Chapter 1151: Went To The Party

The invitation card was on her table. It was given by Su Yu Hi. It was Song Su Jin's birthday party. She did not expect to receive the invitation too.

Song Su Jin told her that she would appreciate it if Yu Qi could come. Yu Qi thought for a second. Song Su Jin was the first artist that she came into contact with. She was also Su Yu Hi's girlfriend. She was also an artist in her entertainment company.

Speaking about Qiaosu Entertainment, it had been reported that it became the top 3 entertainment companies that conquered the entertainment world.

The person in charge of Qiaosu Entertainment Company was thrilled. He felt grateful that he followed his instinct in handling his company with the new person. He did not make the wrong decision.

Song Su Jin was the person that the new owner supported. So, he supported Song Su Jin. Knowing it would be Song Su Jin's birthday soon, he held a big party for Song Su Jin. Everyone in the company had been invited.

Yu Qi told Su Yu Hi that she would attend the party if anything urgent case in the hospital occurred.

The party would be held at the hotel in Capital City. Yu Qi could drive to the Capital City. As for the dress, she could pick a decent dress from her closet. There were a few dresses that she had not worn yet due to her aunties.

Since Yu Qi would be driving the car to the capital city, Shino and Aoi were happy. They would be able to chat with Yu Qi on the way. Long Hui also would not come with them.

As for Long Hui, he could not accompany Yu Qi to the party because of his work. He was a little bit upset about that. Not to mention, Yu Qi would go to Capital City, where Wei Family was there.

Yu Qi told him that she would be alright. There was nothing to be worried about.

Yu Qi arrived at Capital City 6 hours before the party would start. She had time to rest for a while. So, she checked into the hotel, the same hotel that the party would hold.

It was good that she booked a room first because the staff told her that their hotel was full until the next day.

Yu Qi brought some food for Shino and Aoi. As for her, she refreshed up and threw herself into the bed. She immediately slept.

....

Aoi woke Yu Qi up. Aoi told her that it was already 6 p.m. Aoi knew that Yu Qi had a party to attend at 8 p.m.

Yu Qi rubbed her eyes. It was a good rest. She stood up and went to the bathroom, to take a shower and got ready for the party.

As for make-up, her face did not need makeup, it was already glowing. But it was proper to make some make-up for the occasion, otherwise, it would be rude. So, she wore some light makeup.

After being satisfied with her appearance, she was ready to go.

"Stay here until I am back. I will bring you out after the party." Yu Qi told Shino and Aoi.

"Yes, Master." Both of them spoke and saluted Yu Qi.

Yu Qi went to the venue. It was a high-profile birthday party. Well, it was not wrong. Song Su Jin was a popular actress nowadays.

Yu Qi stepped forward to the entrance. The staff asked her for the invitation card. Before she handed out the invitation card to the staff, she heard someone talking about her.

"Look, I don't know that girl."

"Is she want to go to the party?"

"Probably. Is she has the invitation?"

"I bet she does not has it?"

"She must be a newcomer."

Yu Qi ignored that. She took out the invitation card and gave it to the staff. The staff was surprised to see the colour of the invitation party.

The golden card was a super VVIP guest that Qiaosu Entertainment Company invited. Only certain people got it. The CEO told them to treat those people with great respect.

Seeing the card, the staff bowed 90 degrees to Yu Qi.

"Welcome to the party. You can enter." The staff said.

"Okay."

There were also a few reporters at the party. They took pictures of everything including the artists. When Yu Qi entered the party, she caught everyone's attention. Yu Qi was used to the attention, so, she did not care much.

The reporters felt that the person who just entered the party was very attractive, so, they took her pictures even though they did not recognize her in the first place. She was so beautiful.

The group of women that making fun of Yu Qi just now were displeased to see everyone's attention on Yu Qi. They went straight to Yu Qi blocking Yu Qi from moving forward.

"Who are you? Are you actually the new artist signed by Qiaosu?" One of the women asked.

Yu Qi looked at the group. They were the new artists of Qiaosu. She knew them because Lang Sun gave the report about the new artists that the company trained right now. She just read the report one day ago.

"Why don't you speak? Are you mute?" Another girl asked.

"Girls, don't say like that." A girl that seemed like a leader said nicely but her eyes were like a snake's eyes preying on his prey.

Chapter 1152: Curious About Her Identity

"I am not the new artist. I am a doctor." Yu Qi answered their questions.

The group of women was taken back by Yu Qi's answer. They did not expect that.

"Why can a doctor come to this gathering?" Another girl asked.

"Why? Sister Su Jin invited me, of course. It is her birthday party." Yu Qi tilted her head.

The girls were shocked.

"You are Senior Su Jin's friend?" The leader of the girl asked in surprise.

"Yes. I am." Yu Qi nodded.

"Forgive us if we wronged you." The leader immediately apologized to Yu Qi.

Other girls saw this and also followed the leader's action. The girls were scared that Yu Qi might tell Song Su Jin. Then they would not be survived in this industry.

"Whatever." Yu Qi said.

Yu Qi knew what the girls think. However, she did not care much about that. She came to celebrate Song Su Jin's birthday. Not looking for an enemy. She looked for Song Su Jin.

She saw Song Su Jin accompanied by Su Yu Hi, talking to other people. She walked to Song Su Jin and Su Yu Hi.

"Sister Su Jin, happy birthday." Yu Qi said after she reached Song Su Jin.

"Yu Qi, you come." Song Su Jin was happy to see Yu Qi who got the time to come to her birthday party.

"Hmmm... This is your birthday party." Yu Qi said while giving a file to Song Su Jin.

The people who talked with Song Su Jin looked at Yu Qi's gift. They frowned when seeing that Yu Qi gave that. They thought Yu Qi just gave a gift card or something like that. Even though the girl looked beautiful but she was stingy.

Song Su Jin opened the file and she was shocked to see what was inside the file.

"Yu Qi, this is..." Song Su Jin looked at the paper in the file and looked again at Yu Qi.

"My present to you." Yu Qi nodded.

"How could I receive such a present like this?" Song Su Jin felt trouble receiving such an expensive present.

Su Yu Hi looked at the present. He was also surprised.

"Yu Qi, you..." Su Yu Hi did not know what to say.

"Senior Su Jin, what is her present? We also want to know." The person asked, wanting to know what the present Yu Qi gave to Song Su Jin.

"A house." Song Su Jin said.

"What?"

The people who heard that felt shocked. The price of the house currently was expensive. Some people asked the bank for a loan to buy a house. However, this girl gave a house to Song Su Jin just like that. They looked at the girl.

"Senior Su Jin, this is..." The person asked.

Before Song Su Jin managed to answer that question, Lang Sun, the CEO of Qiaosu Entertainment Company came over.

"Miss Tang, you come." Lang Sun greeted Yu Qi.

The attitude given by Lang Sun surprised those people. It was their CEO but Lang Sun treated Yu Qi as if she was his boss.

"It is Sister Su Jin's birthday party." Yu Qi said.

"Yes... Yes..." Lang Sun nodded several times. "About the new investment proposal that I give to you yesterday..."

Before Lang Sun managed to complete his sentence, Yu Qi already cut him off. "I haven't read it yet. If I still don't give your answer within two days, you can ask Brother Yu Hi about that." She turned to Su Yu Hi. "Do you get it too?"

"Yeah. But I haven't reviewed that yet." Su Yu Hi said.

To those who listened to the conversation, they felt that they heard something incredible. They knew that Su Yu Hi was Song Su Jin's boyfriend and they also expected that Su Yu Hi had some power in the company.

What they did not expect was the unknown girl who they just met today talking to their CEO like she was the big boss. And their CEO also treated her like his boss.

"I think all the guests are already here, let's start the party." Su Yu Hi said to Song Su Jin.

"Okay." Song Su Jin nodded. "Yu Qi, you can take a seat over there."

"I will bring Miss Tang to her seat." Lang Sun offered himself. "This way, Miss Tang."

Those people still looked at Yu Qi with curiosity. They really wanted to know the identity of this 'Miss Tang'. Giving a house to Song Su Jin just like that and getting such special treatment with their CEO... They were really curious about that but they could not bring themselves to ask about that.

When Yu Qi sat down beside Lang Sun, not only those who listened to their conversation just now were curious about Yu Qi, but now everyone was curious about Yu Qi.

Lang Sun was the CEO of Qiaosu Entertainment Company. He was also a good-looking bachelor and was still single. A lot of artists wanted to have a relationship with him. Now he appeared to be talking to a beautiful woman, many wanted to know about the beautiful woman.

"I think I am seeing this woman before."

"Really? Who is she?"

"But I could not remember that."

"I don't think she is an artist because I have never seen her before."

"She is probably a model or something."

"Probably."

"But seriously, she is indeed a beautiful one."

"Ceo Lang seems closes to her."

"Don't tell me she is his girlfriend."

"I don't know."

Chapter 1153: Public Proposal

"We talked with her before. She told us that she is a friend of Senior Su Jin and she is a doctor." A girl from the group of women earlier who heard what the people talked about interrupted the conversation.

"What? Really?"

"Hmm... She said so." The girl nodded. She and her friends clearly heard that.

"Unbelievable. With that look, she could easily enter our industry."

"Yeah. What a waste of look."

"Wait, I remember her."

"Who is she?"

"She is Tang Yu Qi. The owner of HuiQi Jade."

"What?"

Everyone who heard the conversation was shocked to know Yu Qi's identity. No wonder she could give a house to Song Su Jin just like that. Being the owner of HuiQi Jade Store, no one could imagine the money that she had in her hand.

"No wonder she is familiar with CEO Lang. They are from the same world, unlike us."

The party started. Since a lot of people from the entertainment industry, they really knew how to enliven the party. Singing, dancing, live performances. Yu Qi never went to a party like this. She was very surprised about that.

Then Su Yu Hi went up to the stage. He took a microphone. He asked all the music to be stopped. Everyone wondered what Su Yu Hi wanted to do.

"First of all, thank you for coming to celebrate my girlfriend's birthday. I really appreciate that. Su Jin, can you come here?" Su Yu Hi called his girlfriend.

Song Su Jin slowly went up to the stage. She was smiling at Su Yu Hi. Su Yu Hi grabbed her hands. Song Su Jin felt a little bit embarrassing when doing this in front of the people. The feeling was not the same when she was shooting.

Su Yu Hi saw the thin red blush in Song Su Jin. Su Yu Hi suddenly kneeled on one knee. In his hands, there was a small red box. Everyone was excited to see this scene.

'It is a live proposal.' That was everyone thought right now.

Song Su Jin gasped in shock. She did not know about this. Su Yu Hi did not tell her anything about this. She was looking at Su Yu Hi who was currently kneeling down.

"Su Jin, I think it is about time. We have been together for a long time. I am really happy being with you. Thinking of we spend the time for the rest of our life make me happy. So, right now, I, Su Yu Hi propose Song Su Jin be my wife and the person next to me until I die. Can I hear the answer from you?" Su Yu Hi opened the red box revealing a diamond ring.

Everyone was silent waiting for Song Su Jin's answer. Su Yu Hi was probably the person who felt nervous the most. He felt the time was moving more slowly than ever.

"Of course, I agree. I want to be your wife and spend the rest of my life with you." Song Su Jin smiled while crying.

Su Yu Hi stood up and put the ring on Song Su Jin's finger. Su Yu Hi hugged Song Su Jin. Everyone clapped their hands. Both of them left the stage. Yu Qi went to talk to them.

"Both of you, congratulations." Yu Qi said.

"Everything is because of you, Yu Qi. If I don't meet you, I might depressed and kill myself. Because of you, I get to keep my job and meet my other half. Thank you... Thank you..." Song Su Jin thanked Yu Qi from the bottom of her heart.

Yu Qi just smiled. It was 'give and take'. Song Su Jin became her model for her skincare product and she even became an artist for her company.

"When do you want to hold your wedding?" Yu Qi asked another question.

"Hmm... Well..." Song Su Jin glanced at Su Yu Hi.

"We will plan it later." Su Yu Hi smiled.

"Let's drink up for Song Su Jin and Mr. Su." Lang Sun shouted.

Everyone lifted their glass.

"Congratulations, Song Su Jin and Mr. Su." Everyone shouted.

Yu Qi also drank. Su Yu Hi looked at Yu Qi in worried when he saw Yu Qi was drinking. He knew that Yu Qi did not drink.

"Yu Qi, are you drinking?" Su Yu Hi asked in worried.

"Don't worry. I will be fine." Yu Qi smiled.

Actually, she had already taken a pill that would make her immune to the alcohol. She would be fine if she drank a gallon of alcohol.

The party continued until midnight. After that, the people started to leave. Yu Qi did not have to drive since she stayed in the same hotel. When she was about to leave, she was blocked by the same group of women that blocked her earlier before the party started.

"Is there something matter?" Yu Qi asked.

"Miss Tang, we are sorry that we offend you earlier." The leader of the women apologized and bowed followed by other women.

Yu Qi was taken back. She did not expect that the woman would approach her and apologize like this.

"Well... I don't mind. But the next time, remember. Stop mocking people that you don't know." Yu Qi said.

"Yes, Miss Tang, we will remember." The women said while nodding their heads.

Yu Qi left and returned to her room. Shino and Aoi were inside the room waiting for their master's return.

Chapter 1154: Want To Be The Cinderella Too

Song Su Jin's birthday party yesterday became a piece of huge news. She had been proposed to by Su Yu Hi, her boyfriend on the stage. The women thought it was so romantic.

The reporters who got the invitation were very happy with the scoop that they got at the party. All the platforms that covered entertainment news put this news in the top three news.

There was news about the owner of HuiQi Jade Store coming and celebrating Song Su Jin's birthday too. She even gave a generous present to Song Su Jin. They asked the citizen to guess what the present was.

A lot of comments wrote by the citizen guessing about Yu Qi's present to Song Su Jin. Car, the contract to become the model for HuiQi Jade Store, a set of jewellery... Everyone felt the jewellery was the most pick up the answer for the guess because Yu Qi owned HuiQi Jade Store.

Then, someone answered the right one. A house. Yu Qi gave Song Su Jin a house at Capital Hill Park. It was a new and expensive area. A house there was estimated to be 100 million RMB and Yu Qi just gave a house cost that much just like that.

'Wow, Miss Tang is so generous. She can give an expensive house to our Jin-er just like that. She must be a good friend to our Jin-er.'

'Our Jin-er deserves that.'

'Thank you, Miss Tang, for giving our Jin-er such a beautiful house.'

'I hope our Jin-er can give us a video tour of her new house later.'

'Yeah, I also want to see it. It must be very beautiful.'

Those were some responses from Song Su Jin's fans. They wished her a happy birthday and congratulations on the proposal. They felt Song Su Jin deserved that.

However, not everyone was Song Su Jin's fan. She also had the anti-fans.

'Miss Tang is probably pity Song Su Jin.'

'Yeah. Mr Su deserves someone better than Song Su Jin. She is just an artist.'

'She must be cheating with other men too.'

Of course, Song Su Jin's fans retorted the comments back.

'You are just jealous of our Jin-er because she is a winner here.'

'Yeah. Hey keyboard warriors, shame on you.'

'Jin-er, you are the best. Keep moving forward and ignore the ones who are jealous of you.'

'Mr Su, you must take care of our Jin-er. Otherwise, you will be sorry.'

'Su x Song. I can not wait to hear about their wedding.'

'Me too...'

'It must be the wedding of the year.'

The anti-fans wrote something too but others did not pay much attention to their comments. Feeling tired, they stopped.

As for someone jealous of Song Su Jin's success gritted her teeth as she read through the comment. How could Song Su Jin being successful like this? Song Su Jin must be under her feet.

Song Su Jin became famous after she became the spokesperson for Qi Qi Skincare Brand. Her effort to make sure Song Su Jin went under before that was ruined by that move.

"Wuyao."

It was her manager, Chu Lou called her. The person who appeared to hate Song Su Jin so much was Li Wuyao. She was also an actress like Song Su Jin. She debuted the same year that Song Su Jin debuted making them a rival even though they were from different companies.

Li Wuyao knew that her skill as an actress was not so good as Song Su Jin. So, she put more effort into another one. She seduced the writers of one of the dramas in which she and Song Su Jin competed for their second female lead.

Of course, she ended up winning the deal due to her earlier effect of seducing the writer. From that, she began to ruin Song Su Jin's image. She even asked someone to spread the rumour telling Song Su Jin was someone's Mistress. That made Song Su Jin's career went downhill.

Not after Qi Qi Skincare Brand picked up Song Su Jin as their spokesperson. At first, Li Wuyao did not care much about that Brand. It was a new brand. She did not think with that new brand, Song Su Jin would become successful. So, she let Song Su Jin become the spokesperson.

She did not expect that the new brand could rise to the up and become one of the leaders in the Skincare industry. If she knew about that, she might even promote herself.

Li Wuyao might meet Su Yu Hi and become the cinderella. She heard that Su Yu Hi was one of the directors of Qi Qi Skincare.

"Wuyao!" Her manager called her once again.

Li Wuyao was already in the bad mood. So, she responded in anger. "What?"

"Why don't you show up at the shooting today?" Her manager asked.

"I am not in a good mood this morning." Li Wuyao answered.

"Whether you are in a good or bad mood, you should tell me something. I was so embarrassed in front of the director this morning." Her manager was also angry about Li Wuyao's attitude lately.

"You can make some excuses. Don't need to be angry at me like that." Li Wuyao said.

"Then, explain to me why do you in the bad mood?" Her manager asked again.

Li Wuyao did not answer.

Her manager sighed. "It must be because of the news, right? The one with Song Su Jin?"

"It's not." Li Wuyao said.

Chapter 1155: Saw Yu Qi

"You don't need to lie to me. I know you for a long time. You are upset because she lives a good life now, right?" Her manager kept touching Li Wuyao's button.

"Shut up." Li Wuyao snapped.

"Whatever... The director asked me to tell you. If you miss the shooting again, he would replace you with another person." Her manager told her what the director wanted to tell her.

"What? He can't. Otherwise, the crew needs to pay us the compensation." Li Wuyao was confident about that.

"Well, he agrees to pay it. It is not the first time that you missed the shooting without a valid excuse. The director was furious with you. He reported you to your backer. I heard your backer is also angry with you. So, you better go to shoot tomorrow." Her manager said.

"What?" Li Wuyao became panicked hearing that.

At first, she dared to act like a queen on the shooting set because she knew the director could not do anything to her because of her backer who also happened to be one of the investors in the drama. Now, if her backer was also furious about her, she could not dare to do that again.

"Okay... Okay... I know. I will go tomorrow." Li Wuyao said.

She already forgot about Song Su Jin. Her career was in the danger right. She did not have time to think about other things.

...

Yu Qi would be returning to FINN City the next day. She planned to go and see the construction site where she bought land before.

She asked a trusted contractor to build a theme park. It was an amusement park that combined nature. There would be a lot of activities in this theme park such as flying fox, and jungle trekking, and there would be also a water attraction.

She knew in the future, a lot of people would be interested in such activities. She just needed to wait.

Yu Qi met the project engineer, Li Yan. He was interested to build a jungle theme park. He was happy to meet Yu Qi who had the same ideas as him.

When he first met Yu Qi, he felt this project was not interesting. Then, after discussing with Yu Qi what she wanted to build on that land, he had a mind-blowing.

Yu Qi gave a general idea of what she wanted to build. Li Yan already knew what she wanted. So, he put that on paper. He showed it to Yu Qi. Yu Qi told him to make adjustments. Then, when he put the idea, he felt that it was a lot better than the previous one.

The construction began. It was only 5% completed. The timeline given was 4 years. If the construction could be completed earlier than that, it would be nice.

"Miss Tang." Li Yan greeted Yu Qi.

"Mr Li." Yu Qi greeted him back.

"How's the construction?" Yu Qi asked.

"It is on the schedule. Don't worry about that." Li Yan said.

Li Yan brought Yu Qi to see the construction site. Yu Qi was satisfied with the progress.

"I will try to convince the owner of the land beside us. It would be best for us to buy those lands too. But they did not want to sell when I meet them in the past." Yu Qi sighed.

"How about you let me handle it, Miss Tang? Coincidentally I knew the owners. I will try to talk to them later." Li Yan said.

"Really?" Yu Qi asked.

"Yeah." Li Yan nodded.

"Hmm... My budget is 50 million. Above that, I can't afford that." Yu Qi told the budget.

"I will try to negotiate with them first." Li Yan said.

"Thank you." Yu Qi nodded.

Li Yan looked at his watch. It was almost lunchtime.

"Miss Tang, may I invite you to lunch?" Li Yan invited Yu Qi.

Yu Qi also looked at her watch. She agreed. "Sure."

Both of them went to the restaurant. It was Li Yan's choice. They ordered the food. Once the food arrived, they are while talking about the project.

....

"Sister Chu, look at that." Fung Zhu Nie pointed in one direction.

Chi Yuan looked as Fung Zhu Nie told. A man and a woman were having lunch together. It was nothing abnormal. Chi Yuan widened her eyes.

"That is Su Kee's cousin's fiancée, right?" Fung Zhu Nie asked Chi Yuan for confirmation.

"Yeah. That's right." Chi Yuan nodded.

"Is she cheating?" Fung Zhu Nie was shocked when she realised that.

"They are just having lunch together." Chi Yuan narrowed her eyes.

"Yeah. Having a lunch date. Look at that, that man smiles sweetly at her. She even replied." Fung Zhu Nie said.

Chi Yuan looked at the couple. They were having a nice lunch.

"I am going to take pictures of her cheating." Fung Zhu Nie took out her phone and snapped the phone of Yu Qi and Li Yan.

"What are you trying to do?" Chi Yuan asked.

"I will send the copy to Su Kee letting her know about this. They need to know that this woman is cheating on her fiancée." Fung Zhu Nie said.

Chi Yuan did not stop Fung Zhu Nie.

"If Su Kee's cousin knows about this, he definitely breaks the engagement. I already know that that woman is not suitable for him. You are the most suitable for him, Sister Chu." Fung Zhu Nie said.

Chapter 1156: Recover the Artifact Part One

"What are you talking about?" Chi Yuan pretended to deny that.

"I know. Grandma Wei also prefer you than that woman, right?" Fung Zhu Nie smiled. "Wait a minute, I will try to pass them and take their picture. The picture will be much more clear."

"I don't think it is a good idea." Chi Yuan showed some concerns to Fung Zhu Nie.

"Don't worry, Sister Chu. I will be okay. Wait here, okay. I will go and take her pictures." Fung Zhu Nie walked toward Yu Qi and Li Yan.

She was so natural that Yu Qi and Li Yan did expect anything at all. Fung Zhu Nie walked passing Yu Qi and Li Yan. After a few minutes, she walked again and captured another pictures of them before returning to her seat again.

"I get their pictures." Fung Zhu Nie said while showing the pictures to Chi Yuan. "I will sent them to you."

The notification on Chi Yuan's phone showed that she had been received the message from Fung Zhu Nie.

"I will send it to Su Kee after this." Fung Zhu Nie was about to click but Chi Yuan stopped her.

"No need to send to her." Chi Yuan stopped Fung Zhu Nie.

"Why? She should see this too. It is her cousin." Fung Zhu Nie wanted to know the reason.

"It is just photos of them eating together. That is not going to prove anything." Chi Yuan said.

Actually, after the party that she and Wei Su Kee met other day, Wei Su Kee began to distance herself from her. Chi Yuan did not know anything about that. She just realized that when Wei Su Kee did not accept her invitation to hang out together anymore.

"But..." Fung Zhu Nie wanted to say something.

"People will think that I have a motive to ruin their relationship. I don't want people to think like that about me." Chi Yuan sighed.

"Okay... I understand. I will not send it to her." Fung Zhu Nie nodded.

Chi Yuan was her best friend. She did not want people to think bad about her friend.

Then, they watched Yu Qi and Li Yan walked away. After they also left together too. They went to separate way.

Chi Yuan looked at the pictures that she just received from Fung Zhu Nie. She felt it was an opportunity.

"Don't blame me, Tang Yu Qi. It is your fault to take what's mine." Chi Yuan smiled as she planned something with the pictures.

.....

Yu Qi was satisfied with the progress. Li Yan went back to his work. As for Yu Qi, she had a free times. She walked along the road.

Then she saw a signboard telling it was the antique street which had a lot of antique shops. Yu Qi was slight interested with the antique after she encountered the spar.

So, she walked into the street. Once she stepped into the street, Bo Ya exclaimed excitedly.

'Master, I sense a lot of things that had our aura space.' Bo Ya said.

'Really?' Yu Qi was surprised.

'It can not be wrong. They are from our space.' Bo Ya exclaimed again.

'Hmm... Then, let's take a look, okay.' Yu Qi smiled.

Yu Qi entered the first shop. The shop was clean and had a middle aged man took care of the shop. The middle aged man looked at Yu Qi first and ignored her after that.

Yu Qi did not think much about that. She looked around the store. Then, she could feel something. She followed her instinct and found an umbrella. An old used umbrella.

'Master... It is the heaven lightning umbrella.' Bo Ya said.

'It is from our space, right?' Yu Qi asked.

'Yeah. It is used to block lightning when someone undergo the tribulation. I never thought to see it here.' Bo Ya told her about the umbrella.

'Owh. It is so powerful. But is this its true appearance?' Yu Qi looked at the umbrella and felt it was not right.

'Of course not. It has a beautiful white body. Even though, the lightning strikes it, it will appear beautiful as the same. When, someone who had a cultivation power can store its beauty.' Bo Ya said.

'I see. I will buy it.' Yu Qi nodded.

"Hey you. If you don't want to buy anything, can you just leave?" The middle aged man said to Yu Qi.

He observed Yu Qi for a long time. He could see that the girl did not have any intention to buy anything. So, it was better for her to leave. He had another work to do.

"No, I will buy this umbrella." Yu Qi pointed to the umbrella.

The middle aged man looked at the umbrella. It was obviously a broken umbrella. He remembered when his father invited an expert to take a look at the items in the store. The expert did not say anything about the umbrella. It was just a normal broken umbrella which old.

Her father did not throw it away before it gave vibe to the store. Even he forgot that their store had that broken umbrella. If this young lady did not mention the broken umbrella to him, he would forget about that.

He did not care about the broken umbrella. However, he wanted to make some profit since it was the item in the shop.

"One thousand. Take it or leave." The middle aged man told Yu Qi the price.

Chapter 1157: Recover the Artifact Part Two

Sure." Yu Qi nodded.

She took out the money and gave them to the middle aged man. She did not hesitate. After putting the money on the table in front of the middle aged man, she took the umbrella and left the store.

The middle aged man was blinking confusedly. He did not expect that the young lady just accepted the price without thinking for a second. If he knew about that, he would put a higher price.

He felt he needed to try his luck. He rushed out to chase the young lady. The young lady was not far from his store yet.

"Young lady... Young lady, please wait." The middle aged man shouted to Yu Qi.

Yu Qi turned around and saw the earlier middle aged man. She stopped walking.

"Yes, is there something matters?" Yu Qi asked.

"That umbrella actually cost five thousand. Can you pay up?" The middle aged man suddenly increased the price 5 times from the original price that he said earlier.

"What?" Yu Qi raised her eyebrow.

"Young lady, I messed up the price earlier." The middle aged man smiled.

Yu Qi looked at the middle aged man. She immediately knew that this middle aged man wanted to scam her money. Yu Qi loved her money so much. Of course, she would be fought anyone who wanted to scam her money.

"You already told me that it was one thousand and I already paid you. It is over now." Yu Qi said.

"Young lady, like I said earlier, I messed up the price. It is five thousand actually." The middle aged man argued.

"It is your problem. Not mine. You can cover the loss with your own money." Yu Qi replied.

"Young lady, if you don't want to pay, I will report you to the police for stealing." The middle aged man threatened Yu Qi.

Someone from another antique shop was coincidently outside his store. So, he heard everything. He looked at the young lady and the umbrella that she had in her hand. He remembered about that umbrella.

"Liu Man, I remember that your father tells me, that umbrella has no value. It is just a broken umbrella. How could the price reach five thousand?" He asked the middle aged man, Liu Man.

Liu Man felt angry at the person who said that. "Just shut up."

The person added more. "Are you want to scam this young lady?" He then turned to Yu Qi. "Did this person tell you that it is an antique or something?"

"Hey, she is the one who wanted to buy the broken umbrella, okay?" Liu Man shouted.

"Even so, how could you tell her it is five thousand?" The person asked Liu Man back.

"He tells me it is one thousand. I already paid it." Yu Qi said.

"Then, he really wants to scam you. Young lady, it is true that this umbrella has no value." The person said.

"Then, there is no reason for me to buy this anymore. I will return it to you. So, return back my money." Yu Qi said to Liu Man.

Liu Man felt scared. It was one thousand. He did not to lose the money. "You already buy it. I can not return your money." With that, he ran away from there.

Yu Qi narrowed her eyes watching Liu Man running away.

"Young Lady, do you want your money back? I can help you." The person who helped Yu Qi earlier suddenly asked.

"No need. I like this umbrella. Its vibe is good." Yu Qi shook her head.

"If that's what you want, then it is okay." The person nodded.

"Is this your store?" Yu Qi asked.

"Yeah. Do you want to come in and take a look?" The person said.

"Yeah." Yu Qi nodded.

Bo Ya already told her that she must go into the store. The person introduced himself as Grandpa Hu, the owner of this antique store.

Yu Qi looked around and saw a shoe. Yeah. A shoe. Not a pair of shoes. It was a man's shoe. The shoe looked like a shoe which was worn by a minister in Dynasty Ming.

'Master, it is the shoe that being make by using the material inside the space.' Bo Ya explained.

'Owh.' Yu Qi looked at the shoe.

Seeing the young lady interested in the shoe, Grandpa Hong stepped and said about the shoe.

"It is the shoe from Dynasty Ming. A woman make the shoe to a man after the man passed the examination." Grandpa Hong said.

'Bo Ya, is that true?' Yu Qi asked.

'I think so. I did not remember much about that. But I do remember that story. It is like the old man said.' Bo Ya said.

"Why does only one shoe? Where is the another one?" Yu Qi asked Grandpa Hong.

"It went missing. I don't know where it is right now." Grandpa Hong sighed.

"I will buy it." Yu Qi said.

"Are you sure?" Grandpa Hong asked for confirmation.

"Yeah. I like the story behind the shoe. How much?" Yu Qi asked directly.

"It is eight thousand." Grandpa Hong said. He was not lying. It was its price.

"Okay." Yu Qi paid up right away.

Yu Qi came out of the store with the goods in her hands. Someone heard what was going on and came to invite Yu Qi into his store. If Yu Qi liked something, it would be good for his store.

Hello everyone... I am looking for an editor or someone who can proofread for me. You can contact me via my email: Thank you...

Chapter 1158: The Long-Lost Art

Yu Qi did not mind since she had planned to visit the stores until Bo Ya told her to stop. Since Bo Ya had not said so yet, it meant the items from her space must be somewhere inside these stores.

She ended up entering all of the antique shops around. There were not a lot of them. Only about fourteen shops. She was happy to recover a lot of the items from her space.

Paper Fan, magnificent bell, rusty sword, and many more. She did not expect to recover all of them here. Her hands were full with the bags containing these items.

When she was about to leave the street, someone called her. It was an old woman who had to set up her own stall. It was a fortune-telling stall.

"Yes...?" Yu Qi looked at the old woman.

"I never thought to see one of my people outside here." The old woman smiled.

"One of your people? What do you mean by that?" Yu Qi frowned.

The old woman let out a small laugh. "So alert. That is expected. Don't worry. I would not do anything to you. I was just surprised to see you outside. Not many from our world are outside here."

Yu Qi really did not understand what this old woman was mumbling about. "Since there is nothing else, I will leave first." Without waiting for the old woman's reply, she left the place.

"The art of returning time... The long-lost art... Never thought to see it here." The old woman mumbled again watching Yu Qi leaving the place.

After leaving the place, Yu Qi kept thinking about the old woman. She did not know why she felt that way. Once again, someone called her name.

"Tang Yu Qi!" It was a girl's voice for sure.

Yu Qi turned around and saw Gu Ning.

"It is really you." Gu Ning approached Yu Qi.

"If you are not sure, why did you call me out loud?" Yu Qi asked.

Gu Ning just grinned. "To test my voice, I guess. By the way, why didn't you call me when you came here? We could have met up."

"I am sorry. I had some work to do." Yu Qi said.

"Oh yeah... You are attended Song Su Jin's birthday party." Gu Ning stated the fact.

"Yes, she is my close friend." Yu Qi nodded.

"Well, do you have time tonight? I want to hang out with you." Gu Ning asked.

"Sure. I don't have any plans tonight." Yu Qi nodded.

....

Later, Yu Qi went to the location of the clubhouse she had received from Gu Ning. They had agreed to meet up there. Gu Fei Ye and Wei Su Zien also came with Gu Ning to have fun too, along with Wei Ding Ye.

Gu Ning did not tell them that Yu Qi was coming too. She only told them it was a small gathering.

Wei Su Zien was surprised to see Yu Qi when she entered the room.

"Tang Yu Qi?" Wei Su Zien gasped.

"Yu Qi, come in." Gu Ning invited Yu Qi to enter the room.

"It is really Tang Yu Qi?" Wei Ding Ye asked.

"Why do you react like Yu Qi is your idol?" Gu Ning asked back.

"Of course, she is my idol. She stands up against my grandmother." Wei Ding Ye said.

Everyone was dumbfounded by Wei Ding Ye's statement. 'What? Is Grandma Wei a witch or something?'

"Yu Qi is in the town. So, I invited her to hang out with us." Gu Ning said.

"I never contact you guys keep in touch." Wei Su Zien said.

"Well, I have her contact number, but I didn't call her. We bumped into each other on the street this evening. I asked her if she had time to hang out tonight and She said yes. So, here we are." Gu Ning explained.

They started to drink. They talked about everything. Wei Su Zien remembered he once had a crush on Yu Qi in the past. However, when he heard Yu Qi was Long Hui's fiancée, he backed off. He did not have the strength to fight with Long Hui. And Yu Qi seemed to be happy with Long Hui.

"I heard about what happened last time. That woman asked for HuiQi Jade Store. She asked my grandmother to come to you about it." Wei Ding Ye said.

Yu Qi knew who Wei Ding Ye mentioned. Wei Ding Ye did not attend the party on that day due to her assignment. She just heard from Wei Su Kee.

Gu Ning was surprised to hear that. She asked about it. "What? Someone wants Yu Qi to give HuiQi Jade Store to her? Who is that?"

"Chi Yuan." Wei Ding Ye revealed their identity.

"What? How dare she ask Yu Qi to give HuiQi Jade Store to her?" Gu Ning was shocked.

HuiQi Jade Store was currently a high-end brand. No one could estimate its current value right now. It is likely to grow and stand against other high end brands. And Chi Yuan just asked for it. It was ridiculous.

"Well, I don't know whether it was her intention or not. But my grandmother said, Yu Qi is jealous of Chi Yuan's talent, which is why Yu Qi opened HuiQi Jade Store. So, my grandmother wants Yu Qi to give that store to Chi Yuan to manage. And Chi Yuan just sat there without saying anything. Can you believe that?" Wei Ding Ye recalled what Wei Su Kee told her.

Chapter 1159: Tell Grandma Wei

"What? Is that true? Humph... She has the audacity to ask for something like that." Gu Ning made a cold chuckle.

"What does she think Yu Qi is made of?" Wei Ding Ye felt Chi Yuan was outrageous.

"Let's stop talking about her." Yu Qi said.

"Yeah... Let's stop it here. Yu Qi, Did Brother Hui not come with you?" Wei Ding Ye asked putting a stop to Chi Yuan's topic.

"He is on a mission." Yu Qi said.

If Long Hui did not have a mission right now, he would be here with Yu Qi.

"We don't meet with Brother Hui a lot because our grandmother likes to nag him about marrying Chi Yuan. That is the topic our grandmother likes to speak with Brother Hui whenever he comes to our house." Wei Ding Ye sighed.

"Since Brother Hui joined the military, Grandmother became more displeased with him." Wei Su Zien added.

"Grandmother dislikes anyone who is in the military." Wei Ding Ye agreed.

Since they were young, their grandmother often told them that they should not get involved in the military. That is why none of the younger generations of the Wei Family ever got involved with the military except for Long Hui.

"Why does your grandmother hate the military so much?" Gu Ning asked.

"We don't know." Wei Ding Ye shook her head.

"I asked Grandpa about that but he also has no idea." Wei Su Zien added.

"We have just been talking. Let's eat something." Gu Fei Ye interrupted.

"Yeah. Let's eat and drink." Gu Ning said.

It was their main purpose for tonight.

...

Meanwhile, Chi Yuan drove to Wei House. She wanted to meet with Grandma Wei. Coincidentally Grandma Wei also wanted to see her.

She parked her car and walked into the house. Grandma Wei was sitting in the living room while watching the television. She was alone.

Chi Yuan greeted Grandma Wei with a smile.

"Yuan-er, you are here." Grandma Wei welcomed Chi Yuan happily.

If someone, who did not know both of them saw this, they would think Chi Yuan and Grandma Wei were actual grandmother and granddaughter. Because they really acted like one.

Grandma Wei felt closer to Chi Yuan compared to her actual grandchildren.

"Grandma Wei, where is everyone?" Chi Yuan asked while looking around.

"Su Kee is busy studying. As for others, I don't know. They went out." Grandma Wei stated.

"Oh... I see." Chi Yuan nodded.

They continued chatting with each other. Suddenly it looked like Chi Yuan remembered something. She took out her phone.

"Grandma Wei, I get some piece of jade from stone gambling. Take a look. If you like them, I will craft a bracelet for you." Chi Yuan said.

"Really?" Grandma Wei was happy to hear that.

Chi Yuan gave her phone to Grandma Wei and they were looking at the jade together.

"I think this is good for you. The color is so beautiful." Chi Yuan showed a picture.

"You have a sweet mouth praising me like that." Grandma Wei smiled

They kept looking at the pictures of jades until a different picture showed on the screen. Grandma Wei was quick to notice the person in the picture.

Chi Yuan snatched the phone from Grandma Wei's hand. This act made Grandma Wei feel something was wrong.

"Yuan-er, give your phone to me." Grandma Wei wanted to double confirm what she had seen.

"It is not what you think." Chi Yuan behaved like she was the one who did something wrong.

"I want to see the picture, Yuan-er. Give it to me." Grandma Wei said.

Chi Yuan eventually gave the phone. Grandma Wei looked at the picture once again. It was indeed the person that she thought of before.

"It might not be like you think, Grandma Wei." Chi Yuan said.

Grandma Wei did not say anything. She kept looking at the pictures until the last picture showed the two people going to a hotel room.

"How dare she do something like this?" Grandma Wei was angry when she saw the last picture.

"They might be discussing something important. That is why they went into the hotel room. For privacy." Chi Yuan

"How did you get these pictures?" Grandma Wei asked Chi Yuan.

"Hmm... one of my friends happened to see her and the man. She went and captured the pictures of them together. After that, she sent those pictures. I didn't mean to save those pictures for you to see it." Chi Yuan tried to explain. She was about to cry. She was acting perfectly.

"I understand. Don't cry. It is not your fault. You should tell me about something like this. It is outrageous. How dare she act like this with another man while in a relationship with Hui? I was right about her. This kind of woman should not be married to Hui." Grandma Wei felt very angry at this moment.

"What happened, Grandma? Why do you look angry right now?" Wei Su Kee who just happened to be heading to the kitchen heard Grandma Wei shouting.

"Hui's fiancée is cheating on him." Grandma Wei said.

"What? It is impossible. They are in love." Wei Su Kee denied it.

She saw how both of them behaved with each other. Yu Qi couldn't do such a thing.

"Then, look at these pictures." Grandma Wei said, asking Chi Yuan to show the pictures to Wei Su Kee.

Chi Yuan showed the pictures to Wei Su Kee. All of them.

Chapter 1160: Show The Pictures To Grandpa Wei

Wei Su Kee was shocked to see these pictures.

"She is cheating on Hui." Chi Yuan said.

Wei Su Kee was silent when Chi Yuan said that. Not like she did not believe Chi Yuan but ...

"Su Kee, you don't believe me? Do you think I made these up?" Chi Yuan asked Wei Su Kee.

"No... But I don't think Sister Yu Qi would do something like that." Wei Su Kee frowned.

"So, what about these pictures?" Chi Yuan pointed to the pictures.

Wei Su Kee did not say anything else.

"I will talk to Hui next time to end the engagement." Grandma Wei said.

Wei Su Kee left the living room and went to the kitchen to drink something. Then she went back to her room.

Chi Yuan was still accompanying Grandma Wei. Grandma Wei still talked in anger about Yu Qi's matter.

Chi Yuan smiled when her scheme succeeded. She asked someone to act as Yu Qi and the man that she saw at the restaurant earlier.

With this kind of picture, Yu Qi's image has been destroyed. She felt that Long Hui would believe these pictures.

Wei Ding Ye and Wei Su Zien returned home around 11:30 p.m. They were a little drunk. They saw Chi Yuan with Grandma Wei.

"Why did you two return home so late?" Grandma Wei asked her grandchildren.

"We had dinner with a few friends." Wei Ding Ye said.

"It is already late." Grandma Wei said.

"Yeah... It is indeed already late. But it seems your guest does not know when to go home." Wei Ding Ye glanced at Chi Yuan.

"Grandma Wei, since it is already late, I will go home right now." Chi Yuan said to Grandma Wei.

"Hmmm... Be careful." Grandma Wei smiled.

Wei Ding Ye narrowed her eyes. After that, she left the living room and headed to her room without saying anything to Grandma Wei. Wei Su Zien also did the same.

When Grandma Wei turned around, she saw no one there. She was a little bit angry. She then went to her bedroom. Her husband, Grandpa Wei still had not slept yet. He was just reading a book.

Sensing someone there, Grandpa Wei looked up and saw his wife. He felt that his wife looked angry about something.

"Why do you look angry?" Grandpa Wei directly asked his wife.

"Jingzhe, can you arrange a meeting with Long Fei Ye?" Grandma Wei asked.

"Why do you want to meet him?" Grandpa Wei felt weird about Grandma Wei's request.

"I have something to discuss Hui." Grandma Wei said.

"About Hui? What is it?" Grandpa Wei asked again.

"Can you just do as I say?" Grandma Wei frowned.

"You need to understand. You want to arrange a meeting with Long Fei Ye. Who do you think you are to him? We need a valid reason to meet him. Otherwise, it will be impossible to meet him." Grandpa Wei said.

Even though Grandpa Long had been retired from the military, he was still being protected by the government. It was hard to meet him.

Grandma Wei snorted. "It is about Hui's fiancée. They need to break up the engagement."

"What? Why? I know you want Chi Yuan to be your granddaughter-in-law. But Hui does not love her. He loves Yu Qi." Grandpa Wei's turn to frown.

"That woman, she is cheating on Hui. That is why they need to break up."

"What?!!! Cheating?!!!" Grandpa Wei was shocked to hear the news.

"Yes." Grandma Wei nodded.

"You can't just say something like that. Do you have evidence?" Grandpa Wei asked for detail.

This matter was serious. They needed to investigate more about it.

"I have these pictures. Take a look at them." Grandma Wei gave her phone to Grandpa Wei.

Grandma Wei had asked Chi Yuan to send the pictures to her. Grandpa Wei looked at the pictures. He frowned when he saw the pictures. The first picture meant nothing. Yu Qi and the man just ate together. However, the next pictures showed different meanings.

"Where did you get these pictures?" Grandpa Wei asked.

"From Yuan-er. She told me that her friend sent these pictures to her since her friend knows that Yuan-er loves Hui so much." Grandma Wei said.

Grandpa Wei was silent for a moment. To be honest, he doubted these pictures since these pictures came from Chi Yuan. Chi Yuan loves Long Hui. So, she wants Long Hui. It was better for her if Yu Qi and Long Hui broke up. What if Chi Yuan framed Yu Qi?

"Hey, Jingzhe. Why are you being silent like this?" Grandma Wei asked?

"We need to investigate this first. You don't need to do anything. Let me handle this." Grandpa Wei said.

Arranging the meeting with Long Fei Ye without a proper investigation done on these pictures would be a stupid action. He would ask his first son to investigate this properly.

"What? These pictures are the proof. That woman cheated on our grandson. What if she gets pregnant with that man's child, our grandson would take care of another man's child. I don't want that. It is better if they break up first." Grandma Wei said.

"We don't know whether these pictures are true or not." Grandpa Wei sighed.

"What? Do you think Yuan-er would be lying to me?" Grandma Wei shouted.

"Calm down, will you? Don't shout like that in the middle of the night." Grandpa Wei said in anger.

Grandma Wei went silent.

"Just let me handle this. You stay out of this matter, understand?" Grandpa Wei firmly reminded Grandma Wei.

"Okay." Grandma Wei nodded. However, no one knew what was in her heart.
