

INTELLIGENT 1111

Chapter 1111: Plot Against Those Stupid Politicians

Long Hui lifted up his head and looked at Ren Qian Yi like he was an idiot.

"What? Why do you look at me like that?" Ren Qian Yi could feel that Long Hui was mocking him right now.

"I am just thinking... Have you this idiot?" Long Hui asked.

"What? That is an insult. I am just asking." Ren Qian Yi wanted to cry.

"Of course, I will not stay at Tang House. I know that Elder Tang will not allow that. Not to mention her uncles and her brothers. I am planning to use one of the condos that I owned." Long Hui said.

"Oh..." Ren Qian Yi nodded.

Long Hui indeed had a bunch of property over there. Some of them had been rented out. At first, every property had been rented out. But after Yu Qi officially lived at FINN City, coincidentally the tenants ended the contracts, and Long Hui left that one empty. He would be using that as his own house, then.

It was not possible to live with Yu Qi in Tang House. Her family definitely did not allow that. So, it was better to find somewhere close to her house.

As for the incident that Yu Qi faced recently, he knew that Liang Mo Han would find the truth and the true culprit. Even though he was a soldier, he would be ruthless to others if they touched his life which was his beloved Qi Qi.

If he could not touch them directly, he could use Liang Mo Han to handle those idiots.

.....

Yu Qi already ended the conversation with Long Hui and smiled. Long Hui was back. She could meet with him tomorrow. Then, she entered her space, straight to her computer room.

Even though she was happy with Long Hui's return, she still had grudges to pay back. Those three stupid ministers did not know that she already hacked into their personal data, their official emails, their personal emails, and their number phones.

She already knew that they were the mastermind behind all this. But she let them be first to settle the hospital matter first. Since the things at the hospital already settled, it was her time to play with those stupid ministers.

Actually, that night, when she was with Dian Qi Qi, she did not plan to take action on those stupid ministers. She did not care what they wanted to do to the women. The women also knew what sequence they were doing at the time.

But the stupid ministers tried to ruin her Family's reputation. There was no way she would let them continue. The stupid ministers should be cleaned up.

"Oh, they were calling each other. Let's hear them." Yu Qi smirked.

Yu Qi listened to their conversation. Indeed, their words admitted that they were the mastermind. However, they used another person. And that person right now was having a problem with his family.

"So, you want to wait and see now?" Yu Qi chuckled. "I will never you sit at your position anymore."

Han Dong Wa was a minister of finance. Nan Kong was the minister of education while Piang Tong was the deputy minister of education.

As Yu Qi expected, three of them had done embezzlement. The money supposedly went to the people and development and went into their pockets. To be honest, they were pretty stupid too since they stored the evidence of their embezzlement in their personal emails and personal numbers.

It was easy for Yu Qi to gain access to their personal emails. The previous minister, Wei Zhu Feng was much smarter than them since he even hired a group of hackers protects his data.

Yu Qi collected all the evidence. She wanted those stupid ministers to get fired from their positions as quickly as soon possible. Which method should she use in order to get them fired?

Then she remembered that she had President Hai's email. She got it when they met with President Hai at his house. She could send those evidence to President Hai.

Of course, she knew that President Hai would be making his own investigation about those stupid ministers. She believed President Hai could get the evidence when there was a lead about that.

So, she sent all of the evidence to President Hai's email. Of course, she did not use her personal email. It could be traced back to her.

Next, she would send this evidence to a magazine. 'The Truth' magazine was a magazine that only wrote about government. Every movement that the government made would be reported in this magazine.

The reporters tended to investigate the truth first before publishing the story in the magazine. However, she would send it to them later. Because she did not want to wake up the involved. If those stupid ministers knew that they had been investigated, they might have had time to run away overseas. It would be hard to capture them later.

She got out of her space and lay on her bed again. Seeing their master was out, and laying on the bed, Shino and Aoi also jumped on the bed. Aoi preferred to lay down at his master's legs. While Shino liked to snuggle up at Yu Qi's chest.

If Long Hui saw it, he probably would be mad and say that place was his only place. Well, if Long Hui was here, Shino and Aoi could not be sleeping with their master at all. Long Hui would have their master all along.

Chapter 1112: The New Restaurant

Yu Qi walked to the entrance after finishing the work for today. On the way, she saw Tang Jin Wei walking in the same direction.

"Are you going home too?" Yu Qi asked.

"Yeah." Tang Jin Wei said.

"Where is your girlfriend?" Yu Qi asked again.

"She is having another work to attend to." Tang Jin Wei answered.

"Oh... no wonder..." Yu Qi smiled when seeing Tang Jin Wei look lifeless. Turned out he could see his girlfriend.

Tang Jin Wei noticed his sister was laughing at him. He did not care about that. Su Ke Ke needed to go to another hospital for some training for one week. Meaning he could not see her for one week. Not like he could not go there. But Su Ke Ke told him not to come.

"Oh my god."

Tang Jin Wei heard Yu Qi say that. He wondered what made Yu Qi say that. He was about to ask Yu Qi but he saw Yu Qi rush over. Then, when he saw what was in front of him, he understood. Only that person could make Yu Qi act like that.

"Brother Hui!" Yu Qi rushed into Long Hui's arm. "I thought you will arrive tonight."

"I finished my work earlier. So, here I am." Long Hui kissed Yu Qi's forehead.

"I see. Then, let's stay at my house tonight." Yu Qi said.

"Well, I already have a place to stay." Long Hui said.

"It is probably the hotel, right? It should be better if you can stay with me." Yu Qi said.

"No... no... it is not a hotel. Actually, I brought a house." Long Hui explained.

"A house?" Yu Qi tilted her head to the side.

"Yeah. Actually, I ask Third Brother to buy it." Long Hui added.

"I see. I want to see the house of yours." Yu Qi really wanted to see the house. She turned around and saw Tang Jin Wei was walking toward them. "Brother Jin Wei, please tell aunties and Grandpa that I will not be home tonight."

"What?" Tang Jin Wei was confused seeing Yu Qi left with her fiancée. He ended up complaining about that. "Damn it... why I am being suffered here?"

As for Yu Qi, she already pulled Long Hui to leave. Long Hui just followed her. They decided to take Long Hui's car. Yu Qi's car would be left inside the hospital parking tonight. Well, she was not worried since the parking was safe. There would be security guards making the rounds at the hospital parking.

"You must be hungry. Let me cook for you." Yu Qi said.

"No need. You just finished working. You must be tired and hungry. Let's go and eat something." Long Hui suggested.

Even though he missed his beloved Qi Qi's cooking, he did not want her to be tired even more. It would be better for them to go and eat somewhere else.

"Okay... if you insisted. I don't mind." Yu Qi nodded.

So, they went to a restaurant. It was a newly opened 4-star restaurant. Yu Qi had read about this restaurant. Her coworkers also talked about that. It had a portion of good delicious food. Yu Qi never tried the food there.

The restaurant somehow had a strange logo. A snake or a dragon surrounded a girl.

"What are you looking at?" Long Hui asked.

That logo. It is beautifully made." Yu Qi pointed to the logo.

"It is a dragon guarding a girl. It is you and I." Long Hui said.

"What?" Yu Qi quickly turned to Long Hui.

"This is our restaurant. I tell the third brother to open it under our name." Long Hui smiled.

It was a surprise. Seeing the look on his beloved Qi Qi's face telling him, the surprise was a successfully surprise.

"It is my idea. You open the Jade store under our name. So, I think opening the restaurant under our name too is a good idea. So, I ask Third Brother to help me with this. So what do you think?" Long Hui said.

"This is wonderful. Thank you, Brother Hui... You are adding my source of income." Yu Qi was happy when she generated more money.

Long Hui laughed when he heard what Yu Qi had said. He already knew that his fiancée was a money-grubber.

"Let's go in." Long Hui said.

The waiter was surprised to see the couple. All the waiters and waitresses had been informed that these two people were the Super VVIP customers that needed to treat them very well. The manager came out and welcomed himself.

"Just give us a room. We will order the food from there." Long Hui said.

"Sure, Mr. Long." The manager nodded.

The manager knew the true identity of these people. They were the owner of this restaurant. He would definitely follow whatever they wanted to.

The manager led them to a private room. He was the one to cater to everything. He was also the one who took the food order from them. He could not let anyone handle them. It was better for him to do it by himself.

The restaurant offered many ranges of food from western food to Chinese food. Long Hui and Yu Qi had difficulties choosing them. Yu Qi asked the manager for recommendations.

Since he was the manager, he explained about the food when Yu Qi asked about them. It was good for him to handle them himself because his subordinates might have difficulties explaining them to them.

Chapter 1113: People Who Knew Her From The Past

"Hmm... No wonder you become the manager here. You know everything on the menu. It is indeed a requirement to be a good manager at the restaurant." Yu Qi said.

"Thank you, Miss Tang." The manager was happy when listening to Yu Qi's praise. "The food will arrive soon. Please wait for it. Enjoy. I will excuse myself first."

The manager went out.

"Why do you look so angry?" Yu Qi turned and saw Long Hui's angry face.

"You are smiling too much at the manager." Long Hui complained.

Yu Qi laughed. She forgot that her fiancé was a jealous man.

"Okay... okay... I will restrain my smile." Yu Qi coaxed Long Hui.

They ate. The food was quite delicious. In the middle of eating, they talked about the incident that recently happened.

"They wanted to ruin you first before you ruin them." Long Hui said.

"Probably. But the method that they chose is really bad. I don't care much if they want to mess with me. But messing with people that I care about, I will not let this grudge go." Yu Qi smiled.

"They probably want to make you lose your powerful background. But they are sure an idiot. Even though you lose this background, you still have another background which is as my fiancé." Long Hui added.

"Well, they think using their lower part not their brain." Yu Qi chuckled.

"My lower part just thinks about you, though." Long Hui said casually.

The sentence made Yu Qi cough. "You... How could you say something like that here?"

"What? Not like no one is here. Besides, I am telling you the truth." Long Hui made an innocent face.

Yu Qi quickly stuffed a slice of meat into Long Hui's mouth in order to stop him from talking more.

One hour later, they walked out of the restaurant. The manager escorted them out.

"Mr. Long, Miss Tang, come here again." The manager bowed respectfully to them.

"Hmm... sure. I will come back. The food is delicious by the way. Keep up the good work." Yu Qi exchanged some words before leaving.

The manager came inside. Then, he heard some noises at the counter. He immediately went to see what was going on there. When he arrived there, he could see a woman dressed like a wife of a rich man.

"What is going on here?" The manager asked.

The woman turned around and see the manager.

"You are manager here, right?" The woman asked.

"Yes, Madam. I am the manager here. Is there any problem here?" The manager inquired again.

"Well, I want to make the confirmation." The woman said.

"A confirmation?" The manager thought the woman was probably having trouble with the reservation or something like that. So, she came and wanted to confirm the reservation.

"Yeah. Is that woman that you just walked together, her name is Yu Qi, right?" The woman asked.

"What?" The manager did not expect it would be so different from his thought.

"Her name is Yu Qi, right?" The woman asked again.

"Madam, if she is your acquaintance, you can go and ask her." The manager said.

"I was pretty sure that she is Yu Qi. I know her. I saw her and her man did not pay just now. Can I do that too?" The woman shamelessly asked for the impossible.

"What?" The manager and the person who took care of the counter were speechless with this shameless woman.

The manager coughed. "Madam, please pay your bill. Otherwise, I will report to the police about this."

"What? Police? No, don't." The woman shook her head. Then, she mumbled to herself. "She clearly doesn't pay for her meal, why can't I do that too?"

The manager heard that. "Madam, she is our super VVIP customer. Don't waste our time anymore. Please pay up. Otherwise, we will settle this with the police."

"Okay... okay... don't call the police." The woman quickly paid her bills.

The woman seemed to call her family which consisted of her husband and three of their children. Then, they walked out of the restaurant.

"Please inform others that they are blacklisted in our restaurant. I don't want to see them again." The manager informed his subordinates.

The woman was the people from Shiwa Town. If Yu Qi saw her, she might recognize the woman immediately. The woman's name was Niang Bai. She was Wang Shi Xen's friend. Well, that was ruined after Wang Shi Xen's husband went to jail. Of course, Niang Bai would not befriend Wang Shi Xen anymore.

"I see Yu Qi just now. Do you remember the Yu Qi from Wang Family?" Niang Bai asked her family.

"That rumored Yu Qi?" Liang Shi Kung, Niang Bai's eldest son said.

"Yeah. She become rich and beautiful nowadays. From what I heard earlier, she is a super VVIP customer at the restaurant that we ate just now." Niang Bai said.

"Really? Is she really beautiful?" Liang Shi Kung asked.

Liang Shi Kung had a feeling for Yu Qi for a long time. He wanted to date Yu Qi but her mother did not allow him to date Yu Qi. His mother felt that Yu Qi was not suitable for him.

"I remember you have feelings for Yu Qi." Liang Wen Ang, the middle son said.

"Oh, I also remember that." Niang Bai's eyes lifted up. "How about you date her right now?"

"What? Mum, I don't have her number and don't even know where she lives." Liang Shi Kung said. "And if she is beautiful, she might already have a boyfriend."

Chapter 1114: Seeing His Beloved In His Clothes

Niang Bai did not know that Yu Qi already have an amazing fiancée.

"Just a boyfriend. She is probably not married yet. You can snatch her. If you manage to get her as your girlfriend, we can be richer." Niang Bai slowly revealed her true motive as to why she wanted her son to get Yu Qi as his girlfriend.

"I agree with Mum. If you can be married to her, her money will be our money too. Then I can buy whatever I want, go to the spa whenever I want." Liang Qia Mi, the daughter of the family, just listened to her mother and brother's conversation, interrupting the conversation.

"That's right, my dear." Niang Bai agreed with her daughter.

Her husband managed to get a better job at FINN City compared to the job that her husband used to have at Shiwa Town. However, she felt it was not enough. As for the dinner today, she made a fuss to eat outside several times until her husband agreed to bring the family to eat outside.

She was super jealous of some women entering the spa that she could not even go there. One session of treatment would cost her worth of three months of living expenses. There was no way for her to afford that.

Liang Shi Kung glanced at Liang Wen Ang. They felt ridiculous when seeing their mother and sister have such a thought. They could not say anything.

.....

Long Hui brought Yu Qi to his house. It was a penthouse. It was a very beautiful house. It also had a nice view. And the interior design of the house really impressed Yu Qi.

"When we get married, I would like this interior designer to design our house." Yu Qi was just joking.

Later, she would know that Long Hui remembered her words and called the interior designer to design their house. Well, of course, that would happen in the future.

Yu Qi checked everything in the house. Bedroom, kitchen, bathroom, everything. Then, she went to see the closet. She saw only Long Hui's clothes prepared inside.

"I guess I will have to enter the space to take some clothes." Yu Qi said.

"There is no need for that." Long Hui said.

"But, I don't have clothes here. I don't want to stay in these clothes." Yu Qi pointed to her current clothes.

"You can just wear my clothes." Long Hui said.

"What? Your clothes do not fit me." Yu Qi said.

"I know. But still, I want to see you in my clothes." Long Hui grinned.

"Well..." Yu Qi hesitated.

"Hmm... forget about that if you don't want. You can enter your space to get your clothes." Long Hui made a face. The same as an abandoned dog.

Seeing this kind of face on Long Hui, Yu Qi immediately agreed with his request.

With one sentence from Yu Qi, Long Hui's face automatically changed into smiling.

"Sure... sure... I will wear your clothes, then." Yu Qi said. "You should go and take a bath first."

"Why don't we take a bath together?" Long Hui suggested.

"No. I don't want." Yu Qi knew if they took the bath together, it would not only the bathing take place inside.

"Okay... okay... I will go in first." Long Hui smiled.

Long Hui knew when to stop. He went to the bathroom. As for Yu Qi, she opened the closet again to choose the clothes that she was going to wear later. She saw a few sets of pyjamas. She thought they were a good choice. So, she took a set.

Long Hui finished and got out of the bathroom. Yu Qi entered after that.

"I will be waiting." Long Hui said such an ambiguous sentence that made Yu Qi blush.

After bathing, Yu Qi tried to wear the pyjama but she could only wear the upper one. The pant was completely slipped down since the waist size was too big for her. The shirt was wearable but the length totally reached her thigh.

Not like she never clothes this kind of short but it was Long Hui's clothes. It felt very embarrassing. However, she needed to go out. She could not stay inside the bathroom for the whole night.

She peeked out first. She saw Long Hui nowhere. She slowly got out of the bathroom.

At that time, Long Hui went to the kitchen to make a cup of milk and coffee for his beloved Qi Qi and him. Thank goodness that he told Liang Mo Han to prepare everything. That was why everything was ready including his clothes.

Only Yu Qi's clothes were not there. Of course, Liang Mo Han could not prepare the clothes for his beloved Qi Qi.

He went back together with a pair of mugs in his hand. When he opened the door, he was speechless. His beloved Qi Qi was standing in the middle of the room wearing his clothes. She was just wearing the upper one. Her legs were totally exposed.

Luckily he did not let the mugs slip out of his hand. Otherwise, it would be a total mess. He put the mugs on the table.

Yu Qi turned and saw Long Hui. She could see the direction of his eyes. They were on her legs.

"I could not wear the pant. It slips down when I wear it." Yu Qi tried to explain.

"I totally understand now why men like to see their girlfriend wear his clothes." Long Hui narrowed his eyes.

Chapter 1115: He Really Turned On When Seeing Her Like That

Long Hui finally understood why some of the men liked to ask their partners to wear their clothes. Turned out, the sight of his beloved Qi Qi right now really made him turn on.

Her white like jade legs was exposed right now. The length of the upper pyjama was not enough to cover his thigh. The black pyjamas looked really matched with Yu Qi's white like jade legs.

He swallowed his saliva. His beloved Qi Qi was really looking seducing right now. He regretted not asking Yu Qi to wear his clothes in the past.

Yu Qi could see that Long Hui's eyes were shining right. Well, she was kind of knew what was in Long Hui's mind like now.

Seeing his beloved Qi Qi like this, made Long Hui step forward. He wanted to push her down.

Yu Qi made a small step backwards as Long Hui stepped forwards one step. Seeing this, Long Hui smiled.

"What are you doing?" Long Hui asked.

"Well... I...." She was to save her waist.

However, she did not realise that there was no space already behind her. She ended up leaning over to the window.

Long Hui stood in front of her. He was 'kabedon' her.

"You have nowhere to run now." Long Hui smiled.

"I am not running." Yu Qi denied it.

"Then, we should do something exciting." Long Hui said.

Long Hui gave a kiss to her. It was a super long kiss. Yu Qi replied with the same strength. She missed this. She missed this. After a while, both of them took the breath as their eyes were looking at each other.

Yu Qi then made some movements to change their position. Right now, it was Yu Qi that kabedon Long Hui.

"Let me be the lead for tonight." Yu Qi said.

"Sure. I don't mind." Long Hui nodded.

He really did not mind because he knew for sure, in the end, he would dominate her.

....

Yu Qi opened her eyes. She looked at the sunlight passed through the curtain slit. She looked at her side. Long Hui was nowhere to be seen. Yu Qi rise from the bed. The blanket fell onto the lap.

Her proud white mountains were exposed. She could see the red on her body. Seeing this made her ashamed. That immediately made her remember the last night.

At first, she dominated him. However, in the end, she was begging him for some mercy. It was very intense.

She quickly ran to the bathroom and cleaned up. Long Hui probably went somewhere to get or prepare breakfast.

At the dinner last night, Long Hui told her that he wanted to go to her onsen to relax in the hot spring. Of course, she said yes. She also had something to check at the greenhouse. It would be perfect. However, before they would be heading there, they needed to stop by the Tang Family House to pick up Shino and Aoi.

They stayed at Tang House because usually, when Yu Qi went to work, they stayed outside the space. They also did not mind since there would be people who liked to feed themselves. In return, they let those people pat them for a while.

.....

Xiao Nie Lang wiped his sweat. He was very satisfied with his life right now. Even though the job was quite tiring, but he enjoyed it.

He was very grateful to Yu Qi for accepting him to work at the greenhouse. Because of that, he could give some money to his family and some of it was for his living expenses. The rest of the money was for his saving. He was saving to go to the vocational school He wanted to study again.

The words from Yu Qi made him become today's man. He still remembered clearly what Yu Qi said after beating him up. She beat him up. He ended up staying at the hospital for two weeks.

He wanted to discharge on day two. The doctor insisted that he needed to rest at the hospital for two weeks but he did not want it. Because he did not have the money.

The doctor told him that everything was being paid in advance. So, he did not need to worry about the money. He asked the doctor who the payer was. The doctor gladly told him that it was Yu Qi.

He was stunned. At that moment, he decided to change his life. He stayed at the hospital as the doctor told. After two weeks, he returned home.

His parent was shocked to see his condition. They asked what happened. Before they got the answer, they saw their son cry begging for their forgiveness. At first, they thought their son wanted to ask for some money.

Xiao Nie Lang's mother wanted to give him the money. To their surprise, he rejected the money. And saying he would go to find the job. He just begged for their forgiveness.

Feeling sad to see their son begging like that, they forgave their son. After that, he told his parent that he would work at the greenhouse in the next town.

His parent heard about that greenhouse even though it was located in the next town. The goods from the greenhouse were very good but the price was a little bit expensive.

His parent did not believe him but he explained that the owner already talked to him. The owner told him to come to the greenhouse if he wanted to get a job.

Chapter 1116: Water Source

Xiao Nie Lang went to the greenhouse to request to work there. Song Tao was the person in charge of the greenhouse did not reject him first. He invited him to his office.

Song Tao asked a few questions. Xiao Nie Lang answered honestly. About his past and his determination. Song Tao nodded. He said, since it was Yu Qi's idea to get him to work here, he would hire Xiao Nie Lang. But Xiao Nie Lang did not work as he expected, he would fire Xiao Nie Lang.

Then Xiao Nie Lang started working at the greenhouse. The job was tiring at first but after a while, he became familiar with the job. The pay was very good too.

He really felt grateful to Yu Qi. Yu Qi was the person who reached out to him.

"I saw Miss Yu Qi here." Xiao Nie Lang heard someone talk.

He turned to that person.

"Is it really Miss Yu Qi?" He asked.

"Yes. I saw her at the entrance just now." The person said.

"I see." Xiao Nie Lang nodded.

He wanted to meet with her and said thank you but he felt it was not appropriate for him to go at this hour. They were still working hours.

Yu Qi was really at the entrance. Long Hui was also together with him. The guards did not stop them. Aoi and Shino also ran inside.

'You guys can roam around. Just come back if I call you to go back.' Yu Qi said.

'Roger.'

'Okay.'

Both Aoi and Shino answered at the same time. They ran off.

"It's been a while since I came. I need to look at the water tank." Yu Qi said.

"Water tank?" Long Hui was confused.

There were in the fruit section. So, a lot of fruit trees were here. Yu Qi looked around

"What do you think of my fruit?" Yu Qi pointed at one fruit.

"It looks nice. The size is very good too." Long Hui made an honest comment.

"Why do you think it is?" Yu Qi asked.

"Because it gets everything it needs to grow." Long Hui stated the fact.

"Well... That includes too. But the most important thing is the water source." Yu Qi smiled while narrowing her eyes.

"Its water source?" This time, Long Hui was completely confused.

"I mix the water in my space with the normal water. With that combination, the anything that I grow would have abnormal outcome whether in its taste, size or the effect." Yu Qi showed a proud face at Long Hui.

Long Hui felt that face where she show off was cute. His hand patted her head.

"Hmm... Everything Qi Qi does is good." Long Hui said in a gentle tone.

Seeing that, made Yu Qi blush. She faked coughs.

"Hmm... Are you sick?" Long Hui asked.

"No." Yu Qi felt Long Hui purposely teasing her since he saw her blushing.

"Miss Yu Qi." There was Song Tao calling her name.

"Brother Tao." Yu Qi greeted him.

"Mr. Long." Song Tao greeted Long Hui respectfully.

Not like he did not respect Yu Qi but Long Hui's aura was very powerful making people feel the fear and respect toward him.

"I am just going to observe everything here. I have not been here for a while." Yu Qi informed Song Tao.

"I see. Okay." Song Tao nodded.

Yu Qi and Long Hui walked around in their hands holding each other. Some of the workers noticed them and whispered among them.

"Hey, look. That man and woman are very handsome and beautiful. I wonder who they are."

"What? You don't know?"

"Know what?"

"That woman is Miss Yu Qi and she is our boss."

"Really?"

"Yeah. Everything here belongs to her. And the man is her fiancée."

"Wow. Miss Yu Qi is the winner."

Yu Qi noticed them and smiled. They arrived at the water tank located at the corner of the water tank. It became bigger since Yu Qi asked Song Tao to turn to the bigger one for enough supply for the whole greenhouse.

"It is the water tank that I need to refill." Yu Qi showed it to Long Hui.

"How are you going to refill this?" Long Hui asked.

"I will fill the space water in big bottles and then bring them out and fill it." Yu Qi said.

In the past, Yu Qi filled the water secretly. After getting the bigger tike, she needed more time to do it. So, she told Song Tao that she would put some liquid in the water tank that could enhance the growth of the plant inside the greenhouse.

"How many bottles that you need?" Long Hui asked again.

"Hmm... 30 bottles." Yu Qi said. "I will do it tomorrow. Tonight, we can relax at the onsen."

"Hmm... I could not wait for tonight." Long Hui smiled.

Yu Qi coughed again. Long Hui did not say anything, still with his smile.

"Miss Yu Qi." Someone called Yu Qi again.

Yu Qi turned around and saw a younger man in front of her. She remembered this man.

"Oh... it's you. You have come." Yu Qi was quite happy to see the man. "You make a good decision."

"Yeah. Thank you for giving me the opportunity to me. I will not let this waste." Xiao Nie Lang nodded.

"Is your bones healed?" Yu Qi remembered that she broke Xiao Nie Lang's bones.

"Yes. Thank you again for paying my medical expenses." Xiao Nie Lang bowed.

Chapter 1117: Major Investigation

"Don't worry about that. Just keep the good work here." Yu Qi nodded.

It was good that she could save Xiao Nie Lang from living a worthless life. He was still young and needed some guides.

"How is your friend looking for you after that?" Yu Qi wanted to know.

"Yes. They did. They asked me to hang out with them again. But I refused. I already realized that hanging out with them is waste of time." Xiao Nie Lang remembered that his friends did not hesitate to leave him alone when seeing he was injured.

"That's good." Yu Qi nodded.

Long Hui looked at the boy. The boy looked at his fiance with sparkling eyes. He felt annoying. So, he coughed to get his beloved Qi Qi some attention.

Both Yu Qi and Xiao Nie Lang turned to Long Hui.

"Oh, this is my fiancée, Long Hui." Yu Qi introduced Long Hui to Xiao Nie Lang.

Xiao Nie Lang greeted Long Hui. "Hello, Mr. Long." He looked at Long Hui up and down.

"What is it?" Long Hui noticed that.

"Hmm... Mr. Long, what did you do to get such a great body?" Xiao Nie Lang was very impressed with Long Hui's body. He wanted to have that kind of body too.

"Exercise. A lot." Long Hui replied very simply.

"Oh... really? I exercise too but still..." Xiao Nie Lang sighed.

"My fiancée is a soldier." Yu Qi said.

"Oh..." Xiao Nie Lang thought no wonder.

"Tell me. What's kind of exercise that you do?" Long Hui asked.

"Pretty normal one like running and etc. I also hit the gym." Xiao Nie Lang answered.

"I will give the list of the exercise that you can do." Long Hui said.

"Oh... Thank you very much." Xiao Nie Lang said.

...

President Hai received an email saying that his ministers went against the law. He frowned as he read the content. Prostitution. Those idiots really like to play with something like that.

However, he knew that he could not believe everything on the spot. So, first, he saw his IT team trace the owner of the email. Direct below the content, it just stated 'Q'.

He thought, 'Is that name of the hacker that recently become famous after the incident at Country Helix? So, for what reason, Q send this email to him?'

However, the IT Team could not trace the owner of the email back. It was probably true that the email was from Q.

Since the content of the email was about his country, President Hai told someone to investigate the matter properly. It did not take a long time to investigate that. The evidence showed the exact thing that those three idiots made.

In addition, Lieutenant Colonel Ren Qian Yi also handed out some information. The evidence also showed some evidence that they had accepted the bribe several times. Lieutenant Colonel Ren Qian Yi told he was investigated those three under Colonel Long Hui's order.

President Hai was furious when he read the evidence. He immediately ordered to capture those three idiots.

During the arrest, Nan Kong was happy enjoying the sun at the hotel with some women. While Han Dong Wa was meeting with his subordinates. As for Piong Tong, he was arrested at his house.

The news of the arrests had been reported in the news. Someone recorded the arrested of Nan Kong. Nan Kong was angry and cursed at the police officers by saying he was a politician. But the police officers ignored his cursing by telling him they were under the highest-ranking officer to arrest him.

Han Dong Wa was also furious when he was arrested like that. His subordinates were dumbfounded when their leader had been handcuffed. They escorted him into the police car.

As for Piong Tong, he was arrested at his house. His wife was shocked to see the police officers come into their house and arrested her husband. She was the one who opened the door for them. When the police officers asked her about her husband, she answered by telling the police officers that her husband was inside.

Coincidentally, Piong Tong was walking down the stairs and asked his wife. Seeing Piong Tong, the police officers did not wait any longer, got him, and handcuffed him.

Piong Tong asked while shouting as to why they had to arrest him. The police officers showed him the warrant. Piong Tong was shocked to see the warrant. His wife was crying to see her husband getting arrested by the police officers.

The one who recorded Nan Kong getting arrested posted on social media. He did not know that the one who was arrested was a politician. He recorded the arrest because he had never seen someone being arrested like that. Not to mention, he was arrested at the famous hotel too.

Not long after his post, someone commented on the video saying the person who is arrested was a minister. The video exploded right away. Followed by the news of the other two ministers had been arrested.

Everything that they owned had been frozen by the government under President Hai's order. Also, their family members did not allow them to travel oversea. Making they were also under surveillance.

Then, 'The Truth' Magazine made the features the arrested of the three politicians. Han Dong Wa was a minister of finance. Nan Kong was the minister of education while Piang Tong was the deputy minister of education.

Chapter 1118: Making Fire

The magazine stated they had done a lot of embezzlement in the past. The disgusting things that they also did and making people so angry that they had prostitutes.

As the government emphasized, prostitution was greatly banned. The one who provided the service and the one who ordered the services were guilty. It was considered a crime.

Right now, those three politicians ordered that services. They probably used the money that they got from the embezzlement to pay the prostitutes. That was disgusting. Everyone condemned them.

As for how the magazine got the information, no one knew.

....

Niang Bai returned to her hometown. Even though she moved out of Shiwa Town, her family such as her father and mother still lived here. Their family had a celebration. Her nephew just married. That was why her family returned to Shiwa Town.

While she was walking around the town, she coincidentally saw Yu Qi in the town. She thought Yu Qi was alone, so, she wanted to greet her. Unfortunately, a man appeared by Yu Qi's side. She did not see that man's face.

Niang Bai canceled her intention. Remembering Wang Shi Xen, she went to Wang Shi Xen's house. She wanted to see the current life that Wang Shi Xen lived right now.

She recalled that Wang Shi Xen lived a quite good life in the past. Her husband was working at the factory while having good children.

However, everything was ruined after Yu Qi ran away from home. Everything that Wang Family had done in the past was exposed. The thing that they did to Yu Qi was horrible. But she did not think that they were bad. At least they adopted Yu Qi and gave life to Yu Qi.

Niang Bai arrived at Wang Shi Xen's house. It was the same as in the past. But the surrounding was full of bushes. It seemed people in the house did not clean or care about the surrounding.

She called Wang Shi Xen's name. Then a middle aged woman came out of the house with a haggard appearance. Niang Bai was quite shocked when she saw the woman's appearance.

Not like she did not know the woman but she knew her enough. It was Wang Shi Xen. Niang Bai did not expect to see Wang Shi Xen change this much.

"Who are you and what do you want? I am telling you I don't have any money." Wang Shi Xen said first.

"Wang Shi Xen, it is me, Niang Bai. Do you remember me?" Niang Bai asked.

Wang Shi Xen tried to recall the woman in front of her. Then she remembered.

"Oh... You... Niang Bai. Long time no see" Wang Shi Xen nodded. "Come in."

"No need. We can talk outside here. Yeah, long time no see." Niang Bai said.

Actually, she was afraid to go inside. She could not imagine what kind of condition inside the house if the outside looked like this. It was better to just talk outside here.

"You look so different." Niang Bai said.

"I know. After my husband went to jail, everything was a mess. I need to go out and work to support my children. Luckily, it is my house. Otherwise, I might stay on the street." Wang Shi Xen sighed.

"How about your children?" Niang Bai inquired.

"Fu Ya is inside the jail too because someone framed her. Ha Na is working at the neighboring city." Wang Shi Xen said.

"Oh, how about your son?" Niang Bai remembered that Wang Shi Xen had a son name Wang Yu Jin.

"He... I don't know. He becomes punk." Wang Shi Xen said in an angry tone.

"Owh... I see..." Niang Bai nodded.

She did not expect that Wang Shi Xen's children would turn out to be so different. In the past, Wang Shi Xen already praised her children. But it was the truth in the past. Wang Shi Xen's children were all good children. That included Yu Qi. At that time, no one knew that Yu Qi was just an adopted child.

"I heard that you moved to FINN City three years ago." Wang Shi Xen said.

"Oh, yeah. My husband gets a better job there. So, our family moves there. The life is good over there." Niang Bai could not hide feeling proud as she mentioned that.

"Really? That's great." Wang Shi Xen felt bitter and jealous at the same time.

She also wanted to live a better life. But how did she going to achieve that if his husband was in jail? Not to mention, her daughter too.

Niang Bai could see the jealousy in Wang Shi Xen's eyes. If Wang Shi Xen treated Yu Qi better in the past, she might live a luxurious life at this time.

"Well, I saw Yu Qi just now. She was walking around the town." Niang Bai mentioned Yu Qi's name to see Wang Shi Xen's reaction.

"What? That bitch?" Hearing Yu Qi's name, Wang Shi Xen could feel the blood rushing to her head.

If it was not because of that little bitch, her family could not fall into this situation. Everything was that little bitch's fault.

"Yeah. Do you know? Yu Qi owned a Jade Store that is worth 100 million right now. Not to mention her salary as a doctor. That is a quite high salary too." Niang Bai said.

"What? 100 million?" Wang Shi Xen was shocked to hear the amount.

Chapter 1119: Act Proudly In Front Of Yu Qi

"Yeah. The store is even featured in a popular magazine. I also heard the cheapest jade is probably 500 thousand." Niang Bai said more about that store.

She could see Wang Shi Xen's eyes become more and more greedy.

"Really? That much?" Wang Shi Xen asked Niang Bai again.

"Of course. I went to the store once. The jade in the store is very beautiful." Niang Bai nodded.

She did go to the store once. She intended to buy a bracelet. She already found the one that she liked but she canceled the intention when she saw the price attached to the bracelet. It was beyond her budget.

"You said, you saw her today?" Wang Shi Xen asked.

"Yeah. She is with a man." Niang Bai was quite happy to see Wang Shi Xen's reaction. She was dying to see some dramas.

Wang Shi Xen probably wanted to see Yu Qi and demanded some money from Yu Qi. That would be fun, Niang Bai thought.

"The last time I saw Yu Qi, I saw she went to a famous hotel nearby." Niang Bai pours some more fire.

Wang Shi Xen remembered that the hotel also belonged to Yu Qi too. That little bitch definitely stayed there.

"That's it. I am going to see that little bitch. She lived because my family adopted her. She needed to repay me." Wang Shi Xen felt that was the right thing to do.

She forgot the contract that she signed with Grandpa Tang a long time ago when Yu Qi officially cut the relationship between her and Wang Family. She even forgot that she already received the money from Grandpa Tang.

"That's right." Niang Bai supported Wang Shi Xen.

Actually, she had her own purpose making Wang Shi Xen go and find Yu Qi.

....

Yu Qi was on the way to Saisei Ryokan Hotel with Long Hui. They arrived at the hotel. Since it was the weekday and not the holiday season, the parking lot was quite empty. Only a few cars were parked there.

Before they managed to step into the hotel, they could hear someone screaming Yu Qi's name. They turned around and saw Wang Shi Xen.

Even people in the hotel also heard the screaming and they ran out to see what happened.

It was a long time since Yu Qi last meet with Wang Shi Xen. Wang Shi Xen changed a lot surely. In the past, even though she was not wearing branded clothes but the clothes were pretty and good for her.

Unlike Yu Qi in the past that used to wear the clothes that were passed down by Wang Fu Ya to her. The clothes that were passed down to Yu Qi usually tore off or did not fit her because Wang Fu Ya was 4 cm short than her.

Now, looking at Wang Shi Xen, the clothes seemed to discolor so much and were patched over and over in many places. Not to mention, Wang Shi Xen was looking very haggard and seemed to be looked old than her age.

"Yu Qi, it has been a while." Wang Shi Xen lifted her face proudly.

Yu Qi saw this and felt ridiculous. She wondered why Wang Shi Xen act so proudly in front of her.

"Yeah. So, what do you want right now?" Yu Qi did not want to waste her time with Wang Shi Xen.

"Yu Qi, don't you forget that I take care of you since you were a baby?" Wang Shi Xen wanted Yu Qi to recall the past.

"Of course, I don't." Yu Qi narrowed her eyes when hearing Wang Shi Xen mentioning the past.

"If you remember, why don't you repay my kindness?" Wang Shi Xen smiled.

"Do you mean when you starved me... When you hit me when I don't listen to your order... When you shouted at me when I served your meal late... When I need to work because you don't want to pay my school fees? Do I need to mention everything here?" Yu Qi glared sharply at Wang Shi Xen.

Wang Shi Xen felt awkward this time. Well, everything that Yu Qi mentioned was indeed the truth. How could she admit that?

"Even so I brought you out of the orphanage. You should be thankful." Wang Shi Xen said.

"You should leave me there if you plan to treat a child like that." Yu Qi replied.

Niang Bai saw an opportunity to smooth things between Yu Qi and Wang Shi Xen right now. So, she bumped into their conversation now.

"Yu Qi, like Wang Shi Xen said, she used to be your family. You have become rich right now. You should help her a little bit." Niang Bai said calming down both parties.

Yu Qi looked at Niang Bai. She remembered that Niang Bai used to be Wang Shi Xen's best friend. They would sit down and gossip about everything. So, they had the same personality.

"Oh, you remember me right, Yu Qi? I am Auntie Liang. Liang Shi Kun used to play with you when you are younger." Niang Bai introduced herself afraid that Yu Qi forgot about her.

"Yeah. I remembered." Yu Qi nodded.

"Shi Kun really likes to play with you." Niang Bai mentioned her son again.

"By the way, you tell me that I should help her?" Yu Qi pointed her finger at Wang Shi Xen.

"Of course, she used to be your mother." Niang Bai nodded.

Chapter 1120: Niang Bai's Aim

Yu Qi laughed out of a sudden making Niang Bai confused and look at her.

"Mrs. Liang, you seem to know nothing." Yu Qi stopped laughing. "First, she had signed the contract saying that I am officially cutting the ties between us. The second thing, she had received a lot of money from my grandfather. I believe that money can last about 10 years to cover her family expense. After the agreement, you can't find me for money anymore."

Yu Qi then turned over and looked at Wang Shi Xen who already panicked. "May I know if you forget about that, Mrs. Wang?" She added again. "And how did you spend all of the money?"

Niang Bai looked at Wang Shi Xen. She really did not know about that contract. The money that would cover 10 years of expenses, would be a lot of money. Niang Bai became jealous of Wang Shi Xen. But seriously, where was the money? If Wang Shi Xen had that kind of money, she would not look like this. Was Yu Qi lying?

"In case you forget about the content of the contract since you already receive the money, you should not look for me for the money anymore. If you do that, I can sue you." Yu Qi stated the context of the contract.

When Grandpa Tang gave the money to Wang Family, she could not understand. Then Grandpa Tang gave the contract for her to read. After reading the contract, she began to understand what Grandpa Tang aiming for. He was aiming for this day. What a sly fox

Grandpa Tang who currently took care of his herbs sneezed. He wondered if he caught some cold.

Back to Yu Qi, she pointed out the context of the contract. Niang Bai was shocked. She really did not know about that.

As for Wang Shi Xen, she also did not recall the contract. Of course, she did not know that because she did not read the contract thoroughly. At that time, she was just thinking about the money that she could receive after signing the contract.

So, she did not pay any attention to the clauses in the contract and signed that contract right now. If she read the contract through, she could still pester Yu Qi for some money.

"I don't know that she already signed the contract." Niang Bai decided to cut off Wang Shi Xen.

Niang Bai's aim was to meet with Yu Qi. If she did not use Wang Shi Xen, it would be hard since she did not have any purpose. Since Wang Shi Xen had already become useless, it was good to cut her off.

"I am sorry, Yu Qi. I don't know about that." Niang Bai apologized.

"Never mind." Yu Qi said.

Yu Qi could feel that Niang Bai had another purpose and she played along with Niang Bai.

"You become more beautiful, Yu Qi." Niang Bai praised Yu Qi.

However, she just felt that Yu Qi became more beautiful because of the spa. With that kind of money, she was sure Yu Qi hit the spa a lot to become more beautiful.

"How about having dinner together? My son probably doesn't believe it was you. He used to tell me that you are beautiful, Yu Qi. I bet he would be happy to meet you." Niang Bai mentioned her son again.

Slowly the atmosphere became cold. Niang Bai could feel that.

"Oh, Qi Qi, you are so famous since you were younger." Long Hui suddenly interrupted.

Niang Bai realized that there was a man beside Yu Qi. She looked at Long Hui and was shocked to see his outstanding appearance. It would be best for this man to be with her daughter.

Then she remembered something. Yu Qi had a fiancée and that fiancée was Long Hui. A ruthless soldier that going to be the General of this nation. She became trembling when she saw Long Hui glaring sharply at her.

"Mrs. Liang, you are a stranger to me. I don't plan to have dinner with a stranger. So, I refused." Yu Qi said.

She chuckled when realizing Niang Bai's aim. Niang Bai wanted her to be with her son. That was fucking ridiculous. When she was a little kid, she did use to play with Niang Bai's son. However, Niang Bai used to berate Yu Qi telling Yu Qi was unsuitable to play with her. So, Yu Qi stopped playing with Niang Bai's son.

And of course, the man beside her would not allow her to go. He must know this woman's aim that was why he became so aggressive toward that woman.

"I suggest you two should leave this place. Otherwise, I will call the police." Yu Qi said.

Wang Shi Xen and Niang Bai were villager people. They were scared of the police. So, without wasting any time, they left the place.

"Her son used to play with you?" Long Hui suddenly threw the question to Yu Qi.

"Well, yeah..." Yu Qi nodded

Long Hui began to squeeze Yu Qi's hand.

"But not for long. That woman did not allow me to play with her son. And scolded me for that. But that is not my fault. It was her son who came over and over. In the end, when I saw him, I ran away because I don't want to be scolded for no reason." Yu Qi said.

Long Hui felt bad for her fiancée after hearing the story. Her fiancée really had a terrible childhood.
