Chapter 1001 - 1001: Long Hui Fight Great-Grandpa Dian Online - All Page - Novel Bin

"Great-Grandpa must have forgotten that we are here too." Dian Qi Qi pouted.

"Ha ha ha... I am sorry. Of course, I don't forget our little princess here." Great-Grandpa Dian laughed heartily.

His eyes then lingered at the person behind Yu Qi. It was a handsome man. However, Great-Grandpa could tell that this man had killed someone before.

"This..." Great-Grandpa looked at Yu Qi.

"He is Long Hui, my fiancée." Yu Qi said.

"Oh, you are her fiancée. Your look is good. But are you sure you can protect my great-granddaughter?" Great-Grandpa Dian questioned Long Hui.

"Yes. I swear on my life." Long Hui did not hesitate at all.

"Good. Then, come and fight with me for a while." Great-Grandpa Dian asked Long Hui to fight with him.

"Great-Grandpa, that is too dangerous." Dian Ren Qi said.

Their Great-Grandpa was a cultivator while Long Hui was a normal human. One miss-step, Great-Grandpa Dian might end up killing Long Hui. Yu Qi would be angry about that.

"Don't worry about that. I will be careful." Great-Grandpa Dian said.

Yu Qi was also worried about it. She knew the fact that a cultivator was stronger than a normal human.

'Master, I don't think you need to worry about it. Your man had come in the space many times, and practise in it. He should be stronger than a normal human.' Bo Ya's voice suddenly appeared in her head.

'Really?' Yu Qi asked.

'Yes.' Bo Ya was confident about that.

Hearing that, Yu Qi felt relieved. Long Hui followed Great-Grandpa Dian to another building. It was a training hall. It was very modern compared to other parts of the mansion.

There were some people in the hall, practising on their own. Some of them were fighting together. They all stopped and came forward to greet Great-Grandpa Dian, Dian Qi Qi and Dian Ren Qi. They saw Yu Qi and Long Hui but they did not know the two of them.

"This is my great-granddaughter, Tang Yu Qi and her fiancée, Long Hui. Greet them too." Great-Grandpa Dian introduced and ordered them to greet Yu Qi and Long Hui.

"Greeting to Young Miss Yu Qi and Young Master Hui." They bowed at the same time.

"Move aside for a moment. I will be fighting her fiancée now." Great-Grandpa Dian said. He then turned to Long Hui. "Do you want to change or something?"

"No. I am fine with this." Long Hui politely rejected.

He was also in his casual attire. He would be fine moving in this outfit.

"Then, let's start." Great-Grandpa Dian said.

Long Hui was facing Great-Grandpa Dian. He looked at the old man trying to seek the opportunity to attack him. But he was impressed that the old man did not give any opportunity to him to attack the old man. This old man was even stronger than his grandfather.

They exchanged the blow a few times. Dian Ren Qi was confused at the moment. He thought Long Hui would not last long. But to his surprise, Long Hui could stand the blow given by his Great-Grandpa.

Great-Grandpa Dian also felt impressed with Long Hui's performance. He recalled what Yu Qi had told them that her fiancée was a soldier. It was a remarkable job.

"You are really strong." Great-Grandpa Dian commented.

"It is nothing. Great-Grandpa, you are stronger than me." Long Hui said.

Great-Grandpa Dian smiled. He was a cultivator. Of course, he was stronger than a normal human. But Long Hui was a normal human and yet he was this strong. If he was a cultivator himself, he would stand on the top. No doubt about that.

Everyone who was watching the fight was impressed with Long Hui that could stand the blow from Old Master Dian. They had exchanged blow a few times. They knew about the impact of the blow itself.

After a half-hour later, they finally stopped fighting. Great-Grandpa Dian was smiling.

"I am glad that my great-granddaughter is in your hands. Take care of her." Great-Grandpa Dian patted Long Hui's shoulder excitedly.

Long Hui looked at Yu Qi and said, "I will."

"We are sweating a lot." Great-Grandpa Dian said. "Ray, bring Hui to refresh and give some clothes to him as well. Hui, go and change the clothes. We are having dinner together tonight."

Great-Grandpa Dian said expecting no rejection from others.

"Only them? What is about me?" Dian Qi Qi asked.

"Of course, you too." Great-Grandpa Dian laughed.

Long Hui followed Grandpa Ray to change to clean clothes. Yu Qi followed Dian Qi Qi and Dian Ren Qi.

"Yu Qi, you know that our family is the cultivator, right?" Dian Ren Qi suddenly asked.

"Yeah, I know it. Why?" Yu Qi nodded as she tilted her head.

"I understand if you inherit the ability to do the cultivation but your fiancée was a normal human, right?" Dian Ren Qi asked.

Yu Qi flinched. She could not tell them that Long Hui spend his time inside her space and ended up having strength more than a normal human should have.

"Well, he is a soldier. And a high ranking one. Do you think it is easy to obtain such a position? He has worked hard for getting that." Yu Qi made some excuses. It was a reasonable excuse.

Dian Ren Qi was silent. He also thought about that.

"I see."

"I bet Brother Ren Qi is jealous seeing your fiance so strong like that. Brother Ren Qi, don't mind. You just need to cultivate more. Don't be lazy." Dian Qi Qi commented while smiling.

"You!!!" Dian Ren Qi glared at Dian Qi Qi.

Chapter 1002 - 1002: You Are Smiling

Since there were more people for dinner tonight, Grandpa Ray asked the chef to cook more food. The chef was excited to make more food. It was a rare occasion that he could cook a lot. Even if he was a little tired, he was satisfied to cook more food for others.

The dinner was very lively even though they only had 5 people. Great-Grandpa Dian asked a lot of things to Long Hui. Almost about Yu Qi. He wanted to know how both of them met for the first time.

Yu Qi smiled when she heard about that.

"I saw her first time when she was currently aiming to shoot a group of robbers." Long Hui said.

"What? You were shooting a robber? How exciting!!" Dian Qi Qi turned to Yu Qi with admiration on her face.

"It just happened." Yu Qi smiled.

"Ha ha ha... my great-granddaughter is very good." Great-Grandpa Dian was so proud of his great-granddaughter. He turned to Grandpa Ray that sat at the corner. "Right, Ray?"

"Yes, Old Master." Grandpa Ray nodded.

The dinner ended. Great-Grandpa Dian wanted Long Hui and Yu Qi to stay over but Yu Qi told him that they needed to return to the resort because both of her pets were still over there.

Great-Grandpa Dian knew about the existence of the pets that Yu Qi had mentioned. They were the aids who had helped Yu Qi during his treatment. Eventually, Great-Grandpa Dian let them return with a condition that they needed to visit tomorrow too. Yu Qi nodded.

After returning to his house, Dian Ren Qi contacted his brother, Dian Zin Fang. Dian Zin Fang had just returned home after the late meeting with his client. He looked at the caller ID for a moment. After a while, he answered the call. n(/@--v/(e).I-.b/)l..n

"First Brother, I have something to tell you." Dian Ren Qi said.

"What is it?" Dian Zin Fang was all ears when noticing the seriousness in Dian Ren Qi's voice.

"Is there any Long Family that remarkable?" Dian Ren Qi asked.

"Why are you asking something like that?" Dian Zin Fang asked back.

"Today, Yu Qi came and introduce her fiance to us and Great-Grandpa. His surname is Long. To my surprise, he is able to exchange blows with Great-Grandpa. You know how heavy Great-Grandpa's blow is." Dian Ren Qi said.

Of course, Dian Zin Fang knew about that. In the past months, Dian Zin Fang exchange several blows with Great-Grandpa Dian. He knew it very well.

"How is his performance?" Dian Zin Fang asked.

"He was fighting with Great-Grandpa for about a half-hour." Dian Ren Qi answered.

Dian Zin Fang also thought that the man was impressive. He knew that Great-Grandpa Dian did not like to hold back. He attacked people with full power. If Great-Grandpa Dian felt that his opponent was weak, he would stop right away. If Long Hui could stand exchanging the blows about half an hour, that meant the man was sub-par to Great-Grandpa Dian.

"What is his name?" Dian Zin Fang wanted to know.

Dian Ren Qi knew that his brother would definitely be interested in that man since he was also like their great-grandfather.

"Long Hui. Yu Qi said that he is a soldier and also high ranking one." Dian Ren Qi told his brother.

"Oh, that is why you have asked whether there is Long Family around..." Dian Zin Fang thought about that.

"Yes. Maybe this Long Hui comes from their side branch." Dian Ren Qi said.

"Well, I will investigate about it." Dian Zin Fang said. "Are they at the ascentral house?"

"No, they had return to their hotel. But they will come to Great-Grandpa's tomorrow." Dian Ren Qi informed him.

"Okay. That's nice. I would like to fight him once." Dian Zin Fang smiled.

Dian Ren Qi knew that Dian Zin Fang would say something like that.

...

Before Yu Qi and Long Hui returned to their resort, they had stopped to a restaurant and ordered some takeout. It was not for them but for Shino and Aoi.

"How's your feeling after meeting with Great-Grandpa?" Yu Qi asked.

"It is good to know your family. Great-Grandpa is someone who will get along with my grandfather." Long Hui made the remark.

"Really?" Yu Qi asked.

"Of course, grandfather likes to fight someone strong." Long Hui nodded.

"Ha ha ha... it is in your blood too. Do you think I can't see you were smiling when you were fighting with Great-Grandpa?" Yu Qi chuckled.

"Have you noticed?" Long Hui was surprised.

"Of course, my dear. How long do you think I know you?" Yu Qi shook her head.

The food was ready to take out. They paid for the food and left the restaurant. When they arrived at the room, they saw Shino and Aoi were waiting for them outside the room.

"Master!" Aoi was excited to see Yu Qi.

"Master!" Shino climbed up to Yu Qi's shoulder.

However when their eyes turned to Long Hui, they did not hide their dislike to Long Hui.

"Master, where did you go today?" Shino asked.

"I visited my Great-Grandpa." Yu Qi answered.

"Is that the old man whom Master treated previously?" Aoi asked.

"Yes." Yu Qi nodded.

Aoi remembered him very well because of the treatment,? Master exhausted her energy.

"Is he okay?" Aoi asked in worried. He could not afford that the old man to get sick again, his master would probably treat him again.

"He is doing better than before." Yu Qi said while smiling.

Chapter 1003 - 1003: Went Shopping

Yu Qi woke up in Long Hui's arms. She could see that Long Hui had already woken up and was staring at her.

"Why don't you wake up me?" Yu Qi asked.

"You were sleeping soundly. I don't want to wake you up." Long Hui hugged her even tightly.

"Wake up... I think it is already morning outside. Let's cook something for breakfast and go out." Yu Qi said.

They were currently inside the space. Long Hui really liked to spend the time inside the space since it had a longer time compared to the outside world. And yesterday, they made love about 4 to 5 times before Long Hui, eventually, let Yu Qi sleep.

Yu Qi was about to stand up but her waist hurt a little bit. She glared at Long Hui. Long Hui was only grinning stupidly at her.

"Let me help you." Long Hui helped Yu Qi to the bathroom.

When he was about to enter the bathroom too, Yu Qi pushed him out.

"Go and take a bath in your bathroom." Yu Qi said before closing the door.

Long Hui was stunned for a moment. Then he chuckled.

"Be careful inside the bathroom. Shout if something happens." Long Hui said before leaving.

Yu Qi rolled her eyes. She tried to massage the parts which hurt. After applying some cream and massaging them a little bit, the pain had decreased. Then, she cleaned up her body.

Yu Qi finished cleaning up and went out. She wear simple shirt and jean. She went to the kitchen. She was surprised that the breakfast had already been made and served on the table.

It was Long Hui who had prepared the breakfast. Looks like Shino and Aoi were also currently eating the food.

"Qi Qi... come. I have just prepared some fried rice and eggs with tea and coffee. Which one do you want, tea or coffee?" Long Hui took the cup.

"Tea, please." Yu Qi said.

"Okay. Wait a minute." Long Hui quickly prepared the tea and poured it into the cup and placed it in front of Yu Qi.

"I have used anything that I have found in the refrigerator. I think that it is time to top up things inside the space." Long Hui said.

"Hmm... Let's go and buy things after breakfast." Yu Qi tasted the fried rice.

"Hmm... It is delicious. Brother Hui, if you quit being a soldier, you can be a chef and open the restaurant." Yu Qi was satisfied with his fried rice.

"It is a nice idea. You can be my co-worker." Long Hui added.

After breakfast, Yu Qi told Shino and Aoi that she would later go shopping outside. She asked whether they wanted to follow her. Both of them? nodded. However, Shino needed to be on Yu Qi's shoulder most of the place and Aoi had to put on the leash.

Both of them nodded. They had been exploring the forest behind the resort. Actually they were looking for something to give Yu Qi. They figured since their master liked some herbs. They decided to found some wild herbs inside the forest. Bo Ya also guided them, telling them which one was the herbs.

They were ready to go to shopping at the supermarket. It was a weekday. So there were not many people around, making things more easily for them.

They brought the necessary things for cooking. They went and brought the goose meat that they found in the supermarket.

The cashier was staring at Yu Qi when they were about to pay for the things.

"Is there something?" Yu Qi asked.

"Oh... Actually, I see that you have ferret as your pet. It is very cute. Can I touch it?" The cashier asked.

Since there were no people waiting behind them, Yu Qi let the cashier touched the ferret. The cashier was excited to see the ferret. And it was very obedient too. It let the cashier touch and rub its head.

"What is its name?" The cashier asked.

"Shino..." Yu Qi answered.

"What a cute name!" The cashier smiled.

Then the people started to line up for paying. They quickly ended the touching part and settled the payment. The cashier took a quick picture of the ferret. She seemed to really like Shino very much.

Yu Qi told Long Hui that she would take and store the things that they had bought into the space. After seeing nobody and no CCTV around, Yu Qi disappeared with the grocery. About one minutes later, she came out.

"Where are we going next?" Long Hui asked.

"Well, I have heard from Su Fan, there is a shrine around here. Let's take a look at it." Yu Qi remembered what Su Fan told her.

There was also a fortune-teller at the shrine.

"Sure, let's go." Long Hui nodded.

It was still 10 a.m. in the morning. According to the map, the shrine was located at the top of the hill around here. It was easy to locate the shrine. They needed to park the car below and climb the stair to arrive at the shrine.

It was high but for Yu Qi and Long Hui, it was easy. Yu Qi pulled Long Hui to climb the stairs at the left side leaving a lot of space.

"I have read on the internet that we need to leave more space in the middle. It is God's path." Yu Qi said.

"Oh, really?" Long Hui did not really believe it.

"I don't know. Well, let's just follow the tradition." Yu Qi said.

Chapter 1004 - 1004:A Fortune-Teller

After 10 minutes of climbing the stairs, they finally saw the gates of the temple.

"Let's bow towards the gate." Yu Qi said.

They bowed towards the gate to show respect.

"You seem to know about this a lot." Long Hui commented.

"After visiting the shrine during our vacation last time, I have done some research about the shrine. That is why I know about this." Yu Qi explained.

Yu Qi saw a water foundation.

'Master, can I drink this?' Aoi asked.

"No. You can't drink it." Yu Qi stopped Aoi from drinking the water. "This water is not for drinking. It is for cleaning purposes." no17E-ℓℓ-1n

Yu Qi grabbed the ladle. "First, you need to wash your left hand, then move to clean right hand. After that rinse out your mouth. But be careful not to let the water that you used fall back into the foundation."

She showed Long Hui how to do it. She then gave the ladle to Long Hui. Long Hui took the ladle and did the same as Yu Qi did before.

"What's next?" Long Hui asked.

"Next is making an offering."

Yu Qi walked, approaching the main worship hall. There was a big box in front of the hall. Yu Qi took out a few coins and put them into the box. Before she put the coins in, she bowed first. Without saying anything, Long Hui followed Yu Qi. He bowed and tossed a few coins into the box.

"It is time to pray." Yu Qi said. "First, bow twice in the direction of the altar. Then, pull the rope to ring it now and bow twice again, slightly deeper. After that, clap your hands twice to get the attention of the gods. Finally, clasp your hands in prayer and finish with a final bow. "

Yu Qi did what she was telling Long Hui just now. She prayed that everything that she experienced up until now was not a dream. She also prayed the people whom she cared for would be safe and happy.

Even though Long Hui was a little bit sceptical about this, he just followed Yu Qi. He hoped that his beloved Qi Qi would be happy until the end.

They walked to the side of the shrine. They found a stall that sold ema. Ema was a wooden votive plaque for sharing your dreams for the future in the hopes that the gods would help their dream come true.

"Let's write our wishes and hang them there."

They bought two ema. Yu Qi wrote for a safe and happy life. As for Long Hui, he did not hide his wish too. His wish was to marry his beloved Qi Qi as soon as possible. Yu Qi blushed as she saw the wish. Long Hui only grinned when he had caught Yu Qi looking at his wish.

They went to hang the 'ema at the allowed place. There were others emas hanging at the place. Probably about a thousand of them, who knew...

"What happens if this place doesn't have any empty space to hang the ema?" Long Hui asked.

"The ema would be burnt in the sacred fire in the shrine. That way, the dreams and wishes of the people are carried up to the gods along with the smoke." Yu Qi answered.

"Miss, Mister, would you like to hear your fortune reading?" A Miko came and asked.

Miko was a shrine maiden, a young woman who was being trained to perform tasks, ranging from sacred cleansing to perform the sacred Kagura dance.

Yu Qi remembered that Su Fan had told her that there was a fortune-teller around here...

"Sure." Yu Qi said before nodding.

The Miko guided them to a room.

"Mr Shin, there are people who want their fortune readings." The Miko informed the man inside the room respectfully.

"They can enter." They heard the deep voice telling them to enter the room.

"Miss, Mister... you can enter." The Miko said.

So, they entered the room.? They saw a middle-aged man sitting at the table. The middle-aged man lifted up his face to see the visitors. Then he stood up. He was completely shocked.

"You.... how could this be?" The middle-aged man said in a trembling voice.

Yu Qi and Long Hui were confused. They looked at each other and then turned back to the middle-aged man.

"Sir, what are you saying?" Yu Qi asked.

The middle-aged man finally calmed down. He sat back.

"Come... Come... Sit here." The middle-aged man asked both of them to sit.

Even though they were confused, but both of them sat.

"My name is Shin Yukuhamu. As you know, I am a fortune-teller." Shin Yukuhamu introduced himself.

"This is the first time, I have seen a reborn person."

Hearing this, Yu Qi and Long Hui became guarded. Someone knew that Yu Qi had been reborn. They did not know whether he was a good or bad person. If he was a good person, it would be fine. But if he was a bad person, it would be a disaster for Yu Qi. He could use it to blackmail her.

"Don't be on guard. I would not do anything to you. I am just happy to see a miracle. My teacher has told me that he has found something like this too. I don't think I will also witness the same thing." Shin Yukuhamu said.

"Oh... I see..." Yu Qi smiled awkwardly.

"May I know your name?" Shin Yukuhamu clearly asked Yu Qi since he was staring at her.

Chapter 1005 - 1005: I Can't Read Yours

"My name is Tang Yu Qi and this is my fiancée, Long Hui." Yu Qi said.

"Oh...so it is Miss Tang." Shun Yukuhamu was happy to get to know her name.

"So, can I get my fortune read now?" Yu Qi asked.

Shin Yukuhamu frowned. "I am sorry to disappoint you, Miss Tang. I can't read your fortune."

"Why?"

"When I see a person's face, I can immediately see his or her fortune. But when I have seen your face, there are clouds blocking the view. I can not read your fortune." Shun Yukuhamu told Yu Qi.

"I see." Yu Qi understood.

It was probably because of her rebirth and the existence of her space. She did not know why she had been reborn. She did ask Bo Ya about it but Bo Ya also did not know about the reason why she had been reborn.

"Then, what about him?" Yu Qi pointed at Long Hui.

"His fate has already tangled with you. So, I can't read his fortune as well." Shun Yukuhama sighed.

"I am more interested in you. It is my first time seeing a reborn person. How were you be reborn? What has made you can reborn?" Shun Yukuhama asked.

"I don't know. One day, when I opened my eyes, I have returned to the past." Yu Qi said.

"What's happened before that?" Shun Yukuhama asked.

"I was killed by a pair of bastard and bitch." Yu Qi's eyes showed a murderous aura.

Shun Yukuhama was silent. She was killed!!! He thought that it must be resentment that had made her reborn.

"Then, do you counter them after you were reborn?" Shun Yukuhama asked again.

"I did..." Yu Qi nodded.

"What did you do to them?" Shun Yukuhama wanted to know about that.

"Nothing. I do hate them... But if they dare to cross the line, I will make their life a living hell." Yu Qi smiled.

Shun Yukuhama saw the smile and immediately shivered. He felt the cold on his back. "I... I see..."

"This is my second time meeting with the person who knows that I have been reborn." Yu Qi said.

"Oh... Who is the first?" Shun Yukuhama asked.

"I meet him at one of the shrines in Japan. He is a Shinshoku. We did not talk long about it. He just told me to have a good life." Yu Qi said.

"I see..." Shun Yukuhama nodded. The shinshoku did not want to involve more with her.

"Since you can't read our fortunes, I think there is no need for us to stay any longer. We will leave first. By the way, I hope you would not tell others about me." Yu Qi gave some reminder to Shun Yukuhama.

"Don't worry about that." Shun Yukuhama nodded while smiling. He was not someone who would go and tell others about something so mysterious.

Yu Qi and Long Hui left the place. Yu Qi wondered about other people's fates too.

"Don't think about it. Fate should be a secret. If they are fated to get it, they will get it." Long Hui seemed to understand what Yu Qi had been thinking inside her mind.

"Hmm..." Yu Qi decided to forget about that.

As they planned, they went to Dian ancestral house. The guards also knew Yu Qi and Long Hui. Both of them could enter without being checked by the guards.

Today, Dian Zi Fang was together with Dian Qi Qi. As soon as Yu Qi and Long Hui appeared in front of Dian Zi Fang, Dian Zi Fang scanned Long Hui. He did look strong.

"Hello... I am Dian Zi Fang. Dian Ren Qi's brother." Dian Zi Fang said to Long Hui.

Long Hui nodded.

"You have fought with Great-Grandpa yesterday, right?" Dian Zi Fang asked. *noVe-Lb*)In

"Yes." Long Hui answered one word.

"Can you fight with me too?" Dian Zi Fang requested.

"Brother Zi Fang!" Dian Qi Qi frowned.

Long Hui and Yu Qi were dumbfounded due to this. Yesterday, Great-Grandpa Dian... Now, Dian Zi Fang... Did this family really like to fight?

However, after a few moments of consideration, Long Hui nodded. Yu Qi looked at Long Hui. She forgot that her Hui was also a maniac.

Once again, they went to the training hall. The people around already recognized Long Hui from yesterday's battle.

"Has he come to fight again?"

"Now with Young Master Zi Fang?"

"Who is he anyway?"

"He is very good."

So, Long Hui ended up having a battle with Dian Zi Fang. Great-Grandpa Dian heard about this and he came to watch them.

Dian Zi Fang felt that Long Hui was very strong. Even stronger than him although he was a cultivator. He suspected that Long Hui was a cultivator too. After a half-hour of fighting, they stopped.

"You are very strong." Dian Zi Fang commented. "Are you from one of us?" He meant the cultivator.

Long Hui was a little bit confused about that. He looked at Dian Zi Fang with a questionable look on his face.

Dian Zi Fang seemed to understand Long Hui's reaction. The reaction where they did not know what the people talked about. Meaning Long Hui was not the one from them. Yu Qi probably did not tell Long Hui about it. He knew that Yu Qi knew about the existence of the cultivation world since Great-Grandpa Dian and Grandpa Dian had already told her about that.

"Never mind." Dian Zi Fang ended the topic there. "But I will like to spar with you another time."

"Sure." Long Hui nodded. He also liked to spar with someone.

Chapter 1006 - 1006: Aren, The Eagle.

Long Hui left to clean up. While Yu Qi along with her two pets, Shino and Aoi stayed in the living room with Dian Qi Qi. Dian Qi Qi looked at Shino and Aoi with shining eyes. She wanted to pat both of them.

"Sister Yu Qi... Can I pat them?" Dian Qi Qi asked.

"Sure." Yu Qi took Shino from her shoulder and gave it to Dian Qi Qi.

Dian Qi Qi who was looking forward to patting the little cuties quickly grabbed Shino, afraid that the ferret would run away.

Shino looked at Aoi asking for help. But Aoi looked away. He knew that their master would allow her friends to pat them. He was the victim in the past. Luckily he had Shino now.

"You are so cute." Dian Qi Qi rubbed the Shino's fur. "Your fur is soft too."

Since this person was his master's family member, Shino did not dare to run away. He was afraid that his master would get angry at him later. So, he put up on Dian Qi Qi's patting.

After rounds of patting, Shino ran away and hid behind Yu Qi. Dian Qi Qi was stunned by his cute action. Yu Qi laughed.

"Sister Yu Qi, he is so cute." Dian Qi Qi said.

When Dian Qi Qi wanted to reach him out, Shino took an action running away from the place. Feeling regretful, she ended up grabbing Aoi instead. Aoi became her next victim. no17E-ℓℓ-1n

"Sister Yu Qi, how do you find them? I want them too." Dian Qi Qi knew these pets were not normal pets but spiritual animals.

"I am not the one who has found them... They are the ones who have found me." Yu Qi chuckled.

Dian Zi Fang already came out. He saw Dian Qi Qi patting Yu Qi's spirit animal.

"I thought that you have two. Where is the other one?" Dian Zi Fang asked.

"He ran away." Dian Qi Qi answered.

"You have one too, right Brother Zi Fang?" Dian Qi Qi wanted to confirm.

"Yeah." Dian Zi Fang nodded.

"Really? Can I see it?" Yu Qi was interested to see another spirit animal. She had already seen once, Grandpa Dian's once.

"It is an eagle." Dian Zi Fang said. He lifted his hand and out of a sudden, an eagle appeared at Dian Zi Fang's hand.

The eagle looked around with its round eyes. It then stopped at Aoi. It just stared at Aoi for quite some time.

"It seems to be alert about Aoi. It knows that Aoi is not a normal dog." Dian Zi Fang said.

"What is its name?" Yu Qi asked.

"Aren, the eagle ruler. Male" Dian Zi Fang said the name.

As followed, the eagle understood that his owner had introduced him to others, he bowed down and then lifted his face back.

"He understands that he has been introduced to someone." Yu Qi looked at the eagle. "Nice to meet you, Aren."

Aren blinked twice and flew to Yu Qi. He then landed on Yu Qi's lap. Both Dian Qi Qi and Dian Zi Fang were stunned when they saw this. Aren was usually arrogant and did not like to approach people especially with someone that he did not know. But now, she went to Yu Qi without anyone asking him. It seemed that he liked Yu Qi as he wanted to get some attention from Yu Qi.

"Is this normal?" Yu Qi asked Dian Zi Fang.

But it was not Dian Zi Fang who answered it. It was Dian Qi Qi.

"No. It is not normal. Aren dislikes people. I have never seen Aren act like this. Look at that. He wants your attention, Sister Yu Qi." Dian Qi Qi said.

Long Hui returned and saw an eagle on Yu Qi's laps.

"Brother Hui... Look, it is Aren. This is Brother Zi Fang's pet." Yu Qi said to Long Hui.

"Hmmm..." Long Hui nodded.

Like just now, Aren bowed down to Long Hui. Long Hui seemed to be surprised when Aren bowed down like that. Dian Zi Fang needed to call Aren to come to his side when he saw his eagle did not have the intention to return to his side.

"Aren, come here." Dian Zi Fang called Aren.

Aren looked at Dian Zi Fang and Yu Qi back and forth. It seemed that he did not want to return to Dian Zi Fang but he knew that he needed to. So, after a few moments, Aren flew back to Dian Zi Fang's side.

"Brother Zi Fang, I think Aren wants to stay with sister Yu Qi." Dian Qi Qi laughed when seeing Aren's behaviour.

Dian Zi Fang was speechless by Aren's action. He now wondered why Aren liked Yu Qi so much. Like Yu Qi and her pets, Dian Zi Fang also could speak with Aren through telepathy.

'What are you doing?' Dian Zi Fang looked at Aren.

'She smells so good. I like it.' Aren answered honestly.

'What do you mean by that?' Dian Zi Fang asked again.

'I don't know but her smell makes me wants to be close to her.' Aren answered.

Dian Zi Fang knew that Aren would not be lying to him. So, he wondered what smell made Aren like her so much. He did not smell anything on Yu Qi.

"Hmm... What is the perfume that you wear, Yu Qi?" Dian Zi Fang suddenly asked.

"What?" Yu Qi was taken back by the question.

"Brother Zi Fang, what do you ask that?" Dian Qi Qi was also taken back by that.

Chapter 1007 - 1007: Courting Death Again

Long Hui glanced at Dian Zi Fang sharply as he thought that Dian Zi Fang had developed some feelings for his beloved Qi Qi.

"No... I don't mean anything. It's just... Aren has a keen sense of smell. I thought Yu Qi must be wearing some perfume which has made Aren like her so much." Dian Zi Fang explained.

"I don't use any perfume at all." Yu Qi said.

"Then, it must be your body odour." Dian Qi Qi said.

Yu Qi tried to smell her own body. Nothing out of ordinary. Seeing Yu Qi behave like that, Dian Zi Fang quickly explained.

"I am not telling you that you are smelling or not... Aren thinks you have a good fragrance." Dian Zi Fang said.

"Oh... I see." Yu Qi nodded.

Great-Grandpa Dian came and sat with his great-grandchildren. He wanted to fight Long Hui again someday. Long Hui nodded. Yu Qi knew that he was also looking forward to fighting with Great-Grandpa Dian too.

Yu Qi and Long Hui left the house before dinner.

Great-grandpa Dian wanted them to stay over for dinner. But both of them politely rejected. Yu Qi told him that she wanted to meet with Grandpa Mu. She had already promised Grandpa Mu that they would have dinner with him.

Hearing that, Great-Grandpa Dian sighed. It was true. Yu Qi was also that man's granddaughter.

After leaving, Yu Qi let Shino and Aoi enter the space since the place where they were about to go to was a restaurant hotel where the animals were not allowed to enter.

Her grandfather had booked a private room for them. So, when they arrived at the hotel, the receptionist asked them whether they had any reservations. Yu Qi mentioned Grandpa Sang's name because Grandpa Mu booked the room under Grandpa Sang's name.

Grandpa Mu did not want others to know about their relationship, afraid that it would cause danger and trouble to Yu Qi. His second son seemed to notice something but without any evidence, his second son could not do anything. That was why his second son worked very hard to steal a sample of Yu Qi's blood to do the DNA test.

Yu Qi and Long Hui entered the room led by a waiter to their private room. On the way, Yu Qi encountered Mu Yian who had just happened to come out from a room with her friends. Mu Yian seemed to be surprised to notice Yu Qi and Long Hui.

"Miss Tang, Mr Long, it has been a while since our last meeting." Mu Yian greeted Yu Qi and Long Hui.

Only Yu Qi responded to Mu Yian. Long Hui only ignored her.

"Yes. It has been a while." Yu Qi nodded.

Mu Yian's friends were stunned to see the beautiful couple. They did not know that they would meet a woman who was more beautiful than Mu Yian. Not to mention the man beside the beautiful woman. The man was indeed a very good looking one. He seemed too indifferent to others.

Mu Yian felt a little bit hurt when she was ignored by Long Hui. She pretended to ignore the pain. That man only showed a response to the girl beside him.

"Yian, who are they? Introduce us as well." Said one of Mu Yian's friends, Jing Yanyao. She was very interested in Long Hui.

"Well, this is Miss Tang Yu Qi and her boyfriend, Mr Long Hui. Miss Tang is a doctor who has treated my sister." Mu Yian said.

Jing Yanyao ignored the word 'boyfriend'. She let out her card and gave it to Long Hui. "Hello, Mr Long, Miss Tang... Nice to meet you." Even though she greeted Yu Qi, her eyes never left Long Hui's face.

However, her greet was ignored by Long Hui and he did not take the card that she gave out to him. Her lips twitched. But she did not give up yet. She stepped closer to Long Hui.

Others frowned when looking at Jing Yanyao. They were looking down at Jing Yanyao. They were considered to be her friends.

Seeing Jing Yanyao was stepping too close to Long Hui, Yu Qi stepped in front of Long Hui. She was smiling but it did not reach her eyes.

"Miss, you should see clearly." Yu Qi said. "My FIANCE is not interested in you."

"You... How do you know?" Jing Yanyao said.

Long Hui frowned. He immediately leaked out the murderous aura around him. Others were feeling scared of Long Hui. They stepped back. Jing Yanyao was stunned as well. She looked at Long Hui's eyes. 'This man is scary.'

"Miss Tang, Mr Long, please spare Jing Yanyao on behalf of my face." Mu Yian said.

"You better be grateful to Miss Mu. Otherwise, I would slap your face. Try to get my man in front of me, you are courting death." Yu Qi at Jing Yanyao.

Mu Yian smiled insincerely. She really wanted to break the relationship with Jing Yanyao. Even though Yu Qi said to Jing Yanyao, it felt Yu Qi said to her.

Yu Qi and Long Hui left the place, going towards the booked room. The waiters politely told them that they would leave first. Yu Qi let her phone out and texted Grandpa Mu that she met Mu Yian.

Mu Yian seemed to have finished having the dinner and was about to leave the restaurant. Yu Qi told Grandpa Mu. Grandpa Mu understood. He would take a different way to enter the restaurant. Grandpa Mu told Yu Qi to order the food first.

Chapter 1008 - 1008: Fireworks Kiss

After about 15 minutes, Grandpa Mu arrived at the restaurant.

"Grandfather." Yu Qi greeted Grandpa Mu.

"Grandfather." Long Hui nodded.

"Let's sit." Grandpa Mu sat at the seat. "Oh... The food..." He looked at the dishes on the table. 'All are my favourite dishes.'

"It is your favourites, right?" Yu Qi smiled.

Everything that she had ordered was Grandpa Mu's favourite food. She lived with her grandfather in her past life. So she knew all of Grandpa Mu's preferences.

"How do you know?" Grandpa Mu asked.

"He he he... I have my own way to figure it out." Yu Qi could not tell him that it was from her past life experience.

Grandpa Mu did not think much about that. He was happy that his granddaughter found some ways to figure them out. The dinner was great. They left the restaurant around 9.40 p.m. after Grandpa Mu's driver came over and took Grandpa Mu home.

Yu Qi and Long Hui returned to the resort. But there was a huge traffic jam. They even had police traffic to control the situation.

When they approached the traffic police, Long Hui asked about the situation. They thought that there was probably some traffic accident or something similar. But the police traffic said that it was because of Gunyun Festival. It was the last night of the festival, so, people came to experience the last night.

Yu Qi felt that they could spend the night too. So, she told Long Hui that she wanted to go to Gunyun. She also wanted to take Aoi and Shino. So that they could enjoy the same as her. **nOVe.Lb)In**

Since they did not have anything to do, Long Hui agreed. He rather spent the time alone with his beloved Qi Qi but he did not want to disappoint Yu Qi. After searching for the parking space, they finally got one.

Yu Qi entered the space to bring Aoi and Shino out. There was no one around and it was a little dark. So, people could not see her.

'Is it true that you have bought us food, Master?' Shino asked.

'Of course my dear. You can choose whatever you want. But you need to finish everything. Don't leave anything.' Yu Qi reminded.

'Don't worry about that, Master.' Aoi grinned.

Yu Qi never doubted about them. These two were gluttons. They would finish everything that was given to them.

There were very a lot of people. Because they did not want to be separated, Yu Qi brought Aoi up while Shino already took his place on Yu Qi's shoulder. Long Hui grabbed Yu Qi's other hand and did not let it go.

"Hey, the kagura dance would start soon. Let's go to the stage."

"Really? Let's go."

"I have never seen a kagura dance. Let's go and see it."

Yu Qi heard that. She had also never seen a kagura dance before. She had only read the information about it. However, she did not forget her promise to these little cuties.

'Now choose what you want to eat first.' Yu Qi said to them.

Listening to that, Shino and Aoi eyed the stall. The first thing that they wanted to buy was the meat barbecue. Getting the signal from Yu Qi, Long Hui bought the meat for them. Yu Qi asked Long Hui to buy another one.

Long Hui asked whether she wanted to eat again. She shook her head. She told Long Hui that this meat was for the other little cutie inside the space.

Bo Ya who was currently looking around via Yu Qi's vision blushed. His master did not forget about him and bought something for him too. If he could come out, he would immediately come out and taste the food too.

Everything Shino and Aoi pointed at, Yu Qi would ask Long Hui to buy one extra. Not long until one of Long Hui's hands were full of plastic bags.

Then, they arrived at the stage. Luckily for them, they got a good spot to watch the kagura dance performance. They were about to start to perform the kagura dance.

Kagura Dance was a Shinto Ritual ceremonial dance. The main purpose of the Kagura Dance was to purify and shake the spirit.

From what Yu Qi had read, there were a lot of Kagura Dance such as Miko kagura, Izumo-ryū kagura, Hayachine Kagura, Yutate kagura, Shishi kagura and Daikagura. Probably there were others than these but Yu Qi only knew these.

What had been performed on the stage was probably Miko Kagura Dance. Because Yu Qi could see several Miko danced with some props such as bells, bamboo canes, sprigs of Sakaki, or paper streamers. Yu Qi was very amazed by the movement. It looked like an art performance.

15 minutes later, the performance had finished.

"The performance has finished. Let's go home."

"Wait. We can't go back now. There are fireworks shows at midnight."

"Really?"

"Yeah. Let's wait until the end and enjoy the fireworks, okay?"

"Okay. Let's do it."

Yu Qi heard the conversation. She also told Long Hui that she wanted to enjoy and watch the fireworks too. Yu Qi had even asked the stranger in which direction the fireworks were. After getting the direction, they went to find someplace to wait and enjoy the fireworks.

They managed to get a good spot to view the fireworks. Afraid the mosquitoes would bite them, Yu Qi put some cream on their bodies to repel the mosquitoes.

At midnight, the fireworks began. It was so beautiful. Shino and Aoi had never watched the fireworks before, they were mesmerized how beautiful it was.

Yu Qi turned to talk to Long Hui about this. But she was greeted by Long Hui's kiss on her mouth. She could not help to enjoy it.

Chapter 1009 - 1009: You Are Not So Cute As We Are

Yu Qi made the plan today. She was going to go to the Mu Family House to see Mu Rong Xie's condition since Su Yu Qing had called her yesterday. She assumed that Mu Yian told Su Yu Qing about her being here.

Well, since she did not have any plan for this morning, she thought that she could go and check her condition. As for Long Hui, he told her that he wanted to stay with her. So, he wanted to follow her but she refused to bring him because she disliked the way Mu Yian looked at Long Hui.

Long Hui felt dejected. He accepted it but he wanted to stay in her space then. Yu Qi did not have any problem with that. So, she just let him stay inside the space together with Shino and Aoi.

Then, Yu Qi drove to Mu Family House. It was the right decision to let Long Hui stay inside her space because when she arrived at Mu Family House, she saw Mu Yian. It seemed she was not going to go to work that day, judging from her clothes.

Su Yu Qing welcomed Yu Qi. She had already treated Yu Qi as her daughter's saviour. She tried to invite other doctors to take a look at Mu Rong Xie but they did not have any idea what was going on with her daughter. Only Yu Qi knew how to treat her daughter.

"By the way, where is your boyfriend? Is he not coming with you?" Su Yu Qing asked.

She remembered that Mu Yian had told her yesterday that Yu Qi was together with her boyfriend.

"He is not coming. For your information, he is not my boyfriend now." Yu Qi paused.

Mu Yian looked surprised when she heard that. She became excited.

Seeing Mu Yian's expression, Yu Qi continued her words. "He is now my fiance."

Mu Yian gritted her teeth. She thought that she finally had a chance to be with Long Hui.

"Oh... congratulations. Let's see Rong Xie, will you?" Su Yu Qing urged Yu Qi to see Mu Rong Xie.

They went to Mu Rong Xie. This time, her room was not as dark as the last time Yu Qi came here. Yu Qi could see that she was recovering very well. The only thing left was the scars.

"I think that it must be fine. She has recovered. As for the scars, you need to figure it out by yourself. I can't help with that." Yu Qi examined Mu Rong Xie and told her about her condition.

Mu Rong Xie was happy that she had finally recovered from that terrible condition. As for the scars, she already knew the way to get rid of them.

"Thank you, Miss Tang. Because of you, my sister has recovered well." Mu Yian said.

"I will pay you later." Su Yu Qing said. She was so happy about that. She would pay Yu Qi. Money was not a problem for her at all.

"Since it is the case, I think there is no need for me to come here again." Yu Qi said.

"Miss Tang, if you want to come here, just come. We will be happy for you to come and visit sometimes." Su Yu Qing said.

Yu Qi did not say anything about that. If she told Su Yu Qing that she would come and take the house someday, she wondered what Su Yu Qing's expression would look like.

Yu Qi did not stay long at Mu Family House. She left right after that. Su Yu Qing invited her to have lunch together. Of course, she rejected that. She did not want to stay any longer at this house.

....

"Why are you here? Not our master?" Shino asked Long Hui who was sitting at the gazebo while watching the lake. nDve-7b(In

"She has something to deal with outside." Long Hui answered.

Long Hui was no longer surprised, hearing the animal talking to him. To be honest, he was seriously freaked out when he first time heard Aoi talking to Yu Qi but he did not show it at all. Now, he could speak normally with Yu Qi's pets.

"Why don't you follow her?" Now, it was Aoi who asked the question.

"She does not want me to follow her." Long Hui answered.

"Why is that?" Shino asked.

"She is afraid that someone will steal me." Long Hui said.

"Who is on the earth would in their correct mind to steal you?" Aoi rolled his eyes.

"Yeah. You are not so cute as we are." Shino added.

Long Hui was speechless when he had been insulted by Yu Qi's pets. Then, he saw those two run away from the place excited while shouting the word 'Master'. It seemed Yu Qi had returned. From far, he could see Yu Qi walking towards him. He immediately smiled.

"What are you doing?" Yu Qi asked.

"Just relaxing." Long Hui said.

"Master, just now, he has told us that you are afraid that someone will steal him if he follows you," Aoi reported what they had been talking about.

"That's right. But I don't think there is anyone who is going to steal him. He is not as cute as we are." Shino added again.

Both humans there were speechless. Then Yu Qi started to laugh.

"Is this what are you talking about?" Yu Qi asked Long Hui.

"Yeah." Long Hui admitted.

"Shino, Aoi. I indeed feel afraid thinking someone can steal him from me." Yu Qi patted Aoi's head.

"But why?" Shino asked.

"Because he is so handsome. Women often like this type of face." Yu Qi said.

Chapter 1010 - 1010: Ask For Tang Han Lee's Advise

"Doctor Yu Qi, how was your holiday?" Nurse Shin Te asked during lunch.

They know that Yu Qi took several days off to go on a vacation with her fiancé. The culprit who leaked the information was her second brother, Tang Jin Wei. He was blabbering about Yu Qi and her fiancé. So, everyone ended up knowing about it.

Well, Yu Qi did not feel embarrassed at all. Because she did not do anything wrong. She went on a vacation with her fiancé. So, it was nothing wrong with it.

"Hmm... Everything is great." Yu Qi nodded smiled.

"With handsome man by your side, everything is great." Nurse Su Han said.

"Doctor Yu Qi, when will you get married?" Nurse Shin Tu asked.

"You are asking Doctor Yu Qi... how about you? When will you get married?" Nurse Su Han asked Nurse Shin Tu.

"Well, I am still preparing for it." Nurse Shin Tu said. She already had a boyfriend

"Doctor Yu Qi is still young but you will approach your 30's soon. You should get married as soon as possible. The risk during child-birth increases as the age increases." Nurse Su Han advised.

She was already married and had 2 children. She told them that her sister in law got pregnant in the late '30s, approaching 40 because of her work. In the end, she could not go through the pregnancy due to some risks. She lost the child and could not get pregnant until now.

"Don't worry. I will get married this year." Nurse Shin Te smiled.

She knew that Nurse Su Han advised her because of the goodwill. She knew about Nurse Su Han's sister in law's story because Nurse Su Han's sister in law was admitted to this hospital.

The lunch ended. They got back to work. When Yu Qi got back to work, she was being visited by a patient who claimed that she had some pains in her eyes. Yu Qi checked it. When she was checking the eyes, she noticed there was a mass behind the woman's eyes.

She did not know what caused this mass. She asked the woman whether she knew about this. The woman said she knew about this. The woman said the previous doctor of her told her about this mass. But it was small at that time. The doctor diagnosed that it was just inflammation and nothing more. She had been prescribed antibiotics and some eye drops.

After a week, the headaches became more severe. She also could feel that she had started to lose her vision until it was affecting her work. She did not want to go to the previous doctor. So, here she was.

Yu Qi nodded, understanding what the woman was going through. Yu Qi took some of her blood samples. Yu Qi told the woman to return first and wait for the call. The woman understood. She returned first.

Taking the blood sample, Yu Qi went to the laboratory to run a series of highly specialised blood tests. When she got the result, she was stunned by it. Yu Qi went to meet her first brother, Tang Han Lee.

At that time, Tang Han Lee had just finished his consultation with one of his patients. Yu Qi knocked on his door. Tang Han Lee was surprised to see her little sister here.

"Yu Qi, come in." Tang Han Lee invited her in.

Yu Qi sat down in front of Tang Han Lee.

"Big Brother, I want something to discuss with you." Yu Qi said.

Seeing his little sister was serious, he started to get serious too. "What is it?"

"I have a patient today who claims to have a headache and she is losing her vision. She had her previous doctor check her for it. The doctor told her there was a mass behind her eye and diagnosed it as inflammation. She had been prescribed antibiotics and eye drops." Yu Qi started to tell Tang Han Lee about the woman's condition.

"A mass..." Tang Han Lee frowned.

"After a while, the pain and her vision are getting worse. I can not diagnose it on the spot. So, I have taken her blood test and run some blood tests on her blood. Here are the results which I have gotten from the tests." Yu Qi placed the file on the table. n/017e1b1n

Tang Han Lee took and opened the file. As he read the detail inside the file, Yu Qi could see that he was frowning.

"Toxocara..." Tang Han Lee sighed.

"Yes. A parasite." Yu Qi nodded.

Toxocara was a parasitic roundworm. Inside the woman's eye, Toxocara had latched on her retina.

"The presence of the parasite has caused the inflammation and scarring to the eye, leading to her blurry vision, headache and ultimately the mass behind her eye." Tang Han Lee made the conclusion from the information he got.

"From what I know, Toxocara parasites have a special coating that they use as a protection against the body immune cell. This ability allowed them to thrive in nearly any part of the human body, but it is often in the eye where they are most dangerous." Yu Qi added.

"That's right. There, the infection can go unchecked, resulting in blindness and even completed loss of the eyeball." Tang Han Lee nodded.

"Big Brother, I am not an expert as much as you. I hope you can take over this case." Yu Qi asked.

"Sure. I will take over the case." Tang Han Lee nodded.
