

## **INTELLIGENT 1011**

### **Chapter 1011 - 1011: She Was Tortured**

The next day, Yu Qi called the woman back to the hospital. The woman was so nervous when she got the call from the hospital. She hoped that this time's diagnosis would not be the same as the previous doctor.

Yu Qi asked the woman, Wen Ding to come and meet her. She saw Wen Ding was accompanied by someone that day.

"This is my husband, Mo Jiarong." Wen Ding introduced the man.

Yu Qi nodded.

"Mrs Mo, from the blood sample which I have taken from you yesterday, I have come to conclude something." Yu Qi started to talk.

Wen Ding and her husband were waiting for the doctor to finish it.

"Behind your eye, there is a parasite living there. Its name is Toxocara." Yu Qi said calmly to the couple.

"What? A parasite?" Wen Ding could not believe her ears. 'Living thing inside her eyeball?'

"Can we save her vision?" This was the first question from Mo Jiarong.

"It is not about saving her vision. It is about saving her eye." Yu Qi explained.

"Are you talking about having to lose her eye completely, having to take out her eye and replace it with a glass eye?" Mo Jiarong asked.

"No, to save her eye, she needs to undergo eye surgery to remove the mass behind her eye." Yu Qi told the solution.

"How will this surgery help my wife?" Mo Jiarong asked.

"The doctor will take the eye out from its socket to remove the parasite behind the eyes where it is still connected, without damaging the nerve or the retina and all of its connection." Yu Qi explained the simple way about the delicate procedure.

"But how does this parasite end up in my eyeball?" Wen Ding asked.

"This parasite is usually found in the dog faeces. Do you have a dog?" Yu Qi asked.

"Yeah. We have one." Wen Ding nodded. "Then... it has come from him, hasn't it?"

"It is possible. You should bring your dog to the veterinarian to check him too." Yu Qi suggested.

"May I know who is doing the surgery?" Mo Jiarong asked.

"It is Doctor Tang Han Lee. He is a doctor which specialises in the eye diseases section. You can find his information on the internet." Yu Qi said.

Mo Jiarong immediately searched up about Tang Han Lee. He was indeed famous. He had also won several awards for his research about the eyes. He was satisfied to leave his wife in this doctor's hands.

"When can the surgery be held?" Mo Jiarong asked. He could not wait any longer. He did not want his wife in pain anymore.

"Let's see Doctor Tang Han Lee first." Yu Qi said.

.....

Yu Qi got to be in Wen Ding's surgery too. She was also enthusiastic when? Tang Han Lee told her that she could get to be in the surgery room. It was an interesting surgery.? Yu Qi could learn a lot from this surgery.

Like Yu Qi explained to the couple, Tang Han Lee indeed took out the eye from its socket and removed the mass. The mass was very thick that it was like scrapping the cardboard.

After 3 hours of surgery, Wen Ding had been pushed into the recovery room. Mo Jiarong stayed at Wen Ding's side all night. Wen Ding's eye was bandaged. The bandage would be opened in one week. So, Wen Ding only needed to rest.

Yu Qi learned a lot from this surgery. It helped her to be a good surgeon.

...

"Where is she?" Qin Xia lifted up the man's collar.

The man seemed to be choked when he had been lifted up like that.

"I... don't... know..." The man tried to catch his breath.

"You really want to die, right?" Qin Xia glared at the man.

"Please.... let... me... go..." The man begged Qin Xia.

"Tell me and I will let you go." Qin Xia smiled.

Thus time, Qin Xia put some force on the man's neck.

"Okay.... okay... I will tell... you..." The man finally gave up. If he waited any longer, he might end up visiting King Yama.

"Good." Qin Xia threw the man to the ground.

The man growled in the pain. He coughed several times after his airway had been blocked by Qin Xia. He looked at Qin Xia as Qin Xia was some kind of demon.

"She was killed by many cultivators. They wanted her treasure. But she did not give the treasure. So... so..." The man stammered in his speech.

"So, what?" Qin Xia shouted.

"So, she had been tortured by them." The man answered in scared.

"Tortured... How?" Qin Xia asked. He was afraid to hear the answer from the man.

"They gang-raped her." The man could not help to tell the truth.

Qin Xia was trembling in anger when he heard about that. His assumption became the reality. "Then?"

"They made her as a punching bag. She was alive about 2 weeks until she was accidentally killed by them." The man told him what happened.

Qin Xia closed his eyes. He could imagine how much pain, she had suffered. It was because he was not there by her side.

"How about that man? Does he look and do nothing?" Qin Xia asked.

The man tried to recall who that man was. Then he remembered about that.

"The man had been caught by someone powerful before she was caught by them." The man said.

"Tell me the names of those bastards." Qin Xia ordered.

"But... they will kill me if they find out that it is me who leaked the information." The man was scared.

"They will not find out if I kill them first." Qin Xia leaked out his aura.

#### **Chapter 1012 - 1012: HuiQi Jade's Opening Ceremony Part One**

She was watching Tang Han Lee opening the bandage on Wen Ding's eye. It was one week after the procedure. Wen Ding was resting at her house all this time. Her husband, Mo Jiarong was beside her too.

Tang Han Lee slowly revealed her eye under the bandage. Her eye was still closed. Wen Ding was kind of scared to open her eye.

"Madam, you may open your eye. Slowly." Tang Han Lee said.

Wen Ding slowly opened her eye. When she opened her eye, she could see her husband's face. Then she smiled and hugged her husband. Tang Han Lee and Yu Qi were also smiling, seeing the couple being happy.

"We need to check something first." Tang Han Lee said.

"Oh, I am sorry." Wen Ding sat back waiting for Tang Han Lee to check the condition.

Tang Han Lee checked her condition. He made sure that everything was fine. The mass behind her eye had been removed successfully.

"Everything looks fine to me. If you feel some pain or uncomfortable, please come to the hospital and have it checked." Tang Han Lee told Wen Ding.

"Thank you, Doctor Tang." Wen Ding said to Tang Han Lee and turned to Yu Qi. "Thank you, Doctor Tang. Eh, you have the same surname." She just realized it.

"Well, he is my brother." Yu Qi said.

"Oh, really? Anyway, thank you so much. If not for you, I might lose my eye. Thank you so much." Wen Ding shook Yu Qi's hand hard.

...

It was time for the opening of HuiQi Jade. Yu Qi held the opening ceremony. People often went to shopping on the weekend. So, it was a perfect time to start the business. Grandpa Tang, both of her aunties, and Tang Jin Wei were also here to celebrate the ceremony. Both of her uncles and her brothers, Tang Han Lee and Tang Qin Hao had worked. So, they could not come. They just congratulated her over the phone.

Yu Qi invited some friends and acquaintances for the opening ceremony. Many people showed up at the ceremony. She also invited Zheng Zhuxian whom she had met in the stone gambling street.

At first, Zheng Zhuxian was very clueless as for why HuiQi Jade invited her to the opening ceremony. She thought because of her achievement in stone gambling that HuiQi Jade invited her in order to boost the popularity of this new store. But since HuiQi Jade had already invited her, it would be rude to decline the invitation. But she was surprised to see Yu Qi there.

Then she understood that she was invited since Yu Qi knew her. When Yu Qi told her that HuiQi Jade was Yu Qi's, she was surprised. No wonder, she saw Yu Qi purchase a lot of stones that day and not sell even one piece of the jade that she got. She was also surprised to see the people whom Yu Qi had invited.

She was so surprised to know Yu Qi's true identity and her work. She did not expect that Yu Qi was a doctor. She expected that she was a daughter of a businessman. Yu Qi stood in front of the people. She was about to speak. She smiled at the audience.

"Welcome to HuiQi Jade. Thank you for coming here. Today is a lovely day when HuiQi Jade would start to open its store. As you know, our store is selling jade. You may find many pieces of jade which have been designed into beautiful jewellery as well.

Now, I would like to invite, my Grandpa to cut the ribbon." Yu Qi called Grandpa Tang to cut the ribbon.

Grandpa Tang walked forward, approaching Yu Qi. He looked handsome with the suit that he wore today. Yu Qi handed out the scissors to Grandpa Tang. So, Grandpa Tang cut the ribbon. There was loud clapping.

"Thank you, Grandpa. So, the store is officially opened to the customers. As for today, we are having a discount of up until 20%. We have also offered everyone to be our HuiQi Jade's member with a purchase of over 10,000 RMB. With the membership, you can enjoy the discount until up 30% until the next purchase." Yu Qi smiled as she promoted the membership.

"You can look around and enjoy the refreshment that is being offered over there." She added while pointing to the refreshment section.

With this, the staff opened the door. The store interior design was very modern and luxurious. Yu Qi chose the pearl white colour. Because of that, the piece of jade became more attractive.

Everyone entered and looked around the store. The design of the pieces of jewellery were very beautiful.

"Congratulation, Yu Qi." Qin Xia came with his secretary, Min Liang.

"Thank you for coming, Brother Xia." Yu Qi was glad that Qin Xia managed to come here to celebrate, despite his busy schedule.

"You are really impressive." Qin Xia said.

"It is nothing. Brother Xia is more impressive than me." Yu Qi smiled.

Qin Xia was happy to see Yu Qi. It had been a while since he saw her. He just heard about her from his secretary.

"Brother Xia, you can look around. If you see something, make sure to buy it." Yu Qi smiled mischievously.

"Sure." Qin Xia nodded.

"Yu Qi, I am here." Feng Yue came with her boyfriend, Xia Zi Qie. "You have opened another one. When will you stop?"

Yu Qi laughed. "Welcome. Your grandfather is over there with my Grandpa."

### **Chapter 1013 - 1013: HuiQi Jade's Opening Ceremony Part Two**

"These jades, are they from the last stone gambling that we have done together?" Feng Yue asked.

"Yeah." Yu Qi nodded.

"You mean, every stone has something inside, right?" Feng Yue wanted to confirm.

"Well, yes." Yu Qi confirmed it.

"That is freaking insane. How do you know there is something inside them?" Feng Yue could not believe that.

"I think I have talent in stone gambling." Yu Qi chuckled.

"If that Chi Yuan hears it, she might choke to death." Feng Yue laughed.

"Well, I will greet someone. You can go and take a look at my HuiQi Jade." Yu Qi said.

"Wait. One last question. HuiQi Jade. Is it what I am thinking?" Feng Yue asked.

"Indeed. It is our combined name." Yu Qi smiled.

"Okay... okay... You can go now." Feng Yue rolled her eyes and waved her hand.

Lu Qina and her husband, Fu Shi Zian also came.

"Yu Qi, congratulations. I just see some of the jewellery and they all look very beautiful." Lu Qina said.

"Thank you for coming, Auntie Qina, Uncle Shi Zian." Yu Qi said.

Fu Shi Zian just nodded. Yu Qi already knew that Fu Shi Zian was a quiet type of man. Lu Qina told her, the last time they had met.

"Where is Yue?" Lu Qina asked.

"Just, she is over there with her boyfriend. Oh, there she is." Yu Qi said.

"Okay. I will talk to her. You can go and greet people." Lu Qina said. She knew Yu Qi would be busy greeting her guests. So, she could go and talk to Feng Yue.

Yu Qi saw one of her acquaintances from Guanying City. Madam Yi and his two younger sons, Yi Liwei and Yi Sanyi. She went to greet them. It had been a while since she met them.

"Madam Yi, welcome. Thank you for coming here." Yu Qi said to Madam Yi.

"Yu Qi, long time no see." Madam Yi said.

There was a boy holding and hiding behind her leg. Yu Qi squinted and greeted Yi Sanyi.

"Little Yi, long time no see." Yu Qi smiled.

"Hello, Sister Yu Qi..." Li Sanyi greeted Yu Qi with a shy smile.

"You really strike in the business, right?" Yi Liwei said.

Yu Qi just smiled.

"By the way, the design is very good. I probably would bring one or two pieces back." Madam Yi said.

"Enjoy your purchase." Yu Qi nodded. "Little Yi, you can enjoy delicious cake over there."

"Thank you, Sister Yu Qi." Yi Sanyi nodded.

Yu Qi moved to greet Shu Jian Fan. She was together with a girl who had a camera in her hand. Yu Qi assumed that she was a reporter from Hundai Magazine since Yu Qi called Shu Jian Fan, specifically for some promotion because Shu Jian Fan was the vice president of Hundai Magazine.

"Miss Shu, welcome." Yu Qi said.

"Doctor Tang, thank you for inviting me. I have never thought you will be involved in this type of business. I am sure impressed with you." Shu Jian Fan said. "By the way, thanks for letting this exclusive news be in our magazine. I will make sure to promote your shop as well. This is our reporter, Jung Xiao."

"Hello... Yeah. I want people to know about the store." Yu Qi said.

"Don't worry. We will put a nice word for your store." Shu Jian Fan laughed.

"Well, then, please take a look at the pieces." Yu Qi said.

"I am sure." Shu Jian Fan nodded.

Next, she saw two families, Xian Family and Lu Family. Xian Su Yan was the girl that Yu Qi saved while she was hiking at Guanying City. While Lu Tangxiao was her fiancé. They were together with their parents, Xian Song Yin and his wife, Duan Qi Qi and Lu Chong Be and his wife, Wen Nie.

"Hello, welcome." Yu Qi greeted them.

"Hello, Doctor Tang." Xian Su Yan replied.

"My dear, the design is very beautiful. I have never thought jade can be designed like that. I will purchase some pieces today." Wen Nie said.

"Same here too. I have already found what I am going to buy later." Duan Qi Qi laughed.

The two husbands looked at each other and could only smile. Lu Tangxiao laughed when seeing his father and his future father in law.

"I think I want something too." Xian Su Yan said while looking at Lu Tangxiao who was currently laughing.

When listening to Xian Su Yan's sentence, Lu Tangxiao quickly stopped laughing and said, "Let's go and see which one that you prefer."

It was very rare for Xian Su Yan to like some accessories. She was the type that disliked wearing jewellery. So when Lu Tangxiao heard that Xian Su Yan wanted to buy something, he looked excited as hell.

"Choose... choose... Don't forget to register to be our store member." Yu Qi said.

"We will register later." Wen Nie nodded.

She and Duan Qi Qi liked jade so much. They knew about jade very much. When they were looking around, they noticed that this store had many of the rare jaded.

"I saw so many rare jades inside the store. How do you get such rare jade?" Wen Nie could not hold back her curiosity and asked Yu Qi about that.

Lu Chong Be changed his expression when hearing his wife's question. That question should not be asked.

"I got them by stone gambling." Yu Qi seemed did not mind telling them.

They heard and were pretty shocked about this.

### **Chapter 1014 - 1014: HuiQi Jade's Opening Ceremony Part Three**

"Are you serious?" Xian Song Yin asked.

"Yeah." Yu Qi nodded.

They were very impressed by that.

"If Senior Chu Ming heard about this, he would like to take you as his student." Xian Su Yan commented.

"Chu Ming... Oh... him... I have met him once at the stone gambling street." Yu Qi said.

How could she forget about that? He was Chi Yuan's teacher.

Then Yu Qi saw another couple. The woman was bringing the baby in her arm.

"I will greet others. Enjoy." Yu Qi left the Xian and Lu Family.

Yu Qi approached the couple. The couple was Sian Zhang and Zhi Lin Lin. They were the couple that Yu Qi saved the wife from the robbery.

"Mr and Mrs Sian, welcome." Yu Qi said.

"Yeah, thanks for inviting us." Sian Zhang nodded.

Yu Qi's eyes moved down and looked at the baby. "How old is this baby? Girl or boy?"

"One year and three months and it is a boy." Zhi Lin Lin said.

"I see. What a cute baby!" Yu Qi praised the cuteness of the baby. "Hmm... can I hold him?"

Zhi Lin Lin chuckled. "Sure." She gave the baby to Yu Qi.

The baby was very calm when his mother gave him to someone else. So, Yu Qi was excited to hold the baby.

"What is his name?" Yu Qi asked.

"Sian Lin Zhang. It is a combination of our names. His pet name is Little Dumpling." Zhi Lin Lin said.

"Little Dumpling... How cute." Yu Qi looked at the baby.

The baby reached out his hand toward Yu Qi. He made some baby sounds. Yu Qi felt that she wanted to have the cute baby too someday.

"Qi Qi..."

Yu Qi then heard the voice that she wanted to hear. She turned back and saw Long Hui in his suit. Long Hui walked towards her. His eyes saw the baby in her arms.

"Brother Hui, you come. Look. Is this baby cute?" Yu Qi showed the baby to Long Hui.

Long Hui knew his beloved Qi Qi's fondness towards the cute things. "Hmm... It is cute." He added in his mind saying that their baby would be cuter.

"This is Little Dumpling. He is the son of my acquaintances, Sian Zhang and Zhi Lin Lin." Yu Qi introduced Little Dumpling to Long Hui. "This is my fiancée."

"Hi..." Zhi Lin Lin greeted.

While both of the men nodded, acknowledging each other. Sian Zhang felt he had seen this man before. Then he remembered that this man belonged to the military. He was Long Hui, probably the future General.

"Ah...Ah....." Little Dumpling made other sounds. He was struggling too.

Seeing this, Yu Qi gave Little Dumpling back to his mother. Zhi Lin Lin looked at her son. n-/Ove**el**bln

"He is probably hungry or wants to change his diaper. I will go and check. We will excuse ourselves. Dear... Let's go." Zhi Lin Lin said. Sian Zhang nodded and followed his wife like a servant with a bag in his hand.

"Mr Sian is like a servant to his wife." Yu Qi laughed.

"Well... I don't mind being your servant. As long as I get my payment during the nighttime." Long Hui whispered close in Yu Qi's ear.

Yu Qi stepped one step away from Long Hui while holding her ear in which Long Hui had whispered. She glared at Long Hui with a red face. She felt Long Hui wanted to tease her right now.

"Don't tease me." Yu Qi said.

"Well, I will not tease you." Long Hui just smiled.

Yu Qi looked at Long Hui with narrowed eyes.

"Okay... okay... I will not tease you anymore. Let's go. I want to greet your Grandpa." Long Hui gave up teasing his beloved Qi Qi for now.

"Let's go." Yu Qi grabbed Long Hui's hand and went to her grandpa.

Her grandpa seemed to talk to Qin Xia. Long Hui narrowed his eyes while walking towards them. Qin Xia turned and saw Long Hui.

"Grandpa." Long Hui greeted Grandpa Tang.

Grandpa Tang nodded.

"Colonel Long... Long time no see." Qin Xia greeted Long Hui.

"Yeah. It has indeed been a long time." Long Hui said.

"I have thought you are busy with your work." Qin Xia made a remark.

"I have some time today. It is me who should say that I have never thought to see you at my fiancée's shop." Long Hui continued.

Feng Yue and Xia Zi Qie were not far from both of the men. Feng Yue was actually excited to see the battle between her cousin and that man, Qin Xia. Feng Yue could feel that Qin Xia cared about Yu Qi very much. His cousin was jealous of the care given by Qin Xia towards his fiancée.

"An epic battle is about to happen." Feng Yue commented.

"Epic battle? What are you talking about?" Xia Zi Qie asked.

"Love rival battle." Feng Yue laughed. She pointed towards Qin Xia and Long Hui. "That battle. My cousin vs that man."

"Why?" Xia Zi Qie did not know much about the men.

"Yu Qi is my cousin's fiancée. My cousin is jealous when a man cares so much about his fiancée." Feng Yue made a simple explanation.

"Oh... I see..." Xia Zi Qie could understand from that. He knew the feeling. He also became jealous as he saw Feng Yue talking to some other men. He knew that Feng Yue was probably talking about some work stuff but he could not help to feel the jealousy.

"I also have some free time today. So, I come to congratulate Yu Qi." Qin Xia added.

### **Chapter 1015 - 1015: Want Qin Xia's Contact Information**

"You should take care of your business. Otherwise, it will go bankrupt." Long Hui said while smiling.

"You don't need to worry about me. I have many capable employees under me. So, they can take care of the small matter for me." Qin Xia also smiled. "You should pay attention to Yu Qi more. You don't know that danger is lurking about her." This time, Qin Xia said in a serious tone.

Long Hui frowned. "What do you mean by that?"

Yu Qi was also curious about Qin Xia's statement. She turned and looked at Qin Xia.

Qin Xia grabbed a glass of wine. He did not drink it. Just moved his hand, making the wine sway around following his movement.

"After this, Yu Qi will become more popular. She probably will be targeted by someone, for any reason. Money, jealousy and others." Qin Xia continued to talk. "So, be sure to protect her well." 'So, she will not die again in this life.' He said the last sentence in his mind.

"You don't need to worry about that. I will protect her." Long Hui said.

"Thank you for the advice, Brother Xia." Yu Qi smiled.

Yu Qi felt like she knew Qin Xia for a long time ago. Qin Xia was like her brother. However, it was different from Tang Brothers. His care was different.

Long Hui thought about the matter Qin Xia was talking about. This store was the first store that Yu Qi wanted others to know that it was her store, unlike her other businesses. Yu Qi had mentioned this through the store's name, HuiQi Jade. She wanted everyone to know that this store was hers.

With that exposure, people sure would pay attention to her. Some people would have bad intentions towards her. He was also worried about that.

He thought he would send a few bodyguards to guard Yu Qi. However, he would not tell her since she probably disliked being guarded like that. It was for her safety.

"Don't worry much about that, Brother Hui and Brother Xia. I know how to protect myself." Yu Qi was oblivious of what Long Hui was thinking now, said with a smile on her face.

Even though, Qin Xia was worried. He knew that Yu Qi was strong enough to protect herself but not everything could be predicted. He knew that very well. Long Hui was also thinking the same way.

The ceremony ended at one o'clock in the evening. Some guests left with their purchased items. Some of them were registered as members of HuiQi Jade. As the souvenirs for her guests, Yu Qi gave them, the cufflinks for the men, while the women would get a pair of earrings. Of course, it was made with jade.

Yu Qi handed out the power of management to the new manager whom she had hired, Mo Bouyan. However, the power of decision was in her hands, so he needed to ask for permission first. He would receive help from Lu Yeyang. So that, Yu Qi would not get disturbed often.

Of course, she already gave a warning to Mo Bouyan if he tried to do something to HuiQi Jade, he would not like the consequences of doing so.

"Doctor Yu Qi, how did you open such a luxurious store like that?" Nurse Wong asked.

It was the lunch break. They were at the cafe. Yu Qi was eating lunch with other nurses and doctors. The nurses were reading the magazine that had featured HuiQi Jade key aspects. The magazine told that the owner was the doctor in front of them.

"Well, my investment has turned out well." Yu Qi just smiled.

"Forget about it. Look. This is your fiancée, right Doctor Yu Qi?" Nurse Ang asked.

"Yeah." Yu Qi nodded. It was her picture together with Long Hui and Qin Xia. Nurse Ang pointed at Long Hui.

"Then, who is this handsome man beside you?" Nurse Ang asked again.

"He is my friend." Yu Qi saw Nurse Ang had pointed at Qin Xia.

"Is he your pursuer too?" Nurse Ang was excited about the possibility of the triangle love.

"No. He is like my brother." Yu Qi did not feel that romantic feeling coming from Qin Xia. Qin Xia also confirmed that too.

"Then, is he single?" Doctor Shing Wen asked.

"Well, I don't know about this matter. It is not like we often meet." Yu Qi thought about that.

"Really? Can I have his contact information?" Doctor Shing Wen asked.

"Well, I don't think that I can give it to you. Sorry." Yu Qi said.

"Really? Never mind then." Doctor Shing Wen gave up.

"Well, Doctor Yu Qi, I think someone is looking for you." Nurse Ang said while looking behind Yu Qi.

"What?" Yu Qi turned around.

She could see Nie Feng La walking towards her. They knew that Nie Feng La was looking for Yu Qi. So, they finished eating and left Yu Qi alone. They were a little afraid when seeing the two bodyguards behind Nie Feng La.

"She already has a fiancée. Why do other men look for her so often?" Nurse Ye Sui was sitting far away but still could see Yu Qi, asked her coworker who was eating with her.

Her tone was telling something bad. Her coworker could sense it.

"How could I know about that?" Her co-workers disliked that tone.

Nurse Ye Sui was the friend of the woman who failed to catch Long Hui's attention and ended up in the hospital due to her butt implant being burst.

Her coworker quickly finished eating and left her alone. Nurse Ye Sui was speechless.

### **Chapter 1016 - 1016: You Already Bring Danger To Me**

"What do you want?" Yu Qi asked, coming straight to the point.

Nie Feng La took a seat in front of Yu Qi while his bodyguards stood behind him. Yu Qi did not have any expression of fear on her face.

"I have heard about your jade store." Nie Feng La said.

"Is that so?" Yu Qi raised her eyebrows.

"Why don't you invite me as well?" Nie Feng La asked. He seemed to be sad.

"Sir, the ceremony is only for my friends." Yu Qi said.

"So, am I not your friend?" Nie Feng La asked.

"A friend never threatens." Yu Qi snorted.

She had not been threatened once by him but twice. How could she be in a familiar relationship with him? She did not dare.

Nie Feng La frowned. He did not know what to do. It was his first time that woman treated him like this. Usually, it was the woman who came and wanted to please him but not the other way. If something did not go on his way, he would make it go his way.

"I am sorry for that." Nie Feng La suddenly apologized.

Yu Qi was taken back by that apology. She did not expect Nie Feng La to apologize to her like this.

"I have fallen in love with you. I want you to respond to my love." Nie Feng La sighed.

Once again, Yu Qi was taken aback by this sudden confession of love by Nie Feng La.

"At first, I thought you are so indifferent. You did not seem to get scared when coming inside my ward and checking my condition despite my scary-looking bodyguards present there. When I asked my bodyguards to invite you, you beat up them and asked me to come by myself, I found you so interesting. Even after I threatened you twice, you still did not show any fear towards me. That's when I realized that I am already in love with you." Nie Feng La confessed.

Yu Qi could not say anything for a while. Then she sighed.

"I am sorry. But I really can not respond to your love. I already love someone else. I am sorry." Yu Qi apologized twice for rejecting Nie Feng La's love.

"I know. That man is Long Hui, right?" Nie Feng La said.

"Yeah. He is." It was not a secret, though.

"Are you sure he can protect you?" Nie Feng La asked. n..0re**lb**1n

"Of course, he can. Even if he can not protect me, I can protect myself." Yu Qi said. "Not like I am with you, I am going to be safe, right? By being your side, it is more than dangerous."

Nie Feng La's lips twitched. It looked like Yu Qi already knew who he was.

"How long do you know about that?" Nie Feng La asked.

"When you threatened me, I already investigated about you." Yu Qi just smiled.

"That's right. It is more dangerous when you are by my side, but I am confident that I can protect you." Nie Feng La declared.

"Even if you can protect me, you have already brought danger to me." Yu Qi said.

"What do you mean by that?" Nie Feng La said.

"Don't you understand? Your enemy will investigate as for why you are coming here repeatedly. Then they will find out about me. And what do you think they will do to me?" Yu Qi asked.

Nie Feng La frowned. Indeed, it was the truth.

"I am sorry. I will ask someone to guard you." Nie Feng La did not think that far.

"No need. My fiance has already put someone in that position." Yu Qi said.

She knew after the ceremony, people who were watching her had increased. There were two other parties. One was from an unknown source, while one was probably from Long Hui.

"But... it is my fault. I can help you." Nie Feng La said.

"Mr Nie, I don't want to be rude but you can help me by not appearing in front of me anymore." Yu Qi wanted to finish this.

Nie Feng La was silent when hearing the request from Yu Qi. He knew that it was the best solution.

"I guess that's all. I hope Mr Nie, you can agree to that." With that, Yu Qi stood up and left the cafe leaving Nie Feng La with his two bodyguards.

.....

In a room...

"Sir, the report is indeed true." A man gave a file to the man in front of him.

That man seemed to enjoy his wine. He took the file and read the information inside the file. His eyes showed that he was interested in the information.

"I have never thought that he will be interested in a woman. Hahaha... it is interesting." The man drank the wine in one go and took the bottle again, poured the wine into his glass.

"Hmm... This woman is a very good looking one. No wonder that brat likes her. If I catch her, that brat will definitely follow my order." The man laughed again.

"Sir, it will be very difficult." His subordinate said.

"Huh? Why is that?" The man asked. What was the difficulty in catching a woman? It was just a woman.

"This woman has a special identity, Sir." His subordinate explained.

"Special identity? Who is she anyway?" The man asked.

"She is the fiancée of Colonel Long Hui. It is not wise to touch his fiancée, right now, Sir." His subordinate told him.

"What? Is she that man's fiancée?" The man was shocked.

### **Chapter 1017 - 1017: Use Her**

"Yes, Sir." His subordinate nodded.

"Hmm... If she is that man's fiancée, it is indeed not wise to touch her. We may hurt ourselves in the process." The man thought about that.

That man was a devil. He already fought with that man indirectly. Each time, he was defeated by that man. If something happened to his fiancée and he had hands in this matter, it would not take so long for Long Hui to find out. He did not want to take a risk. n)/0ve1b1n

However, after a while of thought, he had a great idea.

"Do you think Long Hui knows about that brat wish to covert his fiancée?" The man asked his subordinate.

"Hmm... I don't think so." His subordinate said.

"Then, find the ways to leak the information about that brat pursuit of his fiancée to Long Hui. Long Hui will get rid of that brat for me. If so, I don't have to dirty my hands to get rid of that brat." The man laughed.

"Yes sir." His subordinate nodded, accepting the order.

"Tin Song, what are you talking about?"

A woman came in bringing some food and put the food on the table. She then sat beside Guang Tin Song.

"Something is interesting happened." Guang Tin Song laughed.

The woman managed to take a look into the file. She was shocked to see the content inside the file and grabbed it to read more.

Guang Tin Song was very startled to see the woman behave like that.

"What happens?" Guang Tin Song asked.

The woman ignored him and while reading the content, she gritted her teeth. Guang Tin Song looked at her and quickly asked her again.

"Tell me. What happen?" This time, Guang Tin Song demanded the answer.

"What is this about?" The woman asked.

"Oh, this... This is the trap for Nie Feng La. It seems that he has fallen in love with this woman. What? Do you know her?" Guang Tin Song tried to guess.

"Yeah. I know her pretty well." The woman said. "She has seduced another man again. What a slut!"

"Again? You mean she is two-timing with other men while being engaged with that Long Hui?" Guang Tin Song asked.

This became more and more interesting.

"Probably. She was well known when she was in the university." The woman snorted.

"I see. Then... She can join our club." Guang Tin Song said.

"Do you want to bring her to the club? That's a great idea!" The woman seemed to get pleased about the idea Guang Tin Song brought out. "I think she would sell well among the customers."

"But... her fiance... it is not good to offend him. Even though she is two-timing him but she is still his fiancée." Guang Tin Song knew it was a good idea but still, Long Hui was a force to be afraid of.

"I don't think we need to worry about that. Long Hui is also a man. I am sure that he will dislike his woman being touched by other men as well. After he learns the truth, he will probably thank us for telling him about that woman's true colours." The woman said.

"You seem to hate her very much." Guang Tin Song commented.

"Of course I am. Because of her, I have to drop out of the university for which I had worked so hard to enter." The woman said.

Yeah... the woman was Fung Meng Xuan. After dropping out of Starlight University, she managed to continue her study at another university. While working a part-time job at a nightclub, she became an acquaintance of Guang Tin Song.

Guang Tin Song liked her. So, he pursued her. Since she was tight with money, she accepted him. Guang Tin Song was actually a good looking too. So, she did not mind being together with him even though he was a little older than her.

"Oh, you have a history with her..." Guang Tin Song glanced at the photo.

The woman in the photo was indeed a good looking one. Better than Fung Meng Xuan if he wanted to be honest. But, what a pity. She would be a tool to kill Nie Feng La.

"I don't mind if you want to torture her later but for now, don't touch her." Guang Tin Song warned Feng Meng Xuan.

"What? Do you like her too?" Feng Meng Xuan asked in anger.

"Of course not, my dear. As I have told you before, Nie Feng La has taken a liking to her. I want to use Long Hui's hands to get rid of that brat." Guang Tin Song tried to calm down his girlfriend.

"Huh? What are you talking about?" Fung Meng Xuan asked.

"I want Long Hui to know about Nie Feng La pestering his fiancée. So, Long Hui will deal with Nie Feng La." Guang Tin Song told his plan to Fung Meng Xuan.

"I see." Fung Meng Xuan nodded several times.

"After that, I will try to think the ways of how to kidnap her to our club without Long Hui knowing about that." Guang Tin Song elaborated more about that. "After that, you can do whatever you want to that woman."

"Really? I can't wait for that day. After all, she had made me drop out, I have been looking forward to payback her for that." Fung Meng Xuan displayed a cold smile.

"Don't worry, my dear. You will be happy later." Guang Tin Song kissed Fung Meng Xuan.

### **Chapter 1018 - 1018: Su Xiao's Pain**

Yu Qi never got to know about the horrifying plan, made by the two of them. Even she knew it, she would only laugh. About Nie Feng La, Long Hui already knew the matter since Yu Qi had told Long Hui everything about him.

Long Hui asked Liang Mo Han about Nie Feng La. Liang Mo Han knew Nie Feng La pretty well since they were in the same industry. Nie Feng La was a businessman but was also involved in the black market too.

When Liang Mo Han knew that Nie Feng La had confessed to Yu Qi, he gave a respectful salute to Nie Feng La because he was so brave to confess, even after knowing the fact of Yu Qi being Long Hui's fiancée.

Liang Mo Han bet that Nie Feng La had already investigated Yu Qi. He must have definitely found the information saying Yu Qi was Long Hui's fiancée. Everyone knew about it.

Liang Mo Han had handed out the information to Long Hui and waited for Long Hui's order. He felt that it was a shame for Nie Feng La to be destroyed.

"What do you think about him?" Long Hui asked Nie Feng La via telephone.

"Well, to be honest, I think he is a good one." Liang Mo Han gave an honest opinion about what he had thought about Nie Feng La. "He is like me, you know. We are not here because we want to. It is because of our family."

"I see." Long Hui went silent for a few moments before continuing, "I will let him be since he has not done any harm to Qi Qi yet."

"Oh... okay." Liang Mo Han knew that Long Hui made the decision due to his words just now.

....

After a few online interactions between Yu Qi and the mysterious Mr Jack, she finally found out that Mr Jack was from Country Mawan. A country surrounded by the ocean. After getting the information, Yu Qi asked Han Baise to investigate the country.

Yu Qi never knew that such a country existed in the first place. Not even in her past life. So, she really had no clue about the country. Yu Qi would let Han Baise dig about the country.

After dinner, they went separate ways. Yu Qi went to take some fresh air in the garden. Grandpa Tang went to his bedroom which was the same as her aunties, Ming Yue and Su Xiao.

As for Su Xiao, her belly was getting bigger. She could not walk freely and needed help from others. Yu Qi asked one of the maids to stay inside the room at night when her uncle, Tang Jang Qin was not around due to night duty. She was afraid to let her auntie, Su Xiao to sleep alone in case something happened.

And that plan paid off. One hour after dinner, the maid ran out of Su Xiao's room asking for help. ~~no~~<sup>E-</sup>  
In

"Help... Second Madam is in the pain." The maid shouted loudly, even Yu Qi who was currently outside in the garden was able to hear it.

Yu Qi quickly went to Su Xiao's room. On the way, Yu Qi saw Grandpa Tang and Ming Yue who was also heading towards Su Xiao's room. They entered the room together. They could see that Su Xiao was groaning in pain.

Grandpa Tang checked her condition. He announced that Su Xiao was ready to give birth. Luckily her amniotic fluid had still not broken. They needed to go to the hospital.

"We have the ambulance van in the garage. Go and ask Pei Xian to get ready." Grandpa Tang ordered butler Hang.

With that Butler Hang ran outside and called Pei Xian to take the ambulance van out.

"Yu Qi, call the hospital to get ready to receive us and prepare the labour room ASAP." Grandpa Tang told Yu Qi.

Yu Qi quickly called their hospital.

"Hello, I am Doctor Yu Qi. In 15 minutes, you will receive a pregnant woman who is about to give birth. Please prepare the labour room." Yu Qi called the registration counter of the Department of Obstetrics & Gynecology.

"Who is the woman, Doctor Yu Qi?" The nurse asked.

"Director Tang Jang Qin's wife. Please inform him too." Yu Qi mentioned Tang Jang Qin's name.

"What? We will prepare the room right now." The nurse answered it.

Su Xiao was still groaning in pain in the bed. She remembered the pain when she was about to give birth to Tang Qin Hao a long time ago. Butler Hang entered the room and told that the ambulance van was ready. The problem was right now, how to take Su Xiao into the ambulance.

Yu Qi steadily lifted up Su Xiao and moved out of the room. Su Xiao moved her room to the first floor after finding out that she was pregnant. So, it was easy for Yu Qi to bring her to the ambulance van.

Yu Qi slowly put Su Xiao on the bed inside the ambulance van. Grandpa Tang had already entered the ambulance van and sat at the passenger seat. While Yu Qi and Ming Yue accompanied Su Xiao in the back.

Pei Xian put on the siren and drove towards the hospital. He drove fast. Since it was already dark outside, there were not many cars on the road. They seemed to give way to the ambulance van to go first.

"Auntie Su Xiao, you will be fine. We are about to arrive at the hospital." Yu Qi gave encouragement to Su Xiao.

"Yeah. Su Xiao, you will meet your husband later. After this, you will give birth to a beautiful baby." Ming Yue said too.

### **Chapter 1019 - 1019: Tang Bo Lin & Tang Heng Nuo**

Then, they arrived at the hospital. Since the hospital had been informed by Yu Qi, they were already ready to receive Su Xiao. They moved as fast as they could to bring Su Xiao to the labour room.

All the Tang Family members had been informed. Since they were already at the hospital, they rushed to the labour room where Su Xiao was except for Tang Jang Qin. He was still in the surgery room at the moment.

Grandpa Tang entered the labour room. The doctor in charge told him that the amniotic fluid had just broken. However, the cervix was not open enough for the baby to get out.

Grandpa Tang was about to answer when the door was opened from outside. It was Tang Jang Qin.

"Is my wife okay?" Tang Jang Qin asked in a worried tone.

It was dangerous enough for his wife to continue the pregnancy when she was in her 40's but because she liked the kids very much, she had taken the risk to continue the pregnancy.

After finishing the surgery, he had been informed that his wife had been pushed into the labour room. So, he got rid of the surgery gown and ran towards the labour room. He could see his whole family was waiting outside the labour room.

So, he entered the labour room and saw his father and the doctor who was talking about his wife.

"Director, your wife's amniotic fluid has just broken but her cervix has still yet opened. So, what do you want to do?" The doctor asked.

"Do the C-section." Tang Jang Qin decided.

"Okay." The doctor nodded as she prepared to do the caesarean section.

Grandpa Tang went outside since Tang Jang Qin was already here. Tang Jang Qin went to his wife's side.

"Xiao Xiao...? I am here." Tang Jang Qin grabbed his wife's hand and kissed her forehead.

"Husband, it hurts." Su Xiao said to Tang Jang Qin.

"Hmmm... I know. It will be fine soon. The next moment, we are going to have a baby. You have worked so hard until now." Tang Jang Qin comforted his wife.

"Is Auntie Su Xiao okay, Grandpa?" Tang Jin Wei asked.

"She will be okay." Grandpa Tang nodded.

Even though Tang Qin Hao looked calm, inside, he was very nervous. It was his mother who was inside there.

About an hour later, the surgery was completed. Su Xiao gave birth to two babies, a boy and a girl. They did not expect this result since when they had scanned, they only saw one baby only. It was possible to miss the other one if she hid behind her brother.

Everyone was happy with the news. They welcomed two new family members at once. The doctor checked the babies. Even though one of them was small yet both of them were healthy. One weighed about 2.5 kilograms while another one weighed around 1.9 kilograms. However, they could not leave the hospital for some period of time.

Pei Xian drove Grandpa Tang, Ming Yue and Yu Qi home. They would come back tomorrow.

...

After finishing her round, she went to see Su Xiao. Luckily she had no appointment with her patients. When she arrived at the room, she saw Grandpa Tang, Tang Jang Qin and Ming Yue were inside the room.

The babies had also been placed beside Su Xiao's bed. They were sleeping soundlessly. Yu Qi entered quietly.

"Aunt Su Xiao, how are you?" Yu Qi asked Su Xiao.

"I am fine. But all thanks to you that? we managed to go to the hospital faster yesterday." Su Xiao remembered that Yu Qi lifted her up effortlessly.

"What happened?" Tang Jang Qin asked.

"Yesterday, Su Xiao was on the bed. She could not stand up due to the pain. So, it was Yu Qi who lifted her up and brought her into the ambulance." Ming Yue explained.

"Oh... I see. Thank you, Yu Qi." Tang Jang Qin thanked Yu Qi.

"No need for that, Uncle Jang Qin. We are family." Yu Qi shook her head. "By the way, have you decided the names for the babies?"

"Yeah. We have decided. For the boy, his name is Tang Bo Lin and for the girl, her name is Tang Heng Nuo." Su Xiao smiled as she told their names to Yu Qi.

"Bo Lin and Heng Nuo... These names are good." Yu Qi looked at the babies. "Welcome to this world, Bo Lin as well as Heng Nuo."

Tang Bo Lin and Tang Heng Nuo made some movements after Yu Qi talked with them.

"Oh, they are responding to you, Yu Qi." Su Xiao chuckled.

Yu Qi laughed. The babies were so cute.

The news about Su Xiao who had given birth spread across the hospital and among their friends. They were surprised not because Su Xiao was pregnant but because she gave birth to a pair of twins, not to mention at that age.

Some of their friends came and visited them. Among them was Yung Ha Ren. She came to visit her.

"Congratulations, Su Xiao." Yung Ha Ren said.

"Thank you." Su Xiao said.

"Are they your babies? How cute!" Yung Ha Ren's heart became soft as she looked at the small babies.

"Yeah. Tang Bo Lin and Tang Heng Nuo." Su Xiao introduced the babies to Yung Ha Ren.

"You are so lucky, Su Xiao." Yung Ha Ren smiled. "Can I carry one of them?" She requested.

"Sure." Su Xiao nodded. She knew about Yung Ha Ren's history. She lifted up Tang Bo Lin and gave him to Yung Ha Ren.

Yung Ha Ren was happy to touch the baby.

#### **Chapter 1020 - 1020: Article About HuiQi Jade**

"How did you deliver them?" Yung Ha Ren asked.

"C-section. My cervix was not opening after my amniotic fluid had broken. So, my husband decided to do the C-section." Su Xiao said.

"I see. But having a pair of twins is worth it, right?" Yung Ha Ren smiled.

"Yeah. It is more than the worth. It is priceless." Su Xiao turned to look at her twins.

"I need to go now. I will come back in the future." Yung Ha Ren left reluctantly.

Tang Jang Qin came back after buying some food for his wife. He took some days off to accompany his wife and his newborn children.

"Here. Have some porridge." Tang Jang Qin prepared to feed his wife.

"I can eat on my own." Su Xiao was feeling embarrassing when looking at her husband's intention to feed her.

"Let me do it for you. You need some rest. Leave everything to me." Tang Jang Qin said. He was very grateful to his wife for risking her life, though she knew about the risk.

"Okay..." Su Xiao nodded.

So, Tang Jang Qin fed the porridge to his wife. When they were about to finish, the door opened. Tang Qin Hao and Yu Qi entered the room. They saw the scene. Su Xiao was pretty embarrassed when this scene had been witnessed by her son.

"I am full." Su Xiao said to her wife.

"Are you sure?" Tang Jang Qin felt his wife ate too little.

"Yeah." Su Xiao nodded.

"Okay." Tang Jang Qin put the porridge away. "You two don't have work?"

"We have already finished everything. If there is an emergency,? they will call us. We are not far anyway. So I come to see them." Yu Qi referred 'them' to the twins.

The twins seemed to see Yu Qi came to watch them as moved their fingers. Yu Qi instantly smiled when she saw this.

"You two are so cute." Yu Qi touched the baby's cheek. "Brother Qin Hao, look at them." Yu Qi asked Tang Qin Hao to join her.

Tang Qin Hao moved and approached the babies. He could see his younger brother and sister from a much closer distance. He wanted to touch the cheek too as Yu Qi did but out of sudden, Tang Bo Lin reached out and grabbed his finger with his hand.

Tang Qin Hao froze. He did not know what to do. Tang Bo Lin seemed to like his big brother too much that he did not let it go.

Yu Qi laughed when seeing Tang Qin Hao's expression. Tang Jang Qin and Su Xiao looked over when hearing Yu Qi laugh. They spotted the troubled expression on Tang Qin Hao's expression. They noticed what happened and started to laugh too.

After about one week of stay at the hospital, Su Xiao and the babies were finally allowed to return home. Everything was prepared but things were just prepared for one baby, not two babies.

After Su Xiao gave birth, Ming Yue noticed the problem. She quickly prepared for another one. Well, money was not the issue.

Su Xiao thanked her sister in law very much. Well, who could expect this result, when they had only thought to have one baby. Surprisingly, they got two babies.

The maids were so excited to see the newborn babies. Now the house had the little young master and young miss to be served.

.....

Chi Yuan was drinking the tea alone. Since there was a magazine on the table, she picked and started to read it. When she turned over the pages, she noticed something.

It was a picture of Yu Qi and Long Hui. The caption was 'HuiQi Jade... Your new Jade store.'

She read the article. It said that Yu Qi was the owner of the HuiQi Jade. They also explained her identity as Long Hui's fiancée. And the fact of that HuiQi Jade was a combination of Yu Qi and Long Hui's name.

Chi Yuan remembered the day when she met Yu Qi and Feng Yue. She remembered that Yu Qi had bought a lot of raw stones on that day. Was this the reason behind Yu Qi's purchase of her stones?? Did each stone which she had brought have jade inside them?

If every raw stone that Yu Qi bought, all had at least one piece inside, then it was very terrifying.

She was in deep thought when Grandma Wei and Wei Su Kee came and sat in front of her.

"Yuan-er... Yuan-er..."

Chi Yuan finally snapped out of her thoughts. She looked forward and saw Grandma Wei and Wei Su Kee who was already sitting in front of her.

"Grandma Wei, Su Kee. You are here. Sorry, I have not noticed you earlier." Chi Yuan smiled.

"What has made you fall into such a deep thinking?" Wei Su Kee asked.

"Oh, nothing." Chi Yuan smiled.

Wei Su Kee's eyes looked at the opened magazine. Chi Yuan did not actually close or turn over the page where the HuiQi Jade article was featured. Wei Su Kee grabbed the magazine and read it. There was nothing for Chi Yuan to stop Wei Su Kee from reading the article.

"Grandma, look. It is Brother Hui and his fiancée." Wei Su Kee showed it to Grandma Wei too.

"Huh?" Grandma Wei looked over and saw his stubborn grandson and his fiancée. She then asked.?

"What are they writing about them?"

"It says his fiancée has opened the new Jade store, HuiQi Jade which is currently selling a lot of jades." Wei Su Kee said.
