Meng Qiu Zhen opened his eyes and found that he was in a dark cave.

Meng Qiu Zhen was kneeling on the ground, in front of him was an old man.

The old man had a sharp voice, his face was covered in paint, he gave off a peculiar and cold feeling.

"This is the leader of Painted Faces — Sly Heart Old Man." Meng Qiu Zhen thought: "To think that I would meet this legendary person from a hundred thousand years ago."

Indeed, Meng Qiu Zhen was exploring a dream realm now.

This dream realm naturally originated from Spectral Soul.

This Sly Heart Old Man in his dream was a wisdom path and transformation path cultivator, he was a legendary person who existed between the eras of Spectral Soul and Paradise Earth a hundred thousand years ago. He was also the creator of a demonic path organization, it was called Painted Faces.

This organization was like Zombie Alliance and Shadow Sect, it was a huge organization that spanned across all five regions, something rarely seen in history.

All of the members in the organization had painted faces of various colors to differentiate their varying statuses.

Painted Faces was an assassination organization, killing Gu Masters was just an ordinary thing, when they were at their peak, they even had Gu Immortal experts, as long as the price was paid, they could kill Gu Immortals for their customers!

Meng Qiu Zhen had already entered this dream realm for a long time, he went from the initial one hundred and eighth position to third position.

“According to my instincts, if I can become the number one position in the organization, I will pass this dream realm.” Meng Qiu Zhen was very certain, his dream path master instincts told him the answer already.

Sly Heart Old Man took out three Gu worms: “Number three, you want to become number two, but it will not be easy. There are three Gu worms here, choose one. Each one contains the details of a mission.”

Meng Qiu Zhen secretly activated dream butterfly Immortal Gu.

Almost all the other paths’ Gu worms could not be used freely in dream realms, but dream path Gu worms were not restricted.

After dream butterfly Immortal Gu was instilled with immortal essence, it vanished from within Meng Qiu Zhen’s immortal aperture.

Meng Qiu Zhen first placed his gaze on the Gu worm to the left.

At the next moment, he saw that after he chose the Gu worm, he went into a seizure, saliva appeared from his mouth, he died on the spot.

Sly Heart Old Man looked at his corpse as he said coldly: “What a pity, number three, even though you are skilled in transformation path, your wisdom path attainment is too low, it was your bad luck to have chosen this.”

Meng Qiu Zhen retracted his gaze as the scene vanished, he looked at the middle Gu worm.

At the next moment, he saw another scene.

After he took the second Gu worm, Sly Heart Old Man suddenly attacked.

With a loud sound, his palm slammed onto Meng Qiu Zhen’s chest.

Meng Qiu Zhen was caught unguarded, his ribs broke, his heart burst, his eyes stared widely as he died on the spot.

Sly Heart Old Man sneered: “So you are the spy after all, you went after this Gu worm, not knowing the trap that I set, I had already gave out some false information to trick those spies of the righteous path!”

Meng Qiu Zhen retracted his gaze.

Evidently, the first two Gu worms could not be chosen, but the third one might not be correct either.

Meng Qiu Zhen wanted to continue checking but Sly Heart Old Man rushed him: “Quickly choose, what are you waiting for?”

Meng Qiu Zhen knew that this Painted Face organization was dark and cruel, they had no regard for human lives, if he waited anymore, Sly Heart Old Man would activate the Gu worm in his body and he would be punished, he might suffer heavy injuries or even die on the spot.

Thus, Meng Qiu Zhen did not use dream butterfly Immortal Gu again, he quickly spoke and chose the third Gu worm.

For just a moment, a complex expression flashed on Sly Heart Old Man's face.

After being silent for some time, Sly Heart Old Man nodded: "You chose the most appropriate Gu for you, it seems your luck is not bad. Maybe you can gain some benefits there, you might even be able to return alive."

Saying so, Sly Heart Old Man took a few steps and exposed the door behind him: "After opening this door, you will enter a tunnel, you need to walk quickly, do not stop, otherwise the tunnel will digest you. After passing it, you will reach a place, over there, do your best to survive. If you can find a way back and meet me once again, you will gain our organization's number one position."

"Yes, lord." Meng Qiu Zhen immediately got up, pushing open the door and entering the tunnel.

This tunnel was quite unique, it was round in shape but the inner walls were made of flesh and blood, there was slight vibrations in them as gastric acid flowed out constantly.

Meng Qiu Zhen activated the defensive method of this person but still felt deep pressure. Like what Sly Heart Old Man said, if he stayed for too long, he might really get 'digested'.

He quickly got past the creepy and wet flesh tunnel as he arrived in a huge world.

Within the primitive forest, fierce beasts roared as strange birds growled.

Far away, two beastman groups were fighting.

Meng Qiu Zhen turned around and looked back, the tunnel had already vanished, he only saw an ordinary mountain wall.

Meng Qiu Zhen was shook internally, to ensure that he could efficiently explore dream realms, the main body had given him many details of history: "That tunnel really is the intestine of the gluttonous demon frog, this is the place where Reckless Savage Demon Venerable left behind his true inheritance — Myriad Beast Fusion Color Heaven!"

Days later, the dream realm dissipated.

Meng Qiu Zhen had a tired expression as he started to inspect his gains.

"Transformation path and wisdom path attainment levels went up. Not bad." Meng Qiu Zhen was rather satisfied.

Forget about transformation path, but his wisdom path attainment level really needed a boost.

Especially when Fang Yuan knew his own luck, and the fact that Star Constellation Immortal Venerable had very likely already revived.

The true Myriad Beast Fusion Color Heaven was naturally vast and boundless, but Meng Qiu Zhen was only in a dream realm.

Meng Qiu Zhen had dream armor Immortal Gu's protection, and also dream creation Immortal Gu and dream butterfly Immortal Gu as methods. Especially dream butterfly Immortal Gu, even though it was an investigative Gu worm, its use in exploring dream realms surpassed Dream Armor and Dream Creation.

Dream path master attainment level gave him instincts.

When instincts worked, Meng Qiu Zhen would use them to find the correct answers rapidly.

When instincts did not work, then Meng Qiu Zhen would use dream butterfly Immortal Gu to foresee the future possibilities of the dream realm and avoid danger, he would quickly find the most appropriate methods.

Like how Meng Qiu Zhen used dream butterfly Immortal Gu in front of Sly Heart Old Man earlier to find out the correct choice, in the past, Fang Yuan would have to test it one by one. If he chose wrongly, his soul would be injured, he would waste time healing himself and restart the dream realm all over again.

Even though Meng Qiu Zhen only had rank six cultivation level, his efficiency at exploring dream realms was many times that of Fang Yuan's main body!

Southern Border.

Central Continent's four great obscenities and Wang Xiao Er were forced into desperation by Qin Juan.

There was a sinkhole behind them.

"Don't come here, otherwise, we will jump off!" Wang Xiao Er shouted in anxiety.

Qin Juan smiled coldly as she walked closer: "Then jump, you will die if you do that. Behind you is Southern Border's Sun Moon Sinkhole, the pit is unfathomably deep, not just Gu Masters, even Gu Immortals cannot explore it easily. If you jump, you will surely die!"

The four great obscenities were currently injured, they gritted their teeth.

"Qin Juan, we'll remember you, you lunatic!"

"We already escaped to Southern Border but you actually pursued us all the way here, what are you after?"

"Even though we captured Spirit Affinity House's female Gu Master, no matter what relationship she has with you, we did not touch her at all."

"Qin Juan, you received a sect mission to kill us. But if we die like this, you won't be able to report your mission easily too, right?" Chen Yin Dao suddenly said with a deep gaze.

Qin Juan's movement froze for a moment.

But in just a moment, she realized that the enemy was trying to probe her.

And she fell for it, some information was leaked from this action.

Qin Juan concealed the shame in her heart as she placed her arms behind her back, looking at these defeated individuals, she said arrogantly on purpose: "I can't report it? Killing you is the best evidence I

need! But it is not that I cannot let you live, hand over all your Gu worms and surrender, if I bring you back to Central Continent, you will still have a chance to live.”

Chen Yin Dao sneered: “We know about the crimes we’ve committed. After Miss Qin Juan said that, it confirmed my guesses.”

Qin Juan also sneered: “So what if you guessed it? Can you turn this around? Do you still have a chance?”

A strange expression appeared on Chen Yin Dao’s face: “Actually, we still have hope. Brother Wang Xiao Er, we’ll depend on you now!”

Saying so, he pushed Wang Xiao Er, who was hiding at the back, to the front.

Wang Xiao Er was shocked: “Brothers, I am not a Gu Master.”

Qin Juan also felt confused, she had fought with the four great obscenities for this long, she knew that Wang Xiao Er was a mortal.

“Hmph, trying to bluster and act mysterious!” Qin Juan was about to attack.

But at the next moment, there was a loud explosion.

A huge air current surged as wind blew strongly.

Wang Xiao Er, Qin Juan and the others who were near the sinkhole were caught off guard, they were sent into the air by the currents before crashing down heavily.

“What happened?!” Everyone was shocked.

Next, the figure of a Southern Border Gu Master moved along this current as he flew into the sky.

“Kong Ri Tian, don’t think of leaving!!”

The Gu Master who landed on the ground first was the demonic path Kong Ri Tian, he escaped without even turning around as he shouted: “Wu Ji, you are the leader of Wu clan, yet you are not keeping your promise!”

Wu Ji chased after him as she shouted: “What’s the use of keeping my word to a demonic path scoundrel like you, leave behind the Gu worms of Sheng Tian true inheritance!”

Next, Shang Xin Ci, Xiao Yan, Counterfeit Master, Tie Ruo Nan, Yi Chong, and others also descended from the sky.

“Chase him, don’t let him escape!”

“That is a Gu Immortal true inheritance!!”

As the group chased, a dust cloud was created along the way.

Qin Juan, Wang Xiao Er, and the rest were all stunned.

Seeing that he was about to be caught, Kong Ri Tian shouted at Qin Juan and the rest: “The people in front, whoever can help me escape will share this Gu Immortal true inheritance with me!!”

Qin Juan and the rest heard this, their eyes shined brightly.

“You cannot escape, everything belongs to my Wu clan!!” Wu Ji was enraged, she jumped into the air.

Both her fists were clenched, she raised them above her head as she activated a mortal killer move.

Boom!

As she landed on the ground, she slammed down, the ground shook, rocks were sent flying.

A huge vibration force spread to the surroundings rapidly, no one could avoid it in time, they quickly put up their defenses in a panic.

Qin Juan and the rest were also implicated, their expressions changed.

Wu Ji was the number one expert of the current Southern Border Gu Master world!

Southern Border, Wu clan headquarters.

“Quick, quick, bring me the white king head flower herb.” Wu clan’s rank six Gu Immortal Wu Zhen Zhu called out with an anxious tone.

She was controlling the formation, her thoughts were focused on it at the crucial moment, she could not distract herself.

Thankfully, there were a few rank five Gu Masters assisting her, hearing these words, they quickly got to work.

White king head flower herb was a rank six immortal material, it was tossed into the immortal formation.

This immortal formation of Wu clan was famous in history, it was called dead sea life retrieval formation. It originally belonged to an Eastern Sea rank eight Gu Immortal, but after this Gu Immortal came to Southern Border and provoked Wu clan, they got killed instead.

Dead sea life retrieval formation was a healing immortal formation but the core Immortal Gu was only rank seven. That Eastern Sea rank eight Gu Immortal was indeed a rank eight Gu Immortal but before dying, all of their Immortal Gu were destroyed.

Wu clan spent a hundred years to finally refine the relevant Immortal Gu, managing to set up this dead sea life retrieval formation again.

Wu Ji and the rest had died on Yi Tian Mountain, the reason why they were able to revive was mostly because of fate Gu’s destruction, and also due to the effect of this dead sea life retrieval formation.

As the formation slowly stopped, light faded as Wu Ji woke up in the formation with a pale expression.

“It seems that I revived again!” Wu Ji smiled lightly, she wanted to get up but her body was too weak, she only succeeded after three tries.

“You should relax a little, Wu Ji. This is the fifth time this month.” Wu Zhen Zhu came to Wu Ji as she frowned deeply.

Wu Ji smiled indifferently: "Don't we have this formation? Even if I die, I can revive."

Wu Zhen Zhu scoffed: "Don't think so highly of Gu Immortal methods. Wu Ji, do you know that you almost died earlier, you managed to revive because of the dead sea life retrieval formation. But this method has less and less effect as a person uses it continuously, you are playing with your life! You have a good future, why don't you care a bit more about yourself, at this rate, you will die for real!"

Wu Ji raised her brows as her eyes shined brightly: "I'm someone who has died before, what is there to fear about death? Precisely because I had died before, I treasure life even more now."

Wu Zhen Zhu rolled her eyes in anger: "This is considered treasuring your life? Since you already obtained Sheng Tian true inheritance from Kong Sheng Tian, you can give it to the clan already, why did you still go after him relentlessly? Why did you not retreat even against the attacks of everyone?"

Wu Ji laughed loudly: "This is how I treasure my life. After dying once, I reassessed my own life, how should people live? Everyone has their own answer. This is my answer, the duration of life does not matter as much as the value of the life that is being lived."

"Even though I am not a Gu Immortal, I know about your circumstances. Lady Zhen Zhu, why do you think Gu Masters want to become an immortal so badly? After becoming an immortal, there will be countless calamities and tribulations, wouldn't they be courting death? How many Gu Immortals have died from tribulations? Don't they know the danger? Aren't they continuing to face danger head on because they want to obtain the true meaning of life?"

"In this great era, if I do not advance bravely, I will be letting down heaven for giving me this life, I will be wasting my second chance. I, Wu Ji, want to become immortal, I want to see things at a greater height, I want to gain more strength. This is the meaning of my life."

After hearing Wu Ji's words, a complex expression appeared on Wu Zhen Zhu's face.

She actually had high expectations of this junior Wu Ji, therefore she came to talk to her. But after talking, she found that she failed to convince Wu Ji, instead, she became the one who was convinced.

"Since you have decided this, I have nothing else to say." Wu Zhen Zhu sighed.

Wu Ji had a sincere expression as she bowed: "Lady Zhen Zhu, junior will remember the concern that you have shown to me."

Saying so, another Gu Immortal appeared: "Hahaha, Wu Ji, I heard your words earlier. As expected of the number one Gu Immortal seed of Wu clan, you did not shame our reputation."

"Wu Zhan Ping, you came here for..." Wu Zhen Zhu asked but she had a guess in her heart, she was quite happy for Wu Ji.

Wu Zhan Ping nodded at Wu Zhen Zhu as he looked at Wu Ji: "I am Wu clan's supreme elder in charge of guidance, Wu Ji, you have sufficient cultivation level and merit, I am tasked to guide you along the road of becoming an immortal!"

Wu Ji took in a deep breath, she clenched her fists unconsciously. This moment had finally arrived, she had been looking forward to it for a long time.

Wu Zhan Ping said solemnly: "Wu Ji, you are a senior of the mortal Wu clan, after being the clan leader for many years, you know of many Gu Immortal secrets. Our Wu clan cultivates many paths, we are most proficient in wind path, it is the reason why we are at the top of Southern Border's Gu Immortal world, our status is immovable."

"You can choose other paths too, we have almost all paths in our inventory, but I have a suggestion for you!"

Wu Zhan Ping had heard Wu Ji's words earlier, he liked this junior and was willing to say more things.

Wu Ji quickly replied: "Please teach me senior, I will listen."

Wu Zhan Ping continued: "Rather than choosing a path, it is more like you are choosing a true inheritance. Our Wu clan has the strongest wind path true inheritance, our first supreme elder Lord Wu Yong also cultivates wind path, he uses the strongest wind path true inheritance in Wu clan as well. However, there are many wind path cultivators, competition is very steep, I would not recommend you to choose it."

"Right now, Wu clan has two true inheritances that even us Gu Immortals feel desire towards, it is only that our paths have been set, changing it has too high of a cost. During normal times, we might have the opportunity to do that, but with the turbulent era now, chaos is everywhere, it is the best opportunity for you juniors."

Wu Zhen Zhu heard this, she agreed and said with happiness: "This means that first supreme elder is really taking out these three true inheritances to nurture our Wu clan's descendants?"

"Indeed, Lord Wu Yong has incredible foresight and magnanimity, everyone in Wu clan holds him in high regard." Wu Zhan Ping praised from the bottom of his heart, he told Wu Ji: "There are three true inheritances of high value that even us Gu Immortals want, I will list them for you, choose wisely."

"The first true inheritance is called Corpse Emperor true inheritance. He was a Southern Border rank eight Gu Immortal who turned himself into a zombie when his lifespan was near its end, hence the title. Corpse Emperor was in the demonic path, he was ruthless and vicious, causing super forces to join up and attack him. He died during the battle and his immortal zombie body turned into a corpse mountain upon his death. This mountain is hundreds of meters tall, zombies roam all over the mountain, it produces transformation path zombie Gu and qi path corpse qi Gu."

"Back then, Southern Border's Zombie Alliance wanted ownership of this mountain and offered a high price to buy it from us to use as their headquarters, but we rejected them. Right now, it seems like our decision was right. Zombie Alliance was a front of Shadow Sect, but that's not our issue now. The point is that with the shift of the era, a true inheritance appeared on Corpse Emperor Yu Ding Tian, which is this Corpse Emperor true inheritance."

"This is a rank eight enslavement path true inheritance, Wu Ji, if you choose it, Wu clan will definitely nurture you well. An enslavement path Gu Immortal can fight a group on their own, the problem with enslavement path is the huge amount of resources needed, but Wu clan can help you with it. The only downside is that this true inheritance lacks Immortal Gu."

Wu Ji considered it for a while before shaking her head: "Enslavement path is not my style, Immortal Gu are also hard to refine, I am not skilled in Gu refinement. It is too hard to cultivate this true inheritance well, even with the clan's help, I will not choose it."

"Alright, then onto the next one." Wu Zhan Ping continued to speak: "This true inheritance is a soul path true inheritance, it has a greater origin, it concerns Spectral Soul Demon Venerable!"

"This true inheritance is called seven-seven profound soul true inheritance, the most amazing method is to raise soul beasts and nurture them into seven-seven profound soul birds. Once a seven-seven profound soul bird is created, it is almost impossible to kill. Even if they were gravely injured, as long as one of them is still alive, they will reappeared in a short time. Even though this true inheritance also lacks Immortal Gu, it is able to bypass that and nurture soul beasts instead, the cultivation journey will be easier."

Wu Ji shook her head: "Even though soul beasts are strong, I dislike it. I cultivate my own body, raising soul beasts is like becoming a nanny, it does not suit me."

Wu Zhan Ping frowned slightly: "Choosing a true inheritance is not child's play, Wu Ji, consider it well before making a decision."

"Indeed." Wu Zhen Zhu also nodded: "Be it Corpse Emperor true inheritance or the seven-seven profound soul true inheritance, they are extremely rare, Wu Ji, you need to treasure this opportunity."

Wu Ji was unmoved: "Immortals, thank you for the advice, may I know what the third true inheritance is?"

Wu Zhan Ping: "The third true inheritance is the Sheng Tian true inheritance you retrieved. The person who left this true inheritance behind is famous in Gu Master history, he is called Kong Sheng Tian."

"Kong Sheng Tian had qi escape Immortal Gu, this Gu is incredible, it was once fourth place on the List of Mystical Gu. But in recently years, because of the number one demon in the world, Gu Yue Fang Yuan, Spring Autumn Cicada received public recognition and got elevated to the third mystical Gu, causing qi escape Gu to fall in ranking."

Speaking of Gu Yue Fang Yuan, Wu Zhan Ping and Wu Zhen Zhu showed complex expressions.

Wu Ji could acutely sense that these two Gu Immortals' breathing became slightly disoriented.

Fang Yuan had once disguised as Wu Yi Hai and made his way into Wu clan, even someone as intelligent and perceptive as Wu Yong fell prey to his acting. But Wu clan was no longer qualified to take revenge on him, over the course of the fate war and the pursuit over Fang Yuan afterwards, even the variant human battle that happened in Eastern Sea recently cemented Fang Yuan's throne of the number one demon in the world, nobody could topple his status.

Not wanting to continue talking about Fang Yuan, Wu Zhan Ping got back to the topic: "Kong Sheng Tian was a qi path Gu Immortal, he was most skilled at movement methods. The qi path movement killer move that he created back then was named Kong Sheng Tian, it is incredibly powerful. If you obtain this true inheritance, you will move unhindered in the world, you will always have the initiative."

“This true inheritance was retrieved by you after all, it could be said you are fated for it. But the Immortal Gu in the true inheritance are likely in the hands of that Kong Ri Tian now.”

Wu Ji’s expression sank: “If that Kong Ri Tian did not have Kong Sheng Tian’s bloodline, I would not have lost that contest!”

Wu Zhan Ping shook his head: “You did not lose. That Kong Ri Tian has Immortal Gu but he is just a mortal, even though he escaped luckily, so what? He cannot run for long, many righteous path Gu Immortals are already targeting him. If my Wu clan’s Gu Immortals succeed, this true inheritance’s value will rise greatly, it will suit you more.”

But Wu Ji still shook her head: “These three true inheritances are enslavement path, soul path, and qi path, they are all wonderful. It is a pity they do not suit me, I should continue cultivating my strength path.”

“Hmm?” Wu Zhan Ping frowned.

Wu Zhen Zhu urged her: “Wu Ji, I know you have a strength path true inheritance, but that true inheritance has a low quality, its original owner was only a rank six Gu Immortal, it cannot compare to these three true inheritances at all.”

Seeing that Wu Ji was unmoved, Wu Zhen Zhu continued to speak: “And most importantly, strength path is declining, it cannot compare to enslavement path or soul path. Even though qi path was declining, with the merging of the five regions, qi tides appeared and qi path started to experience a rise again. Choosing qi path is definitely wiser than staying with strength path.”

But Wu Ji shook her head: “I’ll choose strength path! Even though other true inheritances will allow me to have an easier time, if there is a strength path true inheritance, I’ll still choose it. I will walk on strength path in my life, if I cannot use someone else’s foundation, I will create my own.”

Wu Zhan Ping was unhappy: “Wu Ji, you are not a Gu Immortal yet, you do not know the difficulties that we face. The benefits of these three true inheritances are simply indescribable, but you cannot feel them yet. Listen to me and choose one of the three, in the future when you cultivate on this long journey, you will be glad about the decision you made today.”

Wu Ji’s expression had never been so solemn, she bowed deeply at the two immortals: “Great immortals, I, Wu Ji, will never forget the care and concern that you have shown me. But if I do not choose strength path, I will regret it at the next moment. I have already decided on this, I will not change it further. Even if I fail in the future, I am willing to bear the consequences!”

“You!”

“Sigh...”

Wu Zhen Zhu and Wu Zhan Ping shook their heads, they felt pity for Wu Ji who had given up such a great opportunity.

Meng Zhen immortal aperture.

The sky here was filled with a pink aurora that constantly moved and changed.

At the center of the immortal aperture, there was a field of 'pink grassland', it was the earth dream fetus hair that Fang Yuan had spent a lot of effort to dig from Southern Border's underground.

There was also a small sea of flowers situated at the north-most part of the immortal aperture.

The flowers were all nine tune dream flowers, this type of flower only had one petal each, but it spiraled upwards from the roots and showed a spiral form with nine layers, it was quite peculiar.

At the southeast of the immortal aperture, Meng Qiu Zhen specially created a lake.

The lake had little water, it was hundreds of feet lower than the water level of the nearby shore. The entire lake was like a bowl that had a bit of water left inside it at the bottom.

This lake water was called dream river water, in the lake, there was a type of monstrous fish that looked like a tongue, it was bright red and moved agilely, it was called tongue tip small dream fish.

Finally, at the north-most part of the immortal aperture was a field of desolate bones.

Hundreds of huge bones were buried on the ground, a portion of them was still exposed externally.

These bones were also dream path Gu materials, they were obtained from the corpses of a few dream path ancient desolate beasts. Meng Qiu Zhen placed them here and set up the Gu formation, creating this bone dream sand farm.

The sand farm was nourished using the bone marrow, gradually turning the soil into dream sand.

Earth dream fetus hair, nine tune dream flower, dream river water, tongue tip small dream fish, and dream sand, these were all the dream path Gu materials that Fang Yuan obtained during this period of time.

Currently speaking, dream path Gu materials were still very rare.

Fang Yuan had almost ransacked the entire underground area of Southern Border but he only collected this much.

"But inside Meng Zhen immortal aperture, these Gu materials will be nurtured well, soon, a stream of immortal materials will be produced."

Meng Qiu Zhen was quite confident about this.

Even though there were dream path dao marks at these dream path Gu materials' original locations, the surrounding dao marks were still mostly earth path, they were suppressed and could not develop well, they were simply living between the cracks.

But now, they were moved into Meng Zhen immortal aperture, they were like flood dragons released into the ocean, or tigers entering a mountain, they could grow freely without restraint.

In this relaxed environment that was predominantly made of dream path dao marks, these dream path Gu materials would have great growth.

In addition, Fang Yuan had memories of the future, he had outstanding methods to nurture them, Meng Zhen immortal aperture's time difference with the outside world was also quite good.

“This way, my dream path development has finally gotten on track, as long as I work hard, I will have ample gains in the future.” Fang Yuan assessed himself.

His investment into dream path would stop here.

In terms of dream path mortal Gu recipes and experience in exploring dream realms, Fang Yuan had five hundred years of memories, he still had the upper hand.

In terms of dream path Immortal Gu, Fang Yuan had four of them, he was definitely the top person in the current world.

In terms of attainment level, Fang Yuan was a dream path master, there might be others who were at this level as well, but he was without doubt still among the fastest group of people.

Furthermore, in terms of dream path Immortal Gu recipes and immortal materials, Fang Yuan was certainly the person with the number one results! He had two dream path Immortal Gu recipes that were undoubtedly accurate and exceptional. In terms of immortal materials, Fang Yuan also had an absolute advantage, Feng Jin Huang was just a mortal, even if Lady Poison Scorpion was a Gu Immortal, she was not an immortal ascended from the Pure Dream Reality Seeker Physique, she could not compare to Fang Yuan.

Comprehensively, Fang Yuan was definitely the number one person in the world in terms of dream path!

Such results already exceeded Fang Yuan’s expectations. In his plan, he only had to maintain a certain lead in dream path.

And now was still not the time for the true rise of dream path.

Taking Meng Zhen immortal aperture for example, it was definitely the number one dream path Gu material production ground in the world, but it could only produce rank six dream path immortal materials, the quantity was also pitifully small.

Without sufficient dream path immortal materials, Fang Yuan could not raise the ranks of his dream path Immortal Gu.

The truth was, even though he had rank eight Immortal Gu like Dream Token and could use killer moves like dreamy light smoke, he could not gain an advantage against Duke Long or Spectral Soul in combat.

In battles of the highest level, dream path was only a special method that could intimidate and make the foes wary.

Fang Yuan wanted to explore Crazy Demon Cave, he would need to face the likely revived Star Constellation Immortal Venerable and Spectral Soul Demon Venerable, who was inside the Door of Life and Death.

Facing such existences, his dream path methods that were still at the early stages of development were unreliable as his main methods.

“The truth is, by combining the perfect Pure Dream Reality Seeker Physique and Spectral Soul’s split soul method, I can create dream path Gu Immortals in bulk. But the extra dream path immortal apertures are

useless, the greatest gain will still be natural inspiration, I will obtain new dream path Immortal Gu recipes. Even if I try to use the ascension tribulation to refine Immortal Gu, it will not be easy.”

Tribulations were controlled by heaven’s will, they could be strong or weak. When strong, there would be more heaven and earth qi, after succeeding the tribulation, there would be a lot of heaven and earth qi left behind to use for refining Immortal Gu.

But if heaven’s will reduced the strength of the tribulation, there would not be extra heaven and earth qi, he could not refine dream path Immortal Gu in that case.

If heaven’s will did that, Fang Yuan’s gains would be very small. Firstly, the cost of creating Pure Dream Reality Seeker Physique bodies was high, he had to use a large number of dream realms!

If heaven’s will tried something new and altered the tribulation contents, Fang Yuan would be in danger as well. After all, Fang Yuan’s dream path foundation was already exposed to heaven’s will last time.

Thus, recuperating for some time and using Meng Zhen immortal aperture to hide from heaven’s will and develop rapidly, while refining new dream path Immortal Gu before undergoing tribulation was the best method now.

Continuing to invest in dream path would not have much relative returns. If Fang Yuan continued his investment, he would face heaven’s will’s suppression and also the pressure of being a frontrunner, it would be difficult and troublesome. He might as well wait until dream path flourished and dream realms were everywhere, after the trend grew to that extent, he could use the opportunity to develop, saving time and energy.

Thus, Fang Yuan did not want to keep the dream realms that he had.

In the hands of others, these dream realms would give them an opportunity to stay ahead of the era. Be it Western Desert’s Tang clan, Central Continent’s Feng Jin Huang, or Northern Plains’ Lady Poison Scorpion, they would be the same.

But for Fang Yuan, the true value of these dream realms was that they could raise his attainment levels and allow him to annex more grotto-heavens.

Meng Qiu Zhen was truly the dream path clone that Fang Yuan took effort to create, his dream realm exploration efficiency was many times higher than the main body.

As Fang Yuan’s attainment levels rose, he made great gains.

At the same time, he also continued to annex the grotto-heavens in the two heavens.

Each grotto-heaven had at least a million dao marks, a thousand heaven path dao marks, as well as a vast amount of cultivation resources.

These grotto-heavens had long histories behind them, Fang Yuan annexed everything, it was the same as instantly taking the accumulations of others for countless years.

Fang Yuan’s strength grew time and again, each time, his improvement was huge, this speed was simply unheard of.

The specialty of the sovereign immortal body and the power of unrestrained heavenly mark, they surpassed the logic of the cultivation world. Either one would allow a person to rise to the top, leaving their name in history.

The most terrifying thing was when they were used together, the effect would be even greater! The actual result created would far surpass a simple addition of the two.

But be it a rise in foundation or strength, Fang Yuan still remained as a pseudo venerable.

He might be the number one pseudo venerable in history, but that was pointless.

Without becoming a venerable, there would be no qualitative change.

Fang Yuan cultivated secretly while annexing immortal apertures, he also inspected his own luck very often.

The silver white pillar of light was getting thicker, but the clouds above him were also growing in size. Be it the black cloud representing Spectral Soul Demon Venerable or the golden cloud representing Giant Sun Immortal Venerable, they were growing.

As for the star cloud representing Star Constellation Immortal Venerable, it had expanded by several times, far surpassing the other two.

The situation had not reached the worst scenario yet, Fang Yuan still had time to continue his cultivation and recuperation.

#### **Chapter 2094: Brotherhood**

Days later.

Sunlight pierced through the darkness, radiating on the world.

In a certain valley near the periphery of Sorrowful Wind Mountain Range, Eastern Obscenity Chen Yin Dao, Western Thief Yu Ba Guang, Southern Disturbance Shi Bao and Northern Squandering Fan Chun Yao had already woken up, they were sitting on an icy rock, looking at the sky as they laid spread eagled, their eyes were hollow, there was no life in them.

Ever since that terrible ordeal in slaughter soul crater, every night, the four great obscenities and Wang Xiao Er would lose control of their bodies, they would engage in the indescribable activity together.

The four great obscenities would lose their senses each time, by the time they wake up, they would realize that they had done some horrifying act once again.

Even though Wang Xiao Er got rid of a portion of Zhao Lian Yun's method, some of it still lingered.

"This is a curse! The most vicious curse in this world!"

"That fairy from Spirit Affinity House looks so kind and delicate but she is truly too vicious, she is evil to the core!"

"I don't believe it, I don't believe it, maybe I am just dreaming now. I will wake up from my nightmare one day, right?"

“I am a great man, how can I do something so shameful, I have let down heaven and earth, I have let down my parents, I have let down myself!”

The four great obscenities were silent on the outside but they were all crying out in their hearts, feeling sadness and anger, regret and pain.

Wang Xiao Er walked out of the Gu House at this moment.

He had just woken up, he rubbed his eyes and looked at them, asking in concern: “Brothers, why are you up so early, you are all naked outside, you might catch a cold.”

The four great obscenities’ bodies shook intensely.

They turned around and looked at Wang Xiao Er, showing a complex emotion on their faces.

On one hand, they revered Wang Xiao Er, because of Zhao Lian Yun’s method, if not for him, they would have died of exhaustion already. They believed in Wang Xiao Er’s identity now, only an immortal could dispel another immortal’s method!

But on the other hand, they hated Wang Xiao Er. Ever since they saved him, nothing good had happened. Not only did they return from Sorrowful Wind Mountain Range empty handed, they even received the greatest humiliation of their lives!

After a long silence, their boss Chen Yin Dao spoke bitterly: “Brother, you woke up.”

“Yes, our exercise last night was too intense, I slept very soundly.” Wang Xiao Er smiled innocently: “Recently, I’ve started to feel pleasure from this, brothers, what you told me earlier makes sense after all.”

The four great obscenities’ bodies shook again.

The four of them looked at each other, sensing the fear and horror in each others’ eyes.

“Don’t tell me this immortal was like this to begin with?!”

“What sort of person did we actually save!”

“Maybe he has the ability to lift our curse but he purposely chose not to, this is something we should think about.”

“Is he really amnesiac, or is he pretending? If I like men too, as an immortal, I might want to play around in the mortal world as well...”

The four felt more terror as they thought about it.

They wanted to get away from Wang Xiao Er but they could not do that anymore.

Each time the curse activated, they needed Wang Xiao Er to dispel it. If they left, they might die the following night.

Thus, the four of them had to keep Wang Xiao Er happy, so that he would get rid of this fatal danger for them.

“Seriously, what is this situation!” Chen Yin Dao wanted to cry but he had to smile forcefully: “Xiao Er, this is nothing much, we enjoy blessings and endure misfortune together, we are brothers after all!”

After finishing his words, Chen Yin Dao stared at the other three.

They had to resist the disgusting feeling as they spoke in agreement as well.

“Indeed, this is our brotherhood!”

“Otherwise, why would there be a saying about brotherly relationships?”

“We were destined to meet, as your elder brothers, we need to take care of you.”

Wang Xiao Er smiled and nodded: “It was really my fortune to have met you brothers.”

“No, this is the greatest misfortune of my life!” The four of them screamed internally.

Wang Xiao Er added: “Let’s continue to play tonight!”

“Don’t remind me, you scumbag!!” The four of them cried out in anguish in their minds.

While Wang Xiao Er was away, the four of them gathered during the day.

“We cannot let this go on!”

“We cannot live life like this.”

“Guys, do you think Wang Xiao Er really lost his memories or is he pretending?”

“We need to test it. Go capture a few mortal women tonight, no matter what, we need to let Wang Xiao Er know we are normal people. If he really lost his memories, we will turn him back to normal, if he is pretending, we will make sure he cannot put up with the act anymore!”

The four great obscenities shouted in unison, they were going crazy these last days.

This method was risky, but even if they angered the immortal Wang Xiao Er, death was still a good reward at this point!

At night time, the four great obscenities captured over a dozen mortal women.

The women were all brought into the Gu House.

Wang Xiao Er was a little excited: “Brothers, you have worked hard to invite such a large audience tonight.”

“Brother, let us teach you something tonight.” Chen Yin Dao patted Wang Xiao Er’s shoulder as he said solemnly.

“Alright, I will do my best to learn it, I will listen with my heart!” Wang Xiao Er clenched his fists, showing an excited expression.

But reality was still cruel to them.

When their activity reached the climax stage, the four great obscenities were shocked to find out — they could not do it!

“Quick, turn hard now.”

“Oh, why, why did this happen?”

“I actually, I actually don’t feel anything towards women. Waaaaaaaaa...”

“Why do I feel more excited and pleased when I look at men now?”

The four men wanted to struggle but the curse activated at the next moment.

The female captives were shocked to see the battle of five men, it was a climactic fight, some of them were very excited while the others felt disappointment.

Some even wanted to join in but were sent flying with one slap.

This incident was a huge blow to the four great obscenities.

“Let’s suicide, this is not a life that we can lead.”

“Living is worse than death, I’d rather die now.”

“Can anyone kill me, please come out now!”

The four of them were sick of life, they were listless and dejected all the time.

Seemingly granting their wishes, not long after, righteous path Gu Masters came to pursue them.

“We finally found you! You dared to target our Spirit Affinity House’s disciple, did you really think we would let you off?” Qin Juan said with anger, attacking the four great obscenities.

The four great obscenities were in despair and felt life was not worth living, after leaving Sorrowful Wind Mountain Range, they did not bother to conceal their traces, they were no longer as vigilant as usual.

After hearing that they were alive, Zhao Lian Yun felt a little interested, she passed down a sect mission to kill these people and investigate the truth.

Qin Juan was close to Feng Jin Huang, but she did not know that this mission which carried a huge reward was listed by Zhao Lian Yun. The Spirit Affinity House Gu Master who got captured in slaughter soul crater earlier was close to her, thus, she took on this mission.

The four great obscenities screamed about not wanting to live every day, but at the moment of crisis, they erupted with an intense will to survive.

For half a month, they fought nearly ten times.

Qin Juan had rank five cultivation level, she suppressed the five of them.

Even though the four great obscenities were famous demonic path Gu Masters in Central Continent, they were just demonic cultivators that the ten great ancient sects allowed to live. These demonic cultivators were useful in training their sect disciples, thus, they made use of these people to act as a trial for their members.

The ten great ancient sects did not mind minor characters like the four great obscenities, thus they were allowed to cause chaos in Central Continent and hide successfully from arrests.

But the situation was different now, the Gu Immortal Zhao Lian Yun had sent a mission, the force pursuing them was different from usual.

The four great obscenities escaped with Wang Xiao Er as they tried to come up with a plan.

“We can’t live in Central Continent anymore!”

“What do we do?”

“We can only go elsewhere, boss, you can decide for us.”

Chen Yin Dao pondered: “Northern Plains is dangerous and lacks resources, we can’t go there. Even though Eastern Sea is rich, the righteous path is fighting against those variant humans, it is too dangerous. Western Desert is full of deserts, and the environment is bad. Let’s go to Southern Border instead.”

“Alright, we will go to Southern Border!”

Southern Border.

Underground.

“According to Lu Wei Yin, it should be here. Mm, found it.” Fang Yuan went deep underground, suddenly, his eyes shined as he found his target.

He saw that at the walls of this small Earth Trench, there was a field of pink grassland.

Each ‘grass’ was pink, moving without any wind.

Looking at the ‘grass’, each was thin and long, resembling fur.

“This is the earth dream fetus hair, Meng Qiu Zhen, come out.” Fang Yuan opened his immortal aperture door as the pure dream clone came out.

Meng Qiu Zhen took a glance and praised it as he took action, using dream path methods to carefully store the earth dream fetus hair away.

After Fang Yuan obtained Southern Border’s Paradise Earth true inheritance, he gained many earth path Immortal Gu, he also had methods to search for immortal materials underground and the ability to control Flying Earth.

The Mushroomman Paradise had existed in Southern Border for a long time, after tens of generations of accumulation, they found a lot of treasures deep under Southern Border.

Among the treasures, Fang Yuan found some locations with dream path immortal materials.

The earth dream fetus hair was just one of them.

Dream path Gu materials and Gu worms had appeared in the world long ago, for example, Fang Yuan’s Dream Token and the spring dream fruit tree that Bo Qing and Mo Yao found.

This was like how water path Gu worms and materials existed during Ren Zu's era, but water path was only created by Central Continent's Shui Ni, the founder of Spirit Affinity House, during the Medieval Antiquity Era.

Dream path was similar.

Even though dream path had not been formally created, the dream path Gu worms and materials that existed in history had already appeared.

But dream path was different from water path, it would have an explosive growth in the future.

By then, the five regions and two heavens would be full of dream realms.

Because dream path Gu materials would be too easily obtainable, and because a vast number of Gu cultivators could use them, dream path would quickly progress as a path.

Countless dream path Gu Masters would cultivate more dream path Gu materials to refine more dream path Gu worms, pushing the progress of dream path to an unprecedented level!

If Great Dream Immortal Venerable truly appears, then dream path would reach its peak popularity in history.

Thus, Fang Yuan was not surprised that some dream path immortal materials were hidden away.

Meng Qiu Zhen successfully took the earth dream fetus hair, he went back inside Fang Yuan's sovereign immortal aperture.

Next, Fang Yuan went to another location, there were many nine tune dream flowers there.

Meng Qiu Zhen had a lot of things to do.

On one hand, he had to organize dream path killer moves, on the other hand, he had to plant resources and develop his immortal aperture.

According to Fang Yuan's plan, after these dream path immortal materials were successfully retrieved, Meng Qiu Zhen would have a complete set of dream path methods.

At that time, he would take the place of Fang Yuan's main body and invest himself into exploring dream realms.

To play safe, Meng Qiu Zhen would first use up Spectral Soul's dream realms before moving onto Paradise Earth's dream realms, just in case there was a trap.

Even though this was highly unlikely, Fang Yuan was still a vigilant person.

### **Chapter 2095: Sheng Tian True Inheritance**

Meng Qiu Zhen was controlled by a Gu worm, his eyes were shut, he was brought into a secret location by someone.

"Alright, number three, you can open your eyes now." A shrill voice could be heard beside him.

The Gu worm suppressing Meng Qiu Zhen had been kept away, Meng Qiu Zhen opened his eyes and found that he was in a dark cave.

Meng Qiu Zhen was kneeling on the ground, in front of him was an old man.

The old man had a sharp voice, his face was covered in paint, he gave off a peculiar and cold feeling.

“This is the leader of Painted Faces — Sly Heart Old Man.” Meng Qiu Zhen thought: “To think that I would meet this legendary person from a hundred thousand years ago.”

Indeed, Meng Qiu Zhen was exploring a dream realm now.

This dream realm naturally originated from Spectral Soul.

This Sly Heart Old Man in his dream was a wisdom path and transformation path cultivator, he was a legendary person who existed between the eras of Spectral Soul and Paradise Earth a hundred thousand years ago. He was also the creator of a demonic path organization, it was called Painted Faces.

This organization was like Zombie Alliance and Shadow Sect, it was a huge organization that spanned across all five regions, something rarely seen in history.

All of the members in the organization had painted faces of various colors to differentiate their varying statuses.

Painted Faces was an assassination organization, killing Gu Masters was just an ordinary thing, when they were at their peak, they even had Gu Immortal experts, as long as the price was paid, they could kill Gu Immortals for their customers!

Meng Qiu Zhen had already entered this dream realm for a long time, he went from the initial one hundred and eighth position to third position.

“According to my instincts, if I can become the number one position in the organization, I will pass this dream realm.” Meng Qiu Zhen was very certain, his dream path master instincts told him the answer already.

Sly Heart Old Man took out three Gu worms: “Number three, you want to become number two, but it will not be easy. There are three Gu worms here, choose one. Each one contains the details of a mission.”

Meng Qiu Zhen secretly activated dream butterfly Immortal Gu.

Almost all the other paths’ Gu worms could not be used freely in dream realms, but dream path Gu worms were not restricted.

After dream butterfly Immortal Gu was instilled with immortal essence, it vanished from within Meng Qiu Zhen’s immortal aperture.

Meng Qiu Zhen first placed his gaze on the Gu worm to the left.

At the next moment, he saw that after he chose the Gu worm, he went into a seizure, saliva appeared from his mouth, he died on the spot.

Sly Heart Old Man looked at his corpse as he said coldly: "What a pity, number three, even though you are skilled in transformation path, your wisdom path attainment is too low, it was your bad luck to have chosen this."

Meng Qiu Zhen retracted his gaze as the scene vanished, he looked at the middle Gu worm.

At the next moment, he saw another scene.

After he took the second Gu worm, Sly Heart Old Man suddenly attacked.

With a loud sound, his palm slammed onto Meng Qiu Zhen's chest.

Meng Qiu Zhen was caught unguarded, his ribs broke, his heart burst, his eyes stared widely as he died on the spot.

Sly Heart Old Man sneered: "So you are the spy after all, you went after this Gu worm, not knowing the trap that I set, I had already gave out some false information to trick those spies of the righteous path!"

Meng Qiu Zhen retracted his gaze.

Evidently, the first two Gu worms could not be chosen, but the third one might not be correct either.

Meng Qiu Zhen wanted to continue checking but Sly Heart Old Man rushed him: "Quickly choose, what are you waiting for?"

Meng Qiu Zhen knew that this Painted Face organization was dark and cruel, they had no regard for human lives, if he waited anymore, Sly Heart Old Man would activate the Gu worm in his body and he would be punished, he might suffer heavy injuries or even die on the spot.

Thus, Meng Qiu Zhen did not use dream butterfly Immortal Gu again, he quickly spoke and chose the third Gu worm.

For just a moment, a complex expression flashed on Sly Heart Old Man's face.

After being silent for some time, Sly Heart Old Man nodded: "You chose the most appropriate Gu for you, it seems your luck is not bad. Maybe you can gain some benefits there, you might even be able to return alive."

Saying so, Sly Heart Old Man took a few steps and exposed the door behind him: "After opening this door, you will enter a tunnel, you need to walk quickly, do not stop, otherwise the tunnel will digest you. After passing it, you will reach a place, over there, do your best to survive. If you can find a way back and meet me once again, you will gain our organization's number one position."

"Yes, lord." Meng Qiu Zhen immediately got up, pushing open the door and entering the tunnel.

This tunnel was quite unique, it was round in shape but the inner walls were made of flesh and blood, there was slight vibrations in them as gastric acid flowed out constantly.

Meng Qiu Zhen activated the defensive method of this person but still felt deep pressure. Like what Sly Heart Old Man said, if he stayed for too long, he might really get 'digested'.

He quickly got past the creepy and wet flesh tunnel as he arrived in a huge world.

Within the primitive forest, fierce beasts roared as strange birds growled.

Far away, two beastman groups were fighting.

Meng Qiu Zhen turned around and looked back, the tunnel had already vanished, he only saw an ordinary mountain wall.

Meng Qiu Zhen was shook internally, to ensure that he could efficiently explore dream realms, the main body had given him many details of history: "That tunnel really is the intestine of the gluttonous demon frog, this is the place where Reckless Savage Demon Venerable left behind his true inheritance — Myriad Beast Fusion Color Heaven!"

Days later, the dream realm dissipated.

Meng Qiu Zhen had a tired expression as he started to inspect his gains.

"Transformation path and wisdom path attainment levels went up. Not bad." Meng Qiu Zhen was rather satisfied.

Forget about transformation path, but his wisdom path attainment level really needed a boost.

Especially when Fang Yuan knew his own luck, and the fact that Star Constellation Immortal Venerable had very likely already revived.

The true Myriad Beast Fusion Color Heaven was naturally vast and boundless, but Meng Qiu Zhen was only in a dream realm.

Meng Qiu Zhen had dream armor Immortal Gu's protection, and also dream creation Immortal Gu and dream butterfly Immortal Gu as methods. Especially dream butterfly Immortal Gu, even though it was an investigative Gu worm, its use in exploring dream realms surpassed Dream Armor and Dream Creation.

Dream path master attainment level gave him instincts.

When instincts worked, Meng Qiu Zhen would use them to find the correct answers rapidly.

When instincts did not work, then Meng Qiu Zhen would use dream butterfly Immortal Gu to foresee the future possibilities of the dream realm and avoid danger, he would quickly find the most appropriate methods.

Like how Meng Qiu Zhen used dream butterfly Immortal Gu in front of Sly Heart Old Man earlier to find out the correct choice, in the past, Fang Yuan would have to test it one by one. If he chose wrongly, his soul would be injured, he would waste time healing himself and restart the dream realm all over again.

Even though Meng Qiu Zhen only had rank six cultivation level, his efficiency at exploring dream realms was many times that of Fang Yuan's main body!

Southern Border.

Central Continent's four great obscenities and Wang Xiao Er were forced into desperation by Qin Juan.

There was a sinkhole behind them.

“Don’t come here, otherwise, we will jump off!” Wang Xiao Er shouted in anxiety.

Qin Juan smiled coldly as she walked closer: “Then jump, you will die if you do that. Behind you is Southern Border’s Sun Moon Sinkhole, the pit is unfathomably deep, not just Gu Masters, even Gu Immortals cannot explore it easily. If you jump, you will surely die!”

The four great obscenities were currently injured, they gritted their teeth.

“Qin Juan, we’ll remember you, you lunatic!”

“We already escaped to Southern Border but you actually pursued us all the way here, what are you after?”

“Even though we captured Spirit Affinity House’s female Gu Master, no matter what relationship she has with you, we did not touch her at all.”

“Qin Juan, you received a sect mission to kill us. But if we die like this, you won’t be able to report your mission easily too, right?” Chen Yin Dao suddenly said with a deep gaze.

Qin Juan’s movement froze for a moment.

But in just a moment, she realized that the enemy was trying to probe her.

And she fell for it, some information was leaked from this action.

Qin Juan concealed the shame in her heart as she placed her arms behind her back, looking at these defeated individuals, she said arrogantly on purpose: “I can’t report it? Killing you is the best evidence I need! But it is not that I cannot let you live, hand over all your Gu worms and surrender, if I bring you back to Central Continent, you will still have a chance to live.”

Chen Yin Dao sneered: “We know about the crimes we’ve committed. After Miss Qin Juan said that, it confirmed my guesses.”

Qin Juan also sneered: “So what if you guessed it? Can you turn this around? Do you still have a chance?”

A strange expression appeared on Chen Yin Dao’s face: “Actually, we still have hope. Brother Wang Xiao Er, we’ll depend on you now!”

Saying so, he pushed Wang Xiao Er, who was hiding at the back, to the front.

Wang Xiao Er was shocked: “Brothers, I am not a Gu Master.”

Qin Juan also felt confused, she had fought with the four great obscenities for this long, she knew that Wang Xiao Er was a mortal.

“Hmph, trying to bluster and act mysterious!” Qin Juan was about to attack.

But at the next moment, there was a loud explosion.

A huge air current surged as wind blew strongly.

Wang Xiao Er, Qin Juan and the others who were near the sinkhole were caught off guard, they were sent into the air by the currents before crashing down heavily.

“What happened?!” Everyone was shocked.

Next, the figure of a Southern Border Gu Master moved along this current as he flew into the sky.

“Kong Ri Tian, don’t think of leaving!”

The Gu Master who landed on the ground first was the demonic path Kong Ri Tian, he escaped without even turning around as he shouted: “Wu Ji, you are the leader of Wu clan, yet you are not keeping your promise!”

Wu Ji chased after him as she shouted: “What’s the use of keeping my word to a demonic path scoundrel like you, leave behind the Gu worms of Sheng Tian true inheritance!”

Next, Shang Xin Ci, Xiao Yan, Counterfeit Master, Tie Ruo Nan, Yi Chong, and others also descended from the sky.

“Chase him, don’t let him escape!”

“That is a Gu Immortal true inheritance!!”

As the group chased, a dust cloud was created along the way.

Qin Juan, Wang Xiao Er, and the rest were all stunned.

Seeing that he was about to be caught, Kong Ri Tian shouted at Qin Juan and the rest: “The people in front, whoever can help me escape will share this Gu Immortal true inheritance with me!!”

Qin Juan and the rest heard this, their eyes shined brightly.

“You cannot escape, everything belongs to my Wu clan!!” Wu Ji was enraged, she jumped into the air.

Both her fists were clenched, she raised them above her head as she activated a mortal killer move.

Boom!

As she landed on the ground, she slammed down, the ground shook, rocks were sent flying.

A huge vibration force spread to the surroundings rapidly, no one could avoid it in time, they quickly put up their defenses in a panic.

Qin Juan and the rest were also implicated, their expressions changed.

Wu Ji was the number one expert of the current Southern Border Gu Master world!

### **Chapter 2096: Wu Ji Chooses Her True inheritance**

Southern Border, Wu clan headquarters.

“Quick, quick, bring me the white king head flower herb.” Wu clan’s rank six Gu Immortal Wu Zhen Zhu called out with an anxious tone.

She was controlling the formation, her thoughts were focused on it at the crucial moment, she could not distract herself.

Thankfully, there were a few rank five Gu Masters assisting her, hearing these words, they quickly got to work.

White king head flower herb was a rank six immortal material, it was tossed into the immortal formation.

This immortal formation of Wu clan was famous in history, it was called dead sea life retrieval formation. It originally belonged to an Eastern Sea rank eight Gu Immortal, but after this Gu Immortal came to Southern Border and provoked Wu clan, they got killed instead.

Dead sea life retrieval formation was a healing immortal formation but the core Immortal Gu was only rank seven. That Eastern Sea rank eight Gu Immortal was indeed a rank eight Gu Immortal but before dying, all of their Immortal Gu were destroyed.

Wu clan spent a hundred years to finally refine the relevant Immortal Gu, managing to set up this dead sea life retrieval formation again.

Wu Ji and the rest had died on Yi Tian Mountain, the reason why they were able to revive was mostly because of fate Gu's destruction, and also due to the effect of this dead sea life retrieval formation.

As the formation slowly stopped, light faded as Wu Ji woke up in the formation with a pale expression.

"It seems that I revived again!" Wu Ji smiled lightly, she wanted to get up but her body was too weak, she only succeeded after three tries.

"You should relax a little, Wu Ji. This is the fifth time this month." Wu Zhen Zhu came to Wu Ji as she frowned deeply.

Wu Ji smiled indifferently: "Don't we have this formation? Even if I die, I can revive."

Wu Zhen Zhu scoffed: "Don't think so highly of Gu Immortal methods. Wu Ji, do you know that you almost died earlier, you managed to revive because of the dead sea life retrieval formation. But this method has less and less effect as a person uses it continuously, you are playing with your life! You have a good future, why don't you care a bit more about yourself, at this rate, you will die for real!"

Wu Ji raised her brows as her eyes shined brightly: "I'm someone who has died before, what is there to fear about death? Precisely because I had died before, I treasure life even more now."

Wu Zhen Zhu rolled her eyes in anger: "This is considered treasuring your life? Since you already obtained Sheng Tian true inheritance from Kong Sheng Tian, you can give it to the clan already, why did you still go after him relentlessly? Why did you not retreat even against the attacks of everyone?"

Wu Ji laughed loudly: "This is how I treasure my life. After dying once, I reassessed my own life, how should people live? Everyone has their own answer. This is my answer, the duration of life does not matter as much as the value of the life that is being lived."

"Even though I am not a Gu Immortal, I know about your circumstances. Lady Zhen Zhu, why do you think Gu Masters want to become an immortal so badly? After becoming an immortal, there will be

countless calamities and tribulations, wouldn't they be courting death? How many Gu Immortals have died from tribulations? Don't they know the danger? Aren't they continuing to face danger head on because they want to obtain the true meaning of life?"

"In this great era, if I do not advance bravely, I will be letting down heaven for giving me this life, I will be wasting my second chance. I, Wu Ji, want to become immortal, I want to see things at a greater height, I want to gain more strength. This is the meaning of my life."

After hearing Wu Ji's words, a complex expression appeared on Wu Zhen Zhu's face.

She actually had high expectations of this junior Wu Ji, therefore she came to talk to her. But after talking, she found that she failed to convince Wu Ji, instead, she became the one who was convinced.

"Since you have decided this, I have nothing else to say." Wu Zhen Zhu sighed.

Wu Ji had a sincere expression as she bowed: "Lady Zhen Zhu, junior will remember the concern that you have shown to me."

Saying so, another Gu Immortal appeared: "Hahaha, Wu Ji, I heard your words earlier. As expected of the number one Gu Immortal seed of Wu clan, you did not shame our reputation."

"Wu Zhan Ping, you came here for..." Wu Zhen Zhu asked but she had a guess in her heart, she was quite happy for Wu Ji.

Wu Zhan Ping nodded at Wu Zhen Zhu as he looked at Wu Ji: "I am Wu clan's supreme elder in charge of guidance, Wu Ji, you have sufficient cultivation level and merit, I am tasked to guide you along the road of becoming an immortal!"

Wu Ji took in a deep breath, she clenched her fists unconsciously. This moment had finally arrived, she had been looking forward to it for a long time.

Wu Zhan Ping said solemnly: "Wu Ji, you are a senior of the mortal Wu clan, after being the clan leader for many years, you know of many Gu Immortal secrets. Our Wu clan cultivates many paths, we are most proficient in wind path, it is the reason why we are at the top of Southern Border's Gu Immortal world, our status is immovable."

"You can choose other paths too, we have almost all paths in our inventory, but I have a suggestion for you!"

Wu Zhan Ping had heard Wu Ji's words earlier, he liked this junior and was willing to say more things.

Wu Ji quickly replied: "Please teach me senior, I will listen."

Wu Zhan Ping continued: "Rather than choosing a path, it is more like you are choosing a true inheritance. Our Wu clan has the strongest wind path true inheritance, our first supreme elder Lord Wu Yong also cultivates wind path, he uses the strongest wind path true inheritance in Wu clan as well. However, there are many wind path cultivators, competition is very steep, I would not recommend you to choose it."

"Right now, Wu clan has two true inheritances that even us Gu Immortals feel desire towards, it is only that our paths have been set, changing it has too high of a cost. During normal times, we might have the

opportunity to do that, but with the turbulent era now, chaos is everywhere, it is the best opportunity for you juniors.”

Wu Zhen Zhu heard this, she agreed and said with happiness: “This means that first supreme elder is really taking out these three true inheritances to nurture our Wu clan’s descendants?”

“Indeed, Lord Wu Yong has incredible foresight and magnanimity, everyone in Wu clan holds him in high regard.” Wu Zhan Ping praised from the bottom of his heart, he told Wu Ji: “There are three true inheritances of high value that even us Gu Immortals want, I will list them for you, choose wisely.”

“The first true inheritance is called Corpse Emperor true inheritance. He was a Southern Border rank eight Gu Immortal who turned himself into a zombie when his lifespan was near its end, hence the title. Corpse Emperor was in the demonic path, he was ruthless and vicious, causing super forces to join up and attack him. He died during the battle and his immortal zombie body turned into a corpse mountain upon his death. This mountain is hundreds of meters tall, zombies roam all over the mountain, it produces transformation path zombie Gu and qi path corpse qi Gu.”

“Back then, Southern Border’s Zombie Alliance wanted ownership of this mountain and offered a high price to buy it from us to use as their headquarters, but we rejected them. Right now, it seems like our decision was right. Zombie Alliance was a front of Shadow Sect, but that’s not our issue now. The point is that with the shift of the era, a true inheritance appeared on Corpse Emperor Yu Ding Tian, which is this Corpse Emperor true inheritance.”

“This is a rank eight enslavement path true inheritance, Wu Ji, if you choose it, Wu clan will definitely nurture you well. An enslavement path Gu Immortal can fight a group on their own, the problem with enslavement path is the huge amount of resources needed, but Wu clan can help you with it. The only downside is that this true inheritance lacks Immortal Gu.”

Wu Ji considered it for a while before shaking her head: “Enslavement path is not my style, Immortal Gu are also hard to refine, I am not skilled in Gu refinement. It is too hard to cultivate this true inheritance well, even with the clan’s help, I will not choose it.”

“Alright, then onto the next one.” Wu Zhan Ping continued to speak: “This true inheritance is a soul path true inheritance, it has a greater origin, it concerns Spectral Soul Demon Venerable!”

“This true inheritance is called seven-seven profound soul true inheritance, the most amazing method is to raise soul beasts and nurture them into seven-seven profound soul birds. Once a seven-seven profound soul bird is created, it is almost impossible to kill. Even if they were gravely injured, as long as one of them is still alive, they will reappeared in a short time. Even though this true inheritance also lacks Immortal Gu, it is able to bypass that and nurture soul beasts instead, the cultivation journey will be easier.”

Wu Ji shook her head: “Even though soul beasts are strong, I dislike it. I cultivate my own body, raising soul beasts is like becoming a nanny, it does not suit me.”

Wu Zhan Ping frowned slightly: “Choosing a true inheritance is not child’s play, Wu Ji, consider it well before making a decision.”

“Indeed.” Wu Zhen Zhu also nodded: “Be it Corpse Emperor true inheritance or the seven-seven profound soul true inheritance, they are extremely rare, Wu Ji, you need to treasure this opportunity.”

Wu Ji was unmoved: “Immortals, thank you for the advice, may I know what the third true inheritance is?”

Wu Zhan Ping: “The third true inheritance is the Sheng Tian true inheritance you retrieved. The person who left this true inheritance behind is famous in Gu Master history, he is called Kong Sheng Tian.”

“Kong Sheng Tian had qi escape Immortal Gu, this Gu is incredible, it was once fourth place on the List of Mystical Gu. But in recently years, because of the number one demon in the world, Gu Yue Fang Yuan, Spring Autumn Cicada received public recognition and got elevated to the third mystical Gu, causing qi escape Gu to fall in ranking.”

Speaking of Gu Yue Fang Yuan, Wu Zhan Ping and Wu Zhen Zhu showed complex expressions.

Wu Ji could acutely sense that these two Gu Immortals’ breathing became slightly disoriented.

Fang Yuan had once disguised as Wu Yi Hai and made his way into Wu clan, even someone as intelligent and perceptive as Wu Yong fell prey to his acting. But Wu clan was no longer qualified to take revenge on him, over the course of the fate war and the pursuit over Fang Yuan afterwards, even the variant human battle that happened in Eastern Sea recently cemented Fang Yuan’s throne of the number one demon in the world, nobody could topple his status.

Not wanting to continue talking about Fang Yuan, Wu Zhan Ping got back to the topic: “Kong Sheng Tian was a qi path Gu Immortal, he was most skilled at movement methods. The qi path movement killer move that he created back then was named Kong Sheng Tian, it is incredibly powerful. If you obtain this true inheritance, you will move unhindered in the world, you will always have the initiative.”

“This true inheritance was retrieved by you after all, it could be said you are fated for it. But the Immortal Gu in the true inheritance are likely in the hands of that Kong Ri Tian now.”

### **Chapter 2097: Number One Person In Dream Path**

Wu Ji’s expression sank: “If that Kong Ri Tian did not have Kong Sheng Tian’s bloodline, I would not have lost that contest!”

Wu Zhan Ping shook his head: “You did not lose. That Kong Ri Tian has Immortal Gu but he is just a mortal, even though he escaped luckily, so what? He cannot run for long, many righteous path Gu Immortals are already targeting him. If my Wu clan’s Gu Immortals succeed, this true inheritance’s value will rise greatly, it will suit you more.”

But Wu Ji still shook her head: “These three true inheritances are enslavement path, soul path, and qi path, they are all wonderful. It is a pity they do not suit me, I should continue cultivating my strength path.”

“Hmm?” Wu Zhan Ping frowned.

Wu Zhen Zhu urged her: “Wu Ji, I know you have a strength path true inheritance, but that true inheritance has a low quality, its original owner was only a rank six Gu Immortal, it cannot compare to these three true inheritances at all.”

Seeing that Wu Ji was unmoved, Wu Zhen Zhu continued to speak: “And most importantly, strength path is declining, it cannot compare to enslavement path or soul path. Even though qi path was declining, with the merging of the five regions, qi tides appeared and qi path started to experience a rise again. Choosing qi path is definitely wiser than staying with strength path.”

But Wu Ji shook her head: “I’ll choose strength path! Even though other true inheritances will allow me to have an easier time, if there is a strength path true inheritance, I’ll still choose it. I will walk on strength path in my life, if I cannot use someone else’s foundation, I will create my own.”

Wu Zhan Ping was unhappy: “Wu Ji, you are not a Gu Immortal yet, you do not know the difficulties that we face. The benefits of these three true inheritances are simply indescribable, but you cannot feel them yet. Listen to me and choose one of the three, in the future when you cultivate on this long journey, you will be glad about the decision you made today.”

Wu Ji’s expression had never been so solemn, she bowed deeply at the two immortals: “Great immortals, I, Wu Ji, will never forget the care and concern that you have shown me. But if I do not choose strength path, I will regret it at the next moment. I have already decided on this, I will not change it further. Even if I fail in the future, I am willing to bear the consequences!”

“You!”

“Sigh...”

Wu Zhen Zhu and Wu Zhan Ping shook their heads, they felt pity for Wu Ji who had given up such a great opportunity.

Meng Zhen immortal aperture.

The sky here was filled with a pink aurora that constantly moved and changed.

At the center of the immortal aperture, there was a field of ‘pink grassland’, it was the earth dream fetus hair that Fang Yuan had spent a lot of effort to dig from Southern Border’s underground.

There was also a small sea of flowers situated at the north-most part of the immortal aperture.

The flowers were all nine tune dream flowers, this type of flower only had one petal each, but it spiraled upwards from the roots and showed a spiral form with nine layers, it was quite peculiar.

At the southeast of the immortal aperture, Meng Qiu Zhen specially created a lake.

The lake had little water, it was hundreds of feet lower than the water level of the nearby shore. The entire lake was like a bowl that had a bit of water left inside it at the bottom.

This lake water was called dream river water, in the lake, there was a type of monstrous fish that looked like a tongue, it was bright red and moved agilely, it was called tongue tip small dream fish.

Finally, at the north-most part of the immortal aperture was a field of desolate bones.

Hundreds of huge bones were buried on the ground, a portion of them was still exposed externally.

These bones were also dream path Gu materials, they were obtained from the corpses of a few dream path ancient desolate beasts. Meng Qiu Zhen placed them here and set up the Gu formation, creating this bone dream sand farm.

The sand farm was nourished using the bone marrow, gradually turning the soil into dream sand.

Earth dream fetus hair, nine tune dream flower, dream river water, tongue tip small dream fish, and dream sand, these were all the dream path Gu materials that Fang Yuan obtained during this period of time.

Currently speaking, dream path Gu materials were still very rare.

Fang Yuan had almost ransacked the entire underground area of Southern Border but he only collected this much.

“But inside Meng Zhen immortal aperture, these Gu materials will be nurtured well, soon, a stream of immortal materials will be produced.”

Meng Qiu Zhen was quite confident about this.

Even though there were dream path dao marks at these dream path Gu materials' original locations, the surrounding dao marks were still mostly earth path, they were suppressed and could not develop well, they were simply living between the cracks.

But now, they were moved into Meng Zhen immortal aperture, they were like flood dragons released into the ocean, or tigers entering a mountain, they could grow freely without restraint.

In this relaxed environment that was predominantly made of dream path dao marks, these dream path Gu materials would have great growth.

In addition, Fang Yuan had memories of the future, he had outstanding methods to nurture them, Meng Zhen immortal aperture's time difference with the outside world was also quite good.

“This way, my dream path development has finally gotten on track, as long as I work hard, I will have ample gains in the future.” Fang Yuan assessed himself.

His investment into dream path would stop here.

In terms of dream path mortal Gu recipes and experience in exploring dream realms, Fang Yuan had five hundred years of memories, he still had the upper hand.

In terms of dream path Immortal Gu, Fang Yuan had four of them, he was definitely the top person in the current world.

In terms of attainment level, Fang Yuan was a dream path master, there might be others who were at this level as well, but he was without doubt still among the fastest group of people.

Furthermore, in terms of dream path Immortal Gu recipes and immortal materials, Fang Yuan was certainly the person with the number one results! He had two dream path Immortal Gu recipes that were undoubtedly accurate and exceptional. In terms of immortal materials, Fang Yuan also had an absolute advantage, Feng Jin Huang was just a mortal, even if Lady Poison Scorpion was a Gu Immortal,

she was not an immortal ascended from the Pure Dream Reality Seeker Physique, she could not compare to Fang Yuan.

Comprehensively, Fang Yuan was definitely the number one person in the world in terms of dream path!

Such results already exceeded Fang Yuan's expectations. In his plan, he only had to maintain a certain lead in dream path.

And now was still not the time for the true rise of dream path.

Taking Meng Zhen immortal aperture for example, it was definitely the number one dream path Gu material production ground in the world, but it could only produce rank six dream path immortal materials, the quantity was also pitifully small.

Without sufficient dream path immortal materials, Fang Yuan could not raise the ranks of his dream path Immortal Gu.

The truth was, even though he had rank eight Immortal Gu like Dream Token and could use killer moves like dreamy light smoke, he could not gain an advantage against Duke Long or Spectral Soul in combat.

In battles of the highest level, dream path was only a special method that could intimidate and make the foes wary.

Fang Yuan wanted to explore Crazy Demon Cave, he would need to face the likely revived Star Constellation Immortal Venerable and Spectral Soul Demon Venerable, who was inside the Door of Life and Death.

Facing such existences, his dream path methods that were still at the early stages of development were unreliable as his main methods.

"The truth is, by combining the perfect Pure Dream Reality Seeker Physique and Spectral Soul's split soul method, I can create dream path Gu Immortals in bulk. But the extra dream path immortal apertures are useless, the greatest gain will still be natural inspiration, I will obtain new dream path Immortal Gu recipes. Even if I try to use the ascension tribulation to refine Immortal Gu, it will not be easy."

Tribulations were controlled by heaven's will, they could be strong or weak. When strong, there would be more heaven and earth qi, after succeeding the tribulation, there would be a lot of heaven and earth qi left behind to use for refining Immortal Gu.

But if heaven's will reduced the strength of the tribulation, there would not be extra heaven and earth qi, he could not refine dream path Immortal Gu in that case.

If heaven's will did that, Fang Yuan's gains would be very small. Firstly, the cost of creating Pure Dream Reality Seeker Physique bodies was high, he had to use a large number of dream realms!

If heaven's will tried something new and altered the tribulation contents, Fang Yuan would be in danger as well. After all, Fang Yuan's dream path foundation was already exposed to heaven's will last time.

Thus, recuperating for some time and using Meng Zhen immortal aperture to hide from heaven's will and develop rapidly, while refining new dream path Immortal Gu before undergoing tribulation was the best method now.

Continuing to invest in dream path would not have much relative returns. If Fang Yuan continued his investment, he would face heaven's will's suppression and also the pressure of being a frontrunner, it would be difficult and troublesome. He might as well wait until dream path flourished and dream realms were everywhere, after the trend grew to that extent, he could use the opportunity to develop, saving time and energy.

Thus, Fang Yuan did not want to keep the dream realms that he had.

In the hands of others, these dream realms would give them an opportunity to stay ahead of the era. Be it Western Desert's Tang clan, Central Continent's Feng Jin Huang, or Northern Plains' Lady Poison Scorpion, they would be the same.

But for Fang Yuan, the true value of these dream realms was that they could raise his attainment levels and allow him to annex more grotto-heavens.

Meng Qiu Zhen was truly the dream path clone that Fang Yuan took effort to create, his dream realm exploration efficiency was many times higher than the main body.

As Fang Yuan's attainment levels rose, he made great gains.

At the same time, he also continued to annex the grotto-heavens in the two heavens.

Each grotto-heaven had at least a million dao marks, a thousand heaven path dao marks, as well as a vast amount of cultivation resources.

These grotto-heavens had long histories behind them, Fang Yuan annexed everything, it was the same as instantly taking the accumulations of others for countless years.

Fang Yuan's strength grew time and again, each time, his improvement was huge, this speed was simply unheard of.

The specialty of the sovereign immortal body and the power of unrestrained heavenly mark, they surpassed the logic of the cultivation world. Either one would allow a person to rise to the top, leaving their name in history.

The most terrifying thing was when they were used together, the effect would be even greater! The actual result created would far surpass a simple addition of the two.

But be it a rise in foundation or strength, Fang Yuan still remained as a pseudo venerable.

He might be the number one pseudo venerable in history, but that was pointless.

Without becoming a venerable, there would be no qualitative change.

Fang Yuan cultivated secretly while annexing immortal apertures, he also inspected his own luck very often.

The silver white pillar of light was getting thicker, but the clouds above him were also growing in size. Be it the black cloud representing Spectral Soul Demon Venerable or the golden cloud representing Giant Sun Immortal Venerable, they were growing.

As for the star cloud representing Star Constellation Immortal Venerable, it had expanded by several times, far surpassing the other two.

The situation had not reached the worst scenario yet, Fang Yuan still had time to continue his cultivation and recuperation.

### **Chapter 2098: Hu Land**

Rotten Mud Mountain was one of the famous mountains of Southern Border.

If it were in Western Desert, Eastern Sea, or Northern Plains, it might be more famous, but Southern Border had too many mountains, it had the most number of famous mountains in the five regions, Rotten Mud Mountain became quite inconspicuous, it gave people a feeling of being ordinary.

This place produced rotten mud, it was a common Gu material that had poison path and earth path dao marks, it had very little value in the market due to abundance.

During rainy seasons, Rotten Mud Mountain would turn into a temporary swamp, the rotten mud would turn into rotten swamp mud, which was a widely used Gu refinement material.

During winter, the rotten mud would combine with the ice and snow path dao marks and turn into rotten frozen mud, it was also a common resource. Because it was very fertile, when mixed in soil to nurture crops, the effect would be outstanding. Many Southern Border villages made use of it.

Furthermore, rotten frozen mud was the food of the smelly fart fat worm, thus, this Rotten Mud Mountain also produced the smelly fart fat worm as well.

The smelly fart fat worm was a rank one poison path Gu worm, it looked like black boar Gu, often sold by unscrupulous merchants as fake black boar Gu.

Similar to the smelly fart fat worm in name was smelly fart Gu, it was also a rank one poison path Gu worm. Similar to the smelly fart fat worm, smelly fart Gu was also living in Rotten Mud Mountain.

Living on what grew around them, there were several villages that survived using the resources of the Rotten Mud Mountain.

These villages were all scattered around the periphery of Rotten Mud Mountain, even though they competed with each other, they were more likely to work together.

Because Rotten Mud Mountain was a famous mountain, it could obviously produce immortal materials, the mountain even had poison path desolate beasts or ancient desolate beasts.

These villages did not have Gu Immortals, they were at most rank five Gu Masters, they would not dare to live on the mountain.

Rumble...

On this day, the people in the few villages heard thunderous sounds, they became shocked and uncertain.

“What is happening on the mountain?”

“Why is there thunder for no reason?”

“The mountain is dangerous, we Gu Masters cannot understand what is happening.”

Next, people heard the shouting of people.

“Kong Ri Tian, you cannot escape! I know that you are hiding here, but can you hide here forever?”

“Come out now and hand over your Gu worms, I can still spare your life. If you miss this chance, after I search the mountain and find you, you will wish you were dead instead!”

Wu clan’s Gu Immortal shouted, his voices creating sound waves that spread around the area.

The people in the villages at the periphery of the mountain were instantly shook.

“An immortal!”

“An immortal appeared. Oh heavens!”

“I know about this demon Kong Ri Tian, he specially targets pure and innocent girls, to think an immortal would go after him, he’s dead meat!!”

“Did Kong Ri Tian get an Immortal Gu so an immortal is coming to snatch it?”

“Hmph! This is not snatching, the immortal is just upholding justice and righteousness.”

“Do you guys think we will meet an immortal if we go there? Will we obtain a way to become immortal?”

After the fate war, everyone in the world learned of the existence of immortals. Before that, because most people lived in isolation, many people thought that immortals were just legends.

“Damn it!” Kong Ri Tian was covered in injuries, he hid in a rotten mud cave with a face full of despair.

“Sigh, Wu clan’s immortal is too domineering. I have implicated you all!” Kong Ri Tian looked at Wang Xiao Er and the four great obscenities, feeling guilt.

On that day, after leaving the sinkhole, the situation turned chaotic. The four great obscenities were originally after Kong Ri Tian’s immortal inheritance, but they ended up getting chased together.

Kong Ri Tian also knew about the four great obscenities’ desire, he used the inheritance to lure them, they ended up working together and escaping for their lives.

After all, Sheng Tian true inheritance had only showed itself slightly, Gu Immortals did not pay attention to it yet. Kong Ri Tian only had to face rank five experts like Wu Ji or Shang Xin Ci.

The four great obscenities had great strength themselves, together with Kong Ri Tian who was a famous demon in Southern Border, they managed to escape by working together.

However, good times did not last, because Sheng Tian true inheritance was exposed, all the super clans started to go after it, they sent Gu Immortals out.

Kong Ri Tian and the rest got into huge danger, they hid everywhere they could, eventually ending up in Rotten Mud Mountain, but now, Wu clan’s Gu Immortal was here to send them into despair.

“So be it if we die, so what?”

“Brother Kong, say no more, this is our fate!”

“Speaking of which, dying in the hands of an immortal is quite glorious too.”

The Central Continent four great obscenities chuckled, they were all demonic path members, at this desperate moment, they displayed their grand attitude towards life.

“Alright, enough of such talk. Who said you would die?” Suddenly, from Kong Ri Tian’s body, a will floated out.

Seeing this will, Central Continent’s four great obscenities showed a complex expression.

This was Kong Sheng Tian’s will, other than the will in Sheng Tian true inheritance, there were also Immortal Gu and immortal essence. This way, Kong Ri Tian had Gu Immortal methods to use.

This was also the reason why the four great obscenities did not attack Kong Ri Tian to snatch the inheritance.

These people were able to struggle until now from the pursuit of Gu Immortals, it was all thanks to Kong Sheng Tian’s will.

“Lord ancestor, you are finally awake. Are your injuries healed already? Do you mean we can still survive?” Kong Ri Tian’s eyes shined with bright light, he asked in succession.

Kong Sheng Tian’s will sighed: “I am not injured, using Gu Immortal methods just takes a huge toll on me. Thus, I had to sleep and use Gu worms to replenish my will. As for whether you can be saved, of course you can! Why did I ask you to come here before I fell asleep? It was because this place allows us to escape from these people.”

After saying this, Kong Sheng Tian took action and activated his Gu Immortal method.

Everyone was shocked to find out that a long tunnel secretly appeared in this rotten mud cave without any commotion.

They all entered the tunnel as they went deeper underground, arriving in a hall.

Kong Sheng Tian’s will sighed deeply after returning here: “Back then, my main body spent a hundred years and used all sorts of clues to investigate and track down this place after much effort, I finally found this Hu Land. It was a pity that my body was too old then, I did not have long to live, I could only make arrangements and leave.”

“Hu Land? Is it the secluded domain of heaven and earth recorded in <<The Legends of Ren Zu>>?” Everyone was surprised, they had heard of it before.

<<The Legends of Ren Zu>> was simply too widely known in the world.

Kong Sheng Tian’s will smiled arrogantly: “Of course! Hu Land shares the same reputation as Xi Land, it is a supreme secluded domain of qi path. Little Ri Tian, you know that my main body’s most signature method was to shoot out currents from my body’s pores and move rapidly. Hu Land and Xi Land are

complementary[1], it is a perfect pair with my killer move, using it, we can definitely escape from these pursuers.”

“That is great!!” Everyone was surprised and joyful.

Even though they did not fear death, the best situation was obviously to survive.

Kong Sheng Tian’s will sighed as he added: “It is a pity that you are not a Gu Immortal, Little Ri Tian, you cannot bring this secluded domain of heaven and earth with you. Once I use this killer move, you will scatter and fly out like meteors, the speed is incredible and nobody can catch you, but this Hu Land will be left for those Gu Immortals outside.”

Kong Ri Tian did not mind it: “Ancestor, keeping our lives is already good enough. Since we cannot bring the secluded domain of heaven and earth away, Wu clan can keep it safe for us now. One day, I will take it back, that Wu Ji or Shang Xin Ci will moan under my legs, they will suffer for this!!”

Kong Ri Tian said this, his gaze turned ruthless, he emitted the aura of a demonic path member who had no fear for anything, he was filled with evil intentions.

Kong Sheng Tian’s will laughed loudly: “Good, this is how my descendant should act like!”

Kong Sheng Tian was also a demonic path member back then, he liked descendants like Kong Ri Tian.

Speaking of which, even though Kong Ri Tian had committed countless sins, he did not lack talent or a proper nature. Otherwise, he would survive in Southern Border for so long and even gain the reputation of a strong demon.

Chen Yin Dao spoke: “Lord Gu Immortal, these people are my brothers, we would like to travel together. I heard from lord’s words that we will be separated?”

Kong Sheng Tian’s will nodded: “Indeed, if my main body was still here, I can use Hu Land to let you guys escape together. But I am only a will now, I can barely use Hu Land, be it direction or destination, I cannot control either. Maybe you can stay here and hide elsewhere, after I leave with Little Ri Tian, that Southern Border Gu Immortal might go after us instead.”

Chen Yin Dao and the rest were troubled.

Since they could leave, they definitely should leave.

Staying here was too risky!

Central Continent’s four obscenities were experienced with living like fugitives, they knew that staying behind was the same as courting death.

But if they escaped, they would not be together with Wang Xiao Er.

And if they were separated and the cursed activated...

“Brother Kong, I would like to speak to you.” Thinking of this, Chen Yin Dao sighed deeply, he decided to speak the truth.

Kong Ri Tian was a little surprised, even though he cooperated with the Central Continent four great obscenities, he kept his guard up. But now that his ancestor was awake, he was not afraid of the four great obscenities' sneak attack.

Kong Ri Tian went to a corner with Chen Yin Dao as they conversed quietly.

"So that's it." Kong Ri Tiang gasped.

"Why else would we be like this?" Chen Yin Dao spoke very helplessly.

Kong Ri Tian blinked wildly: "I thought that Central Continent people had such interests, speaking of which, when I first saw that, I was shocked, to think that you brothers would have such interests!"

Their conversation could be heard as muffled voices in the air.

"Brothers, what do you think boss is telling Brother Kong?" Wang Xiao Er was confused, he asked in curiosity.

### **Chapter 2099: Wu Yong's Excitement**

The other three obscenities had ugly expressions too.

Kong Ri Tian was not just in the demonic path, he had the same 'hobbies' as them, they could be considered the same kind of people.

To think that they would have to expose the truth to him now, it was truly shameful and humiliating!

Hearing Wang Xiao Er's words, they even felt their anus tightening up.

The four great obscenities were already in deep anguish while Wang Xiao Er was starting to enjoy himself. Because he was a mysterious immortal, the four great obscenities did not dare to say anything.

Thus, the three of them gave vague replies: "Boss has his own good reasons for not telling us."

"Xiao Er, we need to believe in him."

"Boss is definitely thinking for our sake, he just does not want us to worry. This is not a problem!"

Wang Xiao Er felt a little embarrassed from their words: "I was wrong, I was wrong! Brothers, don't blame me, I was just curious."

After Kong Sheng Tian understood the situation, he returned to his ancestor Kong Sheng Tian's will and explained everything to him.

Hearing this, Kong Sheng Tian's will showed a peculiar expression.

"Let me try first." Kong Sheng Tian's will did not say that confidently.

"Immortal, please go ahead!!" Chen Yin Dao and the rest quickly shouted with expressions of endless gratitude.

Kong Sheng Tian's will was in no rush to treat them, he first used investigative methods to inspect their fortune.

After taking a look, Kong Sheng Tian's will had an idea: "Hmm, the size of these people's fortune qi is much larger than normal, it is not weak at all. Especially that Wang Xiao Er, is he really an amnesiac immortal?"

Kong Sheng Tian's will decided to save them.

The Central Continent four great obscenities were mere mortals, whether it was worthwhile to help them would depend on their fortune.

Kong Sheng Tian was a demonic path Gu Immortal, he naturally did things with a focus on benefits.

Just using Hu Land to let them escape would not consume much immortal essence, he would only have to use a method. But to treat the four great obscenities' problem would incur a huge cost.

Especially when the immortal essence that Kong Sheng Tian left behind were limited in quantity.

Next, Kong Sheng Tian started his true investigation.

A moment later, Kong Sheng Tian's will showed a serious expression, he shook his head: "I cannot treat your problem."

Kong Ri Tian was surprised: "Ancestor, even your methods cannot work?"

Kong Sheng Tian's will sighed: "I can heal most injuries in this world, but the immortal method on you guys is quite extraordinary, it is caused by the legendary love Gu. This Gu belongs to Spirit Affinity House, it seems that the person who used it on you is the current generation fairy. You are quite lucky to have even met Spirit Affinity House's fairy."

The four great obscenities' expressions turned pale.

Wang Xiao Er was confused: "Do my brothers have a huge hidden problem in their bodies?"

He became anxious: "All of you hid this from me, didn't we say that we would share good times and bad times together? What problem do you have, even though I can't help, I can at least try to share your burden!"

Wang Xiao Er said this, he got anxious, there was even slight rage in his tone.

The four great obscenities looked at Wang Xiao Er, feeling pain internally.

Or more accurately speaking, their butts were starting to hurt again.

Was it their good luck or bad luck to have met such a person? They were lucky because they could survive until now because of him. But why was it that they would rather have never met him?

"This is our fate." Chen Yin Dao sighed bitterly: "Immortal, since you cannot save us, we might as well stay here and wait for death."

Kong Sheng Tian's will chuckled as he waved his hand: "Even though I cannot save you, I have a method that can alleviate your problem. I can temporarily suppress this problem within you, it will not bother you for some time."

"You can do that!" The four great obscenities became excited, they quickly thanked him profusely.

Wang Xiao Er was also quite excited.

Kong Sheng Tian's will pondered again: "According to my deductions, your fortune does not exist in Southern Border, it is still in Central Continent."

"What?" The four great obscenities looked at each other, they were chased out of Central Continent after all, but hearing Kong Sheng Tian's words, they still had to return to Central Continent?

Kong Sheng Tian's will snorted coldly: "This is all I'll say, whether you believe it is up to you. Go!"

The reason he spoke to these mortals for so long was because of his inheritor Kong Ri Tian. As for Wang Xiao Er, Kong Sheng Tian's will did not want to involve himself.

If his main body was around, he might intervene.

But now, who knew what background Wang Xiao Er had? Was he really having amnesia or was he pretending? Even if he did lose his memories, looking at him, he still had defensive methods.

Kong Ri Tian had not become a Gu Immortal yet, he was even pursued by Southern Border's righteous path Gu Immortals, Kong Sheng Tian decided to act ignorant.

He wanted nothing to do with Wang Xiao Er.

"Go." Kong Sheng Tian spoke as he activated a killer move, utilizing Hu Land.

Normally speaking, when Gu Immortals used killer moves, a strong aura would leak out and cause others to be wary.

But Kong Sheng Tian's method could conceal the aura to a relatively perfect degree.

This method was really rare.

In the current five regions, only Wu Yong could do it.

This meant that when Kong Sheng Tian was alive, he was definitely a huge headache for his enemies, they could not easily defend against him.

Thus, when Wu clan's Gu Immortal found something amiss, it was all too late. He watched as these people flew away in all directions, unable to stop them.

Wu clan's Gu Immortal was upset but also filled with shock and uncertainty.

Because he found Hu Land!

"This is a qi path secluded domain of heaven and earth? I am going to make a huge contribution!" After Wu clan's Gu Immortal confirmed it, he became intensely happy, he started to contact Wu clan's first supreme elder Wu Yong.

When Wu Yong received the news, he was settling the clan affairs in his room.

"Hu Land?!" He immediately stood up from his seat, his eyes shining with bright light.

Next, he opened his mouth, he blew out a mouthful of green wind.

After the green wind moved around and grew into the size of a fist, it entered Wu Yong's mind.

Thoughts collided in Wu Yong's mind as they were constantly produced, the green wind would absorb them and assist in the collision speed, allowing him to think faster.

Even though Wu Yong was a wind path expert, his attainment level was beyond the level of mimicry, he could easily copy the trait of wisdom path.

"Hu Land is a secluded domain of heaven and earth, if Wu clan can obtain it, this might be the chance for me to start my domination!" Wu Yong was extremely happy, it was as if a fire burned in his heart, blazing intensely.

There were many secluded domains of heaven and earth recorded in <<The Legends of Ren Zu>>. For time path, there was the River of Time, for space path, there was space cave, also know as space door. For qi path, there was Xi Land and Hu Land. For rule path, there was Reverse Flow River, Cheng Bai Mountain, and Miniscule Mountain. For information path, there was Qian Kun Crystal Wall, Whisper Forest... and for soul path, there was Dang Hun Mountain and Luo Po Valley...

There were also some secluded domains of heaven and earth that comprised several paths, for example City Well, the Blue Sea of Life, and Ordinary Abyss.

Gu were the essence of heaven and earth, fragments of the Great Dao, even though secluded domains of heaven and earth had scattered dao marks, the total number usually surpassed rank nine Immortal Gu.

These secluded domains of heaven and earth were not just recorded in <<The Legends of Ren Zu>>, very rarely, they had been obtained by Gu Immortals or super forces, leaving behind their own legends.

If a secluded domain of heaven and earth was used well, it could give a huge benefit to the super force. Even pseudo venerables and venerables would benefit greatly from them.

Ignoring anyone else, just the pseudo venerable Demon Immortal Qi Jue, he had used Xi Land to participate in a top level fight of the Gu Immortal world immediately after reviving.

Wu Yong knew: "For a super force, if they could develop a secluded domain of heaven and earth well, they would gain immense profits from a monopoly in the market, for example, like Dang Hun Mountain."

"For a Gu Immortal, a secluded domain of heaven and earth was the replacement of a rank nine Immortal Gu, it could shake the entire era, causing a new trend to emerge in the immortal world!"

Rank nine Immortal Gu were too hard to get.

There were not many rank nine Immortal Gu even in history.

For example, fate Gu, Heavenly Court spent millions of years trying to protect and restore it.

Or wisdom Gu for example, Giant Sun Immortal Venerable spent a lot of effort to keep it within Eighty-Eight True Yang Building.

There was also hatred Gu, Genesis Lotus Immortal Venerable plotted for hundreds of thousands of years before succeeding.

The venerables in history were the group that had the most number of rank nine Immortal Gu, all of their vital Gu were rank nine. Other than them, the number didn't even reach five.

Thus, the value of a secluded domain of heaven and earth was apparent. Using a secluded domain of heaven and earth as the core to activate an immortal killer move would often have great effects.

Like Fang Yuan's reverse flow protection seal.

"I need to do my best and obtain this secluded domain of heaven and earth, I need to get it secretly and prevent information from leaking!" Wu Yong made up his mind.

The secluded domain of heaven and earth had huge implications if it was exposed, the whole of Southern Border would get involved, the other four regions might even come to snatch it.

But now, this secret had not been exposed yet, Wu Yong saw a great chance for himself.

Other forces only knew about Sheng Tian true inheritance, they did not know about this Hu Land.

Earlier, Wu clan's Gu Immortal had already fought against the other clans' Gu Immortals, they left on their own accord. Right now on Rotten Mud Mountain, there were no other lone and demonic cultivators.

In the past, if a rank eight inheritance like Sheng Tian true inheritance appeared, the entire Southern Border Gu Immortal world would be moved, many people would be sent out to fight for it.

But it was different now.

All five regions had inheritances appear, they were all exposed due to the qi tides.

Wu clan's Gu Immortal was able to defeat the competitors mostly due to this reason, the other super forces were busy dealing with their own territories, they were trying to get the inheritances of the highest value.

Sheng Tian true inheritance was just one of them.

Compared to Southern Border's righteous path, Wu Yong was more worried about the pseudo venerables.

"Demon Immortal Qi Jue and Qi Sea Ancestor are both qi path Gu Immortals, this Hu Land has huge significance to them."

"But luckily, Demon Immortal Qi Jue is currently suppressed by Divine Emperor City, while Qi Sea Ancestor is fighting against the variant human alliance led by Fang Yuan, he has no time to spare."

"As for Fang Yuan..."

Wu Yong was still most worried about Gu Yue Fang Yuan!

Chapter 2100: Fire Thunder True Inheritance

In the past, Wu Yong chased after Fang Yuan and forced him to go from Southern Border to Western Desert. Now, Wu Yong was afraid that Fang Yuan would approach his clan and snatch Hu Land away!

Wu Yong knew that if Fang Yuan came for it, he would not be able to block him.

Immortal Gu were easily destroyed, Fang Yuan might act carefully, but these kinds of secluded domains were hard to destroy, he was almost certainly going to succeed in snatching it.

“Fang Yuan has the sovereign immortal body, he can cultivate any path, that is quite terrifying, Hu Land is definitely useful to him. If this Hu Land is exposed, my Wu clan will not be able to keep it, it will be taken away. By then, not only will we waste our time and resources, we may also incur deaths. Wu clan’s prestige may also fall, it will be better if we leave it alone!” Wu Yong thought about the situation.

He decided to send people and secretly take Hu Land away. If it got exposed during this process, he would immediately abandon it.

Even though Wu clan was big, it was not the match of someone like Fang Yuan!

In this world, the number of people did not matter, only individual strength was of importance.

“Those villages around Rotten Mud Mountain have no Gu Immortals, but we need to prevent the mortals and Gu Masters from exposing the news. Maybe we can make use of the ‘beast tide’ to settle this problem.”

“There is no rush to find Kong Ri Tian, we can just investigate it secretly. Hopefully, he does not expose his location before I get Hu Land.”

If he still kept up the commotion, he would cause suspicions — Wu clan’s Gu Immortal was actually unable to capture Kong Ri Tian, wasn’t that too strange? What method did Kong Ri Tian use to escape from Wu clan’s rank seven Gu Immortal?

By then, they would cast their suspicions on Rotten Mud Mountain.

Thus, Wu Yong would rather have Kong Ri Tian hide himself these few days without exposing his location.

“To lure the attention of Southern Border’s Gu Immortal world, I might need to activate my arrangement in Ba clan in advance to create a smokescreen for me to take Hu Land.”

“Of course, there is the one biggest flaw in this plan, that is Kong Ri Tian.”

“Kong Ri Tian has Kong Sheng Tian’s will, he can connect to treasure yellow heaven. At the crucial moment, if he exposes the secret of Hu Land, it would cause our Wu clan to suffer a huge amount of conflict.”

“But this possibility is quite unlikely.”

Wu Yong analyzed to himself.

Firstly, Kong Sheng Tian cultivated qi path, Kong Ri Tian would definitely cultivate qi path too. If Wu clan obtains Hu Land, from their perspective, they would want to compete with Wu clan in the dark and retrieve Hu Land without a commotion. They would not want a large number of competitors to emerge.

Secondly, if Kong Ri Tian exposed the secret of Hu Land, he would be the mortal enemy of Wu clan, it was not a wise thing to do since it would cause them to take revenge. At the same time, Kong Ri Tian would expose the secret that he was still escaping, other Gu Immortals would go and capture him.

Even though the possibility was unlikely, the chance was still there.

The risk of secretly taking away Hu Land was very huge to Wu clan!

But the benefit it involved was also massive, Wu Yong was willing to take the risk.

Some days later.

Above red dragon river, Wu clan's, Xia clan's, and Ba clan's Gu Immortals were nervously anticipating a contest.

River water surged as ripples spread with explosive sounds, this was the fire thunder river segment of red dragon river, it produced fire path and lightning path Gu worms.

A newly discovered rank eight true inheritance was hidden at the bottom of this river segment.

The person who set up this true inheritance was called Fire Thunder Divine Lord, he cultivated fire path primarily with lightning path secondarily, even though he was a lone cultivator, he had above average luck and experienced many fortuitous encounters.

He was not a Southern Border Gu Immortal, he came from Western Desert.

He had once caused chaos in Western Desert's Gu Immortal world, several Western Desert super forces chased after him. Even though he managed to survive, by the time he got to the fire thunder river segment of red dragon river, his injuries could not be healed, before dying, he made his arrangements.

Precisely because of his arrangements, this river segment turned into the fire thunder river segment gradually over time.

Fire Thunder Divine Lord's methods were not eye-catching, they were very close to that of nature, even though this was the intersection of Ba clan and Xia clan, the two super forces did not notice anything strange, they thought it was a natural development.

Even though fire thunder river segment produced fire path and lightning path Gu worms, no Immortal Gu had ever been produced. Thus, Ba clan and Xia clan did not pay attention to it.

For mortals, even though the fire path and lightning path mortal Gu were alluring, the environment was too dangerous, few rank five Gu Masters would take the risk.

Thus, Fire Thunder Divine Lord's true inheritance remained hidden for so long, until now when the qi tides swept through the world, it was unveiled.

Fire Thunder Divine Lord was a rank eight Gu Immortal, the rank eight true inheritance he left behind was quite high quality, it caused almost all of Southern Border's super clans to compete for it.

After some probing and fighting, only three competitors were left.

One was Wu clan, the other two were Ba clan and Xia clan.

Ba clan's current first supreme elder was Ba De, he was tall and had a plain look, he had a strong body with broad shoulders and chest, his skin that was not covered looked like thousand year old tree bark, there was even green moss growing on it.

He had a large mouth and broad nose, his eyes were covered by a black cloth, covering them completely. His dark green beard hung down to his waist, while his jade green hair extended to the back of his waist.

Ba De floated in the air as he called to Wu Yong: "Wu clan, you are overstepping your boundaries, this is the territory of my Ba clan. Regardless of what true inheritance it is, this belongs to Ba clan. Wu clan, as the leader of the Southern Alliance, the leader of Southern Border's Gu Immortals, why are you not being a role model, are you ignoring the rules of the righteous path?"

Wu Yong smiled as he said gentlemanly: "Since when has this fire thunder river segment become yours? The territorial boundary between Xia clan and Ba clan is a sensitive area, Ba De, you need to speak more carefully, at least, you need to ask about the opinion of our comrades from Xia clan."

Before he finished, Xia clan's Gu Immortal Xia Zhao spoke: "Lord Wu Yong, regardless of whether this is Xia clan's or Ba clan's territory, it is still our matter. Wu clan is far away at the southern-most area, even Qiao clan is nowhere close to the fire thunder river segment."

Even though Xia Zhao only had rank seven cultivation level, Xia clan's original first supreme elder Xia Cha had already been turned into a mortal Gu Master by Fang Yuan, Xia Zhao was now the current first supreme elder, on the same status as Ba De. Thus, it was not strange that he spoke.

Xia clan and Wu clan had conflict between them even from before now, their relationship was not good. Ignoring anything else, just merely in recent years.

Xia clan and Wu clan conflicted over Frosty Peak, Fang Yuan had disguised as Wu Yi Hai and forced Xia Fei Kuai away, winning the contest.

After that, Xia clan still made an attack and took over Qiao clan's empty origin pit. Qiao clan was Wu clan's subsidiary force, invading Qiao clan's territory was offending Wu clan. After that, Wu Yong used Clear Jade Dripping Wind Tiny Bamboo Building to turn the situation around, Xia clan was forced to return empty origin pit.

Xia clan's external supreme elder Immortal Yan Huang had once owned Moon Bowl, but Wu clan had already taken possession of this territory.

Thus, even though Xia clan and Ba clan were not harmonious, because Wu clan was the strongest among them, these two clans were actually standing on the same side now.

Qiao Si Liu's expression changed slightly.

She was one of Southern Border's three great fairies, her beauty was on par with Fairy Miao Yin.

Her cultivation level was also rank seven.

This time, with Wu clan's action, Qiao clan had to show some effort as their subsidiary force, thus they sent Qiao Si Liu to accompany Wu Yong.

Qiao Si Liu knew about the rules of the righteous path, seeing Ba clan and Xia clan joining up against Wu clan, she became anxious internally.

Righteous path Gu Immortals had a set of rules to follow, they were not as free as the demonic path or carefree as the lone cultivators.

Even though Wu Yong was strong, seemingly the number one person in Southern Border, without a good righteous reason, he could not take Fire Thunder true inheritance by force.

At this moment, Wu Yong's reputation and his status as the Southern Alliance Leader became the chains that bound him.

If Wu Yong took it by force, he would lose everyone's support, Southern Border's righteous path would lose faith in his impartiality as the alliance leader.

Wu clan was a powerful force but they did not cultivate fire path or lightning path, a rank eight fire thunder true inheritance was really not significant to Wu clan. If Wu Yong tried to take it now, Wu clan's losses would be even larger instead!

Against Xia clan and Ba clan's resistance, the smile on Wu Yong's face became even more evident: "Go, bring the person here."

He instructed.

The Wu clan Gu Immortal behind him opened his immortal aperture's entrance, a mortal Gu Master came out.

Wu Yong introduced: "This Western Desert Gu Master is the bloodline inheritor of Fire Thunder Divine Lord. Whether fire thunder river segment belongs to Ba clan or Xia clan does not matter, what is clear is that the Fire Thunder true inheritance in the river belongs to this little friend."

The expressions of Ba clan's and Xia clan's Gu Immortals changed.

Wu Yong smiled again with calm composure: "As righteous path members, how can we snatch other people's inheritances? This true inheritance has its owner, it belongs to this friend from Western Desert. As the Southern Alliance Leader, I need to be impartial in my actions, if anyone suspects his identity, you can extract his blood and test it."

"As expected of Lord Wu Yong! So he came prepared." Qiao Si Liu's eyes shined as she calmed down.

With this excuse, Wu clan had the right of reason, they could block any accusations that came at them, Wu Yong could use his full strength. In contrast, Ba clan and Xia clan fell into an awkward spot.

Ba De and Xia Zhao looked at each other, their expressions were ugly.

Wu Yong made such ample preparation, they were quite surprised.

Even though Wu Yong had just risen to power recently, his political skill was a huge lesson to the entire Southern Border Gu Immortal world.

Ba De and Xia Zhao knew that since Wu Yong brought out this bloodline descendant, his identity had to be authentic. Even if Wu Yong was faking it, he would have done it with a superb method that could not be seen through for now.

Ba De and Xia Zhao discussed among themselves and took a few steps forward.

Ba De had a solemn expression: "How can we return an inheritance of Southern Border to Western Desert?"

Xia Zhao added: "Since Fire Thunder Divine Lord died here and left his true inheritance in Southern Border, this is simply the will of heaven."

Ba clan and Xia clan could not back out, the true inheritance was in-between their territories, if they backed off now, would they still keep their reputation?

Wu Yong was not surprised by their words, he waved his sleeves: "Then let the three of us compete for it."

The situation had reached this stage, they could only fight to determine the outcome.

"Let me exchange blows with you!" Ba De shouted as he acted first.

Xia Zhao only had rank seven cultivation level, he quickly flew away and attacked from afar, helping Ba De to restrain Wu Yong.

Wu Yong laughed heartily, intense winds blew as the sky turned dark.

Ba De cultivated wood path, he activated his killer move, countless ancient trees and flying leaves appeared in the sky.

But against Wu Yong's killer moves, the trees were sliced apart and the leaves wilted away.

After three rounds, Ba De and Xia Zhao got defeated by Wu Yong, the superior side was very obvious.

"Anything else to say?" Wu Yong smiled.

Xia Zhao had a livid expression, he remained silent. He could not help but recall the time when Xia Cha was still rank eight, at least back then, Wu Yong was not so arrogant.

"He actually became this strong!" Ba De was internally shaken as he clenched his fists: "But I still have another trump card killer move unused. If I try... can I defeat Wu Yong?"

Ba De thought about it, he relaxed his clenched fists.

Just this Fire Thunder true inheritance was not important enough for him to expose the killer move that he had kept a secret for years.

Ba clan and Xia clan left in the end.

Wu Yong brought the Western Desert Gu Master to the bottom of the river as he retrieved the Fire Thunder true inheritance.

The Western Desert Gu Master knelt down on the spot, requesting to join Wu clan.

Wu Yong agreed immediately.

This Western Desert Gu Master was called Zhong Yi, he had ample talent and a good character, he could become a Gu Immortal seed with some nurturing, Wu clan had no losses in taking him in.

Because of Fang Yuan, a number of Wu clan's Gu Immortals had died. Wu Yong needed more Wu clan Gu Immortals to emerge now, thus he took in the surrounding Gu Masters of other regions as their clan's future external elders.

"Congratulations to Lord Wu Yong, you easily defeated Ba clan and Xia clan, obtaining Fire Thunder true inheritance." Qiao Si Liu said with deep politeness.

"In the current Southern Border, who dares to contend with our lord?" Wu clan's Gu Immortals gained a surge in morale, they spoke excitedly.

Wu Yong acknowledged their words, he said calmly: "Spread news of today's battle, I want the entire Southern Border Gu Immortal world to hear of it."

"Yes." Wu clan's Gu Immortals answered.

"Lord Wu Yong, I, mushroomman Gu Immortal Ke Xin Hong, seek your audience." At this time, a mushroomman Gu Immortal approached from the southeast direction, riding waves along the way.

"What?"

"A mushroomman Gu Immortal!"

"Does he come from Mushroomman Paradise? Such guts."

The Gu Immortals around Wu Yong had changes of expressions.

Ke Xin Hong wore a white shirt, he had a plain face, he did not conceal his appearance, there was a large mushroom above his head, looking like a hat.

Wu Yong's heart jolted.

At the next moment, Ke Xin Hong transmitted to Wu Yong: "Lord Wu Yong, I come from Mushroomman Paradise, I carry the orders of Lord Gu Yue Fang Yuan."

Wu Yong's expression did not change, he replied: "For what matter have you come?"

Ke Xin Hong smiled: "Sheng Tian true inheritance."

Wu Yong's pupils shrunk immediately.
