### Chapter 1161: Should I Kill Her Or Cripple Her?

The next morning, the Wei family was eating breakfast. Only Wei Su Kee and her grandparents were eating. Others still did not appear. They were probably still sleeping.

Wei Su Kee finished eating and was about to leave for her class, when, she saw Wei Ding Ye who had just come downstairs

Wei Ding Ye looked at her watch. She felt that she was already late. There was no time for breakfast. She went and grabbed a sandwich.

"Can you sit down first and eat?" Grandma Wei reminded Wei Ding Ye.

"Yeah." Grandpa Wei already agreed.

It was considered bad manners to eat like that. Grandpa Wei and Grandma Wei were pretty strict with these kinds of things.

"No. I am already late." Wei Ding Ye shook her head.

"You should have gotten up early if you don't want to be late. Learn from Su Kee." Grandma Wei dragged Wei Su Kee's name into the topic.

"Yeah... Yeah... I will learn from her." Wei Ding Ye did not want to hear Grandma Wei's nagging. So, she escaped as fast as she could.

Wei Su Kee caught up with Wei Ding Ye. "Sister Ding Ye." She called Wei Ding Ye.

Hearing her name being called by Wei Su Kee, she turned around. "Yes?"

"Hmm... Do you have Sister Yu Qi's phone number?" Wei Su Kee asked carefully.

"Why do you want it? What do you want to do with her number?" Wei Ding Ye put up her guard. She knew that Wei Su Kee did not like Yu Qi and mostly sided with Chi Yuan.

"I need to warn her about something." Wei Su Kee said.

"About what?" Wei Ding Ye asked again.

"Well... It is a long story." Wei Su Kee did not know where to begin.

"Anyway, I need to go to my class first. We will talk through Whatsapp. Bye." Wei Ding Ye rushed out.

Wei Su Kee blinked several times after Wei Ding Ye disappeared from her sight. Wei Su Kee also went to her class. As Wei Ding Ye told her just now, she sent a few messages to her about what she knew yesterday.

When Wei Ding Ye finished the class, she saw the message from Wei Su Kee. She was going to eat with her friends. While walking, she read through Wei Su Kee's messages.

When she read them, she immediately became furious.

"How dare she..." Wei Ding Ye stomped the road as she walked.

"Ding Ye, what is going on?" Her friends asked out of concern.

"Someone wants to play with fire." Wei Ding Ye smiled coldly.

Wei Ding Ye did not want to explain. After all, it was private and it was their family problem. Her friends did not continue to pry on the topic anymore since Wei Ding Ye seemed not to want to talk about that.

"Guys, you can go and eat without me. I have to do something else on." Wei Ding Ye said to her friends.

"Sure." Her friends nodded.

Wei Ding Ye called Wei Su Kee to ask about her whereabouts. She wanted to meet with Wei Su Kee to talk about this matter.

Coincidentally Wei Su Kee just finished her class when she heard the ringing. They talked on the phone. They agreed to meet at the cafe.

"Is it true?" Wei Ding Ye started to ask that question as soon as she saw Wei Su Kee.

"Yeah. I saw the pictures." Wei Su Kee nodded.

"It is impossible. She would not do something like that." Wei Ding Ye said.

"Yeah. I told Grandma the same but she seems to believe Chi Yuan more." Wei Su Kee sighed.

"Why did you distance yourself from Chi Yuan?" Wei Ding Ye asked.

"Like I told you before. I feel Chi Yuan became unreasonable. When Grandma Wei asked Yu Qi to give the HuiQi Jade Store to Chi Yuan, she seemed to be delighted. After that, she began to badmouth Yu Qi whenever we spoke. I felt awful. Since then, I distanced myself from her." Wei Su Kee explained.

After that, she began to read more about Yu Qi. When she found out that Yu Qi had been writing a lot of articles for medical journals, she began to respect Yu Qi.

"I see... Well, as for the pictures, do you have copies of them?" Wei Ding Ye asked.

"No. I don't. She just showed the pictures from her phone. She told Grandma that her friend gave the pictures to her." Wei Su Kee shook her head.

"Then, do you know the man in the picture?" Wei Ding Ye asked more.

"I am sorry, but I don't." Wei Su Kee sighed.

"It's okay, then. I will tell Sister Yu Qi about this. She needs to be aware that Chi Yuan wants to scheme against her. She needs to prepare." Wei Ding Ye said.

.....

Yu Qi got the message from Wei Ding Ye. Her eyes flashed with a cold glint. That woman still wanted to scheme against her.

'Should I kill her or cripple her?'

"Little Sis, what are you thinking about? Your smile is so scary." Tang Jin Wei asked.

He came to the cafe and saw Yu Qi eating alone at the cafe. So, he wanted to join her. That was when he saw Yu Qi's terrifying smile.

"Brother Jin Wei, what if someone wants to play a trick on you, what will you do?" Yu Qi inquired.

"Hmm... I will teach them some lesson." Tang Jin Wei put his food on the table and sat opposite Yu Qi.

Chapter 1162: Don't Let Me Down...

"Right? We need to teach them some lessons. But what if they like to play tricks with you every single time. What will you do?" Yu Qi raised the question again.

"Hmmm... Since they want to play every single time, then you should play and defeat them in their game." Tang Jin Wei smiled.

"I see... Thank you, Brother Jin Wei." Yu Qi started eating again.

"By the way, I heard about your research. It is going into the final stage, right?" Tang Jin Wei asked.

Whenever his sister did not have a patient, she would be doing research on medicine with another doctor. It was a new type of medicine that could be used in major surgeries such as brain tumour surgeries.

"Hmm... The medicine has to be tested on humans first. Right now, we are just using animals." Yu Qi explained. "It should be no problem since its ingredients are the herbs."

"Grandpa will be happy to hear the news when the medicine is used in the surgery." Tang Jin Wei said.

"Hmm... By the way, where is your girlfriend?" Yu Qi changed the topic.

Usually, Tang Jin Wei would eat lunch with his girlfriend, Su Ke Ke.

"She has work to do today." Tang Jin Wei sighed.

"Since it is the job, there is nothing you can do about it. Oh, she is coming." Yu Qi pointed behind Tang Jin Wei.

Tang Jin Wei who wanted to spend time with her girlfriend so badly, quickly turned around. "Where?"

"Just kidding." Yu Qi grinned.

"You!!!" Tang Jin Wei showed his punch to Yu Qi.

"She is coming." Yu Qi said.

"Humph! I am not stupid to fall for your tricks twice." Tang Jin Wei ignored Yu Qi and kept eating.

"Are you done? I just finished my job."

Tang Jin Wei quickly turned around. This time, it was indeed Su Ke Ke behind him.

"Why are you looking at me like that?" Su Ke Ke was surprised to see Tang Jin Wei's reaction.

"My brother misses you so much. So, I messed with him earlier by telling a lie that you were behind him. He turned around and saw nothing. Then when I told him the truth, he could not believe me. That is why he looked so surprised to see you behind him." Yu Qi chuckled.

"Shut up!" Tang Jin Wei felt very embarrassed being played by his sister like that.

"Well, enjoy your time together. I will go first. I don't want to be the third wheel. Bye." Yu Qi said and left the birds' love.

Yu Qi thought about the message that she got from Wei Ding Ye. Chi Yuan said that she had pictures of her cheating on Long Hui with another man. She was curious as to when Chi Yuan got her pictures.

When Yu Qi thought about that, there was only one moment when she was alone with another man. It was when she was eating lunch with Li Yan. 'Is that when she captures the picture? But it is just having some lunch together. It did not prove anything. Hmm... Let's just wait and see.'

Since Chi Yuan already told Grandma Wei, Yu Qi assumed that Chi Yuan was planning to use Grandma Wei to attack Yu Qi with these pictures. When the time arrived, she also would see these pictures by herself. She wanted to see how these pictures could prove that she was cheating on Long Hui.

'Don't let me down, Chi Yuan.'

.....

"Did you find out the identity of the man in the picture?" Grandpa Wei asked his first son.

Grandpa Wei asked his first son to investigate the identity of the man who happened to be together with Yu Qi in the picture. He did not have any bias toward Yu Qi but he would not accept something like this. If it was true that she was cheating on Long Hui, he would make Long Hui break up with her.

"Yes, Father. I found out who he is." Wei Zichen nodded.

Wei Zichen took out the file that contained the information about the man's identity and put it on the table in front of Grandpa Wei. Grandpa Wei took and read the information. Li Yan's information was inside.

"Li Yan, a project engineer for civil engineering. 27 years old. Came from Guangxin City." Grandpa Wei summarised.

"I already ask the restaurant. They did indeed have lunch together at that restaurant on that day." Wei Zichen mentioned the other information that he got.

"How about the picture where they went to the hotel room together?" Grandpa Wei asked.

It was the evidence that clearly showed Yu Qi cheated on Long Hui.

"I investigated that the hotel is most likely to be the hotel room in the picture. It is a cheap hotel. When we asked the employees over there, they did remember the couple coming around 3 p.m and left the hotel at 8 p.m. They could not confirm the couple since they were wearing the sunglass and masks. But they were confirmed that the clothes are the same." Wei Zichen told everything that he found out.

"So, it is not clear yet whether she is cheating or not." Grandpa Wei sighed. "Why did she come here anyway?"

"She bought land and plans to develop the land. I think that is why she is meeting with Li Yan." Wei Zichen said.

"What is your opinion regarding this matter?"

#### **Chapter 1163: Wei Ding Yue Argues With Grandma Wei**

"Dad, to be honest, I don't think that girl is cheating on Long Hui. She had indeed eaten lunch together with Li Yan but nothing more. As for the other pictures, I think someone wants to frame her." Wei Zichen gave his honest opinion.

"Why do you think so?" Grandpa Wei asked.

"She is not stupid. If she does something like this, her good reputation would be ruined. Even though she is a doctor, she is also a businesswoman. Someone probably wants to ruin her reputation." Wei Zichen said.

"So, are you saying it is her business enemy who did this?" Grandpa Wei asked again.

Wei Zichen suddenly smiled. "It is not necessarily them."

Grandpa Wei was silent. He knew who Wei Zichen was pointing at. After a few moments, he suddenly said. "Investigate further into this matter."

"Yes, Dad." Wei Zichen nodded.

"I will handle your mother and Chi Yuan to make sure that she does not spread these pictures to others." Grandpa Wei said.

....

However, Grandma Wei already told her friends about this.

"What? Your grandson should break up with this woman."

"Yeah. Otherwise, your grandson might end up raising another man's child."

"She must be lonely because your grandson is often not by her side."

Her friends gave their opinion on the matter.

"I also want him to break up with her and marry someone else. But he would not listen to my words. He is always like his mother who does not like to listen to my advice. But right now, he has to believe it." Grandma Wei sighed.

"I know. You must want Chi Yuan to be with him, right?"

"Of course. I have known Yuan-er since she was a child. She is kind and beautiful. Always likes to accompany me and talk to me." Grandma Wei praised Chi Yuan like she was one of her grandchildren.

Wei Ding Ye just returned from her university and saw her grandmother and her friends who sat in the living room. Wei Ding Ye disliked meeting with her grandmother's friends because they are often giving their opinions without thinking about other people's thoughts.

However, to go to her room, she needed to cross the living room first. There was no way that her grandmother's friends would not see her and call her. Without wasting time, she hurriedly crossed the living room.

"Oh, this is your granddaughter, right? Hmmm... It is Ding Ye, right?" One of her grandmother's friends saw her and called her name right away.

Not wanting to be seen as an arrogant person, Wei Ding Ye turned around and bowed to them. "Hello, grandmas."

"You are already so grown up and have become beautiful."

"You have good genetics, Zhu Mei."

"Yeah. I agree with that."

Grandma Wei smiled as they praised her granddaughter. Who did not like being praised like that?

"So, do you have a boyfriend, Ding Ye?"

"Hmmm... no." Wei Ding Ye answered.

"What? You don't have a boyfriend?"

"You should start looking for one from now on, otherwise, it would be hard to get married."

"When we were your age, we already had children."

Wei Ding Ye was still smiling. 'We are in a different era.' She said in her mind.

"However, if you have a boyfriend, please be loyal to your boyfriend. Don't cheat on him."

"Yeah, don't be like the woman of your cousin."

Wei Ding Ye frowned when she heard this. "What are you talking about?"

"That 'Tang Yu Qi'. She cheated on her fiancée. What a horrible woman."

Wei Ding Ye was shocked when she heard this and her eyes opened widely. "Who said she cheated on her fiancée?" She spoke in an angry tone...

"Huh? It was your grandma who told us that."

"Grandma, what are you telling your friends?" Wei Ding Ye turned to Grandma Wei.

"What are you getting angry about? It is the truth though." Grandma Wei said.

"Grandma!!!" Wei Ding Ye shouted at Grandma Wei.

Everyone was shocked to hear her shout. Grandma Wei felt angry when she saw her granddaughter dare to shout at her in front of others.

"Why are you shouting at me like that? Don't you dare be rude to me?" Grandma Wei gave a warning to Wei Ding Ye.

"Grandma, you should not spread rumors about Sister Yu Qi like that. She is not cheating on Brother Long." Wei Ding Ye said.

"What do you know about it?" Grandma Wei glared at Wei Ding Ye.

"Grandma, I know you want Chi Yuan to be your granddaughter-in-law but you can not spread rumors like this." Wei Ding Ye said again.

"It is the truth. She is indeed cheating on Hui." Grandma Wei responded.

They did not care about people around anymore. Grandma Wei's friends felt awkward as they were caught in the middle of the argument. They wanted to smooth everything between both grandmother and granddaughter

"Ding Ye... You should not argue with your grandmother like that. You are not even close to the woman."

"Not close to that woman? We are friends with each other. How can I just sit around when I hear someone spreading fake rumors about my friend? And Grandma, how do you know the pictures that you have seen before are legit or not? That Chi Yuan probably photoshopped the picture, so, she could frame Yu Qi. Humph! What a bitch!" Wei Ding Ye let everything out.

"Wei Ding Ye!!! How dare you say something like that about Chi Yuan!!!!" Grandma Wei shouted. She was very angry to hear something like that about Chi Yuan.

#### **Chapter 1164: Leave The House**

Gu Muxue, Wei Ding Ye's mother rushed over when she heard her mother-in-law shouting so loudly.

"What happened, mother?" Gu Muxue asked.

"Ask your daughter!" Grandma Wei pointed at Wei Ding Ye.

Gu Muxue turned to Wei Ding Ye. Wei Ding Ye did not want to speak anymore. She was about to leave the living room.

"Stop right there. Take back what you just said." Grandma Wei ordered.

"I don't want to." Wei Ding Ye turned back.

"If you don't want to take back what you just said, leave my house." Grandma Wei shouted again.

Mother!!!" Gu Muxue was shocked to hear that.

Everyone else was also surprised.

"Sure. I will pack my stuff. You can ask your beloved bitch Chi Yuan to live with you, then." Wei Ding Ye snorted.

After saying that, she went upstairs. She was serious about leaving this house. Gu Muxue went to follow her daughter. When she arrived in her daughter's room, she saw her daughter packing up her things.

"Ding Ye, what are you doing?" Gu Muxue asked.

"Mum, you heard what Grandma said just now, she asked me to leave this house." Wei Ding Ye said.

"What she said was only in the hit of the moment. She will forget about it soon." Gu Muxue wanted her daughter to calm down.

"Mum, I have had enough of Grandma. She doesn't like me. She often compares me with that bitch Chi Yuan. But I don't care much about that. But I can't accept the fact she is telling everyone that Sister Yu Qi is cheating on Brother Long. She knows that it would ruin Sister Yu Qi's reputation but she does not care about that. In fact, she would be happy. I don't understand her." Wei Ding Ye revealed everything in her heart.

Gu Muxue sighed. She also knew that her mother-in-law would often compare her daughter with Chi Yuan. It would probably be best for them to live separately from her mother-in-law.

"Okay, my dear. I will allow you to move out of this house. But you have to live in the house I chose." Gu Muxue said.

"Sure. Wherever is better than this place." Wei Ding Ye nodded.

....

Yu Qi returned to Long Hui's house since Long Hui would be returning tonight. She got another message from Wei Ding Ye telling her that her grandmother already knows about the pictures. Grandma Wei even told her friends that Yu Qi was a cheater. Wei Ding Ye also got into a fight with Grandma Wei because of that matter.

It seemed Chi Yuan wanted to ruin her reputation little by little. She became curious about the pictures in Chi Yuan's hand. After cleaning up and eating dinner, she opened her laptop.

Yu Qi sent a message to Wei Ding Ye asking her if she had Chi Yuan's contact information. Wei Ding Ye immediately replied that she did not have it but she could get it from Wei Su Kee and asked Yu Qi to wait for a moment.

About 10 minutes later, Wei Ding Ye replied back with Chi Yuan's contact information. Yu Qi thanked Wei Ding Ye. Wei Ding Ye asked what Yu Qi wanted to do with the contact information, asking whether Yu Qi would want to confront Chi Yuan about the matter.

Yu Qi replied by answering she would not do such a thing. Chi Yuan would not admit that she wanted to ruin Yu Qi's reputation. It would be a waste of time asking something like that.

Yu Qi told Wei Ding Ye that she would know about it later. Then Yu Qi hacked into Chi Yuan's phone using the contact information given by Wei Ding Ye. As a normal citizen, Chi Yuan's phone security had pretty normal protection.

It was not too hard to hack into Chi Yuan's phone. Yu Qi had access to Chi Yuan's phone in less than 5 minutes. She immediately went through Chi Yuan's phone.

The pictures of her having an affair with another man were right inside Chi Yuan's gallery. Yu Qi narrowed her eyes as she looked at the pictures. Her eyes flashed a cold glint.

She remembered only two of the pictures. It was when she went to eat lunch with Li Yan. And it was not like they were eating in a private room. They were eating in the hall where everyone could see each other faces.

As for the pictures that showed a woman like her going inside a hotel room... The clothes, and the bag, really copied Yu Qi's style on that day. Well, the style was easy to copy since Yu Qi just wore a plain t-shirt, a pair of jeans, and short shoes. And even the height of that woman was pretty similar to Yu Qi"

"You have really prepared a lot. It must have been hard work to find someone similar to me." Yu Qi chuckled.

Yu Qi began to dig more about this matter. As for the hotel, like Wei Family's investigation, she did not find much about that, other than a CCTV camera at the receptionist's counter.

The hotel did not use a system on the computer to record the guests. They just manually wrote the name's guest in the book's guest. So, Yu Qi suspected that the man used a fake identity to check into the hotel.

Yu Qi checked the CCTV footage and looked at the time and date where the man and woman checked in and checked out. Seeing this, she smiled.

#### **Chapter 1165: Snuggled Into His Arm**

Long Hui turned on his phone. Once he turned on his phone, there were a lot of notifications on his phone. He began to check the important ones until he stumbled upon an unknown number.

His instincts told him to open the message from that unknown number. The message contained the pictures of his beloved Qi Qi eating lunch together with some guy and at the end, they went into the hotel room. As he looked at the pictures, his murderous aura leaked out.

Ren Qian Yi entered the room and felt it. The aura was heavy and bloody. He wondered what made Long Hui leak the bloody murderous aura like that.

"Hmm... Colonel Long, why do you look like this? The mission is over." Ren Qian Yi asked in a joking tone.

Without saying anything, Long Hui showed the pictures that made his blood boil. Once Ren Qian Yi saw the pictures, he immediately refused to believe them.

"Second Brother, don't believe these pictures. Second sister-in-law would never do such things." Ren Qian Yi defended Yu Qi.

Even though he did not spend much time with Yu Qi, he believed her. He knew that she would never betray Long Hui like this.

"Someone probably wants to destroy your relationship. Please believe in Second Sister-in-law." Ren Qian Yi said again when he saw Long Hui ignored him the first time.

"Of course, I believe her." Long Hui said.

"Then, why do you look like you want to kill someone?" Ren Qian Yi asked.

"Of course, I want to kill someone. Someone who wants to frame my beloved Qi Qi." Long Hui narrowed his eyes.

"Hmm... You should let the third Brother investigate this. He has been free lately." Ren Qian Yi said, pushing the work to Liang Mo Han's hand. "You should go home and see Second Sister-in-law."

"I know." Long Hui had already planned on doing so from the start. He wanted to see Yu Qi as soon as possible.

Liang Mo Han who currently drinking with his client felt goosebumps around his body. His client noticed him being like this, and he immediately asked.

"What's wrong with you?"

Liang Mo Han shook his head several times. "Nothing... Nothing..." He smiled and continued his meeting.

Long Hui wrote his report after sending a message to Yu Qi telling her he would be returning home tonight. The report needed to be sent to his superior as soon as possible before he could enjoy his two weeks vacation of not going on an outside mission. He just needed to report once every three days at the military camp.

After completing everything, Long Hui rushed home. He arrived home at midnight. He opened the door with his key and entered the house. He thought Yu Qi would be sleeping or staying in her space at this time.

However, he did not expect to see Yu Qi on the bed sleeping soundlessly. Long Hui slowly went to another bathroom to clean up before returning to the bedroom and snuck into Yu Qi's side.

Yu Qi felt someone hugging her back, she was surprised and was about to strike the person. When her nose picked up the fragrance that she had missed for so long, she stopped and turned around to see the culprit.

"Sorry, I woke you up." Long Hui kissed Yu Qi's forehead.

"Hmmm... no..." Yu Qi snuggled into Long Hui's arm until her face touched Long Hui's face. "I... miss you..." She said while her eyes were still closed. She snuggled more into Long Hui's arms.

Long Hui smiled when saw Yu Qi behaving like a little cat who wanted his attention. She was indeed cute. He tightened his hug around Yu Qi's body.

"Hmm... I miss you too... Sleep. We will talk again tomorrow." Long Hui once again kissed Yu Qi's forehead.

Yu Qi went to sleep again. Feeling satisfied when his beloved Qi Qi slept, Long Hui quickly fell asleep too.

The next morning, Yu Qi woke up when facing a broad chest in front of her eyes. Then, she remembered that Long Hui had returned after she went to sleep. She lifted her face to see Long Hui's face.

Sensing someone moving in his arms, Long Hui slowly opened his eyes. His beloved Qi Qi was looking at him. He immediately gave a quick good morning kiss to her.

"What are you doing?" Yu Qi asked.

"Giving you a good morning kiss." Long Hui narrowed his eyes.

He felt the urge to make love with his beloved Qi Qi right now, but he held back.

"Hmm... Good morning. It is good to be able to sleep beside you. Your smell makes me feel good." Yu Qi smiled.

"Just my smell?" Long Hui lifted his eyebrow.

"Of course not!!! Everything about you makes me feel good." Yu Qi changed her sentence.

Long Hui coughed several times. He stood up. "Let's freshen up and start our day." Then, he went to the bathroom.

Yu Qi smiled as she looked at his figure. She knew that Long Hui wanted to escape before his instincts took over and made love with her.

Long Hui knew that Yu Qi would be going to work today. If he pushed Yu Qi right now, she would feel uncomfortable while working. He did not want that to happen.

Yu Qi also went to the bathroom after Long Hui finished his shower and came out.

#### **Chapter 1166: The Photos Made Their Ways To The Internet**

Long Hui sent Yu Qi to work after they had breakfast together. He dropped off Yu Qi right at the entrance. A lot of people were looking at Yu Qi and Long Hui at the moment. Yu Qi exited the car and Long Hui also came out.

"Are you working the night shift tonight?" Long Hui asked.

"Nope." Yu Qi shook her head.

"Then, I will fetch you later." Long Hui said.

"Hmmm...." Yu Qi responded.

Long Hui stepped closer to Yu Qi and kissed her forehead. "Happy working."

Yu Qi nodded and smiled. When Yu Qi disappeared from his sight, he left. As for Yu Qi, she was surrounded by her colleagues, especially the females.

"Doctor Yu Qi, your fiancée is so romantic."

"I felt like I was watching a romance drama."

"Hahaha... Me too."

"When he kissed your forehead... It really looks like it came out of a drama."

"Did he just return from work?" Nurse Shin Tu was also here.

Everyone knew that Long Hui was in the military.

"Yeah. Yesterday." Yu Qi said.

"You must be happy." Nurse Shin Tu teased.

Yu Qi coughed several times before she said. "I will go first. I have some experiments to conduct."

After sending his beloved Qi Qi to work, Long Hui returned home. He planned to have an online meeting with Liang Mo Han regarding Yu Qi's rumor. He sat in the office room. It was Yu Qi's suggestion to have their office room inside the house. It would make things easier if they had one inside the house.

He called Liang Mo Han. At the first ringing, the call had been answered. Liang Mo Han sat straight on the chair.

"Second brother. You are back." Liang Mo Han grinned as he smiled at Long Hui.

"Hmm..." Long Hui said.

Liang Mo Han was smiling but in his mind, he was crying. 'No wonder, yesterday, I got goosebumps out of nowhere.'

"So, I will begin my report." Liang Mo Han was about to open the file but Long Hui stopped him.

"No need for that. I have another thing for you to do. More important than that." Long Hui said.

Liang Mo Han looked puzzled when he heard Long Hui. Long Hui immediately told Liang Mo Han about what happened to Yu Qi.

"What?" Liang Mo Han was surprised to hear that.

"I have sent the pictures to you." Long Hui said.

Liang Mo Han immediately checked his phone. Like Long Hui said, except for the two pictures that showed the full face of Yu Qi, the others did not show Yu Qi's face at all. Some of them only showed the back of a woman.

"Investigate this matter. I want to know ASAP." Long Hui said.

"Okay." Liang Mo Han nodded.

Long Hui ended the call. The incident happened in Capital City. It was easy for Liang Mo Han to investigate the matter since he was also there.

...

Since Grandma Wei told her friends about Yu Qi's matter, many people knew about this since not everyone could keep their mouths shut. Yu Qi became a little famous recently due to Song Su Jin.

Her matter was spread to the internet. No one knew who posted it but it blew up the internet. A lot of people criticized Yu Qi.

"She already has a handsome fiancée but still goes after another man. Disgusting."

"Has a beautiful face but..."

"Girl, if you don't want your fiancée... you can give him to me."

"Tropical beautiful girl."

"Cheater."

"Why did she have to cheat on such a good man?"

"She must be a slut since she can not hold herself after the man when her fiancée is away."

Chi Yuan looked at the comment, smiling alone. Yu Qi's reputation indeed was ruined right now. She wanted to know what would Yu Qi do right now. She really wanted to be with Long Hui. So, she would do anything to be with him. She would make Long Hui see that there was no one in this world suitable for him except for her.

Wei Ding Ye also exploded when she saw the comments that told awful things about Yu Qi. She was at the cafe when she saw those comments.

"Fuck! Those people only know how to run their mouth without knowing anything?" Wei Ding Ye snapped.

"Why are you so angry?" Her friend asked Wei Ding Ye.

"Someone wants to ruin my friend's reputation." Wei Ding Ye showed her the comment.

"Wow... Calling someone a slut on the internet is a little bit harsh." Her friend said.

"The person who made this news wants this girl to feel shame." Her friend added.

"It must be her." Wei Ding Ye narrowed her eyes.

"So, you know who is behind this?" Her friend asked curiously.

Wei Ding Ye gritted her teeth.

It was not only Wei Ding Ye who was angry about this. Feng Yue also read the news. This was her best friend. She immediately called Yu Qi.

She could feel that Yu Qi was very calm when she heard her voice. At first, she thought that Yu Qi did not know about this news. However, when she told Yu Qi about the news, Yu Qi told her that she already knew about it.

Yu Qi also asked Feng Yue not to worry about it. Since Yu Qi said so, it meant that she already planned a counterattack. Feng Yue was relieved after knowing this. Otherwise, she did not know what she would do.

### **Chapter 1167: Many Believe On Her**

Some people from Tang Private Hospital had also read the news. But they did not believe it.

"This post can not be trusted."

"Yeah. This morning, we saw Long Hui send the princess doctor to work. He sent her right to the entrance and even kissed her."

"He probably does not know yet."

"I guess the commenter above must be a part of this post."

"Why do you guys like to ruin other people's relationships?"

"Here is the picture of him sending her to work."

The commentator uploaded the picture of Long Hui kissing Yu Qi's forehead. It was very sweet pictures. The way Long Hui kissed her and the way she was shy when people kept looking at them. There was no way Yu Qi was cheating on him.

"These pictures were taken this morning."

The people from Tang Private Hospital who saw the news discussed this but they did not see Yu Qi anywhere.

"I WILL SUE WHOEVER SPREAD THIS RUMOUR ABOUT MY SISTER!"

Tang Jin Wei also read the news when a nurse showed it to him. No wonder when he joined his little sister for lunch, she said some people wanted to play with her. It was about this news.

He wondered what his little sister wanted to do with these people. She already knew that those people would spread this rumor.

Since he had no appointment, for now, he went to his little sister's room but it was empty. He saw a table of schedules hanging on the door. It was his little sister's schedule.

It indicated her location. So, if she was not in the room, people who were looking for her would know where to find her.

It showed that she was in the research room. She must be experimenting with something. Tang Jin Wei respected Yu Qi's mentality. Normal people would be worried about what to do if they were confronted with something like this, But his little sister was still in the mood to do some experiments.

He was about to leave when he saw Tang Han Lee walking toward him. He knew that Tang Han Lee must have wanted to see Yu Qi too.

"She is not inside?" Tang Han Lee asked.

"Nope. She is most likely in the research room." Tang Jin Wei said.

"I see." Tang Han Lee nodded.

"I think she already knew about the news when we were having lunch together yesterday." Tang Jin Wei informed his brother.

"What did she think about the matter?" Tang Han Lee asked again.

"She did not tell me much about it. She just told me that someone wanted to play with her but with a cruel smile." Tang Jin Wei told his conversation with Yu Qi.

"So, she must already know by then about the news." Tang Han Lee nodded several times. "If that is so, she must already have planned everything. We need to wait for her to discuss what she wants to do next."

"Yeah." Tang Jin Wei also came to the same conclusion.

"Since a lot of people already know of the post, our family must know it too. Explain to them that we need to wait for Yu Qi. Don't do anything first." Tang Han Lee said.

"Okay." Tang Jin Wei nodded.

As Tang Han Lee predicted, Ming Yue called them to ask about the issue. She went to History Spa to meet up with her friends. Then, her friends brought her up to speed on the matter.

Ming Yue was very furious when she heard it. She denied everything that was written on the internet. She felt Yu Qi must be stressed about it too. She tried to call Yu Qi but no one answered. So, she tried to call her son. Fortunately, Tang Jin Wei answered her call.

"Don't worry about it, mom."

"Little Sis is okay."

"She is doing some experiments."

"She was already aware of the news."

"Yes... Yes... Just wait for her. She has probably planned everything."

Tang Jin Wei told her everything about what he and Tang Han Lee had discussed earlier. Ming Yue was relieved that Yu Qi was feeling okay.

Ming Yue rushed to return home and told Su Xiao about the matter. Su Xiao reacted the same as her.

"I don't think Father knows about this." Su Xiao said.

"Yeah. He usually does not go online." Ming Yue said.

"Should we tell him?" Su Xiao asked.

"Hmm... Not yet." Ming Yue said.

Grandpa Tang did not care much about the Internet. So, he did not know about the news regarding Yu Qi. If he knew, no one knows what he would do. He already regarded Yu Qi as his granddaughter. Any negative news about Yu Qi would make him furious.

Yu Qi was successful in making the new medicine that would be used in surgery. With this new medicine, the after-surgery treatment would be shortened. This new medicine stimulated the cells to regenerate faster and heal injuries at a faster rate.

"After this, we will apply for the patent." Doctor Pei Ruiying said.

He was also involved in these new medicine experiments.

"Yeah." Yu Qi nodded.

She looked at her watch. 15 minutes before 5 p.m. Luckily that she had finished earlier. Otherwise, Long Hui would wait for her.

"I will go first." Yu Qi said.

"Okay." Pei Ruiying nodded.

When Yu Qi was going to her room, the nurses and doctors who walked past her, said something like...

"Doctor Yu Qi, we believe you."

"Doctor Yu Qi, stay strong."

"Doctor Yu Qi, we know you don't do such a thing."

"Doctor Yu Qi, don't lose to that rumor."

"You and Colonel Long make the best couple."

#### **Chapter 1168: Blocked By The Reporters**

Yu Qi finally understood what these nurses and doctors said to her. They probably had read about the news. Yu Qi smiled and nodded to them.

Tang Han Lee and Tang Jin Wei saw Yu Qi.

"Little Sis, are you okay?" Tang Jin Wei said.

"Yeah. Don't worry about it." Yu Qi smiled.

"Do you know who is behind the news?" Tang Han Lee asked.

"I have a hunch. But I'm still in the process of gathering evidence. I will strike when everything is ready." Yu Qi told her plan.

"Oh, okay... I am looking forward to it." Tang Jin Wei said. "Are you going home right now?"

"Hmm... I will go home with Brother Hui." Yu Qi grinned.

"Okay... Okay... Just be careful on your way home." Tang Jin Wei felt annoyed when seeing Yu Qi grin like that.

"Send my regards to Long Hui." Tang Han Lee said.

"Okay. I will go first." Yu Qi nodded.

Yu Qi walked to the entrance. People still greeted her and said supportive words to her. She was happy to have people who believed in her.

She did not realize that some reporters were waiting for her. They wanted to ask Yu Qi about her thoughts regarding the news.

When they saw Yu Qi, they immediately rushed to Yu Qi. Seeing people rushing toward her, Yu Qi stepped back to avoid collision with them.

"Is it true that you cheated with someone else, Miss Tang?"

"Why are you not satisfied with Colonel Long?"

"Who is your cheating partner?"

"Will you break up with Colonel Long?"

"What is your Family's thought regarding this matter?"

"Miss Tang, please say something."

Yu Qi narrowed her eyes as she looked at the reporters. The reporters suddenly felt the cold.

"Let us pass through." A loud voice could be heard from behind.

The reporters turned around and saw Long Hui with a cold expression on his face. His face showed that he was about to kill anyone who was in his way.

Everyone immediately gave a path to Long Hui. Long Hui walked to Yu Qi.

"Are you okay?" Long Hui asked Yu Qi.

"Hmm..." Yu Qi nodded.

"Let's go." Long Hui reached out Yu Qi's hand.

They were about to walk but suddenly there was a reporter who asked a question.

"Colonel Long, your fiancée was caught cheating with another man. Why do you not believe? Is it because of her beauty?" The reporter asked.

Both Yu Qi and Long Hui stopped and looked at the reporter. Both of them wore the same cold expression on their faces. They looked at the reporters as if they were looking at a dead man.

The reporter who felt brave just now shivered. He did not dare to look at the couple anymore.

"I will remember you." Yu Qi suddenly said.

The reporter could not stand anymore and fell to the ground. He regretted asking the question. He hated when a woman cheated on her partner. That was why he braved himself to ask that question but he did not know that both of them were so scary. Seeing this scene, other reporters wisely kept their mouths shut.

Seeing that no one spoke anymore, they walked away. Long Hui parked the car nearby. They went to the car and entered the car.

Once she was in the car, her hand was pulled and her lips were kissed.

"Recharge completed." Long Hui licked his lips as he looked at Yu Qi.

"What are you doing?" Yu Qi asked.

"Recharging myself." Long Hui grinned.

"Shameless." Yu Qi looked away.

"Yeah. Only toward you." Long Hui replied.

"Let's go to the supermarket. I want to restock our supply." Yu Qi told him where to go.

"Yes, Mrs. Long." Long Hui said.

Yu Qi suddenly coughed when she heard that. She glared at Long Hui. Long Hui made an innocent face and even smiled sweetly at her.

They went into the supermarket together. Long Hui pushed the trolley while Yu Qi chose and put the items they needed to buy into the trolley.

"What do you want to eat tonight?" Yu Qi asked when they were in the meat section.

"Hotpot." Long Hui answered shortly.

"Okay." Yu Qi nodded.

She went to choose the meat that was suitable to eat with hotpot. She had already taken other meats to restock.

"Are you the newlyweds?" A middle-aged woman who happened to shop around asked.

"No."

"Not yet."

There were two different answers.

"Oh, I see. You are about to get married. How sweet." The middle-aged woman grinned.

Yu Qi was embarrassed and Long Hui was smiling. This scene made the middle-aged think she was right.

"I wish I was younger too." The middle-aged added. "I will go first. Have fun shopping."

The middle-aged woman left while smiling.

"It is so embarrassing." Yu Qi felt her face was red.

"Well, we are about to be newlyweds." Long Hui said. Then he leaned over and whispered in Yu Qi's ear. "If you want, we can be newlyweds right away."

Yu Qi pushed Long Hui away. "Don't whisper in my ear at times like this." Her face was redder.

Long Hui deliberately whispered to Yu Qi's ear because he knew that Yu Qi was sensitive around her ear. He laughed. Seeing Long Hui laugh, Yu Qi knew that Long Hui wanted to tease her.

"Humph!!!" Yu Qi walked away.

Long Hui followed her with a slight smile on his lips. This made every woman who walked past him charmed by him. Yu Qi noticed that and turned around.

## Chapter 1169: Being Blocked Again

"Don't smile." Yu Qi ordered.

Long Hui automatically displayed his normal expression. Not only that, Yu Qi held Long Hui's hand showing her ownership of Long Hui.

"Hey, I recognize them."

"Are they celebrities?"

"No, but look at this."

"What? Is this true?"

"I don't know."

I don't think it is true. If it is true, why are they still okay?"

"The man probably does not know about the news yet."

"Should we tell him?"

"I think so. We should not let him be cheated on by someone like her. He needs to know the truth."

"Yeah. I guess so."

The two walked toward Long Hui and Yu Qi. They stopped Long Hui.

"Colonel Long..." One of the two women is called Long Hui by his title.

Long Hui looked at them and knew that they were not from anyone that he knew. He wondered the reason why they stopped him. Yu Qi also waited for these two women to speak about their purpose for calling Long Hui.

"Colonel Long, you should not trust this woman. She has cheated on you with a random man." The girl said as she pointed at Yu Qi with a disgusted look.

"Since you have already cheated on him, please leave him. He should not be with you." Her friend added.

They did not notice Long Hui's expression as they accused Yu Qi. After they finished their statement, they looked back at Long Hui. Once they laid their eyes on him, they stepped back and fell to the ground with scared expressions on their faces.

Long Hui looked at the two women as though they were dead bodies. 'How dare they say something like that about my beloved Qi Qi?'

Long Hui already restrained himself from killing someone when he read the post on the internet. These women offered themselves to be slaughtered when they accused his beloved Qi Qi like this.

Yu Qi pulled Long Hui's arm. "Brother Hui." She needed to call Long Hui since the bloody murderous aura leaking from Long Hui was very heavy. He needed to cool down.

Long Hui realized where he was right now. He retracted his aura again. The women who sat on the ground felt the burden on their bodies had been lifted off.

"You should not believe 100% of what is on the internet." Yu Qi managed to say something to the two women before she and Long Hui left the place to pay for their purchases.

After paying for everything, they returned to their car.

"You have read the post?" Yu Qi asked.

"Yes." Long Hui nodded.

"What do you think about it?" Yu Qi asked again.

"There is no way you will cheat on me with him." Long Hui said confidently.

"Why?" Yu Qi tilted her head as she was curious about Long Hui's confidence.

"He is not as handsome as me and does not have a great body like me." Long Hui stated the reason proudly.

"..."

Yu Qi did not know what to do. Well, those might be two of the reasons. But hearing Long Hui say these reasons arrogantly made her think that this was what Long Hui thought about her.

"Are you saying that I am with you because of these two?" Yu Qi's eyebrow lifted.

Long Hui looked away. "Well... it is the truth though. I am good looking, have a great body, make a good salary, good at cooking, good at coaxing and teasing you, but the most important reason is, our bodies had a greatly compatible."

Yu Qi coughed. Long Hui quickly rubbed her back to calm her down.

"..."

Once again, Yu Qi was made speechless by Long Hui.

"You don't need to worry about the post on the internet." Long Hui said. "It is been investigated. We will soon have the culprit."

"What if the culprit is someone that you know? What will you do?" Yu Qi said his opinion.

"Since they have the nerve to say something like that, they have to pay consequences of their doing. I will not be soft-hearted." Long Hui stated himself.

"Okay. I understand." Yu Qi smiled.

"Let's go home. I am hungry." Long Hui nagged.

"Okay... Okay... Let's go home and have dinner." Yu Qi smiled.

As for those two women, they finally could stand by themselves. They were seriously scared of Long Hui.

"I suddenly don't think that that girl cheated on her boyfriend." The girl said.

"Why?" Her friend asked.

"With that scary boyfriend, I don't think she dares to cheat. If she is cheating, do you think she would still be safe as she is now?" The girl let her friend imagine.

After thinking for a while, her friend also nodded. "I think so too. If she is cheating, her scary boyfriend might kill her."

"Yes, that man wanted to kill us just now. We are lucky that his girlfriend called his name and made him calm down. Otherwise, we might be meeting King Yama right now." The girl still felt afraid even though everything was okay now.

"Let's forget about the topic. It is not related to us anyway. We should not interfere." Her friend said.

"Yeah... Yeah... Let's go." The girl said.

The citizens still discussed the topic. But the two involved never stepped forward to declare anything. The citizens wanted to know what would happen next. Would they break off the engagement? What would Tang Family do next?

Only one from Tang Family which was Tang Jin Wei supported Yu Qi by saying he would sue everyone who slandered his sister. Others were just silent.

#### **Chapter 1170: Went To Meet Grandpa Long**

Grandma Wei could not hold back anymore. Since Grandpa Wei did not want to arrange the meeting with Grandpa Long, she would do it by herself.

When she called Grandpa Long, Grandpa Long was coincidentally in the Capital City. It made things easier for Grandma Wei. Grandpa Long said that he had some time in the afternoon, so, Grandma Wei could come at that time.

Chi Yuan heard the conversation and wanted to accompany Grandma Wei. She wanted to show herself in front of Grandpa Long. She knew that Grandpa Long was the person that Long Hui respected the most.

Long Hui would not dare to refuse what Grandpa Long wanted him to do. She was sure that Grandpa Long had already been disgusted with Yu Qi and wanted to break off the engagement.

Grandpa Long would want Long Hui to get married sooner or later. If that was the case, she would help Grandpa Long.

Grandma Wei was happy when Chi Yuan wanted to accompany her. She also wanted to introduce Chi Yuan to Grandpa Long.

So, both of them went to Long Residence in the Capital City. No one knew that they went there. Grandma Wei did not tell anyone even her husband, Grandpa Wei.

On their arrival, they were welcomed by a maid. She brought both of them to the living room.

"I will inform Sir Long." The maid said.

A few minutes later, Grandpa Long appeared. Even though his age was older than Grandma Wei, he looked much younger than Grandma Wei.

His aura was the same as, if not higher than, Long Hui. He sat in front of Grandma Wei.

"You said you have something to discuss. What is it?" Grandpa Long asked.

Another maid came in and served some drinks to the guest. Grandma Wei let the maid leave first before talking.

"It is about Hui's marriage." Grandma Wei began to speak.

"What's about it?" Grandpa Long asked.

"We should break off the engagement between Hui and that Tang Girl." Grandma Wei pointed.

Grandpa Long's right eyebrow was lifted. "Why?"

"That Tang Girl had slept with another man. What if she gets pregnant and marries Hui? Hui would take care of another man's child. We should prevent that from happening to Hui." Grandma Wei told Grandpa Long.

"Is that the truth?" Grandpa Long asked again.

"Of course, it is true. We also have the evidence." Grandma Wei took out her phone and let Grandpa Long look at the pictures.

Grandpa Long looked at the pictures with an indifferent expression. Chi Yuan could not guess what he was thinking right now.

"Oh... then, you should tell Hui about this, not me." Grandpa Long said.

"What?" Grandma Wei was dumbfounded.

She did not expect Grandpa Long was so indifferent about this matter. She thought Grandpa Long would be angry with Yu Qi and force Long Hui to break off the engagement when he heard that his only grandson was cuckolded.

"If I tried to talk to Hui, he would not listen to me since I am just his maternal grandmother." Grandma Wei said. "You have power over him. If you talk to him, he will listen to you."

"You know how he is. If he has decided to do something, it will not be so easy to make him change his decision." Grandpa Long said. "And I don't think Yu Qi is cheating on him."

Both Grandma Wei and Chi Yuan frowned. Another thing that they did not expect. Grandpa Long seemed to believe Yu Qi.

"Why does Grandpa Long think so?" Chi Yuan could not hold back and asked Grandpa Long.

"You are..." Grandpa Long looked at Chi Yuan.

"Oh... It is Hui's childhood friend. She was close to Hui back then. She is worried about Hui getting cheated on. So, she accompanied me here." Grandma Wei introduced Chi Yuan to Grandpa Long.

"I see." Grandpa Long nodded. "As for your question earlier, I know Yu Qi and her grandfather. She would not do something like this."

"I know that Grandpa Long knows her grandfather. But she is not his true granddaughter. No one knows her real family." Chi Yuan said. There was a slightly mocking tone in her voice.

"So, you are saying she is an orphan? But I remember that Miss Chi is also an orphan." Grandpa Long attacked Chi Yuan.

"Long Fei Yi!" Grandma Wei glared at Grandpa Long.

Chi Yuan became pale. She was shocked when Grandpa Long suddenly touched on the topic.

"I am sorry." Grandpa Long said.

Grandpa Long noticed that this young girl disliked his granddaughter-in-law. Meaning she also had feelings for that brat. And this young girl wanted Long Hui to break off the engagement the most.

Even though he had only met with Yu Qi a few times, he knew that Yu Qi would not do such things. He would believe his instincts.

Chi Yuan heard that but she did not sense any apologetic tone in his voice. It seemed Grandpa Long liked Long Hui's choice.

"I will not do or say anything to Hui. He probably knows about this news but he has not said anything to me yet. This means he would stand by his fiancée and does not believe what is said on the internet. Just let him handle the matter by himself." Grandpa Long said.

Grandma Wei and Chi Yuan were silent. Their purpose for coming here was to make Grandpa Long stand by their sides. But he did not.
