Chapter 1121: In The Mixed Section

Niang Bai and Wang Shi Xen ran away after hearing that Yu Qi would call the police. They did not want to deal with the plan.

Yu Qi and Long Hui finally could enter the hotel now.

"Yu Qi, I heard you are here." Chui Mei Fung came to the entrance after hearing the workers talking about that.

"Yeah. I have some work here. So, I think I should visit. My room is ready, right?" Yu Qi asked.

"Of course." Chui Mei Fung nodded while smiling.

"We are planning to stay for one night here." Yu Qi said.

"I will say the chef to prepare a delicious meal for you. Enjoy." Chui Mei Fung said.

The couple left for their room. Chui Mei Fung also went to her room.

One of the receptionists there was a new worker. So, she did not know Yu Qi and Long Hui. She could assume that the couple was Chui Mei Fung's acquaintance.

"You must be wondering about their identities, right? Another receptionist who worked longer than she suddenly said that to her.

"Yeah. Are they Miss Chui's acquaintance?" She asked.

"She is more than an acquaintance. She is our boss." Her friend said.

"What? Really?" She was surprised to hear that.

This girl was Nia Zhen Shu. She just started working at Saisei Ryokan Hotel about one month ago. So, she never met Yu Qi.

"Yeah. She is super amazing. Even though she is currently a doctor but she could still open this hotel before she graduated from the university." Her friend told her about Yu Qi.

Nia Zhen Shu admired businesswomen. If she had the money to open her own business, she would open it. She felt that Yu Qi was lucky.

"You must be thinking that she was lucky to be born into a rich family, right?" Her friend guessed.

Nia Zhen Shu was indeed thinking that way.

"Is that the truth, right?" Nia Zhen Shu asked.

"Before Miss Yu Qi lives like this, she suffered a lot under her previous adopted family. They treated her like a slave. You heard what happened at the entrance just now. That old woman is her previous adopted mother. She came to ask for some money, I guess." The friend must be angry when mentioned the earlier incident.

Nia Zhen Shu felt sorry for Yu Qi this time. Yu Qi did have terrible life before.

"But now, she is happy. That man is her fiancée. He is so handsome and looks very strong." Her friend started to fangirling Yu Qi's fiancée.

The man did look handsome. But Nia Zhen Shu was not a fan of the man like that.

....

Yu Qi changed the clothes to the 'yukata'. Long Hui did the same. She glanced at Long Hui. His chest was exposed a little bit making him look damn sexy. Yu Qi quickly moved her eyes, afraid Long Hui would realize that she was looking at him.

"Do you want to go into the onsen here or the outside?" Yu Qi asked.

There was also onsen in the room. It was more private. Somewhere it was in a small size.

"Hmm... Let's go to the outside one first. As for this one, we can enjoy this one tonight." Long Hui said while smiling.

"Okay. Let's go outside then." Yu Qi said.

Long Hui held Yu Qi's hand. The outside onsen was divided into three parts, women, men, and mixed. Arrived there, without saying anything, Long Hui pulled Yu Qi into the mix.

Of course, he would choose the mixed one. He could not go into the women's section. He also did not want Yu Qi in the men's section. The only option was to enter the mixed section.

Yu Qi knew that Long Hui going to enter the mixed section. So, she was not too surprised. She knew that Long Hui thought there was no way that they would separate if they could enjoy the onsen together.

After putting the towel on the body, they entered the onsen. The hot water felt warm and very good for their bodies.

"I am feeling relaxed right now." Yu Qi sighed in pleasure.

"Yeah. Me too." Long Hui also felt the same.

He was working so much lately. His body indeed needed some rest. It was really good when you could relax with your beloved one.

"You just be working hard, right, Brother Hui? It is the perfect time to rest." Yu Qi chuckled.

Then, Yu Qi felt her body being pulled into Long Hui's arm. She sat in front of Long Hui. While Long Hui hugged her from behind. Long Hui rested his head on Yu Qi's shoulder.

"I am really resting with my beloved." Long Hui whispered.

Yu Qi smiled when hearing Long Hui's whispering.

"Ahh!!! I am sorry for interrupting. Please continue."

Yu Qi and Long Hui turned around and saw two women run out after saying something like that. Both of them were confused at first. Then they realized their position could be interpreted as something else.

"Oh my God. I never expected there would be a couple inside."

"Stupid. I told you, we should not go into the mixed one."

"But seriously, they would do inside there? People could enter like us."

"Just shut up and let's go to the women section."

Yu Qi and Long Hui could heard the conversation. Yu Qi felt embarrassing when hearing the conversation even though they did not do something like the woman talked about.

Chapter 1122: Telling Long Hui About Competition

Even after the two women entered the mixed section, Long Hui did not have any intention to go out. They just went out after one and a half hours.

The sky still did not change its color. So, Yu Qi decided to bring Long Hui to have a walk in the garden. The flowers were in good care. The gardener did a good job maintaining all of that.

"I have something to discuss with you." Yu Qi suddenly broke the silence.

"What is it?" Long Hui started to pay attention to Yu Qi's words.

"My great-grandfather wanted to introduce me to others that I am his family. In order to do that, he guesses me to join the competition that is usually for the cultivation world." Yu Qi told Long Hui.

Yu Qi remembered the matter. So, she decided to tell Long Hui right now.

"Is that really okay to tell about your identity? Will you be in danger? Mu Family will know about your true identity." Long Hui was worried about that.

"I guess not. Because no one knew that my grandmother comes from Ding Family. In fact, she had been long forgotten by others. People just remember her as the first wife of my grandfather that had long gone." Yu Qi already thought about that.

It was true no one knew that her grandmother from her father's side was from Ding Family in the cultivation world. So, it would not be an issue if the Mu Family would discover her identity. Well, not like she cared if they found out about her. She just did not want to fight with them. That would be tiring.

"Then, what kind of the competition that they would be held?" Long Hui asked.

"It is a martial arts competition." Yu Qi said.

She was pretty excited about this competition. Dian Qi Qi told her that there were a lot of strong people. She wanted to evaluate her strength and compared them to those of people in the cultivation world. She also wanted to see how strong the people inside the cultivation world were.

"Martial arts competition? Is that dangerous?" Long Hui did not feel well when his beloved Qi Qi told him that she wanted to participate in a martial arts competition.

"Brother Hui, are you looking down on me?" Yu Qi glared at Long Hui.

"Of course not." Long Hui quickly denied that.

"You should know what my strength level is. I will be careful and not get the injury too much." Yu Qi smiled.

Hearing that, Long Hui sighed. "Okay, then."

"By the way, do you want to join too?" Yu Qi asked.

"What? I can join too?" Long Hui did not expect that Yu Qi would ask him to join the martial arts competition too. "Is that for the people in the cultivation world, right? I am just a normal man."

"No... Great-Grandpa tells Qi Qi that you can join too since you are going to become my husband. The other reason is that you can spar with Great Grandpa. You are already wonderful." Yu Qi praised Long Hui at the same time.

"When does the competition hold?" Long Hui asked.

"I don't know the exact date but Qi Qi said it will be held 6 months later. Great-Grandpa told us to go and visit them next time." Yu Qi said.

"Oh, I will try to make some room for that." Long Hui asked.

His position right now allowed him to take care of his own schedule. He could squeeze the time for visiting her great-grandpa. Even though he did not say anything but he enjoyed sparring with Great-Grandpa Dian.

.....

"Mum, where did you go?" Liang Shi Kun asked when seeing his mother returned in the bad mood.

"That bitch, just because she riches now, she can be so arrogant." Niang Bai sat on the chair.

"Who?" Liang Shi Kun asked. He did not get what his mother referred to.

"That little bitch, Yu Qi." Niang Bai gritted her teeth.

"What? Did you go and meet with her?" Liang Shi Kun asked.

"I went to meet Wang Shi Xen. When we were talking, the topic was kind of slipped into Yu Qi. So, I told her about Yu Qi's wealth. Then, she went to confront Yu Qi. I simply followed Wang Shi Xen. But that little bitch became angry and said she would call the police if we don't leave. She should just say to Wang Shi Xen but me." Niang Bai was angry.

"Mom, you should not cause any problem for her. You know who her fiance is. Our family could not help you if you offend them." Liang Shi Kun advised his mother.

"I know. That man was also there too." Niang Bai said.

"Mom is that true Long Hui is here?" Liang Qia Mi just entered the living room and heard about the topic.

"Qia Mi, you too. Don't cause the trouble." Liang Shi Kun gave a warning to Liang Qia Mi.

"What? I am just asking." Liang Qia Mi frowned at her brother.

"What are you talking about?" Niang Bai's sister in law, Choi Sheng asked when hearing Liang Shi Kun give a warning to Liang Qia Mi.

"I am just asking some questions." Liang Qia Mi said.

"What question?" Choi Sheng asked.

"About Yu Qi's fiancée." Liang Qia Mi said.

Choi Sheng also knew Yu Qi. She knew Yu Qi since they were particularly neighbors.

"Qia Mi, you should not have any idea about Yu Qi's fiancée." Choi Sheng also gave a warning to Liang Qia Mi.

Chapter 1123: Going To A Party

Choi Sheng did not want Liang Qia Mi to become a homewrecker. And also Yu Qi just became happy because she had a terrible life before.

Liang Qia Mi frowned even more. Niang Bai understood her daughter's feelings. Her daughter must fall in love with Long Hui's look. But when thinking about the look given by Long Hui to her, she shivered.

Indeed she was scared when Yu Qi threatened to call the police, but she was even scared, well more horrified when she looked at Long Hui. Long Hui looked like he was ready to kill her.

She just wanted to build a relationship with Yu Qi. In case something happened, she could ask for her help. But now, nothing.

....

Yu Qi and Long Hui went to Godly Shop. It had been closed since Grandpa Tang returned to the main house. As for Uncle Song Nan, he asked Yu Qi whether she could hire him to take care of the herbs in the greenhouse.

Yu Qi was welcoming him. She knew that Uncle Song Nan would do a good job taking care of the herbs.

The reason they came to this house was that Yu Qi wanted to take out the water lake from the space. It would be obscuring others' thoughts.

Yu Qi started to take out 20 gallons of water lake. Long Hui also helped her. After the water was ready, Yu Qi called the truck to take the water to the greenhouse.

Arrived at the greenhouse, Yu Qi asked a few workers to help them to unload the water from the truck and moved them to the water tank. The workers were curious about the water. One of them asked Yu Qi directly.

"Miss Yu Qi, what is this?"

"My secret formula."

Yu Qi did not explain much about that and those workers did not ask much after hearing that. They simply did not care about that. Yu Qi hired them when some people looked down at them. Not to mention, the salary that they got was very good.

They also knew that Yu Qi would not put something that could harm people because Yu Qi was a doctor. And that might be Yu Qi's secret formula as they could see that the herbs, fruit, vegetable, and flower grew healthy. They also tasted delicious.

The goods from the greenhouse were sold at a higher price if compared to others. Even so, people still buy it. Even sometimes, the stock in the market sold out quickly, there were some people who came to the greenhouse and buy what they wanted directly in the greenhouse.

"Save 8 gallons in the storage. Adding another 2 gallons once a month." Yu Qi ordered.

"Yes, Miss Yu Qi."

In that case, Yu Qi did not have to come so often using this method. Her matter in the greenhouse was settled. She needed to return to FINN City today. So, Long Hui and Yu Qi returned to FINN City.

They did not know that there was a person who went to Saisei Ryokan Hotel and wanted to meet with Long Hui. She did not know that both Yu Qi and Long Hui already returned to FINN City. Knowing the news she left disappointed.

...

Su Yu Hi informed Yu Qi that there would a party. She had been invited. When she asked about the party, Su Yu Hi told her that because HuiQi Jade Store sponsored a drama. With a small potion.

Of course, she declined at first. She never liked going to a party like that. However, she needed to go this time because Su Yu Hi had an urgent matter to go to Fanghai Nation.

Long Hui could not join her due to his work. Yu Qi could not find a partner. So she decided to go alone.

Her family was worried about her. However, she told them it would be okay. She would take care of herself. So, they should not be worried about her.

On the day, she just wore a simple dress. She did not want to be the center of attention. She thought she would not be the one because she knew there were a lot of actors and actresses. Not to mention, the investors like her.

Yu Qi decided to wear a light blue long dress. She also applied simple makeup on her face. The venue was in the neighboring city. She could get to the venue in about one hour. The party was held in a hotel and would be started at 8 p.m. She applied for an early left from the hospital. She drove alone.

Arrived at the hotel, she entered the hotel. Because of the party, there was a lot of press media hanging around the hotel. They probably did not get invited to the party. Without the invitation card, they could not get in.

The party probably invited the reporters for the publicity. Not many reporters would get the invitation card. So, the uninvited reporters could just hang out around the venue.

Yu Qi wore a jacket outside because she felt it was a little bit cold. She also wore a mask. After parking her car, she went to the hotel entrance who was guarded by two security guards.

When Yu Qi was approaching the hotel entrance, she had caught the attention of some reporters who hanging out there. A reporter approached her. Seeing a reporter approaching Yu Qi, other reporters were also doing so.

Chapter 1124: Someone Came And Take Her Drink

"Miss, are you invited to this party too?"

"Miss, can we know who you are?"

"Miss, are you a celebrity?"

"Miss, please reveal your face."

Yu Qi frowned when facing this situation.

"Please step aside." Yu Qi said.

However, no one listened to her. Then, a rude reporter reached out for her mask. He wanted to pull Yu Qi's mask. How could Yu Qi allow that? She immediately blocked the hand.

"Ahh!" The reporter shouted in pain.

"I am asking you nicely. Please step aside. Otherwise, you will pay the price." This time, Yu Qi directly threatened the reporter while narrowing her cold eyes.

Seeing this, the reporters stepped aside and let Yu Qi walk. They could feel that this woman was not joking around. She probably would do so if they did not let her walk away.

Yu Qi walked to the security guards after the reporters gave their way. She showed the invitation card to the security guards. After checking the invitation card, the security guards allowed Yu Qi in.

A woman came to Yu Qi. She was the hotel worker who was in charge of the party.

"Welcome miss. I will guide you to the party venue. Do you like to store your things here?" The woman asked politely.

"Yeah. Thank please." Yu Qi wanted to take off the jacket since it was warm inside the hotel.

"Come with me." The woman led Yu Qi to a locker section. "You can store your items here. You can hold the key or let it be here. We got someone to guard this room."

"Okay." Yu Qi just let the key be at the locker.

She did not have important things to left there. Just her mask and her jacket. So, there was no need for her to bring the key with her.

The woman then led Yu Qi to the party venue. When Yu Qi entered the venue, she immediately got people to look at her. She controlled her expression.

This was not her first time coming to such a party. She did this a lot when she was the heir of Mu Corporation in her last life. However, it was the first time in her lifetime.

She could see a lot of actors and actresses. The drama became a big success. HuiQi Jade made a good job investing in the drama.

"You are Miss Tang, right?" A middle-aged man came and talked to her.

"Yes." Yu Qi nodded.

"You are more stunning in the real life." The middle-aged man said. "Oh, I forget to introduce myself. I am Shi Man. I am also an investor for this drama."

"Hello, Mr Shi." Yu Qi greeted Shi Man.

She did not get a bad feeling from Shi Man. He was like her Tang uncles.

Then, other people started to join them. They were all middle-aged men. They started to get some attention from the people at the party. They looked at Yu Qi and those middle-aged men.

"What is going over there?"

"The girl is probably someone new in our industry."

"Oh, she came to find a sugar daddy then."

"Eiyuk...That's disgusting."

"With that look, she probably going to become instantly famous."

"But, with that kind of price, I think I will not. Be with that kind of man, need to separate your legs when they need it."

"I don't want to think about it."

A group of actresses talking while looking at Yu Qi with a disgusting look.

"Are you serious? That is Tang Yu Qi, the owner of HuiQi Jade Store. If she wants to become a celebrity, it will be easy for her." Jiang Naxi, the main actress for the drama that they celebrated

"What?" The women should be talking and disgusted with Yu Qi before becoming pale as they heard about the identity of the woman that they were talking about just now.

Jiang Naxi left the group and sneered. These types of people would not be successful easily with that kind of attitude.

Back to Yu Qi, these middle-aged men still talked with Yu Qi. Most of them were businessmen, so, their topics were more toward business. Yu Qi talked like a businessman too. They were impressed with Yu Qi's knowledge.

Facing this kind of people, Yu Qi really felt that she was in her past life. Grandpa Mu asked her to work with his subordinates. His subordinates were the same ages as her father and grandfather.

At first, she was awkward around the men. Not only that, the men were her grandfather's subordinates. She was afraid that they would not accept her as their leader. She worked really hard back then to win their support.

In the end, they accepted her as their leader. However, that made her uncle, Mu Li Zei furious about that. That led to the drastic way to winning the company his way.

"Then, why do you become a doctor?" One of the middle-aged men threw the question.

"Bussiness is just a hobby for me. I like to be a doctor. And I already involved in bussiness." Yu Qi said politely.

"Yeah. That's right."

These middle-aged men probably thought Yu Qi's business was only HuiQi Jade Store. She did not plan to tell everyone here.

A drink was stuffed into Yu Qi's hand. She could smell the drink. It had alcohol inside it. She could not drink it. Otherwise, she became drunk.

Then, out of a sudden, the drink in her hand was taken by someone from behind.

Chapter 1125: A Coincident

"She could not drink the alcohol since she was allergic to alcohol."

Yu Qi quickly turned around and looked at the person. Her eyes became wider when seeing the person.

"Brother Xia." Yu Qi immediately greeted Qin Xia.

Those middle aged men were businessmen. So they knew this man. Qin Xia was the emperor of the business world. Even though he just appeared around ten years ago, he defeated the large cooperation at her early appearance.

Even Bai Cooperation would not be compared to his. His ruthlessness in the business world made people afraid to confront him.

Looked like Yu Qi was close to him seeing the gentle look on his face when hearing Yu Qi greet him.

We are sorry, Miss Tang. We don't know that you are allergic to alcohol."

They immediately apologized to Yu Qi.

"Neven mind. I know you don't know about that." Yu Qi said to them.

"Brother Xia, what are you doing here?" Yu Qi asked.

"I have been invited too." Qin Xia said.

"Oh... That's right." Yu Qi forgot about that.

Min Liang stood behind his boss and glanced at him. Of course, he was invited because their company also invested in the drama. His boss rejected the invitation telling him it was wasting his time going to such a party.

However, when Min Liang told him that Yu Qi was going to attend the party, his boss immediately changed his decision and attended the party.

The men saw they were talking and immediately took the decision to leave them alone. How could they be shameless to join their conversation? It seemed that Qin Xia did not have to talk to any of them since he did not even glance at them.

One of them did not catch the clue and stayed with them. He even tried to make a conversation with Qin Xia.

"Mr Qin. Nice to meet you. I am Ji Ban Xin from Manchi Industry." Ji Ban Xin introduced himself to Qin Xia.

Qin Xia did not react to that. Seeing this, Ming Liang took an action. He knew that his boss disliked when he was talking to someone and someone else came and interrupted their conversation.

"Mr Ji, come. You can talk with me." Min Liang took Ji Ban Xin away.

Min Liang led Ji Ban Xin to another place. At first, Ji Ban Xin did not want to follow Min Liang. When thinking that he could not be rude to Min Liang, he ended up following Min Liang leaving Yu Qi and Qin Xia together.

Yu Qi looked at them walking away. "Is that really okay?" She asked Qin Xia.

"Min Liang will handle the rest. Don't worry." Qin Xia said.

"How do you do? I have not seen you for a long time." Yu Qi asked about Qin Xia's health.

"I am fine. How about you?" Qin Xia asked back.

"Hmm... I am fine." Yu Qi smiled.

Of course, Qin Xia knew that. He got the report about her once a week. He knew everything about her. Of course, he could not let her know. Otherwise, she would think of him as a stalker.

"I never thought to see you here though." Yu Qi said.

"Me too. Why do you coming here alone? Where is that man?" Qin Xia asked.

Yu Qi knew which man that Qin Xia mentioned. "He got his duty. Anyway, it was just a party. I can attend by myself. You also come here alone without a partner."

"Who told you I am coming alone? Don't you see I am coming with Min Liang?" Qin Xia said.

Yu Qi laughed. "You meant Mr Min is your partner?"

"They never state that a partner must be the opposite gender." Qin Xia said.

With that, Yu Qi laughed once again. "Brother Xia, if someone heard that, they would think that you are an item with Mr Min."

Min Liang who just returned to his boss's side was shocked to hear that.

"Miss Yu Qi, don't say something that makes people misunderstand about us." Min Liang replied in a panic.

"It is not me. But Brother Xia said so." Yu Qi pointed to Qin Xia using her body language.

"What, Mr Qin say that?" Min Liang was horrified.

"What? Do you have any problem?" Qin Xia lifted up his eyebrows.

Min Liang shook his head. "No, Sir."

He just hope that it would not be a rumour about them and his girlfriend would not hear about that. Not to mention his girlfriend already complained about him who also be with his boss and only had a little time to be with her.

"Brother Xia, you should explain to Mr Min." Yu Qi was feeling hilarious when seeing Min Liang's face.

Qin Xia glanced at Min Liang in silence. Yu Qi did not want Min Liang to be misunderstood. What if Min Liang resigned, Qin Xia would be in trouble.

"Mr Min, we just talk about the partner. Brother Xia asks about my partner. So, I also ask him about his partner. He told me that he was not alone. He came with you. Then, I told him that it might be a rumour about you and him." Yu Qi explained to Min Liang.

"Oh... I see." Min Liang was relieved to hear that.

Qin Xia took a non-alcohol drink and gave it to Yu Qi. He also knew that Yu Qi was not allergic to the alcohol but avoiding it. That was because she could be drunk easily.

Chapter 1126: Another Invitation To Join Entertainment Industry

"Oh, I forget to say thank you to you since you have taken my drink earlier." Yu Qi said.

She did not want to drink alcohol here. She did not want to be drunk. Because she rarely remembered how she acted when she was drunk. And also, Long Hui prevented her to drink alcohol without his presence.

"I know you don't drink the alcohol unless you are with someone who you truly believe." Qin Xia said.

Yu Qi made a surprised expression. As she remembered that she had never drunk in front of Qin Xia but Qin Xia sounded like he knew her behaviour when she was drunk. She looked at Qin Xia with a questionable look.

She was confident with her memory. Even if she met him in her past life, she would not forget him. Unless the memories with him are blocked. Like her memories of her biological family.

"What is it?" Qin Xia asked when seeing Yu Qi kept staring at him.

"Nothing." Yu Qi did not want to pry much about it.

There was a reason for everything. She would understand when the time came. So, she just needed to wait for the right time.

Qin Xia knew what Yu Qi was thinking just now. But he did not ask much. If she remembered, it would be great. If she did not remember, it was okay. He would take care of her forever before anyone could hurt her this time.

They were talking until someone came to break the conversation. It was the director of the drama. He came to meet Qin Xia, the biggest investor in the drama.

However, his eyes were moving toward Yu Qi who stood beside Qin Xia. Her face, her bearing, captured him. He assumed her as Qin Xia's partner.

"Mr Qin, thank you for coming to this celebration party." Wang Yilen said. He then turned to Yu Qi.

"Miss, are you interested to join the entertainment industry?"

Yu Qi was surprised to hear the invitation. She smiled.

"I am sorry. I am not interested." Yu Qi politely rejected him.

It was not the first time someone invited her to join the entertainment industry. However, she really did not have any intention to join that industry.

"You can be richer and famous." Wang Yilen did not give up.

He could feel that Yu Qi was different from other girls that he met before.

"You mention about money to HuiQi Jade Store Owner?" Qin Xia chuckled.

"What?" Wang Yilen was startled. 'Owner of HuiQi Jade Store?'

Wang Yilen looked at Yu Qi.

"Hi, I am Tang Yu Qi. One of the investors of this drama." Yu Qi introduced herself to Wang Yilen.

"Oh... Hello. I am sorry for mistaking you. I have thought you are a partner of Mr Qin." Wang Yilen apologized for that.

He did not expect she would be the owner of that expensive jade brand store. His wife really liked the jade that she bought from that store.

"It is my honour that you have mistaken me as her partner." Qin Xia smiled while looking at Yu Qi.

"You are funny, Brother Xia." Yu Qi chuckled.

Even though Wang Yilen knew Qin Xia, he did not have any close relationship with Qin Xia. But he knew that Qin Xia disliked women who wanted to have a close relationship with him. But now seeing this, he knew that Yu Qi had a special place in his heart.

'However, what a pity!' He heard that Yu Qi had been engaged with the promising soldier, Long Hui.

"Miss Tang, my wife is a fan of HuiQi Jade Store." Wang Yilen said.

"Thank you for your wife's patronage." Yu Qi said.

"Director Wang, it is time for your speech." Someone came and called Wang Yilen.

"Excuse me." Wang Yilen said to Yu Qi and Qin Xia.

Both of them nodded. Not long after that, Jiang Naxi approached them. Qin Xia's handsome face did not change at all when a gorgeous Jiang Naxi came.

"Hai, Mr Qin, Miss Tang." Jiang Naxi greeted both of them.

Yu Qi nodded as well as Qin Xia.

"Because of your support, the drama has become a success." Jiang Naxi said politely.

"It is also because of your efforts. Without that, it would not be a success." Yu Qi said.

"Well, I will excuse myself." Jiang Naxi said before leaving.

She did not want to stay any longer because she was afraid that she would annoy those two.

Yu Qi liked this kind of woman who did not like to flatter people. Some people in the entertainment industry would like to flatter in order to get the resources. Jiang Naxi was the second kind of person whom she liked in the entertainment industry.

"Are you hungry?" Qin Xia asked.

With Qin Xia's question, a grumbling sound could be heard. Two of them turned to Min Liang who was not stay far from them.

"I am sorry, Mr Qin." Min Liang apologized.

Yu Qi immediately laughed.

"You can go and eat. Otherwise, people would think that I am a cruel boss who does not let his employee eat." Qin Xia glanced at Min Liang.

"Thank you, Mr Qin." With that, Min Liang ran away.

"Should we eat too, Brother Xia?" Yu Qi said.

"Sure." Qin Xia nodded.

They went to the table that served the food. Not much food was touched by the people at the party. Usually, in this kind of party, people usually did not eat much. The food became waste at the end of the party.

Chapter 1127: Act Of A Beggar?

While Yu Qi taking some food, there were some people came and greeted Qin Xia. Qin Xia greeted them by just nodding. Even so, the people did not catch the hint and shamelessly stayed over.

"Me Qin, let me introduce my daughter to you. Min Xiao, come here and greet Mr. Qin." Liu Hangxi, the man who greeted Qin Xia called her daughter.

A confident-looking girl approached them. She was dressing very beautifully. She also smiled at Qin Xia.

"Hello, Mr. Qin. It is a pleasure to meet you." Liu Min Xiao greeted Qin Xia.

Once again, Qin Xia just nodded and ignored the people.

Liu Hangxi smiled awkwardly. He heard that Qin Xia was single. He thought if Qin Xia could take a liking to his daughter, he would hit the jackpot. He was confident that his daughter could amuse Qin Xia since his daughter was truly a beautiful girl.

Liu Hangxi and Liu Min Xiao arrived late at the party. So, they did not see that Qin Xia was talking to Yu Qi.

"Are you sure you can finish that?" Qin Xia asked.

Liu Hangxi and Liu Min Xiao did not realize who Qin Xia was talking to until they heard someone answer Qin Xia's question.

"I am hungry. If I could finish them, I can bring them back." Yu Qi smiled.

'Her little cuties will be happy if she brings them some food.'

"Bring the food back?" Liu Min Xiao chuckled. "Where is this beggar come from? How do you come to this party? You can not come in without an invitation?" She was looking down on Yu Qi.

Liu Hangxi wanted to stop Liu Min Xiao but she already said all. He wanted to stop her because he thought Yu Qi was probably a partner that came together with Qin Xia since Qin Xia asked the girl earlier.

"Someone, drag this beggar out." Liu Min Xiao shouted to the waiter who just passed around.

The waiter was confused. He did not see any beggars around.

"Miss, what are you talking about?" The waiter asked.

"This woman, she sneaked in for the food." Liu Min Xiao pointed to Yu Qi who was holding a plate of food.

The waiter looked at Yu Qi. He knew Yu Qi. She was invited to come to this party. He wondered why did this woman tell him that Yu Qi sneaked into this party?

Liu Hangxi just realized who the girl was. This woman was Tang Yu Qi. He pulled Liu Min Xiao to stop her.

"Enough Min Xiao." Liu Hangxi tried to stop his daughter.

"Dad, we should stop her. Otherwise, she will cause troubles later." Liu Min Xiao said.

Liu Hangxi was jealous to see Yu Qi's beauty. However, she did not remember seeing this girl in the entertainment industry. Moreover, she was jealous when Qin Xia talked to this girl, ignoring her in the process.

This caused the people at the party to start to look at them. They asked what was going on. Some of them were watching the incident, telling them about what happened.

After that, people started to look at Liu Min Xiao like she was an idiot. Liu Hangxi could see that.

"Min Xiao stop it." Liu Hangxi said again.

Then Wang Yilen came to ask.

"What is the commotion here?" Wang Yilen asked.

Liu Min Xiao knew Wang Yilen.

"Director Wang, someone sneaked into the party without an invitation." Liu Min Xiao said to Wang Yilen.

"Huh? Who?" Wang Yilen did not see anyone.

"This woman. She sneaked in so that she can eat." Liu Min Xiao pointed to Yu Qi.

Wang Yilen looked at Yu Qi and blinked in confusion. Everyone was also confused.

"Miss Tang is invited to this party. She is one of the investors in our drama." Wang Yilen explained to Liu Min Xiao.

"What?" Liu Min Xiao was taken back. 'She is the investor?' She did not believe it. "How could she become the investor? Director Wang, you can not protect her like that. Is this woman your mistress?"

Everyone was shocked to hear that. Wang Yilen had a good temper but if he had been accused like this, even he became angry.

"This miss, you should not easily say something like that. You can ruin people's lives." Wang Yilen said.

Liu Hangxi became panicked when seeing Liu Min Xiao offend Wang Yilen. Wang Yilen was one of the directors that had his influence. It would not good since Liu Min Xiao wanted to enter the entertainment industry.

"Liu Min Xiao. Shut up." Liu Hangxi raised his voice to Liu Min Xiao.

"Dad, why do you stop me?" Liu Min Xiao glared at her father.

"Director Wang, please forgive my daughter. She is just outspoken and young. She does not mean anything bad." Liu Hangxi apologized to Wang Yilen.

"Humph! Outspoken? Young? Even so, she should not say something like that." Wang Yilen said.

"If she is the investor, why does she act like a beggar?" Liu Min Xiao pointed to Yu Qi.

"Taking food home is an act of a beggar? I did not know about that." Yu Qi suddenly spoke. She put the plate that she had been holding before.

She was smiling but her eyes were not. They were looking straight at Liu Min Xiao. Even a normal person could see that she was angry. She stepped, approaching Liu Min Xiao. Everyone was watching them in silence.

Chapter 1128: The Same Type As Him

Liu Min Xiao became scared when she looked at Yu Qi's eyes. Watching Yu Qi slowly step, approaching her, her legs suddenly gave up and lost their strength. She fell to the ground.

Yu Qi stopped in front of Liu Min Xiao. Her hand grabbed Liu Min Xiao's chin. She leaned over and whispered something to Liu Min Xiao's ear.

"You better think before you say something. Otherwise, you will never know when you might die." Yu Qi whispered to Liu Min Xiao.

It was a soft whispering. However, for Liu Min Xiao, it was a whisper from a devil. She immediately became pale. She was trembling. Her eyes could not focus.

Yu Qi stood back and looked down at Liu Min Xiao. People could see that Liu Min Xiao's lips were trembling. They wondered what had Yu Qi said to Liu Min Xiao making her tremble like that.

"Miss Tang, Director Wang, please forgive my daughter. I will discipline her so that she could not say something like that in the future." Liu Hangxi begged for forgiveness for his daughter.

Liu Hangxi felt that he had bad luck tonight. Her daughter offended someone that she should not offend.

"Since she had learned her lesson, I will let this slip." Wang Yilen waved his right hand.

He really wondered what Yu Qi said to Liu Min Xiao.

Liu Hangxi bowed and brought his daughter out of the place. He did not have a face to stay at the party any longer.

Yu Qi took back the plate and went to a table to start eating. She did not really care what they wanted to talk about. Her stomach needed the food. Qin Xia sat together with Yu Qi.

"I wonder what you say to that woman earlier." Qin Xia asked while smiling.

"I told her that she should think before opening her big mouth. Otherwise, she never knows when she will die." Yu Qi revealed.

"You threaten to kill her?" Qin Xia chuckled.

Min Liang who stood beside Qin Xia glanced at both of them. If that came from Qin Xia, he would not pay much attention to the statement but that statement came from Yu Qi, he could not help to glance at Yu Qi.

"If she dares continue to slander my name, why should I be a good person?" Yu Qi did not say it directly but her eyes became narrowed as she smiled.

'Miss Tang, you need to remember you are a doctor. How could you say something like that?' Min Liang just said in his mind. He could not say something like that in front of Yu Qi. Otherwise, he would be the one who lost his life. No wonder, his boss liked Miss Tang. Turned out, she was the same type as his boss.

After eating, Yu Qi did not have the plan to stay at that party any longer. She wanted to leave the party. Until the end, Qin Xia stayed with Yu Qi. If Qin Xia was not there, the people especially the men would not leave her alone.

Qin Xia wanted to send Yu Qi home but Yu Qi refused to tell him that she could drive. And she was not drunk either. So, it would be okay for her to return home. Plus, she would need the car to go to work the next day. That would be inconvenient.

....

"I heard you are together with that Qin Xia yesterday." Long Hui said to her when she cooked dinner for him at Long Hui's house.

Long Hui did not have any work tonight. So, he called Yu Qi and told her that he would be home tonight. Hearing that, Yu Qi came to Long Hui's house after calling her auntie about that.

"You know?" Yu Qi looked at Long Hui.

"Liang Mo Han tells me." Long Hui straight told Yu Qi who the informant was.

Liang Mo Han already told Long Hui that he should not tell Yu Qi that he was the one who told Long Hui. Actually, Liang Mo Han did not go to the party. He just heard from someone else. He did not know that his second brother directly sold him out.

"He was at that party too?" Yu Qi asked.

"I don't know." Long Hui shook his head.

When thinking about Liang Mo Han's character, he looked like someone who had a loose mouth. And the reason he did not come and greet her, he probably did not want people to think about their relationship.

If Liang Mo Han knew what Yu Qi was thinking right now, he would be screaming that was not the truth.

Long Hui hugged Yu Qi from behind. He let his head rest on Yu Qi's shoulder.

"I know I should not behave like this but I am jealous." Long Hui sighed.

He knew that it was wrong but he could not help to feel that way.

Yu Qi chuckled.

"I know. I am not angry. In fact, I am happy to have someone that feels strongly toward me." Yu Qi said comforting Long Hui.

Long Hui released Yu Qi. Yu Qi continued to cook while Long Hui stayed closer looking at his beloved Qi Qi's movement.

"The food is ready. Let's eat together." Yu Qi said.

Right now there were in the dining work at Long Hui's house. Seeing the food was ready, Aoi and Shino rushed to the kitchen.

"I want to eat too," Aoi said.

Chapter 1129: Transfer His Assets To Her Name

"Me too." Shino also voiced his thought.

Of course, those little cuties would eat whatever their master cooked for them.

"Hmmm... I will be going to the space for a little bit. Bo Ya is also hungry too." Yu Qi prepared a portion for Bo Ya too.

'Thank you, Master.' Bo Ya thanked Yu Qi via telepathy.

Yu Qi entered the space and gave the food to Bo Ya. After that, she went out right away. Shino and Aoi already started eating. Long Hui was waiting for Yu Qi.

"Why don't you eat first?" Yu Qi sat down in front of Long Hui.

"Waiting for you." Long Hui smiled.

They started to eat. While eating, they talked about their daily life.

"Oh, I want to borrow your private jet. Can I?" Yu Qi suddenly asked.

She needed to go to Fanghai Nation the next day. Since she did not have much time to spare, she figured to go to Fanghai Nation using Long Hui's private jet.

"Of course, you can. That private jet is already under your name." Long Hui casually said that.

However, for Yu Qi, it seemed Long Hui had dropped a bomb on her. Her mouth was slightly opened and started at Long Hui with a dumbfounded face.

"What do you say? That private jet is under my name?" Yu Qi asked after she calmed down a little bit.

"Yeah." Long Hui nodded like nothing was going on.

"When is that happen?" Yu Qi asked.

"Hmm... About that changing?" Long Hui asked back.

"Yes. When did you change it?" Yu Qi wanted to know.

"After we started dating, I guess." Long Hui dropped another bomb.

"What? That long?" Yu Qi was shocked.

"Hmm... Is that so surprising for you? A lot of the assets under my name had been transferred to you." Long Hui raised his eyebrow.

"Of course, I am surprised. What if I run away with that assets?" Yu Qi asked.

Long Hui chuckled. When he transferred the assets under Yu Qi's name, Liang Mo Han also asked the same question. 'What if she runs away with these assets?' Long Hui answered with a smile. 'I will not give her a chance to run away from me. If she runs away, I will find her even going to the end of the world.'

"You are leaving???" 'If you leave me, I will find you.' Long Hui did not say the last sentence.

Yu Qi was speechless. Whatever. She did not care much about Long Hui's assets. She was wealthy too.

.....

The next day, they went to the airport to go to Fanghai Nation. Aoi was unleashed, walking beside Yu Qi. While Shino was resting on Aoi's back. Aoi had been bigger a bit. He started to look like a proper Siberian dog.

They entered the jet. It had the same interior design as the previous one. There were four flight attendants, two men and two women. They bowed at Yu Qi and Long Hui with respect.

Even though two of their customers today were handsome and gorgeous, they did not dare to make a move on them. Because they already heard about what happened to the previous flight attendants who wanted to flirt with the handsome man. The flight attendants could not find other related work after that.

"Welcome aboard, dear guests. We will cater for your needs when you are here." The flight attendants said.

"Sure. Thank you in advance." Yu Qi nodded.

They sat on the seat. Aoi was laying on the floor nearby Yu Qi. Shino stood up from Aoi's back and rushed to the window beside Yu Qi's seat. He sat there.

"Look like you get a premium seat." Yu Qi patted Shino's head.

'Hmm... I like the view.' Shino said through the telepathy.

He already used to talk via telepathy whenever human was around except Long Hui. He knew other human did not know that he could talk like a human. Aoi told him multiple times about that danger.

If he was caught talking using human language, he might get caught by others who wanted to do some experiments to him. Not to mention, he could bring dangers to Yu Qi. He did not want that.

It was time to eat. Yu Qi asked the flight attendants to prepare the food. Not only for her and Long Hui but to her little cuties as well. The flight attendants nodded understand the order.

They were having a good meal during the lunch. Since Yu Qi felt she had some free time, she decided to settle her work. Su Yu Hi sent her a bunch of emails. She went through one by one.

As for Long Hui, he also doing his work. He was on online meeting with Ren Qian Yi. How did she knew? She heard Ren Qian Yi's voice talking to Long Hui.

After quite some time, Yu Qi became sleepy and did not realize that she had already sleep. Seeing this, Long Hui closed Yu Qi's laptop. He already finished his online meeting. He lifted Yu Qi was in the sleep and brought her into the room.

Aoi and Shino looked at them. However, they did not move and follow them. They knew that man would never allow them to enter the room if he was with their master.

The two females flight attendants who watched that, feeling excited. They felt that they were watching a romance movie. The man looked at the woman gentle. He looked very careful when lifting the woman afraid that she would wake up.

Chapter 1130: Two Big Deals

"Qi Qi, wake up."

Yu Qi heard the voice. She opened her eyes slowly and adjusted her eyes to the brightness. In front of her eyes, there was someone.

"Handsome."

It was the word that came out of her mouth. She then heard some chuckling.

"I know I am handsome. But you need to wake up now. We already arrived."

Yu Qi listened to the voice. Then her brain started to process things.

"Oh, we have arrived." Yu Qi remembered that she was on the way to Fanghai Nation with Long Hui.

She rises from the bed and then yawned. I

"How long had I sleep?" Yu Qi asked.

"About two hours." Long Hui said.

Yu Qi stood up and stretched her body. 'That feels good.'

Long Hui kissed her cheek. "Go and fresh yourself."

Yu Qi could feel that Long Hui was gritting his teeth when saying that. She was a little bit confused.

Long Hui left the room. His beloved Qi Qi's 'woke up' was very tempting. He had to hold back. If he attacked her right now, he knew that his beloved Qi Qi would be angry. So, he could just kiss her cheek and left the room first.

Yu Qi refreshed herself and left the room. "I am done."

Yu Qi could see they were waiting for her. So, they left the plane. It was 11 a.m. They rented a car. Since it was still early, they decided to go to Yu Qi's greenhouse. The main objective of Yu Qi wanted to come to Fanghai Nation because of negotiation between her greenhouse and one of the branch hotels in Fanghai Nation.

Usually, she would just send Su Yu Hi for this matter. But right now, Su Yu Hi was busy with other matters that constantly required his attention. So, Yu Qi took over the matter since she also needed to come to Fanghai Nation.

Su Fan welcomed her with a smile. However, when he saw Long Hui beside Yu Qi, he became meek. He was still afraid of Long Hui who looked at him like a dead man.

Yu Qi sighed. "Brother Hui, you can go and walk around first. I need to discuss something with him first."

She asked Long Hui to leave first. She worried that Su Fan could not concentrate on the matter that they were about to discuss due to the fear for Long Hui.

Long Hui narrowed his eyes while looking at Su Fan. Su Fan noticed the glance feeling that he wanted to disappear.

"Okay." Long Hui left.

"Fuh... I am safe." Su Fan took a relieved breath.

"What? Why are you so afraid of him?" Yu Qi asked.

"Of course I am afraid. Can you imagine having a snake staring at you? The snake was killing its prey." Su Fan made the comparison.

Yu Qi chuckled.

"That is not fun, okay." Su Fan sighed. "I can not focus when having him staring at me like that."

"Okay... Okay... We are not talking about that anymore. Let's focus on the other matters."

Yu Qi asked Su Fan about the greenhouse business first. Su Fan talked about the greenhouse. He also prepared the report to summarise everything. Next, they went through the main topics.

"There are two hotels that wanted us to supply the vegetable to their hotel kitchen." Su Fan started to explain. "One of them is Mu Royal Hotel. Another one is Starmoon Hotel."

"I see." Yu Qi was looking at the information about those two hotels.

One of them was a hotel that Yu Qi was quite familiar with. It was a hotel owned by Mu Group. She used to handle things for Mu Royal Hotel in her past life. It was the first task that Grandpa Mu assigned her. She learned a lot about hotel management through Mu Royal Hotel.

She also had heard about Starmoon Hotel in the past. They were indeed rivals.

"So, I need to see both of the representatives?" Yu Qi asked.

"I see." Yu Qi said.

"Mu Royal Hotel's appointment is tonight. At their restaurant. As for Starmoon Hotel, they invite you to have lunch together." Su Fan said.

"Okay." Yu Qi nodded.

While waiting for his beloved Qi Qi to finish her meeting, he took a walk in the greenhouse. It was not so different from the one in Binhai Nation. Then, he heard the beat sound from a special phone. It was the military phone.

He found a place that was clear from the people and answered the call.

"Salute, Sir."

Long Hui: "Hmm... Is there something?"

"Yes, Sir. We found another trace of the Suman group in Fanghai Nation."

Long Hui raised his eyebrows. Suman group was a weapon mercenary group that sold the weapon and caused the war in the countries.

"We heard that Sir is in Fanghai Nation. Can you join the operation tonight?"

Long Hui was silent for a moment. He did not expect this kind of situation happened at this time.

Long Hui: "Hmm... Okay... Message me the detail of the operation right now."

"Yes, Sir. See you tonight. Salute."

The call ended. He was feeling bad. He thought he would accompany his beloved Qi Qi but work suddenly came.

He returned to the place where Yu Qi had the meeting with Su Fan. The room was the see-through glass. So, he could see Yu Qi was still discussing things with Su Fan.

The message about tonight's operation had arrived. He read the information.
