Chapter 2261: New Anti-Fang Alliance

Wang Xiao Er woke up from his sleep.

“Wasn’t I imprisoned? Where am I now?” Wang Xiao Er was puzzled, he found that he was in a vast wasteland.

“Quickly, escape!”

“Escape, escape!”

A large wave of humans suddenly surged out.

Crack!

With a loud sound, lightning struck the ground.

Following that, the earth and mountains shook. Explosions occurred loudly as the ground began to collapse.

In ten or so breaths of time, the surrounding ten li of area had become a giant crater.

The crater enclosed all the people including Wang Xiao Er.

Wang Xiao Er was dazed as he was sandwiched between the crowd.

The surrounding people were in disorder and panic, Wang Xiao Er also had the same feelings.

He did not know what happened.

Before this, he was captured by Fang Dong Xi in Sand Heap blessed land. Fang Dong Xi soul searched him and obtained information regarding Hu Land.

During the contest over Sand Heap blessed land, Fang Dong Xi lost his soul cores. Fortunately, Fang Dong Xi captured Wang Xiao Er and obtained the secret information regarding Hu Land.

Fang Dong Xi used this precious information to make up for his mistake. On the other hand, he also learned of the peculiarity of Wang Xiao Er's body.

Fang Dong Xi imprisoned Wang Xiao Er in his immortal aperture, and specially constructed an underground prison. He studied and experimented on Wang Xiao Er's body many times, but still did not understand what was going on with Wang Xiao Er's body.

"All of you, shut up!" A figure suddenly appeared in the sky.

Wang Xiao Er and others looked up.

"Your ancestor Fang Dong Xi has already died in battle, everything is now all my, Xiao Ye Hu's, property. You are also my captives! Stay here, I will make sure you live a life worse than death if you dare to escape!"

Xiao Ye Hu's expression was cold and malevolent.

The chaotic crowd was shivering like a cicada under his threat.

Fang Dong Xi and Fang An Lei died in battle to protect Fang Di Chang. They were both rank seven Gu Immortals, their immortal apertures landed on the ground and opened its door to absorb heaven and earth qi, becoming an unowned blessed land.

Xiao Ye Hu took the chance to enter and plunder his battle spoils.

But the plundered resources did not satisfy Xiao Ye Hu.

His loss was extremely severe, his Immortal Gu House Chamber Pot was destroyed by Fang Gong. Even emptying Fang Dong Xi's immortal aperture only made up for a meager amount of the losses.

"This won't do, Wan clan must give me an answer!" Xiao Ye Hu's expression was unsightly. After he stabilized Dong Xi blessed land's situation, he quickly left to look for Wan clan.

At this time, the anti-Fang alliance had already succeeded in regaining Wan clan headquarters blessed land.

The anti-Fang alliance immortals were resting here for the moment.

Xiao Ye Hu came before a hall, he restrained his unsightly expression and said loudly: "Senior Wan Gu Chou, junior Xiao Ye Hu is here as Xiao clan's representative. Please meet me, we need to discuss some matters."

Times had changed.

Wan Gu Chou suddenly revived and defeated Fang clan. Her impressive might shook the whole of Western Desert's Gu Immortal world.

In front of such an expert, Xiao Ye Hu had to restrain himself.

Soon, Xiao Ye Hu received permission. He entered the hall and saw Wan Gu Chou sitting on

the main seat.

Wan Gu Chou was wearing a white garment, her hair was silvery white, she looked quite old.

Wan Hao Guang was standing to her left, with Wan Xiao on her right.

“Hehehe.” She looked at Xiao Ye Hu and laughed, her laughter was hoarse and terrifying:

“Junior from Xiao clan, you came at the right time. I have something to discuss with you. Take a seat and wait for a while.”

“Okay.” Xiao Ye Hu did not dare to refute, he chose a seat to sit.

After a short while, other anti-Fang alliance Gu Immortals were also invited into the hall.

Even Heavenly Court’s two Gu Immortals Wan Zi Hong and Zhou Xiong Xin were present.

Wan Gu Chou looked around and said: “Although Fang clan was defeated, they stole many of my clan’s resource points. My Wan clan is unable to pay the price agreed upon with your clans.”

“But, this is a huge opportunity for us.”

“Fang clan suffered a heavy loss, their strength has fallen sharply. As long as we give chase, Fang clan will not be able to defend. They have fallen to the demonic path, we must get rid of them! At that time, we will all get a share of the battle spoils.”

The immortals felt a chill as they listened.

This Wan Gu Chou was extremely shameless, directly saying she did not have a way to pay them, forcing the anti-Fang alliance to continue fighting.

Her methods were also vicious, she wanted to follow up the victory by giving chase and eradicating Fang clan.

But this was indeed a good opportunity.

The immortals were moved.

Fang clan sold a large number of Wan clan's resource points, but sold very few of their own resource points. Their foundation was still there.

Now was the perfect time to beat them down.

'Wan clan is sinister, they deliberately concealed Wan Gu Chou and kept us in dark.'

'Wan Gu Chou kept on hiding, she only made a move when we crumbled. And with just one move, she defeated Fang clan, creating the current situation which is the most favorable to Wan clan!'

'On the surface, Wan clan transacted the most with Xiao clan; in reality, their biggest collaborator is Heavenly Court!'

None of the immortals here were stupid, they had already realized the situation.

If Wan Gu Chou had made a move earlier, even if the anti-Fang alliance defeated Fang clan, most of the battle merits would belong to the alliance Gu Immortals.

But Wan Gu Chou made a move only at the final juncture, immediately revitalizing Wan clan's prestige. The alliance immortals did not have the qualification to talk of their merits or

shamelessly ask for payment.

“We need to eradicate evil completely. Fang clan broke the rules, what rights does such a demonic super clan have to continue existing in Western Desert’s Gu Immortal world?”

“I agree with Senior Wan Gu Chou’s plan.”

“But we should discuss how we distribute the spoils.”

The immortals had participated in the previous large battle, they all suffered losses; some needed to urgently make up for it, like Xiao Ye Hu. Some thought since they had to undergo danger, they might as well reap benefits.

Seeing the Gu Immortals expressing their agreement, Wan Gu Chou looked at the two Heavenly Court Gu Immortals: “Heavenly Court has been the leader of humanity since ancient times, the banner of the righteous path. We will need your help in this battle.”

Wan Gu Chou was deeply aware: Compared to Western Desert’s Gu Immortals, Heavenly Court’s financial support was much more important.

Without Heavenly Court’s support, Wan clan had no way to attack Fang clan.

Wan clan would have to pay a lot to collaborate with Heavenly Court, but the gains were also equally great.

Wan Gu Chou herself was revived by Heavenly Court.

Right now, a lot of her rank eight time path Immortal Gu were lent by Heavenly Court.

Even her everlasting sorrow killer move was personally modified by Star Constellation Immortal Venerable!

Zhou Xiong Xin and Wan Zi Hong glanced at each other, all the development so far did not exceed Star Constellation Immortal Venerable's calculations.

This was also the moment that these two Heavenly Court immortals were waiting for.

At the next moment, Zhou Xiong Xin stood up: "Friends of Western Desert, it is my Heavenly Court duty to eliminate the demonic path, we are very happy to support you."

"Right now, Fang clan's calamity is before them. Why did they have such guts to attack the alliance? The true root issue is not Fang clan but Eastern Sea's Heaven Refining Demon Venerable!"

"Heavenly Court is willing to continue to support you, but our condition is that you are not allowed to join the Heaven and Earth Great Love Alliance!"

The hall fell into silence as Gu Immortals looked at each other.

Wan Gu Chou broke the silence: "My Wan clan agrees!"

Wan clan had already become Heavenly Court's supporter through the anti-Fang battle.

Wan Gu Chou spoke: "Friend Xiao Ye Hu, what do you think?"

Xiao Ye Hu's expression was quite unsightly. Wan Gu Chou intentionally picked his name and forced him into a corner. He had no choice but to state his position.

He snorted coldly: "I, Xiao Ye Hu, am obviously not willing to associate with the demonic path, but that is just my individual stance. How can I casually represent my Xiao clan in agreeing to this? I have to ask for guidance from my Xiao clan's first supreme elder!"

It was a delaying tactic.

But Zhou Xiong Xin had already expected it: "Then, Xiao Ye Hu, please contact your clan's leading Gu Immortals right now. I believe that the difference between righteous and demonic is deeply rooted in people's hearts. Xiao clan is one of the role models of Western Desert's righteous path, you will not make a mistake in this major matter."

Wan Gu Chou immediately nodded, echoing Heavenly Court immortals: "Let's do it like this, friends, please ask for guidance from your clan's leaders, and we will then discuss the matter of the distribution of spoils."

She pretended to be tolerant: "If any clan is not willing, we will not criticize them. In this anti-Fang battle, you do not have any merits but you worked hard. If you don't want to continue in anti-Fang alliance, my Wan clan will bid you farewell and won't make things difficult for you."

The immortals cursed inwardly.

They had not gotten any payment, or maybe only a small portion of it.

If they did not agree to Heavenly Court's condition, Wan Gu Chou was going to drive them away from the anti-Fang alliance.

Only if they were in anti-Fang alliance could they get their payment as well as the battle spoils in the upcoming battle against Fang clan.

A while later.

The Gu Immortals finished asking for instructions. No one left.

Under the pressure of righteousness, Western Desert's super clans could not risk going against the public opinion and leave the alliance.

Moreover, if they left the alliance at this point, they could not get any benefits.

Fang clan was like a piece of fat meat that lured these colossal vultures.

"Good, friends, you have not let me down!" Wan Gu Chou stood up and said with a smile.

Right now, a new opportunity lied before her.

She was now the alliance leader of the anti-Fang alliance. As long as she led the alliance and defeated Fang clan, her reputation would rise to the peak of Western Desert's Gu Immortal world.

At that time, she would be like Wu Yong, becoming the publicly recognized leader of the Western Desert Gu Immortal world.

Zhou Xiong Xin and Wan Zi Hong were smiling.

This was all within Star Constellation Immortal Venerable's calculations.

It was very advantageous for Heavenly Court to help Wan Gu Chou become the leader of Western Desert.

“Fang Yuan is number one in Gu refinement, but how can he be Star Constellation Immortal Venerable’s match in terms of methods?” Zhou Xiong Xin laughed inwardly.

The very day, Wan Gu Chou announced the establishment of new anti-Fang alliance.

With the revival of this strongest expert of Wan clan, the situation of the whole Western Desert Gu Immortal world changed suddenly.

Almost all the Gu Immortals of the five regions were paying close attention to it.

“This contest ended in Heavenly Court’s victory.”

“Fang clan is in danger!”

“I did not expect Heavenly Court to be able to revive other Gu Immortals and not just their own Heavenly Court members.”

“The big picture is still in under the control of the venerables.”

“If Fang Yuan were to make a move, this Wan Gu Chou will only be a minor joke!”

“Hmph, Fang Yuan can make a move, but can’t Star Constellation Immortal Venerable do the same?”

“Haha, it’s best if the two venerables fight, then Ancestor Giant Sun can reap the benefits of their conflict.”

Chapter 2262: Righteousness with Benefits to Gain

Back in Western Desert.

Myriad ore desert.

Shi Zhong looked at the message from Shi clan with an indifferent expression.

“Fang clan lost. Looks like Shi Kang has another chance now.”

“However, Fang clan only lost two rank seven Gu Immortals and three Immortal Gu Houses, they still have some battle strength left.”

Shi Zhong was a person who was ostracized by Shi clan, while Shi Kang was a rising star who was nurtured by the clan.

Shi Zhong flattered Shi Kang on the surface, but was envious and hated him inwardly.

“Regardless of the battle results, it has nothing to do with me.”

“I still need to rely on myself.”

Shi Zhong gritted his teeth as he thought of how his recent attempt at refining wealth Immortal Gu failed again.

The thought of asking Fang Yuan to help refine Gu flashed in his mind.

Shi Zhong gritted his teeth as he made a decision.

“Looks like I must sell some wealth mortal Gu.” Shi Zhong had not received any support, and had spent almost all his assets in his attempts to refine wealth Immortal Gu.

He was already dirt-poor right now. He had to sell some stuff to exchange for immortal materials for another attempt at Gu refinement.

The things he could sell were only wealth mortal Gu.

Although he had failed in his refinement repeatedly, he also had some gains.

He could not refine wealth Immortal Gu, but he had refined wealth mortal Gu.

Connecting to treasure yellow heaven, Shi Zhong hesitated for a long while before choosing to put a dozen or so wealth mortal Gu in treasure yellow heaven.

Wealth mortal Gu gathered into a lump and formed a pillar of treasure light.

There was an abundant amount of treasure light, but these were clearly mortal Gu. Such an abnormality attracted the attention of other Gu Immortals.

“What Gu is this, how can it form such a treasure light?” Nu Er Tu asked.

It had been more than a year since he advanced to a rank six Gu Immortal. Although it was due to the help of Nu Er tribe, he was still a newbie rank six Gu Immortal.

Whenever he had time, he would connect to treasure yellow heaven and explore with his divine sense to increase his knowledge.

Nu Er Tu was the great-grandson of Gu Immortal Nu Er Chi, he had also participated in the final Imperial Court contest.

He was proficient in enslaving leopards and had been recognized as one of the five beast kings

by Northern Plains' Gu Masters, along with Fang Yuan's disguise of Chang Shan Yin.

"This is wealth Gu." Shi Zhong replied.

Nu Er Tu was stunned, and asked with even more curiosity: "Wealth Gu? Isn't this the legendary Gu recorded in <<The Legends of Ren Zu>>? But this mortal Gu..."

Shi Zhong snorted coldly: "I painstakingly researched and created its mortal Gu recipe. These rank five mortal Gu can turn into any rank five Gu material."

Nu Er Tu's mind shook, asking: "Any rank five Gu material? Can it be used multiple times?"

Shi Zhong's voice was softer now: "These are one-time consumable Gu."

If not for this, he would not have taken them out to sell.

Shi Zhong had been trying to refine immortal level wealth Gu. If he sold many wealth mortal Gu, there was the risk of someone deducing its Immortal Gu recipe.

At that time, it would be the same as Shi Zhong creating his own rivals.

If he had an alternative, Shi Zhong would not sell these wealth Gu. Moreover, he was only selling a dozen of these mortal Gu.

Nu Er Tu thought: "These wealth Gu can only turn into any rank five Gu material, they are not practical. As a Gu Immortal, which rank five Gu material can't we get? But this involves the legendary wealth Gu, it is not a bad idea to buy some for research or give to others."

Nu Er Tu asked for the price, but soon, his divine sense fluctuated intensely: "You are asking for

such a high price for a mortal Gu? Are you insane?”

Shi Zhong said: “At first glance, using a mortal Gu to exchange for immortal materials is indeed a fantasy. But just think of it, as long as you have these mortal Gu, you have the chance to deduce its Immortal Gu recipe.”

“Just think about it, how high of a value does wealth Immortal Gu have!”

“I will be honest, these mortal Gu are one of a kind in this world, and it is likely that only these many are left.”

“I also obtained these from a fortuitous encounter.”

“Unfortunately, I have no proficiency in Gu refinement. If not for me being lacking on funds, I would not be selling them.”

“How much do you want? If you buy three, I can give you a discount.”

Shi Zhong had a glib tongue, Nu Er Tu fell into hesitation.

Shi Zhong’s words were reasonable.

But was it worth it to use a large amount of immortal materials to exchange for a hope of deducing an Immortal Gu recipe?

Nu Er Tu was not stupid, his thoughts changed as he said: “It is not an issue to buy two or three wealth mortal Gu. But I will like to know something, where did you obtain these?”

Shi Zhong was immediately vigilant: “Your question is somewhat going overboard. I don’t want

to get into any trouble. Moreover, if I really did what you want and gave you the information, how can you confirm if it is real?"

"That is true." Nu Er Tu hesitated once again.

Right at this time, another divine sense said excitedly: "Wealth Gu are actually here! I will buy them, I will buy all of the stock that you have."

Shi Zhong responded: "Friend, please be calm and listen to my price."

The mysterious Gu Immortal stopped for a while after hearing the price, before nodding: "Alright, I want all of them!"

Shi Zhong was dazed, while Nu Er Tu was vigilant.

Shi Zhong thought, and said: "It is not that I don't want to sell them all to you, but you came slightly late. This friend here came first and our deal is almost done."

Shi Zhong did not want sell all the wealth Gu to one person. If he did that, there would be too many clues, and the possibility of deducing an Immortal Gu recipe would be very high.

This mysterious Gu Immortal's attitude made Shi Zong feel that something was strange.

Just in case, he hoped to sell some to Nu Er Tu.

But Nu Er Tu backed out.

"This mysterious Gu Immortal appeared just as I was hesitating. Is this a scheme to urge me to buy some wealth Gu?"

Nu Er Tu had heard of such scams.

In the end, he gave up the notion of buying any.

Shi Zhong hesitated for a while, he had no choice but to sell all the wealth Gu to the mysterious Gu Immortal.

After gathering enough immortal materials, he left treasure yellow heaven to prepare for Gu refinement once again.

“He really sold them?” Nu Er Tu felt somewhat disappointed.

And that mysterious Gu Immortal left treasure yellow heaven after obtaining wealth Gu.

He was Spirit Butterfly Valley’s Gu Immortal Xiao Bai Hong.

Xiao Bai Hong handed these wealth Gu to rank five Gu Master Xiao Qi Xing who was standing beside him.

Xiao Qi Xing was Xiao Bai Hong’s great-grandson, one of the ten children of human path who obtained huge support from Heavenly Court.

Xiao Bai Hong said: “Qi Xing, are these wealth Gu really helpful to you?”

Xiao Qi Xing said: “Great grandfather, I cultivate human path and have recently obtained a Gu Immortal true inheritance by chance. This true inheritance is incomplete, but it has ten or so Immortal Gu recipes of justice Gu. The most exceptional Immortal Gu recipe among them uses wealth Immortal Gu as the supplementary material to refine justice Immortal Gu.”

“Right now, although we don’t have wealth Immortal Gu, we can modify that Immortal Gu recipe based on these mortal Gu.”

“Once we refine justice Immortal Gu, I can use it as my vital Gu and officially become a human path Gu Immortal!”

All of the ten children of human path were aware of the advantages of this path, thus they all planned to become human path Gu Immortals.

But to do that, they needed a human path Gu worm as their vital Gu.

Xiao Qi Xing had great ambitions, he wanted to obtain rank six justice Immortal Gu and make it his vital Gu.

If his immortal ascension went smoothly, under the ideal conditions, his vital Gu would also advance to become rank seven!

Like that, rank six Xiao Qi Xing would have a rank seven vital Immortal Gu.

“Justice Gu is no doubt a human path Gu worm.”

“Using it together with soldier Gu, sergeant Gu, lieutenant Gu, and so on, I can use the human path killer move, commander of justice!”

“This move may become my trump card.”

Xiao Qi Xing excitedly explained his cultivation plan.

Xiao Bai Hong laughed loudly, stroking Xiao Qi Xing's head: "Good, good, good, since you have such lofty ambitions, I will use all our resources to lend you a hand!"

Southern Border, Tie clan.

"Good, good, good, righteousness exists in people's hearts after all!" Tie Qu Zhong laughed heartily.

"Lord Qu Zhong, what could make you so happy?" A female voice resounded.

Tie Qu Zhong looked to the side and saw a heroic looking rank five female Gu Master, he smiled: "Ah, Tie Ruo Nan. Look, this is the latest battle report about Western Desert's Fang clan."

Tie Qu Zhong handed an information path mortal Gu to Tie Ruo Nan.

Tie Ruo Nan looked into the Gu, her expression was slightly moved: "So this happened while we were in closed cultivation inside Demon Suppression Tower."

Tie Qu Zhong said: "I already felt that Fang clan was a shoddy force, they got involved with Fang Yuan, they are the shame of Western Desert's righteous path, they don't even have any of the righteous path's demeanor. Now, it looks like I was right! Fang clan's members are completely insane to associate with a demon like Fang Yuan. Now, they have been defeated, this miserable defeat will be Fang Yuan's outcome in the future."

Tie Ruo Nan nodded: "Since ancient times, righteousness has always triumphed over evil. The demonic path can be rampant for a while, but the strength and hope of the righteous path will exist in this world forever."

These two had always hated Fang Yuan.

First, Tie clan's behavior had always been to destroy the demonic path.

Second, the two hated Fang Yuan personally.

There was no need to speak about Tie Ruo Nan, the hatred had already incurred back in Qing Mao Mountain when her father died.

Tie Qu Zhong had once participated in hunting down Fang Yuan, but was captured by the latter and his edge Immortal Gu was stolen as well. Although he was released in the end, his immortal aperture was also taken away by Fang Yuan.

Tie Qu Zhong could only restart his cultivation, he was still a Gu Master now.

Tie Ruo Nan continued to analyze: "Heavenly Court is worthy of being the role model of the righteous path, the leader of humanity. They supported Wan clan by reviving Wan Gu Chou, they would rather support with Immortal Gu, immortal essence stones and so on, than to directly interfere in Western Desert's political affairs, this is the noble demeanor of the righteous path."

"Fang clan's threat is not the destruction of Wan clan. Wan clan is only one of the many forces, there are still a large number of super forces even if it is destroyed. Fang clan's greatest threat is the fact that they can corrupt people's hearts, making other Gu Immortals and super forces join the Heaven and Earth Great Love Alliance. But now, Heavenly Court has given another option to everyone."

"Heavenly Court has immortal essence stones, they can support with Immortal Gu, and even revive Gu Immortals. Wan clan must have paid a huge price to obtain such support. This is Heavenly Court's deep intention."

“Only righteousness with benefits to gain can be promoted and wildly spread to everyone. Such righteousness is firm and stable. An overly virtuous type of righteousness is instead dubious and hypocritical, it cannot be widely spread, and will only make righteousness seem weak.”

Chapter 2263: Selling to the Point of Bankruptcy

Tie Qu Zhong nodded his head repeatedly, he looked at Tie Ruo Nan with an unconcealed gaze of appreciation.

Previously, when Tie Qu Zhong heard that Tie Mian Shen chose Tie Ruo Nan to inherit the Iron Mask true inheritance, he had some doubts.

But over this period of interaction, Tie Qu Zhong fully approved of Tie Ruo Nan, he felt that she was the rising star with most potential in this generation.

“Tie Ruo Nan, it is great that you have such a deep awareness of the situation.”

“Fang Yuan is evil, he seized my immortal aperture and forced me to use second aperture to cultivate, causing me to be dependent on him. My future is ruined, my prospects are bleak. But you have bright prospects. Your current accumulation is already enough to undergo immortal ascension!” Tie Qu Zhong said in a gratified tone.

Tie Ruo Nan did not pretend to be modest: “Yes. I was in closed cultivation inside Demon Suppression Tower recently, I have consulted many seniors in the clan regarding their immortal ascension experience, I am 80-90% confident in passing the immortal ascension!”

“Good. But you need to slow down a little. The two heavens are merging, causing constant turbulence and heaven’s will to be chaotic, you will suffer losses if you undergo immortal ascension at this time. The opportunity of natural inspiration comes only once in a lifetime, but it

is very important.” Tie Qu Zhong instructed.

“Oh? I would like to hear the details.”

Tie Qu Zhong explained: “In the process of natural inspiration, a Gu cultivator can question heaven’s will and obtain an answer. If the question is too difficult and surpasses the limits of heaven and earth, you won’t obtain any answer.”

“For instance, if you ask for a method of eternal life during natural inspiration, heaven and earth has no way to answer you.”

“If the question is too simple, the Gu cultivator can obtain an answer, but they will not be making the best use of this precious opportunity. That will be extremely unfortunate.”

“The ideal situation is to ask a question of moderate difficulty and obtain a perfect answer. But this situation is too rare, and we have no way to grasp it.”

“So, the most mature method is to ask a slightly more difficult question. As such, the answer will be correct but not complete as it will be lacking a small portion.”

“The remaining portion can be completed through deductions using manpower and material resources in the future.”

“This is the most effective way to use natural inspiration.”

Tie Ruo Nan’s eyes shined as she asked: “Then how can I judge the difficulty of these questions?”

“Generally speaking, asking about Immortal Gu recipes of common rank seven Immortal Gu is

the standard for this. Any Gu worms related to <<The Legends of Ren Zu>> are not ordinary Gu.”

“Besides this, ask about things closely related to you. For instance, you cultivate metal path, ask questions relating to metal path. But if you ask about earth path or other paths, the effect will be low. And you need to be very careful if you want to ask about things relating to dream path.”

At the same time.

Southern Border.

Iron Tooth Mountain.

In a nameless cave.

Wu Yong cupped his fists and greeted with a smile: “I brought some good wine this time.”

In front of Wu Yong was an old Gu Immortal. He was sitting cross-legged on the ground, he slowly opened his eyes like he had just woken up.

The old man sighed: “Lord Wu Yong, this is the third time you have paid me a visit. You are a rank eight Gu cultivator, the alliance leader of Southern Alliance, but have given such special treatment to a mere rank seven Gu Immortal like me.”

“I understand your intention, but I only want to cultivate in seclusion, I have no wish to participate in the struggles and conflicts of the world.”

“Your wine is fragrant, but I don’t have the fortune to enjoy it.”

This old man was a secluded cultivator, he cultivated wisdom path and was called Forgotten Daoist.

Wu clan specialized in wind path, they had no advantages in wisdom path.

Wu Yong had been looking for reliable talents. When he learned that Forgotten Daoist was living on Iron Tooth Mountain, he personally visited three times to recruit him.

Wu Yong said grimly: "Friend, you are wrong. Right now, the two heavens are merging, the war of the five regions is almost before us. Who can possibly stay out of it?"

"Even if you are unwilling to conflict with others, in this chaotic world, there are always people who want to cause trouble, like Western Desert's Fang clan."

"With some support from Fang Yuan, Fang clan decisively invaded Wan clan, causing Wan clan's first supreme elder to perish in battle."

"This is the signal of the upcoming chaotic world."

"Even if Heavenly Court supported Wan clan to victory, what is the main difference between Star Constellation Immortal Venerable and Fang Yuan?"

"As a wisdom path Gu cultivator, you must have understood it."

Forgotten Daoist heaved a long sigh: "It is better to be a dog during peaceful times, than a man involved in brutal chaos. In the present world, Great Love Immortal Venerable, Star Constellation Immortal Venerable, and Giant Sun Immortal Venerable are leading an ultimate force of a region each. They have robust foundation, they can easily topple the balance between super forces. As for you, Wu Yong, you can hardly restrain your excitement and urge to

make a move, but I can only see misery in this.”

“Lord Wu Yong, you don’t need to urge me anymore, please leave.”

Wu Yong sighed, he could only hold his expectations for the future. After looking at Forgotten Daoist, he left while feeling it was a deep pity.

This world was huge.

There was Shi Zhong who worked hard and tried to refine Immortal Gu, there was also Xiao Qi Xing who used his great-grandfather’s help to attempt a rank seven vital Gu even before advancing to Gu Immortal.

There was Nu Er Tu, who already advanced to a Gu Immortal with the clan’s help, there was also a Gu Master, Tie Ruo Nan, who cultivated metal path, she obtained her senior’s guidance and learned of the secret of natural inspiration.

There was Wu Yong with great ambition, and also Forgotten Daoist, who was content with living in seclusion and was unwilling to get involved in disputes.

And finally, there was a super force whose future was dark and currently faced a precarious situation — Fang clan.

In Fang clan headquarters.

The atmosphere was heavy in the discussion hall.

Fang clan lost.

Their losses were severe!

What should they do?

Be it Fang Gong, Fang Di Chang, or Fang Leng and Fang Yun, their mood was extremely heavy.

Wan Gu Chou reclaimed all the lost territories of Wan clan, but the anti-Fang alliance was still there.

If not for the alliance discussing about the distribution of spoils, they would have already attacked Fang clan.

Although Fang clan still had the strength to fight, their hope of winning was negligible.

Right at this time, Lu Wei Yin suddenly paid a visit.

The Fang clan immortals were moved.

“Quick, invite him in!” Fang Gong had just finished speaking, when he stood up, “No, come with me, we will welcome him together.”

Fang clan’s immortals invited Lu Wei Yin into the hall.

Lu Wei Yin saw the dejected expressions of Fang clan immortals: “Everlasting sorrow is indeed an amazing killer move. According to what I know, everlasting sorrow is a compound killer move created from time path and wisdom path. Once the target’s feelings are influenced by this killer move, their lifespan will decrease rapidly. The decreased lifespan will strengthen the killer move’s power, making the sorrowful emotions even more violent. The emotions will shroud the

heart, and the target's battle intent will fall to a minimum."

Fang Hua Sheng sighed: "This killer move is a lot different from the historical records. I tried my best to treat it, but there are still many negative emotions left in our hearts, they can only dissipate slowly with time."

Lu Wei Yin laughed: "Don't worry, I brought a special Immortal Gu this time, please try it."

Saying so, he gave an Immortal Gu to Fang Di Chang.

This was a rank seven wisdom path Immortal Gu.

After Fang Di Chang activated it with much difficulty, the Immortal Gu let out a profound light that covered his whole body.

After a while, Fang Di Chang recovered his mental state. His body was relaxed and the sorrowful emotions that shrouded his heart were already gone.

"This is a good Immortal Gu." Fang Di Chang praised.

Lu Wei Yin continued his words: "My alliance leader knows of Fang clan's defeat, so he specially refined this Immortal Gu. With this wisdom path Immortal Gu, it is easy to remove the remnant power of the killer move everlasting sorrow."

"Besides this Immortal Gu, there are also several killer moves with it as the core. One of them can even defend against everlasting sorrow, albeit with difficulty."

"You only need to pay a super resource point to buy them all."

Fang Di Chang smiled bitterly and was about to speak.

But Lu Wei Yin added: "No need to grieve, my friends. I know Fang clan lost Fang Dong Xi and Fang An Lei in this battle. This is a disastrous loss for Fang clan!"

"But no worries. Heavenly Court has methods to revive Wan Gu Chou, how can my Lord Fang Yuan not have them?"

"You only need to pay two giant resource points for Lord Alliance Leader to revive those two, but their cultivation will be at rank six."

This time, the Fang clan immortals' expressions changed.

"Really? Can An Lei really be revived?" Fang Chen was very excited.

He was Fang clan's son-in-law, Fang An Lei was his wife.

Lu Wei Yin smiled: "In the previous transactions with your clan, there was one transaction which asked for your human qi. These portions of human qi are the key to reviving you."

"There are no issues with the revival. Not only this, there is also no issue with restoring the cultivation of those two to rank seven. You just need to add two additional giant resource points."

"Naturally, if you want those two's cultivation to be raised to rank eight, that is also possible. As long as you can afford it, with the vast powers of our Lord Alliance Leader, you will not be disappointed."

"Even rank eight cultivation level can be transacted?" Fang Gong was stunned.

The other Fang clan Gu Immortals had complicated expressions.

Rank eight cultivation level had once been the highest achievement, but in the last few decades, pseudo venerables took the stage one after the other, venerables also started reviving. The status of rank eight cultivation fell again and again.

Now, rank eight cultivation had become a commodity to be transacted at will!

This made the Fang clan immortals become somewhat dazed.

Lu Wei Yin looked around and asked: "You still don't get it? The world has already undergone an intense change ever since the destruction of fate Gu."

"This is true for Immortal Gu Houses, rank eight Gu Immortals, and even venerables."

"This change can be said to completely flip societal norms, even super forces will only be a ripple in the waves of time if they cannot adapt to this change, wiped out in just a moment."

Fang Di Chang narrowed his eyes: "Lord Lu Wei Yin, you seem to have another meaning behind your words."

Lu Wei Yin chuckled: "I will be direct then, your situation is very dangerous, how will Fang clan defend against the anti-Fang alliance?"

"If you just defend, no matter how much more powerful the immortal formation you possess, you will only be delaying your destruction."

"You can only deal with this intense change by taking drastic measures!"

“Naturally, the choice belongs to you. Lord Alliance Leader will not personally interfere in Western Desert’s internal battle. But if I were you, I would sell all the resource points to exchange for Immortal Gu, immortal materials, and revive Fang clan’s Gu Immortals.”

Fang Gong’s and Fang Di Chang’s pupils shrunk slightly.

The remaining Gu Immortals were in an uproar.

“How can we do that? Such an action is too unfilial.”

“Our Fang clan’s foundation will be gone without these resource points.”

“If we do this, how can we face our ancestors when we die?!”

“This is my Fang clan’s foundation!”

The Fang clan immortals reacted agitatedly, looking at Lu Wei Yin with hatred and ferocity.

Lu Wei Yin shrugged his shoulders, saying calmly: “Whether you sell or not, it is up to you. I am only giving a small suggestion.”

“We will sell.” Fang Di Chang’s voice was extremely hoarse.

Fang Gong did not retort, he kept silent.

“Lord Fang Di Chang!!” Some Fang clan Gu Immortals stood up in agitation.

But Fang Di Chang’s next sentence silenced these Gu Immortals completely.

“If we don’t sell the resource points, are you able to defend them?”

Chapter 2264: Where There’s Life, There’s Hope

Sitting on a deserted mound, Fang Di Chang was still as a rock.

Ever since the two heavens merged, there was no longer day or night, in place of that was a mix of black and white in the sky.

Thus, different areas had different intensity of brightness.

Fang Di Chang was currently in the darkness, he looked at the empty mound expressionlessly, it was a barren desert with no vegetation in sight.

But because of the fusion of two heavens, this huge desert was split into two areas, one was bright while the other was dark.

This was tassel desert, a super resource point of Fang clan.

Every year, at a certain period, earth roots would grow here like grass or willow branches, they were soft but durable.

The earth roots were long or short, they ranged from mortal materials to rank eight immortal materials.

At peak growth, the earth roots would cover the entire tassel desert, when wind blew, looking from above, it would seem like a huge sea made of earth roots, the waves would look grand and impressive.

This was Fang clan's number one resource point, it was the pride of all Fang clan Gu Immortals.

But now, it was being sold to Fang Yuan.

Once this transaction was done, it would never be returned, this was farewell.

Fang Di Chang had a plain expression but his heart was like this desert, it was barren and cold.

Fang Gong flew over from afar, he landed on the barren mound and stood beside Fang Di Chang.

"I knew you were here." Fang Gong sighed.

Fang Di Chang, who was seated, suddenly had a twisted expression as he clenched his fists:
"Fang Yuan did this on purpose!"

"I'm afraid he has known about Wan Gu Chou all along, but he did not say it and caused our clan to suffer a huge loss!"

Fang Gong was stunned.

Fang Di Chang continued: "Even if he did not know about Wan Gu Chou, he concealed the secret that he could revive our clan's Gu Immortals! As long as he mentioned it, even if he vaguely hinted it, I would have known."

"If I had known that venerables are able to easily revive Gu Immortals, I would be on guard against a threat like Wan Gu Chou!"

"In fact, we might have exchanged for that forgotten sorrow Immortal Gu earlier, if we could

defend against Wan Gu Chou's killer move, we would not have lost, the alliance against Wan clan would have succeeded!"

Towards the end, Fang Di Chang was basically screaming his lungs out.

He was right.

Back then, the situation was hanging on a thread.

The battle between Fang clan and the alliance against Fang clan was very close.

If they knew about Wan Gu Chou, Fang clan would not sent all six Immortal Gu Houses to attack Myriad Age Building, Wan Gu Chou's killer move had a limited range after all.

But at that time, Fang clan did not know about this information, they pressured Wan clan's members to try to obtain the greatest benefit.

"Alright." Fang Gong smiled bitterly: "Since it has already happened, second supreme elder, no need to ponder upon it. We do not have Spring Autumn Cicada to return to the past."

"Earlier, when Heavenly Court revived Gu Immortals, they were all their members. Everyone guessed that their revival had something to do with their contributed immortal apertures. Furthermore, because Fang Yuan nearly destroyed the entire immortal graveyard, it is very hard to deduce Wan Gu Chou's revival."

Fang Di Chang had a cold expression: "No, it is Fang Yuan, everything is caused by Fang Yuan. He is the greatest mastermind behind everything."

"I have woken up now!"

“Our Fang clan wanted to destroy the anti-Fang alliance, it was not something Heavenly Court wanted to see, but Fang Yuan did not like that either.”

“If our Fang clan obtains victory, we will no longer attack the other super forces.”

“And in this current situation, we need to urgently move and sell our resource points to Fang Yuan in exchange for Immortal Gu and also to revive Gu Immortals.”

“Now, what will we do?”

“Without resource points and the ability to provide for ourselves, we can only rely on Fang Yuan increasingly!”

“We can only invade other super forces’ resource points and exchange them to Fang Yuan for Immortal Gu and other cultivation resources.”

“Our Fang clan has become his vanguard, we are his bandits to loot Western Desert.”

“And this Gu Yue Fang Yuan is still staying in Eastern Sea, he is the high and mighty Great Love Immortal Venerable!”

“He will declare to everyone that he is not interfering in Western Desert’s affairs. All of the vile reputation will be shouldered by my Fang clan alone. He, Gu Yue Fang Yuan, has a clean reputation!”

“Hehehe... hahaha...”

“What Heaven and Earth Great Love Alliance? What Great Love Immortal Venerable?”

Fang Di Chang raised his head up and laughed in a pitiful tone of mockery.

His eyes were reddened, his hair was messy, the light of tears flickered in his eyes.

“First supreme elder Fang Gong, think about it, don’t you feel that Wan clan’s first supreme elder died too peculiarly?”

“With his death, our Fang clan only has one route to take.”

“This is Fang Yuan, he is covered in a false human skin, but he is a vile beast that devours everyone with no hesitation.”

“I hate him, I am truly hateful.”

Fang Di Chang gritted his teeth.

“I hate that my Fang clan got too involved with Fang Yuan.”

“I hate those Eastern Sea super forces who are too weak and meek, they let Fang Yuan rule over them so easily!”

“However, the one I hate most is myself!”

“To think that I am a wisdom path Gu Immortal, not only did I fail to expose Fang Yuan’s schemes, I caused our entire clan to become his pawns!”

“We were manipulated and toyed around by him!”

“I am the greatest sinner of Fang clan...”

Saying so, Fang Di Chang knelt on the ground, his head was lowered to the ground as he punched the soil below him and cried out loud.

This proud wisdom path Gu Immortal had not lost his composure for over a hundred years, he was crying so pitifully now.

Fang Gong sighed as he sat down beside Fang Di Chang.

“How could I have not been suspicious about the peculiar death of Wan clan’s first supreme elder?”

“But even if this is Fang Yuan’s scheme, what can we do?”

“Do we have evidence?”

“Hehe.” Fang Gong smiled in a weak and powerless way: “Even if we have evidence, what can we do to Heaven Refining Demon Venerable?”

Fang Gong placed his arm on Fang Di Chang’s shoulder: “Don’t lose your cool, second supreme elder, you are the strategist of Fang clan. If the other Fang clan Gu Immortals see this, what will they think? What will happen to Fang clan’s morale?”

Fang Di Chang gritted his teeth and stopped crying.

He sat upright and moved shoulder to shoulder with Fang Gong.

Fang Gong continued to speak: “I feel hatred too, I hate Heavenly Court, I hate Wan clan, I hate

Fang Yuan, and I hate you. But similarly, I hate myself the most!”

“As the first supreme elder of Fang clan, I actually lost to Wan Gu Chou’s killer move. I am like a dog that ran away pitifully, I cannot do anything.”

“My fist is so weak, my body is as fragile as glass.”

“Fang Di Chang, you are not the first supreme elder, I am!”

“Who is to blame for Fang clan’s current situation?”

“Nobody has committed a greater mistake than me!”

“If death can atone for my sins, I will immediately suicide in front of the anti-Fang alliance. But that will not happen! We know the truth behind the righteous path, if Fang clan loses the only rank eight like me, those people will be even more ruthless.”

“I need to live, I need to raise my fist and show a firm expression, I need to live with my chest held high!”

“That is how I can help Fang clan, I want to make compensations for my sins.”

“I want to atone for my sins through actions!”

“I don’t want to be the greatest sinner of our clan, I don’t want our clan to end by my leadership!”

“Do you understand this? Fang Di Chang!”

Fang Gong screamed.

Fang Di Chang gritted his teeth, he started at Fang Gong: "Of course I understand!!"

Fang Gong stood up and looked at tassel desert as well as the sky, he said: "Today's tassel desert is like the moving rock crevice of back then. We must learn from the first generation Fang clan immortal ancestor and face our difficulties head on."

"What is our homeland?"

"It is not these resource points, but ourselves."

"Where there's life, there's hope."

"You are right." Fang Di Chang also stood up as he showed a determined expression: "Our Fang clan still has hope!"

Immemorial two heavens.

Spectral Soul Demon Venerable's huge mountain-like body charged towards two Heavenly Court Gu Immortals, Jun Shen Guang and Che Wei.

As qi tides blew, a formless pressure enveloped Jun Shen Guang and Che Wei.

"Oh no, why did he come to us?" Jun Shen Guang frowned tightly.

Che Wei sighed: "Even if Spectral Soul Demon Venerable is not sane now, we are not his match. Retreat!"

"But these stars were lured here after so much hard work, and this heavenly veil was given to us

by Star Constellation Immortal Venerable.” Jun Shen Guang gritted his teeth, in the end, he also chose to retreat.

The three headed thousand armed Spectral Soul Demon Venerable growled and raised hundreds of thick black arms that were the size of ancient trees, he slashed at the space before him.

With continuous cracking sounds, the empty space in the sky was torn apart, as if a huge veil was shredded into pieces.

And within the veil, there were countless huge stars.

Bam bam bam...

Spectral Soul Demon Venerable charged into the field of stars, along the way, all of the stars that touched his huge body were destroyed, he even used his arms to crushed many of the stars he saw.

The two Heavenly Court Gu Immortals saw that their hard work was being destroyed, they felt extremely angry.

But thankfully, stars scattered and flew away, the senseless Spectral Soul Demon Venerable only managed to destroy a small portion of them.

Che Wei and Jun Shen Guang discussed among themselves, they decided to keep the heavenly veil and bring all of the remaining stars to Central Continent.

After all, this was a mission handed out by Star Constellation Immortal Venerable.

“This is a heavenly veil?” Shen Shang suddenly appeared.

Che Wei’s and Jun Shen Guang’s expressions sank at once, they became very alert. Shen Shang displayed pseudo venerable battle strength in Crazy Demon Cave, he was a huge enemy to these two.

Shen Shang also collected some of the heavenly veil, he looked at Spectral Soul Demon Venerable who was causing destruction to the stars and smiled at the two Heavenly Court immortals: “Can you tell me what Heavenly Court is collecting these stars for?”

Che Wei’s and Jun Shen Guang’s expressions became grim.

Shen Shang continued: “So be it if you don’t tell me. Since you are using the heavenly veil to collect the stars, you must be trying to act secretly, you don’t want to be disturbed.”

“In that case, I will take the heavenly veil and expose your actions to the public.”

Che Wei snorted coldly: “Shen Shang, don’t go overboard. Fang clan’s outcome is also the outcome of all those super forces who joined Fang Yuan! Your Shen clan’s good days are coming to an end.”

Shen Shang squinted: “I won’t trouble you with my Shen clan’s affairs. But what I do know is that your good times are ending now!”

“Retreat!” Jun Shen Guang spoke while Che Wei acknowledged the decision.

Shen Shang chased and forced these Heavenly Court immortals to retreat before he returned and stored the collected heavenly veil.

“The heavenly veil is an extremely precious heaven path immortal material, it is best if I contribute this to Alliance Leader Fang Yuan!”

Chapter 2265: Grotto-Heaven’s Calamity

Hundreds of stars shot down at Profound Literature grotto-heaven.

Old Immortal Hua Yu’s subordinates had already heard the news, they waited in vigilance.

“They’re back!”

“Quickly activate the immortal formation!!”

Bam bam bam...

The stars landed on the immortal formation and erupted with immense power.

Profound light flashed as the stars broke into countless fragments.

The immortal formation suffered the heavy impact, the Gu Immortals coughed out blood from injuries.

A moment later, the tattered immortal formation still remained, while several stars continued to attack.

“Retreat.” Old Immortal Hua Yu ordered.

“Lord?!”

“But the grotto-heaven is right behind us.”

“If anything happens...”

“I refuse to retreat! Even if I have to give up my life, I will defend our home!”

Even though the Gu Immortals were currently weakened, their morale was very high.

Profound Literature grotto-heaven was originally condensed into a small dot in empty space, no matter how the stars flew outside, it was unaffected. But with the fusion of two heavens, an intense change occurred.

All of the two heavens' grotto-heavens that were hidden were forced to reveal themselves.

Currently, behind the half-broken immortal formation was Profound Literature grotto-heaven's entrance.

Even though the entrance was shut, it was exposed and could not be hidden.

Old Immortal Hua Yu shouted: “I have my ways, don't hesitate, otherwise, you will lose your lives in vain!”

The immortals went silent, they quickly dismantled the immortal formation and escaped into Profound Literature grotto-heaven.

They all believed in Old Immortal Hua Yu.

“Here they come.” Old Immortal Hua Yu was alone as he watched the approaching stars, his expression was grim.

Immortal killer move — Cold Words!

Immortal killer move — Shattered Words!

The first move created frost that slowed down the stars. The second move slashed at the stars and shattered them into pieces.

However, large star fragments still continued to fly towards him with the remaining force.

“I’ll risk it!” Old Immortal Hua Yu shouted loudly, he disregarded his own life and used methods without stopping, eventually blocking all of the star fragments.

Guh.

He spat out a mouthful of blood, his expression was pale and wounds were all over his body, shining in star path light.

With the fusion of two heavens, the flying trajectory of the stars was affected by the Heavenly Dao and became chaotic, they were also amplified and became more powerful.

Even the rank eight Old Immortal Hua Yu had great difficulty in blocking them.

Old Immortal Hua Yu was about to return when he suddenly turned around, seeing another group of stars flying towards him.

If these stars really hit, Profound Literature grotto-heaven would not be able to take the impact!

His pupils contracted rapidly and his expression froze, but soon, he relaxed.

He was resolved for this.

Even if he had to sacrifice his life, he had to block them!

But at this time, Jun Shen Guang suddenly appeared.

Heavenly veil!

He flew while tossing with his hands, he quickly arrived in front of the stars and set up the heavenly veil.

Once the stars landed on the heavenly veil, it started shaking intensely, clear ripples could be seen on it.

“Heavenly Court’s Gu Immortal, Jun Shen Guang!” Old Immortal Hua Yu’s expression froze for a second.

“Heaven and Earth Great Love Alliance’s Old Immortal Hua Yu!” Jun Shen Guang was slightly stunned and soon felt worried. It was currently the crucial period, if Old Immortal Hua Yu took action, the heavenly veil would get destroyed again.

But Jun Shen Guang’s worries did not end up happening.

After fifteen minutes passed, Old Immortal Hua Yu still watched from the side and did not act. Jun Shen Guang collected the heavenly veil and collected all of the stars successfully.

Finally, Jun Shen Guang cast a deep gaze at Old Immortal Hua Yu, before dragging the huge heavenly veil bag and leaving with the stars.

Old Immortal Hua Yu had a complex expression as he opened the immortal aperture's entrance and entered the grotto-heaven.

He was actually saved by Heavenly Court.

Throughout the entire Profound Literature grotto-heaven, calamities struck everywhere, there were earthquakes and floods, volcanic eruptions caused huge areas of thick smoke in the sky, and acid rain had also been pouring for more than ten days.

“With the fusion of two heavens, the Heavenly Dao is stirred. Heaven's will is chaotic, and all of our grotto-heavens that are situated on the heaven vein node are suffering.”

“Lifeforms have perished, living beings are anguished!”

“Sigh, I am guilty...”

Old Immortal Hua Yu sighed deeply, he was filled with guilt, helplessness, angry, sadness, and other complex emotions.

The Gu Immortals of the two heavens' grotto-heavens had deep feelings for their own grotto-heaven world. This was different from the Gu Immortals of the five regions.

Gu Immortals of the two heavens' grotto-heavens were ostracized by the five regions, they had to survive in this dangerous place.

Most of them were secluded cultivators, their grotto-heavens were the final and most important homeland where they could experience peace and comfort.

Among these grotto-heavens, Profound Literature grotto-heaven established a dynasty ruled by

a single Gu Immortal force, it had deep literary development and the citizens saw this homeland as the most precious thing.

The immortals quickly came to greet Old Immortal Hua Yu.

“This was too dangerous. We should get help from the Heaven and Earth Great Love Alliance again!”

“With the fusion of two heavens, the environment has gotten incredibly dangerous. Those Eastern Sea Gu Immortals live in peace and tranquility, why would they come here and do such a risky thing?”

“Sigh, it is possible to get their help. But the price to pay is too high.”

“The entire Imperial Court’s foundation is running dry!”

“Skeleton grotto-heaven and others are also asking for help without caring about expenses. This creates a negative effect where Eastern Sea’s Gu Immortals demand higher prices in response. Damn it!”

“Sigh, Lord Alliance Leader is not even taking control of this!”

“Great Love Immortal Venerable is busy refining dao marks or making arrangements in Western Desert. Why would he care about the affairs of our small Profound Literature grotto-heaven?”

“In any case, our Profound Literature grotto-heaven will get annexed by him eventually!”

Old Immortal Hua Yu’s expression turned solemn as he scolded: “Everyone, shut up, don’t talk about Lord Alliance Leader in such a manner!”

Even though he said that, Old Immortal Hua Yu had a thought flash in his mind, he recalled the deep gaze that Jun Shen Guang showed earlier.

Longevity Heaven.

Golden light rippled constantly in waves.

“Hold on, hold on!” Several Gu Immortals among the Eight Extremities were controlling Calamity Luck Altar as they tried to stabilize the situation.

The entire Longevity Heaven was shaking intensely.

The earth shook.

Not just Calamity Luck Altar, Bing Sai Chuan was also controlling Luck Suppression Heavenly Palace.

However, both luck path Immortal Gu Houses were only barely able to keep the current situation stable.

Boom.

With a loud sound, the ground cracked and also broke the entire Longevity Heaven into two.

Swoosh swoosh.

Waves surged from below, scarlet red light soared up into the sky.

A vast sea of blood appeared in front of the immortals.

“Longevity Heaven has such a huge Blood Sea?” Bing Sai Chuan and the rest were shaken.

Heavenly Court.

The bright and peaceful atmosphere was no more.

Qin Ding Ling, Red Heart Traveler, Nine Spiritual Fairy, Prince Feng Xian, and other members were moving around everywhere.

Shabi Ninety-five, Ruan Dan, and even Qing Chou were mobilized to stabilize this situation.

Both the sky and earth were forming terrifying cracks.

The grand palaces had already been dismantled by Heavenly Court’s Gu Immortals, they were condensed into ten or more rank six, seven, and eight Immortal Gu Houses.

No matter what the situation was, Star Constellation Immortal Venerable did not pay any attention to it, she focused entirely on refining Heavenly Court’s wisdom path dao marks.

Inside the sovereign immortal aperture.

Fang Yuan’s soul was lying in the pool water, feeling extremely relaxed.

The water was hot and steam was coming out of it, forming a region of white smoke.

Once in a while, there would be ripples in the water that splattered on Fang Yuan’s soul.

Fang Yuan's soul originally had hundreds of arms and two heads, after the cleansing of the pool water, hundreds of arms had vanished, he also returned to having one head.

This was not an ordinary pool, it was Four Elements Square Regret Blood Refinement Pool!

After Fang Yuan raised advance refinement Immortal Gu to rank nine, he started modifying Four Elements Square Regret Blood Refinement Pool. Some time ago, he started to refine his soul in it.

Because the rank nine advance refinement Immortal Gu was added, Four Elements Square Regret Blood Refinement Pool became a genuine rank nine Immortal Gu House.

This Immortal Gu House still had the same four cores, Advance Refinement, Water Refinement, Regret, and Blood Asset.

Advance Refinement was rank nine, the other three were rank eight.

Among which, blood asset Immortal Gu had reached its limit, it could not be raised to rank nine. Heavenly Court's suppression of blood path's development was showing great effect here.

Four Elements Square Regret Blood Refinement Pool was created before the battle in Crazy Demon Cave, after advance refinement Immortal Gu became rank nine, Fang Yuan could modify it now that he was a refinement path supreme grandmaster.

Right now, Four Elements Square Regret Blood Refinement Pool had undoubtedly gained a huge boost in power in terms of refining Gu!

Fang Yuan's soul used Four Elements Square Regret Blood Refinement Pool to cleanse itself, the effect was incredible.

The drawback of cultivating soul path was gradually weakening.

Fang Yuan's soul path cultivation mainly relied on Spectral Soul's soul path true inheritance.

This true inheritance had a huge drawback, it was completely exposed now!

Humans could reach hundred million man soul at most, that was their racial limit.

But after Red Lotus Demon Venerable damaged fate Gu, and with Spectral Soul Demon Venerable's innovation, he broke the limit of the human soul and created a qualitative change, he allowed hundred million man soul to reach desolate soul. After that, it could continue to grow to ten desolate soul, hundred desolate soul... all the way to hundred million desolate soul.

Hundred million desolate soul was the end point of Spectral Soul's true inheritance, it could create the Three Headed Thousand Arms Demon Soul which possessed quasi-rank nine battle strength. The soul could directly resist calamities and tribulations, defy the heavens and stomp the earth, slaughter deities and ghosts, and shock the world with unmatched might!

This was the peak of soul cultivation, it was the upper limit that this world could allow.

But Fang Yuan gradually found that this cultivation method had a huge drawback, because Spectral Soul Demon Venerable overly pursued strength, many threats were left behind.

A human soul was a human soul, after becoming a desolate soul, the pure human nature would gain beast nature, or more accurately speaking, heaven nature!

Hundred million desolate soul was truly terrifying, but the proportion of human nature also became very low, the bestial traits took over most of its nature.

At this current moment, Spectral Soul Demon Venerable lost his senses and got controlled by Star Constellation Immortal Venerable. Afterwards, he roamed the two heavens and acted according to his beast nature, this was the most obvious flaw!

Fang Yuan had some estimations towards Spectral Soul Demon Venerable's current condition.

Some time ago, Shen Shang contributed his human path cultivation results, Fang Yuan compared the two and confirmed the drawback of soul path cultivation.

"In the past, human path was not developed, thus, the limit of a human was hundred million man soul. Spectral Soul Demon Venerable had to break through it forcefully, but truthfully, he had gone in the wrong direction."

"Of course, there are many reasons for this."

"Back then, Spectral Soul Demon Venerable wanted to create killing path, he devoured the black heaven heavenly spirit but failed to succeed, causing him to create soul path instead.

There is a huge secret behind this, the more I think about this, the scarier it is!"

Chapter 2266: Star Constellation's Arrangement

Intense winds and storms filled Heavenly Court.

The silvery white sky turned dark at this moment.

Within the intense winds, more than ten Immortal Gu Houses were moving around the place, all of Heavenly Court's members were doing their best to salvage the situation.

"The northeast corner has large areas of black smoke, it can corrode the ground and create rotten soil!"

“The immortal graveyard needs to be protected.”

“Branded Name Palace is severely damaged, please send reinforcements!”

“Can anyone help me, I can’t repair this huge crack in time!!”

The Gu Immortals conversed among each other, this situation had been going on for tens of days, it was getting more dangerous as time passed.

Heavenly Court was filled with danger, and most importantly, its foundation was too immense, it was the number one heaven vein node in the world. During the fusion of the two heavens, Heavenly Court suffered the greatest impact.

Originally, Heavenly Court had a tight defense, but after two invasions, the defensive methods left by Primordial Origin Immortal Venerable and others had either been destroyed or greatly weakened, they were useless in this situation.

Crack.

Lightning flashed and bolted across half of Heavenly Court.

Eventually, Five Deity Hall blocked it but suffered huge damage in doing it, it fell to the ground, creating a huge pit that emitted dense smoke.

This situation was caused by Heavenly Court’s immense foundation.

Even the rank eight Five Deity Hall could barely block such power.

Rain and wind continued unceasingly.

Under such a turbulent situation, in Central Great Hall, Star Constellation Immortal Venerable opened her eyes slowly.

Her star pupils were clear and bright, Star Constellation Immortal Venerable looked through Central Great Hall and observed the entire situation of Heavenly Court in one glance.

...

“Little Xing, from today onwards, this will be your home.” Primordial Origin Immortal Venerable brought back the child Xing Su and said to her.

“Where is this?”

“Heavenly Court.” Primordial Origin Immortal Venerable said with deep emotions.

“Heavenly Court...” Xing Su muttered this foreign phrase.

“You can think of it as your home.” Primordial Origin Immortal Venerable patted Little Xing Su’s head.

“Home?” Xing Su’s eyes brightened.

Primordial Origin Immortal Venerable looked far and wide, across the five regions, he seemed to be able to look into the future: “Of course, this is your home, this will also be home to all of humanity!”

...

Deep memories surfaced in Star Constellation Immortal Venerable's mind before fading away quickly.

"Since when has Heavenly Court been in such a pitiful state?"

"Master."

"This is our home, I will defend it till the end. After that..."

"I will wait for your return!"

At the next moment, purple light burst out of Central Great Hall and spread to every corner of Heavenly Court.

"This is?!"

"Star Constellation Immortal Venerable made her move?"

"We are too incapable, we are a burden to Lady Star Constellation Immortal Venerable!"

"No, how can Star Constellation Immortal Venerable act unwisely? It is obvious that she has already refined all of Heavenly Court's wisdom path dao marks."

Once Star Constellation Immortal Venerable took action, the situation immediately changed.

Under the rays of purple light, the raging wind and rain vanished, the intense lightning bolts were dispersed, the crack of heaven and earth mended quickly.

The Heavenly Court Gu Immortals were all shaken internally.

This was the might of a Dao Lord!

Star Constellation Immortal Venerable refined all of the wisdom path dao marks in Heavenly Court, her strength exceeded Giant Sun Immortal Venerable and Spectral Soul Demon Venerable completely in this domain.

Right now, even if Giant Sun Immortal Venerable and Fang Yuan were to collaborate to attack Heavenly Court, they would not be able to do anything to Star Constellation Immortal Venerable!

“Go! Let’s go meet Lady Star Constellation.”

Some Immortal Gu Houses landed while some stayed in the air, Gu Immortals streamed out and moved towards Central Great Hall.

Star Constellation Immortal Venerable activated her investigative method.

This investigation had a completely different effect from before.

Using the amplification of Heavenly Court’s countless wisdom path dao marks, the investigative killer move’s power surged!

“The situation is still within my expectations. Both venerables are still refining natural dao marks, Fang Yuan has little immortal essence and has the slowest progress. Giant Sun Immortal Venerable has the most results, even exceeding me.”

Star Constellation Immortal Venerable quickly stopped her investigative method.

She needed to conserve immortal essence now.

It was time for Heavenly Court's immortals to report the various situations.

Due to the fusion of both heavens, Heavenly Court was greatly affected and had huge losses.

"Back then, Profound Literature grotto-heaven faced the problem of crashing stars, thus, Old Immortal Hua Yu did not attack me, I successfully brought back those stars to Central Continent."

Jun Shen Guang said an interesting event that made Star Constellation Immortal Venerable develop a thought.

Human, Imperial Court, poetry, dynasty, Fang Yuan, mermaid immortals, the sovereign immortal aperture...

All sorts of information related to Old Immortal Hua Yu and Profound Literature grotto-heaven flashed past Star Constellation Immortal Venerable's mind.

With the help of Heavenly Court's wisdom path dao marks, Star Constellation Immortal Venerable only expended several hundred thoughts and a meager amount of immortal essence to deduce the result.

"We can make this Profound Literature grotto-heaven betray his alliance!"

Old Immortal Hua Yu had deep attachment to the grotto-heaven, Star Constellation Immortal Venerable understood why.

Interrupting Jun Shen Guang was a huge merit but Old Immortal Hua Yu did not do it. This meant that in his heart, Profound Literature grotto-heaven was more important than his status in the Heaven and Earth Great Love Alliance.

And most importantly, Old Immortal Hua Yu had once opposed Fang Yuan and the variant human alliance, that was the reason why he joined the Righteous Qi Alliance.

But afterwards, Fang Yuan declared himself as Great Love, Eastern Sea's super forces were too meek and immediately joined him, Profound Literature grotto-heaven was forced to follow.

Why did Fang Yuan not annex all these grotto-heavens?

The reason was simple.

The sovereign immortal aperture was not stable, it was unable to expand anymore now!

Non-conflicting dao marks were a double-edged sword.

Long before the battle in Crazy Demon Cave, Star Constellation Immortal Venerable had already deduced this huge threat of Fang Yuan's.

Fang Yuan took in many resource points and focused on earth path resource points at first, he was likely constructing an earth path dao vein to stabilize the sovereign immortal aperture.

During the battle in Crazy Demon Cave, Fang Yuan lost many Gu Immortal subordinates.

Afterwards, he took the risk and took in six mermaid immortals, it showed that he was lacking manpower, the sovereign immortal aperture was in a desperate state.

Thus, Fang Yuan could not annex these grotto-heavens.

“He is only skilled at defending against wisdom path deductions, Western Desert’s Fang clan’s situation is also taking a lot of his energy. The lack of refinement path development is his greatest worry, he cannot bother with Profound Literature grotto-heaven’s matter.”

Even though Fang Yuan was strong, he had become a venerable through refinement path, not wisdom path.

His wisdom path attainment was not amazing in Star Constellation Immortal Venerable’s view.

In the battle in Crazy Demon Cave, the reason why Fang Yuan succeeded was because Star Constellation Immortal Venerable had focused on reviving, she did her best to try to get Crazy Demon Cave’s eternal life research results, she also had to guard against Giant Sun Immortal Venerable, it gave Fang Yuan the chance to succeed.

Wisdom path was not skilled at solving impromptu situations, Star Constellation Immortal Venerable had too little time to prepare back then.

But as time passed, her wisdom path advantage continued to accumulate.

Ignoring other matters, just the fact that Star Constellation Immortal Venerable refined Heavenly Court’s wisdom path dao marks meant that she already had an impregnable position in this contest of three venerables!

“Even if Fang Yuan is not skilled in wisdom path, his wisdom path methods are beyond the ordinary rank eight Gu Immortal. But Profound Literature grotto-heaven’s issue has just surfaced, Old Immortal Hua Yu will not report the matter. This is our opportunity.”

“If we do not use this chance well and stall for too long, Fang Yuan will notice it.”

Thinking of this, Star Constellation Immortal Venerable immediately gave orders to send Jun Shen Guang and Qin Ding Ling to Profound Literature grotto-heaven secretly in an attempt to persuade Old Immortal Hua Yu.

“If we can recruit Profound Literature grotto-heaven, can we also do the same to Western Desert’s Fang clan?” Wan Zi Hong’s will was present, she suggested this.

Duke Tong chuckled and showed an expression of disdain.

Star Constellation Immortal Venerable shook her head and asked Wan Zi Hong’s will instead: “Why do you think Wan clan did not choose to join Fang Yuan back then? They knew about Fang clan and Fang Yuan’s relationship, why did Western Desert’s super forces still agree to create the anti-Fang alliance before our Heavenly Court showed up?”

Wan Zi Hong’s will shook slightly, she seemed to realize something.

With the fusion of two heavens and contest of three venerables, the five regions’ political situation was completely chaotic, the factors involved were not just strength or benefits, there was also the people’s will.

The heart of the people was a very intricate thing, it was hard to assess at times, but also extremely easy to decipher at times.

Back then, Heavenly Court was created and received resounding support from everyone, the greatest reason was the people’s will.

Righteous path and demonic path, if one only classified them according to fixed criteria set by

the major players, it would be too shallow.

Heavenly Court could recruit otherworldly demons, they could recruit demonic path Gu Immortals like Wan Zi Hong, this was because they could be said to be upholding justice, they were giving demons a second chance to turn over a new leaf, this was their great benevolence.

But if Heavenly Court recruited Fang clan, they would lose everyone's support.

Why did Heavenly Court support Wan clan, what was the reason? All along, what was the motto of Heavenly Court? What stance did they take?

If they recruited Fang clan which had fallen into the demonic path entirely, then what difference would Heavenly Court have when compared to those who only pursued benefits?

In these situations, if Heavenly Court wavered in their stance and went for petty gains, their reputation would take the biggest hit. In fact, even the ten great ancient sects of Central Continent would start having doubts.

Especially at this sensitive juncture, Fang clan was supported by Fang Yuan.

Fang Yuan plotted secretly and made Fang clan attack Wan clan, it was because he knew that his reputation and popularity would not be accepted easily just because he declared himself as Great Love.

Eastern Sea's super forces joined him merely out of fear.

Wu Yong made transactions with Fang Yuan for benefits. Not long after, Wu Yong also made transactions with Heavenly Court.

If Heavenly Court did this, Fang Yuan might become overjoyed.

And this suggestion could only be brought up by someone like Wan Zi Hong, she was a former demonic path member after all, other Heavenly Court members had not mentioned it.

Was it because they could not?

Of course not!

“The righteous path has the advantage in Western Desert’s conflict. The only worry is if Fang clan goes all-in and sell all their resource points to Fang Yuan.” Star Constellation Immortal Venerable had a thought.

She was the number one person in wisdom path, she had long expected such a situation, thus, when she sent the members, she chose Zhou Xiong Xin.

Zhou Xiong Xin was an information path Gu Immortal, he was skilled at finding clues.

Once Fang clan abandoned everything and left, Zhou Xiong Xin would collect the relevant information and let Star Constellation Immortal Venerable make deductions on them.

They had the duty of eradicating evil forces.

Fang clan had to be exterminated!

After Star Constellation Immortal Venerable refined all of Heavenly Court’s wisdom path dao marks, she had to rest and accumulate immortal essence now before she could start her next move.

“For the short period ahead, Spectral Soul Demon Venerable’s threat is even greater than Giant Sun Immortal Venerable and Heaven Refining Demon Venerable.”

“It is time to send people to search for Fairy Zi Wei.”

Star Constellation Immortal Venerable arranged everything in meticulous and orderly fashion.

Chapter 2267: Little Du’s Revival

Eastern Sea.

Fang Yuan lightly let out a breath of air.

“This time, I succeeded in deceiving her again.”

Just earlier, Star Constellation Immortal Venerable used her investigative killer move to check on Fang Yuan.

Obscured heavenly secret activated again and helped him to conceal the truth.

Heaven path...

So it be if Giant Sun Immortal Venerable did not understand heaven path. But even Star Constellation Immortal Venerable was deceived time and again, she had once become one with the Dao, she was able to influence and alter heaven’s will.

“Even she was deceived by me, is it because of heaven path’s profundity, or because her revival had flaws in it, in terms of heaven path, she did not regain her former life’s abilities?”

“Earlier, Star Constellation Immortal Venerable’s investigative method had unprecedented

power. It is very likely that she has already refined all of Heavenly Court's wisdom path dao marks."

Fang Yuan was only making a guess, he did not use any investigative method now.

Looking into the sovereign immortal aperture.

Three earth path dao veins had been constructed already.

A wind path dao vein and a fire path dao vein were also almost completed too, he was just a few more away from completing the first dao vein ring.

He had undergone countless Immortal Gu transactions in treasure yellow heaven to exchange for resource points. There was also Fang clan's contribution that led to such huge progress.

Western Desert's fire path, earth path, and wind path dao marks were outstanding, these three paths had the most resource points there.

Fang clan was forced into desperation, they had to cut their foundation to fight for survival.

The sovereign immortal aperture gained a lot, but even then, the entire immortal aperture was still in a precarious situation.

Currently, Fang Yuan had already reduced the purchasing of earth path resource points, he started to buy other paths' resource points.

According to his deductions, he had to establish the various paths' dao veins first and construct the first ring. After that, there would be an immediate effect on the sovereign immortal aperture's stability.

“The sovereign immortal aperture is unstable and strange situations are occurring frequently. The Gu Immortals within the immortal aperture are already working at their limit. Even the six mermaid immortals that came into the immortal aperture are not enough anymore.”

During this period of time, many Gu Immortals had liver explosions.

Thankfully, Fang Yuan constructed a healing hall, otherwise, if these Gu Immortals had to recuperate for a long time, the sovereign immortal aperture would fall apart instantly. In the end, Fang Yuan would need to take action himself to suppress the turmoil.

“I need to bring in more manpower.”

Venerables were undoubtedly invincible, but with the contest of three venerables, the situation became rather complex.

According to the current situation, the main priority of the three venerables was to refine natural dao marks.

But the world itself had a vast number of natural dao marks, it would take a long time for the three venerables to refine them all.

Currently, Giant Sun Immortal Venerable was making the fastest progress, but he was still refining Northern Plains’ dao marks.

The three venerables were not at the stage of having a decisive battle yet.

Because Longevity Heaven and Heavenly Court were refined, Giant Sun Immortal Venerable and Star Constellation Immortal Venerable had their own firm base. Even if the other venerables

collaborated, they could not overwhelm the target at their base camp.

And without sufficient advantage, it was unwise to have a battle now.

The venerables would not do that.

Thus, for the following period of time, the venerables would need other Gu Immortals to help them and work for them.

In this situation, normal Gu Immortals were very useful to the venerables.

This value displayed its worth during their deadlock.

Even if Fang Yuan was a refinement path venerable, being capable of easily refining most rank eight and below Immortal Gu and also creating countless Immortal Gu Houses, this could not replace the use of Gu Immortals.

The earlier discussion on Fang clan showed this clearly.

What decided the outcome were not the Immortal Gu Houses but Fang Gong and Wan Gu Chou.

For Gu Immortal experts, once the mechanics of the Immortal Gu House were deciphered, they would be easy to target and deal with.

Be it Fang clan's roof tile breaker or Zuo Qiu clan's state of disunity, they were counters to Immortal Gu Houses.

Thus, the people were most important.

Gu are the essence of heaven and earth, man is the spirit of all living beings.

Having more Immortal Gu was a good thing, but the human element was on par with the Gu.

Fang Yuan needed a large number of Gu Immortal subordinates.

On one hand, in a deadlock of venerables, he needed enough henchman, it would lead to greater convenience.

Especially when he was refining natural dao marks and could not leave.

On the other hand, Fang Yuan's sovereign immortal aperture often needed a large number of Gu Immortals to suppress the strange phenomena that occurred frequently.

Giant Sun Immortal Venerable and Star Constellation Immortal Venerable also needed Gu Immortals.

On one hand, when the venerables were in a deadlock, they could settle matters for them. For example, when Star Constellation Immortal Venerable refined Heavenly Court's dao marks, Jun Shen Guang went to the two heavens to collect stars.

On the other hand, Longevity Heaven and Heavenly Court were also trying to nurture their second venerable.

After the destruction of fate, it was possible to create new venerables. As for Giant Sun Immortal Venerable and Star Constellation Immortal Venerable, because of their conflicting dao marks, they could not become the venerable of a second path themselves.

But how could they recruit Gu Immortals?

The most convenient source were the Gu Immortals of the five regions.

But this contained huge hidden threats.

On one hand, these Gu Immortals could be the spies of another venerable, the fact that Fang Yuan brought in six mermaid immortals was already a huge risk in itself.

If he had to bring in Gu Immortals of the five regions, Fang Yuan was more inclined to bring in variant humans.

After all, variant humans were on the opposite side of Heavenly Court and Longevity Heaven.

Other than bringing in more Gu Immortals, Fang Yuan's other main method was immortal ascension.

He could nurture Gu Immortals inside the sovereign immortal aperture.

But this had a merit and demerit.

The merit was that the Gu Immortal's loyalty was assured.

The demerit was that the time needed to nurture Gu Immortals was very long. And as the saying went, water in the distance could not quench thirst.

But Fang Yuan had an advantage over the other venerables, his sovereign immortal aperture did not conflict with time path, so changing the time flow was very easy. Right now, the sovereign immortal aperture definitely had the fastest time flow among the venerables.

In terms of nurturing Gu Immortals, Fang Yuan already had many good choices.

He had specially revived some of the Gu Immortals that died in Crazy Demon Cave as mortals.

But now that the two heavens were fusing, heaven's will was chaotic and Gu Immortals were unable to get natural inspiration when they first ascend at this time.

This would not do!

Fang Yuan knew his own limitations. His wisdom path deductions could not match Star Constellation Immortal Venerable, they were barely on par with Giant Sun Immortal Venerable.

Thus, Fang Yuan had to make full use of natural inspiration.

If he missed these opportunities, his killer move deduction and modification would be far slower than the other two venerables.

If he could not bring in Gu Immortals or nurture them himself, what could he do?

Fang Yuan quickly thought of human path.

Fang Yuan's clone was still trapped in Divine Emperor City, but through Shen Shang, he transferred his human path cultivation results to Fang Yuan's main body.

Together with Fang Yuan's transaction with Shen Shang, he also gained a portion of the latter's human path cultivation results.

Fang Yuan obtained the incomplete Immortal Gu recipes of beggar Gu and merchant Gu.

If he had the complete Immortal Gu recipes, Fang Yuan would be able to refine merchant Immortal Gu and beggar Immortal Gu. After activating them, he would gain manpower, there would be no threat of betrayal as well.

But Fang Yuan lacked human path attainment level, while human path Immortal Gu recipes were hard to deduce.

Were there natural human path Immortal Gu in the wild?

According to Fang Yuan's estimation, the answer was no.

Such Immortal Gu recipes needed to be created by humans!

After deep consideration, Fang Yuan did not attempt to deduce the human path Immortal Gu recipes, they would waste too much of his time and effort.

Thus, Fang Yuan held anticipation towards Central Continent's human path development as well.

Ignoring other matters, just his soul path cultivation needed the support of human path.

Looking at refinement path, it was able to grow to such a prosperous state today because of refinement path's own development and also because it supported all other paths in their development.

Human Sea rippled as huge waves appeared.

After the rise and fall of tides, two fallen Gu Immortals remained on the beach.

“Where, where is this place?”

“I clearly died on the battlefield already...”

Fang Dong Xi and Fang An Lei were confused as they stood up.

This situation made them puzzled and shocked.

But soon, Fang Yuan’s will descended and informed them of the situation.

“Lord Fang Yuan actually has such a shocking method to revive us!” Fang clan’s two Gu Immortals were filled with joy and excitement upon revival.

Right at this time, there was a giant wave in Human Sea.

The size of this wave was far bigger than the one carrying the Fang clan members.

As the huge wave crashed onto the beach, it receded rapidly.

A young looking Gu Immortal rode the waves and landed ashore.

He gave off rank eight aura, stunning the two Fang clan Gu Immortals.

They immediately recognized that this newly revived Gu Immortal was one of Fang Yuan’s main clones — Zhan Bu Du!

When bringing in Gu Immortals, nurturing Gu Immortals, and human path Immortal Gu were all

unfeasible at this moment, Fang Yuan chose to revive Gu Immortals.

Originally, the Gu Immortals only revived as mortals.

But now, they kept their cultivation level.

Fang clan's two immortals were rank seven while Zhan Bu Du was rank eight.

To achieve this, Human Sea expended itself at an unprecedented level, it could only revive three more rank eight Gu Immortals at this rate.

Where there are gains, there are losses.

Following this, Fang Yuan would need to collect more human qi to replenish Human Sea.

But there was no rush in this.

The thing that needed replenishment the most was Refinement Sea.

At this point, Fang Yuan's Refinement Sea was almost dry already.

After the two Fang clan Gu Immortals left, Fang Yuan gave all the transformation path Immortal Gu to Zhan Bu Du. This way, as long as he used the transformation path killer move, Zhan Bu Du would gain pseudo venerable battle strength again.

Zhan Bu Du went to handle the strange phenomena while Fang Yuan's main body expended heaven path immortal materials to replenish obscured heavenly secret.

After that, he secretly unsealed the truthful floating ice.

Right now, Fang Yuan's transformation path and rule path attainment levels rose.

But the greatest growth was still heaven path.

Fang Yuan could sense that his heaven path attainment level was reaching a point of qualitative change.

Black and white heaven.

A huge transparent pillar slammed down and killed most of the soul beasts under it.

From the body of a desolate level soul beast, two Gu Immortals flew out.

One was a female immortal who had a graceful figure with hair that extended to her waist, she was adorned in a beautiful purple robe. Her eyes were like deep pools, with a sense of sorrow shrouding her face.

The other was a male immortal, he had an ordinary face, his eyes were dark and he emitted a soul path aura.

They were Fairy Zi Wei and Ying Wu Xie.

"What heaven path immortal material is this? When it fell, the soul beasts could not move or dodge it at all." Ying Wu Xie asked curiously.

Fairy Zi Wei inspected it and explained: "This is a heavenly pillar. Each heavenly pillar is a rank nine heaven path immortal material! Back then, Central Continent's Tian Ti Mountain could connect to Heavenly Court because it had a heavenly pillar."

“We lost the concealment of soul beasts but gained a rank nine immortal material. Is this good or bad luck?” Ying Wu Xie sighed.

“What’s the point of sighing now, the urgent matter is to find Master Spectral Soul, your main body!”

Chapter 2268: Awkwardness of the Anti-Fang Alliance

Western Desert, Fang clan’s headquarters.

“Open!” Mo Sha Ta shouted.

The killer move was activated, the immortal formation ahead was forced open.

The inside was completely empty.

Not a shred of resources were left, it was completely barren.

“This again!” Many Gu Immortals were angry and frustrated.

“Emptied, they emptied this as well...” Some muttered to themselves with expressions of dejectedness.

“Fang clan is so ruthless!” Some Gu Immortals’ eyes were spewing fire, they gritted their teeth angrily.

“Just Fang clan alone cannot have such manpower or methods, they must be backed by

Heaven Refining Demon Venerable!” Some of the Gu Immortals felt helpless.

This was Fang clan’s final resource point.

Like the earlier resource points, nothing was left to the anti-Fang alliance.

The Gu Immortals discussed among themselves, it was a rowdy scene.

This was too different from their expectations!

Fang clan had not only emptied the resource points, they also left the immortal formations behind. These immortal formations were created using natural dao marks and immortal materials.

When the anti-Fang alliance tried to break the immortal formation, they had to spend immortal essence as well.

They wasted a bunch of immortal essence and ended up with no gains.

Looking at these deep pits or desolate land, the anti-Fang alliance’s members had grim expressions.

Xiao Ye Hu did not even have the energy to get angry.

He was feeling regret.

“Had I known this, I would not have interfered in this stupid matter!”

Xiao Ye Hu’s own injuries had not healed yet, and most importantly, his Immortal Gu House

Chamber Pot was ruined.

It was not that he had no gains, but the things he got could not make up for his losses.

Wan Gu Chou looked at this scene and sighed internally, she was also feeling quite helpless.

In her first life, she had not seen any super force with no bottom line like this, it was truly a new experience now.

She led the anti-Fang alliance and attacked, along the route, they did not meet any Fang clan Gu Immortal, even though they broke many immortal formations, there were no resource points inside, many of the immortal formations were even tampered with, if they could not open it properly, it would explode!

This was too devious!

Many Gu Immortals suffered injuries because of this.

Even Fang clan's headquarters had been relocated, it could not be found.

This was a public blessed land, but Fang clan actually had a method to relocate the immortal aperture!

There was a saying on Earth, the monk can run away but the temple cannot, but now, Fang clan directly brought the temple with them.

Even though Wan Gu Chou did not know this saying, her mood was just as horrible.

Even though they defeated Fang clan, Wan Gu Chou was not feeling happy at all, she was instead filled with worries.

Fang clan vanished but they retained most of their battle strength.

Right now, it was Wan clan and the other super forces' turn to feel worried. It was possible that Fang clan would attack one of their resource points one day, and the chance of defending it was low!

Fang clan did not have resource points left, they did not need to have Gu Immortals stationed to guard them. If they attacked all at once, they could turn their passive situation into an active one.

Wan Gu Chou looked at the Heavenly Court Gu Immortals.

In this situation, Heavenly Court and Wan clan were on the same side, their benefits were tied together.

And in fact, Star Constellation Immortal Venerable had issued orders long ago to exterminate the whole of Fang clan.

Thus, after Zhou Xiong Xin sensed Wan Gu Chou's gaze, he said without hesitation: "Fang clan's actions are crippling their foundation, they have completely submitted to Heaven Refining Demon Venerable. This means that Fang clan is the same as Fang Yuan, they are all demons, they are threats to this world!"

"Don't say these things to us, what are we going to do now?" The other Western Desert Gu Immortals did not want to hear his talk.

Zhou Xiong Xin smiled: "Our Lady Star Constellation Immortal Venerable predicted that this would happen, she sent me here specially to find clues and information about Fang clan's traces. Once we find something, the anti-Fang alliance will be able to go all-out and eradicate Fang clan."

Wan Zi Hong, who was beside him, knew why Fang clan acted like this.

Some time ago, she had raised a suggestion to Star Constellation Immortal Venerable but the plan to recruit Fang clan was rejected. At that point, Wan Zi Hong knew that Fang clan had no way to surrender. Heavenly Court needed to intimidate everyone by showing a tough stance on this matter, in this situation, even she would react the same.

The anti-Fang alliance was too dragged on and slow in its movements, it gave Fang clan and Fang Yuan ample time to relocate their resources.

The best tactic of the anti-Fang alliance was to immediately attack Fang clan.

But they spent too much time discussing their internal affairs.

Negotiations took time after all, only after they finished distributing the supposed benefits did the anti-Fang alliance move out.

But Wan Zi Hong understood them.

If they did not do this, the anti-Fang alliance would not be able to send Gu Immortals out or come up with an appropriate tactic.

Risks and benefits were interlinked.

Only by confirming the benefit distribution would they be able to assign the clans to attack first and which ones to stay at the back, the entire anti-Fang alliance would have motivation to do this as well.

This alliance had been established for too short of a period, many of the Gu Immortals came from super forces that were not willing to take anyone's lead, there was nobody who could have sufficient authority or strength to take charge.

Without temptation, this anti-Fang alliance would not have even been able to form.

Like earlier, Wan clan had to pay out of their own pockets to lure the various super forces to send people and organize the anti-Fang alliance. After Wan Gu Chou was exposed, they used Fang clan's assets to tempt them.

Without any clear distribution of benefits, the anti-Fang alliance could not send anyone.

If battle broke out and Fang clan retaliated forcefully, the Gu Immortals would immediately retreat and protect themselves, without clear benefits, nobody would take any risk.

But Fang clan was forced into a corner, they were united at this moment.

In this situation, Fang clan was like a clenched fist while the anti-Fang alliance was like a pile of loose sand, it was likely that they would fail.

Thus, the process of negotiating benefits was a necessity.

"But my strength alone is not enough. Everyone, you should know about the threat that Fang clan poses, we need to get rid of these demonic path scoundrels as soon as possible, I would

like you to send information path Gu Immortals to assist in pursuing them.” Zhou Xiong Xin said.

“Fang clan is in the demonic path, they are no longer a righteous path super force, it is everyone’s duty to eradicate them!” Western Desert’s Gu Immortals nodded.

“But we returned with no gains from this, Wan clan and Heavenly Court have to give us a proper answer!”

“Indeed, indeed, in this situation, we can’t leave empty handed, right?”

“If we leave without any gains, we will be too disappointed in you, Wan clan. If Fang clan attacks again, how can anyone come to support the anti-Fang alliance?”

The Gu Immortals went into a commotion again.

Wan Gu Chou felt a huge headache!

She thought about it and secretly transmitted to Xiao Ye Hu.

“Friend from Xiao clan, don’t be anxious, my Wan clan will guarantee your benefits first.”

“Accordingly, the first ancestor of Fang clan was the sole Gu Immortal in their clan. Back then, Fang clan occupied moving rock crevice and was the smallest super force in Western Desert.

“When the sand calamity appeared, Fang clan’s first ancestor was faced with a choice. He could have created an immortal formation and sacrificed some Fang clan mortals to block the sand calamity. But he chose to protect Fang clan’s people and left, giving up moving rock crevice in the process. Such an extreme nature is truly rare, but it is not hard to understand why he did that.”

“Friend, you have captured many Fang clansmen, even though they are just from branch families, we can still make use of Fang clan’s nature.”

Xiao clan was the strongest super force besides Wan clan, Wan Gu Chou had to pacify them first.

Strength was the most important thing in a negotiation.

After getting Wan Gu Chou’s assurance, Xiao Ye Hu’s expression eased up and he stopped creating a scene.

Wan Gu Chou’s words could be trusted, this was the attitude of the righteous path after all.

Furthermore, even if Wan Gu Chou disregarded her reputation and refused to pay, what could Xiao Ye Hu do?

“Sell! I will sell these Fang clansmen as slaves to humiliate Fang clan! We can also tamper with these people and use them to find out the location of Fang clan’s immortals.”

Xiao Ye Hu gritted his teeth and firmed up his mind.

A moment later, in treasure yellow heaven.

“Where, where is this?” Wang Xiao Er gasped.

The surrounding people were screaming in fear too, there was a loud commotion around them.

These people were floating in treasure yellow heaven, a formless force was restrained them,

keeping them in place together.

Thus, Wang Xiao Er felt horrible, he was not stepping on ground and he was surrounded by people, they were all squeezing around him.

“We were sold!”

“This is the legendary treasure yellow heaven.”

Some knowledgeable Gu Masters explained the truth.

Fang clan’s members had pale expressions.

This was the consequence of losing!

“Fang clan’s Gu Immortals, listen to this. You have betrayed the righteous path and fallen into the demonic path, you are the shame of Western Desert’s righteous path. Even if you ran away, you will still face our judgment!”

“These people are all members of Fang clan. They are innocent, but because of you, they are now slaves, this is all your fault.”

Xiao Ye Hu’s will entered treasure yellow heaven and spread the news, trying to humiliate Fang clan.

Such words made the Fang clansmen cry out in deeper anguish.

“Will anyone save us!”

“Lord ancestors, we are here.”

“Why are you crying? Don’t be a disgrace to Fang clan.”

The best situation for them was to be bought by Fang clan’s Gu Immortals.

Wang Xiao Er was among them, he shouted alongside the rest.

He was feeling very uneasy now.

He was treated as a Fang clan member because the situation was too chaotic earlier. Fang clan’s members did not know that an external Gu Master was mixed among them.

Different from the rest, Wang Xiao Er did not want to be bought by Fang clan Gu Immortals.

Because the Fang clan Gu Immortals knew he was an outsider, not long ago, Fang Dong Xi had not just interrogated him roughly, he even used all sorts of vicious methods to torture Wang Xiao Er before healing him.

“Chaotic times are starting, Fang clan is a super force but it has actually gotten into this state.”

“They courted death!”

“Fang clan definitely did not want to kill Wan clan’s first supreme elder, they held back. In my opinion, Wan clan’s first supreme elder was too useless, he actually died so easily.”

“Right now, Wan clan is different. With Wan Gu Chou’s revival, they will rise up to power again with such a legendary expert.”

“Cooperating with Fang Yuan will give us Immortal Gu transactions. But working with Heavenly Court will allow us to revive Gu Immortals. They are both quite attractive!”

Fang clan’s members were now slaves, this was a warning to many Gu Immortals.

The five regions chaotic war had not started, but the super forces had already started to destabilize.

At once, all of them felt varying emotions, Fang clan’s predicament was also their concern for the future.

“How are you selling these human slaves?” Some people put up bids.

Human slaves were getting rarer and rarer, for the last hundred years, there were no such large scale human slave trade activities.

After all, capturing human enemies and selling them as slaves was an undeniable demonic act.

But right now, these Fang clan members had lost the battle, there was a proper excuse to sell them.

Chapter 2269: Heavenly Melody

Among the Gu Immortals who came to purchase Fang clan slaves, there might be Fang clan Gu Immortals, but treasure yellow heaven would not decipher them.

Xiao Ye Hu did not care.

He quoted his price expressionlessly, it was a normal price that was neither too low nor high.

Immediately, several transactions were completed.

“With this batch of Fang clan members, I have made up for the final gap, I can try to refine wealth Gu now.” Shi Kang was very happy.

“Please don’t let me get sold to Fang clan Gu Immortals!” Wang Xiao Er prayed in his heart.

“I’ll take this batch, they seem to be of decent quality.” The Gu Immortal spoke to Xiao Ye Hu and chose a batch.

Even among human slaves, quality differed.

Among which, rank five Gu Masters were the most popular, following that were the young and talented Gu Masters.

At once, crying sounds could be heard.

The Fang clan members were sold off, their families were broken up for good, they bid farewell to each other here for the last time, it was a sad sight to see.

Here, the Fang clan members’ lives would be greatly changed, the future was bound to be very different from now.

The pitiful Fang clan members would be sold to Shi Kang as Gu materials and used till they died.

Some of the luckier ones would be specially chosen as Gu Immortal seeds to join certain sects or clans. If they succeed in becoming Gu Immortals in the future, it would be a huge profit for the buyer.

Of course, there were few who were regarded as Gu Immortal seeds.

“Fang clan lost but they are not out yet. It seems that this contest will still go on.” In the two heavens, Fairy Zi Wei retracted her divine sense from treasure yellow heaven.

She had been paying close attention to the trend of the world recently.

Currently, she had already been in the two heavens with Ying Wu Xie for a few days.

During this period of time, they had a tough journey filled with difficulties and danger.

The immemorial two heavens were dangerous to begin with, ordinary rank eight Gu Immortals had to be very careful when they explored.

Now that the two heavens had fused, the environment was chaotic and messy, it was filled with changes. The five regions had already been implicated, while the fused two heavens itself was even more intense.

From time to time, roaming immemorial desolate beasts would appear, there could even be huge armies made of desolate beasts, ancient desolate beasts, and even immemorial desolate beasts.

It was still relatively safer to meet wild beasts, the scariest thing was getting into a place with dense dao marks, because the two heavens had shattered and fused together, many dangerous and forbidden places were shifting around now.

If one got trapped, they would be like a mortal stepping into a quicksand in the desert, they could only wait for death in despair.

Even an expert like Fairy Zi Wei would encounter danger.

“Ying Wu Xie, just how far away are we?” Fairy Zi Wei asked.

Currently, they were hiding within a soul beast army.

This soul beast army had many ancient soul beasts, Ying Wu Xie took control of it.

Ying Wu Xie replied: “From what I sense, we still need three days to reach the main body.

During this period, if he moves, the timing could be extended or shortened.”

Ying Wu Xie used a soul path killer move and managed to sense the location of his main body.

But Spectral Soul Demon Venerable’s speed was far beyond them.

Thankfully, Spectral Soul Demon Venerable had lost his senses, he did not use defensive methods against investigations, he was also roaming around causing destruction, he did not avoid them.

Thus, during this time, Ying Wu Xie and Fairy Zi Wei managed to get closer to Spectral Soul Demon Venerable.

Howl!

The soul beast that was moving ahead suddenly stopped, it cried out in pain like it had slammed into an invisible wall.

“What’s going on?” Fairy Zi Wei instantly became alert.

“Be careful, all of you, stop!” Ying Wu Xie also controlled his soul beast army and stopped, floating in the air.

In the past few days, they had used the soul beasts to probe many dangerous areas.

The cost was thirty percent of the soul beasts they controlled.

“This is... heavenly chasm?” Fairy Zi Wei checked and gasped in surprise.

Heavenly chasm was a rank nine heaven path immortal material, it had an irregular form but was incredibly big. It was formless and ethereal, although it seemed like empty air, it could not be passed through.

“We are so unlucky, to think that we would be obstructed by this!” Ying Wu Xie was disappointed.

The heavenly chasm was not dangerous but it was a huge problem for them.

Because they needed to get past the heavenly chasm, but they could not find out what its exact shape or distribution was.

Both Fairy Zi Wei’s and Ying Wu Xie’s investigative methods had a smaller range than the size of the entire heavenly chasm.

In other words, they could only test their luck by choosing one direction and trying to get around it from there.

It was inestimable how much time they would need to use up now.

But there was no helping it, Fairy Zi Wei and Ying Wu Xie could only make a detour.

After moving for a long distance, the heavenly chasm remained in front of them, it was like a huge wall that blocked their every path.

Suddenly, a sound was transmitted into Ying Wu Xie and Fairy Zi Wei's ears.

Initially, they did not mind it, they thought that it was a normal wind sound.

But soon, it got louder and more delightful.

When the two immortals were attracted by the sound, their actions unconsciously slowed down.

After more than ten breaths of time, the entire soul beast army had stopped in the air, they were completely entranced by the beautiful sound.

This sound did not contain any instrumental component, it purely composed of wind, rain, thunder, bird chirping sounds and so on. However, the outcome was a beautiful melody that made Fairy Zi Wei and Ying Wu Xie addicted to it.

"Oh no, this is the heavenly melody!" Fairy Zi Wei was internally shaken, she wanted to warn Ying Wu Xie but she only gasped out loud, her body completely relaxed as she fell into deep entrancement.

Ying Wu Xie had lower cultivation level than her, he was much more immersed in it, he was already showing an expression of indulgence, he could not save himself.

Fairy Zi Wei's heart was sinking.

She knew that this was a truly desperate situation.

If this went on, she and Ying Wu Xie, along with the soul beasts, would be completely immersed in the heavenly melody, they would eventually lose their senses and become floating corpses.

Fairy Zi Wei wanted to save herself but after several attempts, she could not even activate any Gu worm, not to mention killer moves.

If she had reacted in time and did her best to stop it, there might be a chance of survival.

But she had been listening to the heavenly melody for too long, she was like a human struggling after falling into the water, her strength was depleting as she drank more and more water.

“Am I... going to die here?” Fairy Zi Wei felt her eyelids getting heavier, her vision was turning blur, she could not help but feel like shutting her eyes and enjoying the beautiful melody with her full attention.

This might be the most enjoyable way to die.

As Fairy Zi Wei approached death, her mind was filled with indulgent and wonderful emotions.

If she died, she would not feel any sadness, despair, pain, or other negative emotions.

But right when Fairy Zi Wei and Ying Wu Xie were about to die, the heavenly melody started weakening.

A Gu Immortal was flying closer to them from afar.

He wore a red and white robe, standing straight like a spear or sword. His eyebrows were sharp like swords, a mysterious and profound light was hidden in his eyes.

He revealed a faint smile from the corner of his lips, he gave off the aura of gentleness and confidence.

It was the current rank eight sound path great expert — Feng Jiu Ge!

“What a beautiful heavenly melody.” Feng Jiu Ge laughed brightly as he looked at the soul beast army and the two incapacitated immortals, Fairy Zi Wei and Ying Wu Xie.

The heavenly melody that almost killed the two Shadow Sect members did not manage to affect Feng Jiu Ge, in fact, he used a mysterious method to contain and collect it.

“Feng Jiu Ge?!” As Fairy Zi Wei slowly recovered, she looked at the Gu Immortal in front of her with shock.

Ever since the fate war, Feng Jiu Ge went missing without a trace. Had he been in the two heavens all along?

Since he was able to take the rank nine immortal material heavenly melody, did this mean that his strength had grown again? Did he retain his pseudo venerable battle strength?

It was a mystery.

As Feng Jiu Ge collected and stored the heavenly melody, he activated a killer move.

Two lumps of profound light shot into Fairy Zi Wei and Ying Wu Xie, wrapping around them and slowly entering their bodies.

Because of the heavenly melody, Fairy Zi Wei still could not move, Feng Jiu Ge was free to do this without resistance.

“What... what killer move is this? What are you trying to do?” Fairy Zi Wei slowly regained her ability to speak.

Feng Jiu Ge replied: “Don’t worry, I’m not seeking to harm you. After the fate war, haven’t our circumstances become quite similar now?”

Feng Jiu Ge said this as he turned to leave.

Fairy Zi Wei could not catch up, she watched as he flew away casually.

“What, what happened?” Ying Wu Xie recovered and watched Feng Jiu Ge’s figure fly far away in the sky.

“We were hit by the heavenly melody and fell into grave danger. But Feng Jiu Ge suddenly appeared and collected the heavenly melody, he also used a mysterious method on us.” Fairy Zi Wei explained the situation quickly.

Ying Wu Xie stared with wide eyes: “What... Feng Jiu Ge didn’t kill us?”

“He is also a demonic path member, he has betrayed Heavenly Court, what is the point of killing us?” Fairy Zi Wei sighed: “If he wanted us to die, he could have waited by the side, he would gain our corpses, immortal apertures, and Immortal Gu. His motive was to get the heavenly melody, other than that, he also wanted to use that move on us.”

The two used their methods and inspected their bodies, but could not find anything strange or

peculiar.

It was as if Feng Jiu Ge's killer move was just an illusion that had not actually been used.

"Regardless of whether he has pseudo venerable battle strength, his methods are becoming more profound!" Fairy Zi Wei sighed.

"What killer move is this?" Ying Wu Xie frowned: "Is he trying to use us as bait to harm the main body?"

Fairy Zi Wei shook her head: "We have too few clues, but according to my intuition, Feng Jiu Ge does not seem interested in Master Spectral Soul. Also, even if your guess is correct, are we going to stop here?"

Ying Wu Xie considered it and gritted his teeth while nodding: "Of course we have to continue moving. Even if Feng Jiu Ge wants to harm the main body, he is only rank eight, how can he harm my main body?"

The two immortals set off again.

Because of the heavenly melody, half of the beast group was wiped out.

Since they were near the heavenly chasm, the army could not be replenished.

This time, to guard against the heavenly melody, the soul beasts were widely spread out, they were far from each other.

"The main body, I can sense the main body!" Not long after, Ying Wu Xie suddenly shouted.

Following his sensation, the two immortals changed directions and saw Spectral Soul Demon Venerable after a few minutes.

“So the main body was on the other side of the heavenly chasm, but because of this rank nine immortal material’s interference, I thought that he was far away!” Ying Wu Xie suddenly realized.

He shouted: “I am here!”

Spectral Soul Demon Venerable saw Ying Wu Xie and immediately roared.

Boom boom boom!

With a chain of sounds, Spectral Soul Demon Venerable landed several hundred fists on the heavenly chasm.

The heavenly chasm shook intensely, it was on the brink of breaking.

Ying Wu Xie and Fairy Zi Wei turned pale, why did Spectral Soul Demon Venerable turn so ferocious after seeing Ying Wu Xie? It was as if they were mortal enemies.

What in the world was going on?

Chapter 2270: Heavenly Court’s Assault

Qin Ding Ling and Jun Shen Guang flew carefully in the two heavens.

“This Old Immortal Hua Yu is really crafty! He actually wants us to convince Flickering Light grotto-heaven first.” Jun Shen Guang said begrudgingly.

After the two of them received the mission to make Old Immortal Hua Yu change sides, they got

close to Profound Literature grotto-heaven and lurked there.

While Old Immortal Hua Yu was chasing away beast groups outside, they secretly met with him.

“Do you think Old Immortal Hua Yu is purposely wasting our time now, after we convince Flickering Light grotto-heaven to join us, he will already have his trap prepared?” Jun Shen Guang asked.

Qin Ding Ling sighed: “This is unlikely. Old Immortal Hua Yu has been hesitating for a long time, but the reason why he is staying on the fence and being ambiguous is because he is afraid that Fang Yuan will try to kill him if he betrays him!”

“In this situation, he wants the attention on him to be smaller, thus, he wants to see more grotto-heavens betraying Fang Yuan, in that case, Profound Literature grotto-heaven will not be as big of a target.”

“But the situation that you mentioned cannot be ruled out as well.”

Jun Shen Guang asked: “Then what should we do? Flickering Light grotto-heaven is led by Gu Immortal Liang Jing Jing, but different from Old Immortal Hua Yu, we do not know much about her, we cannot be sure of her true intentions.”

Qin Ding Ling pondered for a while and said: “Even if we don’t, I’m sure Old Immortal Hua Yu already has some leads. Otherwise, he would not have chosen this grotto-heaven specially for us.”

“Maybe it is time to use that move.”

Qin Ding Ling started to fly slower as her expression became resolute, it was clear that she had

made up her mind.

Jun Shen Guang showed a look of confusion.

Qin Ding Ling said: "Flickering Light grotto-heaven is not far away, but before taking the risk, I want to use my luck path method to make some arrangements."

Jun Shen Guang asked worriedly: "Is the cost of this move too high?"

Qin Ding Ling shook her head: "Although it will consume some of my luck path dao marks, for the sake of Heavenly Court, this is a small cost. The reason why I hesitated was because this move has a huge drawback. It is the same as using my future good luck in advance, it may have the effect of helping our enemies."

"So that's it." Jun Shen Guang nodded.

Qin Ding Ling continued to speak: "But thinking about it, it is very important for us to recruit Old Immortal Hua Yu. With the contest of three venerables, for a long time in the future, this balance will continue to hold."

"Western Desert's Fang clan has already been driven out of their territory, if Old Immortal Hua Yu and the others betray Fang Yuan, then Heaven Refining Demon Venerable's reputation will become the lowest of the three. Regardless of whether Fang Yuan goes to kill Old Immortal Hua Yu, he will still face losses."

"For us rank eight Gu Immortals to be able to influence the situation of the three venerables, isn't it normal that the price to pay is huge?"

Jun Shen Guang was convinced by her: "That's true! Lady Qin Ding Ling, go ahead and use it, I will guard you."

Not long after, Qin Ding Ling finished her preparation and used the killer move.

However, this killer move took a whole hour before it ended.

Qin Ding Ling was pale and covered in sweat, her expression was quite strange.

“Did something happen?” Jun Shen Guang sensed that something was wrong long ago, he quickly asked.

Qin Ding Ling did not conceal the matter, she answered: “When I used this killer move, there was a mystical change like the entire world was responding to me. This killer move normally takes ten or so breaths to activate, but in that situation earlier, with the help of heaven and earth, I persevered and continued to use it. In the end, the move’s activation took one hour.”

Jun Shen Guang frowned: “I’ve heard about the secret behind the power of a Dao Lord. After a venerable refines natural dao marks, every move they make will be amplified by the dao marks, which is the resonance of heaven and earth. Lady Qin Ding Ling, why did that happen to you?”

Qin Ding Ling shook her head: “I can’t comprehend it either, but that is not a problem. On this expedition to Flickering Light grotto-heaven, we will definitely receive huge help. Let’s go.”

“Mmm.”

The two Heavenly Court immortals continued on their way.

On the other side.

Boom!

With a loud rumbling sound, the heavenly chasm was unable to take any more hits, the weakest segment was pierced by Spectral Soul Demon Venerable's arm.

The two sides were connected at once.

Fairy Zi Wei's and Ying Wu Xie's pupils shrunk rapidly, in an instant, they sensed an unparalleled killing intent surging from Spectral Soul Demon Venerable's body to the surroundings.

His killing intent was so intense that even Fairy Zi Wei and Ying Wu Xie felt that they were mortals about to be engulfed by a tsunami.

Helplessness, despair, fear, panic, these emotions appeared naturally in them as they spread rapidly.

"Quickly go!" Fairy Zi Wei was a wisdom path great expert after all, she quickly reacted and used her killer move.

With her help, Ying Wu Xie regained his senses too.

Boom boom boom.

More and more arms pierced the heavenly chasm as they extended towards the two.

The rank nine heavenly chasm could trap Fairy Zi Wei or Ying Wu Xie, but it was only a small hurdle for the senseless Spectral Soul Demon Venerable.

Fairy Zi Wei and Ying Wu Xie quickly retreated.

But suddenly, a black arm increased in speed and grabbed onto Ying Wu Xie.

At the moment of life and death, Ying Wu Xie activated his method.

Immortal killer move — Change Soul Technique!

At the next moment, he swapped position with a soul beast. This ancient soul beast took his place and got captured by Spectral Soul Demon Venerable. Meanwhile, Ying Wu Xie appeared far away and quickly escaped for his life.

During this period of time, Ying Wu Xie practiced hard and created his killer move, change soul technique.

Compared to Fang Yuan's switch soul in dream, this change soul technique had its own merits and demerits.

Ying Wu Xie managed to escape.

Spectral Soul Demon Venerable growled angrily and squeezed with his huge claw as the ancient soul beast was ground into powder, its ancient soul core was absorbed by Spectral Soul Demon Venerable instantly.

More and more huge claws slashed through the heavenly chasm and surrounded him.

Nearly ten hands opened up, an intense suction force appeared from the centers of the palms.

Ying Wu Xie's soul beast group had no resistance at all, they were all absorbed.

As the claws contracted, they did not squeeze the soul beasts this time, instead, they were molded.

Be it desolate beast or ancient desolate beast, the soul beasts cried out in agony. After several breaths of time, the huge claws opened up as these soul beasts were released.

Not only did the size of the strength group change, their strength also rose dramatically, there were actually three immemorial soul beasts among them.

These soul beasts were completely loyal to Spectral Soul Demon Venerable, they screeched as they attacked Ying Wu Xie.

Ying Wu Xie spat out blood, he felt incredibly stunned.

The method that he used to enslave the soul beasts had been completely erased by Spectral Soul Demon Venerable, he suffered a backlash as a result.

Fairy Zi Wei brought Ying Wu Xie along with her as they quickly retreated.

As purple smoke started to rise, these soul beasts were temporarily trapped, they could only move around in the smoke.

After flying for some time, they two immortals heard a loud sound as the surrounding hundred li started to shake.

The heavenly chasm was broken through by Spectral Soul Demon Venerable!

The two immortals turned pale as they did their best to flee.

But Spectral Soul Demon Venerable was incredibly fast, not long after, he reached them.

Spectral Soul Demon Venerable's left head roared loudly.

The silhouette of Dang Hun Mountain appeared immediately as it slammed towards the two immortals.

They could not avoid it.

Immortal killer move — Purple Will Production!

At the crucial moment, Fairy Zi Wei used a killer move as her body shook, turning into purple smoke that carried Ying Wu Xie as they vanished on the spot.

After a few breaths of time, purple smoke was produced out of nowhere several tens of li away.

The purple smoke turned back into Fairy Zi Wei while Ying Wu Xie fell out from it.

Thankfully, when they encountered the heavenly melody and after Feng Jiu Ge left, Fairy Zi Wei used her method at every set interval of distance traveled.

This method was originally meant to defend against the heavenly melody. But to think that she would have to use it to avoid Spectral Soul Demon Venerable.

After using it, the two immortals managed to survive.

But danger was far from over, the two immortals were still in a perilous situation.

“Bring me along and leave. After using this move, there is a huge drawback, I need to

exterminate the large amount of purple will in my mind before I can use it again.” Fairy Zi Wei said in an urgent tone.

Ying Wu Xie quickly used his soul path method as he flew away with Fairy Zi Wei.

After the two immortals escaped for some time, Ying Wu Xie was shocked to find that his speed was getting slower, any soul path killer move that he used had increasing expenditure.

“I have been struck!”

“It happened when the main body caught me earlier.”

“What move is this?”

“It seems to counter all soul path killer moves!”

Ying Wu Xie was soon rendered useless.

Fairy Zi Wei had no choice but to take over and escape with Ying Wu Xie.

As Spectral Soul Demon Venerable approached, Fairy Zi Wei had no choice but to use purple will production again to stall for time desperately.

“Let’s split up!” Ying Wu Xie gritted his teeth and suggested.

Fairy Zi Wei shook her head, she rejected him without hesitation.

Spectral Soul Demon Venerable wanted to kill Ying Wu Xie now. If they split up, Fairy Zi Wei would survive but Ying Wu Xie would definitely not be spared.

Fairy Zi Wei was affected by Spectral Soul Demon Venerable's method and became absolutely loyal to him. Currently, because Spectral Soul Demon Venerable was not in the right state of mind, her loyalty went to Spectral Soul's split soul.

She would do anything to protect Ying Wu Xie, even if it cost her life.

But right at this time, three rank eight Gu Immortals appeared before Fairy Zi Wei.

The left one had a round head and large ears, he wore a loose robe and had an intense qi path aura, he was Heavenly Court's Seven Fiendish Primeval Monarch.

The right one wore a golden hoop on his head, it was Golden Hooped Great Immortal.

The Gu Immortal in the center looked kind and merciful, his eyebrows were very long, reaching his chest, it was one of the three dukes, Duke Mei!

"Fairy Zi Wei is here after all!"

"Oh, Ying Wu Xie is here too."

Duke Mei, Seven Fiendish Primeval Monarch, and Golden Hooped Great Immortal were here on Star Constellation Immortal Venerable's orders to capture Fairy Zi Wei.

Fairy Zi Wei's immortal aperture was with Heavenly Court, with such an obvious lead, after Star Constellation Immortal Venerable personally made deductions, the three immortals managed to find her.

Fairy Zi Wei and Ying Wu Xie's expressions changed.

They were facing danger from both directions.

This was a desperate predicament!

“What do we do?” Ying Wu Xie turned pale.

Fairy Zi Wei frowned deeply, at the moment of crisis, she shouted loudly: “Feng Jiu Ge, I know you are nearby. If you lend us a hand now, we will repay you tenfold in the future!

“Feng Jiu Ge... that Heavenly Court traitor?” Golden Hooped Great Immortal frowned.

Seven Fiendish Primeval Monarch snorted coldly: “Good, we will take care of him too.”

Duke Mei was about to speak but his brows suddenly rose as his long eyebrows shook intensely: “Oh no, Spectral Soul Demon Venerable is here!”

Spectral Soul Demon Venerable’s mountain-like body appeared in everyone’s vision.
