

Insanity 2171

Chapter 2171: Four Venerables Repair The World

The lightning giant attacked, each action carried unparalleled lights.

Countless chains swayed and targeted Thieving Heaven Demon Venerable as they sealed and slashed.

The damage caused by the two venerables continued to spread out, the entire void was shaking intensely, it seemed to be unable to sustain the pressure.

One by one, small worlds were implicated, they were rapidly destroyed and unable to last a few breaths of time.

Within the lightning giant, Thieving Heaven Demon Venerable's expression became increasingly twisted, blood surged in his eyes as his aura became more vicious and wild.

"Take this move!" Thieving Heaven shouted as the lightning giant's mountain-like body stopped on the spot.

The surface of its body started to transform rapidly, with the crisp sound of clanking metal, cannons started to extend out of its body in all directions.

Boom—!

Thousands of cannons fired at once, countless rays of light pierced the void, a rainbow color of red, orange, yellow, green, blue, purple, and others dazzled the entire heaven and earth.

As light rays shot out and crossed a vast distance, they destroyed everything in their path, many chains that Limitless Demon Venerable's will controlled were easily decimated.

"This move actually comprises metal, wood, water, fire, earth, and other paths. Each color of the cannons represent a different path. Oh no!" Limitless Demon Venerable's will was shaken.

The defensive line that he had established was penetrated, exposing the two great worlds that he was protecting.

One world had rampaging wild beasts, the other was covered in lush greenery.

They were Savage Wilderness Great World and Green Lotus Great World.

Most of the cannons were blocked successfully but a hundred of them still shot towards the two great worlds mercilessly.

"What? These two worlds contain life?" Thieving Heaven Demon Venerable was internally shocked.

He could see clearly, his twisted expression froze on his face, clarity returned to his eyes that had turned blood red.

Earlier when he explored the void, he saw that the small worlds were devoid of life, they were deathly silent.

Thus, he did not care about the destruction of these small worlds.

But Savage Wilderness Great World and Green Lotus Great World contained living beings, Thieving Heaven Demon Venerable did not want to be a mass murderer.

Thieving Heaven Demon Venerable gritted his teeth, he used all his strength to control the lightning giant and turn the cannon in another direction.

All of the cannons narrowly avoided the two great worlds.

Guh.

Thieving Heaven Demon Venerable spat out a mouthful of blood.

By forcefully changing his attack direction, he had to endure the backlash of the killer move.

The lightning giant that had been powerful and unstoppable was no longer shining, it dimmed by a lot.

The battle of the two venerables came to a halt at this moment.

Thieving Heaven Demon Venerable breathed roughly while Limitless Demon Venerable's will was protected by countless chains, he fell into deep thought.

At the crucial moment, he saw the former's true nature.

"I can open the pathway and let you enter to take a look." A moment later, Limitless Demon Venerable's will said.

"What?" Thieving Heaven Demon Venerable was surprised.

But he immediately understood the reason, blood traces were still lingering on Thieving Heaven Demon Venerable's lips, with his relatively severe injuries, he could not heal them in the short period.

He chuckled: "Then what are we waiting for?"

Limitless Demon Venerable's will opened a path as he led Thieving Heaven Demon Venerable into the ninth layer of Crazy Demon Cave.

Thieving Heaven Demon Venerable first saw a large mountain that was black and white in color.

"This is the Book Mountain recorded in <<The Legends of Ren Zu>>?" Thieving Heaven Demon Venerable dispelled his lightning giant killer move, he expressed his surprise.

Limitless' will smiled: "Book Mountain is one of the cores, with it, this crazy demon ninth void formation can continue to grow. Each time a new genius Gu cultivator appears in the world, they would help with the progress of their respective path, Book Mountain will absorb the new knowledge and develop the crazy demon ninth void formation to continuously improve and develop."

"Initially, the eighth layer's void was very small, there were no worlds at all. But afterwards, as rule path, phantom path, and refinement path developed in the five regions, this place also continued to expand and grow."

"Small worlds first appeared, before they quickly increased in number. Reckless Savage Demon Venerable left behind Savage Wilderness Great World, Genesis Lotus Immortal Venerable created his Green Lotus Dao field, greatly promoting the growth of the crazy demon ninth void formation. In time,

living beings will be created and destroyed alongside the small worlds, no longer limited to the current two great worlds.”

Thieving Heaven Demon Venerable went deeper, he started to see blocks of floating ice, they had various sizes and all sorts of strange shapes.

“This is the truthful floating ice? No wonder I did not find them when exploring the River of Time, so it was you who found and kept them here.” Thieving Heaven Demon Venerable realized.

And finally, he arrived at the deepest part of Crazy Demon Cave.

Thieving Heaven Demon Venerable showed a downcast expression, he felt very disappointed: “Space Door is not here after all.”

Limitless’ will did not lie to him.

Limitless’ will said: “Thieving Heaven Demon Venerable, if you do not believe me, you can continue to look. Space Door is not here.”

“How can I find Space Door? That is my only hope of returning home!” Thieving Heaven Demon Venerable inquired.

Limitless’ will shook his head: “If I knew about it, why would I need to fight you earlier? Oh Thieving Heaven, please go back, what you seek is not here.”

Thieving Heaven Demon Venerable was in a daze, he did not speak for some time.

“No... maybe, this is what I am looking for?” Suddenly, Thieving Heaven Demon Venerable emitted a peculiar laugh.

His expression was twisted, his eyes were blood red, his tone and mannerism of speech had changed completely, his voice was hoarse as if this was another person speaking.

“Oh no!” Limitless’ will had a change of expression too.

The thing he was worried about the most had still happened in the end.

Thieving Heaven Demon Venerable continued to speak in a hoarse voice: “If I am not wrong, hehehe, this is the place where the world boundary of the Gu cultivation world is at its thinnest. Oh Limitless Demon Venerable, your crazy demon ninth void formation is using this place to pierce through the world boundary and bring those things that are beyond the world to act as the raw materials. That is how the eighth layer developed these great and small worlds, right?”

“Say, if I were to break this boundary and leave the Gu cultivation world entirely, will I be able to find a way back?” Thieving Heaven Demon Venerable said that as his eyes widened, the aura of excitement and insanity grew more intensely on his body.

Limitless’ will replied solemnly: “Impossible!”

“You are a Gu Venerable yourself, do you not know the power of those things beyond the world? You have already experienced their strength, haven’t you?”

“How long do you think you can last outside?”

“The venerable is the strongest person in the world, but even if you can last a long time, you will reach your limit eventually.”

“Can you be sure that you will coincidentally find your original world before you reach your limit?”

“You need to know, you are not the only otherworldly demon, the worlds outside of the Gu cultivation world are more than just your original world.”

“But!” Thieving Heaven Demon Venerable raised his hands as he shouted: “But do you know? Do you know how much I want to return?!”

Thieving Heaven Demon Venerable then lowered his head, his fingers stabbing into his hair as his eyes were hollow, he muttered: “Do you know how tough it has been for me?”

“When I was a mortal, I told myself that if I became a Gu Master, I will be able to find a way home.”

“When I became a Gu Master, I told myself that after becoming a Gu Immortal, I will be able to find a way home.”

“After becoming a Gu Immortal, I consoled myself again, if I become venerable, I will be able to go home.”

“But now, I am already a venerable! And yet, I cannot find Space Door! Where is Space Door?”

“Even if I find Space Door, can it really let me return home?”

“Gu Venerables are the strongest! There is no road ahead of me anymore. Sometimes, I will dream of Space Door, I dreamed that I found Space Door but realized it was completely useless.”

“Whenever I wake up from such a nightmare, I will be covered in cold sweat.”

“I admit that I am afraid, I am afraid that I cannot find Space Door, I am afraid that the truth behind it will send me into utter despair.”

“Can you understand my feelings?”

Thieving Heaven Demon Venerable’s breathing became rougher, he looked at the deepest part of Crazy Demon Cave, the thinnest part of the world boundary.

He suddenly laughed, his eyes lit up as he said in a hoarse voice: “So let me take a risk now! I will pierce this world!”

“Stop it!!” Limitless’ will shouted.

He was already prepared, he used his full strength to stop him.

Thieving Heaven Demon Venerable was instantly trapped by the surrounding chains.

But at the next moment, another Thieving Heaven Demon Venerable appeared in front of him, he raised his arms high and slammed down fiercely.

Boom!

With a loud sound, the world boundary was broken, the most terrifying tribulation in the world descended!

Thieving Heaven Demon Venerable went out of the broken hole immediately.

But Limitless' will no longer had the time to pursue him, he tried his best to seal the broken boundary.

But terrifying tribulations were spewing out of the hole, Limitless' chains could not resist them, they could not even get close.

After a few breaths of time, the hole expanded to twice of its original size.

"The situation is critical, if we do not mend this hole now, the entire world will be destroyed. Please lend me a hand!" Limitless' will shouted loudly.

Reckless Savage's will flew out of Savage Wilderness Great World, bringing with him countless fierce beasts.

Genesis Lotus' will flew out of Green Lotus Great World, bringing along countless trees and grasses.

The power of three venerables could only maintain the situation, they could not fix this hole!

The hole did not expand but the three venerables were already dead, just the power left behind by their main body could not salvage the situation.

As the three venerables' power weakened, their expressions turned unsightly.

"To think that the world is going to be destroyed." Genesis Lotus' will smiled bitterly.

Limitless' will sighed: "I should not have taken the risk to let him in."

"No." Reckless Savage's will said grimly: "In that situation, even if all three of us took action, we could not stop Thieving Heaven, after all, we cannot take his life. Even if we force him away several times, he can still come back and challenge us until our strength is depleted."

"This is all my fault, Limitless, release me, I can help you." Thieving Heaven Demon Venerable said regretfully.

One Thieving Heaven Demon Venerable had left through the broken boundary, while another Thieving Heaven Demon Venerable was still trapped by Limitless Demon Venerable's chains.

"You?" Genesis Lotus' will was surprised.

"Who is the one who left earlier?" Reckless Savage's will asked.

"That is Sha Xiao." Thieving Heaven Demon Venerable smiled bitterly: "He is my Dao Guardian. He is also..."

The situation was urgent, Limitless' will interrupted him, asking: "What plan do you have?"

Thieving Heaven Demon Venerable said: "Do you know why fate Gu's control over otherworldly demons is limited? That is because every otherworldly demon who comes into this world will carry their original world's insignia. Those are otherworldly dao marks."

“Next, I will use the otherworldly space path dao marks on my body to create a subspace and block this hole. Using the opportunity, I want you all to use your full strength and quickly mend it!”

Without hesitation, Limitless’ will retracted his chains: “Go ahead.”

Chapter 2172: Demonization

Crazed Demon Cave, eighth layer.

Large and small worlds were rapidly fusing together, all sorts of calamities and tribulations were rampaging in the worlds.

The fighting between Gu Immortals was also extremely heated.

Weaklings would lose their lives from the shockwaves of clashes between experts, strong individuals were also unable to defend themselves in this huge chaotic battle, they were like small boats facing a tsunami, with slight carelessness, they would be overturned and face death.

“Weak, too weak.”

“Who else can stop me?”

“Die!!!”

“Hahaha!”

Bu Tian Kong continued to provoke its enemies, it charged unhindered, nobody on the battlefield could stop it.

It was favored by the innate luck of Crazed Demon Cave to begin with, under the effect of endless learning, its attainment level rose sharply. Afterwards, it received Heavenly Court’s help and gained Immortal Gu and killer moves, its strength rose explosively.

Nie Kuang Feng and Duan Hu were also like it, at this moment, the three of them were the strongest Gu Immortals shining in this battlefield.

“Vile beast, don’t think you can act so arrogantly!” Fang Yuan’s four rank eight subordinates surrounded rock monkey Bu Tian Kong.

Bu Tian Kong instantly felt pressure as it stretched out its tongue, licking its lips with excitement and cruelty shining in its eyes: “Very good, you have nice numbers. Who are you guys?”

“Lightning Lion!” Lightning Lion Warrior said as he activated a transformation path killer move, turning into the Lightning Lion Warrior that had a lion head and human body.

“Remember me, I am Dharma!” Dharma Lion Warrior also activated his transformation method, turning into a lion head and human body warrior.

“Steel Rush.” Steel Rush Warrior turned into a rhino person.

“Frost Butterfly.” Frost Butterfly Warrior shrank in size, becoming the size of an adult’s fist, it had a human shape with butterfly wings and could let out powerful frost energy.

In Gu Immortal combat, individuals often fought alone.

But these four Gu Immortals cultivated transformation path, they did not have conflicting dao marks, furthermore, they were familiar with each other, they had all originated from Beast Calamity grotto-heaven.

They originally had rank seven cultivation level, but with Fang Yuan's help, they all became rank eight.

Immediately, the four warriors surrounded Bu Tian Kong, they fought intensely.

Their battle went on until the sky turned dark, as if they could go on until the sun and moon lost their luster.

Bu Tian Kong was encircled and its injuries intensified, but it was getting more ferocious in combat.

Fists, legs, head, body, knees, elbows, all of these body parts were Bu Tian Kong's weapons.

Fist shadows flashed as collisions occurred, Bu Tian Kong would send one person flying each time. But the four were transformation path experts, their bodies were tough and sturdy, even though they were sent flying, they would quickly return and maintain the encirclement, giving Bu Tian Kong huge pressure.

The battle of the five went from the sky to the ground, before going back to the sky again.

Everywhere they went, other Gu Immortals dodged with all their might.

"Awesome, awesome!"

"Again, again!"

Bu Tian Kong got more and more excited, it felt its mind becoming clearer as all sorts of inspiration of killer moves surged internally, the barriers that it felt before were starting to loosen.

It was one of the three luck children of Crazy Demon Cave's eighth layer, its talent and aptitude were superb and unmatched.

The strong external pressure were an opportunity to squeeze out even more of its potential in this situation.

The rock monkey got fiercer and fiercer, it was originally not proficient with Heavenly Court's killer moves, but now, it had already mastered them, it even fused the moves into its own combat style.

"This rock monkey is terrifying, even with the four of us working together, we cannot kill it." Lightning Lion and the rest were feeling worried.

Even though they were still encircling the rock monkey, they felt that they were trying to suppress a volcano.

The volcano was storing up strength at the moment, turning external pressure into its own driving force. Once it reached its limit, the volcano would erupt, the commotion would shock the world, it would retaliate with a fatal attack.

"Quick, kill him!"

“Make use of master’s method, let the tribulations wear it down!”

The four immortals communicated in secret, their cooperation also got smoother.

All along, Fang Yuan’s heaven envies heroic geniuses killer move had been exerting its effect.

The tribulations were used by him to target Bu Tian Kong, Nie Kuang Feng, and the rest.

Of course, most of the tribulations were a form of refinement path method to refine the various small worlds, and the conflicting dao marks between the great worlds.

Especially with the eruption of tribulations within and outside small worlds.

These explosions caused small worlds to be destroyed and completely fuse with the three great worlds.

During this process, Savage Wilderness Great World had the greatest gains.

However, there was a small world that acted independently, it was ‘outstanding’ among the small worlds, no matter how the tribulations attacked it, it remained unmoved.

It was Thieving Heaven’s true inheritance space.

Ordinary small worlds were spherical bubbles, while Thieving Heaven’s true inheritance space was cubic with sharp edges.

No matter what the tribulations did, it remained in its original shape.

Within Luck Suppression Heavenly Palace, Immortal Zombie Giant Sun’s gaze was already on this true inheritance space of Thieving Heaven.

“Otherworldly Demon.” He snorted, memories surfacing in his mind as his expression turned unpleasant.

Back then, Giant Sun became an Immortal Venerable, he went into Crazy Demon Cave’s eighth layer and learned of the true details regarding the four venerables repairing the world.

Thieving Heaven Demon Venerable had disregarded the entire Gu cultivation world for his selfish desire, he almost caused the world to be destroyed.

Even though he extracted his own otherworldly space path dao marks at the crucial moment to seal the gaping hole by creating a subspace, the crack was already created, it could not be mended fully.

The other three venerable wills gave it their all and paid a huge price.

Other than Limitless’ will, Genesis Lotus’ and Reckless Savage’s wills had to fall into deep slumber afterwards.

Using the opportunity, Giant Sun Immortal Venerable got rid of Reckless Savage’s will and took over the control of Savage Wilderness Great World.

“When Thieving Heaven left behind this true inheritance, other than to seal the hole he made, he had a deeper motive, that was to leave it for the crucial person three hundred thousand years later — Gu Yue Fang Yuan.”

“However, I made my move in advance to dismantle a portion of the true inheritance, I obtained the killer move perfect pair and imitation Gu.”

Thieving Heaven’s true inheritance space paid a huge price to block the hole back then, it became flawed and was not intact anymore.

Immortal Zombie Giant Sun thought about the situation.

“Since Thieving Heaven’s true inheritance has appeared, with Fang Yuan’s possession of self luck true inheritance, he can use luck inspection to find out that this is his fortuitous encounter.”

“He will definitely go there.”

“And Heavenly Court will send troops to stop him.”

“The greatest enemy is still Heavenly Court!”

Heavenly Court had the initiative, they were maintaining their advantage. Immortal Zombie Giant Sun was a luck path cultivator, he could not match true experts of wisdom path in deductions.

Immortal Zombie Giant Sun decided to watch Fang Yuan’s conflict with Heavenly Court and try to reap the gains of their fight. The main thing was to deal a heavy blow to Heavenly Court!

Peak of Book Mountain.

Fairy Yu Xiu, Qin Ding Ling, and the rest were also looking at Thieving Heaven’s true inheritance space.

“Thieving Heaven’s space has appeared. Since it could block the hole back then, it would not be destroyed by the tribulations within this void. We need to deal with it quickly, it is becoming our obstruction.” Fairy Yu Xiu said.

“Hmm?” Qin Ding Ling suddenly received important information, she quickly said: “Our informant in Yellow Earth Great World said that Fang Yuan has already gone to Thieving Heaven’s true inheritance space. But Longevity Heaven is very quiet, they are not doing anything.”

Fairy Yu Xiu was not surprised: “Of course he would go, Thieving Heaven Demon Venerable left behind this true inheritance for him after all. As for Immortal Zombie Giant Sun who is in Luck Suppression Heavenly Palace, he will go there as well.”

Saying so, Fairy Yu Xiu smiled: “Qin Ding Ling.”

“Yes.” Qin Ding Ling replied solemnly.

“Let’s go. We will go find Fang Yuan and Immortal Zombie Giant Sun.” Fairy Yu Xiu stood up gradually.

Excitement flashed in Qin Ding Ling’s eyes, she said hesitantly: “Don’t we have to mind Limitless Demon Venerable’s retaliative method anymore?”

“Don’t worry, Thieving Heaven’s space is not part of Limitless Demon Venerable’s arrangements, he needs us to destroy it or have Fang Yuan inherit it so that it will disappear. This space is an obstruction to Limitless’ derivation, he will be more than happy to see us destroy it.” Fairy Yu Xiu answered.

Heavenly Court’s troops moved out!

Divine Emperor City brought Fairy Yu Xiu, Qin Ding Ling, and others along as they departed from Book Mountain.

At the same time, Demon Judgment Board moved with Fairy Ming Hao and Gu Yue Fang Zheng inside, they also left the front lines.

Even though Green Lotus Great World was facing the attack of Longevity Heaven and Fang Yuan, because of Fairy Yu Xiu's earlier actions, Heavenly Court had many mutant Gu Immortals joining them like Bu Tian Kong, Nie Kuang Feng, and Duan Hu.

These Gu Immortals forced Yellow Earth Great World and Savage Wilderness Great World into a disadvantage.

Immortal killer move — Spiraling Green Leaf Blade!

Swoosh swoosh swoosh!

Countless flying leaves moved like blades as they spiraled towards Nie Kuang Feng from all directions.

Nie Kuang Feng laughed wildly, its body moving agilely between the flying leaves, dodging while also directly charging past the blades that it could not avoid.

It turned into a tornado at times, the wind blades around it were very sharp and thin.

Xiao He Jian gritted his teeth, he watched as Nie Kuang Feng approached rapidly, feeling intense pressure in his mind.

He had already fought Nie Kuang Feng for several minutes now.

Even though heaven envies heroic geniuses could restrain Nie Kuang Feng, it could not kill him. Nie Kuang Feng had Heavenly Court's help and managed to recover quickly, it was now treating Xiao He Jian as its own prey.

"Die!" Nie Kuang Feng shouted.

"You fell for it!" At the crucial moment, two figures appeared beside Xiao He Jian.

One was a miniman Gu Immortal, Green Forest Great Sage, the other was Black Locust, the owner of Giant Locust grotto-heaven, who was also another wood path cultivator.

Xiao He Jian's killer move changed at once as the three immortals cooperated, their strength grew explosively.

Flying leaf blades turned into seeds that were planted on Nie Kuang Feng's body.

Countless vines started to grow from them, tying Nie Kuang Feng up tightly.

Nie Kuang Feng was a tornado to begin with but these vines were still capable of binding it, interrupting its immortal essence usage.

Thus, Nie Kuang Feng's killer moves could not be sustained for long, the immortal essence flow became unsteady and the power of the moves fell to rock bottom.

More and more vines appeared, growing longer and longer, they almost covered Nie Kuang Feng completely, leaving no gaps at all.

“Don’t... force me.” Nie Kuang Feng struggled but it was getting weaker.

“We finally caught this guy!” Black Locust was overjoyed.

The three wood path Gu Immortals looked at each other, showing expressions of joy.

Xiao He Jian was very happy now, because Ice Crystal Immortal Monarch lost to Nie Kuang Feng earlier, while he defeated the latter. Comparing the two, it allowed Xiao He Jian to suppress Ice Crystal Immortal Monarch.

But at this moment, Nie Kuang Feng’s aura started to become quite peculiar and strange.

The vines had already turned into a huge ball, but Nie Kuang Feng’s voice could still be heard from within: “I am going to demonize... every time I fall into a desperate predicament, I will demonize.”

“I don’t want to undergo demonization.”

“Because once I demonize, I will lose my consciousness until I destroy and kill everyone and everything in the world that I am in!”

“But you guys forced me, you forced my hand...”

“Ahhhhhhh!”

Chapter 2173: Perish with the Wind!

“Ahhhhhhh!”

Nie Kuang Feng shouted loudly, the louder its voice, the stronger its aura, it soon reached a shocking and unprecedented level.

Boom!

With a loud sound, the vines were torn into countless pieces.

Nie Kuang Feng regained its freedom.

But currently, it was not a deep green tornado, it had turned into a reddish brown demonic wind.

Intense winds blew, it instantly crossed several thousand steps of distance, arriving before Green Forest Great Sage.

Green Forest Great Sage had already used his defensive killer move, but after the reddish brown demonic wind devoured him, his aura quickly weakened before completely dying after a few breaths of time.

The demonic wind stopped for a moment, it was like a shark that could smell blood as it charged towards Black Locust who was nearby.

“Be careful!” Xiao He Jian quickly moved to help.

But after a few rounds, the demonic wind still managed to kill Black Locust.

The demonic wind finally targeted Xiao He Jian.

Xiao He Jian could not match Nie Kuang Feng, he had to retreat as he fought.

After a few rounds of combat, his tiny face showed a grim expression, his forehead was covered in sweat.

The aura of defeat and death was getting denser.

Rumble!

Lightning tribulations continued to strike but Nie Kuang Feng did not care about them, it was terrifyingly strong.

Elsewhere.

“Stop!” Lu Wei Yin shouted.

But Bu Tian Kong’s fist still landed, smashing Steel Rush Warrior’s skull into mush.

Thereafter, Bu Tian Kong growled, Steel Rush Warrior’s soul was shattered.

Steel Rush Warrior could not be more dead, his headless corpse fell from the sky like a broken rag doll.

Be it his body or immortal aperture, they were absorbed by the great world as nutrients.

“Who else?!” Bu Tian Kong raised its head and roared, it was overflowing with fighting spirit, rivaling the nine heavens and resounding in the world.

At this point, the four rank eight Gu Immortals attacking it were all dead, they were mercilessly killed in a horrific manner.

Lu Wei Yin sighed as he flew towards the rock monkey.

The rock monkey stared at him fiercely: “Are you the next one? Very good, I will kill you, even if you are Yellow Earth Great World’s sage!”

Lu Wei Yin shook his head: “I am no sage. Bu Tian Kong, your killing intent is too overbearing.”

Lu Wei Yin had to take action against Bu Tian Kong personally.

Bu Tian Kong killed too many Gu Immortals, if it was not stopped, the overall situation of this Gu Immortal battle would be affected.

Boom boom boom!

Lu Wei Yin and Bu Tian Kong exchanged blows.

This time, Bu Tian Kong was finally suppressed.

Even though it was strong and could kill many rank eight Gu Immortals, it was still not pseudo venerable level. In contrast, even though Lu Wei Yin lacked offense, his defense was firmly in the realm of pseudo venerable level.

Lu Wei Yin endured Bu Tian Kong's fierce attacks with much energy to spare.

"You are not a sage, yet you are so strong already?! Good, very good!"

"Come and attack me, try and kill me, I have not sensed any fatal killing intent against me for some time already."

"Why are you not attacking? Why do you only defend yourself?"

"Are your attacks so weak and useless? You are too disappointing!"

The rock monkey continued to shout as it moved rapidly like lightning in the sky, its attacks were like furious lightning bolts from heaven, its power was rising endlessly.

But Lu Wei Yin got distracted.

Because he heard that Fang Yuan had already left for Thieving Heaven's true inheritance space at the center.

"Oh no!"

"Lord Fang Yuan, please stop."

"Even though that small world might contain Thieving Heaven's true inheritance, it will be targeted by Heavenly Court and Longevity Heaven together."

"Heavenly Court has already sent their main troops, there are many Immortal Gu Houses and Gu Immortals. Longevity Heaven has also sent Calamity Luck Altar."

"Now is not the time for a climactic battle, if Star Constellation Immortal Venerable attacks Paradise Earth's tomb while you are away, what will we do?"

Lu Wei Yin transmitted time and again, but Fang Yuan did not even respond to it.

Lu Wei Yin gritted his teeth, his expression turning unsightly.

"No matter how strong Fang Yuan is, he is still just a pseudo venerable, he is not a true venerable."

"I need to help him!"

"If Star Constellation Immortal Venerable shows up and kills him, who will protect Paradise Earth's tomb, who will stall for the crucial time?"

While thinking of this, Lu Wei Yin's vision suddenly turned dark.

Bam.

At the next moment, rock monkey Bu Tian Kong's fist landed squarely on Lu Wei Yin's face.

"You dare to be distracted? You are looking down on me, you will pay a terrible price!" Bu Tian Kong shouted.

Bu Tian Kong flew towards Lu Wei Yin as they got closer again.

Lu Wei Yin was forced to retreat, he quickly used his killer move.

It started to rain.

Tribulation rain fell on Bu Tian Kong's body, greatly slowing it down while also corroding its defenses.

At the same time, Lu Wei Yin's killer move showed effect.

Yellowish brown dust started to appear below Bu Tian Kong, they moved around and gradually sealed it.

"Get lost, get lost!" Bu Tian Kong shouted, using killer moves in a frenzy, trying to sweep away all of the rain and dust surrounding it.

But the rain and dust gathered together increasingly, eventually sealing it entirely.

A lump of soil that trapped Bu Tian Kong fell from the sky, after landing on the ground, it turned into a huge soil mountain.

"Just stay put here." Lu Wei Yin immediately flew towards Thieving Heaven's space.

"No!"

"I won't give in, these things cannot hold me down!"

"Roar—!"

Bu Tian Kong shouted, its voice resounding like thunder as it reverberated in the battlefield.

With a loud sound, the mountain was shattered, dust clouds emerged, from within the broken rocks, it flew out again.

"What?" Lu Wei Yin was stunned.

Bu Tian Kong's performance was out of his expectation, how could it escape so quickly?

Bu Tian Kong resisted the tribulations while flying to catch up to Lu Wei Yin.

Boom!

The two exchanged killer moves again, while Lu Wei Yin was held back this time.

"This monkey's killer moves are getting stronger, so that's it." Lu Wei Yin understood at this moment.

The tribulations were aiding Bu Tian Kong all along, as long as it was not killed, it would continue to undergo tribulations and gain more dao marks, that was why Bu Tian Kong got increasingly stronger as it fought.

"I want this heaven... to no longer shroud my vision!" Bu Tian Kong shouted as it used a move that shot out a rainbow, sweeping away the dark clouds of the surrounding five hundred li.

"I want this earth... to no longer bury my heart!" Bu Tian Kong shouted as it stomped on the ground, mountains collapsed, as Lu Wei Yin, who had his defensive method broken through, watched in surprise.

Bu Tian Kong was already in a state of insanity, it found Fang Yuan who was not far away, it abandoned Lu Wei Yin and went for Fang Yuan instead!

"Be careful!" Lu Wei Yin quickly advised: "This monkey is not simple."

Fang Yuan did not turn around, it was as if he heard nothing, he only looked at the subspace in front of him.

Bu Tian Kong moved rapidly and seemingly teleported behind Fang Yuan.

“I want all life... to understand my intention! I want this sage... to perish with the wind!!” Bu Tian Kong shouted, activating the strongest killer move it had used in its life.

Winds, clouds, and thunder roared, the world changed colors at this moment!

“Hmm?” Fang Yuan turned around slightly, waving his hand lightly towards the back.

At the next moment, Bu Tian Kong fell like a comet, crossing the entire battlefield and slamming into several mountains.

After a chain of loud explosions, it created a huge gorge of several kilometers on the ground.

Finally, it lay on the ground, its eyes were wide open but it did not move at all.

It was dead.

The unceasing chaotic battles and heated battlefields turned silent at this moment.

Nie Kuang Feng, who was unstoppable and killing everything in its path, froze in its reddish brown demonic wind state.

Fang Yuan cast his glance upon it.

Nie Kuang Feng shuddered immediately.

At the next moment, endless fear filled its mind and body!

“I will die, I will die, I am going to die!!”

It went out of its demonized state, immediately gaining clarity.

“Escape!!”

It quickly flew away, ignoring its opponent, Xiao He Jian.

Xiao He Jian was heavily injured and was on the verge of death, he had no way to fight back, with just one attack, he would die.

He stared with a dumbfounded look as Nie Kuang Feng escaped from the battlefield in a crazed state.

Fang Yuan turned around again, looking at Thieving Heaven’s true inheritance space with a calm expression.

He turned to look at Heavenly Court’s army, Divine Emperor City and Demon Judgment Board were arriving soon.

He looked at the other side.

Longevity Heaven’s Calamity Luck Altar shined with a golden aurora, it was arriving too.

A cold and ruthless light flashed in Fang Yuan's eyes for a moment, he turned into a white ray of light as he entered Thieving Heaven's true inheritance space.

"Charge, we will fight inside!" Fairy Yu Xiu immediately ordered.

Once Heavenly Court's Immortal Gu Houses arrived, they also entered Thieving Heaven's true inheritance space.

They could not use their full strength outside, if they went past the limit, they would face Limitless Demon Venerable's retaliative method.

At the same time, it was easier to destroy Thieving Heaven's true inheritance space from the inside.

Fang Yuan's vision changed rapidly, when he regained his sight, he was already in this true inheritance space.

Every true inheritance space that Thieving Heaven left behind could be considered an artificial secluded domain.

This was a strange space, it had warm lights but no mountains, rivers, wind, or land, it was completely empty.

But there were some peculiarities in here, there were black lines that extended everywhere, covering every inch of the space.

These lines were either thick or thin, they all gave off a terrifying aura that Fang Yuan felt fearful towards.

At the same time, he felt familiarity in this aura.

He quickly thought of the mysterious black fire in the blue dragon whale's grotto-heaven.

Even though Fang Yuan did not know what happened three hundred thousand years ago, after seeing this, he realized immediately: "It seems that this true inheritance space is going to collapse soon. I need to quickly comprehend the mysteries here and decipher where the true inheritance really is."

The last time he entered a true inheritance space of Thieving Heaven, he obtained ghostly concealment.

That time, Fang Yuan went in through open door Gu and close door Gu. At that time, the true inheritance space was very stable, it had many winds of assimilation tornadoes inside. Only an otherworldly demon could dispel the wind by touching them.

Because of that, Fang Yuan accidentally saved Feng Jiu Ge.

After all the tornadoes had vanished, Fang Yuan successfully obtained ghostly concealment, it was a smooth process.

But this space was different.

There were no tornadoes at all, if Thieving Heaven's true inheritance really existed here, it would be hidden deeply and would require deductions.

But Fang Yuan was not rushing to make deductions, he took out a formation from his immortal aperture and placed it within this space.

It was the five regional limit formation.

The five regional limit formation activated, five colored smoke spewed out.

In a few breaths of time, five colored smoke spread out in the surrounding ten li, it was so dense that one could not see their own fingers.

After Heavenly Court's troops entered Thieving Heaven's space, they went inside the five colored smoke and immediately felt suppressed.

"These are... the five region's regional walls?!"

Chapter 2174: I Became Handsome, I Became Stronger!

"Why are the five regional walls mixed together in here?!"

"Is this an arrangement of Thieving Heaven's true inheritance space?"

"No, this is Fang Yuan's five restriction profound light qi, he had modified it, it is as if the five regional walls are replicated." Fairy Yu Xiu quickly deduced.

Fang Yuan's five restriction profound light qi and five regional limit formation were exposed during the fate war, with these clues, it was not an issue for a wisdom path great expert like Fairy Yu Xiu to deduce.

Boom!

Fang Yuan suddenly appeared, his killer move landing on Demon Judgment Board.

Demon Judgment Board was instantly swept away deep into the dense fog.

"We cannot fight here, Fang Yuan has the sovereign immortal body, he is unrestricted!" Gu Yue Fang Zheng shouted.

"Originally, the five regional walls had disappeared completely, to think that Fang Yuan would reproduce them, it seems that he has been preparing for this battle for a long time." Fairy Ming Hao gritted her teeth before ordering: "Find the five regional limit formation and destroy it!"

Southern restriction purple-black miasma light qi, central restriction white-gold saint light qi, northern restriction jade licorice light qi, western restriction red raging flame light qi, and eastern restriction blue water light qi. They were all different now, having being elevated to a whole new level, they were already on par with the five regional walls that existed in the past.

Back then when Tao Zhu researched on the five regional walls, he created the methods of five regional limit formation and five restriction profound light qi.

Fang Yuan used the foundation of his life's research and made a breakthrough, he reached a height that Tao Zhu had never seen in his life.

Fang Yuan had the sovereign immortal body, he was completely unaffected in the five regional walls, other Gu Immortals, however, were restricted by the regional walls, no matter what Gu worms they used, they would have to face a backlash.

With this difference, Fang Yuan's advantage was too huge, Heavenly Court did not want to see this situation.

In the past, they would not be affected by central restriction white-gold saint light qi, but now was different, with the merging of the five regions and the rampage of qi tides, the entire world's aura has been unified, Gu Immortals were no longer differentiated by regions.

And this new combined aura of the five regions was not any of the previous five regional qi.

Thus, no matter which region the Gu Immortal came from, they would be suppressed within this five restriction profound light qi.

Boom boom boom!

Fang Yuan dealt a heavy blow to Divine Emperor City, causing this huge city's green surface layer of light to shake and tremble.

But Divine Emperor City was too huge, even Fang Yuan could not destroy it for now.

From Divine Emperor City, a female immortal flew out, she was a young lady with a beautiful appearance, it was Fairy Yu Xiu.

She surged with battle intent as she went to Fang Yuan: "Gu Yue Fang Yuan, do you dare to fight me?"

At this time, another Immortal Gu House arrived in Thieving Heaven's true inheritance space.

It was Longevity Heaven's Calamity Luck Altar.

Bing Sai Chuan's voice resounded from within: "Fang Yuan, why don't we join hands and dismantle this Divine Emperor City first!"

Fang Yuan smiled lightly and replied: "No, currently, Demon Judgment Board has been thrown into the five regional walls, while Divine Emperor City is too big and hard to send flying. Your side will stall Divine Emperor City while I will go and destroy Demon Judgment Board!"

"Fang Yuan..." Bing Sai Chuan wanted to urge him.

But Fang Yuan turned around and went into the five colored smoke without hesitation.

"Ignore him, our target is Divine Emperor City!" Within Calamity Luck Altar, Immortal Zombie Giant Sun sat at the main seat as he ordered.

"Yes, master!" Bing Sai Chuan immediately moved Calamity Luck Altar, which crashed towards Divine Emperor City like a comet.

Fairy Yu Xiu gritted her teeth, she had to defend it.

Lu Wei Yin also arrived at this moment.

“Lord Fang Yuan!” He only managed to see Fang Yuan’s figure disappearing into the five colored smoke.

“Sigh!” Lu Wei Yin sighed deeply, he did not dare to enter the five colored smoke deeply, he had to communicate with Bing Sai Chuan and attack Divine Emperor City instead.

The five regional limit formation continued to function as five colored smoke poured out endlessly.

Within the dense smoke, Demon Judgment Board charged everywhere, trying to find the location of the formation. Outside the dense smoke, Divine Emperor City and Calamity Luck Altar fought intensely.

“Found it!” Inside Demon Judgment Board, Fairy Ming Hao’s eyes suddenly opened.

She was a pseudo venerable level wisdom path great expert, her full strength was nothing short of extraordinary.

But this deduction also dealt heavy damage to her, after all, she was using wisdom path killer moves in the five regional walls.

“Good, if we destroy this formation, we will be ruining one of Fang Yuan’s trump cards!” Gu Yue Fang Zheng flew with great morale, charging with Demon Judgment Board.

The five colored smoke became denser as Demon Judgment Board’s luster became dimmer, Gu Yue Fang Zheng was sustaining a huge backlash, his face soon turned pale as blood oozed out of his mouth.

Boom boom boom!

Fang Yuan found them and used killer moves continuously with terrifying strength.

Demon Judgment Board was facing greater difficulty in defending itself, it moved precariously ahead.

“Ignore him, destroy the formation!” Fairy Ming Hao’s child-like appearance was filled with boldness and determination.

Demon Judgment Board paused for a moment before shooting out a blood red beam of light.

The blood red light was thick and powerful, it landed on the formation with an extremely fast speed.

The surface of the five regional limit formation radiated with five colored lights, it shook slightly but did not collapse.

“How can this be?” Within Demon Judgment Board, Fang Zheng was very shocked.

He was clear of this move’s power, even within the five regional walls, it should not be this weak.

Fairy Ming Hao understood the reason immediately, her pupils shrank slightly: “Fang Yuan invested a lot into this formation, it has at least eight rank eight Immortal Gu and the defense is high, we cannot destroy it in a short period of time!”

The five regional limit formation used Region and Limit as the cores originally, as well as a vast number of mortal Gu.

Afterwards, Fang Yuan added earth vein Immortal Gu, followed by Formation Spirit and Formation Flag.

During the fate war, these Immortal Gu were mostly rank seven.

But the current Fang Yuan was different, while recuperating, he did not just modify the five regional limit formation again by raising its defense, he even raised all of the Immortal Gu in this formation to rank eight.

His wealth was simply unimaginable!

The full powered attack of Demon Judgment Board could not even remove one layer of the five regional limit formation's defense. In fact, because they activated a powerful killer move, the backlash was even greater.

This famous rank eight Immortal Gu House was now covered in cracks, it was near the point of breaking apart.

"What should we do now?" Fang Zheng could not help but be flustered internally.

Fang Yuan was attacking outside and giving him huge pressure. Their goal of trying to destroy the five regional limit formation was also impossible now.

"I advise that we retreat!" Fang Zheng gritted his teeth, suggesting to Fairy Ming Hao.

Fairy Ming Hao nodded: "Fighting here is too unfavorable. But it is fine, destroying this formation was only one attempt, even if we fail, there is no consequence on the eventual outcome. Let's go!"

Fairy Ming Hao left Demon Judgment Board and opened her immortal aperture's entrance, storing this Immortal Gu House.

Next, in front of Fang Yuan's surprised gaze, she vanished on the spot!

Soon, Lu Wei Yin, who was fighting outside, transmitted to Fang Yuan that Fairy Ming Hao had suddenly appeared beside Fairy Yu Xiu, he also asked about the situation on Fang Yuan's end.

"The two pseudo venerables Ming Hao and Yu Xiu are able to teleport to each other instantly?" Fang Yuan guessed.

Fairy Ming Hao did not succeed in destroying his five regional limit formation, while Fang Yuan also failed to destroy Demon Judgment Board.

In essence, this was a draw, Fang Yuan might have a slight upper hand.

But the situation was still stuck in a deadlock.

"As long as the five regional limit formation is still functioning, five colored smoke will continue to spread and fill the entire true inheritance space."

"But this will take too long, neither Heavenly Court nor Longevity Heaven will want to stay in here until then."

Fang Yuan pondered rapidly.

The five regional limit formation was not a battlefield killer move, it could not restrain people, they could enter and exit freely.

It would take too long for the five colored smoke to fill Thieving Heaven's true inheritance space, during this period of time, Thieving Heaven's true inheritance might be discovered by someone, or the space might collapse because of the intense fights.

Fang Yuan flew out rapidly, leaving the five colored smoke, he went to the battlefield of Divine Emperor City and Calamity Luck Altar.

On one hand, he was wary of Heavenly Court's deduction ability, similar to his refinement path attainment, Heavenly Court's wisdom path attainment was a huge advantage for them. Fang Yuan had to restrain them from having the time to deduce the true inheritance's location.

On the other hand, Fang Yuan had to join the battle and make deductions in his mind as well.

Divine Emperor City floated in the sky while spreading green light, it was grand and imposing, remaining unmovable.

Calamity Luck Altar was like a golden comet, Bing Sai Chuan manipulated it to its limit, it flew around Divine Emperor City continuously, launching all sorts of attacks.

Between the two Immortal Gu Houses, four pseudo venerables, Fang Yuan, Lu Wei Yin, Ming Hao, and Yu Xiu were fighting.

The two sides were first evenly matched, but soon, Fang Yuan and Lu Wei Yin fell into a disadvantage.

Fairy Ming Hao and Fairy Yu Xiu were very powerful, they each had a mature combat system.

Fairy Ming Hao's flying stars seemed like a singular move but they were all consecutive moves. By repeatedly hitting the same target, Fang Yuan would have to endure increasing damage each time.

Fairy Yu Xiu's methods were also very profound, she used her attainment level to suppress others. It was hard for ordinary Gu Immortals to find a countermeasure.

Lu Wei Yin fell into a tough battle due to Fairy Yu Xiu's focus on him.

While Fang Yuan also had a taste of the power of Fairy Ming Hao's pride Gu.

Thoughts collided in Fang Yuan's mind with great issues, many powerful and complex killer moves could not be used, the risks were too great.

And most importantly, Ming Hao and Yu Xiu had incredibly well coordinated cooperation.

Their coordination was extraordinary, Fang Yuan had never seen anything like it before.

Because of this, while Fang Yuan and Lu Wei Yin worked together, they were suppressed by the two fairies.

"The cooperation of Yu Xiu and Ming Hao has produced a qualitative change, if I fought alone, I would have lost already!" Lu Wei Yin had a solemn mood.

The opponents were working together impeccably, their cooperation was simply not humanly possible, they gave off a natural feeling, as if it was only reasonable for them to work together this perfectly.

While Ming Hao and Yu Xiu fought against Fang Yuan and Lu Wei Yin, they even had time to help Divine Emperor City resist Calamity Luck Altar.

“Fang Yuan, you want Thieving Heaven’s true inheritance?” Fairy Yu Xiu smiled: “Then you need to know that Giant Sun Immortal Venerable had once been here and damaged Thieving Heaven’s true inheritance space, he took out a portion of the true inheritance by force. Thankfully, you are allies, you can ask for it.”

Fairy Yu Xiu easily tried to sow discord.

Fang Yuan snorted coldly as he said to Lu Wei Yin: “Go deal with Divine Emperor City, I will handle these two.”

“Lord Fang Yuan, without me, if you fight alone...” Lu Wei Yin was hesitant.

Fang Yuan looked at him coldly: “Leave, you are hindering me.”

Lu Wei Yin gritted his teeth as he flew away from Fang Yuan.

Seeing this change, Fairy Ming Hao and Yu Xiu saw the weakness in their enemies, they looked at each other before launching rapid attacks at Fang Yuan together.

Fang Yuan opened his immortal aperture’s entrance and let out a young Gu Immortal.

Rank eight transformation path Gu Immortal Zhan Bu Du!

Immortal killer move — Incomplete Freedom Transformation!

The young man shouted as a blood red cape appeared on his back, fluttering with the wind.

“I became handsome, I became stronger!” Zhan Bu Du clenched his fist, staring at the two female immortals with a shining gaze filled with surging fighting spirit.

Chapter 2175: Giant Sun Takes Action

In Thieving Heaven’s true inheritance space, the battle between two Immortal Gu Houses had been ongoing for some time.

It was very intense.

“Come fight!” Zhan Bu Du shouted as he descended like a ferocious dragon, charging towards the two Heavenly Court pseudo venerables, Yu Xiu and Ming Hao.

Yu Xiu and Ming Hao split up at once, retreating at the same time as they created a long distance.

Zhan Bu Du missed his target again, he snorted coldly with some anger internally.

He was one of Fang Yuan’s clones, he cultivated transformation path and rose to rank eight, he had his own totem killer moves. But his own battle strength was still far from the peak of rank eight, he was not the match of experts like Qin Ding Ling or Wu Yong.

But once he used the killer move incomplete freedom transformation, he would instantly reach pseudo venerable battle strength!

Incomplete freedom transformation was not simple at all, it was extraordinary.

This transformation was made up of three moves: internal breathing green fish transformation, devouring blue leopard transformation, and thunder rush yellow bird transformation.

After Zhan Bu Du used incomplete freedom transformation, he gained the advantages of all three killer moves without any of their drawbacks.

He could move like lightning, shoot out lightning bolts, possess immense recovery and regeneration, and also the ability to devour all attacks.

Even though he was human, each action held divine strength that could intimidate demons or deities! He could directly suppress all immemorial desolate beasts or plants, he was basically a moving calamity that could fight heaven and earth, dominating all that were in his way!

Even Ming Hao and Yu Xiu did not dare to fight Zhan Bu Du head on, they engaged with him from a distance.

However, when their various killer moves got close to Zhan Bu Du, they would either be devoured or endured forcefully, before his regeneration took place and healed his body completely.

After a few rounds of combat, Ming Hao and Yu Xiu lost their enthusiasm to fight against Zhan Bu Du.

The enemy was too resilient but also very fast, thankfully, he lacked in the wisdom path aspect, while Yu Xiu and Ming Hao were experts in this.

Thus, they started to use wisdom path killer moves to weaken Zhan Bu Du, while deducing and preempting many of his attacks to dodge them.

It was very wise that Fang Yuan gave incomplete freedom transformation to Zhan Bu Du.

He was a pseudo venerable in the first place, using incomplete freedom transformation was quite wasteful, giving it to Zhan Bu Du would produce another pseudo venerable instantly.

Once Zhan Bu Du took action, the situation changed.

Fang Yuan and Zhan Bu Du worked together to deal with Ming Hao and Yu Xiu, they regained their footing as Heavenly Court lost the initiative, they went into a deadlock again.

Zhan Bu Du frowned deeply: "These two are extremely slippery and utilize their advantages well, I am unable to use my expertise against them. And their cooperation is simply too fluid, even though the main body and I have the closest of relationships, we are still not as well coordinated as them. It is likely because they are both wisdom path great experts!"

Rumble...

While moving around, both sides launched killer moves again, causing a beautiful display of fireworks to occur, the firepower was getting more intense.

Fang Yuan's main body was still showing a cold expression.

Ming Hao and Yu Xiu were also secretly scheming.

“From the start, Fang Yuan has not been using his full strength, he is making deductions while fighting! He wants to deduce the location of Thieving Heaven’s true inheritance.” Fairy Yu Xiu was very clear of her enemy’s actions.

Fairy Ming Hao gritted her teeth: “He also has the Qi Sea clone, that is another pseudo venerable battle strength, if he is let out, this will get more troublesome. If we work together, we can resist the three of them for now, but this crafty Fang Yuan will definitely use the numbers to his advantage, he will ignore us and focus on Divine Emperor City!”

Heavenly Court actually knew about Qi Sea Ancestor’s true identity.

As it turned out, Qin Ding Ling knew this secret some time ago but she did not expose him at that time.

During the pursuit battle against Fang Yuan, Heavenly Court did not know. But afterwards, Qin Ding Ling learned about the truth from Heavenly Court grotto-heaven.

After all, the Qi Sea clone was created in Heavenly Court, Heavenly Court’s qi harvest fruit was used in the process!

Heavenly Court had existed for millions of years, it naturally had ways to find out.

Precisely because of that, when the Qi Sea clone used the name of the Righteous Qi Alliance and invited Heavenly Court to send Gu Immortals against Fang Yuan, Qin Ding Ling did not give an affirmative response.

Fairy Yu Xiu transmitted: “Qin Ding Ling is a passable leader of Heavenly Court, when Heavenly Court lacked a pseudo venerable battle strength, she controlled herself and caused Fang Yuan to be misled into thinking that the Qi Sea clone was not be exposed, thus not using him now. Right now, we are benefiting from that.”

Fairy Ming Hao nodded secretly: “We can’t kill Fang Yuan here, but we cannot let him obtain the Thieving Heaven true inheritance here, we need to try and destroy this true inheritance space from the inside!”

The battle intensified but the strange thing was that neither side truly treated the opponent as their opponent.

Fang Yuan was doing his best to make deductions, he was not using his full strength in battle.

Zhan Bu Du was sent out to restrain the two Heavenly Court pseudo venerables as well. After all, he could cooperate better with his clone compared to Lu Wei Yin.

Meanwhile, Heavenly Court focused on destroying Thieving Heaven’s true inheritance.

As for Longevity Heaven.

Calamity Luck Altar had been finding trouble with Divine Emperor City, all sorts of killer moves were unleashed without restraint, not caring about this true inheritance space.

Evidently, regardless of what Immortal Zombie Giant Sun was after, he still had the intention to destroy this space so Fang Yuan could not gain anything!

Even though Longevity Heaven was allied with Fang Yuan, they were only doing so out of pressure from Heavenly Court.

They did not want to see Fang Yuan get any more help.

Especially when this help came from Thieving Heaven!

Divine Emperor City's green light continued to shine densely, defending it from any attacks no matter how fierce or intense they were.

Divine Emperor City was not only defending itself, it also had offenses!

Immortal killer move — Divine Bean Soldier!

Yellow bean soldiers charged ahead, green bean soldiers shot out arrows like rain, red bean soldiers self-detonated, black bean soldiers defended at the center. There were also blue and white bean soldiers mixed among them, having their own tasks.

Each time Lu Wei Yin attacked Divine Emperor City, he would face the encirclement of these divine bean soldiers.

Lu Wei Yin used his offensive killer moves and caused great losses to these divine bean soldiers, less than ten percent of them survived.

This result shocked Lu Wei Yin, despite him being specialized in defense, his offensive methods were also at the peak of rank eight, to think that he could not completely eliminate these divine bean soldiers.

The reason was because of Divine Emperor City's other move — Graft Wood.

This move could allow the divine bean soldiers to be connected together and share the damage they suffered. The bulk of the damage went to Divine Emperor City, while the divine bean soldiers bore the rest of the burden. Thus, these divine bean soldiers were very hard to kill in battle!

After Lu Wei Yin spent a long time to break out of the encirclement, when he approached Divine Emperor City, countless lightning bolts shot towards him.

It was immortal killer move — Myriad Life Spring Lightning!

Countless sparks that resembled dragons or snakes, as well as jade green lightning balls that exploded.

After they exploded, the remaining wood path dao marks would remain in the area and modify this battlefield gradually.

Thankfully, this was Thieving Heaven's true inheritance space and not the five regions, thus this move's power could not be fully displayed.

After Lu Wei Yin endured the lightning bolts and got closer, the jade lights around Divine Emperor City started to turn into spirals as they shot out painting path killer moves.

These painting figures had countless forms, like flowers, birds, fishes, or insects, they were extremely varied and gave Lu Wei Yin a huge problem.

“Painting path is very unique, my attacks cannot get rid of them, I can’t conceal myself with my defensive methods either, this is a problem.”

Painting path was kept as a secret by Genesis Lotus Immortal Venerable, this was Lu Wei Yin’s first encounter with it, there was no helping it, he felt he was without options.

Lu Wei Yin was unable to break Divine Emperor City’s defense, Calamity Luck Altar was similar.

Calamity Luck Altar was a rank eight luck path Immortal Gu House, Giant Sun Immortal Venerable created it personally, it displayed great might during the fate war, but right now, it could not do anything to Divine Emperor City.

The reason was that Divine Emperor City shot out rays of white light from time to time, Calamity Luck Altar had to dodge them each time without being careless.

This was human path killer move — Broken Homes and Dead Family!

This move countered Immortal Gu Houses, during the fate war, Immortal Gu House Chicken Dog Coop was only grazed by it and the entire Immortal Gu House broke apart without a single Gu Immortal inside surviving.

This was the human path offensive killer move that Star Constellation Immortal Venerable created, Calamity Luck Altar was restrained by it.

At once, Calamity Luck Altar could only guard the surroundings. This structure with three floors of round altars and multiple pillars holding it up, having white jade railings and shining aurora, was acting like an irritating fly that was moving around a person.

However, it was also not strange.

Calamity Luck Altar displayed great might earlier when fighting against Gu Immortals. The truth was, its most valuable method was the killer move calamity luck revolution. This move could turn all sorts of calamities and tribulations into becoming harmless to the immortal aperture, instead nourishing it accordingly. Longevity Heaven relied on Calamity Luck Altar to survive countless tribulations and grow over time.

That was the use of Calamity Luck Altar, Giant Sun Immortal Venerable left it in Longevity Heaven before dying for this reason as well.

Divine Emperor City, painting world.

Fang Di Chang and Shen Shang worked together to comprehend the mysteries within.

“There is a huge disturbance in the outside world, it is likely a huge battle! Divine Emperor City possesses the methods of Divine Bean Palace and Emperor City, now that these methods are used so frequently, it shows that the ones attacking Divine Emperor City are not weaklings.” Shen Shang said.

This was a good thing for them.

The more these methods were used, the more they could observe and comprehend the wood path, painting path and human path profundities within.

“Is it my main body attacking Divine Emperor City now?” Fang Di Chang guessed: “Or maybe someone is trying to save the existences within growling beast painting world and qi howling painting world?”

Right at this time, Shen Shang’s and Fang Di Chang’s expressions changed, they stood up in shock as their gazes pierced through the room, towards the painting world’s sky.

In the sky, golden aurora gathered into two giant hands.

These two hands shrouded heaven and earth, they were unimaginably big, the left hand grabbed qi howling painting world while the right hand grabbed growling beast painting world.

Genesis Lotus’ will growled loudly, the power of painting path burst out to suppress the two giant hands.

Within Thieving Heaven’s true inheritance space.

The battle was at the final critical moment, the entirety of Thieving Heaven’s space was covered in black lines, at the brink of destruction.

Zhan Bu Du gritted his teeth, he felt anxious internally: “The main body has not deduced the true location yet, he might not make it in time!”

“The time is now!” Within Calamity Luck Altar, Immortal Zombie Giant Sun took a look at Fang Yuan before taking a step out.

At the next moment, he appeared on the battlefield.

Chapter 2176: Primordial Domain!

“Giant Sun Immortal Venerable?!” Fang Yuan’s pupils contracted, even though he had a guess already, he could not help but feel internally moved.

Golden light burst out in the battlefield, Divine Emperor City shook intensely as if something was breaking out from within.

Immortal Zombie Giant Sun bellowed.

In the painting worlds, countless citizens looked up at the sky dumbstruck, they saw two hands flying in the sky, directly smashing two huge holes in the painting worlds!

The two hands flew out of Divine Emperor City unobstructed, disintegrating in the battlefield, revealing Demon Immortal Qi Jue and Mao Li Qiu.

“I was saved?” Demon Immortal Qi Jue was filled with surprise and joy.

“Master!” Mao Li Qiu saw Immortal Zombie Giant Sun and was choked with tears: “I knew you would come and save me, woof!”

Mao Li Qiu’s body immediately shrunk, it became tiny and jumped into Immortal Zombie Giant Sun’s arms.

Immortal Zombie Giant Sun showed a dotting smile as he petted Mao Li Qiu’s head: “You are still the same, you bark like a dog when you are excited.”

“Woof woof woof!” Mao Li Qiu looked up at its master and barked with tears flowing out of its eyes.

“Giant Sun Immortal Venerable? He has already recovered to this degree.” Fairy Ming Hao was shocked.

“Ignore him, use our full strength to stall Fang Yuan, we are about to destroy Thieving Heaven’s true inheritance space!” Fairy Yu Xiu reminded.

Fang Yuan snorted coldly, opening his immortal aperture’s entrance.

Qi Sea Ancestor flew out.

Immortal killer move — Unlimited Qi Sea!

At once, vast qi surged, rushing towards him from all directions.

Ming Hao and Yu Xiu were intercepted by this move, while Fang Yuan used the chance to dive into the five colored smoke.

“It’s here!” He finally found the location of Thieving Heaven’s true inheritance.

The five colored smoke had reached it already.

Fang Yuan instantly went there and took away the remaining content of Thieving Heaven’s true inheritance.

At almost the next moment, Thieving Heaven’s true inheritance space collapsed.

“Quickly leave!” Lu Wei Yin and the rest quickly retreated.

After Fang Yuan withdrew the five regional limit formation and became the last person to leave, Thieving Heaven’s true inheritance space vanished into thin air at almost the same time!

“He succeeded after all.” Fairy Ming Hao sighed.

Fairy Yu Xiu smiled: “This true inheritance has been half devastated already, no need to worry, our goal has been achieved in this fight. Let’s go! The crucial part starts now.”

Fairy Yu Xiu stored Divine Emperor City, the two immortals vanished instantly.

Seeing this, Fang Yuan revealed an expression of contemplation.

“Lord Fang Yuan.” Lu Wei Yin quickly gathered alongside Zhan Bu Du, Qi Sea Ancestor, and Fang Yuan.

At the other side, there was Calamity Luck Altar and Immortal Zombie Giant Sun!

Both sides did not talk, even though they were allies, they both knew about the dependability level of their alliance.

“Four pseudo venerable battle strengths...” Bing Sai Chuan, who was within Calamity Luck Altar, was tongue-tied, in just a short period, Fang Yuan’s strength had grown to such a level.

Longevity Heaven’s Gu Immortals were not fools, the moment Qi Sea Ancestor appeared, they realized he was Fang Yuan’s clone.

“Giant Sun Immortal Venerable...” Fang Yuan looked at Immortal Zombie Giant Sun as he squinted, maintaining silence.

Even though the other party was an immortal zombie now, he still had extraordinary strength and profound methods, the moment he took action, he broke into Divine Emperor City and saved Demon Immortal Qi Jue and Mao Li Qiu, who were sealed inside the painting worlds.

Right now, Mao Li Qiu was curled up in Immortal Zombie Giant Sun’s arms, wagging its tail in joy, how could one even imagine that this was a proud legendary immemorial beast?

As for Demon Immortal Qi Jue, he stood at one side without much embarrassment, his expression was hesitant and suspicious.

He was saved by Immortal Zombie Giant Sun, but the moment he came out, he saw Longevity Heaven, Heavenly Court, and Fang Yuan in a three-way battle, after that, Thieving Heaven’s true inheritance space got destroyed, what in the world was happening?

The scale of the battle was huge, the situation was complex, Demon Immortal Qi Jue could not process it immediately.

“Fang Yuan.” Immortal Zombie Giant Sun nodded at Fang Yuan, taking the initiative to speak: “This is Heavenly Court’s scheme.”

Fang Yuan raised his brows: “Oh? How so?”

Immortal Zombie Giant Sun pointed at the place where Thieving Heaven’s true inheritance space was destroyed: “According to what I know, Thieving Heaven’s true inheritance space was added in much later, it was used to salvage the situation. Because it greatly affected Limitless Demon Venerable’s derivation, its destruction is something that Limitless’ will is happy to see.”

“At the same time, Heavenly Court’s Feng Ya is trying to deduce Limitless Demon Venerable’s arrangements, she is also obstructed by this space. Now that it is destroyed, her progress will be smooth sailing.”

“Earlier, when I deduced Limitless’ arrangements, I had fought against her from afar, she is the strongest wisdom path expert among the three pseudo venerables. She has already come into contact with the other core of the ninth layer — Primordial Domain!”

“Heavenly Court came here to obstruct you from getting Thieving Heaven’s true inheritance on the surface, but their true intention was to force me to take action by using the captives in Divine Emperor City as bait.”

“Without my obstruction, seeing that Feng Ya has not shown up even now, it is likely that they have made a breakthrough there. Their advantage and initiative has grown even larger.”

The moment Immortal Zombie Giant Sun finished his words, Fang Yuan’s expression changed slightly.

The other immortals’ pupils shrank, along with Immortal Zombie Giant Sun, they all turned towards the direction of Green Lotus Great World.

The immortals looked past a vast distance, seeing that at the center of Green Lotus Great World, a lump of phantom image appeared at the peak of Book Mountain.

This phantom image was pure white and humongous, it was far larger than even Book Mountain, having the shape of a ball, with the inner area shining dazzlingly with white light.

The immortals were all shaken.

Lu Wei Yin's expression turned ugly as he said: "Primordial Domain!"

<<The Legends of Ren Zu>>, chapter five, section thirty-six states —

Carefree Wisdom Heart was born, she was intelligent and witty, Ren Zu liked his eighth child a lot.

But at the same time, Ren Zu was vexed: "My mind shattered, what do I do? I cannot store more knowledge anymore. Sigh, it seems that only the two of you can help me now."

Thus, Carefree Wisdom Heart and Great Strength True Martial used their own minds to store up more knowledge.

They filled their minds with knowledge, before moving along with Ren Zu.

Ren Zu and his children started their third attempt.

Before they took a step, they would scatter ink text and knowledge, the text would describe their knowledge and form a small black path.

Ren Zu and his children walked on this small path.

But when they finished using their knowledge and reached the end of the ink text path, they did not see any signs of wisdom Gu.

Ren Zu's third attempt failed again.

Great Strength True Martial shrugged in disappointment: "What do we do now? We have already done our best, but our knowledge is still insufficient. We cannot hold any more knowledge in our minds."

Ren Zu sighed, he was also quite helpless.

At this time, hope Gu flew out: "Oh human, don't be disappointed, I am here."

Ren Zu was surprised: "How can you help me?"

Hope Gu answered: "Oh human, I can awaken your aperture[1]."

Hope allowed people to gain enlightenment (awaken their aperture).

Thus, hope Gu exerted effort to create an aperture for Ren Zu.

Humility Gu laughed: "Then let me help you as well, human. When you have humility, your capacity will be larger, you will be able to hold more things."

Thus, the aperture expanded in size.

Ren Zu obtained the aperture and felt very happy: “This place is really huge, I can store so much knowledge! This is wonderful.”

Ren Zu and his children went to Book Mountain again, they refined their knowledge and searched for ink text.

Ren Zu stored a lot of knowledge into his aperture, even he did not know the quantity he took.

Ren Zu and his children set off on their fourth journey, they stepped on the ink text path and entered deep into Qian Kun Crystal Wall.

They went very deeply and searched many places, they changed directions countless times but still could not find wisdom Gu.

They had no choice but to return to Book Mountain.

This time, because the exploration took too long, the ink text path that they created when they set off was unable to endure the endless barrage of information, a large portion of it faded away.

Ren Zu found the inkman elder and asked: “Why can’t we find wisdom Gu?”

The inkman elder replied: “Sometimes, when we inkmen explore the place, we would encounter wisdom Gu. But you three have searched the entire Qian Kun Crystal Wall but did not find wisdom Gu, it means that it is intentionally hiding from you, it does not want to meet you.”

Carefree Wisdom Heart quickly asked: “Then where is wisdom Gu hiding at?”

The inkman elder pondered and said: “Oh humans, you have searched the entire Qian Kun Crystal Wall. If wisdom Gu is still inside here, it can only hide in one place. That place is called Primordial Domain, it is the most mysterious part of Qian Kun Crystal Wall.”

“Qian Kun Crystal Wall has a record of everything that happens in the world, it contains infinite information. Primordial Domain contains the information of the world since creation, it also has the information of the ends of all living beings. It is both the starting point and the ending point. It has nothing, yet it comprises everything.”

Great Strength True Martial was overjoyed: “We have not gone to Primordial Domain yet, oh inkman elder, tell us how to get into the Primordial Domain.”

The inkman elder shook his head: “It is not that I do not want to help you, but we inkmen have also only heard of the location, we have never entered it. Oh humans, we inkmen admire you a lot. You possess knowledge that far surpasses us, thus, if you want to enter Primordial Domain, you need to rely on yourselves.”

Ren Zu and his children had to make their own research.

Carefree Wisdom Heart had a find, she shouted joyfully: “I found it, I found it!”

“Oh daughter, what did you find, why are you so excited?” Ren Zu asked in curiosity.

Carefree Wisdom Heart opened both her palms: “On my right palm, I found right Gu. On my left palm, I found wrong Gu.”

“These two Gu are born in your body, they are ordinary looking and are much less presentable than my authority Gu. What help can they give us?” Great Strength True Martial was very prideful, he spoke nonchalantly.

Carefree Wisdom Heart answered: “These two Gu allow us to differentiate and classify our knowledge. Look at our knowledge again, the truth is, much of it is right at this moment, but after some time, those pieces of information will be wrong. There is also much of it that is right when placed here, but wrong when placed there. I think that if we use the knowledge that is always right at all times and use it to make our text path, we will be able to reach Primordial Domain.”

Ren Zu nodded: “Your words are quite logical. Let us try it.”

But no matter how they looked, they could not find such knowledge.

Great Strength True Martial’s strong Gu said proudly: “Oh humans, you are wasting your effort. Because in this world, there has only been strong and weak, there has never been right or wrong, thus, your actions are in vain, you cannot classify right and wrong.”

[1] Awaken aperture in Chinese can also mean enlightenment/reach an understanding.

Chapter 2177: Venerable Invincibility

“Qian Kun Crystal Wall contains everything that happens in the world, all of the information comprises genuine events with no lies. Using right and wrong will not be able to differentiate them at all, because since they exist, or rather, since they existed, they are all logical information.”

Carefree Wisdom Heart was criticized, but her eyes shined with bright light: “I get it, the existence of everyone in the world, regardless of right or wrong, is logical, because this is the true meaning of their existence. This is what true meaning is!”

“Be it information or knowledge, they are a type of expression of true meaning, a form of revelation. If we can grasp true meaning, not only can we explain what is right, we can also explain what is wrong, it can explain everything!”

“Let us search for it.”

The three of them started to dig up true meaning from the vast sea of knowledge.

Great Strength True Martial was the first to get impatient, Ren Zu also lost his perseverance soon, but only Carefree Wisdom Heart remained calm and composed, her expression was serious and solemn.

After a long time, Great Strength True Martial pointed at Carefree Wisdom Heart, he gasped in shock: “Look, another Gu grew on your body!”

The newly born Gu was called serious Gu.

After Carefree Wisdom Heart obtained it, she became very happy: “With this Gu, I will be able to recognize true meaning more easily.”

After a long time, Ren Zu pointed at Carefree Wisdom Heart as well: “Look, another Gu appeared on your body.”

The second Gu was called learning Gu.

Carefree Wisdom Heart started to learn knowledge, she converted knowledge into things that she truly understood, she was no longer just storing them using memory Gu.

She started to understand more and more knowledge, soon, a third Gu appeared on her body.

The third Gu was called talent Gu.

"I found it, I found it!" One day, Carefree Wisdom Heart shouted with joy, with the help of self will Gu, learning Gu, and talent Gu, she finally found the true meaning of knowledge.

"Quickly tell us, what does true meaning look like?" Great Strength True Martial was very happy as he asked.

But Carefree Wisdom Heart shook her head: "The true meaning contained within will be lost if I try to convey it in words."

"Then write it out using ink text." Great Strength True Martial thought about it and suggested.

But Carefree Wisdom Heart shook her head again: "The meaning can only be understood, it cannot be passed down in text!"

Ren Zu waved his hand: "Forget it, since you possess true meaning now, let's head out immediately."

Carefree Wisdom Heart was filled with true meaning, they set off from Book Mountain as she scattered ink text on the ground, the path was much wider than before, it was also more sturdy.

Ren Zu and his children walked on the great path and arrived in Primordial Domain.

Within Primordial Domain, they met wisdom Gu.

Wisdom Gu was quite helpless, it had already hidden itself so deeply but Ren Zu still found it, self Gu managed to take a bite out of it in the end.

...

Crazed Demon Cave, eighth layer.

Center of Green Lotus Great World.

At the peak of Book Mountain, everyone was present.

Che Wei took the fifth seat, Qin Ding Ling took the fourth, Fairy Ming Hao took the third, Fairy Yu Xiu took the second, while Fairy Feng Ya took the main seat.

Fairy Feng Ya's hair was tied up in a bun, she was old but not wrinkled, she retained her beauty and elegance.

Her entire body was covered in a thin layer of dazzling light, it was the sign that she possessed talent Gu.

Currently, she was taking charge of the situation, exerting power in secret to force Primordial Domain to appear at the top of Book Mountain.

After Thieving Heaven's space was destroyed, Yu Xiu and Ming Hao brought all of their troops with them as they teleported back to Fairy Feng Ya's side.

Fairy Ming Hao sighed: "To think that Giant Sun Immortal Venerable had such deep painting path attainment, he easily managed to save Mao Li Qiu."

Heavenly Court had indeed wanted to use Mao Li Qiu and the rest to force Giant Sun Immortal Venerable to take action.

Heavenly Court was clear of Giant Sun Immortal Venerable's protective nature towards his descendants and kin.

But unexpectedly, Giant Sun Immortal Venerable managed to easily save the captives without issue.

"He is a former Immortal Venerable after all, this is nothing strange." Qin Ding Ling said: "Furthermore, our side benefited the most from this battle."

Fairy Yu Xiu was hesitant: "It is still unclear which side benefited the most. We expanded our advantage while Giant Sun Immortal Venerable took back Mao Li Qiu, and Fang Yuan also obtained the remainder of Thieving Heaven's true inheritance. For some reason, I am feeling quite uneasy."

Fairy Feng Ya looked at Primordial Domain in the sky as she said: "The situation is clear now, Giant Sun and Fang Yuan will send their troops against us. We will remain here and stay on the defense, as long as we can endure their attacks, we will grasp the key to this battle and return victorious, we will rebuild the glory of Heavenly Court! Everyone, do you have confidence in this?"

Hearing this, the Heavenly Court Gu Immortals were riled up with great morale, they answered together.

"It was all thanks to Lady Feng Ya's planning that we have such a great advantage now!"

"We need to defend it at all cost! We cannot lose again."

"Even if we sacrifice our lives, there is no regret."

"In my opinion, even though there are many enemies, Giant Sun and Fang Yuan will not work together sincerely, they will be guarded against each other."

Yellow Earth Great World.

Lu Wei Yin looked at Fang Yuan and frowned deeply: "Primordial Domain has appeared, Heavenly Court's wisdom path attainment is truly incredible, we cannot wait any longer. The situation is really terrible."

Primordial Domain had already been exposed, but Heavenly Court only managed to get that far, they had not truly obtained it yet.

Even so, Heavenly Court's advantage was immense.

Because Primordial Domain was far more important and crucial than Book Mountain!

As long as a venerable entered Primordial Domain, they would regain their supreme attainment level and become a Dao Lord again. Whoever entered Primordial Domain first would turn the advantage into victory, they would be the eventual winner of this Crazy Demon Cave battle.

Not only that, after this, when the venerable who became a Dao Lord went back to the five regions, they would take control of the world's situation. Thus, they would likely become the winner of the five regions chaotic war, ending up as the new ruler of the world.

"Lord Fang Yuan, Heavenly Court is about to obtain Primordial Domain. We need to attack with full force, if we cannot stop Heavenly Court, we will experience defeat this time." Lu Wei Yin said with determination.

Originally, his tactic was to defend first and retaliate later, but now, they had no choice but to go on the offense.

"How do we use our full strength?" Fang Yuan asked.

Lu Wei Yin showed a conflicted expression immediately.

Heavenly Court had a clear wisdom path advantage.

Ever since the start of the Crazy Demon Cave battle, Heavenly Court had held the initiative and advantage at all times.

Heavenly Court's three pseudo venerables cultivated wisdom path, due to their planning and foresight, their advantage was not just maintained, it was even expanded.

Right now, Heavenly Court even managed to draw out the other core of the ninth layer, Primordial Domain. And more terrifyingly, they did not cause Limitless Demon Venerable's retaliative method to trigger.

This meant that Heavenly Court had already comprehended a lot of the ninth layer's profundity, they were able to avoid Limitless' method from activating.

All along, Fang Yuan did not see Limitless' will manifesting, it was likely that it had already been destroyed.

Lu Wei Yin sighed deeply in admiration: "Back then, Limitless Demon Venerable fought his way to Heavenly Court and forced Star Constellation's will to play a game of chess with him, they comprehended and deduced together, obtaining all sorts of heaven path research results that were secretly sent into Crazy Demon Cave for the derivation here."

"But at the same time, Heavenly Court's methods also infiltrated Crazy Demon Cave, when Heavenly Court managed to draw out Book Mountain from the ninth layer, I had already felt something amiss. Now that they are about to bring out Primordial Domain, I can see that their wisdom path attainment is truly unmatched."

"Now that Heavenly Court has the initiative and territorial advantage, we are all forced to attack them while they only need to defend."

"And the worst thing is that we cannot truly use our full strength!"

Fang Yuan nodded slightly: "That is also my worry. Heavenly Court is skilled in wisdom path, why would they not know that both of our sides are going to attack them desperately? But they still went ahead with this, it means that they are confident in stopping our attacks. And their confidence might likely stem from Crazy Demon Cave."

Heavenly Court was able to bring out Book Mountain earlier, they also took out Primordial Domain now without activating Limitless Demon Venerable's retaliation. One reason was their superb wisdom path method, the other was that Heavenly Court's infiltration of Crazy Demon Cave had lasted for over a million years, they had deep foundations.

Fang Yuan could clearly not reach that level of understanding, if he used his full strength, he would likely face Limitless' retaliative method.

This meant that Heavenly Court was making use of Limitless Demon Venerable!

"This is the problem with fighting wisdom path experts." Lu Wei Yin continued frowning, the truth was, he still had a deep worry internally but he could not express it.

That was Gu Yue Fang Yuan's strength.

Fang Yuan was a pseudo venerable indeed with outstanding strength, he was the strongest person in the world before the trip to Crazy Demon Cave.

But now?

He was facing Giant Sun Immortal Venerable and Star Constellation Immortal Venerable!

The appearance of Immortal Zombie Giant Sun was a huge blow to Lu Wei Yin. Star Constellation Immortal Venerable, who had yet to appear, also placed a huge pressure on him internally.

Could Fang Yuan fight against these two enemies?

The truth was, Lu Wei Yin had no confidence in him.

Venerables were invincible!

This was the truth of the world in the last few million years of human history.

Because Lu Wei Yin had no confidence, he made the plan earlier to defend first and retaliate later.

Fang Yuan might be able to defend against a venerable for some time, but only a venerable could defeat a venerable!

These were Lu Wei Yin's true thoughts.

At the same time, Fang Yuan's subordinates had the same mentality.

Even if these people idolized and admired him, they were not brazen enough to think that Fang Yuan could defeat a venerable.

Venerables were invincible!

Back then, during Primordial Origin's era, variant humans ruled the world, did they lack pseudo venerable battle strengths?

They had them, and the numbers were not few.

But they had never held any hope of defeating a venerable.

Indeed, Fang Yuan had unfathomable strength and was able to easily defeat other pseudo venerable Gu Immortals. But this was not strange, even though pseudo venerables surpassed the peak of rank eight, among themselves, their difference in strength could still be huge.

But if Fang Yuan had to fight against a venerable, nobody would think that he could win, they would only think of how long he could last.

"As long as Fang Yuan lasts until Lord Paradise Earth revives, we will win. But now, Heavenly Court is pressuring us to take action. If we fight now, we might not make it in time for Lord Paradise Earth's revival!" Lu Wei Yin felt like a stone was weighing down on his heart.

Fang Yuan looked at the Primordial Domain far away as he said expressionlessly: "The situation is as such, we have to attack forcefully. Let's follow our agreement with Longevity Heaven earlier and send out our subordinates."

Chapter 2178: Intense Battle

Crazed Demon Cave, eighth layer.

Primordial Domain's silhouette remained motionless in the sky, it was getting more vivid and condensed.

The fusion of Green Lotus Great World, Yellow Earth Great World, and Savage Wilderness Great World was also getting deeper, only a small part of the boundary walls remained to obstruct their connection.

All of the small worlds had already fused into the three great worlds, Savage Wilderness Great World gained the greatest benefits, they had the most people.

This was thanks to Giant Sun Immortal Venerable's heaven and earth luck method, causing most of the small worlds to fall towards Savage Wilderness Great World.

Fang Yuan sent out almost all his Gu cultivators, charging towards Heavenly Court's Book Mountain.

Longevity Heaven also sent troops with surging might and morale.

Heavenly Court was already prepared against them, Duan Hu and Nie Kuang Feng led their troops as they defended on both sides.

"As long as it is not a sage, nobody is my match!" Nie Kuang Feng roared.

It swept around with a huge fierce wind, the entire battlefield was pressured with wind, creating a great commotion.

"The enemy is in front of us, we need to work together to obtain victory!" Xiao He Jian looked at Ice Crystal Immortal Monarch, the latter nodded with a solemn expression.

In the earlier battle, these two variant human Gu Immortals had fought against Nie Kuang Feng and lost individually. Not only did many Gu Immortals die, Xiao He Jian and Ice Crystal Immortal Monarch were also heavily damaged, they barely survived.

This time, after recovering their strength entirely, they decided to face Nie Kuang Feng together, putting down their grudges and rivalry.

Ice Crystal Immortal Monarch waved his hands imposingly as frost qi shot out, shrouding Nie Kuang Feng and slowing its movement, reducing its speed.

Xiao He Jian shot out green leaf blades that moved from all directions, they had impressive power.

Nie Kuang Feng whipped up a strong wind, heaven and earth changed colors, the leaves and frost winds were scattered everywhere.

Immortal killer move — Extreme Ice Crystal Light Immortal Suppression Coffin!

Ice Crystal Immortal Monarch gave a roar, his aura got completely concealed, not a single bit leaked out.

At the next moment, his entire body exploded and spread out into countless frost lights.

The frost lights shot out with extreme coldness! Everywhere they went, air would freeze into ice crystals before falling to the ground.

“Hmm?” Nie Kuang Feng was shocked, it tried to dodge but how could it avoid in time?

It was shot by countless crystal lights, sealed in the mountain-like ice coffin.

“The thicker the ice, the stronger the amplification of the crystal lights that land on me!” Nie Kuang Feng struggled desperately but could not escape, facing the pressure of death, it went into demonization.

Crack...

From the inside, cracks started to appear and spread around the ice coffin.

“Oh no, I can't trap it anymore.” Ice Crystal Immortal Monarch sensed the threat.

But at this point, Xiao He Jian's move was finally prepared.

Immortal killer move — Cut Grass!

Xiao He Jian's palms slashed down like blades, aiming at Nie Kuang Feng, who was stuck inside the ice coffin.

Immediately, two blades of leaves appeared and fell slowly, stabbing into the cracks between the ice and piercing Nie Kuang Feng's body.

Nie Kuang Feng's body instantly shook.

Xiao He Jian attacked without stopping, Nie Kuang Feng's body shook as the green tornado got weaker and thinner, its resistance also started to fall.

“I am willing to surrender...” Nie Kuang Feng said weakly.

“Our master has orders, we will not accept anyone’s surrender!” Xiao He Jian replied coldly.

In the end, Nie Kuang Feng lost its life at the hands of Ice Crystal Immortal Monarch and Xiao He Jian.

Once Nie Kuang Feng died, the mutant Gu Immortals were left without a leader, many were killed while the rest escaped in desperation.

Fang Yuan’s army charged forward and reached the base of Book Mountain.

At the other end, Space Extremity and Desolate Extremity of Longevity Heaven’s Eight Extremities worked together and killed Duan Hu.

The two armies arrived at the center of Green Lotus Great World.

Heavenly Court had only obtained Book Mountain recently, they only managed to set up their formation around it.

This formation was known as four-way star formation, it had four sub-formations in four different directions, defending Book Mountain tightly with no gaps present.

At the peak of Book Mountain, Fairy Feng Ya continued to use her killer move without stopping, drawing out Primordial Domain, which was in the sky.

The two armies discussed for a while before attacking the four sub-formations.

Mao Li Qiu led its group to attack the west formation.

Gai Mei led a group to attack the north formation.

Xiao He Jian led a group to attack the east formation.

Ice Crystal Immortal Monarch led a group to attack the south formation.

The remaining ones were led by Bing Sai Chuan and Lu Wei Yin, they firmly supported the four vanguard groups.

The moment Mao Li Qiu entered the formation, countless starlight specks shot down like a torrential rain with countless droplets.

Mao Li Qiu growled as it expanded and became much larger, its purple fur was smooth and thick, the starlight could not penetrate it.

It charged around in the sub-formation with other Gu Immortals following it, attacking, killing, and causing destruction.

“Vile beast, you are here to cause problems again. We will kill you this time!” The star formation shook as two Gu Immortals flew in.

Nine Spiritual Fairy and Prince Feng Xian.

Nine Spiritual Fairy turned into an immemorial desolate beast to block Mao Li Qiu. The transformed immemorial desolate beast was superior to the real immemorial desolate beast, Mao Li Qiu was soon suppressed, its energy was expended and its body was hurting.

Prince Feng Xian activated his fire path killer move, all sorts of birds rained down with flames, killing more than ten mutant Gu Immortals of Savage Wilderness Great World in one move.

Mao Li Qiu was unable to resist, it had to retreat.

Elsewhere, Gai Mei went up against Zhou Xiong Xin and Jun Shen Guang.

Zhou Xiong Xin activated information path killer move and attacked, while Jun Shen Guang turned into a ray of light to support him. They worked together in unison with one as the attacker and one as support.

Yellow Extremity Jiao Huo used a totem killer move and fought against Zhou Xiong Xin, they were evenly matched.

But Gai Mei, on the other hand, was shouting loudly, he was running around and dodging Jun Shen Guang's attacks.

"Quickly go, quickly go." Gai Mei grabbed onto Jiao Huo's shoulder and dragged him away, ignoring the latter's stare.

Longevity Heaven's two groups returned without result, Fang Yuan's two groups were even worse.

Xiao He Jian and Ice Crystal Immortal Monarch were trapped, they could not even retreat.

"These two immortals met with Heavenly Court's Che Wei and Wan Zi Hong, they are in great danger, quickly send help!" The reinforcement letter had already reached Lu Wei Yin.

Che Wei created weapon path, his methods were getting more mature, his status was only below Qin Ding Ling.

Wan Zi Hong was originally a demonic immortal of Western Desert, she was recruited by Heavenly Court. During the fate war, she displayed great abilities, and now that her Immortal Gu were fully with her, her battle strength returned to its peak, she was very powerful.

Bing Sai Chuan and Lu Wei Yin held an emergency meeting: "This four-way star formation is a star path formation, we cannot take it down by force. It is simply too hard with Heavenly Court's elites guarding all four areas. Lord Fang Yuan was able to destroy the nine-nine consecutive unceasing formation with that thing, I am sure he can deal with this formation too."

Bing Sai Chuan was talking about the five regional limit formation.

Lu Wei Yin nodded and was about to speak when suddenly, a Gu Immortal came out of Yellow Earth Great World.

This female immortal had snow-white skin, her ears were like rabbit ears, her eyes were blood red, it was Lady White Rabbit.

Lady White Rabbit had become a genuine rank eight Gu Immortal with Fang Yuan's help.

Lu Wei Yin laughed and said to Bing Sai Chuan: "I've already asked Lord Fang Yuan for help, I wanted to borrow the five regional limit formation to break the formation using a formation. Lady White Rabbit, thank you for the hard work."

Lady White Rabbit smiled: "Of course I need to work hard for master, I'll even give up my life, this is nothing. But master did not pass me the five regional limit formation, he said that this formation does not have a specific target range, its effect takes too long and won't be effective. Thus, I brought other methods."

Bing Sai Chuan was curious: "Lord Fang Yuan's methods must be extraordinary, please allow me to have a look."

Thus, Lady White Rabbit took out several Immortal Gu Houses from her immortal aperture.

Rising Cloud City, Profound Frost House, Unbreakable Golden Fortress, Dragon Soul Dark Castle, Red River Pavilion, Red Heavenly Altar, Scarlet Palace!

A total of seven Immortal Gu Houses which were all at rank eight.

Bing Sai Chuan was completely dumbstruck.

"Master said that he could only create these few Immortal Gu Houses in the short period of time. He has already given orders, we will charge with these Immortal Gu Houses as the vanguard." Lady White Rabbit said.

It turned out that ever since Fang Yuan entered Crazy Demon Cave and collected a vast amount of immortal materials, he had ordered the time path clone He Chun Qiu to use Four Elements Square Regret Blood Refinement Pool to refine Immortal Gu.

After all sorts of rank eight Immortal Gu were created, he started assembling Immortal Gu Houses.

Fang Yuan did not intend to construct Immortal Gu Houses originally, they were not very useful to him.

But after entering the eighth layer, he could not fight with his full strength here, he made preparations to arm his subordinates instead.

He had no time indeed

These Immortal Gu Houses were all modified on the basis of Cloud City, Dark Flow Giant City, Profound Ice House, Unbreakable Iron Fortress, Blood River Chariot, Nightmare Castle, Green Wave Pavilion, Weaving Cocoon Manor, Golden Altar and other Immortal Gu Houses.

Strictly speaking, these were considered only partial innovations.

But against Heavenly Court, even with three wisdom path pseudo venerables, they could not easily decipher and break them, they needed to spend time on deductions.

That was enough!

Lu Wei Yin became very happy, he distributed the Immortal Gu Houses and charged through into the formation, saving Ice Crystal Immortal Monarch and Xiao He Jian.

Afterwards, the seven rank eight Immortal Gu Houses swept through the battlefield, breaking two more sub-formations.

The two groups gathered towards Book Mountain.

At the peak of Book Mountain, Fairy Feng Ya's eyes were shut as she used her method. Ming Hao and Yu Xiu were taking charge of the situation.

Seeing so many Immortal Gu Houses, Fairy Yu Xiu had a grim expression: "Fang Yuan is so rich and has terrifying refinement path methods. It seems he intends to progress in refinement path!"

"Thankfully, his wisdom path is inferior to us, these Immortal Gu Houses are all not new, they have an origin that we can trace." Fairy Ming Hao said as she used her killer move.

Human path killer move — Humble Reciprocation!

Book Mountain shook as countless killer moves were unleashed like fireworks.

In the sky, Primordial Domain surfaced with rumbling tribulation clouds, calamities and tribulations were unceasing.

On the battlefield, countless killer moves filled the vision, surging like sea waves that crashed down in all directions.

Against such an endless tide of killer moves, Fang Yuan's subordinates hid inside the Immortal Gu Houses, moving against the waves.

Longevity Heaven had many Gu Immortals but they could not all enter Calamity Luck Altar.

Thus, Bing Sai Chuan took out five Immortal Gu Houses.

Wide Building Harem Palace, Internal Delight Harem Palace, Red Bean Harem Palace, Lovesick Harem Palace, Young Peach Harem Palace.

They were the five palaces that Giant Sun Immortal Venerable placed in the five regions when he was alive, they were all rank eight.

The foundation of an Immortal Venerable was displayed in full view!

"My lifetime accumulation cannot even rival Fang Yuan, he seems to have an overflowing number of rank eight Immortal Gu. Is he trying to become venerable through refinement path?" Immortal Zombie Giant Sun looked at the battlefield as he thought.

Fang Yuan was observing the battlefield as well while comprehending Thieving Heaven's true inheritance.

This Thieving Heaven true inheritance contained imitation Gu and the killer move perfect pair originally, but Fang Yuan only obtained the rest.

But this remaining portion was very important to Fang Yuan.

The true inheritance content was about refinement path, it talked about how Thieving Heaven Demon Venerable created a fake Qian Kun Crystal Wall in his time, how he created fake Immortal Gu and so on.

"Other than the four aspects of refinement path that I summarized earlier, there is also this aspect!"

"Refining fake Gu..."

“Thieving Heaven Demon Venerable left this true inheritance to me with deep intentions.”

Chapter 2179: Battle of Book Mountain

Book Mountain was surrounded in the two colors of black and white, Gu Immortals fought intensely as they could be seen everywhere.

Immortal killer move — Great Qi Cloud Explosion!

Demon Immortal Qi Jue stretched out his finger and pointed consecutively.

Instantly, the air in front of him surged and gathered into a lump.

Several hundred white qi comets shot out at once, blocking the attacks of Book Mountain.

Fairy Ming Hao had been using Book Mountain to unleash the killer move humble reciprocation. Relying on this terrifying move, she was able to suppress the forces of Fang Yuan and Longevity Heaven.

These killer moves were all recorded in Book Mountain, there were a variety of them, this was a human path killer move in essence but the released attacks had the power of their original paths.

Demon Immortal Qi Jue faced offense with offense, after destroying the current wave of attacks, he sighed and retreated.

After he was saved by Giant Sun Immortal Venerable, he did not interact with Longevity Heaven or Fang Yuan, he moved on his own and quickly learned about the current situation.

Demon Immortal Qi Jue also did not want to see Heavenly Court obtain Primordial Domain.

He wanted to enter Primordial Domain, in fact, to raise his qi path attainment level to supreme grandmaster, how could he allow others to snatch it first?

Demon Immortal Qi Jue was alone and could not take down Heavenly Court. But with Fang Yuan and Longevity Heaven working against the colossal force, he would not be Demon Immortal Qi Jue if he did not make use of this opportunity.

“To think that attacking Book Mountain is so dangerous, I can’t even reach the middle of the mountain.” Demon Immortal Qi Jue frowned.

When he was suppressed by Divine Emperor City, he lost many of his qi path dao marks. Furthermore, the secluded domain of heaven and earth that he relied on, Xi Land, had only about thirty percent left after the pursuit battle against Fang Yuan.

Bubble bubble...

As if a tsunami had struck, another wave of attacks swept down from the top of the mountain like a waterfall.

Demon Immortal Qi Jue had no choice but to retreat again.

“Charge, charge up!” A rank eight Immortal Gu House went past him, completely ignoring Demon Immortal Qi Jue.

That was the rank eight Immortal Gu House that Fang Yuan created, Unbreakable Golden Fortress.

The Gu Immortals in the Unbreakable Golden Fortress saw Demon Immortal Qi Jue but did not pay any attention to him. When Demon Immortal Qi Jue first appeared, he was quite the hot topic, but seeing that he had attacked Book Mountain too, Fang Yuan's subordinates also learned of Demon Immortal Qi Jue's stance.

Seeing Unbreakable Golden Fortress charge up and resisting the endless wave of killer moves, Demon Immortal Qi Jue could not help but show some envy in his eyes.

In this battle, Immortal Gu Houses were simply too important.

They provided the Gu Immortals strong defense, otherwise, as just a single person, how could he advance while resisting endless tribulations and killer moves?

Unbreakable Golden Fortress reached the middle of the mountain, in the fireworks of killer moves around it, there was a bloody shadow that flashed by.

At the next moment, the huge bloody shadow arrived, showing itself.

This was a huge red tombstone with text characters moving around it, it had a dense aura of blood path, this was Demon Judgment Board!

"Don't think of moving further!" Within Demon Judgment Board, Gu Yue Fang Zheng spoke.

Bam.

With a loud sound, the two Immortal Gu Houses crashed into each other.

Unbreakable Golden Fortress' advancement was forcefully halted.

Demon Judgment Board shot out blood red light that resembled a beam, it hit Unbreakable Golden Fortress.

Unbreakable Golden Fortress raised its defense and blocked the blood red light, but it was still forced down from the middle of the mountain by an unstoppable force.

Even though Unbreakable Golden Fortress was a rank eight Immortal Gu House, it was still far from Demon Judgment Board, which was a peak creation.

Gu Yue Fang Zheng breathed roughly.

Heavenly Court had few Immortal Gu Houses.

Even including Divine Emperor City, Heaven Overseeing Tower, and Divine Emperor City, they only had six.

Right now, these six Immortal Gu Houses were used to defend themselves, dealing with the Immortal Gu Houses that attacked them.

Over on Longevity Heaven's end, Luck Suppression Heavenly Palace did not move out, but Calamity Luck Altar and the five Harem Palaces totaled to six, they were equally numbered with Heavenly Court's Immortal Gu Houses.

While Fang Yuan suddenly brought out seven Immortal Gu Houses!

This was out of their expectations.

They had originally thought that Fang Yuan would reconstruct Dragon Palace or Myriad Year Flying Warship, but to think that he would start over and bring out seven Immortal Gu Houses like Unbreakable Golden Fortress.

So be it if he made new ones, but these Immortal Gu Houses were all rank eight.

Seven rank eight Immortal Gu Houses gave Heavenly Court an immense pressure in guarding themselves.

Heavenly Court only had around half the Immortal Gu Houses of their enemies, while Longevity Heaven's Luck Suppression Heavenly Palace and Fang Yuan's Peaceful Soil Heavy Mountain Fortress had yet to join the battle, this made the hearts of Heavenly Court Gu Immortals sink.

Under Fang Zheng's control, Demon Judgment Board went around to force back the invading Immortal Gu Houses, attempting to maintain their defensive circle.

"The enemies are very strong, we can maintain the situation now with Divine Emperor City, Heaven Overseeing Tower, and myself as support. But if this goes on, we will not last long."

Gu Yue Fang Zheng's expression was pale, he understood this internally.

He felt like he was reaching his limit already.

The intensity of the battle was too high.

Demon Judgment Board not only had to go around to fight against the many Immortal Gu Houses, it also had to resist the bombardment of killer moves and tribulations.

The expenditure of immortal essence was shocking even for Fang Zheng.

Demon Judgment Board's damage level was also increasingly severe. Back then in Thieving Heaven's true inheritance space, Demon Judgment Board had already been heavily hit by Fang Yuan, it had already been repaired earlier. Now, its current damage was newly created.

If Fang Zheng was alone, he might have already lost control of the situation. Thankfully, Demon Judgment Board had the wills of the previous Demon Judgment Board Lords, these wills were helping him to rapidly repair the Immortal Gu House.

"Since when did our Heavenly Court's foundation lose to others?" At the peak of Book Mountain, Fairy Ming Hao maintained the killer move humble reciprocation while sighing to herself.

In Heavenly Court's case, the situation was quite bad. Even though Heavenly Court's Gu Immortals fought desperately to defend themselves, the defensive line was already wavering, the Immortal Gu Houses might break through at any moment and arrive at the peak.

At the peak of Book Mountain, Fairy Feng Ya was still using her full strength to use the killer move and try to obtain Primordial Domain, she could not be interrupted.

Fairy Ming Hao and Yu Xiu looked at each other, the latter waved her hand: "Go."

A tiger roar and crane cry resounded in the battlefield.

Two legendary immemorial beasts, Shabi Ninety-five and Ruan Dan, charged down the mountain.

Even though Heavenly Court did not have any more Immortal Gu Houses, they had two legendary immemorial desolate beasts. Immemorial desolate beasts had tough bodies, legendary immemorial desolate beasts were even tougher.

Shabi Ninety-five and Ruan Dan charged towards Rising Cloud City from the left and right, ignoring all the killer moves and tribulations above them.

Rising Cloud City was controlled by Fairy Miao Yin, she was about to charge into the battlefield when two legendary immemorial beasts pincer attacked her.

Fairy Miao Yin quickly used her killer move, Rising Cloud City spewed out endless cloud qi to push the Immortal Gu House upwards rapidly.

But Ruan Dan flapped its wings and flew above Rising Cloud City, activating a killer move and slashing with the crane leg, shattering the roof of Rising Cloud City and destroying countless mortal Gu.

Bam.

At the next moment, Shabi Ninety-five charged fiercely and knocked Rising Cloud City over, causing it to roll down the mountain.

Fairy Miao Yin's figure staggered, she wanted to control Rising Cloud City to ascend again but it did not respond to her, her immortal essence was instilled without getting any response.

Demon Immortal Qi Jue was to the left, upon seeing this, he immediately flew over.

He gave a cry, Xi Land's silhouette appeared above his head.

Immortal killer move — Xi Xi!

Xi Land erupted with immense attraction force, absorbing the qi ring around the surface of Rising Cloud City into Xi Land.

After getting released, Rising Cloud City immediately regained freedom.

"Thanks!" Fairy Miao Yin thanked and was about to move the Immortal Gu House back into the battlefield when she suddenly heard Fang Yuan's orders.

Fairy Miao Yin was stunned.

But she reacted quickly and brought the other Gu Immortals out of Rising Cloud City.

"Lord Qi Jue, my master ordered me to gift this Rising Cloud City to you!" Fairy Miao Yin said.

"What?" Demon Immortal Qi Jue was stunned before laughing heartily: "Fang Yuan is truly generous, I will receive it with thanks."

Demon Immortal Qi Jue did not stand on ceremony, he entered Rising Cloud City, it flew up and attacked the mountain again.

At the middle of the mountain, Shabi Ninety-five and Ruan Dan worked together and pushed down Dragon Soul Dark Castle.

Lady White Rabbit led the immortals inside Dragon Soul Dark Castle, she did not charge anymore, instead, returning to the base of the mountain to join up with Fairy Miao Yin.

Demon Immortal Qi Jue finally reached the middle of the mountain, he saw Shabi Ninety-five and his eyes lit up: "Good beast, I lack a steed myself."

Demon Immortal Qi Jue kept Rising Cloud City and only attacked Shabi Ninety-five.

The two fought for a few rounds, Shabi Ninety-five soon fell into a disadvantage, it started requesting for help.

This legendary immemorial beast cultivated qi path, it was completely countered by Demon Immortal Qi Jue.

"Don't fear, I am here!" Ruan Dan came over to help, it spat out a bright red pill.

"What path is this?" Demon Immortal Qi Jue sensed the mysterious aura of the pill, he did not dare to be careless, he brought out Rising Cloud City and went inside.

Boom!

The pill landed on Rising Cloud City and self-detonated, the intense shock wave spread out everywhere, a corner of Rising Cloud City was destroyed in the process.

Even though pill path was not specialized in offense, it was still a new path that Rising Cloud City could not guard against.

"Hahaha, Ninety-five, you owe me a favor!" Ruan Dan laughed proudly.

Shabi Ninety-five pouted and was about to answer when its expression suddenly changed: "Be careful!"

Ruan Dan's heart shook as it quickly jumped.

But the mysterious enemy was even faster.

"Can you escape?" Hearing the voice, Ruan Dan felt like its long neck was grabbed by a tiny hand.

Compared to its mountain-like body, the normal human-sized hand was definitely tiny.

But Ruan Dan felt a shudder when this hand touched its neck, it screamed in a shrill voice.

Because it twisted its neck and saw a young man wearing a red cape, standing on its back.

It was none other than Fang Yuan's transformation path clone, Zhan Bu Du!

At this moment, he had already used incomplete freedom transformation killer move, his battle strength rose to pseudo venerable level.

“Wait.” Ruan Dan screamed, but Zhan Bu Du snickered and exerted strength.

At the next moment.

Boom!

An intense explosion resounded like thunder.

Book Mountain shook, black and white rocks were sent flying.

At the next moment, a huge pit appeared on the ground.

Ruan Dan was beaten unconscious by Zhan Bu Du, its body was motionlessly embedded into Book Mountain, its mouth opened as blood flowed out.

But soon, a bright light flashed on Ruan Dan’s body.

Its injuries healed quickly, it regained its consciousness.

“Thankfully, I have my killer move, life-saving recovery pill!” Ruan Dan woke up and wanted to struggle.

But Zhan Bu Du’s fist was already raised.

Bam bam bam...

With a series of punches, Zhan Bu Du slammed down on Ruan Dan’s head each time, causing the whole of Book Mountain to shake. Only until he smashed Ruan Dan’s skull completely and brain matter flowed out did he stop attacking.

Chapter 2180: Qi Sea Versus Yu Xiu

Against Zhan Bu Du, the great legendary immemorial beast Ruan Dan was completely unable to put up a fight.

But at the next moment, a bright light flashed on Ruan Dan’s corpse again.

Immortal killer move — Life-Saving Recovery Pill!

With the effect of the killer move, Ruan Dan’s smashed skull started to heal, it was soon revived.

“Pill path...” Zhan Bu Du also showed a look of surprise.

Ruan Dan’s healing killer move was formidable, it could actually revive it from that state.

Even with Zhan Bu Du’s pseudo venerable battle strength, he could not easily get around it. After all, even the main body did not understand pill path.

“Since I cannot unravel it, so be it, I want to see how many times you can revive!” Zhan Bu Du showed a ruthless expression.

Boom boom boom.

He punched time and again, each punch landed heavily on Ruan Dan, killing it on the spot.

The poor Ruan Dan had just revived and did not react in time before its skull was smashed again.

Immortal killer move — Life-saving Recovery Pill.

A few breaths of time later, the recovery method activated again.

But this time, the killer move's shining light became much dimmer.

"Persevere, Ruan Dan, I will save you!" Shabi Ninety-five shouted, rushing from another area to help out.

Even though it constantly argued with Ruan Dan normally, the two of them had a close friendship. Especially after major battles like the fate war, their camaraderie had already improved greatly.

Even if this was Zhan Bu Du, Shabi Ninety-five did not care about anything else, it wanted to save its friend.

"Hmph, trying to leave? Do you think I am not here?" Demon Immortal Qi Jue shouted in anger as he used a killer move that landed on Shabi Ninety-five's back.

Shabi Ninety-five suffered a heavy blow, it growled in pain and fell from the sky.

Seeing that Ruan Dan died at Zhan Bu Du's hands again, at the peak of Book Mountain, Fairy Ming Hao's frown became deeper.

Zhan Bu Du was an opponent that gave the three fairies, Feng Ya, Ming Hao, and Yu Xiu a huge headache.

He had terrifying strength and overwhelming defense, together with the abilities of internal breathing green fish transformation, devouring blue leopard transformation, and thunder rush yellow bird transformation, Zhan Bu Du had no weaknesses at all, the three immortals did not know how to deal with him.

If this were a normal battle, the three immortals could rapidly move and attack him from a distance, restraining and weakening him.

But now, Heavenly Court had to defend Book Mountain.

This was a defensive battle.

And the worst nightmare for a defensive battle was someone like Zhan Bu Du. If he managed to charge unhindered and went beyond the defensive line, it would be trouble.

But the three immortals had discussed it already, they had a plan against Zhan Bu Du.

Immediately, Fairy Ming Hao willed and transmitted some words to Genesis Lotus' will inside Divine Emperor City.

At the next moment, a jade light spiral appeared on the surface of Divine Emperor City.

From within the spiral, a giant flew out from the center.

The giant wore golden green armor, its left hand held a shield, its right hand held a spear, it was bursting with vitality and life force, its aura was immense.

The giant recited —

A hundred thousand years of unending hatred,

Killing the enemy with a shattered body.

Awakening once more in Divine Emperor City,

Qing Chou exists under the karma divine tree.

It was the legendary immemorial desolate beast — Qing Chou.

During the pursuit battle against Fang Yuan, Qing Chou killed Spectral Soul, but it was also completely blown to bits by Spectral Soul's self-detonation, reduced to countless pieces of flesh.

Divine Emperor City retrieved these pieces of flesh and revived Qing Chou again.

The current Qing Chou was no longer in its initial form of turtle shell, tiger claws, dragon tail, snake neck, bat wings, and human head. It was now a completely armored and equipped warrior.

Qing Chou arrived before Zhan Bu Du and its towering body slammed down like a mountain, its spear pierced the air as winds blew intensely, as if a giant dragon had struck.

“Come!” Zhan Bu Du did not retreat but moved ahead, his figure flashed and appeared at Qing Chou's forehead immediately.

Zhan Bu Du punched fiercely, hitting Qing Chou's helmet.

With an intense sound, a huge force caused Qing Chou to move backwards, its colossal body landed on the middle section of the mountain, causing Book Mountain and its surroundings to tremor.

Zhan Bu Du flew down and rained a flurry of fists, the attacks were intense and unceasing.

If Qing Chou let the punches land without obstruction, it would end up like Ruan Dan.

At the crucial moment, a giant tree formed above Qing Chou's head, absorbing the force of Zhan Bu Du's punches.

Immortal killer move — Karma Divine Tree!

At the next moment, the divine tree shook as countless fists shot out from between the leaves.

It was Zhan Bu Du's earlier wave of attacks.

This move had once caused trouble to Spectral Soul, Zhan Bu Du also felt troubled, he was forced back by the fists.

Qing Chou took the chance to stand up as Zhan Bu Du floated in the air, resisting Fairy Ming Hao's humble reciprocation killer move while regaining his footing.

Qing Chou roared and took large strides forward, it arrived before Zhan Bu Du with two steps, waving its long spear to attack him.

Rumble!

Two figures continued to fight intensely, they exchanged blows and caused the entire place to tremor, their offenses caused a huge commotion.

“I get it now, so this was Genesis Lotus Immortal Venerable’s objective. Qing Chou has been completely subdued by Divine Emperor City, it is now the general of the divine bean soldiers. This is the strongest divine bean soldier!” Zhan Bu Du had a realization.

A few rounds later, he gained the upper hand again.

Qing Chou was not an ordinary legendary immemorial beast, but Zhan Bu Du was currently using incomplete freedom transformation!

He had genuine pseudo venerable battle strength, Qing Chou could not win.

Heavenly Court also did not expect a win, they only wanted to stall for time.

It was like how Paradise Earth Immortal Venerable invited Fang Yuan in order to stall for time as well.

As long as time passed and Heavenly Court obtained Primordial Domain, their advantage would be expanded, they would be able to claim victory!

Immortal killer move — Unlimited Qi Sea.

A figure suddenly appeared, carrying with him an endless sea of qi that surged together, shrouding the rays of the sun.

It was Qi Sea Ancestor!

Seeing that Zhan Bu Du was obstructed, Qi Sea Ancestor immediately chose another direction to attack the mountain.

At the peak of the mountain, Fairy Yu Xiu sighed as she was forced to take action, she left the mountain and fought against Qi Sea Ancestor.

One was a qi path pseudo venerable, the other was a wisdom path pseudo venerable.

The former attacked fiercely, wanting to devastate Heavenly Court, but the latter was resolved to defend this base even at the cost of her life.

Qi Sea Ancestor attacked grandly with incredible attacks, qi tides swept the area, accompanied by pillars of white qi that shot out at times.

Fairy Yu Xiu however, was graceful and elegant, she moved agilely and dodged the endless wave of attacks while activating all sorts of wisdom path killer moves.

She had an exceptional combat system which used her attainment level to suppress others, it was extraordinary and even Immortal Zombie Giant Sun would be affected by this move.

But her enemy was Qi Sea Ancestor.

Qi Sea Ancestor was the clone of Fang Yuan, he shared attainment levels with the main body!

Fairy Yu Xiu tried many times with no success, for Fang Yuan, it was not hard to resist her attacks.

Fang Yuan was a master in dream path, space path, metal path, wind path, cloud path, lightning path, information path, light path, and sound path.

He was a grandmaster in blood path, strength path, star path, dark path, formation path, soul path, sword path, human path, wood path, food path, phantom path, luck path, ice and snow path.

He was a great grandmaster in theft path, transformation path, rule path, qi path, fire path, wisdom path, water path, earth path, poison path.

He was even a quasi-supreme grandmaster in refinement path, time path, and enslavement path!

With such attainment levels, how could Fairy Yu Xiu suppress him?

Fairy Yu Xiu had no choice, she had to use other methods against Qi Sea Ancestor.

Fairy Yu Xiu was unable to display the power of her combat system, but thankfully, she was familiar with Qi Sea Ancestor's methods.

Even though Qi Sea Ancestor had Primordial Origin's true inheritance, he obviously could not use those killer moves against Heavenly Court. As for other killer moves like heavenly astral cloth robe, yin-yang great killer hands, unlimited qi sea, and others, they were all used many times and were known to everyone.

"Let me help you!" Lu Wei Yin flew over, assisting Qi Sea Ancestor.

Fairy Yu Xiu used her strongest killer move to suppress Lu Wei Yin through attainment levels, effectively weakening him.

But Qi Sea Ancestor gained a greater advantage with his help, managing to approach Book Mountain.

At this time, Calamity Luck Altar burst out with a golden light.

The golden light surrounded Book Mountain and spread around the battlefield like vines. Wherever the golden light went, tribulations would transform and target the peak of Book Mountain instead.

And Book Mountain was also shaking intensely from the infiltration of the golden light.

Fairy Ming Hao's body shook unsteadily, her face turned pale as her pupils shrank: "This must be Giant Sun Immortal Venerable's doing! To think that he managed to counter humble reciprocation after it was only used for a second time!"

She gritted her teeth, even though she was unwilling, she had no choice but to withdraw humble reciprocation killer move.

If it continued, she would lose her life.

Earlier, when Fang Yuan and Lu Wei Yin first entered Yellow Earth Great World and led their army to attack Book Mountain, Fairy Ming Hao had stopped them using humble reciprocation.

Giant Sun Immortal Venerable was exceptionally talented, he thought of a way to counter this move in such a short time and successfully dealt with it now.

Without the endless tribulations obstructing them, Longevity Heaven's immortals had a clear path now, many of them cheered loudly in the Immortal Gu Houses as they attacked from all directions.

Fairy Ming Hao gritted her teeth, Fairy Feng Ya could not take action against them now, while Fairy Yu Xiu was fighting outside, in this situation, they had to rely on her.

Immortal killer move — People's United Hearts.

Immortal killer move — Hope of the People.

Immortal killer move — Heroes Among People.

The scene during the fate war was displayed again.

Light spread out towards the Heavenly Court immortals, causing their strength to rise sharply!

But this was not enough.

Heavenly Court's Gu Immortals and Immortal Gu Houses were just too few in quantity.

"Then awaken."

"Friends from Heavenly Court, our comrades!"

"The people of the five regions and two heavens need you, Heavenly Court needs you now!!"

Fairy Ming Hao shouted loudly.

From the northwest direction of Book Mountain, an immortal graveyard radiated with countless rays of bright light.

From the light, two figures walked out.

One was an old man with a benevolent countenance, his brows were particularly peculiar, they were like two exquisite dark brown roots that extended down from his forehead to his chest.

The other was a middle-aged man with a very robust physique, his face and muscles seemed to be made from brass as they let out cold metallic luster.

"I heard the call." The old Gu Immortal, Duke Mei, squinted and said.

"Where are the enemies?" The middle aged Gu Immortal Duke Tong looked beyond a vast distance, locking his eyes on Calamity Luck Altar.
