Chapter 1051 - 1051: A Beast On The Bed

"You are messing with my moisturizer?" Yu Qi asked again.

"Of course, if your face gets disfigured, Young Master Long would leave." The little maid said while smirking.

"Oh, really? And he becomes yours? If Brother Hui only likes my face, and my face becomes disfigured and he leaves me. I don't think you will be his choice because you are not pretty as me."

Pang... It felt this invisible slap on that little maid.

"There are more beautiful women outside here. So, it is not a guarantee that Brother Hui would choose if he is into the pretty women." Yu Qi continued giving invisible slapping on the little maid's face.

It was a redundant way to humiliate a person. Everyone never thought that Yu Qi was a person like that. Yu Qi did not care what others think about her. She would not be so merciful toward the woman who wanted to covet her man.

"I want to report this woman in an attempt to disfigure my face. Here is the evidence." Yu Qi gave the container to the police.

"Yes. I will record this." Mr Jiang nodded. He then turned to his subordinates and asked them to pack up the things back.

He already asked one of his subordinates to handcuff the little maid. The little maid began to struggle as her skin touched the cold metal of the handcuffs.

"No... I don't do anything wrong. Let me go!!!" The little maid screamed.

However, the police officers ignored the scream and subdued the little maid without any hard work.

"Miss, can you come to the police station to make the report?" Mr Jiang asked.

"Sure. Of course." Yu Qi nodded.

"I will accompany you." Long Hui would not let his fiancée alone.

Xia Nue who have been staring at Yu Qi all the time was frozen when suddenly Yu Qi turned and looked straight at her way. The way Yu Qi looked at her was like that woman knew what she had been thinking. She quickly moved her eyes and looked down.

"Grandpa Long, sorry for the mess. I will go and report this first. I am sorry once again." Before going, Yu Qi faced Grandpa Long and said sorry for what she caused.

"Never mind about that. Just go." Grandpa Long waved his hand telling her that he did not mind at all. He looked at Long Hui. "Take care of her. Don't let her suffer at the police station."

"Don't worry about that. I will take care of everything." Without changing his expression, Long Hui answered.

Mr Jiang who was about to exit the living room, heard both men talking. 'What are they thinking about the police station? A bombsite, a war site? None of them. Why did they need to act like that?

Not only did Mr Jiang think like that, Yu Qi already thought that way. She was speechless with both of them.

.....

Yesterday's incident ended with the little maid going into the police station and being fired by Long Hui. It also served as a warning to others that had the same intention. Long Hui did not tolerate the people who wanted to hurt his beloved Qi Qi.

With this, Yu Qi's position became more stable in their minds. It was sure that their Young Master Long Hui would definitely marry this woman.

As for the couple, they just woke up from their rest. Long Hui insisted on spending the time inside the space because it was much longer inside. Because they had not been seeing for a long time, they ended up making love for a long time.

After that, (well, Long Hui was still not satisfied though) they went out of the space and slept on the bed in Yu Qi's bedroom.

Actually, after returning from the police station, Long Hui made a fuss and complained to Fang Mo Jin. The matter that he complained about was the bedroom that Fang Mo Jin put Yu Qi into it.

Fang Mo Jin should tell Yu Qi that she should stay inside his room. It would be much easier. However, Yu Qi put the end to this matter when she invited him to sleep with her inside Yu Qi's room. That was where Long Hui shut up his mouth.

"It is already late. It is your fault." Yu Qi blamed Long Hui as she massaged her waist.

"My dear, it is also your fault seducing me." Long Hui grinned.

"I am not seducing you, okay... Well, I do seduce you yesterday. But not this morning." Yu Qi admitted half of that.

"Well, you are not seducing me. But your body does it. How could I hold back myself when you are in front of me? You are so beautiful, my beloved Qi Qi. I could not hold back." Long Hui felt proud saying something like that since he was smirking and grinning all way.

"My waist is hurt and my body is itching." Yu Qi complained.

"Okay... Okay... I will massage your body tonight." Long Hui said comforting Yu Qi.

"You better." Yu Qi glared at Long Hui.

The maids who walking passing Long Hui and Yu Qi heard their conversation. They were feeling shy and the blush appeared on their cheeks. They never expect that their Young Master Long would be a beast on the bed. Their Future Young Madam Long had been tortured on the bed by their Young Madam Long.

Chapter 1052 - 1052: Being Scouted

The couple went to the dining room for breakfast. They had been informed that Grandpa Long had already gone out. Hearing that, Yu Qi glared at Long Hui once again. Long Hui who received the glare made an innocent look. After breakfast, Long Hui decided to take Yu Qi shopping.

"It has been a long time since we went shopping together. It is really fun choosing what outfit you are going to wear." Long Hui grinned.

Yu Qi knew but she was going to get tired of trying all the dresses that Long Hui picked up. But she did not want to disappoint him.

"Then, have you decided your outfit for the night?" Yu Qi asked.

"I will wear my formal uniform." Long Hui said.

"Really? I can't wait to see it." Yu Qi's eyes lifted up

Long Hui saw it. He knew that his fiancée had a strange fetishism that she liked him to wear the soldier uniform.

"I will dress up nicely for you." Long Hui grinned.

So, they went out to the shopping mall. After parking the car, they walked inside the shopping mall. They attracted many eyes including one of the people was a photographer. The photographer was walking around. He just finished his work here. So, he just chilled out.

However, his eyes caught a couple that was so attractive. He could not hold back and went to the couple to have a talk with them. They could debut as a model if they wanted to. So, he wanted to ask whether they were interested or not.

Yu Qi was talking to Long Hui and suddenly they were being stopped by someone. Long Hui was displeased to see someone disturbing their time. He immediately glared furiously at the man.

The photographer was taken back by the glare. 'This man's stare is so scary.' However, he braved himself.

"Are you two interested to be a model?" The photographer asked.

"Wow, they are being scouted."

"That is Ryan Wu, right? The famous photographer?"

"Yeah. I recognize him. He is Ryan Wu."

"Being scout by Ryan Wu. They have a good path laying in the future."

The photographer was indeed Ryan Wu, the famous photographer. He worked with many famous celebrities in the past. His achievements were pretty good. Due to his influence and good work, everyone who worked with him became famous.

This couple in front of him might not recognize him before. However, after hearing others talking, they might become interested.

"No, we are not interested." Yu Qi answered.

The answer shocked Ryan Wu as well as the people who watched them. This woman did not know to appreciate what she just rejected.

"I am a famous photographer. You can become a successful model if you work under me. You might even get a million for a job." Ryan Wu tried to convince her.

"No. Like I say, we are not interested. We will go first. By the way, thank you for the offer." Yu Qi pulled Long Hui's hand.

Ryan Wu wanted to stop them again. However, he changed his mind after seeing Long Hui's eyes. The eyes which could not wait to kill him if he tried to stop them again.

"They reject him."

"If Ryan Wu asks me, I would be very delighted to be his model."

"Hahaha.... Don't daydream. You don't have anything that can attract Ryan Wu."

"Wait. I think I recognize those two. I have seen them before."

"Really? Well, they do have the look."

"Ah... I remember. That girl is the owner of HuiQi Jade Store. She is also a doctor."

"Then, the man beside her must be THE LONG HUI."

"Of course he is."

They could not believe that they saw the fucking famous couple in the century. Long Hui and Yu Qi.

"No wonder, they did not attract to the offer."

"Excuse me, can you tell me about that matter?" Ryan Wu asked the talking people.

He heard the conversation and wanted to know more about that.

"The couple that you talking about just now is Long Hui and his fiancée, Doctor Tang Yu Qi. Long Hui is the grandson of the Great General Long. I heard he receive another promotion. Senior Colonel. The youngest Senior Colonel in history. And the woman is his fiancée, Doctor Tang Yu Qi. She is a great doctor. She is also the owner of HuiQi Jade Store which just became famous lately."

"You can search online about them."

Ryan Wu could not believe his ears. He just returned to the nation. So, he did not pay much about the news inside the nation. He immediately searched about the couple. It was really like the people told him just now. They were really the legendary couple. No wonder they did not attract to the money that he offered.

A million. He laughed. He offered a million to the owner of HuiQi Jade Store. A jade from HuiQi Jade Store was worth a hundred million at least.

Long Hui still wore a frowned expression on his face. Their time had been disturbed by the man. That man offered Yu Qi to be a model. If she became a model, she would be watched by thousands of men. They would be imaginative about Yu Qi. He did not want that.

Luckily Yu Qi did not have any intention to be a model. Otherwise, he did not know what to do.

"Can you smile for me?" Yu Qi asked when seeing the bad expression on Long Hui's face.

"I am sorry. I will smile when we are together." Long Hui smiled as he looked at Yu Qi.

Chapter 1053 - 1053: Choosing The Dress

They went to the shop that sold the high-quality dress.

"We don't need an expensive dress, you know." Yu Qi said to Long Hui.

That conversation had been heard by a couple beside them. They chuckled.

"Dear, someone is poor." A girl wearing a mini skirt talked to a man beside her.

"Yeah. If you don't have the money, you can go somewhere else that you can afford." The man had mocked him.

Yu Qi and Long Hui turned and looked at the couple. The couple was shocked to see Yu Qi and Long Hui. The woman thought Long Hui was the most handsome man that she had ever seen. As for the man, he also thought that Yu Qi was a very beautiful girl and wanted to have her.

"If you don't have the money to buy the dress, I can afford one for you." The man said to Yu Qi.

"Handsome, can I have your name?" The woman said to Long Hui.

The couple was Liang Duan and Jang Shi Lang. Both of them flirted with others without caring about their partner. It was because they had a casual relationship. Liang Duan could be with another woman. It also applied the same for Jang Shi Lang.

"I have a lot of money to spend. Your boyfriend here does not have money. It is better for you to leave him." Liang Duan convinced Yu Qi.

"Handsome, you can be with me then. I have the money. We should exchange the partner." Jang Shi Lang said happily.

Jang Shi Lang wanted to hug Long Hui's hand but she did not have time to grab Long Hui's sleeve, Yu Qi already slapped her hand.

"If you don't have your hand break, keep your hand far from my boyfriend." Yu Qi glared sharply at Jang Shi Lang.

"Ouch. That's hurt. How could you slap my hand like that?" Jang Shi Lang was angry.

"Really? Should I break your hand then?" Yu Qi became more furious.

She even leaked the murderous aura toward Jang Shi Lang. Jang Shi Lang became scared as she looked into Yu Qi's eyes. She immediately hid behind Liang Duan. 'This girl might break my hand as she says.'

"Beauty, don't be so angry. She does not do it on purpose." Liang Duan tried to talk to Yu Qi and intend to grab Yu Qi's hand on purpose.

However, this time, Long Hui pulled Yu Qi into his hug. Liang Duan could not touch the beauty. He was a little bit upset. He looked at the man behind Yu Qi. The moment he looked at the man's eyes, he felt he was about to wet himself.

This man was so scary. His intention was very obvious. If he dared to touch the girl, he would be killed by this man. That was the message that he got from the man.

This couple could not be messed around. Liang Duan loved beauty but he loved his life more. If he could be killed because of the beauty, it was better that he did not mess around. So, he walked around from that place.

Jang Shi Lang also followed Liang Duan. She did not want to stay here too. That woman was so scary.

"She dares to try to touch you. What an audacity." Yu Qi humped.

"Yeah. That man..." Long Hui narrowed his eyes.

"Well, let's forget about that. Don't let that ruin our mood." Yu Qi touched Long Hui's face.

Long Hui's mood became better.

"Yeah. I still want to buy the dress for you. So, let's try it okay." Long Hui said.

Because they were so attractive, they had been watched. They knew that that earlier man mocked this man by telling the woman that she should get another new man who had the money.

However, it seemed that the man was pretty loaded. He kept choosing dresses that were expensive for his girlfriend to try. Once the girlfriend came out, his eyes did not move from that woman. He was very satisfied with the dress. So, when the girlfriend went to try another dress, he told the shop assistant that he would be paying for the dress.

Yu Qi tried four dresses. The dresses were very pretty and suitable for her, wearing them for tonight event. She had a very hard time choosing one.

"Brother Hui, which one do you think look better?" Yu Qi asked his opinion.

"No need to choose. Let's buy them all." Long Hui said.

"What? There is no need to waste the money like that." Yu Qi shook her head.

"Well, I don't think it is a waste of money." Long Hui said.

Long Hui knew that his fiancée had her own money but he wanted to spend his money on his beloved Qi Qi.

"It is not often to spend my money on you." Long Hui pulled a face.

Yu Qi sighed. "Okay...? Okay... Okay... Let's buy them. But only the four dresses that I try on earlier." Yu Qi made a compromise.

The shop assistant who served both of them was very happy that she did not neglect the couple. The couple bought four dresses that were worth 100 thousand each dress. Because of that, she could get a big bonus for each purchase.

The other shop assistants were very jealous of that shop assistant. Because of that earlier couple, they ignored Long Hui and Yu Qi. Because they thought the couple could not afford to buy even one dress. Now the couple bought more than two dresses at once.

Chapter 1054 - 1054: It Is Mr Long To You

Then other customers entered the shop. The shop assistant went to greet the customer. The customers were one of their loyal customers.

"Welcome, Miss Chi, Miss Fu and Miss Nie." The shop assistant welcomed them with a smile. "We have a new collection today." She promoted the new arrival.

"Yeah. I need a dress for tonight event." One of the customers was Chi Yuan.

The event that she mentioned was Long Hui's promotion party. The organiser knew that Wei Family was Long Hui's maternal family. Because Grandma Wei liked her so much, she got an invitation too.

"Yuan, you are lucky to get a chance to go to that party. Not all people can go there." Nie Wan Jing said with a slightly jealous tone in her voice.

"Yeah. My father says the leader of our nation also will be there." Fu Niang Xi said.

"Grandma Wei wants me to tag her along. That is why I can go to that party." Chi Yuan smiled. She turned to the shop assistant. "Can you show me the new arrival?"

The shop assistant nodded. It was her commission then. She brought the girls to show the new arrival.

However, Chi Yuan's eyes wandered to somewhere else. She saw Long Hui, her dream man. She immediately approached Long Hui and called his name.

"Hui... What's a coincidence to see you here..." Chi Yuan was happy to see Long Hui. However, her expression froze when she saw Yu Qi beside Long Hui. She immediately blurred something. "What? What are you doing here?"

Her voice was not too loud but everything could hear her. Her tone well, what could we say, was not very nice. The tone that kind of accuse someone who did something bad.

Everyone was pretty imaginative. They thought the girl was caught her boyfriend cheating with another woman. Due to that misunderstanding, people looked down on Yu Qi and Long Hui.

"What? Miss Chi, I am just shopping with my boyfriend. Why do you asking me that question?" The sentences from Yu Qi put the end to the drama that everyone thought about.

The girl just came here to shopping with her boyfriend. The other girl greeted the man happily but while seeing the girl beside the man, she sounded that the girl should not be here. Everyone seemed to understand what was going on here.

"No... Nothing... I am just surprised to see you here." Chi Yuan smiled awkwardly.

"I see. So, I am thinking nonsense then." Yu Qi chuckled.

"You are here to buy the dress too for the party tonight?" Chi Yuan asked.

"Yeah. I told Brother Hui that I don't need them. But he insisted." Yu Qi smiled while showing off Long Hui's love toward her.

Chi Yuan made an awkward smile again.

"Yuan, who is this?" Nie Wan Jing asked.

"Yeah. Introduce us to them." Fu Niang Xi was eyeing Long Hui.

"This is Long Hui and Miss Tang." Chi Yuan introduced them to her friends.

"Wait... Long Hui... Is that..." Nie Wan Jing showed a shocked expression on his face.

"Long Hui? He is the one in the news."

"Yeah. The youngest Senior Colonel in the history."

"I heard that he already engaged."

"Which means the girl beside him must be his fiancee."

"They match each other very well."

Everyone was shocked by the sudden appearance of Long Hui and Yu Qi.

"Nice to meet you, Miss Tang." Nie Wan Jing smiled.

"Nice to you too... Well, I don't know your name." Yu Qi smiled back.

"My name is Nie Wan Jing and this is Fu Niang Xi. We are Chi Yuan's friends." Nie Wan Jing said.

"I see." Yu Qi nodded.

"I heard tonight party is celebrating Long Hui's promotion." Chi Yuan smiled.

"It is Mr Long to you. Don't act like we are familiar with each other." Long Hui interrupted.

Chi Yuan was speechless.

"Hey, she is your childhood sweetheart. Having a fiancee does not mean you need to talk to her like that." Nie Wan Jing said to Long Hui.

"Huh? Childhood sweetheart? Is that what you telling people?" The question was from Long Hui to Chi Yuan.

Chi Yuan stiffened. She indeed was telling people that she was Long Hui's childhood sweetheart. She had told people a long time ago. She thought Long Hui admitted that and did not care much about that. So, she did not correct everyone.

"Mr Long, you can not deny that even if you don't want your fiancee to misunderstand you." Nie Wan Jing added more.

Chi Yuan wanted Nie Wan Jing to stop talking.

"Tell me, when I end up becoming your childhood sweetheart, huh?" Long Hui narrowed his eyes. "You grow up here. I grow up in Hiso City. I barely came here to visit Wei Family. So, tell me. When the heck I became your childhood sweetheart?"

Chi Yuan could not speak. Her friends also looked at her, waiting for the answer. Not to mention, other people.

"I am sorry." Chi Yuan said slowly.

"Humph." Long Hui rolled his eyes.

"I hope that Miss Chi does not spread any rumour again." Yu Qi spoke again after waiting for a while. She looked at Long Hui. "I think it is enough dresses to buy."

"Okay. Let me settle the payment." Long Hui said.

The shop assistant helped Long Hui to settle the payment. She could not believe that she could meet the legendary Long Hui today.

Chapter 1055 - 1055: Owner Of Qi Qi Skincare

They left the dress shop and walked around. Long Hui asked someone to bring the dresses back to the Long Residence. Yu Qi saw her Qi Qi Skincare Store. She decided to take a look at the store. It was the first time she came to this branch.

Yu Qi pulled Long Hui to the store. Long Hui followed her. He knew that the store was under Yu Qi too. The store was not too crowded with customers.

"I have to buy the moisturizer but I don't have enough money to buy it."

"Yeah. These skincare products are too expensive."

"I don't think it is worth our money."

"If you don't have the money to buy our product, please leave." One of the shop assistants heard the conversation between the two girls and drive out the girls.

"What?" One of the girls was shocked.

The shop assistant made a proud face. "What? Am I telling something wrong?"

"No, but..." The girl wanted to protest but her friend pulled her.

"I guess you should look at the mirror. Even if you use our products, I don't think that you will be beautiful. An ugly girl will always be an ugly girl." The shop assistant mocked the girl.

"You..." The girl was furious. She wanted to slap the shop assistant.

Once again, her friend stopped her.

"I don't want you to be here anymore. If I let you stay any longer in this store, something would be missing." The shop assistant kept saying the bad thing toward the girls.

The girls were speechless and angry. They did not expect that they would be treated like this in this store.

"The exit is over there. You can go now." The shop assistant pointed to the door.

"It is you who need to go out. You are fired." Yu Qi suddenly talked to the shop assistant.

They were surprised when the beautiful lady suddenly said that to the shop assistant.

"Fired me? Ha ha ha... What's right do you have to fire me, huh?" The shop assistant chuckled.

"The right? My right as the owner of Qi Qi Skincare." Yu Qi declared.

Everyone in the store was shocked to hear that. A silence.

"Call your manager here." Yu Qi said to another shop assistant.

The shop assistant nodded. She could not ignore Yu Qi. She needed to call the manager first. The manager could know whether this woman was truly the owner of Qi Qi Skincare.

The rude shop assistant suddenly laughed. "Owner of Qi Qi Skincare? Don't make me laugh."

Right after the rude shop assistant said the sentence, the manager of this store, Mrs Lang Chixang came running toward Yu Qi.

"Miss Yu Qi, it is an honour to have you here." Mrs Lang Chixang greeted Yu Qi.

As a manager, she had been told that Yu Qi was the true owner of Qi Qi Skincare. When her employee came and told her that a woman claimed she was the owner of Qi Qi Skincare, she asked the employee about the woman features. The employee told her exactly the same features that the woman had. Therefore, she ran straight here.

"I believe it is our first meeting. You believe that I am the owner?" Yu Qi asked to test Mrs Lang Chixang.

"I have seen your picture before. So, I know it is you. I am Lang Chixang, manager of this branch." Mrs Lang Chixang introduced herself too.

The rude shop assistant was looking extremely shocked when Mrs Lang Chixang acknowledged Yu Qi as the owner of Qi Qi Skincare.

"Mrs Lang, you are lying, right? This is no way that this girl is the owner." The rude shop assistant said to Mrs Lang Chixang said.

"Zhu Zhi Ye, it is the truth. She is indeed the owner." Mrs Lang Chixang said.

Apparently, the rude shop assistant's name was Zhu Zhi Ye.

"So, I have the right to fire you, am I?" Yu Qi smiled at Zhu Zhi Ye.

"What is going on here?" Mrs Lang Chixang asked another shop assistant.

She did not know what truly happened. When she knew what happened, she was truly flustered. She went to the girls who got the rude treatment from Zhi Zhu Ye. She bowed 90 degrees to the girls.

"Misses, I am truly sorry about everything." Mrs Lang Chixang said.

"No... No... No need to apologize." The girls seemed to be flustered when someone was apologizing while bowing to them.

"I will give you a 50% discount for the rude treatment that you get from our employee." Yu Qi smiled at the girls.

"Really?" The girl who was interested in buying the product in the first place was happy to hear that.

"Of course. However, it is only for today." Yu Qi nodded.

50% discount was a lot. The products would be half of the original price.

"Enjoy your shopping today." Yu Qi said. She then turned to Zhu Zhi Ye who looked in blank. "As for you, please leave. Mrs Lang, give her one month salary."

"Yes, Miss Yu Qi." Mrs Lang Chixant accepted the order. She could not do anything. It was the owner's decision.

"Please forgive me. I will not do it again." Zhu Zhi Ye begged. She even kneeled on the ground.

She did not want to leave this job. This job paid a high salary. If she lost this job, she could not afford her current expense.

[Chapter 1056 - 1056: Humilate Once Again](#)

"Really? You have done this many times, right? You insult the poor customers who come to look at the products in this store. You judged them by their appearances. Am I right?" Yu Qi stated.

"Miss Tang, you should forgive her. She probably did not mean it." A person interrupted.

Yu Qi looked at the person who had just spoken. It was Chi Yuan.

"Miss Tang, you are the kind soul, right?" Chi Yuan added again.

It was a coincidence. After the incident at the dress store, they wanted to another store first. After a while, Nie Wan Jing and Fu Niang Xi wanted to go to Qi Qi Skincare Store to buy something. And they came across the scene where Zhu Zhi Ye was begging Yu Qi to forgive here.

Chi Yuan decided to help the poor woman who begged Yu Qi for forgiveness. She wanted to show Long Hui that his fiancée was a cruel woman compared to herself that helped the poor girl.

"Miss Chi, do you know what is her fault?" Yu Qi suddenly asked Chi Yuan.

"Miss Tang, it is wise to forgive someone. She is probably rude to you, right?" Chi Yuan made the assumption.

"If Miss Chi did not know the true story, please don't interrupt." Yu Qi glanced at Chi Yuan.

"Miss Tang, you..." Chi Yuan made a shocked expression while giving a side glance at Long Hui.

"Miss, you just come. So you don't know what is going on. This woman is saying a bad comment to the girls and asked the girls to get lost from the store. She is supposed to treat the customers nicely.

However, she judged the girls from their appearances and assumed that they are poor and afraid they would be stealing." A customer who watched the whole thing explained to Chi Yuan.

Chi Yuan changed her expression. She thought she could show Long Hui that Yu Qi was a bad woman that could not forgive someone. But once again, she had been slapped by the invisible slap.

"Don't beg me anymore. I don't want you to work here anymore. Please leave." Yu Qi would not be softhearted.

A shop assistant should know that she had to treat the customers who came to the store equally unless they did something that ruined the store.

Zhu Zhi Ye regretted everything. If she knew the owner of Qi Qi Skincare would come, she would be giving the tip-top service to the customer. She did not expect that.

"Even so, you can't fire anyone here, Miss Tang." Chi Yuan interrupted again.

"Miss Chi, this is MY STORE. I can decide who works here. I am the owner of Qi Qi Skincare." Yu Qi said.

"What? This is YOUR STORE?" Chi Yuan was shocked.

Even Nie Wan Jing and Fu Niang Xi were shocked. This Skincare brand rapidly grew its popularity. Only in two years in the market, the brand became the most popular brand in the Skincare world. And they were being told that Yu Qi was the owner? Was that possible?

"You are kidding?" Chi Yuan still could not believe her ears. "You already owned HuiQi Jade."

"So, why can't I own another one?" Yu Qi chuckled. "I think I need to go and take a look at another branch store too. I don't want other customers to receive the same treatment done by this woman." She said as she looked at Zhu Zhi Ye.

"Please, don't fire me." Zhu Zhi Ye begged again.

"If you stay here anymore, I will ask someone to drag you out and you will go with the empty hand. Without your salary." Yu Qi gave the warning.

Hearing that, Zhu Zhi Ye was shocked. She stood up. She did not want to leave with an empty hand. The one month salary should be enough to cover her expense for a while.

Zhu Zhi Ye left with her one month salary. Actually, her colleagues were pretty happy when Zhu Zhi Ye got fired like that. They did not like her toxic mouth that was very quick to mock others just because she was a little bit beautiful.

"Thank you, Miss Tang." The girls who getting insulted thanked Yu Qi.

"Never mind about that." Yu Qi smiled.

"Can you suggest one product to me?" One of the girls shyly said that.

"Sure. You can use this mask. It can reduce puffiness and brighten the skin. You just need to wear them twice a week." Yu Qi promoted her product. "I currently don't wear the make-up."

"Really? It looks so flawless." The girl was excited. She actually wanted to touch Yu Qi's face.

However, she saw Yu Qi being pulled by a man. The man also glared at the girls.

"Brother Hui?" Yu Qi was confused when she was suddenly being pulled by him.

"Don't touch her. She is mine." Long Hui said to the girls.

The girl nodded in scared while saying. "Okay... Okay..." However, they felt excited to see the handsome man hug a beautiful woman. It looked out from a drama scene.

They were thinking that the man declared straight forward that she was his. He was jealous that they were touching to touch Yu Qi's face.

"Thank you once again, Miss Tang. We will go and make the payment." The girls said and went to the payment counter.

Chi Yuan gritted her teeth. Everything was in that bitch's favour today. How could everything be hers?

[Chapter 1057 - 1057: Memories Of His Parent](#)

Both of them left the shopping mall before lunch. Long Hui wanted to take Yu Qi somewhere. They went to the outskirts of the Capital City. She was curious where did Long Hui want to bring her to.

They stopped at a restaurant. Well, not a big one. Just a small one. Looking at this place, she remembered the past where she used to work at a place like this before becoming a part of the Tang Family.

"We are going to have lunch here." Long Hui said.

"Sure. No problem." Yu Qi nodded.

Of course, she did not have any problem eating at a place like this. She could not hate a place like this.

"Welcome... Welcome..." An old lady greeted them as they stepped inside the room. She looked at them warmly. Then she was looking a little bit surprised. "You are..."

"Long time no see, Grandma Xia." Long Hui greeted the old lady politely.

"You are the little Hui, right?" Grandma Xia looked at Long Hui.

"Yes, Grandma Xia." Long Hui nodded.

"Look at you. You have already grown up. Oh, is this your wife?" Grandma Xia's eyes moved to Yu Qi.

"My future wife, Tang Yu Qi." Long Hui introduce Yu Qi to Grandma Xia.

"Hello." Yu Qi said politely.

"Oh my... The time really passed." Grandma Xia smiled. "I remember you are here with your parent a long time ago when you are just a small kid. You are a little arrogant too." She made a small laugh.

She looked at Yu Qi. "His father also brought his mother to come and eat here too even before they got married. Now their son is doing the same thing."

Yu Qi looked at Long Hui. She did not know that this place was so special to Long Hui. Long Hui's ears were slightly red. He looked so cute when he was shy.

Long Hui and Yu Qi sat at the table at the corner of the restaurant. A young lady came and wanted to take the order. She was smiling when seeing a handsome man like Long Hui

"Welcome. Have you decided on the menu?" The young lady asked the couple.

The menu list with their prices was written on the wall. The customers just needed to look at them and chose which one they wanted.

"Let's have hotpot. It is very good here." Long Hui suggested.

"Sure." Yu Qi nodded. "Let's have two types of soup. The spicy one and the mild one."

"Okay." Long Hui also nodded.

The young lady wrote what they requested and went into the kitchen.

"You used to come here?" Yu Qi asked.

"Hmm... When my parent is still alive. They liked to come here." Long Hui looked soft when talking about his parent.

He did not talk about his parent much. However, Yu Qi knew that Long Hui really loved his parent and his parent loved their son so much.

"They sat here and argued what they wanted to eat. Grandma Xia came and smooth up the thing." Long Hui had a gentle smile on his lips while telling the story about his parent.

"I see. Their relationship must be really good." Yu Qi chuckled.

"Your parent must be happy to see you getting married, right?" Grandma Xia came and served the food on the table.

"Yeah. They are happy to see their future daughter in law." Long Hui nodded.

"Eat them up." Grandma Xia said.

They started to eat the hotpot. It was very delicious. Long Hui could not help to recall his memories here with his parent. Even though his parent was busy with their duties as a soldier, they still had some time to bring him here, enjoying the delicious food here.

The atmosphere was very good. The food was also delicious. Since it was lunchtime, the restaurant had been visited by people. Their table was a little bit hidden from others.

"This restaurant is really popular, right?" Yu Qi looked around.

"Yeah." Long Hui nodded.

"It is because its food is super delicious." Yu Qi laughed. "And it is full with the memories."

"Let's go and pay up." Long Hui said.

So, both of them went to the counter to pay up. It was the same young lady who took their order earlier in the counter.

"Your bill is here." The young lady handed out the bill to Long Hui.

After paying, they were about to leave the restaurant. However, someone blocked their way.

"Wow... What's a beauty." There was a man's voice.

"Yeah. She is a match with you, Brother He Lang." Another voice said.

Long Hui placed himself in front of Yu Qi blocking their view

"This man must be her boyfriend." One of the men talked.

"Hey you, give your girlfriend to Brother He Lang if you want to leave alive." The man said. He pointed to the man that had a bulky body. People could see that this man was really strong.

Long Hui already looked very angry. How dared they ask for his girlfriend? He wanted to kill these group of men right now

How could Yu Qi did not know what Long Hui was thinking about right now? She knew it. She held Long Hui's hand, looking at him and asking him to calm down.

He was a soldier who going to get the promotion. If he killed a citizen, he would be criticized by the public. She could not let that to happen.

[Chapter 1058 - 1058: The Devil Reappeared](#)

Since it happened inside the restaurant, the people who currently eating could watch and hear the situation. However, they could not do anything. This group of people were local thugs. They did not want to have trouble with these thugs.

Yu Qi stepped in front of Long Hui. "Can you please let us go?"

"Beauty, spend one night with me and I will let you off." The man named He Lang said.

He thought that this girl was pretty and also had a very good voice. It would be great when the pretty girl was under his body. He already imagined that this girl would be moaned when he thrust his d**k into her p***y.

Long Hui already leaked his murderous aura. The men felt the aura and stepped back as they warily watched Long Hui.

"Brother Hui, let me handle it." Yu Qi whispered to Long Hui.

Long Hui looked at Yu Qi who smiling at him. Then he nodded.

Yu Qi turned to He Lang. "To be honest, I like a strong man." Yu Qi declared while smiling.

"Then, let me fight with your boyfriend then. If he lost, you will be with me. If he wins, we will let you go." He Lang smiled wickedly.

He was pretty sure that this man was weaker than him even though he looked scared and was about to kill someone. With that kind of body, what could he expect? He would win this fight and got to f**k this girl. It would be better to f**k the girl in front of her boyfriend.

"No need for him to fight. I will fight you." Yu Qi said.

Everyone went silent at that moment. Then someone from that group laughed. Then, followed by others.

"Did I hear that right?" Someone asked while laughing.

"Beauty, you should not be joking like that." He Lang also laughed.

"I am not joking, though?" Yu Qi looked straight at He Lang.

He Lang looked at Long Hui. "Are you really going to hide behind your girl like that? Don't you have pride?" He was mocking Long Hui.

"Yeah. It is my pleasure that she wants to protect me like that." Long Hui already cooled down and shamelessly proud to hide behind his fiancée.

"Can you please agree to fight with me? We are kind of busy right now. We don't want to waste time here, and with you guys." Yu Qi made an annoying face.

He Lang was getting pissed off about this. "Sure. Let's fight." He agreed.

"Let's go out first. I don't want to damage this restaurant." Yu Qi said.

"Sure... Sure." He Lang said.

So, they went out. Some of the customers also went out to see the fight. Yu Qi and He Lang were facing each other.

"That girl is reckless. How could he challenge He Lang?"

"And that man too, how could he let his girlfriend fight that bulky man likes that?"

"Hey, that girl must have her plan."

"It is probably that girl is strong."

"Strong??? Are you blind?"

The onlookers were discussing about that.

"You will be mine." He Lang moved approaching Yu Qi.

Yu Qi did not move. She just waited for He Lang to get closer to her. Everyone thought Yu Qi could run and admit defeat. The women opened their eyes. Then they heard someone was screaming.

When they opened their eyes again, they saw He Lang was laying on the ground, holding his stomach and hissing in pain. They were shocked by what happened just now.

"What happens?" One of the women who closed their eyes asked.

"That girl kicked him straight on that man's stomach and the most important thing was that man was flying backwards from falling on the ground." The man told what he saw.

It was Yu Qi's turn to walk closer to He Lang. He Lang was still hissing in pain. When he saw Yu Qi walking toward him, he became afraid.

"Do you still want to continue?" Yu Qi asked. "If you still want to continue, I don't mind. But you need to be prepared for your bones to break again."

It was not too loud but everyone still could hear that girl's talking. Bones break? How could that be possible?

"I assume your right ribs must be broken right? Do you need to make that even?" Yu Qi asked again.

Everyone swallowed their saliva when listening to the questions. That one kick just broke his rib?

"You still want to continue?" It was the third time Yu Qi asked. "Or do you want your friends to replace you and continued the fight? Which one that you prefer?"

He Lang's friends became nervous out of a sudden.?Why not? If a strong looking man like He Lang lost the fight with Yu Qi, how could they win fighting with that woman?

Seeing the man still did not talk, she moved closer to him. Then she heard that the man said something.

"No... I don't want to continue anymore. Please forgive me." The man begged while he was in pain.

"Good. You make a good decision." Yu Qi said. She then spoke in a low tone. "Otherwise, you might lose your life." She smiled.

He Lang looked terrified as he watched Yu Qi's smile. He provoked a devil today. She was a devil with a beautiful girl mask. How terrifying.

"Brother Hui, let's go." Yu Qi said.

Long Hui nodded. His beloved Qi Qi was so strong. He liked it.

[Chapter 1059 - 1059: How Weak](#)

"It is not even a fight. How weak." Yu Qi commented as they walked to the car.

"He just looks bulky. People assume he is strong. So, no one dares to confront him." Long Hui added.

"I see." Yu Qi nodded.

"Where do you want to go next?" Long Hui added.

"I think we should go home and relax for a little bit since we need to attend the party." Yu Qi suggested.

"Well, if you want, we can ditch the party." Long Hui suggested too.

"No. The party is celebrating your promotion. What is the party if the main character is missing?" Yu Qi frowned.

"Sure... Sure... I will listen to you." Long Hui said.

Long Hui did not care much about that party. He attended the party because Yu Qi was going to be at his side. Otherwise, why should he waste his precious time entertaining strangers? He just wanted to spend time with his beloved Qi Qi.

So, they returned home. Yesterday, he was angry, not because of the incident where someone put the chilli seeds into Yu Qi's moisturizer but because of the arrangement of the room.

He believed that Yu Qi should stay in his room together with her. She chuckled when he said that to her. To calm down his anger, Yu Qi told Long Hui that he could stay in her room together. So, Long Hui took the opportunity to stay with his beloved.

"Have the dresses arrived?" Long Hui asked one of the maids.

"Yes, Young Master Long. We already put the dresses inside Miss Tang's room."? The maid answered.

"Miss Tang? Call her Young Madam." Long Hui said.

"Young Madam." The maid changed the title.

Yu Qi slapped Long Hui's shoulder. "What are you doing, scaring a girl like that?" She then turned to the maid and said, "Thank you."

"It's nothing." The maid shook her head shyly.

Both of them went to Yu Qi's room.

The maid went to the kitchen and talked about the couple.

"Young Master Long buy a lot of dresses to Young Madam."

"Young Madam? Why do you call her that? They are still not married yet."

"Young Master Long tells me to call her that."

"And she buys a lot of dresses. She wastes Young Master Long's money like that."

"Hey, it is Young Master Long's money. He can do whatever he wants."

"Yeah. That's right. And I think Young Madam is a nice person."

"Nice? So, what about yesterday? She makes one of us lose her job just like that."

"But that is because Chulan wanted to harm Young Madam."

"Oh, someone wants to lick their master's ass."

"Xie Nue, watch your mouth."

Xie Nue rolled her eyes. She really disliked Yu Qi at this moment. She just had a chat with Chi Yuan. Chi Yuan told her that Yu Qi had been humiliated Chi Yuan in front of Long Hui. Chi Yuan felt so embarrassed.

Xie Nue was angry when she read Chi Yuan's chat. 'Nice, stop joking.' Even though she was angry, she did not dare to do anything to Yu Qi. Because she had been seen Chulan got her punishment.

....

Long Hui was laying on at the resting hut nearby the lake with Yu Qi. Yu Qi just finished making the BBQ for three little cuties.

"You smell delicious." Long Hui took a smell at Yu Qi's neck.

It was a BBQ smell. Yu Qi was feeling ticklish when Long Hui suddenly leaned closer to her neck. Long Hui could not hold back and started kissing Yu Qi's neck.

"Stop it. We are outside." Yu Qi pushed Long Hui's head with a red blush on her both cheeks.

Long Hui saw that and smiled.

"Well, no one is here." Long Hui said.

"My little cuties are here, okay." Yu Qi said.

"They are not here anymore." Long Hui replied.

Yu Qi looked around and saw the three of them were at the garden. It was a little bit far from them but still they could see her if they turned to her direction.

"Stop it. They are over there. They can see us." Yu Qi glared at Long Hui.

"Then if they don't see us, we can do it?" Long Hui grinned.

"You... how shameless." Yu Qi rolled her eyes.

"Well, I am just shameless toward you." Long Hui did a quick kiss on Yu Qi's lips. "Hmm... Delicious." He added.

Yu Qi lifted her eyebrow. 'If he wants to play like that, I will play like that too.' Yu Qi was also making a sneak attack by kissing Long Hui. Long Hui's eyes went widened.

He then pulled Yu Qi closer. While holding the back of Yu Qi's head, he gave Yu Qi's a deep kiss. His tongue invaded Yu Qi's mouth. It lingered and played around with Yu Qi's tongue.

Yu Qi could not help but to enjoy the sensation. She moaned softly. After so long, Long Hui finally released Yu Qi making their saliva connect. Yu Qi's eyes became cloudly.

"How is it? You like it?" Long Hui whispered to Yu Qi's ear. He also gave a lick to her ear.

"Hmmm...." Yu Qi felt pleasure when Long Hui licked her ear.

"Do you want it?" Long Hui asked, seducing her.

"Hmm..." Yu Qi nodded. Then she added. "But, not here."

"Sure... Let's go inside your room." Long Hui kissed her again.

Then he lifted her up and went inside the Pagoda, to her room. Well, people could guess what would be happened next.

[Chapter 1060 - 1060: Exaggerated](#)

Long Hui was waiting for his beloved Qi Qi to finish dressing up. He had been chased out from her room after the massage.

After 3 rounds of lovemaking, his beloved Qi Qi fainted for about one hour. When she woke up, she felt pain in her back.

She knew that it was because of the intensive of their lovemaking. She glared angrily at Long Hui.

Long Hui grinned as he offered his service to massage her back. Luckily she did not refuse. She laid back and enjoyed the massage. He could see that she was very satisfied with the massage.

After that, she chased him out of her space and her room with the excuse that she needed to prepare for tonight party.

Even though he was reluctant to go out, he also needed to get ready for the party. He returned and get ready.

So, he was currently waiting for her to get down here. He wanted to wait for her in her room. But she did not allow him. She asked him to wait outside.

He could see that there were maids running around and took a few looks at him. Well, he also used for this.

However, his eyes eventually stared at the stair like the one who he had been waiting for appeared, going down the stairs.

Even though he also saw her in the dress earlier while she was trying the dress at the shop, somehow, he was still feeling stunned when he saw her in this dress.

Her make up matched her dress very well. She looked like an ice queen and the devil at the same time.

Yu Qi saw Long Hui. She also saw the stunned look on his face. She approached her.

"How do I look?" Yu Qi asked.

"What can I say... You are alluring, my beloved Qi Qi." Long Hui pulled her closer to him.

'This woman is mine. I will not let someone take her from me.'

"You looks alluring too." Yu Qi said.

She was weak when Long Hui wore the soldier uniform, especially this formal one. He looked very very handsome right now.

"We are going to be late. Let's go now. Where is Grandpa Long?" Yu Qi realized that they were going late.

"Don't worry. The main character is usually late. As for Grandpa, he has already left the house. He must have arrived at the venue already." Long Hui said.

"Okay. Let's go." Yu Qi said.

Both of them left the house.

"Guys, do you see them? Right now, I can really say that both of them match each other."

"Young Master Long is very charming. He looks like a true prince charming."

"Even so, Young Madam also look like a queen."

"Her dress is also very good."

"Her make-up skill is top-notch."

"Yeah, I thought she would call someone to do her make up and doing her hair. But she settled everything on her own."

"I heard that she is a doctor. Not expect that she is also talented in makeup and hairstyling."

Xia Nue who listened to the conversation snorted. She did not believe that the woman could do her own make-up. These people must be exaggerated what they had been seen.

She did not have a chance to take a look earlier before she needed to settle for another work.

Xia Nue chatted with Chi Yuan about that. Chi Yuan who received the information felt surprised that Yu Qi just did her make-up without calling the professional to do it. She felt quite relieved. She did not believe that Yu Qi was good at make-up.

Both Yu Qi and Long Hui already arrived at the venue. Long Hui drove himself. Even so, he did not think that he would be driving when the party was over because he might be drunk later.

He did not want to endanger their life, especially his beloved Qi Qi's life. So, he already booked a man to drive them later.

Both of them walked to the entrance. There were a lot of bodyguards stationed there. Yu Qi did not feel weird to see a lot of the bodyguards here because the party was attended by the big names. Not to mention, the president of Binhai Nation would be here as well.

In order not to allow unrelated persons as such the reporter sneaked into the party, the organiser of the party guarded the entrance.

The bodyguards saw Long Hui and a woman walking towards them. The organiser already showed them a photo of the main character for this party. The woman beside him must be his rumoured fiancée of him.

Because of that, they did not stop them and allowed them to enter. If another person, they would be asking for the invitation card. Only people who had the invitation card were allowed to enter.

However, someone looked at it as an opportunity to sneak into the party. He saw the couple enter just like that without being blocked by the bulky bodyguards.

He planned to use the chance to enter the party. He walked towards the bodyguards. One step more and he would pass the bodyguards. However, he had been stopped by the bodyguards.

"Where do you think you are going, huh?" One of the bodyguards asked the man.

"Well, to the party, of course." The man felt scared but he braced himself and answered the question. If he succeeds in sneaking into the party and taking pictures of it, his boss would definitely increase his salary.
