Chapter 1141: Grandpa Tang's Party

Yu Qi was welcoming the guests to the venue. Grandpa Tang did not like to hold parties for his birthday. So, when he held the party, a lot of people wanted to come to celebrate.

Tang Family did not invite any reporters to the party. They wanted to protect everyone's privacy. However, of course, there would be some reporters who wanted to sneak in. Tang Han Lee hired a group of bodyguards to take care of the uninvited guests.

Yu Qi invited Grandpa Mu and her close friends to University. However, others could not come except for Mei Lilli and Ding Na An. As for Ding Na An, she told Yu Qi that she would definitely come to the party together with her mother and her sister if her sister did not busy with her work.

Ding Na An did come with her mother and her sister. Yu Qi greeted them.

"Welcome. Thank you for coming." Yu Qi said.

"Of course, we come." Ding Na An's mother, Ding Qian Qin said.

"But, we need to apologize first since we could not find an expensive present." Ding Guan Ye said apologetically.

"No need for that. No need for that. We are family. Na An would be married to Big Brother Han Lee." Yu Qi waved her hand.

"Thank goddess we make it." A person said.

Ding Qian Qin thought that the voice was a little bit familiar. So, she turned around. She was surprised to see her ex-husband. She did not know that he was invited too. She could tell that they were dressed up for the party.

Ding Guan Ye also turned around. She frowned as she saw that man with his family.

"Miss Tang, do you invite them too?" Ding Guan Ye straightly asked Yu Qi the question.

Yu Qi took a look in the direction that Ding Guan Ye talked about. It was Yi Family, Yi Su Lan, Yi Danjin and Yi Ren Shiang. Yu Qi raised her eyebrows as she saw the three of them.

"Oh, hello, Miss Tang..." Yi Su Lan greeted Yu Qi. "Qian Qi, Guan Ye, Na An, you are here too."

"Stop acting like we are familiar with each other. We don't know you." Ding Guan Ye retorted. She really hated this man.

"Guan Ye, you can't act like that. Even so, he is your father." Yi Danjin reminded Ding Guan Ye.

"You don't have a right to say that to me, you homewrecker." Ding Guan Ye counter back.

The Yi's family faces turned to frowns as they heard that. Yi Su Lan wanted to slap Dian Guan Ye but his hand was held back by Ding Qian Qin.

"Don't try to touch my daughters. They are my limit. Don't you dare cross the line?" Ding Qian Qin gave them a warning before releasing Yi Su Lan's hand.

Ding Na An took out a wet tissue and wiped her mother's hand that held Yi Su Ran's hand just now. This act made Yi Family more furious.

"Mr Yi, what are you doing here?" Yu Qi asked.

"Oh, we are coming to celebrate the party too. Here is my invitation card." Yi Su Lan took out his invitation card and proudly handed it to Yu Qi's hand.

Yu Qi looked at the invitation card and checked it. It was a genuine one.

"Okay. You may enter." Yu Qi said.

Yi Ren Shiang and Yi Danjin also acted proudly in front of Ding Na An's mother and sister.

"Yu Qi, are you really inviting them?" Ding asked.

"Hmm... I guess we handle out the invitation card. the card ended up in his hand." Yu Qi said.

"I see... Never mind about that. We will go in first." Ding Na An did not want her friend to feel trouble about this.

Once they were at the party, they saw Yi Family making their way to greet Tang Family.

"Mum, look at them. They are really something." Ding Guan Ye snorted.

"Just ignore them. We can't do anything here. We are at other's party." Ding Qian Qi advance.

She knew that Ding Guan Ye felt toward Yi Family. The daughter that usually calm in any situation but when facing Yi's Family, she snapped. She just hated that Yi Family.

"Mum... Let's go and greet Tang Family first." Ding Na An said.

"Sure." Ding Qian Qi nodded.

So, they walked toward Tang Family. Yi Ren Shiang looked at Ding Na An coldly.

"Grandpa Tang... Happy birthday. Here is a present from my family." Ding Na An said.

"Good child... Good child... You can call me Grandpa like Han Lee... hmmm... Where is that brat?" Grandpa Tang said. 'Brat' meant Tang Han Lee.

"I will find him later, don't worry, Grandpa." Ding Na An smiled.

"In-laws, you can sit down first. Let me take you to your seat." Ming Yue said to Ding Qian Qi.

"Okay, thank you." Ding Qian Qin nodded.

The seats had been already arranged. Ding's Family seat was closer to Tang Family. Yi Danjin went to greet Ming Yue too.

"Hi, Mrs Tang." Yi Danjin smiled.

Ming Yue did not recognize the person. So, she just smiled and greeted her back.

"I am Yi Danjin. This is my daughter, Yi Ren Shiang." Yi Danjin wanted to show Ming Yue her daughter.

"I see. Enjoy the party." Ming Yue still did not know these women but she did not want to be rude during the party, so, she nodded.

Chapter 1142: Shameless Yi

"We are your family in law." Yi Danjin did not feel any embarrassment when she mentioned in law to Ming Yue.

Since Yi Danjin started that way, it would be stupid for Ming Yue not to understand what Yi Danjin meant by that.

"I am sorry, Mrs Yi. My in law's surname is Ding and her first name is Qian Qin. I have met her before and she is not definitely you." Ming Yue brushed off the topic.

Hearing that, Yi Danjin's smile was a little bit disappeared. Even Yi Ren Shiang also could not smile anymore.

"Auntie, please don't believe what Ding Na An tell you. She is lying." Yi Ren Shiang tried to smooth things over.

"Miss Yi, please call me, Mrs Tang. Eldest Mrs Tang. You can not claim a relative like that. And as for what you just said earlier, my daughter in law did not say anything about Yi Family." Ming Yue defended her future daughter in law. "The party is about to start. Please go and get seated at your seat."

"Okay. We will go first." Yi Danjin pulled her daughter's hand before Yi Ren Shiang could say anything else.

She did not want to annoy Ming Yue at the time like this. She was afraid to be thrown out. She pulled her daughter's hand to get seated at the nearest table. The positions were not too far from Ding Family's seat.

Before they managed to sit there, they heard someone stop them. It was Su Xiao who stopped them. Yi Danjin knew Su Xiao. She was the second mistress of the Tang Family.

Yi Danjin felt that this woman was not so important because the person in charge of the Tang Household was Ming Yue. So, Yi Danjin felt Su Xiao had no power in Tang Family.

"Yes, is there any matter?" Yi Danjin asked.

"You can't sit at this table." Su Xiao said.

"What? Why?" Yi Danjin frowned.

"This table is for family members only." Su Xiao said.

"What? Then, why are they sitting over there?" Yi Danjin pointed to Ding Qian Qin.

"They are our family members. Of course, they will seat there. As for the guests, we have already arranged the seat. You may refer to the invitation card." Su Xiao explained.

Yi Danjin took the invitation card and looked at it. There was a certain number on it.

Su Xiao already looked at it. "Your seat is at the table over there." She pointed at the table behind, far away from this place.

"What? Over there?" Yi Danjin was displeased.

"I want to sit there." Yi Ren Shiang said.

Su Xiao heard this and frowned. "Miss, as I said earlier, this table is for family members only. And you are obviously not. Please follow our instructions, otherwise, we need to escort you out of this party." Since these women wanted to ignore her, she would order someone to do that.

"No... No... No... We will go now." Yi Danjin smiled as she pulled her daughter's hand to get up and left the table.

Seeing the women finally left, Su Xiao sighed in relief. She did not result in the bad. She did not like that. However, if that young lady insisted on seating at the family table, she would do that.

Ding Guan Ye laughed as she watched the situation. Those two women were really shameless. The moment Yi Danjin said to Ming Yue that they were family, Ding Guan Ye felt that she wanted to get up and slap those bitches.

One already seduced the father, now, another one wanted to seduce her brother in law. If those two women were not called as the bitches, what should she call them? It seemed Yi Ren Shiang really inherited her mother's.

Mei Lilli arrived with her boyfriend, Huo Tingrui. He was also a doctor at the hospital where Mei Lilli worked right now. They seemed to get along pretty well. So, they got together. For the information, Huo Tingrui was the one who asked Mei Lilli first.

"Welcome. Thank you for coming." Yu Qi said.

"Does our friend come too?" Mei Lilli asked.

"Only Na An and her family. They are at the table in front of the stage. You can go and meet her." Yu Qi said.

"I see. Well, I will go and greet Grandpa Tang first. Let's go, Tingrui." Mei Lilli turned to Hui Tingrui.

Hui Tingrui did not say anything, only nodded at Yu Qi. Yu Qi returned the same.

Yi Su Lan greeted the people as much as he could. The people that Tang Family invited showed that Tang Family had a good connection.

Yi Su Lan looked about the venue to find his wife and daughter. Then, he saw his wife and daughter seated at the back. He went there.

"Why do you sit here?" Yi Su Lan asked.

"You should ask your ex-wife and daughters." Yi Danjin said in an angry tone.

"What?" Yi Su Lan did not understand.

"Dad, when we went to sit over there, they told us that the table was only for the family member. They chased us here." Yi Ren Shiang complained to her father.

"What? They did do that? I will go and confront them." Yi Su Lan said.

He actually felt that Ding Qian Qi and her daughters would listen to him since they were family before. If Ding Qian Qin and her daughters knew this, they rolled their eyes.

Chapter 1143: Bo Lin's Smile

Yi Su Lan went to Ding Qian Qin. Both his wife and daughter also followed him.

"Ding Qian Qin, who dares you chase my family and ask them to sit at the back." Yi Su Lan confronted Ding Qian Qin.

There was a chuckle. It was not from Ding Qian Qin but Ding Guan Ye. Yi Su Lan frowned as he felt that it was rude.

"Hey, Yi Danjin, Yi Ren Shiang, why do you ask that? It is not Mom's fault. She is not the one who chases them over there." Ding Guan Ye laughed. "Why don't you tell him who chase out over there?" That question was for Yi Danjin and Yi Ren Shiang.

Yi Su Lan looked at Yi Danjin and Yi Ren Shiang. Both his wife and daughter did not look in his eyes.

"It is Second Mistress Tang who tells them that this table is just for the family member. Well, she is right though." Ding Guan Ye said.

"Then, why can you sit here?" Yi Su Lan asked.

Ding Guan Ye looked at Yi Su Lan like she was looking at an idiot.

"My younger sister is going to get married into Tang Family. We are going to be laws with Tang Family. So, we are family." Ding Guan Ye said.

"Then, we should sit here too." Yi Su Lan tried his luck.

"Mr. Yi, the moment you married to that bitch beside you and had the bitch daughter before you divorced my mother, you are already a stranger to us. So, we are not family. Please don't get mixed up okay." Ding Guan Ye looked coldly at Yi Su Lan.

"How dare you call me and my daughter a bitch?" Yi Danjin asked in anger.

"What did I say something wrong?" Ding Guan Ye chuckled.

"The party is about to start. Is there anything wrong?" Ming Yue asked.

Yi Su Lan looked a little bit guilty. In front of the first Mistress Tang, he did not dare to confront her. "No. We don't have any problem. We will go and get seated." He looked at his wife and daughter. He made the signal for them to follow him.

Yi Danjin and Yi Ren Shiang only could follow Yi Su Lan back to their assigned seat.

Yu Qi watched the situation as she was about to take a seat at the table. Long Hui also took his seat. He managed to squeeze his time to attend the party.

The party started with a speech from Tang Jung Wen. Then, they sang the birthday song for Grandpa Tang. Next, the staff pushed a cake on the stage. The cake was very impressive since it was looked like Grandpa Tang's younger version of himself that wearing a white coat.

It was obvious that Grandpa Tang looked so surprised by the cake look. The family members kept the secret about the cake.

"Grandpa Tang looks like Big Brother Han Lee a little bit when he was younger." Yu Qi commented.

"Yeah. I just notice that." Tang Jin Wei nodded. He was also impressed with the cake.

Tang Jung Wen invited Grandpa Tang and the family members to join him on the stage. At first, Ding Family did not move at all. But after Ming Yue pulled Ding Qian Qin's hand to join them and asked the same of Ding Na An and Ding Guan Ye, they also joined Tang Family on the stage.

Grandpa Tang cut the cake. The audience clapped their hands.

"Congratulations, Grandpa. I hope you will live for a long time." Yu Qi said.

The others followed her lead and said congratulation to Grandpa Tang. Even the twins congratulated their grandfather because they were waving their small hands to Grandpa Tang.

The staff started to serve the food. Ming Yue and Su Xiao cut the cake and staff to the people. Tang Heng Nuo made continuous sounds while Tang Bo Lin just stayed silent as he watched other people.

Yu Qi thought of something. She gave Tang Bo Lin to Long Hui. Tang Bo Lin looked at Long Hui for a moment. Then he turned around and looked in the other direction in disdain.

Long Hui was speechless. Yu Qi and others noticed the reaction and laughed.

"Bo Lin looked disgusted with Long Hui's look. That is funny." Tang Jin Wei laughed.

Then, Tang Bo Lin looked at Tang Jin Wei too before showing the disgusted look as he showed to Long Hui before.

"Brother Jin Wei, he also disgusted with you." Yu Qi mentioned.

"You brat. You look like your annoying brother." Tang Jin Wei said.

The brother that Tang Jin Wei meant was Tang Qin Hao. Tang Bo Lin looked at Tang Qin Hao and waved his small hand. Tang Qin Hao approached him. Tang Bo Lin wanted to go to Tang Qin Hao's arm.

Long Hui let Tang Bo Lin go into Tang Qin Hao's arm. Tang Bo Lin appeared smiling.

"Bo Lin is smiling." Tang Jin Wei pointed.

"Oh, it is rare for Bo Lin to smile. He must like his brother so much." Yu Qi said.

"Is he usually does not smile?" Tang Qin Hao asked.

"Yes. He is happy since you hold him." Yu Qi said.

"Bo Lin, you are a traitor." Tang Jin Wei looked at Tang Bo Lin.

Tang Bo Lin looked away and buried his head into Tang Qin Hao. Tang Jin Wei was speechless.

Chapter 1144: Asshole Father

Tang Heng Nuo looked at her twin brother and then looked at Tang Qin Hao. She waved her hand and wanted to reach out to Tang Heng Nuo.

"Na... Na...." Tang Heng Nuo made the sounds.

"Want to go to Brother Qin Hao?" Yu Qi asked.

Even though she could not speak, Tang Heng Nuo understood what others said. She nodded.

"But your Brother Qin Hao holds Bo Lin." Yu Qi said.

"Let me go both of them." Tang Qin Hao said. This weight is nothing to him.

So, Yu Qi gave Tang Heng Nuo to Tang Qin Hao. Tang Heng Nuo looked excited to be on Tang Qin Hao's arm.

"Na... Na... Na..." Tang Heng Nuo talked to Tang Bo Lin.

"Wa.. wa... wa..." Tang Bo Lin replied.

Then both of them hugged Tang Qin Hao and kissed him on both his cheeks. This act made Tang Qin Hao touched. No one knew that it would be a trigger for Tang Qin Hao to return to the house every day.

Feng Yue arrived at the venue. She showed the invitation cards to the staff that guarded the entrance. She was late because she left the invitation card. She returned back to pick up the invitation card. Speaking of the invitation card, she remembered something that happened two days ago.

"Yue-er, I hear you receive the invitation to Doctor Tang Jiang Man's birthday party." Her father suddenly called her two days ago.

He probably wanted to say something important. Otherwise, he would not bother to call her. He would not bother to ask anything about her.

"Yes. So, is there some matter?" Feng Yue was annoyed with the call.

"Hmm... Can you bring your sister too?" Her father asked.

"Father, do you think I am a good person? Why do I need to pave the path to an illegitimate daughter like her? Father, I don't care how much you love that illegitimate daughter, I don't care. But if you want to do something, you should not ask your legitimate daughter to do it for you. So, my point is I will not bring her along." Feng Yue hung up the call.

Her father still dared to ask her to bring his illegitimate daughter. What an asshole.

"How does it go?" Fuang Cian Xie asked.

"That daughter of mine does not want to help." Feng Cho Kang gritted his teeth.

"What? Is she that mean?" Fuang Cian Xie frowned.

"Can we just give up?" Feng Cho Kang asked.

"Of course not. The party invited so many influential people. Our Ma Ri needs to learn too. The party would be a good place for her too. Don't you think so too?" Fuang Cian Xie said.

"Hmm... That's right. Our Ma Ri needs the best. I will try to pull some string to attend the party." Feng Cho Kang said.

Feng Cho Kang tried to pull some strings but he failed. Even his father ignored his request for help. So, he made a plan to use Feng Yue. He brought Feng Ma Ri and Fuang Cian Xie to the venue where the party was held.

When they saw Feng Yue, they quickly wanted to go together using Feng Yue's invitation card. But they were stopped by the staff.

"Sir, please show your invitation card." The staff said.

"We are together with the earlier girl. She is our daughter." Fuang Cian Xie tried to use Feng Yue,

Feng Yue heard something and she turned around to see the three shameless people who tried to bang into the party.

"Sir, I don't know them. Don't allow them to enter." Feng Yue said to the staff.

"Feng Yue, don't be heartless. I am your father." Feng Cho Kang said.

Feng Yue chuckled. "You are not my father." With that sentence, Feng Yue ignored them and stepped forward.

The staff knew Feng Yue and realized that these people were from Feng Family. Their boss already told them, 'Don't allow anyone in without an invitation card.' So, that was what they would do.

"I am sorry, Sir. We can not allow you in since you did not have the invitation card." The staff apologized but his attitude was firm. He would not allow Feng Family to enter the party.

"Dad, mum, why do I need to suffer like this? Is it because I am an illegitimate daughter?" Feng Ma Ri said.

"No. Don't think like that, dear. You are my precious daughter. You deserve better." Fuang Cian Xie said.

"I will call my father." Feng Cho Kang said and took out the phone.

The call was ringing. However, no one picked up it. It was not because Grandpa Feng did not want to pick up the call but he did not hear the phone. He had put the phone in silent mode.

"Father does not pick up." Feng Cho Kang sighed. "I guess we need to go back."

"What? No. I want to enter too." Feng Ma Ri said wanted to bang in just like that.

However, before she managed to do that, the staff blocked the way.

"Sir, please take care of your daughter. Otherwise, it will result in violence." The staff gave their warning.

Hearing this, Fuang Cian Xie pulled her Daughter's hand, afraid that the staff would do what they told her just now.

Feng Cho Kang gritted his teeth. "Let's go home first."

Fuang Cian Xie and Feng Ma Ri followed Feng Cho Kang.

Chapter 1145: Protecting Her Best Friend Like A Knight

Neither did they know that their picture had been captured by some reporters who hanging out around the venue. They were surprised to get such a gossip story even though could not get into the venue.

They began to investigate the identity of those people. Turned out they were from Feng Family. The man was Feng Cho Kang and the other women were Fuang Cian Xie, the wife, and Feng Ma Ri, the daughter.

The reporters did not expect even with those identities, Tang Family did not allow Feng Family to join the party.

"Does Tang Family has a good relationship with Feng Family?" A reporter asked.

"Naive. Only Feng Mong and Feng Yue have a good relationship with Tang Family." Another reporter said.

The reporters still hung out around even though they could not get in. They never expected that they would have a piece of juicy news like this. It becomes more and more interesting.

Others inside the party did not know what happened outside. Feng Yue looked around looking for Yu Qi. She then saw Yu Qi near the stage. Surrounding the handsome men.

Speaking of that, her boyfriend could not attend the party due to his work. He needed to go outside yesterday and could not return yet. Feng Yue walked toward the group.

"Yu Qi...." Feng Yue hugged Yu Qi's back.

"Yue..." Yu Qi smiled.

Long Hui quickly pulled Feng Yue from hugging Yu Qi. Feng Yue pulled an annoying expression when feeling someone pulling her. She knew which one doing that.

"I just hugged her for a little bit. You don't have to be so strict." Feng Yue rolled her eyes.

"It is my fiancée. Not yours." Long Hui calmly said that.

"I know her first." Feng Yue humped.

"I got her 'first time'." Long Hui retorted.

Then everyone around them was speechless.

"Brother Hui, what are you saying?" Yu Qi was shocked.

"Long Hui, you are so bold announcing that." Tang Jin Wei said.

"I am telling the truth." Long Hui said again.

"Stop! Stop talking about that." Yu Qi sternly said.

Long Hui kept silent. He could see his beloved Qi Qi was pretty mad.

Yu Qi sighed. "You guys can talk by yourself. I will talk with Yue." Yu Qi said pulling Feng Yue's hand. Then she saw Long Hui wanted to follow her. "Brother Hui, you can stay here. Don't follow me."

Long Hui was about to step forward, stopping his step. He looked at Yu Qi.

"Just stay here and talk to my brother." Yu Qi smiled.

It was a normal smile but for Long Hui, the smile stated something else. 'Don't you dare follow me?' Long Hui nodded.

Feng Yue turned around and made a face at Long Hui. Long Hui narrowed his eyes toward Feng Yue. Seeing that, Feng Yue quickly turned back. She seriously played with fire.

"Are you coming alone? Where is your boyfriend?" Yu Qi asked. She remembered inviting Xia Zi Qie too.

"He is not around. He is outstation." Feng Yue stated.

"I see." Yu Qi did not pry more about that.

"Hmm... Let's go. I want to greet Grandpa Tang." Feng Yue said.

So, they walked toward Grandpa Tang who was surrounded by his peers. Grandpa Feng was also there.

"Grandpa Tang, happy birthday. I hope you will live more years." Feng Yue greeted Grandpa Tang and wished him a happy birthday.

"Hmm... Thank you." Grandpa Tang nodded.

There were a lot of people who wanted to greet Grandpa Tang. So, Feng Yue and Yu Qi did not stay for long. They gave space for others to greet Grandpa Tang too.

They were about to leave but Feng Yue was called by someone. Feng Yue turned around and saw the familiar faces. It was her middle schoolmates. It was years since the last time they met.

"Long time no see Feng Yue." The girls said.

The girls were Jiang Rou, Qiao Chen, and Jing Zhuwei. They were Feng Yue's classmates and the most important fact was they were Feng Ma Ri's best friends.

"Yeah. Long time no see." Feng Yue put on her business smile.

"Where is Ma Ri? Why don't we see her here?" Qiao Chen asked.

"We also don't see Uncle Feng and Auntie Fuang anywhere?" Jiang Rou asked too.

"Why do you have to ask me that question? You are closer enough to Feng Ma Ri. Why don't you call her and ask why she is not here?" Feng Yue was still smiling.

The three girls immediately glared at Feng Yue.

"Yu Qi, I am scared." Feng Yue pulled Yu Qi's arm.

Yu Qi saw that and felt ridiculous. This girl thought she was her boyfriend or what? Well, like a good best friend, she would act as her friend wanted.

"What are you think you are doing?" Yu Qi asked.

"We just..." Jiang Rou wanted to explain.

"As I know, Feng Ma Ri is not invited. So, why should she has to be here?" Yu Qi asked the question back.

The girls were speechless. They thought since Feng Ma Ri was Feng Family's daughter, she would be invited to any party.

"Why is she here then?" Jing Zhuwei pointed at Feng Yue.

"Because she is my best friend. My grandfather was also fond of her. That is why she is invited." Yu Qi said. "She is my best friend. So, she is under my protection. Don't ever think of targeting her. I will be ruthless toward someone who wants to hurt my best friend." Her eyes flashed a ruthless look at the three of them.

Chapter 1146: Talking About Children

The girls were trembling when Yu Qi looked at them like that. They knew this girl was an orphan from a village that was being adopted by Grandpa Tang. So, they thought the girl had a soft character that could be bullied. Who knew that she was like a tiger that could bite anyone who dared to play her.

Those girls were from rich families. They were never afraid even though they had their backup. But right now, they faced another opponent who was never afraid of their background.

Seeing the girls did not reply to Yu Qi, Yu Qi and Feng Yue walked away from them.

"Yu Qi, if you are a man, I am definitely falling in love with you." Feng Yue smiled. "When you say something like that, you look so cool and strong."

"Then, where do you want to put your boyfriend?" Yu Qi raised her eyebrows.

"He will not have a chance then." Feng Yue laughed.

Then, a call was incoming. It was Feng Yue's phone. She looked at the ID. It was Xia Zi Qie. What great timing.

"He must sense that you talking bad about him." Yu Qi chuckled.

"No way." Feng Yue shook her head.

"Who knows." Yu Qi looked at Feng Yue.

"I will take the call first." Feng Yue rushed to look for a quiet place.

Yu Qi was left alone.

"Qi Qi..." It was Long Hui. He approached Yu Qi.

Yu Qi smiled. "Hmmm."

"The babies look cute." Long Hui suddenly said that. "I wonder how our babies turn out later..."

Yu Qi was dumbfounded by the sudden topic. It felt Long Hui was affected by Tang Bo Lin and Tang Heng Nuo's cuteness. Yu Qi was feeling happy when she thought about that.

"How many babies that you want in the future?" Yu Qi asked.

Long Hui was silent thinking about Yu Qi's question. It was a question that needed to think about. He was the only son of his parent. When he was little, he was often jealous of the other kids who had their siblings.

He did tell his mother about that saying he wanted to be an older brother. His mother laughed and told his father. His father told him that they were trying their best to give him a sibling. However, this parent left the world.

He wanted a bigger family when he got his own family. But after knowing giving birth was a painful process for a woman, he hesitated. He did not want his beloved Qi Qi to undergo that painful process many times to give birth to his child.

"Hmm... Probably two. One boy and one girl." Long Hui said after making several considerations.

"Hmm... why two?" Yu Qi said.

"The boy will help me to protect you and his sister. As for the girl, it will be good if she looks like you." Long Hui could not help to think about having a mini version of his beloved Qi Qi. It would be so lovely.

Yu Qi was speechless when hearing the first sentence. Even though the boy had still not been born into this world, he already got his duty listed. But after hearing that, she was also looking forward. They were smiling at each other. They were in their own world right now.

"What are you doing?" Feng Yue just finished her call with Xia Zi Qie and returned and saw the couple smiling at each other.

Long Hui turned and glared at Feng Yue. The mood was very good now ruined by Feng Yue. He wondered if Feng Yue deliberately did it.

Feng Yue could feel the murderous aura from Long Hui's glare. She could not help to wonder about the reason her cousin wanted to kill her.

"Brother Hui... please remember that I am your little cousin." Feng Yue forced a smile.

"Brother Hui...." Yu Qi warned Long Hui.

Long Hui's eyes immediately became gentle as he looked at Yu Qi. Feng Yue was speechless about this. 'What's a double standard.'

"So, what are you talking about just now?" Feng Yue asked.

"About the child." Long Hui answered.

"What?" Feng Yue was shocked. Her eyes moved to Yu Qi's stomach.

Yu Qi understood the look given by Feng Yue. "No... That is not what we talking about. I am not pregnant."

"What? Then..." Feng Yue was scratching her head.

"We are just talking about our future children." Yu Qi gave a simple explanation.

"Oh... I see. But why out of sudden?" Feng Yue asked.

"Well, we were influenced by Bo Lin and Heng Nuo." Yu Qi smiled.

"The twins?" Feng Yue understood. The twins were very cute. "Where are they?"

"Hmm... They are with their brothers." Yu Qi looked and pointed in one direction.

They went and approached the group. Tang Qin Hao was still holding Tang Bo Lin while Tang Heng Nuo was on Tang Han Lee's arm.

"What a double standard."

They heard that Tang Jin Wei said that while looking so sad.

"What is going on here?" Yu Qi asked.

"Little Sis..." Tang Jin Wei was sad.

"Can you talk?" Yu Qi said.

Tang Jin Wei looked at Tang Heng Nuo. "This girl has a double standard. why she does not want to be in my arm but want to be in Big Brother's arm?"

"In other words, you are jealous of Big Brother Han Lee because of that?" Yu Qi asked.

Feng Yue laughed. "Brother Jin Wei... you are so funny."

Chapter 1147: The Party Ended

Tang Heng Nuo looked at Tang Jin Wei for a moment and turned to Tang Han Lee. Then her eyes moved to Long Hui. Seeing Long Hui, she waved her small arms toward Long Hui.

Long Hui approached and took Tang Heng Nuo into his arms. Tang Heng Nuo was smiling as she patted Long Hui's cheek.

"So, Brother Hui is her favourite right now." Feng Yue laughed.

Tang Han Lee and Tang Jin Wei were speechless. Their little sister was attracted to a handsome face. So, Long Hui was the first in the ranking.

"Ah... Ha...." Tang Heng Nuo made the sounds.

"Hah... Ha... Ah...." Tang Bo Lin in Tang Qin Hao replied.

Tang Bo Lin then scoffed.

"Why do I feel that Bo Lin is mocking Heng Nuo for liking the handsome faces?" Feng Yue looked at the twin.

They were laughing. They attracted others' attention. However, the younger generation did not dare to approach them.

Ding Na An was talking to Mei Lilli and her boyfriend. She had not seen Mei Lilli for a long time. So, they talked a lot.

The party continued. People gave their presents to Grandpa Tang. Grandpa Tang politely thanked them. In between that, there were a few of the guests went to talk with Tang Family members about their works.

Some of them even asked Tang Jung Wen about some treatment. Tang Jung Wen did not want to embarrass other parties. So, he politely told them to come and talk about this matter when they were at the hospital.

The people sighed when seeing Tang Jung Wen reject them. The purpose of them talking about the matter here was they wanted Grandpa Tang to be the doctor.

Of course, they thought it would be better for a legendary doctor to treat their illness. Some of them even went to Grandpa Tang to be doctors.

Grandpa Tang rejected them and told them that he was already retired. He would not practice as a doctor anymore. He also promoted Yu Qi by saying this girl would be suppressed him.

Everyone was shocked to hear that. They did not expect Grandpa Tang to value adopted grandchildren like that even though he had other outstanding grandsons.

Grandpa Tang must saw something in that girl. That girl was indeed an outstanding one. She even opened a high-end jewellery shop. If those people knew about Yu Qi's other businesses, they might be shocked.

Yu Qi did not know what others thought about her right now. She was having fun with her family and friends.

.....

The party ended without any problem. They returned home without having to think about cleaning up. It was one of the benefits of having the party at the hotel. They would not have to think about cleaning up. The hotel would be responsible for that.

Yu Qi followed Long Hui to his penthouse. Long Hui indeed had a lot of time to be with Yu Qi after his promotions.

Ming Yue and Su Xiao did not care much about that. But the male family members especially Tang Jung Wen and Tang Jang Qin disliked the idea. They thought it would be better if the girl did not meet the man too much.

However, they respected Yu Qi's decision. And since it was a night of celebration, they would let it go.

After returning to the penthouse, Long Hui suddenly hugged Yu Qi. Yu Qi was surprised by this act.

"What happened?" Yu Qi asked.

Long Hui rested his head on Yu Qi's shoulder. "There are a lot of men checking on you. I am jealous."

Long Hui was quite honest this time. He was holding back his anger when he saw these men looking at his beloved Qi Qi with a lewd look in their eyes.

To be worse, when he was in the toilet, he heard some of the men talking about his beloved Qi Qi. When he came out of the cubicle and those men saw him, they automatically silent.

Facing the cold glare given by Long Hui, they rushed out afraid that Long Hui might best up them because they were taking dirty about his fiancée.

Yu Qi chuckled as she heard the honest reply from Long Hui.

"I am also jealous of you. Those young girls are checking about you." Yu Qi said.

She remembered that there were young girls from the guest families looking at her Long Hui. Some of them gathered the courage to talk to Long Hui. But because Long Hui stayed at her side, they did not come forward.

"Hmmm... so, we are jealous of each other..." Long Hui chuckled too.

"I guess..." Yu Qi smiled.

"That means we need to comfort each other right..." Long Hui whispered softly at Yu Qi.

He then attacked Yu Qi's ear by biting and licking it. Ear was one of the weak points that Yu Qi had. When Long Hui bit and licked her ear, Yu Qi made a moan sound.

"You make a cute sound." Long Hui whispered.

"Don't do that to my ear." Yu Qi said.

She was protesting but to Long Hui, she sounded like she wanted more. Long Hui did not wait long, he quickly lifted Yu Qi's body and brought her into the bedroom.

He put Yu Qi on the bed. Yu Qi already blushed making she looked so cute. That looked so inviting to Long Hui. Long Hui approached her and kissed her hard.

Chapter 1148: Retorting Her Asshole Father

The next day, the news about Grandpa Tang's birthday had been published. The news said that there were a lot of people going to the party. The funny part also had been published.

'An upper family did not have an invitation to the party, wanted to force into the party but could not get in because of the guards. There were many pictures taken for that event. There was a family of three. Their faces were fully shown in the pictures.

Feng Yue just came out of the bathroom. There were many notification sounds that she heard from her phone. So, she took the phone and looked at the phone to see what the chaos was all about.

She opened the notification and looked at the popular news. It was yesterday's party. The most popular news was about the guests being rejected to enter the party because they did not have an invitation.

Feng Yue was surprised to see the picture. It was her asshole father and his family. She was laughing when seeing the pictures. The reporters did a good job embarrassing that family.

Then, she received a phone call. It was her asshole father. She narrowed her eyes. It must be about the news. She answered the call.

"Feng Yue... It must be you, right?" It was the first sentence that her asshole father said when she answered the call.

"What's a good word to start the conversation." Feng Yue chuckled.

"Do you need to do that?" Feng Cho Kang asked.

"I don't know what are you talking about?" Feng Yue said.

"Don't play dumb. It is about today's news." Feng Cho Kang said while gritting his teeth.

"Oh, about that. I read that." Feng Yue mentioned that.

"Why did you do that?" Feng Cho Kang asked that question again.

"Excuse me, why do you assume it was my doing?" Feng Yue asked back.

"Only you want to destroy our reputation." Feng Cho Kang shouted.

"Don't need to shout like that. I can hear you." Feng Yue distanced her phone from her ear. That shout could make her ear deaf.

"Don't try to change the topic here." Feng Cho Kang was angry about the news.

"I don't know you are this stupid. Or should I say your wife and your daughter's stupidity affect your brain?" Feng Yue sighed. "You can think by yourself. Whenever Grandpa Tang holds his birthday party, it has always been lively. The news company wants to have a scoop about the party. They would send their reporters to the party. If they could not get in, they can hang out around the place."

There was silence on the other side. Feng Yue continued again.

"And you go there without invitation. You should know that you can not get to the party, and the most important thing, you know that I will never help you but you still went there hoping to attend the party. Your pathetic behaviour had been caught by those reporters."

There was no response from the other side. Probably he was thinking about what Feng Yue had said just now.

"I know you love your daughter so much. But you should think not to embarrass your family. And jump to conclusions that I am the reason for everything. I bet your lovely daughter accused me of this, right?" Feng Yue chuckled.

There is no response from Feng Cho Kang. It was true that Feng Ma Ri came to him and accused the news was Feng Yue's doing. He believed that. That was why he immediately called Feng Yue. He was not thinking much about that.

When Feng Yue sounded the topic like that to him, he suddenly thought about that. He did not think much about that when Feng Ma Ri told him before.

"Since you do not have anything to say anymore, I will end this conversation." Feng Yue thought there was no need to continue this call anymore, so, she hung out the call.

Feng Yue did not put hope anymore toward this asshole father. She gave up. She just hope that his family would not disturb her life and let her live in peace. That would be good.

Feng Cho Kang could not say anything until Feng Yue ended the call. Fuang Cian Xie entered the study room to see Feng Cho Kang sitting thinking with a serious look on his face.

"Did you call Feng Yue just now?" Fuang Cian Xie patted Feng Cho Kang's shoulder softly.

She also read the news about themselves. It was so embarrassing. Some of her friends called her to ask about that. She did not know what to say to them.

Feng Ma Ri came and cried to her saying that she was so embarrassed about yesterday. Feng Ma Ri immediately blamed Feng Yue for that. She hinted to Feng Cho Kang that Feng Yue was the one behind this news.

Hearing that, Feng Cho Kang stormed to his study room to call Feng Yue. The two women smiled at each other when Feng Cho Kang left. Another success.

This pair of mother and daughter had to work so hard to make Feng Yue and Feng Cho Kang's relationship worsen. They would not let them reconcile. Their life would definitely be worse when they were reconciled.

So, Fuang Cian Xie came to his study room to know about the situation. Feng Cho Kang did not answer her question. He was still thinking about something.

Chapter 1149: Fuang Cian Xie's Life Part One

"Darling, what are you thinking about?" Fuang Cian Xie asked.

Feng Cho Kang just realized there was someone beside him. He turned around and saw Fuang Cian Xie with a glass of water.

"What do you say just now?" Feng Cho Kang asked.

"I am asking you, what are you thinking just now? You look so serious. Does Feng Yue says something that upset you again?" Fuang Cian Xie repeated the question.

Feng Cho Kang went silent again. After a while, he answered Fuang Cian Xie.

"Nothing..." Feng Cho Kang shook his head.

"Then, did she has her hand in this morning's news?" Fuang Cian Xie carefully asked.

"You also thought that too?" Feng Cho Kang asked.

"Well, she dislikes us. I understand why she feels that. She must feel that we rob you from her." Fuang Cian Xie sighed.

Fuang Cian Xie carefully glanced at Feng Cho Kang, checking Feng Cho Kang's reaction.

"No, you are not. I love you and our daughter." Feng Cho Kang strongly denied it.

Hearing that, Fuang Cian Xie smiled. 'That stupid girl wants to ruin my family... Humph... That is not working...' If Feng Cho Kang disliked her and her daughter, everything that she owned right now might get destroyed in a split second.

He was the one that she needed to grab right now. If she lose this man's affection, she and her daughter would be in trouble. They might lose this lifestyle.

She came from a poor family with a weak mother while her father was a gambler and drunker.

Her father used to hit her and her mother when he was gamble and drunk. She used to cry and think about why she had to live like that. She could not accept that.

Once she started to hit puberty, everyone started to notice her beauty. Because of that, she began to focus on her beauty.

She started to work part-time. Of course, the first salary that she got, had to be taken by her father.

Of course, she fought back. But she was a girl. She was weak to a mature man. Because of that, she opened a secret account bank without telling her parent.

She put 80% of her salary in that account bank and gave the other 20% to her parent. Since she felt it was not enough to buy the beauty product, she started to take another part-time job.

The part-time job paid her an amount higher compared to her previous part-time job. It was an escort job at a nightclub.

She just needed to accompany those men drinking, listening to their stories, and just letting them touch her body a little bit.

She met Feng Cho Kang there. He was drinking with a few friends. It was the rich young masters. They called a few women to accompany them to drink.

Fuang Cian Xie was one of them. That was their first meeting. Feng Cho Kang was interested in Fuang Cian Xie.

He felt Fuang Cian Xie was gentle and treated him like he was a king. At that time Feng Cho Kang already had his fiancée. Yes, that was Feng Yue's mother.

Because Feng Yue's mother grew up in a military family with her father as the great general, she was like a tomboy.

Feng Cho Kang disliked that. So, when he met with Fuang Cian Xie and had been treated like that, he felt Fuang Cian Xie was a lot better than Feng Yue's mother.

They started their relationship. Fuang Cian Xie did not return to her parent's house anymore. She lived in the house that Feng Cho Kang gave to her.

Of course, her father started to look for her. But she never told him about her workplace. So, he had no idea that his daughter worked as an escort.

Until Fuang Cian Xie heard about her parent's death. She heard from the neighbor that her parent had a fight.

As usual, her father hit her mother. Her father was so angry that he even grabbed a broken glass bottle to hit her mother.

Unfortunately, he did not realize there was another glass bottle at his feet. Once he stepped on the bottle, he lost his balance and fell forward.

The broken glass bottle in his hand stabbed his stomach. The blood came out.

Seeing that her mother rushed to call for some help but she was sick to begin with, her sickness such as her blood pressure rising, she fainted when she opened the door.

Her father passed away. The neighbor saw her fainted mother and her father immediately called the ambulance and police.

Her mother had been brought to the hospital. However, she did not manage to survive.

The police opened the investigation. After some investigation, the police concluded that the case was an unfortunate accident.

Fuang Cian Xie was very calm. She completed the process. The bodies were cremated. However, their ashes were separated.

Fuang Cian Xie throw away her father's ash in the garbage while she released her mother's ash at the sea. She hoped that her mother in a better life.

Even though her mother was sick and weak, she did protect and love her daughter. She did not want her father disturb her mother in afterlife.

As for her relationship with Feng Cho Kang, it went deeper and deeper. Feng Cho Kang loved her very much. She was happy when a rich young master loved her like that.

Chapter 1150: Fuang Cian Xie's Life Part Two

But she was devastated when Feng Cho Kang told her that their relationship needed to be stopped. He would marry his fiancée.

Fuang Cian Xie was angry and sad. Feng Cho Kang gave her a lot of money for the breakup. She heard that he got married to his fiancée.

However, it was not long after his marriage, that he returned to her. He told her that he loved her and could not forget about her.

Of course, she was happy. She did not care that he was married. The most important thing was that Feng Cho Kang loved her. So, they restarted their relationship.

She was afraid when the money was out but after Feng Cho Kang returned to her, she did not have to worry about money. She did not mind being Feng Cho Kang's mistress.

Feng Cho Kang's wife did not notice that her husband had been cheating for so long. She even gave birth to their daughter, Ma Ri.

After five years in the relationship, she wanted to be recognized, not for herself but for her daughter. She did not want her daughter to live like this.

So, she went to confront Feng Yue's mother. Of course, Feng Yue's mother was angry about that. She rushed over to her husband but she had a car accident and lose her life there.

Fuang Cian Xie did not tell Feng Cho Kang that she went to meet Feng Yue's mother causing her to rush over and died. So, no one knew about that.

Three months after Feng Yue's mother's death, Feng Cho Kang brought her and their daughter to the house to introduce them to Grandpa Feng and Feng Yue.

Grandpa Feng was shocked. Feng Yue was shocked. Even though she was only five, she understood the situation. The new girl robbed her father.

Grandpa Feng could not do anything and just allowed his son to marry Fuang Cian Xie. Fuang Cian Xie managed to be Feng Cho Kang's wife after enduring for a long time.

Fuang Cian Xie did not mind Feng Yue at all. She was just a small kid. She could not anything. Fuang Cian Xie started to enjoy her life as a rich wife.

She spoiled her daughter, Feng Ma Ri too much. She realized this when Feng Yue grew up. She showed her talent in the business which needed to be Feng Corporation's heir.

On the other side, Feng Ma Ri grew up as a spoiled rich daughter. Fuang Cian Xie seen the upcoming crisis.

Grandpa Feng already made his choice. Feng Yue would be the heir. Her position and her daughter's position would be in danger when Feng Yue inherited everything.

That was why she must not let the relationship between father and daughter improve. Feng Cho Kang needed to be on her side to make support her and their daughter.

"It is not her fault." Feng Cho Kang suddenly said that.

Fuang Cian Xie heard that and turned to Feng Cho Kang in shock. 'What happened here? He did not go to attack Feng Yue?'

"But who else hates us so much that they need to do this to us?" Fuang Cian Xie sighed.

"I will investigate myself." Feng Cho Kang said.

"Oh, okay..." Even though Fuang Cian Xie did not satisfy with the result, she knew that she could not push Feng Cho Kang too hard.

"You should stay home for the time being." Feng Cho Kang said.

It made Fuang Cian Xie startled

"Why?" Fuang Cian Xie asked.

"The news about us is still hot. You will be stormed by the reporters later." Feng Cho Kang explained.

"Oh, you dont need to worry about that. I will be fine." Fuang Cian Xie brushed off Feng Cho Kang's warning.

She excused herself to leave first. Feng Cho Kang was still wanting to stay in the study room working on something.

Fuang Cian Xie went to the living room seeing her beloved daughter, Feng Ma Ri laying down on the sofa playing on her phone.

Fuang Cian Xie frowned for a moment before her expression returned to normal.

"My dear, can you sit properly?" Fuang Cian Xie slapped Feng Ma Ri's leg.

"Ouch... Mum, what are you doing? That's hurt." Feng Ma Ri rubbed the place where her mother slapped her leg.

"Then sit properly." Fuang Cian Xie said sternly.

"Mum, I want to relax. Not like it was outside or something. Can i relax in my own house?" Feng Ma Ri put on her face.

She was quite angry at this moment. She was playing a game. She was about to win the match until her mother came and destroyed thr game.

Fuan Cian Xie sat beside Feng Ma Ri. "The servant is watching you. You need to watch your behavior."

"They are just the servant. So what?" Feng Ma Ri rolled. "Forget about that. How's dad? Is he going to Feng Yue?" She was excited to hear the response from her mother.

"No, it seems that Feng Yue says something to your father." Fuang Cian Xie said.

"What? What does she say to dad?" Feng Ma Ri grabbed her mother's hand.

"Your father does not tell me but...Fuang Cian Xie could not help but worry about it. "Never mind. For now, stop disturbing her. Focus on coaxing your grandfather."

"Again? But mum, Grandpa does not pay attention to me at all. It is useless." Feng Ma Ri did not want to waste her time coaxing that old man.

Fuang Cian Xie slapped Feng Ma Ri's thigh. "Don't say something like that about your grandfather."

"Okay... Okay... Stop hitting me like that. That's hurt, you know." Feng Ma Ri frowned.
