Chapter 1031 - 1031: We Are Safe Now

"Drag him too." Yu Qi ordered Aoi.

'Huh? Why? Just let him here.' Aoi threw a disgusting look at the leader.

"We need someone to report to his boss about this." Yu Qi said to Aoi.

With that, Aoi gave up asking. He grabbed the leader collar using his tooth. He did not struggle to pull the leader.

"Since we need time to run out, this grenade is not suitable. I need a time bomb." Yu Qi suddenly said.

She stopped walking and she was thinking of something. She turned around and looked at the leader. The leader could not see her at all because Aoi pulled his collar, his sight was facing in the back direction.

"Wait here." Yu Qi said.

Yu Qi disappeared. She went inside her space to get something. She appeared back in front of Aoi with a bag. Well, the bag that filled with the mini time bomb. She was smiling.

She walked around avoiding the CCTV. She also asked Aoi to do so. Aoi followed her order. She saw the vase. She decided to put one inside the vase. She put the other four in various places.

"I think I am done. Let's leave this floor." Yu Qi said.

Both of them left the floor using stairs. Aoi did not even consider the leader. He was pulled by Aoi going to the stair. The leader felt very pain in his whole body.

When they were three floors away from that floor, they could hear the loud explosion. The leader was shocked to hear that.

'Did she use the explosion just now?' The leader was thinking.

"Oh, they exploded."

That comment from Yu Qi confirmed his thought. His eyes opened widely. He looked at Yu Qi with a scared expression. Why was his boss wanted to offend this woman? She was not a woman. She was a devil.

"I guess we need to leave you here." Yu Qi said to the leader. "If you are alive, please tell your boss, I will make him for today. Be sure to tell him, okay? Oh, one more thing, I guess you will never tell the police about me." Yu Qi's eyes turned cold. "Otherwise you will die without you even knowing it."

Everything became chaos. Everyone ran to save themselves. Since elevators were not working, they quickly use the emergency exit. Luckily Yu Qi and Aoi were quick to run away from the building, otherwise, they would meet each other.

Someone saw the leader and helped him to get out of the building as well. The building was on fire. The fire department had been called as well as the police. The ambulance also had been called for the leader. He was brought to the nearby hospital. Others were not injured.

The floor below the floor which had been exploded was also on fire. The fire was very big and it was hard to control since it was in the high building. The fire department needed to use the helicopters to put the fire down. After one hour and a half, the fire finally could be controlled.

Yu Qi and Aoi went to find Wei Ying. They could find Wei Ying easily since Aoi traced her smell. She was sitting inside the cafe at the hidden corner. She was afraid when she sensed someone was approaching her.

"Wei Ying, it's me."

Wei Ying stood up and hugged that person. She immediately cried very hard.

"Doctor Yu Qi, it is good that you are safe." Wei Ying managed to say the sentence through her sobbing.

She was crying so hard that made everyone look at them. Everyone inside the cafe was looking at them because they were curious as to why Wei Ying cried so hard.

"Wei Ying, stop crying." Yu Qi patted Wei Ying's back. "You and I are safe right now. We are safe now."

Yu Qi knew that this girl was very scared. Who was not feeling scared when someone suddenly appeared in front of you and took you away? Everyone did. Yu Qi asked the waiter to make some hot chocolate to Wei Ying.

"I am scared when you did not come out after a long time." Wei Ying was feeling a bit calm right now.

It was not a long time. It was only one hour after Wei Ying left the building and Yu Qi met her here. However, for Wei Ying who feeling scared, the one hour became the longest hour at that time. She could not do anything, other than wait.

"Everything would be fine after this. You don't need to feel scared anymore." Yu Qi urged Wei Ying to drink the hot chocolate to calm her.

Wei Ying drunk the hot chocolate.

"We need to go home. Hmm... my car is still in that building. We could not get the car since there are a lot of people around. I will call someone." Yu Qi said. "By the way, how about your belonging?"

"When those people grabbed and put me in the van, I dropped the bag." Wei Ying asked.

Everything was inside the bag. Her identity card, her phone, her house key... Everything... If those things went missing, it would be troublesome. She did not care much about anything but her identity card was the most important. To re-issue the identity card was very troublesome.

"If the bag dropped at the area around the hospital, the staff would probably collect that." Yu Qi said.

Chapter 1032 - 1032: Make A Police Report

Yu Qi called Tang Jin Wei. That time, Tang Jin Wei was having dinner with his girlfriend, Ke Su Su. He was confused when Yu Qi called him out of a sudden.

"What is it? Is the hospital calling?" Ke Su Su asked.

"No. It's my little sister." Tang Jin Wei said.

"You should pick up her call. It is probably important." Ke Su Su knew that the 'little sister' mentioned by Tang Jin Wei was Yu Qi.

"Hello, Little Sis." Tang Jin Wei answered the call.

"Brother Jin Wei, are you home right now?" Yu Qi asked.

Tang Jin Wei: "Nope. I am having dinner with Su Su. What is the matter?"

Yu Qi: "I see. Do you have any plan after dinner?"

Tang Jin Wei: "Not really. Why?"

Yu Qi: "Can you pick me at a cafe nearby the northeast Town?"

Tang Jin Wei: "What happen?"

Yu Qi: "Something happened. I lost my bag. Luckily I put this phone with me."

Tang Jin Wei: "Really? Okay. I will pick you up."

Yu Qi: "Don't rush over. Enjoy your dinner date first. I can wait until then."

Tang Jin Wei: "Okay. Wait there."

The call ended.

Ke Su Su looked at Tang Jin Wei and asked. "What is the matter?"

"She asks me to pick her up later. I don't know what happened yet but she said she lost her bag." Tang Jin Wei explained.

"Is she okay?" Ke Su Su worried.

"Listen to her tone, she is pretty normal. Do you mind if we go and pick her up later?" Tang Jin Wei asked.

"Don't worry. I am fine with that." Ke Su Su nodded.

At Yu Qi's side, Yu Qi told Wei Ying about that.

"Since we are already at the cafe, why don't we eat too?" Yu Qi asked.

"But I don't have any money with me right now." Wei Ying sighed.

"Don't worry. I will pay." Yu Qi smiled.

They ordered something to eat. Since they did not have the appetite to eat, they just ordered some salad. As for Aoi, Yu Qi ordered a chicken chop for him. Wei Ying seemed still shaking from what happened just now. Well, Yu Qi understood.

"I am planning to report to the police about this incident." Yu Qi explained.

"But you tell that they might have some connection with the police." Wei Ying said, remembering what Yu Qi told her earlier.

"Yes. That is why I am not going to the nearby police station but near our hospital. I think they might have some connection at this police station." Yu Qi explained.

"Oh." Wei Ying nodded.

"Since they can operate a shady business like that." Yu Qi was disgusted about what she saw in the building.

Wei Ying also remembered that. Her face was blushed.

"However, we will go to the hospital first to find your bag." Yu Qi said.

"No, let's go and report to the police first." Wei Ying said.

"Actually, after getting your bag from the hospital, I thought I want to send you home first before going to the police station." Yu Qi did not want Wei Ying to scare anymore. Better sent her home first.

"No, I can go with you." Wei Ying clenched her fist.

Yu Qi looked at Wei Ying. "Okay... Let's go together."

One hour after Tang Jin Wei and Ke Su Su arrived at the cafe. Tang Jin Wei called Yu Qi telling him that he already arrived at the cafe. Yu Qi paid for their food and came out with Wei Ying.

Tang Jin Wei was surprised when seeing Yu Qi was not alone. Ke Su Su knew Wei Ying. She was the new nurse.

"You are with someone?" Tang Jin Wei asked.

"Something happened." Yu Qi said.

Both Yu Qi and Wei Ying the car and sat in the back seat.

"I think something happened at the building across the cafe. Over there. Look. That building. It is on the fire." Tang Jin Wei informed.

Yu Qi and Wei Ying looked at the building with a complicated thought. The car passed the scene.

"So, where should we go right now?" Tang Jin Wei asked.

"Brother Jin Wei, can you go to the police station near at our hospital?" Yu Qi asked.

"Huh? What? Why?" Tang Jin Wei was confused.

"I will explain later." Yu Qi said.

Tang Jin Wei could sense the urgency in Yu Qi's voice. Without saying anything, he drove to the mentioned police station. They arrived at the police station. All of them entered the police station.

The police officer at the registration knew Yu Qi since he was involved in the capturing of the drug addict a few days ago.

"Doctor Yu Qi..." The police officer greeted her and asked. "Why are you coming to the police station?"

"I want to report a kidnapping case." Yu Qi said.

"What?"

Not only were the police officer shocked, even Tang Jin Wei and Ke Su Su were also shocked.

The police officer turned serious. "Okay. Tell me about that."

Yu Qi explained that she was the target of the kidnapping case. Wei Ying was tagged along by coincidence because the kidnappers wanted Yu Qi to follow them obediently.

Listening to this, Tang Jin Wei quickly asked. "Little Sis, are you okay? You are not hurt?" He looked at Yu Qi up and down.

"I am okay." Yu Qi nodded.

"Nurse Wei, are you okay?" Ke Su Su asked Wei Ying.

"I am okay." Wei Ying nodded even though she looked pale.

Chapter 1033 - 1033: Explain The Details

The police officer called another police officer with high authority. The police officer told what Yu Qi told him.

Officer Ming Jung Cie took over Yu Qi's case.

"Can you explain in detail about the case, Doctor Yu Qi?" Officer Ming Jung Cie asked.

"Yes, Officer Ming." Yu Qi nodded.

She then explained what happened.

"I was working at the hospital as usual. The nurse told me, there was a patient that I need to attend. So, the patient entered the examination room. However, it was not the patient that I expected but a burly man. He told me that I should follow him if I don't want something happen to the other patients. He told me to inform others that I have an urgent matter to settle and left the hospital voluntary. I assume they did not want to make a fuss about that. However, even I got into the car, I saw they already brought someone else." Yu Qi began to tell the story.

"Who?" Officer Ming Jung Cie asked.

"This girl. Wei Ying, she is one of our nurses." Yu Qi gestured her hand to Wei Ying. "The kidnappers told me that they need someone to threaten me because they knew that I am practising the self-defence." Yu Qi explained.

"We were brought to a building at the northeast Town. We were put into a room. In the room, there was a masked man. He told me that I was a thing for their transaction. I don't know what he meant by that. Then he left. Three men were guarding us inside the room. However, something happened. There was a group of people came in the room and released us."

This time, Yu Qi began to change the story. Wei Ying noticed and looked at Yu Qi. That was not what actually happened. But she did not say anything. Then she thought about what happened. It seemed Yu Qi had killed the three men. She finally understood. Yu Qi did not want to tell the police officer about that.

"Who are they?" Officer Ming Jung Cie asked.

"I don't know about that. However, they are armed with the bulletproof vest." Yu Qi paused for a moment before continuing. "They told us to run out of the building as faster as we can. So we did. We run into a crowd of people. After that, I called my brother to pick us and where we are."

Officer Ming Jung Cie frowned. He took his phone and showed several pictures of a place.

"Is this place familiar to you?" Officer Ming Jung Cie asked.

Yu Qi looked at the pictures and nodded. "Yes. It is the building where we brought to earlier. Is this building on fire?"

"Yes, two hours ago, the fire department managed to control the fire. The most affected floor was the top floor. The police currently investigated about that." Officer Ming Jung Cie said.

"Then..." Yu Qi looked at Officer Ming Jung Cie.

"If what Doctor Yu Qi said was the truth, meaning the group of people who went to save both of you, were the culprit who started the fire." Officer Ming Jung Cie said. "By the way, we will investigate the group who kidnapped Doctor Yu Qi and Nurse Wei. Thank you for the report."

"Thank you, Officer Ming." Yu Qi nodded.

They left the police station. Yu Qi asked Tang Jin Wei to send Wei Ying home first.

"Wei Ying, you should take a day off tomorrow. It had been a terrifying experience for you." Yu Qi patted Wei Ying's shoulder.

"Okay." Wei Ying nodded. She was indeed feeling terrified by what was just happened to her earlier.

Tang Jin Wei and Ke Su Su also agreed with Yu Qi. They arrived at Wei Ying's house. It was fortunate that she was not living alone. Otherwise, she did not know what to do if she was alone.

"Tell your family about what happened earlier. I will also come and apologize to them as well." Yu Qi said.

"Why do you have to apologize, Doctor Yu Qi? It is not your fault." Wei Ying said.

"It is partly my fault that you are involved. Their target was me. You are caught in their way." Yu Qi sighed.

"No... I don't blame you." Wei Ying shook her head. If not for Yu Qi, she did not know what would happen to her.

"Okay... Okay... Don't think much about that. Go in and rest." Yu Qi rubbed Wei Ying's head.

Wei Ying obediently entered her house. So, the car moved again. Tang Jin Wei decided to send Ke Su Su home first. After sending Ke Su Su home, both of them went home too. n-/OvelbIn

Tang Jin Wei decided to tell their family about what happened to Yu Qi earlier. Of course, they became worried about Yu Qi.

Tang Jang Qin, Su Xiao and Tang Qin Hao were not present at this moment. Tang Jang Qin and Su Xiao were taking care of their twin babies. While Tang Qin Hao was at the hospital.

"Have you reported to the police?" Tang Jung Wen asked.

"Yeah. We make a police report before coming home." Tang Jin Wei said.

"They tell Yu Qi was a thing for the transaction. What is that supposed to mean?" Ming Yue asked.

Everyone was silent. Even Yu Qi did not know about that. She needed to investigate on her own. She could not only rely on the police. They might not get anything useful for her.

Chapter 1034 - 1034: The Three Of Them Got A Report From Their Subordinates

"She came out by herself?" Liang Mo Han listened to the report.

"Yeah. She came out perfectly fine. Five minutes after the top floor exploded." Liang Mo Han's subordinate gave the report.

"Are you sure she was not injured?" Liang Mo Han made a double confirmation.

"Yes, Sir. She was walking just fine. After that, she went to meet with the girl who brought together with her earlier." The subordinate said.

"So, she let the other girl come out fine, then she came out later?" Liang Mo Han asked.

"Yes." The subordinate nodded.

"The building exploded and was on fire. Is this what Second Sister in law doing? If that's the truth, that would be very terrifying. How does she manage to do that?" Liang Mo Han thought about that.

Liang Mo Han thought about another possibility. 'Is there someone else protecting Second Sister in law? Is Tang Family doing?' He thought he needed to go and see his Second Sister in law by himself to know more about that.

Well, he needed to tell his second brother about this matter.

....

"What? Exploded?" Guang Tin Song shouted.

"Yes, Sir." The subordinate nodded confirming what had happened.

"How are the two girls?" Guang Tin Song remembered that he ordered someone to kidnap Nie Feng La's favourite woman and another girl. He also remembered that he told his subordinates to put them in one room on the top floor.

"Are they dead?" Guang Tin Song asked.

"We still don't get the information. However, from the report, there are about the dead bodies on the floor." The subordinate said.

"Then, that means she is dead? How does this happen?" Guang Tin Song slammed the table.

He was angry. Not only his bargain chip was gone, but his building also had been destroyed. Not to mention about the last transaction, it had been snatched by Nie Feng La, that brat.

The most thing that he needed to worry about was the attention that he would receive from the police. Even though he made some good relationships with some police officers, this time, it would not be the same.

The police would be paying a lot of attention to him. They would also investigate him. Even though he was confident that he hid his business well, but he could not help but to worry about that.

"Why are you so angry tonight?" Fung Meng Xuan just returned home from shopping.

"That girl is dead." Guang Tin Song told Fung Meng Xuan.

Guang Tin Song waved his hand to his subordinate to leave the room. The subordinate nodded and left the room quietly.

At first, Fung Meng Xuan did not get what Guang Tin Song tried to tell her. However, she remembered that.

"Are you sure? How is this thing?" Fung Meng Xuan could not believe her ear.

"My building exploded and was on fire for a long time. She was on the same floor where the explosion occurred. My man told me, there were? some dead bodies on that floor." Guang Tin Song gritted his tooth.

"If she dies, the Tang Family would not be quiet." Fung Meng Xuan rubbed her chin.

"They are probably don't know yet. She did leave her work telling others that she had something to deal with." Guang Tin Song said.

"Then, let's wait for Tang Family reaction. Tang Family would notice that Tang Yu Qi went missing. They would look for her. If that happens, meaning Tang Yu Qi has indeed died on that fire." Fung Meng Xuan made a reasonable explanation.

"I see... However, I also need to be careful. I need to stop my main business for a while since I am probably in the police eye." Guang Tin Song said.

"Yeah. That would be better." Fung Meng Xuan also thought the same.

If Guang Tin Song had been caught, it would also be troublesome for him. The police also would be investigating her too. That would not be good for her reputation. Regarding Yu Qi's death, actually, she did not believe that bitch died. If she had indeed died, she would like to see Long Hui's reaction to this news.

....

"After the explosion, she came out of the building safely."

This time, it was Qin Xia's subordinate who made a report.

Qin Xia smiled when he heard that she was safe and sound. Qin Xia left someone to watch Yu Qi from afar. If Long Hui was beside Yu Qi, he would not arrange for someone to watch Yu Qi since he knew that Yu Qi would be safe beside Long Hui.

Actually, Qin Xia's man did not know what Yu Qi left the hospital due to someone threat. He thought Yu Qi had something to deal with just like Yu Qi told her coworkers.

Not until he saw Yu Qi had been approached by a white van. He could see a woman inside the van and a man said something to Yu Qi. She saw Yu Qi was getting angry but could not do anything. She just followed the man.

He immediately reported to Qin Xia. Qin Xia already told him that he needed to report to Qin Xia immediately when something happened to? Qin Xia was in the meeting aboard. He could not return immediately. Everyone was in the meeting room terrified when seeing Qin Xia's face that time.

Qin Xia did not care about the meeting anymore. He made some arrangements. He called his force to go and save Yu Qi. However, the girl came out easily and the fire happened.

Chapter 1035 - 1035: The Mastermind

After breakfast, Yu Qi returned to her room. Her family insisted that she needed to take a day off too even though Yu Qi already explained to them that she was totally fine but they did not believe her.

Since they were persistent about that, Yu Qi took a day off. Because she did not have to work today, she decided to investigate last night matter. Someone was targeting her openly. She could not let this matter continue.

So, she opened her laptop. The first thing that she could investigate was the owner of the building. With her skill, it was an easy matter to find out the owner of the building.

She read the result that she got from her research. The owner of the building was Guang Tin Song. He was a businessman too. His business involved many sectors such as resort and hotel, food and many more. Even though he had a lot of businesses, they were on a small scale.

Yu Qi was wondering about that. He had a lot of capital but he seemed did not have to expand his business. That was kind of weird though. But Yu Qi did not reject the thought that he probably did not want to pay government tax.

The building was rented under someone else name. Not to mention the business conducted inside the building under someone else too.

However, when Yu Qi made her investigation, the business inside the building actually linked to Guang Tin Song indirectly.

She was not satisfied with the result. So, she dug more about him. Surprise... Surprise... She found something interesting. This man was also involved in the black market. His rival was Nie Feng La.

Another surprise that she got from the research was Fung Meng Xuan. She was currently Guang Tin Song's girlfriend. She was working as a counsellor at a high school.

Yu Qi did not know how a person like Fung Meng Xuan managed to get a job like that despite her personality. Guang Tin Song was probably playing some tricks to get the job for Fung Meng Xuan.

'So, am I getting kidnapped by Guang Tin Song because of Nie Feng La or because of Fung Meng Xuan?' Then she remembered that the man said that she was a thing for transactions.

'Transaction for what?' What is his aim?' Yu Qi thought about that. 'Never mind... Since he wants to play with me, I am happily joining the fun.'

Yu Qi typed something on her laptop and clicked 'enter'. She was grinning as she left the laptop. She went to play with the twin. $n-(o/)V/-e--L/.b))l.-n$

....

Guang Tin Song just returned from the police station. He was lucky that he got out of the police station. He managed to switch the blame to someone else since the building had been rented out by someone else's name. He was someone from his men. He placed that man overseas. So, the police might have some difficulties in finding that man.

His S & M Club needed to temporarily closed because the police found out about that. Some of the women also managed to run away from the incident. However, he did not care much about the women. He could find other women to fit in his club.

He lost a lot in this incident. Thinking about the money which flew over, he gritted his tooth.

The police said another incident occurred before the fire started. There was a kidnapping case.

When the police officer stated that there was a kidnapping case that occurred on the same floor where the explosion incident happened. Guang Tin Song was pretending that he was very shocked to hear about the kidnapping case. He told the police officers that he did not know anything about that.

He was willing to do anything to help the police to crack the case. Since the police officers did not have anything to ask anymore, they let Guang Tin Song return first. However, he could not go aboard for a period of time until he had been told so.

Because the police officer knew about that kidnapping case, meaning the two girls were safe. They even dared to go and report to the police. He really wanted to know how those girls could run from his place. They just got help from outsiders. He never thought that his own subordinates would be betraying him.

"Is anyone safe from that incident?" Guang Tin Song asked his secretary.

"Yes, Sir. There is a person safe from the explosion. He was treated at the hospital right now." The secretary informed Guang Tin Song.

"Really? Let's go and ask him what happened on that day." Guang Tin Song said.

So, they went to the hospital where the leader had been admitted to. The leader had been brought on the explosion day. After Yu Qi left him, he could not move on his own. His body was hurt.

To be terrifying, he could not feel his legs anymore. They did not respond as usual. The doctors were helpless when they were facing his problem. They did not know what they were being dealt with. They told him that they would try to look at his legs again.

When he tried to sleep yesterday, he had a nightmare where he was chased by that devil. He ran as he could. But the devil was still walking slowly toward him. The devil did not even run. She was just walking and there was a smile on her face that made he was scared.

Chapter 1036 - 1036: Devil Woman

Because of that, he could not sleep and rest well. That smiling face of that devil woman kept appearing in his sleep.

Then he saw the door being opened from outside. He swallowed his own saliva seeing the door being opened. He thought that he was having hallucinations, thinking the devil woman would be appearing at the back of the door.

When he saw it was his boss who coming inside, he was very relieved. He could not feel much happier to see his own boss.

Guang Tin Song was feeling weird when he saw his subordinate seemed to be happy to see him.

"Mong Ji, tell me what actually happened on that day?" Guang Tin Song asked directly and straight to the point.

"Everything is that woman's works, Sir." Mong Ji said.

"Which woman?" Guang Tin Song asked. There were two women that they brought back after all.

"The woman for the transaction. She is the one who did everything." Mong Ji revealed that.

"What???" Guang Tin Song was shocked?listening to this.

He remembered that woman. She looked so soft. Someone who did not work hard at all. He remembered that Fung Meng Xuan did tell him that the girl practised some self-defence. He did not think much about that. Really? What was the self-defence could do?

"She has a pistol. Even the bomb." Mong Ji dropped the huge bomb.

"What!!??" Guang Tin Song could not believe his ear.

"It is the truth, Sir. I saw that she was holding the grenade." Mong Ji said the truth.

Guang Tin Song frowned. "Tell me the whole story." He pulled the chair and sat.

Mong Ji wanted to begin but Guang Tin Song stopped him.

"Wait." Guang Tin Song looked at his secretary. "Stop everyone who is about to enter the room. Tell them, don't disturb us."

The secretary nodded. He stepped out of the room.

"You can start now." Guang Tin Song said while putting one of his legs to his thigh.

"We guard the floor as usual. As you requested, Sir, we leave about 4 men inside the room to guard the women. But out of a sudden, the woman appeared behind at the area where we are gathered. That woman threw a needle to one of our men, straight on his forehead. He died instantly. We don't know what was going on at that moment.

Then she started shooting at our men. This time, our men did not die but they suddenly could not move their legs. I have also suffered the same thing. She started to ask questions. Something like 'Who is the mastermind?' 'Why are you kidnaping me?' Of course, we shut our mouths closed. She threatened us with the pistol.

Since we did not reveal anything to her, she seemed to want to blow up the building. She was holding the hand grenade at the moment. Then, a dog appeared. She started to talk with the dog. She asked the dog to drag me too. She walked around. After a few whiles, she left the floor. Then, the explosion occurred. I heard that she was saying something like, 'It is finally exploded.' After that, she left me where people could see me."

Mong Ji told everything that he remembered.

"I see..." Guang Tin Song was in deep thinking.

'How did she have the grenade and explosion?' Judging from the story, the woman walked around to implant the explosion around the floor before leaving the floor. And to be shocking, it was a timer explosion. 'How could someone like her possess something like that? Is her fiancée give that to her?

If it was only a pistol that his fiancée gave to him, he would not think that was impossible. She just needed some special permission to possess a pistol. However, they were talking about some explosions here. It was impossible to have something like that.

And he was also interested in the instant kill poison and the poison where it instantly immobilized the enemy. He really wanted to get a hand of a handful of poison. It would greatly help him in killing his enemy.

"Sir, can you please find someone to treat me?" Mong Ji asked.

"We will see about that later." Guang Tin Song said.

Hearing this, Mong Ji knew that he was about to be abandoned by this man. He could not move freely. If he had been abandoned, what would be happening to him after this?

Guang Tin Song did not want to waste time in this room. The secretary was waiting for his boss to come out saw his boss come out. They left the hospital together.

Guang Tin Song became more interested in Yu Qi.

.....

"She what??" Long Hui shouted while standing up when he heard about the news.

The news about his beloved Qi Qi, of course.

Liang Mo Han called Long Hui to tell about the incident. He moved his phone away from his ear when Long Hui shouted.

"She had been kidnapped by someone." Liang Mo Han repeated the same words that he said earlier.

"And what do you do about that?" Long Hui asked.

He asked Liang Mo Han to send some people to take care of his fiancée. But she was kidnapped right under their observation.

"I am sorry. But she is okay now. She got out safely by her own." Liang Mo Han felt impressed with Yu Qi.

"Tell me who dares to kidnap my fiancée and deal with that properly." Long Hui gave the order.

"Okay." Liang Mo Han smiled.

Chapter 1037 - 1037: One Of The Reasons...

Yu Qi was doing her routine when suddenly the ambulance came and brought in someone. The patient was accompanied by another two people. Man and woman.

Yu Qi rushed to take a look.

It was actually Xi Naine, the girl that Yu Qi diagnosed her as pregnant. However, her mother could not accept the fact and left with her daughter. But right now, Xi Naine was taken to the hospital with her lower body full of blood.

"Bring her to the examination ASAP." Yu Qi shouted.

The nurses rushed to take Xi Naine to an empty examination room. The couple wanted to follow in but the nurses stopped the couple.

"I want to be with my daughter." The woman said while crying.

"I am sorry, Madam. You are not allowed to be in this room." The nurse said.

"But..." The woman wanted to protest.

However, her husband stopped his wife. "Be quiet! Just let the doctor do their work."

When the woman heard the order from her husband, she stopped struggling to enter the room.

Yu Qi's first assumption turned out to be true. Xi Naine probably tried to make the abortion in an unlicensed facility but ended up in this state. The only method that could save this girl's life right now

was to remove her uterus completely. She would not be pregnant anymore in the future. Otherwise, this girl would lose his life.

"Prepare to take this girl to the operating theatre. I will go outside and explain to her parent about this." Yu Qi said.

So, she went out and saw the worried parent waiting outside the room.

"Doctor, how about my daughter?" Madam Xi asked.

"She is in a critical condition. She needed to be operated on. In order to save her life, her uterus needs to be completely removed from her body." Yu Qi explained.

"What? Then... then... she could not be pregnant in the future?" Madam Xi was shocked.

"Yes. I am afraid that she could not pregnant in the future." Yu Qi said.

"No... no... It can't be." Madam Xi shook her head while crying. n)(0vElBIn

"Save my daughter, Doctor." Mr Xi said calmly.

"Then, my daughter can't be pregnant in the future." Madam Xi said.

"She will die then! That is what you really want?" Mr Xi shouted at his wife.

Madam Xi went silent. Then she said, "Please save my daughter."

It seemed they finally reached one agreement.

"Please sign this paper and give it to the nurse here. I will go and prepare for the surgery." Yu Qi said and left the couple.

Mr Xi signed the agreement and gave it back to the nurse. The nurse showed them where the operating theatre was. The couple sat down at the chair there waiting for the surgery to be completed.

Yu Qi prepared for the surgery. The other doctors did not have any objection to making Yu Qi the chief surgeon. She already showed them her ability. Some of them might think that she was way better than them.

Yu Qi wanted to finish the surgery as soon as possible. The surgery went smoothly. The ones who accompanied Yu Qi were fascinating with her smooth and quick operating. The time for the surgery was half of the original usual time.

Yu Qi saved the girl's life. The girl had been pushed out from the operating theatre to a ward for further observation.

The couple thanked Yu Qi. Yu Qi just smiled and left. On the way to her office, she met with Wei Ying. It was her first time meeting with Wei Ying after the incident. Wei Ying ended up taking a week leave. At first, the head department rejected her application. So, Yu Qi told the reason why Wei Ying took a week off. The head of the department immediately accepted her leave.

The head department even asked Yu Qi if she also wanted to take some days off since she was the main victim in the case. Yu Qi shook her head as she told him that she was fine. And she was hoping that the head department did not tell everyone about this.

"Doctor Yu Qi, long time no see." Wei Ying greeted Yu Qi.

"Are you okay right now?" Yu Qi asked.

"Yes. Thank you for your help when I want to apply for the leave." Wei Ying bowed.

"Never mind. You get terrified because of me. I should give some help to you." Yu Qi smiled.

"What happened to the case? Did the police find the culprit?" Wei Ying asked.

"I am afraid not yet." Yu Qi shook her head.

"Meaning it could happen again." Wei Ying asked.

"Don't worry. Our hospital is improving their level of security." Yu Qi smiled.

Her family was terrified when hearing that she had been kidnapped in their territory. They were working to increase the security inside the hospital and around the hospital so that the incident would be prevented.

"Do you tell your family about the incident?" Yu Qi asked.

"No." Wei Ying quickly shook her head.

"Why?" Yu Qi asked.

"They would not let me continue working here after knowing the incident. I don't want that to happen." Wei Ying really did not want that to happen.

"Oh, you must really want to work here. Is it because of Doctor Pei Ruiying, right?" Yu Qi whispered to Wei Ying's ear.

Wei Ying immediately went to blush. It was actually one of the reasons. She wanted to work here because she worked so hard to get into this hospital. Only the chosen one could work here. How could she leave this hospital?

Chapter 1038 - 1038: This Is My Store

Guang Tin Song was devastated. His businesses in the black market, one by one got snatched its resources. He was getting more irritated.

Only like he did not know the culprit. His people told him that it was Mr Black. They never clashed with each other. So, he did not understand why Mr Black wanted to attack him like this.

What he knew about Mr Black, he was a new force that suddenly appeared in the black market. His power was very good. He managed to beat one of the strongest forces in the black market and made his name known in the black market.

He really wanted to meet Mr Black. But Mr Black always rejected him. He did not know what to do now.

As for the businesses outside the black market, someone wanted to acquire them. He was still investigating that person. He owned many small businesses outside. And that person acquired one by one of his business. He did not know why was he targeted him like this.

Not to mention, the internal server of his main office got hacked by someone. The hacker that he hired could not do anything. Another hacker was very powerful.

The hacker went through everything. His information, his family and everything. He did not know what the hacker wanted to do with that information.

He swiped everything on his desk. They went down. Some of them were broken. He did not care about that. His anger could not go down. He could not calm down. He was thinking seriously why was this happening to him right now.

Then he remembered something. It happened after he decided to kidnap Yu Qi. Was everything related to Yu Qi?

He sent someone to update Yu Qi but that person told him that she was not doing anything regarding her kidnapping except reporting her kidnapping to the police.

Did she tell her fiancée about that and her fiancée investigated the case? He could not help to shiver when thinking about that. But he was a soldier. He did not have any power in businesses. Not to mention, Mr Black was from the market black. He would not have any relationship with the people in the black market.

....

Yu Qi went to HuiQi Jade Store to take a look. She was wearing a mask. When she entered the store, she could hear someone was arguing with someone else about something. She saw Bai Gu Wen was arguing with another middle-aged woman.

"Bai Gu Wen, I am talking to this girl first about this necklace. Back off." A middle-aged woman said to Bai Gu Wen.

"Hey, Qiao Mo Yu, do you have many to buy this necklace? I know you don't have that kind of money. So, don't ever dream to buy this necklace." Bai Gu Wen mocked Qiao Mo Yu. She then turned to the shop assistant. "You must not let this old woman touch anything. She probably wants to steal something. You need to be careful."

"You!!!" Qiao Mo Yu felt angry when Bai Gu Wen dumped 'dirty water' on her.

The shop assistant was having trouble getting the two customers like this. She did not know who to trust. She was considering calling the manager.

"Madam, are you interested in this necklace?" Yu Qi asked Qiao Mo Yu.

Qiao Mo Yu was surprised to see the young woman suddenly talking to her.

"Are you talking to me?" Qiao Mo Yu asked.

"Yes." Yu Qi nodded.

"What's a rude girl. Dare to interrupt our conversation." Bai Gu Wen glared at Yu Qi sharply.

Yu Qi ignored Bai Gu Wen. She just looked at Qiao Mo Yu.

"The style is not suited to you. You need to look at another necklace. Yu Qi said. She was telling the truth. The necklace style was not suitable for a middle-aged woman like Qiao Mo Yu.

See? Even she tells you that the necklace suit her? Trash." Bai Gu Wen laughed. "She won't even have money with her." Bai Gu Wen mocked Qiao Mo Yu once again.

"Do you have money to buy this necklace?" Yu Qi asked Qiao Mo Yu.

"I do have money. But I am not buying this necklace for myself. But to my daughter." Qiao Mo Yu said.

"Oh, in that case, the necklace might suit your daughter." Yu Qi smiled. The necklace was indeed designed for a young woman.

"You, proceed this lady purchase." Yu Qi said to the shop assistant.

"What? I want to buy this necklace too." Bai Gu Wen said.

"First come first serve." Yu Qi glanced at Bai Gu Wen. "She comes later before this lady right?" She asked the shop assistant.

"Yes. This lady comes first." The shop assistant pointed to Qiao Mo Yu.

"If you dare to sell this necklace to her, not to me, this shop will be closed." Bai Gu Wen threatened the shop assistant.

The shop assistant did not know what to do.

Yu Qi opened her mask. The shop assistant's eyes lifted up. She recognised this young lady. She was her boss. The owner of this HuiQi Jade store.

"You are threatening me?" Yu Qi chuckled.

"What does this has to do with you?" Bai Gu Wen was shocked to see the beautiful face behind the mask.

"Of course, this has to with me. This is my store. You are threatening my store." Yu Qi looked up and down at Bai Gu Wen.

Chapter 1039 - 1039: Boycott HuiQi???

"What? Your store?" Bai Gu Wen was shocked.

She really did not know that this young woman was the owner.

"You are lying. It is impossible for such a young woman to be this shop's owner. You must cooperate with her." Bai Gu Wen pointed to Qiao Mo Yu.

"Madam, this is really our boss, Miss Yu Qi." The shop assistant interrupted.

"What?" Bai Gu Wen changed her expression. 'Is this really the owner?'

"Mei Gin, please process this lady purchase." Yu Qi glanced at the tag name of the shop assistant.

"Yes, Miss Yu Qi." Mei Gin smiled. 'Miss Yu Qi called my name...'

"As for you, please leave this premise." Yu Qi turned to Bai Gu Wen.

"What? Why should I leave?" Bai Gu Wen could not believe that she was asked to leave.

"You are disturbing our customers." Yu Qi said.

"Do you know who I am?" Bai Gu Wen snorted. She was putting an act. "I am from the Bai Family."

"So what?" Yu Qi sneered.

Then, Bai Gu Wen thought something. She remembered seeing this girl before. 'Is this girl reject her once when she tried to spend nights at the hotel in the countryside? The one who seemed to never fear Bai Family? '

"You... You... You are the one at the stupid hotel..." Bai Gu Wen pointed at Yu Qi.

"Oh, you seemed to remember me. It is my honour." Yu Qi smirked. "You want to use Bai Family power to bully me? Do you think I am scared?"

Bai Gu Wen remembered that she used Bai Family power to block the hotel. But the hotel did not go bankrupt instead of became more popular among tourists.

"I bet you want to use your Bai Family power to boycott this HuiQi Jade, right? I advise you, don't be ever trying. Otherwise, the one who going to suffer is you." Yu Qi threatened Bai Gu Wen.

The pictures about Bai Gu Wen's affair was still in Yu Qi's hand.

"You, wait for it. I am going to destroy your store." Bai Gu Wen left the store.

"I will be waiting." Yu Qi said.

"Miss Yu Qi, that is amazing..." Mei Gin and other workers were happy when Yu Qi finally got rid of the rude customer.

"Miss, thank you for helping me." Qiao Mo Yu thanked Yu Qi.

"It is nothing. By the way, thank you for your purchase. I hope your daughter will like that necklace." Yu Qi said.

"I hope that too. I will leave now. Thank you once again." Qiao Mo Yu left.

.....

Yu Qi got a call from Long Hui. It had been a long time since she heard from him. He must be very busy.

"Brother Hui... I miss you." Yu Qi said after picking up the call.

"He he he... I miss you too." Long Hui was happy to hear from his beloved Qi Qi.

"Do you have time to meet me?" Yu Qi was dying to meet with Long Hui.

"Well, that is why I am calling you right now." Long Hui chuckled.

"Okay. When can we meet up?" Yu Qi asked.

"I need to go to the Capital City for some business. Then I will have some time to spend with you. Why don't we go having our date over there?" Long Hui suggested.

"Well, of course. Why not?" Yu Qi did not care where they were going to meet up.

"Good. I will see you later. Goodbye." Long Hui said.

"Yes... Goodbye for now." Yu Qi said.

Her mood really improved afterwards. Even people around her noticed that.

"Doctor Yu Qi, is something happening?" Doctor Shui Nan asked.

"Why are you asking that?" Yu Qi asked.

"Well, it is pretty obvious. You are smiling widely today." Doctor Shui Nan said. She turned at Nurse Shing Ten. "Right, Shing Ten?"

"Is your fiancée planning to meet up?" Nurse Shing Ten asked.

"Yeah." Yu Qi nodded.

"Hah... No wonder, our Doctor Yu Qi seems happy than ever." Doctor Shui Nan said.

Yu Qi placed her hands on her cheeks.

Suddenly they heard a red alarm. This meant something bad happened like a big accident involving more than 5 people. Without saying anything, they rushed to the entrance.

There were big traffic accidents. That involved about 5 cars. The total injured people in this incident were 8 adults and 2 children. The treatment began. Four of the adults needed immediate surgery.

Doctor Jun Zhan, Doctor Pei Ruiying, and Doctor Qin Zhong, each of them led the three surgeries while Yu Qi handled another one.

About three hours, Yu Qi finally finished the surgery. The patient was in stable condition. He was pushed into the recovery ward for some observation. Yu Qi went to check for other victims. It seemed they already received the treatment from other doctors.

"Doctor Yu Qi, thank you for a good job." Nurse Wei Ying said.

"Have you heard what is actually happening?" Yu Qi asked.

"I heard from someone that two cars were racing each other. Then both of the cars lose their control, ended up, colliding with three cars." Nurse Wei Ying said.

Yu Qi sighed. "What are they doing? Racing on the street like that? Not only do they endanger their lives but they also endanger others too."

"The police come when you in the operating theatre. Doctor Pei is the one who answered the question." Nurse Shing Ten asked.

"Is Doctor Jun Zhan finishing his surgery?" Yu Qi asked.

"Not yet." Nurse Wei Ying said. She just checked it.

Chapter 1040 - 1040: Give Her Husband A Bright Green Hat

Bai Gu Wen used her name to try to boycott HuiQi Jade. She hired someone to write the article about the horrible service that someone received when she went to the store. The employees were also very rude to her at all times. In the end, she could not buy anything because the employees thought that she had no money.

She asked for that kind of story because she knew that people loved and sympathise with a low-class person. When the article was published, it got many views. Of course, the people were divided into three groups. One was on her side, one was on HuiQi Jade side, another one was neutral.

Wu Cheng called Su Yu Hi about the matter. How to proceed to deal with this kind of harassment. Su Yu Hi knew that Yu Qi loved to get revenge on the people who tried to deal with her. So, he called Yu Qi and informed her about this.

When Yu Qi heard about this, she just smirked. She knew that the mastermind behind this article was Bai Gu Wen.

Since Bai Gu Wen wanted to play with her, she would be happy playing along with that old hag.

She immediately contacted Han Baise.

Snow: Are you there?

Shiro: Yes, boss. I am here.

Snow: Do you remember about Bai Gu Wen?

Shiro: Oh... That lady... Yes. I do remember her.

Snow: Send the picture out. Make the things blow up on the Internet.

Shiro: Including the video?

Snow: Hmmm.... that would be better.

Shiro: Okay, boss. Wait for my art piece later.

Han Baise totally opened his heart to Yu Qi. Even though he knew that his boss was young but her knowledge in programming and hacking made him want to kowtow and worship her.

Of course, Han Baise remembered Bai Gu Wen. He was playing with Bai Gu Wen for quite some time. He sent some pictures to her using an unknown number. In the past, Yu Qi just told him to play around with this woman. Never told anyone about this.

However, this time, his boss directly asked him to post the picture and made some stories about that. Meaning this woman offended his boss hardly.

Well, he wanted to play with this woman for the last time. So, he sent a video to this woman. The video where this woman played with, not one but two young men.

Bai Gu Wen was playing mahjong with some of her friends at the moment. When she heard the notification on her phone, she stopped playing for a moment. She checked her phone. She saw the video and clicked the video. nove-1b/1n

Automatically the video played and the voices could be heard. And the worse part, Bai Gu Wen liked to set her phone volume at the maximum level. So, everyone in the room could hear that.

One of her friends who sat closer to her caught the glint of the video. She could see Bai Gu Wen's face moaning when she was riding the two young men.

"Gu Wen... you..." She looked disgusting at Bai Gu Wen.

"No... it is not me." Bai Gu Wen tried to deny it.

Her friends were sceptical about this.

Then one of her friends shouted. She was looking at her phone too.

"You guys should look at the trending news right now." She said.

So, everyone looked at the news right away.

Exclusive news: THIS HOW IS THE MIDDLE-AGED WOMAN PLAYING AROUND?

That was the title. Then the article mentioned Bai Gu Wen's name specifically. The pictures when she went to host club when she was partying and drinking with those young men, and the most disgusting when she was having s*x with those young men.

Everyone there threw a dirty look at Bai Gu Wen.

"This is not what do you think of." Bai Gu Wen shook her head.

"Look at the comment."

[Wow... this woman is incredible.]

[This woman must come from a rich family]

[I wonder what the husband feels when seeing these pictures and videos.]

[She gives her husband a bright green hat.]

[Poor his husband and family.]

[I think someone who hate this woman so much posted this.]

[This woman even though she is old but still looks beautiful. I wonder if her p***y is tight enough.]

A lot of comments appeared discussing and mocking Bai Gu Wen. A few people were thinking positively about this. They felt someone put the dirty water on Bai Gu Wen.

However, her friends believed that she was doing something like this. They saw her lewdness when seeing these young men. She always praised the handsome young men. They would not be so surprised for this news to appear right now.

"I think I have something to do." Someone said.

"Yeah. I think so too." Another one said.

Then everyone left saying that they remembered that they had something to do. Leaving Bai Gu Wen alone there.

Bai Gu Wen was speechless when seeing her friends, one by one left this place. She became very angry. She threw her phone onto the ground. How dare someone write and post this article?

Since no one was here anymore, she left the place. Her driver was already waiting to drive to her destination. The driver looked at the back mirror frequently, to look at Bai Gu Wen.

The driver also read the article about his employer. Well, he could not be denied that Bai Gu Wen was attractive to men like him.
